DANIEL HORRIGAN, MAYOR

DEPARTMENT OF FINANCE

200 Municipal Building / 166 South High Street / Akron, Ohio 44308 PH: (330) 375-2316

August 2, 2021

The Honorable Daniel Horrigan and Members of City Council The City of Akron, Ohio

Dear Mayor Horrigan and Council Members:

I am pleased to submit the Comprehensive Annual Financial Report (ACFR) of the City of Akron for the year ended December 31, 2020. This report presents financial and operating information about the City's activities during 2020 that should be useful to citizens and taxpayers. The report, prepared by the Department of Finance, contains a comprehensive analysis of the City's financial position and activities for the year.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City of Akron. To the best of our knowledge and belief, the enclosed data is accurate in all material respects; it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of our various funds; and all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activities have been included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that has been established for this purpose. The cost of internal control should not exceed anticipated benefits; therefore, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The Audit and Budget Division prepared all of the financial statements and assisted the external independent auditors in their performance of the annual audit. The Treasury Division assisted in drafting the statistical section.

Generally accepted accounting principles (GAAP) require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to

complement the MD&A and should be read in conjunction with it. The City of Akron's MD&A can be found immediately following the Independent Auditor's Report.

As background for the reader of this report, the City of Akron is a charter city. The City is the fifth largest Ohio municipality in terms of population based on the 2019 Census population of 197,597. The City's land area is approximately 62.03 square miles and is located in the northeastern region of the state in the County of Summit.

The City is directed by a mayor and council form of government. Legislative authority is vested in a 13-member Council, three members of which are elected at-large and ten by wards. The Council determines the compensation of City officials and employees and enacts members' ordinances and resolutions relating to City services, tax levies, appropriation and borrowing of money, licensing and regulating businesses and trades, and other municipal purposes.

The Mayor is elected for a four-year term and has the responsibility as the City's chief executive and administrative officer. The Mayor may veto any legislation passed by Council. A veto may be overridden by a two-thirds vote of all members of Council. The Director of Finance is appointed by the Mayor and serves as the City's chief financial officer and chief accounting officer. The Director of Finance has comprehensive responsibility for the City's fiscal activities, including budget preparation and control, payroll and general accounting, investment and debt management, purchasing, local income tax administration, utility revenue collection and financial reporting.

The City provides the full range of municipal services mandated by statute or charter, including police and fire protection, health, parks, recreation, street maintenance, planning, zoning and other general government services. The City has management control of the following enterprise activities: water, sewer, oil and gas development, golf course, airport and off-street parking.

Economic Conditions and Outlook

The COVID-19 pandemic has upended the world and has dramatically impacted the United States. From unprecedented and tragic loss of life to historic job loss, this worldwide crisis continues to significantly impact the way people work, play and engage with one another. The City of Akron has been affected due to the impact on our residents, businesses and the increased need for municipal services (including, but not limited to, first responder and other critical services).

Major revenue sources for the City continue to be the City's income tax, property taxes, local fees, charges for services, and state-shared local government revenue. The City's cash income tax collections decreased by approximately 2.67% in 2020. On a cash basis for 2020, property taxes in the general fund decreased by 0.35% and the state's local government revenue to the City increased by approximately .61%. While revenues have decreased due to the COVID 19 Pandemic, the City was a recipient of Federal CARES Act dollars in the amount of \$30,071,353.83 which helped stabilize the City's finances during this precarious time.

Despite the pandemic, the City of Akron remains in a stable financial position due to assistance from the federal government and the slow reopening of the economy. In addition to CARES Act funding, in May 2021 the City received approximately \$72 million dollars of an expected \$153 million in American Rescue Plan Funds that will be utilized in part as revenue replacement as well

as to continue to respond to the COVID-19 emergency and to bring equitable economic recovery to Akron.

Long-term Financial Policies

Unassigned fund balance in the general fund is 19.38% of the general fund expenditures. The general fund of the City does not have a specified unassigned fund balance target. The recommended level of unassigned fund balance will be determined as needed and as recommended by officials and approved by Council when necessary.

The City completes a five-year capital budget that is updated annually. In this document, the City attempts to forecast its capital requirements for the next five years.

Relevant Financial Policies

The City has a charter requirement that the 2% income tax (the City's largest revenue source) used specifically for City services, be allocated so that 73% of net revenue is used for operations and the balance is used for capital needs. The passage of Issue 4 that went into effect January 2018 increased the Akron income tax rate by 0.25%. This tax increase will fund police, fire, emergency medical services and roads.

Major Initiatives

The major initiatives for the City of Akron can be summarized as follows: complete major construction projects, expand economic opportunity and entrepreneurship, redevelop neighborhoods, empower Akron families financially and build a more equitable Akron.

While 2020 was a challenging year unlike any other, the City's administration re-affirmed its commitment to investing in infrastructure through city and capital improvements. With the help of the Safety and Streets Income Tax, the City of Akron completed paving another 33 miles of streets in 2020. This is an addition to the more than 150 miles of Akron roadway that were repaved during over the last five years. Since its passage in November 2017, the .25% Safety and Streets income tax ("Issue 4"), has brought in over \$34 million in new funding to support Akron police, fire, and roads. These additional funds have supported the construction of two new fire stations, purchased new body cameras, vehicles and safety equipment, and re-opened the Akron Police Academy.

In July 2018, the City embarked on Phase I of the Main St. reconstruction, a full improvement project from Cedar Street to Mill Street. In October 2020, Phase 1 was completed and the City opened the more connected, dynamic and modern Main Street which has been purposefully designed to welcome and serve Akron's businesses, citizens and visitors. Phase 1 was a \$30+ million effort to reconstruct all infrastructure from building face to building face along the South Main corridor width, between Cedar and Mill Streets, including: new pavement with a lane dedicated to parking/buses/delivery vehicles, new sidewalks, a permanent bicycle track, upgraded underground utilities, upgraded traffic signal equipment, smart LED lighting, a roundabout at Main and Mill Streets, storm water management improvements, and a complete rebuild of the State Street bridge. Also included were all the amenities needed to make this an attractive corridor including landscaping and public benches.

The City of Akron broke ground in October 2020 on Phase II of the Main Street Project. Phase II improvements will include new roadway with one lane in each direction, plus turn lanes at Market Street and SR 59, a lane on each side of the street for parallel parking, short term deliveries, or buses, a continuation of the cycle track connecting to the nearby towpath trail, new sidewalks, pedestrian and roadway LED lighting, utility upgrades, and aesthetics and amenities, including room for sidewalk cafes. One mid-block pedestrian crossing near the library will be provided. Once it is finished, the improvements will create a unified, accessible, and beautiful corridor all the way from Cedar Street to Martin Luther King Blvd (State Route 59).

In 2020, the City of Akron also announced a new program to assist businesses and entrepreneurs with financial aid, technical assistance, and vacant retail properties in Great Streets Akron districts. The program has been designed to achieve two goals at once: boost Akron's neighborhood retail zones and remove barriers for new and expanding businesses to thrive locally. The City of Akron was able to assist seventeen businesses through the Business Plan Award and the Space Award. Through the Business Plan Award, accepted business owners received free tuition to attend MORTAR at Bounce, a 15-week accelerator that helps both existing and aspiring non-tech entrepreneurs learn the nuances of business ownership and build a comprehensive business canvas; the goal being to launch businesses that create jobs and circulate dollars locally. Through the Space Award, accepted business owners will have the opportunity to be matched with top commercial properties in Akron and receive technical assistance from Bounce, the Minority Business Assistance Center, or the Small Business Development Center to help them choose their space.

The City of Akron is partnering with the Western Reserve Community Fund (WRCF) to launch the Akron Resiliency Fund (the "Fund"). WRCF is a non-profit managed by the Development Finance Authority of Summit County. The Fund will provide low-cost small business loans to help stabilize Akron's small businesses. Long term, this fund will continue in perpetuity, supporting growth in the small business community of Akron while encouraging further investment in our local economy. The loan amounts will vary between \$10,000 and \$70,000, depending on business needs. The funding will be used for items like payroll, working capital, equipment, and refinancing debt. To qualify, businesses must have fewer than 50 employees and at least 25% of those employees must be Akron residents.

Redeveloping our neighborhoods is a high priority for Akron. In a continued attempt to further promote homeownership in Akron a new property acquisition program called "Welcome Home Akron." Welcome Home Akron is a data driven government Software Company that focuses on housing and economic development strategies. The online tool, found at akronliving.org, makes it simple for residents, builders and developers to easily view City properties for sale and allows anyone to download and complete necessary applications online.

This new program is designed to encourage construction of new residential homes on unused and underutilized city property in its long established neighborhoods, otherwise known as infill development. The goal of the program is to further increase new home construction opportunities while also combatting blight and increasing the vitality and safety of Akron neighborhoods. Currently, the program includes approximately 50 vacant buildable lots selected by the City. All participants that take advantage of the program will be eligible for citywide tax abatement for 15 years.

Akron is committed to empowering Akron families financially and building a more equitable Akron. The City provided over \$401,100 in direct water/sewer bill relief to more than 2,300 Akron households through the Akron Cares program. The program was totally revamped in 2020 to address all COVID-related hardships and make more relief available to a greater number of residents during the pandemic. In 2020, the City of Akron referred 873 customers to free financial empowerment services and additional assistance through the Akron Financial Empowerment Center, through a new program modeled off the Lift-Up program piloted by the National League of Cities. The Lift-Up program included, identifying customers struggling to stay current on utility bills using a matrix of utility data and doing outreach to enroll them in the program, restructuring utility debt and allowing customers to enter into much longer-term and more lenient repayment arrangements, one-on-one financial counseling, including a budget review and customized action plan to address financial needs, as well as referrals to appropriate emergency assistance, public benefits, and banking services, providing additional financial incentives and waiving fees and penalties for customers who participate, supporting ongoing relationships with participants to assess and motivate their progress toward long-term financial health.

Reporting Standards

The City's accounts are organized as funds. Each fund is a separate accounting entity with its own self-balancing set of accounts, assets and deferred outflows of resources, liabilities and deferred inflows of resources, and fund balance/equity. Following are the titles of these fund types with a brief description.

Governmental funds:

General Fund – The General Fund is the general operating fund of the City and is appropriated. It is used to account for all financial resources traditionally associated with government that are not required to be accounted for in another fund.

Special Revenue Funds – The Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. City ordinances or federal or state statutes specify the uses and limitations of each Special Revenue Fund. During 2020, the City had 23 Special Revenue Funds.

Debt Service Funds – The Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. During 2020, the City had ten Debt Service Funds.

Capital Projects Funds – The Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. During 2020, the City had six Capital Projects Funds.

Permanent Funds – The Permanent Funds are used for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting governments. The City does not have any Permanent Funds.

Proprietary funds:

Enterprise Funds – The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, in that the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has six Enterprise Funds.

Internal Service Funds – The Internal Service Funds are used to account for the financing of goods or services provided by one division or agency to other divisions or agencies of the government, generally on a cost-reimbursement basis. The City has seven Internal Service Funds.

Fiduciary funds:

Private Purpose Trust Funds – The Private Purpose Trust Funds are used to account for other trust arrangements which benefit individuals, private organizations, or other governments. During 2020, the City had three Private Purpose Trust Funds.

Agency Funds – The Agency Funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. During 2020, the City had seven Agency Funds.

Other Fiduciary Funds – The Other Fiduciary Funds include pension trust funds and investment trust funds. The City does not utilize any such Other Fiduciary Funds.

Basis of Accounting:

Except for budgetary purposes, the basis of accounting used by the City conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units and is consistent with Governmental Accounting Standards Board (GASB) Cod. Sec. 1600, "Basis of Accounting." All governmental funds are accounted for using a current financial resources-current assets and current liabilities measurement focus. The modified accrual basis of accounting is utilized for governmental funds. Revenues are recognized when they are susceptible to accrual (both measurable and available). Expenditures are recognized when the related liability is incurred, except for interest on long-term debt which is recorded when due.

The measurement focus on the City's proprietary and fiduciary funds is on the flow of total economic resources (all assets and liabilities). The accrual basis of accounting (revenues are recognized when earned and expenses when incurred) is utilized by the City in its proprietary funds.

The City's basis of accounting for budgetary purposes differs from GAAP in that revenues are recognized when received rather than when susceptible to accrual (measurable and available), and encumbrances are included as expenditures rather than as an allocation of fund balances.

Accounting policies are further explained in Note 1 to the basic financial statements.

Cash Management

Effective cash management is recognized as essential to good fiscal management. The primary objectives of the City's investment activities are the preservation of capital and the protection of investment principal. The Treasurer's Office within the Department of Finance invests all cash, following the City's own investment ordinance, in various securities which consist of fixed-rate City bonds and notes, certificates of deposit, fully collateralized repurchase agreements, and U.S. government obligations. The City's investment ordinance was modified in late 1986 to take advantage of State of Ohio investment opportunities. However, the local investment policy continues to be conservative with the highest priority given to safeguarding assets. For 2020, investment interest income averaged a yield of .45% compared to a yield of 1.98% in 2019. The interest earnings are maximized by investing to projected payment dates on a competitive bid basis and by investing bank balances daily.

Risk Management

The City has been self-insured for liability coverage for non-auto-related incidents since 1985. This program was established in response to the dramatic rise in premiums in the mid-1980's and the increases in exclusions written into standard insurance policies. Additionally, the City is primarily self-insured for employee medical benefits, including major medical, dental, and vision care. This has proven to be the most cost-effective program for this type of coverage. The City also has in place reserve funds for workers' compensation and medical benefits. For other types of coverage, such as property insurance, airport liability, employee life, auto liability, and boiler and machinery coverage, the City has secured traditional insurance. The City is assisted in its insurance program by an independent consulting firm that does not underwrite insurance but has expertise in the insurance industry. The City relies on the advice offered by the consultant in securing any insurance.

Pension

The City contributes to two state-administered retirement plans covering various groups of City employees. Uniform police and fire employees participate in the statewide Ohio Police and Fire Pension Fund. Substantially, all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). The City's total contributions to these plans were equal to 100% of the required employer contributions for the year. In accordance with GASB Statement No. 68 and GASB Statement No. 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability not accounted for as deferred inflows/outflows.

Independent Annual Audit

This report is subject to review and acceptance by the Auditor of State's office, and the requirements of Ohio Revised Code § 117.25 are not met until the Auditor of State certifies this report. This process will be completed by the Auditor of State in a reasonable timeframe and reports are subject to change if the Auditor of State determines that modification of a report is necessary to comply with required accounting or auditing standards or Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

In 2017, Plante Moran PLLC was contracted to perform the audit of the City of Akron for a period of five years. We appreciate the cooperation of State Auditor Keith Faber and Plante Moran PLLC in completing the City's audit in a timely and highly professional manner.

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Akron, Ohio, for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2019. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such an ACFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. The City of Akron, Ohio, has received Certificates of Achievement for the last 36 consecutive years (1984 through 2019). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

<u>Acknowledgments</u>

The 2020 Comprehensive Annual Financial Report could not have been accomplished without the dedication of the professionals in the Audit and Budget Division of the Department of Finance. Special acknowledgment must go to the Audit and Budget staff for the many hours of quality service they have provided to the City in the formulation of this report. I further wish to thank you, Mayor, for continuing to provide to the department the necessary support and leadership required to enhance the City's overall fiscal position and its financial reporting practices. We trust that this timely, complete, and fully readable Comprehensive Annual Financial Report satisfies your needs and those of City Council for responsible financial planning and reporting.

