STEUBEN COUNTY BOARD OF COMMISSIONERS MEETING
June 17, 2019

The Steuben County Commissioners met at 8:30 a.m. on Monday, June 17, 2019, in the Commissioners’ Room of the Steuben County Community Center. Present this day were Commissioners Ronald Smith, James Crowl and Lynne Liechty. Also present were Donald Stuckey, County Attorney, Ruth Beer, Steuben County Councilwoman, Kim Anderson, Steuben County Assessor and Kim Meyers, Steuben County Auditor.

Randy Strebig, BoAC, said he wanted to explain the FAA Grant Process since they are talking about next year’s budgets. Mr. Strebig said that right now the FAA is working on figuring out what projects they are going to approve for this year. He said when they talk about approving monies for this year’s budget, the final approval actually doesn’t come until next year and that creates an imbalance on how the County does things and how the FAA does things. Mr. Strebig said there is one grant currently open and should happen yet this year. He said that hopefully the grant for the design of the runway rehab will be approved for next year; however, Part I of the Perimeter Fence is also scheduled for next year and he believes that one of those projects may be pushed out.

Randy Strebig said the total County funds needed for 2020 would be $231,025.00 and they have just short of $130,000.00 in that line item right now so they would need $105,000.00 in 2020.

Ronald Smith asked what kind of rehab is included in the Runway Rehab Project. Randy Strebig said it is just rehabilitation of what is currently there.

Mr. Strebig said that they are staying the same on their general budget, but Airport Improvement has multiple things in the pipeline. Mr. Strebig stated that they are also still looking for a plow truck to use at the Airport as well.

Kathy Armstrong, JDAI, requested permission to purchase a new laptop computer in the amount of $935.99 from her budget. James Crowl made a motion to approve the request. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Tami Sumney, IT Director, submitted her 2020 Budget Request to the Commissioners. Ms. Sumney discussed increases for Service Contracts and for Spillman. The Commissioners took her requests under advisement.

Zachary Mahan, GIS Coordinator, submitted his 2020 Budget Request to the Commissioners. Mr. Mahan stated his request includes an increase for printer supplies and a salary increase. The Commissioners took his requests under advisement.

Patrick Kirkpatrick, EMS Director, submitted his 2020 Budget Request to the Commissioners. Mr. Kirkpatrick stated that his request includes two (2) ambulance remounts, a three percent (3%) increase in salaries and a request for one (1) additional person. The Commissioners took his requests under advisement.

Gary LeTourneau, E911 Director, submitted his 2020 Budget Request to the Commissioners. The Commissioners took his requests under advisement.

Randy Brown, EMA Director, submitted his 2020 Budget Request to the Commissioners. Mr. Brown stated that his request includes increases in the computer and public awareness line items. He said that the request also includes a vehicle purchase and salary increase. Mr. Brown said that he would also like funding for a part-time person to help while he is on vacation. The Commissioners took his requests under advisement.

Mr. Brown requested approval to replace batteries in seven (7) tornado sirens in the amount of $4,844.00. Lynne Liechty made a motion to approve that request. James Crowl seconded that motion and the motion carried with three (3) ayes.
Alex Dobson, Veterans’ Affairs Officer, submitted his 2020 Budget Request to the Commissioners. Mr. Dobson stated that he would like to change his Vetrex Comp Program line item to Marketing and increase the funding. The Commissioners took his requests under advisement.

Gary Fair, Community Center Building Manager, submitted his 2020 Budget Request to the Commissioners. Mr. Fair also discussed replacement of the fire alarm panel, security for the Community Center, LED retrofitting and sealcoating for the parking lots. The Commissioners took his requests under advisement.

Ronald Smith discussed the possibility of putting funds in the Maintenance Budget for major repairs. James Crowl thought that perhaps the budget request for repairs should be double what Mr. Fair put in his request.

Mr. Fair informed the Commissioners that the second backflow preventer at the Community Center is failing and he submitted a proposal from Koorsen for replacement in the amount of $1,513.13. Mr. Fair also stated that installation will not exceed $400.00. James Crowl made a motion to approve the replacement and installation of the new backflow preventer. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Gary Fair also requested permission to remove and replace the hedges on the south side of the building between the MSD and Council on Aging parking lots because some of them are dead. Mr. Fair said that he thinks it is a good idea to have a barrier between the parking lots and he is open to suggestions. Ronald Smith asked if the current shrubs were Privet. Gary Fair said that he was not sure what the hedges were. Commissioner Smith said that Privet is cheap and grows fast. The Commissioners agreed that Mr. Fair may remove and replace the hedges.

