I. CALL TO ORDER

The meeting came to order at 5:30 p.m.

II. ROLL CALL

Amy Sarah LaMena was absent / excused.

III. APPROVAL OF MINUTES

Chairperson Marr asked if everyone read the October minutes and had any comments. Ms. Carey and Chairperson Marr made a few typographical changes to the minutes. Ms. Carey made a motion to approve the amended minutes. The motion was seconded by Ms. Matuszyk. Upon voting the minutes to the October meeting were approved 4-0 with Mr. Corbin abstaining.

PRIVILEGE OF THE FLOOR

No public comments in Privilege of the Floor tonight.

V. NEW BUSINESS

1. Rivers Ledge Planting Plan Phase 2

Ms. Robertson reported that she did not receive an updated planting plan from the contractor. She noted the lot is now cleared and ready to move forward with the construction. Ms. Robertson reminded the Council that the project includes garages which will be close to the bike path so that needs to be screened with trees and shrubs. She also noted there should be no issue with headlights because of the location of the garages.

Ms. Carey noted that trees that were recently planted in Aqueduct Park have died. She wanted Ms. Robertson to be aware of it and check in the spring so the dead trees can be replaced. Ms. Robertson reported that the developer has planted a lot this fall: both trees and understory plants, but she will definately check everything in the spring and have the Town or developer replace what has died.

2. 2890 River Road – Subdivision Application

Ms. Robertson noted that the project is still being reviewed by the Planning Board. Once the limits of clearing have been set, the Tree Council will be invited to visit the site.

3. GE 2 Lot Subdivision

Ms. Robertson reported that GE has abandoned their plan to build a road connecting the two parcels internally for now. She stated if they do propose a road, it will come back to the Tree Council for a separate review. She noted that the Planning Board added a condition to the resolution to replant the trees by the solar array as part of the subdivision approval.

4. 1430 Balltown Road

Ms. Robertson reported this building was a law office that is now vacant. Niskayuna School District is hoping to put their district office here. She pointed out trees that are scheduled to be removed and noted their replanting plan. The developer is adding a water retention pond and adding a buffer of shrubs. Mr. Corbin suggested a plant swap for the water retention area. Mr. Corbin also suggested that the parking area be reduced to leave/add green space. He noted that there are other parking lots adjoining this property that are not fully utilized.

The Council recommended more trees be planted along Balltown Road. Ms. Robertson reminded the Council that there are power lines along the street. The Council recommended more trees on the site that don't interfere with the power line and requested some of them be evergreen for the winter view. Ms. Robertson noted she would send them the comments and bring back an updated planting plan.

5. Market32/ShopRite Plaza

Ms. Robertson noted that Market32 will be taking over the ShopRite store. She noted this will be a good opportunity for the Council to continue working on getting dead trees replaced and upgrade the plantings on that part of the plaza. The Council discussed planting recommendations that included crab apples, service berries and birch trees.

VI. DISCUSSION ITEM

1. Order Arbor Day Trees

Ms. Robertson tried to place the Arbor Day tree order and found out that the bulk ordering she was using required a 50-tree minimum per species. The Council discussed modifying the order to comply with the County's ordering requirements and approved the new purchasing plan.

2. Hillside Avenue Planting Project

Ms. Robertson reported the project was not done and she is hoping to do something in the Spring. The Council suggested sending the homeowners letters to discuss the plans and suggest where homeowners can plant on their own property.

3. Write Tree Article for Town / Gazette / Website

Ms. Robertson noted that everyone was happy with the article. Ms. Robertson will send it to the Supervisor for publication. The Council discussed hosting a winter photo contest. Ms. Carey and Chairperson Marr stated they will review what was done in the past and update it.

4. Fall Trainings

Ms. Robertson contacted a trainer and is waiting on her to suggest some dates. Ms. Robertson will follow up and hopefully get something scheduled for late winter. Ms. Matuszyk asked if the Council can get a private lesson on tree health indicators. Ms. Robertson stated she can schedule something for the Council when they don't have a lot of Planning projects to review. She noted she will also find a webinar to share.