Respectfully,

Stephen F. Fricker Director of Finance

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Akron Ohio

For its Comprehensive Annual Financial Report For the Fiscal Year Ended

December 31, 2019

Christopher P. Morrill

Executive Director/CEO

Independent Auditor's Report

To the Honorable Daniel Horrigan, Mayor, and Stephen F. Fricker, Director of Finance City of Akron, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Ohio (the "City") as of and for the year ended December 31, 2020 and the related notes to the financial statements, which collectively comprise the City of Akron, Ohio's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Akron, Ohio as of December 31, 2020 and the respective changes in its financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Honorable Daniel Horrigan, Mayor, and Stephen F. Fricker, Director of Finance City of Akron, Ohio

Emphasis of Matter

As discussed in Note 30 to the basic financial statements, the 2019 basic financial statements have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Akron, Ohio's basic financial statements. The supplementary information, as identified in the table of contents, and introductory section and statistical section are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The supplementary information, as identified in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, as identified in the table of contents, is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Daniel Horrigan, Mayor, and Stephen F. Fricker, Director of Finance City of Akron, Ohio

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 2, 2021 on our consideration of the City of Akron, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Akron, Ohio's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Akron, Ohio's internal control over financial reporting and compliance.

CITY OF AKRON, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's discussion and analysis of the City of Akron, Ohio financial performance provides an overview of Akron's financial activities for the fiscal year ended December 31, 2020. Please read it in conjunction with the transmittal letter on page 7 and the City's financial statements, which begin on page 40.

FINANCIAL OVERVIEW

- The assets and deferred outflows of the City of Akron, Ohio exceeded its liabilities and deferred inflows at December 31, 2020 by \$675,118,122 (net position). Of this amount, \$7,001,292 is restricted for debt service, \$36,302,660 is restricted for community learning centers, \$21,652,225 is restricted for capital projects and \$22,224,597 restricted for program purpose.
- The unrestricted net position is primarily the result of the City's implementation of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions an Amendment of GASB Statement 27* (GASB 68) in 2015 and in 2018. 75 (GASB 75), *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* in 2018. For the year ended, December 31, 2020, the City reports a net pension liability of \$239,553,202 and \$20,144,907 for governmental and business-type, respectively. Additionally, a net OPEB liability of \$145,995,069 and \$25,062,811 are reported for the governmental and business-type, respectively.
- The City's total net position increased by \$67,061,713 during the current year, as restated. Governmental activities total net position increased by \$58,481,174 and the business-type activities, total net position increased by \$8,580,539. This reflects an improvement in the overall financial position of the City.
- As of the close of the current fiscal year, the City of Akron's governmental funds reported combined ending fund balances of \$108,972,534, an increase from the prior year which is attributed to the increase in grants and subsidies and shared revenues. A portion of these revenues are being used to fund the payment of expenditures as reflected in public service and community environment expenditures for project specific costs.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$28,220,027 or 19.4% of total General Fund expenditures.
- The City of Akron's total debt outstanding increased by \$68,579,866 (6.0%) during the current year. During 2020, the City issued \$16,805,000 in General Obligation Bonds for various purpose improvements. Additionally, the City issued \$12,030,000 in income Tax Revenue Bonds for various purpose improvements. There were OWDA loans issued for the cost of improving the Waterworks System totaling\$7,450,643 and the Sanitary Sewer System totaling\$116,923,031.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Akron's basic financial statements. The City of Akron's basic financial statements are comprised of the following: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to

the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City of Akron's finances in a manner similar to a private sector business.

The statement of net position presents information on all of the City of Akron's assets and deferred outflows and liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the financial position of the City of Akron.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Akron that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Akron include general government, public service, public safety, community environment, public health, and recreation and parks. The business-type activities of the City of Akron include water, sewer, oil and gas, golf course, airport, and off-street parking operations.

The government-wide financial statements can be found on pages 40–41 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Akron, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Akron can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund

statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Akron maintains 40 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Community Learning Centers (CLC) Fund, the Income Tax Capital Improvement Fund, the Special Assessment Fund, and the Streets Fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Akron adopts an annual appropriated budget for its General Fund, special revenue funds, some debt service, enterprise and internal service funds. The General Fund, Community Learning Centers Fund, Income Tax Capital Improvement Fund, and Special Assessment Fund budgetary schedules (non-GAAP budgetary basis) have been provided as Required Supplementary Information (RSI) to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 42-45 of this report.

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The City implemented GASB 63 – Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position and also GASB 65 Items Previously Reported as Assets and Liabilities. The standard establishes a basis to reclassify certain items that were previously reported as assets and liabilities and instead classify them as Deferred Inflows of Resources, Deferred Outflows of Resources, or as outflows of resources.

Fund balances are the differences between assets and deferred outflows and liabilities and deferred inflows in governmental funds. 1) Nonspendable fund balance includes amounts that are not in spendable form, or amounts that are required to be maintained intact. 2) Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external providers, such as grantors or bondholders, as well as amounts that are restricted through enabling legislation. 3) Committed fund balance includes amounts that can be used only for the specific purposes that are determined by a formal action of the City's highest level of decision making authority. 4) Assigned fund balance applies to amounts that are intended for specific purposes as expressed by the governing body or authorized official and applies to remaining resources in any governmental funds other than the General Fund. 5) Unassigned fund balances include all amounts not contained in other classifications for the General Fund and deficit fund balances in any other governmental funds.

As of the end of the current fiscal year, the City's total governmental funds reported an ending fund balance of \$108,972,534, an increase of \$13,240,702 in comparison with the prior year. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 19.4% of total General Fund expenditures, while total fund balance represents 21.7% of that same amount.

Proprietary Funds. The City of Akron maintains two different types of proprietary funds: enterprise and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Akron uses enterprise funds to account for its water, sewer, oil and gas, golf, airport, and off-street parking operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Akron's various functions. The City of Akron uses internal service funds to account for its motor equipment, medical self-insurance, workers' compensation self-insurance, other self-insurance costs, information technology (responsible for all data processing and computer operations of the City), telephone system (with outside cable plant consisting of underground and aerial wires and telephone cables), and engineering bureau (responsible for design and construction for City streets, sidewalks, sewer and water utilities, bridges, and City facilities). Because most of the internal services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Sewer, and Off-Street Parking funds, which are considered to be major funds of the City of Akron. Conversely, the internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the nonmajor enterprise and the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 46–48 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Akron's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 49–50 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 51-132 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information (RSI) concerning the City of Akron's General Fund, Community Learning Centers Fund, Income Tax Capital Improvement

Fund, Special Assessment Fund, and Streets Fund budgetary comparison. Also included are three required schedules related to the City's participation in two state pension and OPEB funds. The Schedule of City's Proportionate Share of Net Pension Liability includes a history of the City's proportionate share of the collective net pension liability for each state pension fund. The Schedule of City Contributions to State Pension and OPEB Funds includes a history of contractually required contributions compared to contributions made. The Schedule of the City's Proportionate Share of Net OPEB Liability includes a history of the City's proportionate share of the collective net OPEB liability for each state pension fund. Additionally, the Schedule of Contributions to the City of Akron's OPEB Plan includes a history of contributions made. Required Supplementary Information (RSI) can be found on pages 133-147 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds, enterprise funds and internal service funds are presented immediately following the RSI and can be found on pages 152-213 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Akron, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$675,118,122 at the close of the most recent fiscal year.

By far the largest portion of the City of Akron's net position reflects its net investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that is still outstanding. The City of Akron uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the City of Akron's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

The City's overall net position increased by \$67,061,713 during the current year; the net position of the governmental activities increased by \$58,481,174 and business-type activities increased by \$8,580,539. In addition, 1.4% of the City of Akron's net position is restricted for the payment of debt service, 5.4% is restricted for community learning center activity and 6.5% is restricted for other purposes.

Summary Statement of Net Position as of December 31, 2019 and 2020 (in thousands)

| | | Government | tal A | ctivities | | Business-ty | pe A | ctivities | Total | | | | |

For fiscal year 2018, the City adopted GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board (GASB) standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension liability or net OPEB liability. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements. GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the City's proportionate share of each plan's collective:

- 1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employee's past service;
- 2. Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the employment exchange - that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract, but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. Changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investments returns, and other changes are insufficient to keep up with the required nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plans change in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows.

Governmental Activities. Changes in net position before transfers was an increase in the amount of \$60,182 (in thousands).

For the governmental activities, the unrestricted deficit results from having insufficient assets set aside for long-term obligations such as pension liability, compensated absences, and OPEB liability. The City finances such obligations on a year-to-year basis as they come due and also has ongoing capital projects that are debt-financed.

The following table (in thousands) shows total revenues for 2020 were \$432,498 which reflects an increase from the prior year. Charges for services reflect a decrease of \$9,059 which stems from the COVID-19 pandemic as activities were cancelled. Due to the COVID-19 pandemic,

the City received a significant amount of COVID grants as reflected by the increase in operating grants and contributions. Once again, COVID-19 attributed to the \$4,660 decline in income taxes. Unrestricted shared revenues increased by \$27,634 which is directly attributed to the Community Learning Centers (CLC) activity. Miscellaneous revenues increased by \$18,487 largely due to an unusually large amount of rebates and dividends. Charges for Services in the Business-type Activities decreased due to a reduction in accounts receivable in both the Water and Sewer funds.

Expenses for 2020 were higher than 2019 by approximately \$97,740. The most significant increase relates to the Ohio Police & Fire Pension Fund's (OP&F) OPEB plan. Most notable is the significant increase recognized in the governmental type activity within the department of public safety due to the results of OPEB expense. General government reflected a decrease of \$7,693 due to the impact of COVID-19 as previously mentioned. The expenses for community environment increased by \$23,590 which is directly attributed to the activity for Community Learning Centers (CLC). The decrease reflected in the Business-type Activities resulted from expenses for capital assets in both the Water and Sewer funds.

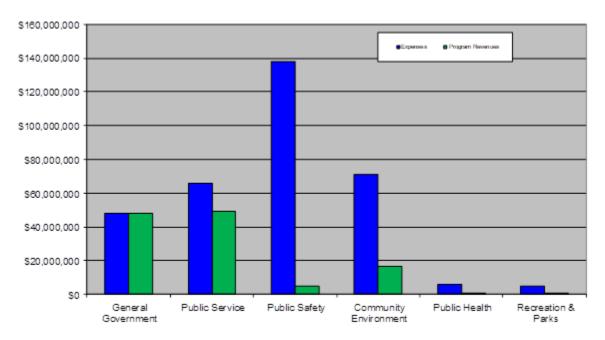

Key events contributing to the changes are as follows:

- Charges for service activities including cancellation of recreation and Lock 3 activities, school resource officers were not needed during remote learning, and the automated mobile speed enforcement schedule was altered during remote learning.
- The City received operating grant funding for COVID in excess of \$30 million, of which approximately \$23 million had been earned by December 31, 2020.
- Community Learning Centers (CLC) fund accounts for both the increase in unrestricted shared revenues and community environment expense relating to the spending on CLC construction related activities.
- The increase in miscellaneous revenue relates to the Ohio Bureau of Workers' Compensation rebates and dividends and a one-time vendor payment that were received.
- General government expenses decreased due to the reduction of program activities related to the COVID-19 pandemic including recreation programs and activities at Lock 3.
- Public safety expenses, as previously mentioned, increased significantly due to OP&F OPEB that is recorded as current year increase in expense.
- The City has focused efforts on reducing transfers to Enterprise funds. During 2019, the transfers to the Off-Street Parking and Airport funds were reduced.
- The balances for capital assets in the Sewer fund as of December 31, 2019 were restated to capture assets previously recorded as expense.

Changes in Net Position For Fiscal Year Ended December 31, 2019 and 2020 (in thousands)

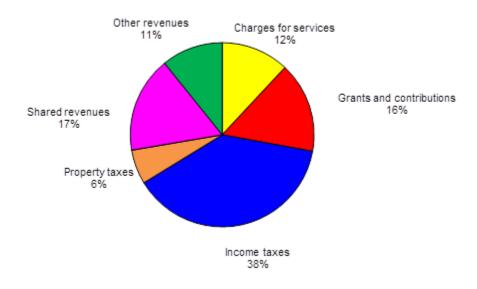

| Revenues: Program revenues: Separation Separation | | Governmental Activities | | | | Business-ty | ctivities | Total | | | | | |

Expenses and Program Revenues - Governmental Activities

The above chart shows the revenue generated by the various programs of the City of Akron and the expenses relating to each program. As shown below, the primary source of revenue that funds these programs is reported in the financial statements as income taxes.

Revenues By Sources Governmental Activities

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the City of Akron uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Akron's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Akron's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Akron's governmental funds reported a combined ending fund balance of \$108,972,534, an increase in comparison to the prior year. The unassigned fund balance at the end of the current year is \$7,195,658. The remainder of fund balance is distributed to indicate that it is not available for new spending because it has already been dedicated. The City's major governmental funds are the General Fund, the Community Learning Centers (CLC) Fund, the Income Tax Capital Improvement Fund, the Special Assessment Fund, and the Streets Fund.

The General Fund is the chief operating fund of the City of Akron. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$28,220,027, while the total fund balance is \$31,567,302. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 19.4% of total General Fund expenditures, while total fund balance represents 21.7% of that same amount.

The fund balance of the City of Akron's General Fund increased by \$18,086,831 during the current fiscal year. Key factors in this change are as follows:

- The City's commitment to monitor revenues and approve expenditures in conformity with available resources.
- The increase in miscellaneous revenue relates to the Ohio Bureau of Workers' Compensation rebates and dividends of \$9 million.
- Public safety expenditures during 2020 show a significant decrease of approximately \$11.8 million. The main factor that contributed to the decrease was allocating safety forces wages and benefits from the General fund to the Various Purpose Funding as an allowable expense for the COVID-19 grants.
- In addition to the subsidy for EMS and the local match for grants, the practice of transferring monies from the General Fund, to subsidize various operations is a method used annually by the City to provide resources to these funds. The City was able to reduce the subsidy to EMS Fund and Airport Fund allowing resources to be redirected and add subsidy to Off-Street Parking Fund, Golf Fund, Motor Equipment Fund, and Information Technology Fund.

The Community Learning Centers Fund has a total fund balance of \$36,302,660. The net decrease in fund balance the Community Learning Centers Fund from the prior year of \$14,339,892 is attributed to the spending of previously issued Income Tax Revenue Bonds. The

proceeds are being used to fund the payment of expenditures as reflected in the community environment expenditures for project specific costs.

The Income Tax Capital Improvement Fund has a total fund balance of \$6,263,379. Revenues exceed expenditures by \$5,243,635 in 2020 due to delaying capital projects. Coupled with the issuance of bonds and refunding bonds yields an increase in the fund balance of \$5,707,753 The Fund is responsible for debt service payments and relies heavily on the collection of income taxes.

