  SCHOOL BUDGETS

  Background: The BTMES and SHS Boards will be presenting their respective budget proposals. John Paterson, Paul Malone and school superintendent John Pandolfo attended to discuss and answer any questions.

  Mr. Malone discussed the five contributing factors which affect the tax rate.

  1. Expenses are the only thing that can be controlled.
  2. Revenues
  3. Equalized students are students in secondary schools from economically deprived backgrounds and whose first language is not English. Vermont uses equalized pupils in calculations rather than the actual head count in each school. The principle behind this is that it costs more to educate these students.
  4. Yield/Base Tax Rate: this accounts for about $.06 of the property tax increase for both Barre City and Barre Town schools. The yield is a collection of all school budgets combined that were passed which goes to the state and gets redistributed and as a result of this system the average yield is about 16,000 and we are well under that, so you might say that we are subsidizing the rest of the school systems.
  5. Common Level of Appraisal: this affects us in a negative way also. If that number goes down, that means that our tax rate will go up as a result.

  Mr. Nelson asked how does the cost per equalized pupil compare to the national and regional average? Mr. Pandolfo stated that Vermont as a whole is significantly above the national average. Because the elementary, middle and high schools are at a low end of Vermont spending we are more comparable to the National Average. We are much closer to it than many of the other districts in the state.
Selectboard Minutes of February 6, 2018 continued:

Discussion was also had on the Comparative Tax Rate Calculations and the Barre Town and Spaulding School district FY 19 Budget Highlights.

Mitchell thanked the school board members for the presentation and on the work preparing the school budgets.

EXECUTIVE SESSION

On a motion by Mitchell, seconded by Nelson, the Selectboard found that premature general knowledge would put the Town at a substantial disadvantage with regards to the discussion of labor relations. Tessier was not present for the vote.

On a motion by Mitchell, seconded by White, the Selectboard voted to go into executive session at 8:40 for labor relations. The Town’s Labor Attorney, EMS Director and two EMT’s also attended. Tessier was not present for the vote.

On a motion by Mitchell, seconded by Nelson, the Selectboard voted to come out of executive session at 9:46 pm. Tessier was not present for the vote.

ASSISTANT EMS DIRECTOR

Background: Chris LaMonda will be presenting his reasons, justifications for an assistant EMS Director along with a job description for both the Director and Assistant Director. Also present were David Danforth and Pete Munsell.

Chris LaMonda stated that BTEMS is the 7th busiest service in Vermont. Services near our size have 3-6 administrative staff members. BTEMS is one of only 7 Paramedic services in Vermont with Critical Care credentials out of 80 transporting agencies. BTEMS goes on approximately 3800 calls per year. On average 10.4 calls per day. The average call length is approximately 45 minutes for emergency calls and the 91 calls just over 2 hours. The staff of 35 is up from 18 we had two years ago. Time cards take twice as long and personnel matters with doubling the staff take 4 to 5 times longer. Turnovers and hiring take a huge amount of time. As for financially, we are running positive numbers revenue wise. BTSME has added Brookfield to its service area which will add approximately $20,000 a year added revenue with little to no major changes in expenses. Chris also reviewed the coverage; costs of the added position and what duties would be assigned to the Assistant Director. Chris also pointed out that his time could be spent on other duties which have had been relegated to the background such as personnel evaluations, recruitment, staff training, public safety and no representation currently with peer organizations on a state or local level.

Mitchell thought this has been needed for awhile and he will support this position.

GRAND LIST

Background: State law has required that the Grand List be closed. The List is closed as of February 1st if there are no known suits or appeals pending. Assessor Joe Levesque prepared Certificate of No Suit Pending. The Selectboard is being asked to approve the Certificate.

On a motion by Nelson, seconded by Paul White, the Selectboard voted to approve closing the April 1, 2017 Grand List. Tessier was not present for the vote.

SALE OF 10-WHEEL DUMP TRUCK

Background: The bidding closed at 8:00 p.m. on Friday, February 12th on the 2010 Freightliner dump truck. Carl stated that we did not get the reserved price that the Selectboard instructed us to use. The high bid was $31,000 which is $4000 lower than the reserved price. The questions presented by Carl was will the Selectboard authorize us to contact the high bidder to see if they still want the truck at the bid price?
Selectboard Minutes of February 6, 2018 continued:

On a motion by Mitchell, seconded by Paul White, the Selectboard voted to approve contacting the high bidder to see if they are still interested in purchasing the vehicle at the bid price. Tessier was not present for the vote.