Mike Sevits, Annex Maintenance, submitted his 2020 Budget Request to the Commissioners. Mr. Sevits stated that his request includes a salary step, an increase in maintenance funds, a request to complete the final phase of the Annex flooring, LED retrofitting, painting of Dispatch walls and the purchase of a floor scrubber. The Commissioners took his requests under advisement.

Jace Crozier, Courthouse Maintenance, submitted his 2020 Budget Request to the Commissioners. Mr. Crozier stated that his request includes a salary step, an increase in maintenance funds, a request for carpet cleaning, painting in Superior Court and the purchase of a floor scrubber. The Commissioners took his request under advisement.

James Crowl made a motion to approve the claims submitted for payment this day totaling $1,259,440.68 except for Check #147673. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Lynne Liechty made a motion to approve the minutes from the Commissioners’ Meeting on June 3, 2019. James Crowl seconded that motion and the motion carried with three (3) ayes.

The Commissioners signed the minutes from the May 20, 2019, meeting that was approved at the last Commissioners’ Meeting.

Rae Delaney, Payroll, submitted the June 7, 2019 payroll in the amount of $389,514.80 for approval. James Crowl made a motion to approve the June 7, 2019 payroll. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Lynne Liechty made a motion to official approve the repairs made to pump #6 in the Courthouse not to exceed $2,000.00. James Crowl seconded that motion and the motion carried with three (3) ayes.

James Crowl made a motion to approve the repairs to the Community Center Chiller Circuit #2 Butterfly Valve not to exceed $4,000.00. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Patrick Kirkpatrick, EMS Director, submitted May Closeouts in the amount of $3,042.39 and May Writeoffs in the amount of $5,994.70 for approval. Lynne Liechty made a motion to approve the May Closeouts and Writeoffs. James Crowl seconded that motion and the motion carried with three (3) ayes.
June 17, 2019 Commissioners’ Meeting Continued

The Auditor of State submitted a Covered Bridge Certification for 2019 for approval. James Crowl made a motion to approve the Certification. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

The Donald Stuckey, County Attorney, and the Commissioners reviewed the Ohio-Michigan-Indiana Regional Council of Governments Articles of Agreement regarding the Machindoh Aquifer. Lynne Liechty said that she has been attending the Aquifer Meetings in Bryan, Ohio and they are creating a Board of the Indiana, Ohio and Michigan Counties. Commissioner Liechty said this Agreement does not require dues, but it qualifies Steuben County for Federal and State Grants that would help on testing wells, etc. She said that if Steuben County does not sign this Agreement no consideration for funding will be given. Ronald Smith said that he has attending about eight (8) meetings as well so he is familiar with what is going on. Commissioner Smith said he had hesitancy at first because the focus of the whole thing changed, but he does believe this is a viable document that Steuben County should get into. Donald Stuckey stated that there are no legal issues with the document. Lynne Liechty made a motion to approve and sign the Articles of Agreement. James Crowl seconded that motion and the motion carried with three (3) ayes.

Frank Charlton, County Park Superintendent, reported that the Girl Scouts are at the Park this week. Kylee Harris, Event Center Coordinator, stated that it is a very busy week at the Park with the Girls Scouts there, the Crooked Lake Sandbar Music Festival is taking place this weekend and the Cancer Association is having their banquet in the Event Center as well.

Frank Charlton submitted quotes for tire replacement on the 2007 Chevy Silverado County Park Vehicle. James Crowl made a motion to approve the low quote from Smith Enterprises in the amount of $780.00. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Mr. Charlton submitted his 2020 Budget Request and stated that it includes an increase in Part-Time Help and salary increases for both himself and Ms. Harris. The Commissioners took his requests under advisement.

Mr. Charlton reported that he has spoken to the landscaper that is doing the first portion of the improvements at the Clear Lake Beach. He said that they discussed making the Redi-rock only two (2) high which would save money.