The Special Assessment Fund has a total fund balance deficit of \$11,062,569. The Fund is utilized for the accumulation of resources for, and the payment of, special assessment note issued for street lighting and street cleaning along with related assessment costs.

The Streets Fund has a total fund balance deficit of \$8,587,656. The Fund is used to account for the accumulation of resources for, and payment of street projects.

Other Governmental Funds have a combined fund balance of \$54,489,418. The increase in the combined fund balance was \$11,332,180. This majority of the change is attributed to Police, Fire, and Road Activity fund as projects were delayed due to the COVID-19 pandemic. Additionally, the JEDD fund and Tax Equivalency fund had restraint on spending during 2020.

GENERAL FUND BUDGETARY OVERVIEW

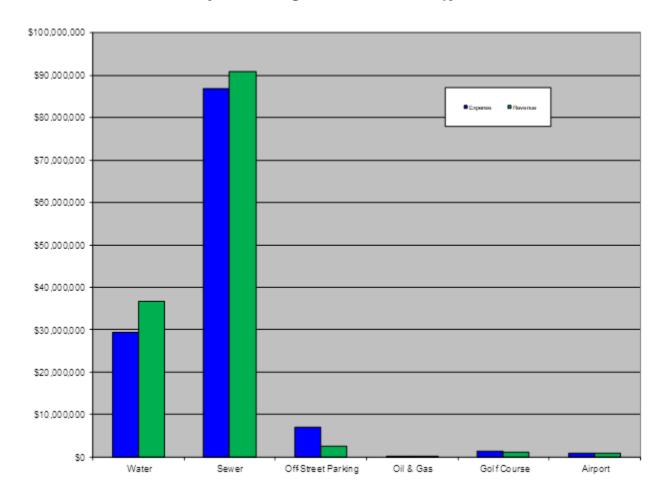

During the year, actual revenues and other sources were greater than original budgetary estimates by \$6,587,477 (3.8%). Taxes, Assessments and JEDD revenue, the major revenue sources, were less than the budgeted amount by \$5,099,333 and miscellaneous revenues higher by \$9,021,355. Increases in revenues during 2020 included charges for services by \$1,737,499, intergovernmental revenues by \$755,991, and license and fees by \$171,965.

As a result of revenue monitoring, restraint on spending was prioritized and the General Fund balance reported an increase of \$16,730,372. The actual expenditures were under the final budget by \$4,133,610.

Key events contributing to the changes in the General Fund budget amounts are as follows:

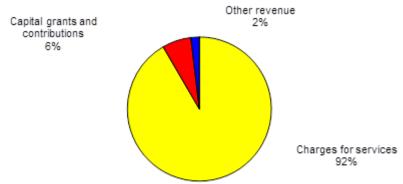

- The Public Service Department's budget was increased by \$6,090,000 and the Finance Department's budget was increased by \$2,835,000 to allow for year-end encumbrances along with transfers and advances. The Department of Public Safety, Fire Department, and Police Department was decreased as expenditures were allocated to the COVID-19 grant fund.
- The Department of Public Safety's actual expenditures were under the final budgeted amount by \$946,354, Fire Department's by \$12,866, and the Police Department by \$74,938 and is attributed to the utilization of the COVID-19 grants.

Expenses and Program Revenues - Business-type Activities

The above chart shows the revenue generated by the various business-type activities of the City of Akron and the expenses relating to each activity. As shown below, the majority of the revenue that funds these activities is reported in the financial statements as charges for services.

FINANCIAL ANALYSIS OF THE PROPRIETARY FUNDS

Business-Type Activities. Business-type activities increased the City of Akron's net position by \$8,580,539 compared to a decrease of \$24,272,658 in the prior year. Total program revenues decreased by \$2,088,355 combined with a decrease in expenses of \$35,828,515 contributed to the overall increase in net position.

Proprietary Funds. The City of Akron's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The City's major enterprise funds are the Water Fund, Sewer Fund, and Off-Street Parking Fund.

Unrestricted net deficit of the Water Fund at the end of the year was \$25,298,611, for the Sewer Fund unrestricted net position was \$66,351,951, and for the Off-Street Parking Fund was a deficit of \$366,557. The increases reported in net position for the Water and the Sewer Funds were \$222,377 and \$9,862,394, respectively. The decrease reported in net position for Off-Street Parking was \$2,286,999.

The expenses in the Sewer Fund decreased significantly, but the decrease relates to the capitalization of assets during 2020. As previously mentioned, the balances for capital assets in the Sewer fund as of December 31, 2019 were restated to capture assets previously recorded as expense.

The Water Bureau services the City and 13 surrounding communities which account for 83,482 customer accounts and 1,181 miles of water lines. All bonds of the Water Fund are paid from water enterprise revenues. A ten-year comparison of certain water enterprise data is shown in Schedule 15 of the Statistical Section. Water rates remained stable and results of operations yielded an increase in net position due to cost containment. The Sewer Bureau services the City and 12 surrounding communities which account for 75,966 customer accounts and 1,346 miles of sewer lines. All bonds of the Sewer Fund are paid from sewer enterprise revenues. A ten-year comparison of certain sewer enterprise data is shown in Schedule 15 of the Statistical Section. Sewer rates remained virtually unchanged with only slight increases to a small population of non-resident customers and results of operations yielded an increase in net position due again to cost containment.

The Off-Street Parking Fund experienced a decrease in both the operating revenues and operating expenses. The decrease in net position directly relates to expenses exceeding operating revenues.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The City of Akron's investment in capital assets for its governmental and business-type activities as of December 31, 2020, amounts to \$2,298,887,661 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, improvements (other than buildings), equipment, and infrastructure. The total increase in the City of Akron's investment in capital assets for the current fiscal year was \$216,808,164 (a 2.9% increase for governmental activities and an 18.6% increase for business-type activities).

The City of Akron displays additional information relating to the capital assets of the City that can be found in Note 1. G. and Note 7.

Major capital assets placed into service during the current fiscal year included the following:

- WRF Biocept \$29,363,893
- Ohio Interceptor Tunnel \$27,986,858
- Hazel Storage Basin CSO Rack 10 & 11 \$25,787,984
- Main Street Corridor and State Street Bridge \$22,705,853
- Romig Road Improvements \$13,031,544
- WRF Headworks Improvements \$8,100,193

Long-Term Debt. At the end of the current fiscal year, the City of Akron had total debt outstanding of \$1,204,243,774. All general obligation bonds are backed by the full faith and credit of the City. Special assessment bonds and notes are covered by special assessment collections and are backed by the full faith and credit of the City. The remainder of the City of Akron's debt represents bonds secured solely by specified revenue sources.

The City of Akron's total debt outstanding increased by \$68,579,866 (6.0%) during the current fiscal year.

During 2020, the City issued \$16,805,000 in General Obligation Bonds for various purpose improvements. Additionally, the City issued \$12,030,000 in income Tax Revenue Bonds for various purpose improvements. There were OWDA loans issued for the cost of improving the Waterworks System totaling \$7,450,643 and the Sanitary Sewer System totaling \$116,923,031.

The Ohio Revised Code provides that the outstanding general obligation bonds less self-supporting debt (e.g., income tax-backed projects) of the municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of total assessed value of property. The City of Akron's total debt limit (10.5%) is \$291,406,810 and the total unvoted net debt limit (5.5%) is \$152,641,662.

The City's general obligation bonds are rated "A+" by Standard & Poor's Ratings Services, "A+" by Fitch Ratings and "Aa3" by Moody's Investors Service, Inc. The insured Water Revenue bonds were originally rated Aa2 from Moody's and they were assigned AA by Standard & Poor's in 2017.

Additional information on the City of Akron's long-term debt can be found in Notes 10-12.

Economic Factors and Next Year's Budgets and Rates

- The United States, the State of Ohio and the City all declared a state of emergency in March 2020 due to the global Coronavirus Disease 2019 (COVID-19) pandemic. The financial impact of COVID-19 will impact subsequent periods of the City. The impact on the City's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.
- The average unemployment at year-end 2020 was 10.0% compared to 4.5% in 2019, which is a result of COVID-19. Subsequent to year-end, the economy has returned to almost pre-COVID unemployment level mid-year 2021
- The City of Akron budgeted income tax collections to increase by 2.0%, Local Government to remain stable, and Property Taxes to increase by 10%.
- No increase in Water or Sewer service rates for 2021.

In the 2021 budget, the General Fund unencumbered fund balance is projecting an increase of \$527,848.

Request for Information

This financial report is designed to provide a general overview of the City of Akron's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Director of Finance, Municipal Building, 166 South High Street, Room 205, Akron, Ohio 44308.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Funds For the Year Ended December 31, 2020

| Net changes in fund balances - total governmental funds (Exhibit 4) | | \$ | 13,240,702 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|----|--------------|
| The changes in faile calances total governmental failes (Emilot 1) | | Ψ | 15,210,702 |
| Amounts reported for governmental activities in the statement of activities are different because: | | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets, which meet capitalization requirements, is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$73,754,231) exceeded depreciation (\$40,159,448) in the current period. | | | 22 504 792 |
| (\$40,139,446) in the current period. | | | 33,594,783 |
| The net effect of selling capital assets increased net position. | | | 24,764 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The amount is the net effect of the reversal of prior year items against current year accruals. | | | (42,356,914) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and deferred amount on refundings when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The amount is the net effect of these differences in the treatment of long-term debt and related items. | | | |
| Issuance of debt | (47,872,193) | | |
| Issuance of capital lease Payment of debt | (793,785) 44,703,194 | | |
| Payment of deot Payment to refunding agent Premium on debt Bond issuance expenditures | 27,605,000 (1,817,190) 354,179 | | |
| • | | | 22,179,205 |
| Some of the expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | | | 25,694,777 |
| The change in net position of the internal service funds are included in the governmental activities in the statement of activities. | | | 6,103,857 |

The notes to financial statements are an integral part of this statement.

City of Akron, Ohio Notes to the Financial Statements Year Ended December 31, 2020

1. Summary of Significant Accounting Policies

The City of Akron (the City) was incorporated in 1836 and is a home rule municipal corporation under the laws of the State of Ohio. The City operates under a Council-Mayor form of government and provides the following services as authorized by its Charter: public safety, public service, public health, recreation and development. The accompanying financial statements comply with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, Statement No. 39, Determining Whether Certain Organizations Are Component Units, and Statement No. 61, The Financial Reporting Entity: Omnibus, Statement No. 80, Blending Requirements for Certain Component Units, and Statement No. 90, Majority Equity Interests, in that the financial statements include those activities and functions for which the City is accountable. The City has no component units as defined by GASB 14, 39, 61, 80, and 90. The City is associated with certain organizations which are defined as jointly governed organizations, joint ventures and related organizations. These organizations are presented in Notes 25, 26 and 27 to the basic financial statements. These organizations are the Akron/Summit Convention and Visitors' Bureau, the Copley-Akron Joint Economic Development District ("JEDD"), the Coventry-Akron JEDD, the Springfield-Akron JEDD, the Bath-Akron-Fairlawn JEDD, and the Summit Medina Business Alliance (SMBA). The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units.

The following is a summary of the more significant policies followed during the preparation of the accompanying financial statements.

A. Government-wide and fund financial statements

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* establishes requirements and a reporting model for the annual financial reports of state and local governments. The Statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decisions. Financial information of the City is presented in the following format:

Basic Financial Statements:

1. Government-wide financial statements consist of a statement of net position and a statement of activities.

These statements report all of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, expenses, and gains and losses of the City. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by taxes and intergovernmental revenues, whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining. Fiduciary funds of the City are not included in these government-wide financial statements.

Interfund receivables and payables, and bonds and notes issued by the City and held by the City as investments, within governmental and business-type activities have been eliminated in the government-wide statement of net position. Related

interest amounts are eliminated in the government-wide statement of activities. These eliminations minimize the duplicating effect on assets and liabilities within the governmental and business-type activities total column. Interfund services provided and used are not eliminated in the process of consolidation.

Internal service net position, whether positive or negative, have been eliminated against the expenses and program revenues shown in the governmental activities statement of activities.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities.

Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenue includes (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

2. Fund financial statements consist of a series of statements focusing on information about the City's major governmental and enterprise funds. Separate statements are presented for the governmental, proprietary, and fiduciary funds.

The City's major governmental funds are the General Fund, the Community Learning Centers (CLC) Fund, Income Tax Capital Improvement Fund, Special Assessment Fund, and the Streets Fund. Of the City's business-type activities, the Water, Sewer, and Off-Street Parking Funds are considered major funds.

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. Its revenues consist primarily of income and property taxes, JEDD revenues, shared revenues, charges for services, and licenses, fees, and fines.

General Fund expenditures represent costs of general government, public service (including sanitation and recycling collection), public safety (including police and fire), community environment, public health, and recreation and parks. General Fund resources are also transferred annually to support other services which are accounted for in other separate funds.

The Community Learning Centers (CLC) Fund is used to account for the daily activity relating to the CLC project. The cooperative agreement with the Board of Education of the Akron Public Schools District (District) provides a mechanism to fund the renovation and/or rebuilding of all CLC's in Akron. This major rebuilding program is funded primarily through City income tax, shared revenue and bond proceeds.

The Income Tax Capital Improvement Fund, a special revenue fund, is used to account for the accumulation of income tax revenue and the payments of costs for items specifically designated as project costs and payment of debt service. The primary revenue source is income tax revenue and some debt proceeds.

The Special Assessment Fund is used to account for the accumulation of resources for, and the payment of, assessment related activities including Street Lighting, Street Cleaning, and related costs. Revenues consist primarily of special assessment collections.

The Streets Fund is used to account for the accumulation of resources for, and payment of street projects. Revenue consists primarily of grants and subsidies.

The Water Enterprise Fund accounts for financial activity related to operating the City's water supply, treatment and distribution system. The Water Enterprise Fund serves six other municipalities and parts of six adjacent townships. Revenues consist primarily of charges for services.

The Sewer Enterprise Fund accounts for the financial activity related to operating the City's wastewater collection and treatment system that serves the City and twelve other subdivisions. Revenues consist primarily of charges for services.

The Off-Street Parking Fund accounts for the financial activity related to operating the City's parking facilities located throughout the downtown area. Revenues consist almost exclusively of charges for services.

While not considered major funds, the City maintains Internal Service Funds used to account for the financing of goods or services provided by one department or division to another department or division of the City, generally on a cost-reimbursement basis. The three largest of these funds account for the motor equipment, engineering, and information technology services. In addition, the City also maintains Internal Service Funds to account for the financial activity relating to self-insurance. The financial activity relating to the self insurance funds are for workers' compensation, medical, and judgment and claims.

3. Notes to the financial statements provide information that is essential to a user's understanding of the basic financial statements.

Required Supplementary Information:

Required supplementary information such as Management's Discussion and Analysis and budgetary comparison schedules are also required by GASB Statement No. 34. GASB Statement No. 68 requires the Schedule of City's Proportionate Share of Net Pension Liability and the Schedule of the City Contributions to State Pension Funds. GASB Statement No. 75 requires the Schedule of Net OPEB Liability and the Schedule of Contributions for the OPEB Plan.