5. Tree City Certification

Ms. Robertson reported that the certification has been submitted and she believes the Town will qualify as a tree city again. She went over the statistics for trees removed and trees planted. The Council was concerned that only 1 tree was planted by the Town this year (to date). The Council discussed reasons for the lack of planting and options that they could use to promote more tree planting within the Town. Ms. Robertson noted the Tree Council has suggested that the Town hire or train an existing employee to be an arborist who could help remedy the lack of planting. Chairperson Marr asked if the problem was a budgeting issue. Ms. Robertson stated there is money in the budget and she thinks it is a lack of time issue. Ms. Carey asked if the Council could schedule a meeting with the Supervisor and the Town Board member who is the liaison with the Highway Department to discuss tree planting trees in 2024. Ms. Robertson stated she will try and schedule something. Ms. Carey requested Ms. Robertson email the Council the Tree Certification packet.

VII. REPORTS

1. Public Outreach Subcommittee

No report.

2. Tree Inventory / Tree Master Plan Subcommittee

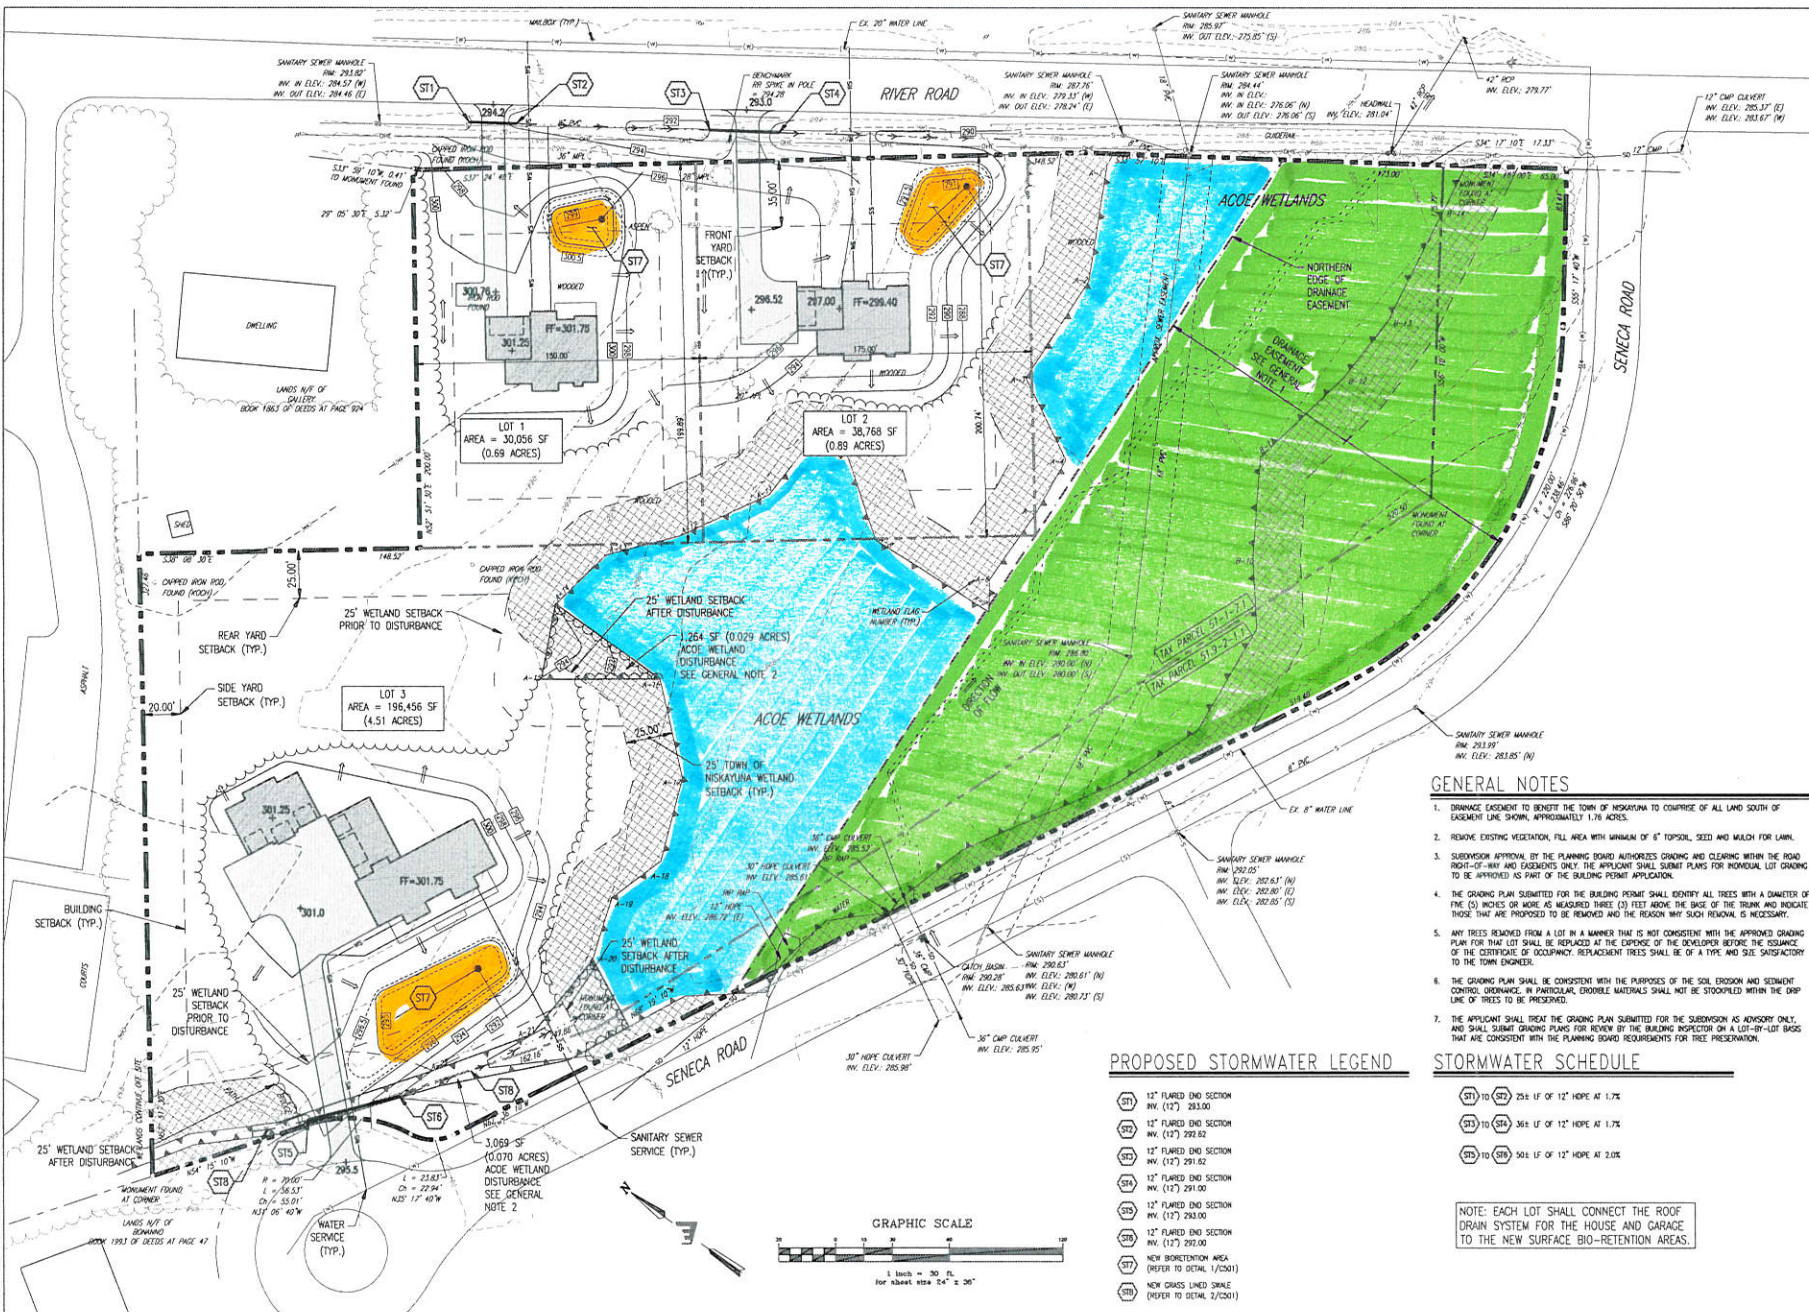

No report.