Donald Stuckey asked if a check was received from Republic Services. Erin Schiffli said that she thought they issued a credit instead of a check. Mr. Charlton said they would be keeping an eye on that as well.

Frank Charlton said that the campground is full this weekend and he also has a Camper Meeting scheduled for 9:00 a.m. on Saturday and the DNR will be present as well. He said a Goose Roundup took place on Crooked Lake on Friday.

George Pifer asked if there has been any attempt to try to get more weekend campers instead of seasonal campers. Frank Charlton stated that there are about two (2) dozen sites that are for weekend campers. Mr. Pifer thought it would generate more income if it was filled up every weekend.

Emmett Heller, Highway Superintendent, stated that the truck in question was in the budget and he requests permission to purchase the 2020 Western Star Chassis in the amount of $106,230.00. Ronald Smith said that it is a formal request as of today. James Crowl made a motion to approve that request and to approve Check #147673 in the amount of $106,230.00. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Mr. Heller thought that he already spoken about the grant from the Volkswagen Mitigation that they have been working on for a while. He said that he got an email from Jennifer Sharkey and she thought it was in her notes, but she is not here. Mr. Heller said the mitigation started about eighteen (18) months ago and had to do with the trouble Volkswagen got into. He said this grant is being done through Region 3a and he’s been working closely with Matt Brinkman. Mr. Heller said they didn’t have any idea about how this was going to develop but they have been working against the five (5) old trucks (two (2) 2006’s and three (3) 2008’s) and have the grant help replace those trucks. Emmett Heller said he received paperwork on Thursday that said it would be a 25/75 grant for 2020 and 2021. Mr. Heller apologized for the oversight on the internal grant procedures and forms. Lynne Liechty made
a motion to approve the VW Grant Application. James Crowl seconded that motion and the motion carried with three (3) ayes.

Emmett Heller reported that several paving projects have been completed. He said the micro surface on 100 E was also completed last week and they are working on culverts on Metz Road. Mr. Heller also discussed other projects being completed at the Highway Department.

Emmett Heller requested permission to rent a broom with a lease buyout option. Lynne Liechty made a motion to approve that request. James Crowl seconded that motion and the motion carried with three (3) ayes. Mr. Heller stated that he will also have to add the piece of equipment to the rental insurance for $60,000.00.

Ronald Smith said that in his area of the County, Emmett Heller assured him that there is some mowing going on, but the roads are very narrow because the grass is leaning into the road and people are complaining that the County is not mowing. James Crowl said a mower is sitting there because there is no one to use it. Commissioner Smith said next year reality has to be faced, more part time help needs to be hired and he would also be in favor of another mower unit. Kelli Johnson said she has had difficulty seeing when pulling off of 100 E and she reported that neighbors are mowing the County rights of way because the Highway Department isn’t. Emmett Heller said that he has noticed a lot of people are helping mow. Ronald Smith said that serious consideration needs to be given and the County has a responsibility to take care of that.

Bill Schmidt asked if Emmett Heller had a timeline for when Bayview was going to be paved. Mr. Heller said that he did not know the timeline, but it won’t be on the 4th of July or on Labor Day, he’s not sure when the contractor is coming back.

Kelli Johnson, Chief Deputy Auditor, submitted Ordinance No. 924 for approval. Ms. Johnson stated that it has been State mandated to change the fee per parcel from $5.00 to $10.00, effective July 1, 2019. Ms. Johnson stated that due to advertising requirements, the Auditor’s Office is requesting that the change take effect on September 1, 2019. James Crowl made a motion to approve Ordinance No. 924. Lynne Liechty seconded that motion and the motion carried with three (3) ayes.

Second and Third Readings
Steuben County, Indiana
Ordinance No. 924

Thereupon, County Commissioner, Lynne Liechty moved that all rules of procedure of the County Commissioners which might prevent, unless suspended, the second and third readings of Ordinance No. 924 for final passage and adoption of said Ordinances at this meeting without reading the said Ordinances in full but reading the title only. This motion was seconded by James Crowl and was on the call of the roll adopted by the following vote:

<table>
<thead>
<tr>
<th>Ayes</th>
<th>Nays</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>0</td>
</tr>
</tbody>
</table>

