Agenda Item 2 - ENHANCED ENERGY PLAN
Comments:
Mr. Sanborn referenced the draft Energy Plan and proceeded with review/revisions from the last meeting. Mr. Clain mentioned several changes referencing “Barre Town” versus “the region”, “any”, or “statewide”. He also suggested “Shared Use Path” in the Bicycle section to align with “bike paths” supporting different uses. Mr. Sanborn suggested formatting changes (bullets to paragraphs), “charging” stations versus “recharging”, similar paragraphs regarding transportation containing redundant language, and battery storage and exactly what that entails. The members held further discussion on battery storage and will defer to the Regional Commission exactly how it should be captured in the Energy Plan. Updates to Chart 11 were reviewed pertaining to solar megawatt hours. Mr. Violette provided 34 x 24 Maps as referenced in Appendix B – Local Resource Maps. The members reviewed the maps in detail consisting of wildlife habitat, deer wintering, vernal pools confirmed and unconfirmed, and wetlands class I & II. They also discussed the possibility of including a bear habitat identification map.

Upcoming meeting dates were discussed for the Regional Planning Committee to meet with the Planning Commission. Mr. Violette will offer meeting dates that include Mr. Clain’s availability.

Mr. Clain made a MOTION to send the draft Enhanced Energy Plan to the Regional Planning Committee for review. Ms. Pierce seconded the motion, all were in favor and voted unanimously. The MOTION was amended by Mr. Clain to include revisions to the plan by Mr. Violette, as previously discussed. Ms. Pierce seconded, all were in favor and voted unanimously.
