Arlington Alfresco Returns to Downtown...

Arlington Alfresco is an open-air, pedestrian friendly, outdoor dining concept, which was first introduced in the summer of 2020, to provide additional outdoor seating for restaurants during the COVID-19 pandemic. Its creation was the result of an "explore all options" approach taken by the Village of Arlington Heights, when identifying ways to support local businesses. After a successful first year in 2020, Arlington Alfresco grew in popularity and continues to welcome even more guests and visitors in the summer months. Arlington Alfresco runs from early May through late September.