Under the suspension of the regular rules, County Commissioner, James Crowl, then moved that the Ordinances be read for the second and third readings by title only and thereby be ready for passage and final adoption in this meeting. This motion for the second and third readings for final passage and adoption of said Ordinances was seconded by Lynne Liechty and on the call of the roll was adopted by the following vote:

<table>
<thead>
<tr>
<th>Ayes</th>
<th>Nays</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>0</td>
</tr>
</tbody>
</table>

The County Auditor then read aloud the title of said Ordinances for the second and third readings. Thereupon, County Commissioner, James Crowl, moved for final passage and adoption of the Ordinances in full applicable regulations to establish such Ordinances. This motion for final passage and adoption was seconded by Lynne Liechty and on the call of the roll adopted by the following vote: 
Ayes  
3

0  

The President of the Steuben County Commissioners, Ronald L. Smith, declared publicly Ordinance No 924 to have been duly passed and adopted. Thereupon, said Ordinance were signed by all members of the County Commissioners present and attested by the County Auditor. Ordinance 924 is on file in the Auditor’s office. Ordinance No. 924 reads as follows:

**ORDINANCE NUMBER 924**

**ORDINANCE ESTABLISHING REAL PROPERTY ENDORSEMENT FEE**

WHEREAS, in accordance with Indiana Code 36-2-9-18(d), the Auditor of Steuben County shall collect a fee of Ten and no/100 Dollars ($10.00) for each legal description for which the Auditor makes real property endorsement; and,

WHEREAS, said sum collected shall be placed in a dedicated fund for the use of maintaining plat books; and,

WHEREAS, the Board of Commissioners of Steuben County, Indiana, is the governing body for said Auditor and County; and,

BE IT ORDAINED that in accordance with Indiana Code 36-2-9-18(d), the Auditor of Steuben County, Indiana, shall collect the fee of Ten and no/100 Dollars ($10.00) for each legal description for which the Auditor makes a real property endorsement.

BE IT FURTHER ORDAINED that such fee shall be in addition to any other fee provided by law and shall be placed in a dedicated fund for the use of maintaining plat books.

BE IT FURTHER ORDAINED that any document presented to the Steuben County Auditor for endorsement, shall incur a maximum of $300.00 in endorsement fees;

BE IT FURTHER ORDAINED that all previous ordinances regarding endorsement fees are null and void.

BE IT FURTHER ORDAINED that this Ordinance shall take effect beginning September 1, 2019.

DATED:       June 17, 2019                                   Steuben County Commissioners

Ronald L. Smith, President  
James A. Crowl, Vice President  
Lynne Liechty

ATTEST:  
Kim Meyers, Steuben County Auditor

Ms. Johnson also submitted the 2019 Tax Sale Services Support Addendum with SRI for approval. Lynne Liechty made a motion to approve that Addendum. James Crowl seconded that motion and the motion carried with three (3) ayes.

The City of Angola came to the Commissioners’ Meeting regarding the possible closure of Gale Street and the steps that it would take to get an answer. Mayor Dick Hickman said that there will be hoops to go through in order to close Gale Street. Mayor Hickman said that they would have to go through the Historical Group, Board of Public Works because of the utilities, maybe the Plan Commission and then the Council. He said they cannot give an answer today. He said that he spoke to the Hospital to see if they had any concerns with the possible closure of Gale Street and they indicated they would like to be included in the talks as well. James Crowl said that their hands are completely tied until a decision comes down and that decision may not be what the County wants to do. Commissioner Crowl said that they have to add on and build more, something has to be done. He said if they can close the street, there’s an option, if they can’t close the street, they will have to go elsewhere. Mayor Hickman said
that the Council would want to see some type of plans for the project. Vivian Likes said the City Departments would like to see the plans and she would also show it to the Historic Preservation Commission because it is changing the concept of Downtown. Ms. Likes said she also wants to verify, because it is a part of an older plat, whether it would have to go to Plan Commission or not. She said that City Council and Board of Works would have the final say. She said depending where the building would go, possibly on a street, the request would have to go to the Board of Zoning Appeals. Ms. Likes said she would send an email regarding that information.

Vivian Likes said the City contracts with Indiana Landmarks. Todd Zeiger, Director for Indiana Landmarks, indicated that because the back of the Courthouse had been added on, they understand building into the Courtyard or into the street, the main thing is changing the nature of the Downtown by closing off a street.