B. Financial reporting presentation

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund balance (equity), revenues, and expenditures (expenses). The fund types and classifications that the City reports are as follows:

GOVERNMENTAL FUNDS

- 1. **General Fund** The General Fund is the general operating fund of the City and is appropriated. It is used to account for all financial resources except those required to be accounted for in another fund.
- 2. Special Revenue Funds Special Revenue Funds are used to account for revenues derived from specific taxes, grants, or other restricted revenue sources. The uses and limitations of each Special Revenue Fund are specified by City ordinances or federal or state statutes.
- 3. **Debt Service Funds** Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.
- **4.** Capital Projects Funds The Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital projects (other than those financed by proprietary funds).
- 5. **Permanent Funds** Permanent Funds are for the purpose of accounting for resources that are legally restricted to the extent that earnings, and not principal, may be used for purposes that support the reporting government's programs. The City, however, does not utilize Permanent Funds at this time.

PROPRIETARY FUNDS

- 1. Enterprise Funds The Enterprise Funds are used to account for the operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.
- 2. Internal Service Funds The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments or to other governments on a cost-reimbursement basis.

FIDUCIARY FUNDS

1. Custodial Funds – Custodial Funds are used to account for assets held by the City for individuals, private organizations, or other governments. The City reports on eight Custodial Funds, the first one is the Claire Merrix which is to fund tennis related activities. The second is the Holocaust Memorial to pay for the annual holocaust services throughout the City. This is the final year that these activities will be reported by the City as the activity has been taken over by Jewish Community Board of Akron, Inc. Followed by the Police/Fire Beneficiary Fund which provides scholarships for dependents of those serving in the Police and Fire Departments. The Police Property Monetary Evidence Fund and is used to account for funds held by the Police Department that will be returned to other agencies. The remaining funds relate to specific Joint Economic Development Districts (JEDD) and include: Copley-Akron JEDD, Coventry-Akron JEDD, Springfield-Akron JEDD, and Bath-Akron-Fairlawn JEDD. The JEDD funds are used to account for the specific JEDD District activities and disbursements.

C. Measurement focus and basis of accounting

Except for budgetary purposes, the basis of accounting used by the City conforms to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting, except Agency Funds because they are custodial in nature. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include income taxes, property taxes, grants, shared revenue, and donations. On a full accrual basis, revenue from income taxes is recognized in the period in which the taxpayer's liability occurs and revenue from property taxes is recognized in the fiscal year for which the taxes are levied. On a full accrual basis, revenue in the form of shared revenue is recognized when the provider government recognizes its liability to the City. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The City generally considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are generally recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

In applying the susceptible-to-accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within sixty days after year-end and available to pay obligations of the current period). These include income taxes, JEDD revenues, investment earnings, shared revenues, and a portion of special assessments. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is recieved during the period or within the availability period for this revenue source (within 60 days of year end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year end). Property taxes and the balance of special assessments receivables, though measurable, are not available soon enough in the subsequent year to finance current period obligations.

Therefore, property tax and the balance of special assessment receivables are recorded as deferred inflows until they become available. Other revenues, including licenses, fees and fines, and charges for services are recorded as revenue when received in cash because they are generally not measurable until actually received. The City applies restricted resources first when an expenditure is incurred for purposes for which both restricted and unrestricted net position are available.

Proprietary Fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as rental revenue and connection fees, result from ancillary activities. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

D. Budgetary Procedures

The City Council follows these procedures in establishing the budgetary data.

- (1) The Mayor submits to the City Council a proposed operating budget for the fiscal year commencing January 1. The operating budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) According to state law, the budget must be enacted through passage of an ordinance by April 1.
- (4) The City Finance Director is authorized by City Council to transfer funds already appropriated within departments within any fund or category of expenditures; however, any revisions that alter the total appropriation of said department must be individually approved by the City Council. During 2020, supplemental appropriations were passed by City Council.
- (5) Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are recorded as the equivalent of expenditures. Unencumbered appropriations lapse at year-end.
- (6) The majority of all funds have a legally adopted annual budget. Those funds include:

General Fund
Income Tax Collection
Emergency Medical Service
Special Assessment
Income Tax Capital Improvement
Street and Highway Maintenance
Community Development
Community Environment Grants
Akron Metro. Area Transportation Study
H.O.M.E. Program
Tax Equivalency
E.D.A. Revolving Loans

Joint Economic Development Districts Akron Muni. Court Information System

Police Grants Safety Programs City Facilities Operating Various Purpose Funding Deposits

Community Learning Centers Police, Fire, and Road Activity

General Grants

General Bond Payment Fund

Streets

Information Technology and Improvements

Parks and Recreation

Public Facilities and Improvements

Public Parking Economic Development

Water Sewer Oil and Gas Golf Course Airport

Off-Street Parking Motor Equipment Medical Self-Insurance

Workers' Compensation Reserve Self-Insurance Settlement

Telephone System Engineering Bureau Information Technology

Claire Merrix
Holocaust Memorial
Police/Fire Beneficiary

Police Property Monetary Evidence

- (7) The City appropriates an annual budget for the Police Pension Employer's Liability Fund and the Fire Pension Employer's Liability Fund, which are required due to their funding source. On a GAAP basis, the two funds are combined with the General Fund.
- (8) The City appropriates an annual budget for the Unclaimed Monies Fund which on a GAAP basis, is combined with the General Fund.

E. Cash, Cash Equivalents, and Investments

Cash balances of the individual funds are combined to form a pool of cash held by the City Treasurer and invested in authorized investments (see Note 2). Earnings from these investments are credited to the General Fund in accordance with the City Charter except where the terms of a grant or regulation specify otherwise. Certain cash balances are held on behalf of the City by outside agents (see Note 2). Earnings from these investments are credited to the General Fund and certain other funds pursuant to the City Charter and federal and state requirements.

Investments are stated at fair value. Changes in fair value are recorded as a component of investment earnings.

For purposes of the Statement of Cash Flows, equity in pooled cash and investments, as well as segregated investments with original maturities of three months or less at the time they are purchased by the City, are considered to be cash equivalents. Investments with maturities of more than three months are not considered to be cash equivalents.

- F. *Inventories* Inventories are valued at cost (first-in, first-out) and adjusted to annual physical counts which are then maintained on a perpetual basis until the end of the year.
- G. Capital Assets – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements to the extent the City's capitalization threshold is met. The City defines capital assets as assets with an estimated useful life in excess of three years and an individual cost of more than \$5,000 for land; \$10,000 for equipment and vehicles; \$50,000 for intangibles – easements; \$500,000 for intangibles – computer software; \$25,000 for land improvements, buildings, and improvements other than buildings; and \$100,000 for infrastructure. Assets are recorded at historical cost or estimated historical cost if historical cost is not available. Contributed capital assets are recorded at their acquisition value at the date contributed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date. Infrastructure acquired prior to December 31, 1980, is also reported as a component of the above-mentioned capital assets.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the governmental capital assets. Interest accrued during the construction of capital assets utilized by the proprietary funds is also capitalized through December 31, 2017.

Costs for maintenance and repairs are expensed when incurred. However, costs for repairs and upgradings that materially add to the value or life of an asset and meet the above criteria are capitalized.

The City depreciates capital assets on a straight-line basis half-year convention, using the following estimated useful lives:

| Asset | Years |
|--------------------------------------------|-------|
| Buildings, bridges, and storm sewers | 50 |
| Improvements, skywalks, and paving | 40 |
| Sewer and water mains | 40 |
| Sidewalks, curbs, electrical, and lighting | 30 |
| Traffic control system and bridge repairs | 25 |
| Land improvements | 20 |
| Equipment and Intangibles | 3-20 |
| CLC Building Equity Interest | 70 |
| CLC improvements other than buildings | 40 |

H. **Compensated Absences** – Vacation, paid leave, and compensatory time benefits are accrued for as liabilities as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation, paid leave, and compensatory time when earned for all employees.

Sick leave benefits are accrued as a liability using the vesting method. An accrual for sick leave is made to the extent that it is probable that benefits will result in payments. The liability is an estimate based on the City's past experience at making payments.

I. Fund Balances – Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds.

The classifications are as follows:

- (1) **Nonspendable** Amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.
- (2) **Restricted** Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- (3) **Committed** Amounts constrained to specific purposes imposed by a formal action (ordinance) of City Council, its highest level of decision making authority; to be reported as committed, amounts cannot be used for any other purposes unless the same highest level of action is taken to remove or change the constraint.

- (4) **Assigned** Amounts the City intends to use for a specified purpose; intent can be expressed by the governing body or by the Director of Finance which has been designated this authority. The City's intent is typically expressed through a directive issued by the Director of Finance.
- (5) **Unassigned** Amounts that are available for any new purpose: positive amounts are reported only in the general fund. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

Council establishes fund balance commitments by passage of an ordinance. Assigned fund balance is established by City administration including the Director of Finance through the issuance of requisitions, purchase orders, contracts, and directives.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Governmental funds of the City do not have specified fund balance targets. Recommended levels of committed and/or assigned fund balance will be determined on a case by case basis, based on the needs of each fund and as recommended by officials and approved by Council where necessary.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to restrict that portion of the appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Significant encumbrances as of December 31, 2020, total \$2,841,738 in the General fund, \$675,816 in the Income Tax Capital Improvement fund, \$1,648,222 in the Special Assessment fund, \$3,378,735 in the Streets fund, and \$6,262,468 in all other Governmental funds.

- J. *Interfund Transactions* During the course of normal operations, the City records numerous transactions between funds including expenditures and transfers of resources to provide services, subsidize operations, and service debt. The City has the following types of transactions among funds:
 - (1) Reciprocal interfund services provided and used Purchases and sales of goods and services between funds for a price approximating their external exchange value.
 - (2) Nonreciprocal interfund transfers Flows of assets between funds without equivalent flows of assets in return and without a requirement for repayment. This includes transfers to subsidize various funds.
 - (3) Nonreciprocal interfund reimbursements Repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them.

The City's interfund receivables and payables at December 31, 2020 are presented in Note 5. These are eliminated entity-wide and shown as Internal Balances on the Statement of Net Position. Interfund transfers are presented in Note 22.

K. **Pension and Other Post-Retirement Benefits** – For purposes of measuring the net pension liability, OPEB liability, deferred inflows of resources related to pensions and OPEB, deferred outflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the pension and OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

In addition to the post-retirement benefits provided by the Ohio Police and Fire Pension Fund and the Ohio Public Employees Retirement System of Ohio, the City provides post-retirement health care and life insurance benefits, in accordance with union agreements and City Council ordinances, for retired employees (see note 9).

- L. **Debt Issuance Costs, Premiums, Discounts, and Losses on Refundings** Debt issuance costs, except prepaid insurance costs, are reported as expenses in the period incurred. Bond premiums and discounts, as well as prepaid insurance costs, are deferred and amortized over the life of the bonds. Losses on advance refundings are deferred and amortized over the life of the new debt, or the life of the advance refunded debt, whichever is shorter.
- M. *Employment Related Liabilities* The City records a liability for employment related liabilities relating to former employees of the Health Department (see note 14).

In the best interest of the public health, safety and welfare and to improve governmental efficiency and economy, effective January 1, 2011, the City's Health Department consolidated with the Summit County Health District.

The former Health Department employees while employed by Summit County must retire under Ohio Public Employees Retirement System to be entitled to receive payment of the accumulated sick leave at the hourly rate the employee was receiving at the time of resignation from the City, along with the retirement differential. The City has recorded a long-term liability of \$736,624. Additionally, the former Health Department employees are entitled to staggered payouts for their accumulated vacation, paid leave, and compensatory time at the hourly rate the employee was receiving at the time of resignation from the City. The liability is the actual amount due to employees.

N. Net Position – Net Position is the residual amount when comparing assets and deferred outlfows of resources to liabilities and deferred inflows of resources. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. The restricted component of net position is reported when there are limitations imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for Capital Projects are mainly attributed to economic development, public parking, and street projects. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

O. *Accounting Standards* – The City applies all applicable and effective pronouncements issued by the Governmental Accounting Standards Board (GASB).

In June 2017, GASB issued statement No. 87, *Leases*. The object of this Statement is to improve accounting and financial reporting for leases by governments. For the City, this statement is effective for periods beginning after June 15, 2021.

In June 2018, the GASB issued statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. The objective of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. For the City, this statement is effective for reporting periods beginning after December 15, 2019. The City's financial statements have been prepared in conformance with this Statement.

In May 2019, the GASB issued statement No. 91, *Conduit Debt Obligations*. The objective of this Statement is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice. For the City, this statement is effective for reporting periods beginning after December 15, 2021.

In Jauary 2020, the GASB issued statement No. 92, Omnibus 2020. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature. For the City, this statement is effective for reporting periods beginning after June 15, 2021.

In March 2020, the GASB issued statement No 93, *Placement of Interbank Offered Rates*. The objective of this Statement requires governments to terminate hedge accounting when it renegotiates or amends a a critical term of hedging derivative instrument. For the City, this statement is effective for reporting periods beginning after June 15, 2021, except paragraph 11b effective for reporting periods ending after December 31, 2022.

In March 2020, the GASB issued statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to public-provate and public-plublic partnership arrangements (PPPs). For the City, this statement is effective for reporting periods beginning after June 15, 2022.

In May 2020, the GASB issued statement No. 95, *Postponement of the Effective Dates of Certain Authorative Guidance*. The objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing the effective dates of certain provisions in Statements and Implementation Guides. The City's financial statements have been prepared in conformance with this statement.

In May 2020, the GASB issued statement No. 96, Subscription-Based Information Technology Arrangements. The objective of this Statement is to better meet the information needs of financial statement users by (a) establishing uniform accounting and financial statements reporting requirements for Subscription-Based Information Technology Agreements (SBITA); (b) improving the comparability of financial statements among governments that have entered into SBITAs; and (c) enhancing the understandability, reliability, relevance, and consistency of information about SBITAs. For the City, this statement is effective for reporting periods beginning after June 15, 2022.

In June 2020, the GASB issued statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for IRS Seciton 457 Deferred Compensation Plans (an amendment of GASB Statement No. 14 and No. 84, and a supersession of GASB Statement No. 32). The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

2. Pooled Cash and Investments

City ordinances require that all cash, with the exception of certain debt service cash and cash held by fiscal agents, be deposited with the City Treasurer. Each fund's portion of these funds is displayed on the statements of net position or balance sheets as "pooled cash and investments." Earnings on these investments are allocated to the various funds based on City and state statutes, grant agreements, and various bond agreement requirements. Investments are also held separately by the Special Revenue, Debt Service, Enterprise, and Internal Service Funds. City ordinances further authorize and direct the permitted types of deposits and investments.

Deposits:

City ordinances require that all deposits be secured by collateral securities pledged at market value in an amount equal to at least 100% of the deposit, less any amount covered by federal deposit insurance. Custodial credit risk is the risk that, in the event of a bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. All deposits are collateralized with eligible securities in amounts equal to at least 105% of the carrying value of the deposits. Such collateral, as permitted by Ohio Revised Code, is held in collateral pools at Federal Reserve Banks, or at member banks of the Federal Reserve System, in the name of the depository bank and pledged as a pool of collateral against all public deposits held by the depository.

