Ms. Dadura said that she would like to look at retiree insurance premiums next year as well because it has not been reviewed for a couple years. Jody Kinsey said that most governmental entities do have retiree coverage. Ms. Kinsey said that it has been available, but the criteria that Steuben County uses has not been documented in Plan Documents and from a reinsurance perspective, it should be in the document so there are no questions regarding eligibility.

Kathy Armstrong, JDAI, requested permission to apply for a Criminal Justice Institute Title II Grant for programming support for pre-adjudicated youth. She said that the goal is to put them in support services instead of detention or out of home placement. Judge William Fee submitted a request for a special exception regarding vacation time for one of his employees. Crystal Dadura stated that she reviewed the request and if the employee was hired over a year ago, why this wasn’t brought up at that point. Kim Meyers said that this is not normally done for employees except for special circumstances where the Commissioners have made that decision. James Crowl said that a 30 year employee, in his opinion, should be treated as such. Crystal Dadura said that it has been over a year since she’s been hired. Ms. Dadura said that she should be consistent with the policy. Lynne Liechty said that she would rather stay consistent with the policy. Ronald Smith said that the Commissioners will take no action on the request.

She said that the new Boat Ramp can be used and the DNR told her that they are going to be putting the handicapped loading ramp and dock in this spring.
Kylee Harris said that Frank Charlton and the DNR discussed removing rocks from the old Boat Ramp and she said that it does not appear that any rocks were removed. James Crowl said that it will cause a problem having those rocks jetting out into the channel and someone will have to get in touch with the DNR to get permission to remove them.

Ms. Harris said that the Craft Fair was held over the last weekend and they requested another contract for 2019. She said that she believes that the Contract needs to be reviewed and revised to avoid the issues that were dealt with this year.

Patrick Kirkpatrick, EMS Director, submitted information on a new collection agency for unpaid EMS bills. He said that this company was recommended by Ambulance Billing Services. Donald Stuckey asked who was collecting debts now. Mr. Kirkpatrick said that he was not sure. Mr. Stuckey said that there may be a termination clause. Lynne Liechty said that she knows that Ambulance Billing Services doesn’t do collection, but she thought that EMS had a collection agency. Patrick Kirkpatrick said that he was told that Steuben County didn’t have a collection agency and this company was recommended by ABS. Lynne Liechty said that they request 25% and Mr. Kirkpatrick said that it goes up from there if they go through litigation. Kim Meyers asked where this fee would come from because there are no funds budgeted. Mr. Kirkpatrick said that he believes it comes from what is collected. Donald Stuckey said that he has not reviewed the Contract in depth.

Jim Getz said that he doesn’t believe that the County should have to pay the collection agency anything, it should be a percentage of what they receive. Kim Meyers said that with ABS, Steuben County gets all the money and then ABS is paid back. Due to that procedure, line items had to be established and money had to be budgeted.

Ronald Smith thanked Mr. Kirkpatrick for bringing this information to them, but said that the Commissioners cannot make a decision on this today without further information.

Patrick Kirkpatrick informed the Commissioners that EMS has been short staffed and a lot of EMS employees have not been able to use their vacation time this year. Per the Personnel Policy, that vacation time runs out at the end of the year. Mr. Kirkpatrick asked if the Commissioners would allow the vacation time to be rolled over through April 1, 2019 to give the employees more time to use it. Crystal Dadura asked if any vacation has been denied, Mr. Kirkpatrick confirmed that vacation requests have been denied. Mr. Kirkpatrick said that he’s been working to get his people to take the time off but they won’t because they know that the Department is short staffed.

Ronald Smith said that by considering this, it is not setting a precedent. James Crowl said that this has been done in the past. Lynne Liechty said that she would like to wait and talk to Ms. Dadura about this matter further. James Crowl made a motion to allow the employees in the EMS Department to carry over their remaining 2018 vacation days into 2019; however, they must be used by April 1, 2019. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.