Mayor Dick Hickman said that he doesn’t necessary think there anything prohibited, but they want to see the plans and make an informed decision. Lynne Liechty said that there were several different ideas that were presented. Vivian Likes said if there are a couple different plans, that is good because if a part of the Courtyard was taken away, they need to know where it will be replaced in the Downtown.

Ronald Smith said at the present time the County has a building that has been added onto and they could tear off that piece of building and build to the East. Commissioner Smith said going into the street could cause some complications. Jace Crozier stated that the restrooms, heating and cooling and part of Magistrate Courtroom is in that addition.

Mayor Hickman said that the City of Angola wants to help the County all they can in order to do this right so it lasts another thirty (30) years.

Vivian Likes said their job is to find out what the Commissioners want to do and she knows that is going to take some time. Ms. Likes said that adding on and tearing down are two (2) different things so she would like to talk to Indiana Landmarks about that more because they would help guide the City in that aspect.

Ronald Smith said that the City of Angola is encouraged to attend the next Courthouse Study Committee Meeting. Ms. Likes said that they would invite Indiana Landmarks as well. Amanda Cope said she doesn’t think there is anything from an engineering aspect to be worried about. She said there’s storm sewer on Gale Street but there isn’t any water or sewer.

Marvin Retcher, Weights and Measures, submitted his 2020 Budget Request to the Commissioners. Mr. Retcher stated that he was requesting a salary increase and he didn’t feel the need for a cell phone as he uses his personal cell phone. The Commissioners took the request under advisement.

James Crowl informed Mr. Retcher that when he needs to travel to conferences, he may use a vehicle in the Commissioners’ Fleet instead of his work truck.

James Crowl asked to clarify the ownership of the new 2019 Ram Truck. James Crowl stated that it is owned by the Steuben County Commissioners to be used for Maintenance and anything else that it needs to be used for. Commissioner Crowl stated that it is not a Maintenance Truck it is a Steuben County Truck. He said that is the way it was presented and sold to the Commissioners. The Commissioners further directed Erin Schiffli to sell the Chevrolet Colorado on the Online Auction as soon as possible.

George Pifer asked what Weights and Measures does for the County. James Crowl explained that any scale in the County, ranging from aggregate, grain, livestock, drugs, gasoline, lunchmeat, etc., have to be measured once or twice a year.

Rodney Robinson, Sheriff, submitted his 2020 Vehicle Request in the amount of $130,000.00. The Commissioners took the request under advisement. The Commissioners further requested that Sheriff Robinson be sent a memo stating that the Commissioners want to be informed, when the time comes, what type of vehicles he is wanting to purchase with the funds and what type of vehicles will be decommissioned for possible transfer to other departments.
Erin Schiffli, Commissioners’ Secretary, informed the Commissioners that the Lease for the Attorney General’s Office in the Community Center is due for renewal. Ms. Schiffli said that nothing has changed in the Lease Agreement; however, the State is requiring it to be signed electronically on their Portal. Lynne Liechty made a motion to approve the Attorney General Office Lease Renewal and to allow Erin Schiffli to electronically sign the Renewal. James Crowl seconded that motion and the motion carried with three (3) ayes.

The Commissioners discussed the nomination of the Lime Lake – Lake Gage Channel and Bridge to the National Register of Historic Places. Erin Schiffli informed the Commissioners that Jennifer Sharkey has a copy of the information. Ms. Schiffli said she has also heard from the DNR and they informed her that they still have the letter that is not in favor of the nomination from back in 2009. Ms. Schiffli said that the hearing is scheduled for July 17 and she’s not sure when Jen Sharkey is coming back from vacation. Ronald Smith said the decision at that time was based upon the fact that they take control of what can and cannot be done. The Commissioners are not in favor of approving the nomination.

James Crowl reiterated that a new incinerator needs to be purchased in 2020.

Donald Stuckey informed the Commissioners that the time is up for Pier Place to remove the items from County Property. Karen DeForest said she was just there Friday and the lifts and trailers have been moved; however, she is not sure about the brush.