2. Pooled Cash and Investments (Continued)

The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Although the securities were held by the pledging institutions' trust department and all statutory requirements for the deposit of money have been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

At December 31, 2020, the carrying amount of the City's deposits was \$44,866,859 and the bank balance was \$49,335,738. The difference in the carrying amount and bank balance was composed of outstanding checks and other normal reconciling items. Of the bank balance, \$2,345,013 was covered by federal depository insurance, and \$46,990,725 was uninsured but collateralized with unregistered securities held by the pledging financial institution's trust department in the City's name.

The money market funds, amounting to \$132,832 while held by bond trustees as the City's agents and in the City's name, are also considered uncollateralized and uninsured. The City holds money market funds amounting to \$2,383,584, while held by the City these funds are also considered uncollateralized and uninsured. However, their disposition and availability are governed by bond ordinances and indentures.

Investments in City of Akron notes amounting to \$34,573,284 are eliminated in the government-wide statement of net position at December 31, 2020.

Investments:

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

Investments in U.S. Treasury securities of \$13,514,363 were classified in Level 1 of fair value hierarchy and valued using quoted market prices.

The City does not have any Investments in Federal Government Agency securities as of December 31, 2020 classified in Level 2 of fair value hierarchy and valued using pricing sources as provided by the investment managers. Investments in the City of Akron notes and Akron Public Schools (APS) bonds amounting to a fair value of \$42,778,283 and other State and Municipal investments amounting to \$4,842,457 were classified as Level 3. At December 31, 2020, total fair value was \$33,782 above the City's net cost for its investments.

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rate risk.

Credit Risk. City ordinances authorize the treasurer to invest in obligations of the United States Treasury, agencies, and instrumentalities, and direct obligations of the State of Ohio, including any subdivisions of the state. As of December 31, 2020, the investments held by the bond trustees and STAROhio were rated AAAm by Standard & Poor's. All municipal bonds and notes are rated A2 or better by Moody's or A or better by Standard & Poor's.

2. Pooled Cash and Investments (Continued)

The City has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer's office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB) Statement No. 79, Accounting and Financial Reporting for Certain External Investment Pools and Pool Participants, which establishes accounting and financial reporting standards for qualifying external investment pools that elect to measure for financial reporting purposes all of their investments at amortized cost. Investments in STAR Ohio are valued at STAR Ohio's share price, which is the price at which the investment could be sold on December 31, 2020.

As of December 31, 2020 the City had the following investments and maturities:

| | | Investment Maturities (In Years) | | | | | | |
|------------------------------------|---------------|----------------------------------|---------------|--------------|--------------|--|--|--|
| Investment Types | Fair Value | Less Than 1 | <u>1-5</u> | <u>6-10</u> | More than 10 | | | |
| U.S. Treasuries or Agencies: | | | | | | | | |
| FFCB Bond | \$ 5,001,100 | \$ - | \$ 4,999,500 | \$ - | \$ - | | | |
| FHLB Bond | 4,512,343 | - | 4,507,383 | - | - | | | |
| FHLMC Bonds | 4,000,920 | - | 4,000,000 | - | - | | | |
| Municipal Bonds | 2,841,017 | 2,816,155 | - | - | - | | | |
| State of Ohio Bonds | 2,001,440 | 2,000,000 | - | - | - | | | |
| City of Akron and Akron Public | | | | | | | | |
| Schools (APS): | | | | | | | | |
| Municipal Notes | 27,340,000 | 25,434,000 | 156,000 | 239,000 | 1,511,000 | | | |
| Assessment Debt | 7,233,283 | 1,280,284 | 4,558,416 | 1,394,583 | - | | | |
| School Facility Bonds | 8,205,000 | 935,000 | 3,990,000 | 3,280,000 | - | | | |
| Investments held by bond trustees: | | | | | | | | |
| U.S. Treasuries or Agencies | 3,535,925 | 3,535,925 | - | - | - | | | |
| Cash Reserve | 132,832 | 132,832 | - | - | - | | | |
| Total Investment Maturities | | \$ 36,134,196 | \$ 22,211,299 | \$ 4,913,583 | \$ 1,511,000 | | | |
| Total Fair Value | \$ 64,803,860 | | | | | | | |

Not included in the fair value totals above is STAR Ohio, an external investment pool which was recorded at amortized cost of \$140,918,600 at December 31, 2020. The investments in STAR Ohio are measured at amortized cost; therefore, they are not included in the tables above. There are no limitations or restrictions on any STAR Ohio participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given to STAR Ohio 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$50 million, requiring the excess amount to be transacted the following business day(s), but only to the \$50 million limit. All accounts of the STAR Ohio investors will be combined for these purposes.

2. Pooled Cash and Investments (Continued)

Bond trustees and Community Learning Center trustees holding the investments are not registered with the SEC as an investment company but do operate in a manner consistent with rule 2a7 of the Investment Company Act of 1940.

Investments held by bond trustees, Community Learning Centers, and STAROhio are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

At December 31, 2020, \$7,144,176 of cash and investments was restricted for the following purposes: \$127,392 was restricted for lease costs for Canal Park Stadium; \$2,391,314 was restricted for Akron District Energy COPs; and \$4,496,623 was restricted solely for retirement of City obligations; and the balance of \$128,847 was held by the trustee for payment of debt service on the Community Learning Centers' Income Tax Revenue Bonds.

The following is a reconciliation of cash and investments to the Statement of Net Position as of December 31, 2020:

| | | Fair Value |
|--------------------------------------------------------------------------|----|-------------|
| Investments (Summarized in prior table) | \$ | 64,803,860 |
| STAR Ohio | | 140,918,600 |
| Carrying amount of the City's Deposits | | 44,866,859 |
| | \$ | 250,589,319 |
| Governmental Activities: | | |
| Governmental Funds | | |
| Cash and investments with treasurer | \$ | 112,507,615 |
| Restricted Cash and investments with fiscal and escrow agents and others | | 3,608,263 |
| Internal Service Funds | | |
| Cash and investments with treasurer | | 13,360,115 |
| Total Cash and Investments - Governmental Activities | \$ | 129,475,993 |
| Total Cash and investments - Governmental Activities | φ | 129,473,993 |
| Business-Type Activities: | | |
| Enterprise Funds | | |
| Cash and investments with treasurer | \$ | 115,965,680 |
| Restricted cash and cash equivalents with treasurer and others | | 3,535,913 |
| Total Cash and Investments - Business-Type Activities | \$ | 119,501,593 |
| Fiduciary Funds | | |
| Cash and investments with City | \$ | 1,611,733 |
| Total | \$ | 250,589,319 |

3. Receivables

Receivables, net of allowances for uncollectible reported in the Statement of Net Position, consist of the following at December 31, 2020:

| | Taxes | Customer Charges, Special Assessments, Gross And Others Receivables | | | Allowance for Uncollectibles | | Net | | |
|--------------------------------------------------|------------------|---------------------------------------------------------------------|-------------|----|------------------------------------|----|--------------|----|-------------|
| Governmental Activities | | | | | | | | | |
| Governmental Funds: | | | | | | | | | |
| General Fund | \$ 42,632,121 | \$ | 10,496,850 | \$ | 53,128,971 | \$ | (1,017,164) | \$ | 52,111,807 |
| Community Learning Centers Income Tax Capital | 2,236,514 | | 39,000,000 | | 41,236,514 | | - | | 41,236,514 |
| Improvement | 6,755,248 | | 34,087 | | 6,789,335 | | _ | | 6,789,335 |
| Special Assessment Fund | 0,733,210 | | 82,250,053 | | 82,250,053 | | (52,776,424) | | 29,473,629 |
| Streets | | | 290,864 | | 290,864 | | (32,770,121) | | 290,864 |
| Other Governmental Funds | 30,846,884 | | 24,266,415 | | 55,113,299 | | (11,324,465) | | 43,788,834 |
| Total Governmental Funds | 82,470,767 | | 156,338,269 | | 238,809,036 | | (65,118,053) | | 173,690,983 |
| Internal Service Funds | - | | 773,318 | | 773,318 | | - | | 773,318 |
| Total Governmental Activities | 82,470,767 | | 157,111,587 | | 239,582,354 | | (65,118,053) | | 174,464,301 |
| Business-type Activities Enterprise Funds: | | | | | | | | | |
| Water | - | | 3,817,450 | | 3,817,450 | | (1,150,250) | | 2,667,200 |
| Sewer | - | | 14,350,210 | | 14,350,210 | | (2,908,840) | | 11,441,370 |
| Off-Street Parking | - | | 54,218 | | 54,218 | | (5,540) | | 48,678 |
| Other Enterprise Funds | - | - | 7,988 | | 7,988 | | - | | 7,988 |
| Total Business-type Activities | | | 18,229,866 | | 18,229,866 | _ | (4,064,630) | | 14,165,236 |
| Total Receivables | \$ 82,470,767 | \$ | 175,341,453 | \$ | 257,812,220 | \$ | (69,182,683) | \$ | 188,629,537 |

Included in the amounts above are water and sewer unbilled charges for services of approximately \$752,950 and \$3,819,764 respectively.

Delinquent special assessment receivables amounted to \$52,776,424 at December 31, 2020 and were fully reserved for in the allowance for uncollectibles in the General, Special Assessment, Water, and Sewer funds.

4. **Due From/To Other Governments**

Amounts due from other governments at December 31, 2020 consist of the following:

| | Federal | | State | Total | | |
|---------------------------------|---------|-----------|---------------|-----------------|--|--|
| Governmental Funds: | | | | | | |
| Special Assessment Fund | \$ | - | \$ 136,497 | \$ 136,497 | | |
| Streets | | - | 202,181 | 202,181 | | |
| Other Governmental Funds | | 3,103,071 | 514,794 | 3,617,865 | | |
| Total Governmental Funds | \$ | 3,103,071 | \$ 853,472 | \$ 3,956,543 | | |
| Enterprise Funds: | | | | | | |
| Sewer | \$ | - | \$ 595,073 | \$ 595,073 | | |
| Airport | | 88,087 | 254,466 | 342,553 | | |
| Total Enterprise Funds | \$ | 88,087 | \$ 849,539 | \$ 937,626 | | |

Amounts due to other governments at December 31, 2020 consist of the following

| | Federal | State | Co | unty/ Local | Total |
|---------------------------------|-----------------|-----------------|----|-------------|------------------|
| Governmental Funds: | | | | | |
| General Fund | \$ - | \$ 111,152 | \$ | 2,636,429 | \$ 2,747,581 |
| Streets | - | 3,722,678 | | 1,422 | 3,724,100 |
| Income Tax Capital Improvement | - | - | | 257 | 257 |
| Other Governmental Funds | 4,805,000 | 305,460 | | 132,073 | 5,242,533 |
| Total Governmental Funds | \$ 4,805,000 | \$ 4,139,290 | \$ | 2,770,181 | \$ 11,714,471 |

The \$11,714,471 due to other governments includes \$4,465,000 that is reported as long-term liabilities in the government-wide statement of net position as liabilities due in more than one year.

| | F | ederal | State | Cou | ınty/Local | Total |
|-------------------------------|----|--------|------------------|-----|------------|------------------|
| Enterprise Funds: | | | | | | |
| Off-Street Parking | \$ | - | \$ - | \$ | 31,223 | \$ 31,223 |
| Water | | - | - | | 43,180 | 43,180 |
| Sewer | | 4,500 | 16,399,780 | | 269,402 | 16,673,682 |
| | | | | | | |
| Total Enterprise Funds | \$ | 4,500 | \$ 16,399,780 | \$ | 343,805 | \$ 16,748,085 |

The federal amount listed in due to other governments is comprised of three section 108 loans from the U.S. Department of Housing and Urban Development (HUD).

The state amount listed in due to other governments is comprised of accounts payable transactions for capital assets and engineering estimates for projects for work completed.

The county amount listed in due to other governments relates to City reimbursements to Summit County for property taxes, services provided for the consolidated computer aided dispatch, and police grant expenditures.

The state amount recorded in Business type Activities relates to accounts payable transactions for capital assets and engineering estimates for projects for work completed.

The county amount recorded in Business-type Activities relates to a master meter sewer agreement in the Mud Brook service area.

5. **Due From/To Other Funds**

Interfund receivable and payable balances at December 31, 2020, due within one year, consist of the following individual fund receivables and payables:

| | Receivable | | Payable | | |
|----------------------------------------|------------|------------|---------|-----------|--|
| Governmental Funds: | | | | | |

| | | | | | |
| Total | \$ | 7,059,384 | \$ | 7,059,384 | |

5. Due From/To Other Funds (Continued)

Transactions between funds are reported as revenues in the receiving funds, and expenditures/expense in purchaser funds. The transactions result from numerous transactions between funds including expenditure and transfers of resources to provide services, subsidize operations, administration charges, and rental fee.

The General and the Income Tax Capital Improvement funds make advances to other funds and the repayment is shown above. The General Fund charges an administration fee and storeroom services to various funds. The Income Tax Collection Fund receives tax revenue during December that is posted in the subsequent month to the Community Learning Centers Fund and the Police, Fire, and Road Activity Fund. The proprietary funds provide goods and services through the end of the year causing a time lag between the dates the goods or services were provided and when the transactions are recorded.

6. Deposits

On December 15, 2003, the City of Akron entered into a cooperative agreement for Community Learning Centers (CLC) with the Board of Education of the Akron City School District (District). The cooperative agreement is the foundation for all the activity associated with the City's .25% income tax and the ownership relating to the CLCs. As of December 31, 2020, the District had \$16,323,574 of unspent City funds that are recorded as Deposits on the City's Statement of Net Position and are recorded on the District's financial statements as "due to City of Akron".

7. Capital Assets

Capital asset activity for the year ended December 31, 2020 was as follows:

| | Balance January 1, 2020 | Additions | Deletions | Balance December 31, 2020 |
|----------------------------------------------|-------------------------------|---------------|--------------|---------------------------------|
| Governmental Activities: | 2020 | Additions | Detetions | 2020 |
| Capital assets, not being depreciated: | | | | |
| Land | \$ 152,597,805 | \$ - | \$ 15,000 | \$ 152,582,805 |
| Construction in progress | 109,317,232 | 6,760,291 | 7,497,073 | 108,580,450 |

The City adopted GASB Statement No. 83, Certain Asset Retirement Obligations, in fiscal year 2019. This statement requires governmental entities to record a liability and a corresponding deferred outflow at the time there is an external obligating event such as a federal or state regulation, a legally binding contract or court judgment, and when there is an internal obligating event which is at the time an asset is acquired or if constructed placed in service. In accordance with GASB 83, the City recorded a current liability of \$62,570 and long-term liability of \$312,850 associated with the retirement of inactive oil wells as there is an enforceable legal obligation. After extensive legal and procedural research, the City has determined that it is impractical that City's sewer and water treatment facilities will ever be closed, and ongoing projects preserve the overall condition of the operations of the facilities. Thus, no associated retirement liability was recorded for the sewer and water treatment facilities. While the FAA-administered financing requires reimbursement if closure of the airport occurrs, the City intends to keep the facility operational as new projects are ongoing to preserve the conditions and overall operations at the facility, and therefore no retirement liability was recorded. The liabilities for Hardy Road Landfill and City-owned gas tanks fall under GASB 18 and GASB 49, respectively, and are reflected in the statements. Other assets are maintained and/or disposed of by the City in accordance with best practice standards.