3. Tree Planting Subcommittee

No report.

III. ADJOURNMENT

Chairperson Marr noted there was no other business to discuss. Mr. Corbin asked if anything can be done at the COOP plaza to get trees planted on the new sidewalks, even if they were just in planters. Mr. Corbin placed a motion to adjourn. Ms. Carey seconded the motion. The meeting was adjourned at 7.00 p.m.

EROSION CONTROL NOTES

THE OWNER AND CONTRACTOR SHALL COMPLY WITH THE STORMWATER POLLUTION PREVENTION PLAN (SWPPP) PREPARED FOR THIS PROJECT AND AS A MINIMUM IMPLEMENT THE FOLLOWING EROSION AND SEDIMENT CONTROL MEASURES:

1. CONSTRUCTION AND MAINTENANCE OF EROSION AND SEDIMENT CONTROL MEASURES IN ACCORDANCE WITH THE NEW YORK STATE STANDARDS AND SPECIFICATIONS FOR EROSION AND SEDIMENT CONTROL.
2. INSTALLATION OF EROSION AND SEDIMENT CONTROL MEASURES AS SHOWN ON THE PLANS OR DETAILS AND AS NEEDED DURING THE GENERAL COURSE OF WORK.
3. SOIL EROSION WILL OCCUR AFTER EVERY RAINFALL UNTIL TURF IS ESTABLISHED. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO REPAIR EROSION AFTER EVERY RAINFALL. FAILURE TO REPAIR MINOR EROSION WILL RESULT IN MAJOR EROSION AND POSSIBLY PAVEMENT AND STRUCTURE FAILURE. PRIOR TO SITE DISTURBANCE, EROSION AND SEDIMENT CONTROL MEASURES SHALL BE IN-PLACE.
4. TEMPORARY INSTALLATION OF STABILIZED CONSTRUCTION ENTRANCE PADS AT ALL LOCATION WHERE CONSTRUCTION VEHICLES WILL ENTER ONTO PUBLIC STREETS. ALL PUBLIC STREETS TO BE INSPECTED AND MAINTAINED CLEAR OF SOIL ACCUMULATION.
5. EXCAVATION WORK CARRIED OUT DURING PERIODS OF INCLEMENT WEATHER SHALL REQUIRE ADDITIONAL EROSION CONTROL MEASURES AS MAY BE NECESSARY BASED ON CONDITIONS.
6. ADDITIONAL EROSION CONTROL METHODS INCLUDING SOIL STABILIZATION MATS, PLACEMENT OF STONE, PLACEMENT OF SOIL MAY BE REQUIRED DUE TO CLIMATIC CONDITIONS (EXCESS RAIN, ETC.)
7. STABILIZATION OF DISTURBANCE AREAS TO BE PAVED BY COMPACTION AND APPLICATION OF SUBBASE WITHIN ONE MONTH AFTER UTILITIES ARE INSTALLED.
8. VEGETATIVE STABILIZATION OF DISTURBED AREAS TO BE SEEDING INCLUDING R.O.W. AND EASEMENTS WITHIN TWO WEEKS OF FINAL GRADING.
9. PLANS SHOW TEMPORARY SOIL EROSION AND STABILIZATION MEASURES WHICH SHALL BE MAINTAINED UNTIL ALL AREAS ARE STABILIZED.
10. THE CONTRACTOR SHALL BE RESPONSIBLE TO SEED AND MULCH (OR HYDROSEED) AND TO PROVIDE AN ADEQUATE WATER SOURCE AND HOSES FOR GERMINATION OF THE SEED.
11. IF THE CONTRACTOR ELECTS NOT TO INSTALL IMPORTED TOPSOIL OR SPREAD TOPSOIL FROM THE SITE THE SEEDING MAY NOT ESTABLISH ITSELF AND MAY BE SUBJECT TO STRESS FAILURE. THE OWNER SHALL TAKE COMPLETE RESPONSIBILITY FOR ESTABLISHING THE LAWN BY PROPER WATER AND FERTILIZING.