Mr. Stuckey also stated that a time slot is needed during the July 1 Commissioners Meeting for the Pranger Tear Down Hearing. He said that an order is being issued by Clint Knauer for the Pranger Building in Pleasant Lake to be torn down and a hearing is required before the Steuben County Commissioners. Mr. Stuckey said that at that hearing the Commissioners will confirm, modify or terminate Mr. Knauer’s Order. He said that the Commissioners will hear evidence from the Pranger’s and from Clint Knauer at that time.

Ronald Smith stated that there is a Pleasant Lake Lions Club Meeting on June 26 for the purpose of discussing a Museum.

Donald Stuckey submitted an invoice for the Pranger Lien Search and for the Moeller Title Search. Mr. Stuckey gave them to Kim Meyers, Auditor.

Steve Enright, Whisper Bay, came to the Commissioners to discuss the shrubbery to the south east. Mr. Enright said that he has spoken to Commissioner Smith about the matter but he wanted to see if they could initiate a conversation to see what the legal options were regarding the matter. Mr. Enright said the shrubbery is on private property and he said from the edge of the road it is 11.5 feet to the first site line. He said he spoke to Emmett Heller and Mr. Heller spoke to the homeowner; however, the homeowner has no desire to take care of the shrubbery. Steve Enright said that he brought the matter up at the Association Meeting last weekend and he doesn’t have the Petition, but he could get it with at least 45 out of 50 signatures of homeowners from Whisper Bay. Mr. Enright said the shrubbery is to the southeast and if you try to drive to the northwest it is a dangerous situation. If the homeowner doesn’t want to take care of it, he at least wants it on record that the homeowner has been advised. He said he wishes that the homeowner would be neighborly. Mr. Enright said the Whisper Bay Homeowner’s Association would pay to get rid of the shrubs and to put new shrubs in.

Mr. Enright said that the homeowner is aware that the Association wants to cooperate because when he spoke at the meeting it sounds like it has been an ongoing issue. He said when he spoke to the homeowner, the homeowner said he doesn’t have any problem seeing. That is when Mr. Enright took it to the Highway Department. Lynne Liechty asked if Mr. Enright would clarify to the homeowner that they are willing to put in new shrubbery. Steve Enright said that the Association President, Frank Baade, has had conversations with the homeowner and it sounds like it has been ongoing for quite some time.

Donald Stuckey asked if the shrubs were in the right of way and asked the homeowners name. Mr. Enright said that according to Emmett Heller the shrubs are at 22 feet and there is only 20 feet of right of way. It was stated that the homeowners last name is McBride. Erin Schiffli said that she sent Mr. Enright’s information to the Commissioners, Plan Commission and the Highway Department. Ms. Schiffli said Vina Conti from the Plan Commission said there may be some enforcement issues so they were going to check to see if there was anything
they could do on the Plan Commission side, but she hasn’t heard anything back. Donald Stuckey said that it would surprise him if there was anything the Plan Commission could do.

Ronald Smith asked if a warning sign could be placed in that area. Donald Stuckey said that it is the Commission Board’s right to do so. James Crowl said that the Highway Engineer is on vacation and when she returns they will see if they can work with her on signage.

Steve Enright said that he would get a letter to Erin Schiffli from the Whisper Bay Condo Association that says they would be willing to pay to replace the shrubs to show what they bring to the table to correct the safety issue.

The Commissioners signed plats for Kaminski Hardwoods and Hickory Hill at Snow Lake.

The Commissioners received the following correspondence: Vivan Likes re: Redevelopment Commission Meeting scheduled for Tuesday June 18; Downtown Angola Coalition re: Building Tagging; Matt Meersman re: Floodplain Workshop; Craig Coatney re: Water Drainage; Rodney Renkenberger re: MRBC Board Meeting Cancelled; Michael Galbraith NEIndiana re: RDA Board Elections; Karen Spake BND Commercial re: Land Available; Maria Davis re: Image Sculptures Angola; Janel Meyer, SCSWCD re: Board Meeting Agenda; Janel Meyer, SCSWCD re: Spring Newsletter; Janel Meyer, SCSWCD re: Board Meeting Cancelled; Nelson Peters re: Mayors/Commissioners Caucus.

STEUBEN COUNTY BOARD OF COMMISSIONERS

Ronald L. Smith, President, South District

James A. Crowl, Vice President, Middle District

Lynne Liechty, North District

Attest: Kim Meyers, Steuben County Auditor