7. Capital Assets (Continued)

Depreciation expense was charged during 2020 to functions of the government as follows:

Governmental Activities:

| C 1 | Φ | 1.064.500 |
|---------------------------------------------------------------------|----|------------|
| General government | \$ | 1,864,508 |
| Public service | | 9,365,346 |
| Public safety | | 3,523,366 |
| Community environment | | 7,316,055 |
| Public health | | 250,617 |

| Sewer | | 517,364,582 | 473,868,955 | | 43,495,627 | | |
| | \$ | 679,287,894 | \$ 588,652,591 | \$ | 90,635,303 | | |

8. Accrued Vacation and Leave

GASB Statement No. 16, Accounting for Compensated Absences, requires a liability to be established for all compensated absences as earned by the employees. At the time of the employee's separation, such compensated absences are paid to the employee from the fund to which the employee's payroll is charged.

Vacation, paid leave, sick leave, and compensatory time accumulated by employees whose wages are charged to governmental fund types have been recorded as liabilities in the governmental funds only if they have matured. The balance has been recorded on the statement of net position. Vacation, paid leave, sick leave, and compensatory time accumulated by employees whose wages are charged to proprietary fund types are expensed when earned and recorded as liabilities in the government-wide statement of net position and in the proprietary fund statement of net position.

Sick leave is earned by substantially all employees. Unused sick leave is accumulated up to 960 hours for uniformed firefighters and 1,000 hours for all other eligible employees. Unused sick leave vests upon reaching certain age and service requirements. The vested portion of accumulated sick leave and amounts earned through December 31, 2020 and expected to vest in the future has been accrued for in the Government-wide Statement of Net Position for all City employees. Amounts related to the City's proprietary fund operations are also accrued for in the proprietary fund statement of net position due to the nature of these funds.

The following governmental funds have typically been used in prior years to reduce or liquidate the liability for compensated absences:

General Fund Income Tax Collection Emergency Medical Service Special Assessment Fund Income Tax Capital Improvement Street and Highway Maintenance Community Development Police Grants Safety Programs

8. Accrued Vacation and Leave (Continued)

As of December 31, 2020, the accrued vacation, paid leave, sick leave, and compensatory time is recorded as a current liability (due within one year) in the Statement of Net Position as follows:

| | Balance January 1, 2020 Additions | | | Deletions | Balance December 31, 2020 | | | |
|----------------------------------|-----------------------------------------|------------|----|------------|---------------------------------|--------------|----|------------|
| Governmental Activities: | | | | | | | | |

9. Pension and Other Post-Retirement Benefit Plans

Police officers and firefighters participate in the statewide Ohio Police and Fire Pension Fund (Police and Fire), a cost-sharing, multi-employer defined-benefit public employee retirement system. Police and Fire offers three types of service retirement: normal, service commuted, and age/service commuted. In a normal retirement, a member is eligible at age 48 with 25 years of service with a monthly pension equal to 60% of the average of the three highest years of allowable earnings. The maximum pension of 72% of the average allowable earnings for the three highest years is paid after 33 years of service. Under the service commuted retirement, a member is eligible if they have at least 15 years of service, they have reached the age of 48 and 25 years has elapsed from the date of their full-time hire. Under the age/service commuted retirement, a member is eligible if they have 15 years of service and they have reached the age of 62. In the event of death, eligible survivors may qualify for a monthly benefit and a one-time \$1,000 lump sum benefit payment. Benefits are established by the Ohio Revised Code.

The City also participates in a cost-sharing multi-employer post-retirement health benefits plan, administered by Police and Fire, for these city employees. Substantially all other City employees participate in the statewide Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multi-employer defined-benefit pension plan. The member-directed plan is a defined-contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20% per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined-benefit pension plan that has elements of both a defined-benefit and a defined-contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan. The City also participates in a cost-sharing multi-employer post-retirement health benefits plan, administered by OPERS, for these City employees.

In addition to participating in the plans described above, the City provides its own post-retirement health and life insurance benefits plan which is administered as a single-employer benefit plan. Typically, the following funds have been used to liquidate the net pension obligation or net other post-retirement benefit obligation:

Income Tax Collection
Emergency Medical Service
Special Assessment
Income Tax Capital Improvement
Street and Highway Maintenance
Community Development
Akron Metropolitan Area Transportation Study
Joint Economic Development Districts
Safety Programs

General Fund

General Bond Payment
Water
Sewer
Oil & Gas
Golf Course
Airport
Motor Equipment
Engineering
Information Technology

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan, the member-directed plan is a defined contribution plan, and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, the vast majority of the City's employees participate in the traditional plan. Therefore, the following plan description focus on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS ACFR referenced above for additional information):

Group A

Eligible to retire prior to January 7, 2013 or five years after January 7, 2013

Group B

20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013

Group C

Members not in other Groups and members hired on or after January 7, 2013

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

State and Local

Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

State and Local

Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

Formula:

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Public Safety

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

Public Safety

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

Public Safety

Age and Service Requirements:

Age 52 with 25 years of service credit or Age 56 with 15 years of service credit

Law Enforcement

Age and Service Requirements:

Age 52 with 15 years of service credit

Law Enforcement

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

Law Enforcement

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 56 with 15 years of service credit

Public Safety and Law Enforcement

Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Public Safety and Law Enforcement

Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Public Safety and Law Enforcement

Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final Average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

| | State | |
|-------------------------------------------|-----------|----------|
| | and Local | _ |
| 2020 Statutory Maximum Contribution Rates | | _ |
| Employer | 14.0 | % |
| Employee | 10.0 | |
| 2020 Actual Contribution Rates | | |
| Employer: | | |
| Pension | 14.0 | |
| Post-employment Health Care Benefits | 0.0 | |
| Total Employer | 14.0 | <u>%</u> |
| Employee | 10.0 | <u>%</u> |

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The City's contractually required contribution was \$8,790,951 for 2020. Of this amount, \$722,818 is reported as a due to other governments. Both amounts reflected contributions for employees participating in the OPERS traditional plan, combined plan, and member directed plan.

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

| | Police | Firefighters |
|-------------------------------------------|---------|--------------|
| 2020 Statutory Maximum Contribution Rates | | |
| Employer | 19.50 % | 24.00 % |
| Employee: | 12.25 | 12.25 |
| 2020 Actual Contribution Rates | | |
| Employer: | | |
| Pension | 19.00 | 23.50 |
| Post-employment Health Care Benefits | 0.50 | 0.50 |
| Total Employer | 19.50 % | 24.00 % |

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution, excluding the amount related to post-retirement health care benefits, to OP&F was \$13,812,992 for 2020. Of this amount \$1,059,115 is reported as a due to other governments. Both amounts reflected contributions for police and firefighters participating in OP&F.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2019, and was determined by rolling forward the total pension liability as of January 1, 2019, to December 31, 2019. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

| | OPERS | | | | | | |
|------------------------------------|------------------|----|-----------|----|------------|-------------------|-------------------|
| | Traditional | (| Combined | | Member | | |
| | Plan | | Plan | | Directed | OP&F | Total |

| Total | \$ (14,007,028) | \$ (216,832) | \$ 21,892 | \$ (10,698,077) |

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Measurement and Valuation Date Experience Study Acturial Cost Method Investment Rate of Return Wage Inflation Projected Salary Increases Cost-of-living Adjustments December 31, 2019
5-Year Period Ended December 31, 2015
Individual Entry Age
7.2%
3.25%
3.25%
3.25%-10.75 % (includes wage inflation at 3.25%)
Pre-1/7/2013 Retirees: 3.00% Simple

Post-1///2013 Retirees: 3.00% Simple Post-1/7/2013 Retirees: 3.00% Simple Through 2020, then 2.15% Simple

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvemants back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvemants back to the observation period base of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. The discount rate used to measure the total pension liability was 7.2 percent.

OPERS manages investments in three investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio was a 17.2%.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

| | | | Long Term Expected Weighted Average | | | | |
|------------------------|------------|---|-------------------------------------|---|--|--|--|
| | Taget | | Long-Term Expected | | | | |
| | Allocation | | Real Rate of Return | | | | |
| Asset Class | for 2019 | _ | (Arithmetic) | _ | | | |
| | | | | | | | |
| Fixed Income | 25.00 | % | 1.83 | % | | | |
| Domestic Equities | 19.00 | | 5.75 | | | | |
| Real Estate | 10.00 | | 5.20 | | | | |
| Private Equity | 12.00 | | 10.70 | | | | |
| International Equities | 21.00 | | 7.66 | | | | |
| Other investments | 13.00 | | 4.98 | _ | | | |
| Total | 100.00 | % | 5.61 | % | | | |

Discount Rate The discount rate used to measure the total pension liability was 7.2 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.2 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

City's proportionate share of the net pension liability/(asset) (in '000s)

| | 1% | 1% Decrease 6.20% | | Current Discount Rate 7.20% | 1% Increase 8.20% | |
|----------------------|----|-------------------|----|-----------------------------|-------------------|--------|
| Traditional Plan | \$ | 140,783 | \$ | 85,358 | \$ | 35,533 |
| Combined Plan | | (430) | | (710) | | (914) |
| Member Directed Plan | | (4) | | (7) | | (10) |

Actuarial Assumptions - OP&F

OP&F's total pension liability as of December 31, 2019 is based on the results of an actuarial valuation date of January 1, 2019, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2019, are presented below:

Valuation Date

Actuarial Cost Method Actuarial Assumption Experience Study Date Investment Rate of Return Cost of Living Increases (COLA)

Salary Increases Payroll Growth January 1, 2019, with actuarial liabilities rolled forward to December 31, 2019
Entry Age Normal (Level Percent of Payroll)
5 year period ended December 31, 2016
8.00%
3% simple; 2.2% simple for increases based on the lesser of the increase in CPI and 3%

3.75 to 10.50% Inflation rate of 2.75% plus productivity increase rate of 0.5%

Healthy Mortality

Mortality rates for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

| Age | Police | _ | Fire | - |
|------------|--------|---|------|---|
| 67 or less | 77 | % | 68 | % |
| 68-77 | 105 | | 87 | |
| 78 and up | 115 | | 120 | |

Diasbled Mortality

Mortality for diasbled retirees is based on the RP-2014 Diasbled Mortality Tables rolled back to 2006, adjusted to according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

| Age | Police | Fire |
|------------|--------|------|
| 59 or less | 35 % | 35 % |
| 60-69 | 60 | 45 |
| 70-79 | 75 | 70 |
| 80 and up | 100 | 90 |

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2019 are summarized below:

| A | Target | Long Term Expected | |
|------------------------------|------------|---------------------|---|
| Asset Class | Allocation | Real Rate of Return | |
| Cash and Cash Equivalents | 0.00 % | 1.00 | % |
| Domestic Equity | 16.00 | 5.40 | |
| Non-US Equity | 16.00 | 5.80 | |
| Private Markets | 8.00 | 8.00 | |
| Core Fixed Income* | 23.00 | 2.70 | |
| High Yield Fixed Income | 7.00 | 4.70 | |
| Private Credit | 5.00 | 5.50 | |
| U.S. Inflation Linked Bonds* | 17.00 | 2.50 | |
| Master Limited Partnerships | 8.00 | 6.60 | |
| Real Assets | 8.00 | 7.40 | |
| Private Real Estate | 12.00 | 6.40 | |
| Total | 120.00 % | | |

OP&F's Board of Trustees has incorporated the "risk parity" concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the national portfolio perspective above, the

Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return 8.00 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00 percent), or one percentage point higher (9.00 percent) than the current rate.

City's proportionate share of the net pension liability (in '000s) Current 1% Decrease Discount Rate 1% Increase 7.00% 8.00% 9.00% OP&F \$ \$ \$ 241,629 174,340 118,059

Other Post-retirement Benefits (OPEB)

In addition to the post-retirement benefits provided by the Ohio Police and Fire Pension Fund and the Ohio Public Employees Retirement System of Ohio, the City provides post-retirement health care and life insurance benefits, in accordance with union agreements and City Council ordinances, for retired employees. The post-retirement healthcare coverage is a single self-insured plan, administered through Medical Mutual, which provides medical, prescription drugs, dental, and vision benefits. The major medical portion of the coverage, which includes prescription drugs, ends at age 65. All other benefits continue for the lifetime of the participant. The life insurance amounts are dependent on age at retirement and the retiree's collective bargaining unit. All life insurance amounts are reduced by 50% after the first year of retirement. Dependents are not eligible for life insurance during retirement. The life insurance is fully insured. Substantially all of the City's employees may become eligible for those benefits if they reach normal retirement age while working for the City. The City pays 100% of the cost of health care and life insurance benefits. Effective February 1, 2020, monthly contributions for supplemental medical coverage are \$55 single / \$110 family for Non-Bargaining and AFSCME participants, and \$27.50 / \$55 family for all other participants. Supplemental dental, vision, and life insurance are non-contributory. These benefits are financed on a pay-as-you go basis; as such, the cost of retiree health care and life insurance benefits is recognized as expenditure/expense as claims are incurred. Eligibility for OPEB benefits is receiving a pension benefit from OPERS, Police and Fire, or disability retirement. Former employees who are term-vested for pension benefits are not eligible.

The net OPEB liability was measured as of December 31, 2019 and the the net OPEB liability was determined by an actuarial valuation as of December 31, 2018, and rolled-forward to the measurement date. For OPERS and OP&F, the City's proportion of the net OPEB liability was based on the City's share of contributions relative to the contributions of all participating entities. The following information is related to the proportionate share and OPEB expense (in '000s):

| | OPERS | OP&F |
|--------------------------------------|-----------|-----------|
| Proportion of the Net OPEB Liability | | |
| as of December 31, 2019 | 0.4199% | 2.58798% |
| Proportion of the Net OPEB Liability | | |
| as of December 31, 2018 | 0.4252% | 2.65988% |
| Increase (Decrease) in Proportion | (0.0053)% | (0.0719)% |
| | | |
| Proportionate share of the Net | | |
| OPEB Liability | \$ 57,992 | \$ 25,565 |
| OPEB Expense | 6,547 | 3,122 |

The Net OPEB Liability for the City's OPEB plan was measured as of December 31, 2019 and the net OPEB liability was determined by an actuarial valuation as of December 31, 2018, and rolled-forward to the measurement date. The following information is related to the changes in the net OPEB liability for the City's plan (in '000s):

| Net OPEB Liability - December 31, 2018 | \$ 101,158 |
|----------------------------------------|---------------|
| Total service cost | 1,982 |
| Interest cost | 3,703 |
| Experience (gains)/losses | (962) |
| Changes in assumptions | (15,524) |
| Benefit payments | (2,856) |
| Net OPEB Liability - December 31, 2019 | \$ 87,501 |

At December 31, 2019 the City reported deferred (outflows) of resources and deferred inflows of resources related to OPEB from the following sources:

| | City of Al | kron | OPEI | OPERS | | OP&F |
|------------------------------------------------------|-------------|-------|-----------|--------|----|--------------|
| Deferred Outflows of Resources | | | | | | |
| Net difference between projected and actual earnings | | | | | | |
| on OPEB plan investments | \$ | - | \$ | - | \$ | 5,105,077 |

Actuarial Assumptions - City of Akron OPEB Plan

The total OPEB liability is based on the results of an actuarial measurement date and valuation date of December 31, 201 using generally accepted actuarial procedures. The total OPEB liability was calcualted by using the following assumptions:

| Actuarial Cost Method | Entry age normal, level percent of projected payroll |
|---------------------------------|--------------------------------------------------------------------------------------------|
| Discount Rate | 3.26% |
| Projected Payroll Growth Rate | 2.00% |
| Health Care Cost Trend Rate for | |
| Medical and Prescription Drugs | 6.3% in fiscal 2020, decreasing to an ultimate rate of 5.0% in fiscal year 2027 and after. |
| Health Care Cost Trend Rate for | |
| Dental and Vision | 4.5% |

Pursuant to paragraph 36 of GASB 75, since the City's plan is an unfunded plan, the discount rate should reflect a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The discount rate selected by the City reflect the S&P Municipal Bond 20-High Grade as of December 31, 2019. The discount rate used to measure the total OPEB liability was 3.26 percent, which is a decrease from 3.64 percent used for the measurement date of December 31, 2018.

For OP&F active members, non-disabled retirees and beneficiaries, and disabled retirees, mortality rates are based on the RPH-2014 Mortality Table adjusted to 2006 and projected with the Buck Modified 2019 Improvement Scale. Rates are also adjusted for experience. For OPERS active members, non-disabled retirees and beneficiaries, and disabled retirees, mortality rates are based on the PubH-2010 General and Disabled Moratility Tables projected with the Buck Modified 2016 Improvement Scale.

The Net OPEB Liability is sensitive to changes in the discount rate and the health care trend rate. The following table presents what the Net OPEB Liability would be if it were calculated using a discount rate that is one (1) percentage point lower (2.26%) and higher (4.26%) than the current discount rate (2.26%). Additionally shown is what the City's net OPEB liability would be based on current health care trend rates that are one (1) percentage point lower (5.30%) and higher (7.30%) than the current rate (7.30%).

87

| | 1% Decrease 2.64% | Current Discount Rate 3.64% | 1% Increase 4.64% |
|--------------------|-------------------|-----------------------------|-------------------|
| Net OPEB Liability | \$ 102,364,885 | \$ 87,500,861 | \$ 75,660,218 |
| | 1% Decrease | Current Trend Rate | 1% Increase |
| Net OPEB Liability | \$ 80,125,365 | \$ 87,500,861 | \$ 96,864,996 |

The below table covers the classes of plan members covered:

| Retirees and surviving spouses receiving benefits: | 2,304 |
|----------------------------------------------------|-------|
| Active plan members | 1,808 |
| Total membership | 4,112 |

Actuarial Assumptions - OPERS

The total OPEB liability is based on the results of an actuarial valuation dated December 31, 2018 and rolled-forward to December 31, 2019 using generally accepted actuarial procedures. The total OPEB liability was calculated using the following assumptions:

| Actuarial Valuation Date | December 31, 2018 |
|---------------------------------|--------------------------------------|
| Rolled-Forward Measurement Date | December 31, 2019 |
| Experience Study | 5-Year Period Ended |
| | December 31, 2015 |
| Actuarial Cost Method | Individual Entry Age Normal |
| Actuarial Assumptions | |
| Single Discount Rate | 3.16% |
| Investment Rate of Return | 6.00% |
| Municipal Bond Rate | 2.75% |
| Wage Inflation | 3.25% |
| Projected Salary Increases | 3.25%-10.75% |
| | (Includes Wage Inflation at 3.25%) |
| Health Care Cost Trend Rate | 10.5% Initial, 3.5% ultimate in 2030 |
| | |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

A single discount rate of 3.16% was used to measure the OPEB liability on the measurement date of December 31, 2019, which is a decrease from 3.96% used for the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 2.75%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

The following table presents the OPEB liability calculated using the single discount rate of 3.16%, and the expected Net OPEB Liability if it were calculated using a discount rate that is one percentage point lower (2.16%) or one percentage point higher (4.16%) than the current rate (in '000s):

| | 1% Decrease 2.16% | Current Discount Rate 3.16% | 1% Increase 4.16% |
|----------------------------|-------------------|-----------------------------|-------------------|
| City's proportionate share | | | |
| of the Net OPEB Liability | \$ 75,893 | \$ 57,992 | \$ 43,661 |

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-to-distant future, the health plan cost will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25% in the most recent valuation. The following table presents the OPEB liability calculated using the health care cost trend rate and the expected Net OPEB Liability if it were calculated using a rate that is one percentage point lower or one percentage point higher than the current rate (in '000s):

| | | Current Health Care | | | | | | |
|----------------------------|----|---------------------|-----------------|------------|----|-------------|--|--|
| | | | Cost Trend Rate | | | | | |
| | | 1% Decrease | | Assumption | | 1% Increase | | |
| City's Proportionate Share | - | | _ | | | | | |
| of the Net OPEB Liability | \$ | 56,281 | \$ | 57,992 | \$ | 59,682 | | |

The allocation of of investment assets within the Health Care portfolio is approved by the Board as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. The System's primary goal is to achieve and maintain a fully funded status for benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2018 and the long-term expected real rates of return.

| | Target | | Weighted Average Long-Term Expected Real Rate of Return | l |
|------------------------|------------|---|------------------------------------------------------------|------------|
| Asset Class | Allocation | - | (Arithmetic) | _ |
| Fixed Income | 36.00 | % | 1.53 | 3 % |
| Domestic Equities | 21.00 | | 5.75 | ; |
| REITs | 6.00 | | 5.69 |) |
| International Equities | 23.00 | | 7.66 | , |
| Other investments | 14.00 | | 4.90 |) |
| Total | 100.00 | % | 4.55 | <u>;</u> % |

Actuarial Assumptions - OP&F

The toal OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part for their annual valuation. Actuarial valuations of an ongiong retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. This can include assumptions about service credit, salaries and salary increases, disabilities, and retirements. Actuarially determined amounts are subject to continual review and potential modification, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

The following key methods and assumptions were used in calculating the total OPEB liability as of December 31, 2019:

| Valuation Date | January 1, 2019 |
|---------------------------------|-------------------------------------------------------------------------------|
| Rolled Forward Valuation Date | December 31, 2019 |
| Actuarial Cost Method | Entry Age Normal |
| | (Level Percent of Payroll) |
| Actuarial Assumption Experience | |
| Study Date | 5-Year Period Ended December 31, 2016 |
| Investment Rate of Return | OP&F OPEB Long Term Rate is 8.0% |
| Cost of Living Increases (COLA) | 3% Simple; 2.2% simple for increases |
| | based on the lesser of the increases in CPI and 3% |
| Salary Increases | 3.75% to 10.50% |
| Payroll Growth | Inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent |

Mortality Rates - OP&F

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120%.

| Age | Police | - | Fire | | |
|------------|--------|---|------|---|--|
| 67 or less | 77 | % | 68 | % | |
| 68-77 | 105 | | 87 | | |
| 78 and up | 115 | | 120 | | |

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected wih the Buck Modified 2016 Improvement Scale.

| Age | Police | Fire |
|------------|--------|------|
| 59 or less | 35 % | 35 % |
| 60-69 | 60 | 45 |
| 70-79 | 75 | 70 |
| 80 and up | 100 | 90 |

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2019 are summarized below:

| | | Long-Term |
|------------------------------|------------|-----------|
| | | Expected |
| | Target | Real Rate |
| Asset Class | Allocation | of Return |
| Cash and Cash Equivalents | 0.00 % | 1.00 % |
| Domestic Equity | 16.00 | 5.40 |
| Non - U.S. Equity | 16.00 | 5.80 |
| Private Markets | 8.00 | 8.00 |
| Core Fixed Income* | 23.00 | 2.70 |
| High Yield Fixed Income | 7.00 | 4.70 |
| Private Credit | 5.00 | 5.50 |
| U.S. Inflation Linked Bonds* | 17.00 | 2.50 |
| Master Limited Partnerships | 8.00 | 6.60 |
| Real Assets | 8.00 | 7.40 |
| Private Real Estate | 12.00 | 6.40 |
| Total | 120 % | |

OP&F's Board of Trustees has incorporated the "risk parity" concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the national portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total OPEB liability was calculated using the discount rate of 3.56 percent, which is a decrease from 4.66 percent used for the measurement date of December 31, 2018. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, the plan's fiduciary net position was projected to not be available to make all future benefit payments of current plan members. Therefore, a municipal bond rate of 2.75 at December 31, 2019 and 4.13 percent at December 31,2018 was blended with the long-term rate of 8.00 percent, which resulted in a blended discount rate of 3.56 percent.

The Net OPEB Liability is sensitive to changes in the discount rate. The following tables present the Net OPEB Liability of OP&F and what OP&F's Net OPEB Liability would be if it were calculated using a rate that is 1% point lower and 1% point higher than what the current discount cost trend rates are (in '000s).

| | 1% Decrease 2.56% | | Curr | ent Discount Rate | 1% Increase | | |
|----------------------------|-------------------|--------|-------|----------------------|-------------|--------|--|
| | | | 3.56% | | 4.56% | | |
| City's proportionate share | | | | | | | |
| of the Net OPEB Liability | \$ | 31,697 | \$ | 25,563 | \$ | 20,467 | |

10. Notes Payable

The following is a summary of note transactions for the year ended December 31, 2020, reflected in governmental activities in the government-wide financial statements:

| | Governmental Activities Special Assessment | | Governmental Activities Capital Projects | | Sovernmental Activities ternal Service | Governmental Activities | | |
|------------------------------------|--------------------------------------------|--------------|------------------------------------------|------------|----------------------------------------|----------------------------|--------------|--|
| | | | | | General Health | Total | | |
| Notes Payable at January 1, 2020 | \$ | 13,000,000 | \$ | - | \$ 1,500,000 | \$ | 14,500,000 | |
| New notes issued | | 13,000,000 | | 17,400,000 | - | | 30,400,000 | |
| Notes retired | | (13,000,000) | | | (1,500,000) | | (14,500,000) | |
| Notes Payable at December 31, 2020 | \$ | 13,000,000 | \$ | 17,400,000 | \$ <u>-</u> | \$ | 30,400,000 | |

The following is a summary of the City's future debt service requirements for notes payable as of December 31, 2020:

| Governmental Activities | | | | | | | | | |
|-------------------------|----|--------------------------|----------|--------|----|---------------|----|----------|---------------|
| Fiscal Year Ending | | Special Assessment Notes | | | | General Oblig | | | |
| December 31 | | Principal | Interest | | | Principal | | Interest | Total |
| 2020 | \$ | 13,000,000 | \$ | 39,000 | \$ | 17,400,000 | \$ | 130,000 | \$ 30,569,000 |

The following notes are backed by the full faith and credit of the City and generally mature within one to five years. The notes generally are issued in anticipation of long-term bond financing and are refinanced, if necessary, until such bonds are issued.

Notes issued by the City of Akron and held by the City as investments at December 31, 2020, amounting to \$34,573,284 (Note 2) are eliminated in the government-wide statement of net position.

10. Notes Payable (Continued)

Special assessment notes are issued to finance the property owners' share of improvements. Upon completion of a project, owners may pay the assessments in full. Bonds are issued in the amount of any unpaid assessments and are repaid largely from levies on the property owners for principal and interest collected by the County Fiscal Officer on behalf of the City.

The weighted average interest rates on special assessment notes and general obligation notes at December 31, 2020 were 0.30% and 0.75% respectively.

Notes payable as of December 31, 2020, are comprised of the following individual issues:

| Issued | Rate % | Issue | Final Maturity | Amount | | |
|-------------------------------------------------------------------------------|--------|-------|-------------------|--------|------------|--|
| Special Assessment Notes: | | | | | | |
| Governmental Activities: Street Cleaning/Lighting Note: December 01, 2020 | 0.30 | 12-1 | November 30, 2021 | \$ | 13,000,000 | |
| General Obligation Notes: | | | | | | |
| Governmental Activities: Various Purpose Improvements Note: December 16, 2020 | 0.30 | 12-16 | December 15, 2021 | | 12,400,000 | |
| Non-Tax Revenue Note: October 7, 2020 | 1.85 | 10-7 | October 6, 2021 | | 5,000,000 | |
| | | | | \$ | 30,400,000 | |

11. Bonds and Loans Payable and Defeased Debt

The following is a summary of bonds and loans payable for the year ended December 31, 2020:

| | Governmental Activities | | | | | | | | | |
|--------------------------------------------|-------------------------|-----------------------|----|-----------------------------|----|-------------------------|--------------------|-------------|--|--|

All bonds and notes are backed by the full faith and credit of the City except revenue bonds. Water Mortgage Revenue Bonds are collateralized by the capital assets of the Water System that had net carrying values of approximately \$157,092,797 at December 31, 2020. In the event of default the Series 2015 Water Mortgage Revenue Bonds are subject to a default rate of 10% at minimum. It is the City's policy to pay debt service of the Enterprise and Internal Service Funds from the receipts of those funds. Accordingly, such debt is reported in those funds. Any deficiency is paid from the City's General Fund. Revenue bonds and OWDA loans are retired entirely from the excess of operating revenues over operating expenses of the applicable enterprise activity. Therefore, the City is under no obligation to repay these long-term obligations from the City's General Fund.

The oustanding Income Tax Revenue bond agreements contain provisions that in an event of default, the trustee may accelerate the bonds to be immediately due and payable, may sue to enforce the terms of the agreement, or may enforce available remedies including marshall all money available in the funds. The Non-Tax Revenue bond agreements are secured by a pledge of non-tax revenues and under the agreement any amounts in default will bear a minimum interest rate of 10%.

The outstanding OPWC Direct Borrowing loan agreements contain provisions that in an event of default, the lender may terminate its obligations and elect to accelerate the amount outstanding to become immediately due and payable. Under the agreement terms any amounts in default will bear an interest rate of 8%.

The outstanding OWDA Direct Borrowing loan agreements contain provisions that in an event of default, the amount of such default will bear an interest rate at 3% above the agreed contract interest rate. If the City fails to perform terms of the project agreement and fails to provide a remedy, the State may increase the rate of the contract to recover remedy costs and eliminate the discount rate for the remainder of the contract period. In the event of termination, the loan principal will be made due and payable in full no later than 30 days after the termination or upon terms mutually agreed upon between the State and the City.

The Ohio Revised Code provides that the net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the assessed value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total assessed value of property. At December 31, 2020, the City's total net debt amounted to 2.57% of the total assessed value of all property within the City and unvoted net debt amounted to 2.57% of the total assessed value of all property within the City.

On November 12, 2020, the City issued \$16,805,000 in General Obligation Various Purpose Refunding Bonds, Series 2020, maturing December 1, 2023 with an interest rate of 2.00% to advance refund \$16,800,000 of outstanding General Obligation Bonds Series 2010A, Series 2010B, and Series 2011. Net proceeds of \$17,192,617, including a premium of \$459,118 and an underwriter's discount of \$71,501, were used to provide cash for debt service payments on the Series 2010A, 2010B and 2011 bonds.

As a result, the Series 2010A, 2010B and 2011 refunded bonds are considered defeased and the liability for these bonds has been removed from the financial statements. The City advanced refunded these bonds to reduce its total debt service payments by \$601,599 and incurred an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$608,217.

On November 24, 2020, the City issued \$12,030,000 in Various Purpose Income Tax Refunding Bonds, Series 2020, maturing December 1, 2032 with an interest rate of 3.15% to advance refund \$1,980,000 of outstanding Series 2011 Income Tax Revenue Bonds and \$7,550,000 Series 2012 Income Tax Revenue Bonds. The issuance also partially refunded 2020 debt service payments including \$1,275,000 principal due and \$2,412,888 interest. Net proceeds of \$13,228,053, including a premium of \$1,358,072 and an underwriter's discount of \$160,018, were used to provide cash for debt service payments on the various Income Tax Revenue bonds.

As a result, the Series 2011 and 2012 refunded bonds are considered defeased and the liability for these bonds has been removed from the financial statements. The City advanced refunded these bonds to reduce its total debt service payments by \$834,488 and incurred an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$995,054.

The City has defeased certain debt issues by placing investments in U.S. Government obligations in irrevocable escrow accounts. Such accounts will be used, together with interest earned thereon, to provide for the payment of all principal and interest on the defeased bonds on their scheduled due dates. Accordingly, the escrow accounts and the defeased bonds summarized below are not included in the accompanying financial statements at December 31, 2020:

| 1 , 5 | | Original | Amount | |
|------------------------------------------------------------------------------------------------|--------------------|--------------|-------------|------------------------------|

11. Bonds and Loans Payable and Defeased Debt (Continued)

During 2010, the City entered into an agreement with various parties to unconditionally guarantee the principal and interest payments on behalf of the International Soap Box Derby, Inc. for the loan issued by FirstMerit Bank. As of December 31, 2020, the principal amount outstanding was \$166,130. The City believes that the International Soap Box Derby Inc. is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the loan; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2020.

During 2012, the City entered into an amendment and restatement of cooperative agreement among various parties to unconditionally guarantee the principal and interest payments of the Development Finance Authority of Summit County Revenue Bonds (Akron Civic Theatre Project), issued by the Development Finance Authority of Summit County. As of December 31, 2020, the principal amount outstanding was \$11,955,000. The City believes that the Development Finance Authority of Summit County is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the bonds; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2020.

On May 8, 2013, the Development Finance Authority (DFA) of Summit County issued Taxable Development Revenue Bonds, Series 2013A, in the amount of \$6,645,000 for the University Edge project by developer Lawrence B. Levey & University Square Investors II, LLC. These bonds mature on November 15, 2027. The City has received approval from the State of Ohio for Tax Increment Financing (TIF) on improvements to the land to be used for the project. The TIF Service Payments will be used to pay the debt service on the bonds issued by the DFA. In the event TIF Service Payments are not sufficient in any particular year to cover the annual debt service on the bonds, the developer will be required to pay the deficiency.

On March 1, 2019, the Development Finance Authority (DFA) of Summit County issued Development Revenue Refunding Bonds, Series 2019, in the amount of \$2,750,000 to refinance previous bond obligations which the City had guaranteed on behalf of the Akron Community Service Center and Urban League to pay the costs of the Akron Urban League's community service center and operations. During 2019 the City entered into an agreement with the County of Summit and Development Finance Authority to guarantee one half of the loan payments on behalf of the Akron Community Service Center and Urban League. As of December 31, 2020, the principal outstanding on the loan is \$2,612,036. The City believes the Akron Urban League is current on all required debt service payments and will continue to pay all debt service when due throughout the remaining term of the bond; therefore, no provision for such guarantee has been recorded in the financial statements as of December 31, 2020.

During 2020, the City entered into an agreement with various parties to unconditionally guarantee \$100,000 for the Soil Stabilization Loan Payments on behalf of Q.T. Equipment Company for the loan issued by Western Reserve Community Fund, Inc.. The City has agreed to contribute a third-party payment in the amount of \$35,000 which is due from the City no later than May 1, 2022. The City has recorded a long-term liability of \$35,000 for the scheduled payment in the accompanying financial statements.

11. Bonds and Loans Payable and Defeased Debt (Continued)

During 2012, the City entered into a cooperative agreement with the Development Finance Authority of Summit County (DFA), Akron Baseball, LLC, and The Bank of New York Mellon Trust Company, N.A. to facilitate financing. The Development Finance Authority of Summit Development Revenue Bonds, Series 2012 were issued for \$3.6 million. During 2020 the DFA issued Development Finance Authority of Summit County Development Revenue Refunding Bonds, Series 2020 for \$3 million to refund the Series 2012 bonds and refinance the coopoerative agreement. The obligation of the City is subject to the annual appropriations made by City Council. The City has recorded a short-term liability of \$210,875 and a long-term liability of \$4,585,925 for the principal and interest payments scheduled to be paid during 2021 through 2042 in the accompanying financial statements. The principal balance outstanding as of December 31, 2020 is \$3,000,000.

The obligations of the City under this agreement, including its obligation to make payments during any fiscal year of the City in which this agreement is in effect, shall not constitute a general obligation or indebtedness of the City within the meaning of the constitution and laws of the State of Ohio. The agreement does not pledge any taxes or other moneys to the amounts payable by the City. Nothing constitutes a pledge by the City or an obligation by the City, of any taxes or other moneys to the payment of any amount payable by the City under this agreement.

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs)

In November, 1996, \$28.9 million Series 1996 Convertible Capital Appreciation Certificates of Participation (COPS) were issued by a bank to finance the costs of the construction of a professional baseball stadium (meeting class "AA" standards) within the City. This issue was refunded by the issuance of Series 2005 COPS. The 2005 issue was refunded by the issuance of Series 2013 COPS. In connection with the issuance of these COPS, and as amended, the City entered into a capital lease agreement (as lessee) for the baseball stadium. The City will make lease payments during successive annual renewal periods through November 25, 2023, providing City Council appropriates funds each year for that purpose. If the lease is paid through November 25, 2023, the City will acquire title to the baseball stadium. The lease agreement also includes a purchase option during the years 2014 through 2023.

The trust agreement for the issuance of the 2013 COPS requires the City to deposit \$20,000 annually into a Capital Renewal Fund. The City can utilize these funds for capital improvements such as repairs, renovations, additional equipment, other facilities, or other improvements to the baseball stadium.

The City has defeased certain certificate issues by placing investments in U.S. Government Obligations in irrevocable escrow accounts. Such accounts will be used, together with interest earned thereon, to provide for the payment of all principal and interest on the defeased certificates on their scheduled due dates. Accordingly, the escrow accounts and the defeased certificates summarized below are not included in the accompanying financial statements at December 31, 2019:

| | <u>Original Amount</u> | | | | | | |
|--------------------------------------------|------------------------|--------------|---------------|-----------------------------------------|--|--|--|
| Issue | Defeasance Date | Defeased | Escrowed | Principal Outstanding at 12/31/19 | | | |
| Certificates of Participation, Series 2010 | 2019 | \$ 9,830,000 | \$ 10,539,250 | \$ - | | | |

On October 25, 2016, the City issued \$11,965,000 Series 2016 Convertible Certificates of Participation(COPs) for the Akron Energy Systems Project (AES). During 2018, the City issued additional COPs totaling \$24,445,000 for the Akron Energy Systems Project. During 2019 the City issued additional AES COPS totaling \$9,360,000. Total future payments as of December 31, 2020 are as follows:

| | Series | s 2016 | Serie | s 2018 | Series 2019 | | | |
|-----------|---------------|--------------|---------------|---------------|--------------|--------------|--|--|
| Year | Principal | Interest | Principal | Interest | Principal | Interest | | |
| 2021 | 350,000 | 366,394 | 605,000 | 937,175 | 795,000 | 232,801 | | |
| 2022 | 360,000 | 358,519 | 635,000 | 906,925 | 810,000 | 214,834 | | |
| 2023 | 365,000 | 349,969 | 670,000 | 875,175 | 830,000 | 195,961 | | |
| 2024 | 385,000 | 331,719 | 700,000 | 841,675 | 855,000 | 176,041 | | |
| 2025 | 405,000 | 312,469 | 735,000 | 806,675 | 875,000 | 154,666 | | |
| 2026-2030 | 2,295,000 | 1,294,194 | 4,255,000 | 3,468,575 | 4,605,000 | 403,433 | | |
| 2031-2035 | 2,680,000 | 910,394 | 5,190,000 | 2,533,756 | - | - | | |
| 2036-2040 | 3,150,000 | 442,231 | 6,205,000 | 1,512,669 | - | - | | |
| 2041-2045 | 695,000 | 23,456 | 4,305,000 | 327,000 | | | | |
| | \$ 10,685,000 | \$ 4,389,345 | \$ 23,300,000 | \$ 12,209,625 | \$ 8,770,000 | \$ 1,377,736 | | |

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs) (Continued)

The City also has eight other capital leases. The first is a 2020 five-year capital lease agreement for three packer trucks. The cost of the equipment is \$793,785 and is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The second is a 2016 15-year capital lease agreement with Summit County to upgrade the radio system. The City's share of equipment totals \$10,635,000, consisting of City owned equipment in the amount of \$5,710,490 and the City's share of jointly owned equipment in the amount of \$4,924,510. It is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The third is a 2017 four-year capital lease for street sweepers. The cost of the equipment is \$570,147 and is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The fourth agreement is a 2018 three-year packer trucks lease at a rate of 2.13% for equipment totaling \$776,157 and is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The fifth agreement is a five-year 2018 street sweepers lease at a rate of 4.18% for equipment totaling \$427,992 and is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The sixth agreement is a 2018 five-year lease at a rate of 4.19% for one Vac-Con sewer cleaning truck totaling \$386,934. It is included in the City's capital assets in the Statement of Net Position - Business-Type Activities and in the Sewer Fund.

The seveth agreement is a 20-year capital lease agreement at a rate of 4.00% for Fire Station No. 4 totaling \$9,585,000. The Development Finance Authority of Summit County (DFA) issued conduit bonds during 2018 to finance construction of Fire Station No. 4 on behalf of the City and will use the lease payments to pay the debt service on the bonds. The DFA also entered into a ground lease agreement with the City for the location of the property. The lease is included in the City's capital assets in the Statement of Net Position - Governmental Activities.

The eight agreement is a 2017, 20-year capital lease agreement for Compost Facility Anaerobic Digestion System 2(ADS2) totaling \$39,490,889 and is included in the City's capital assets in the Statement of Net Position - Business-Type Activities. This was previously reported as construction in process and restated beginning balance at January 1, 2019 to record as a capital lease (Note 30).

The following is a summary of the capital lease transactions for the year ended December 31, 2020:

| | G | ivities | | | |
|------------------------------------|-----------------|-----------------------|-------------------------|-------------------------|--|
| | COPS Stadium | 2020 Packer Trucks | 2017 Street Sweepers | 2018 Street Sweepers | |
| Capital Lease at January 1, 2020 | \$ 5,030,000 | \$ - | \$ 266,035 | \$ 295,096 | |
| Additions Retirements | (2,215,000) | 793,785 (150,771) | (101,587) | (61,514) | |
| Capital Lease at December 31, 2020 | \$ 2,815,000 | \$ 643,014 | \$ 164,448 | \$ 233,582 | |

12. Obligations Under Capitalized Leases and Certificates of Participation (COPs) (Continued)

| | Governn | nental Activities (| Business-type Activities | | | |
|------------------------------------|-----------------|---------------------|---------------------------------|---------------|------------------------|--|

^{*}Amount represents the entire net book value of the capital lease recorded in the statement of net position.

13. Self-Insurance Funds

The City is exposed to various risks of loss including employee health-care costs and accidents, torts and legal judgments, and damage or destruction of assets. The City purchases fire and extended coverage insurance on all buildings and contents up to \$300,000,000 per occurrence, with a variety of deductibles beginning at \$250,000. Coverage is purchased on 981 vehicles for total auto liability including auto liability umbrella of \$21,000,000. There has been no significant reduction in coverage from the prior year, and settled claims have not exceeded the City's insurance coverage in any of the past three years.

The City has a Medical Self-Insurance Fund. The purpose of this fund is to pay medical claims for City employees and their covered dependents and minimize the total cost of medical benefits of the City. The plan is internally managed and accounted for as an Internal Service Fund. This Internal Service Fund has been in existence since 1987.

The City has an Internal Service Fund entitled "Workers' Compensation Reserve Fund" to account for self-insured workers' compensation claims. Workers' compensation is administered by the State of Ohio under a retrospective rating plan. The City reimburses the Ohio Bureau of Workers' Compensation for injured workers' claims subject to a maximum annual claim limit of \$300,000 for each worker's compensation claim. All funds of the City participate in the program and make payments to the Internal Service Fund based on the experience premium that would normally be charged by the Ohio Bureau of Workers' Compensation. Future claims liabilities are actuarially determined.

The City has a Self-Insurance Settlement Fund. The purpose of this fund is to pay judgments and claims. Claims are accrued based upon estimates, past experience, and current claims outstanding. Actual claims experience may differ from the estimate.

The claims liabilities of \$4,154,587, \$880,973, and \$603,545 reported in the Medical, Workers' Compensation, and Self-Insurance Settlement funds, respectively, at December 31, 2020, are in accordance with the requirements of GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, and GASB Statement No. 30, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues. These GASB statements require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The liabilities recorded include the estimated incremental expenses to be incurred to settle the claims, including legal fees. Claims liabilities are based on evaluations of individual claims and a review of experience with respect to the probable number and nature of claims arising from losses that have been incurred but have not yet been reported. The claims liabilities represent the estimated ultimate cost of settling the claims, including the effects of inflation and other societal and economic factors. Estimated future recoveries on settled and unsettled claims, such as subrogations, if any, are evaluated in terms of their estimated realizable value and deducted from the liability for unpaid claims. Any adjustments resulting from the actual settlement of the claims are reflected in the financial statements at the time the adjustments are determined.

13. Self-Insurance Funds (Continued)

Changes in the funds' claims liabilities (both current and long-term) amounts in fiscal 2019 and 2020 were:

| | Beginning of Year | Claim | Current Period | Claim | Balance at End |
|-----------------------|-------------------|-------------|-------------------|-----------------|-------------------|
| | Liability | Adjustments | <u>Claims</u> | Payments | of Year |
| Medical Self- | | | | | |

15. Compliance and Accountability

The following funds have fund balance deficits or net position deficits at December 31, 2020:

Special Revenue Funds:

| Special Assessment | 11,062,569 |
|---------------------------|------------|
| Community Development | 1,188,938 |
| City Facilities Operating | 185,206 |

Capital Projects Funds:

Streets 8,587,656

Enterprise Funds:

Golf 495,875

Internal Service Funds:

| Motor Equipment | 3,067,171 |
|---------------------------|-----------|
| Medical Self-Insurance | 2,906,716 |
| Self-Insurance Settlement | 713,241 |
| Engineering Bureau | 9,986,260 |
| Information Technology | 2,115,778 |

The Special Revenue Funds that have deficit fund balances at year-end have incurred expenditures that have not yet received the revenue under federal or state grant agreements or as a reimbursement including some from other funds. The Special Assessment Fund is awaiting receipt of assessments from property owners to retire the special assessment notes issued to cover the property owners assessments including street cleaning and street lighting. The Community Development fund incurred expenditures related to grants and has not yet been reimbursed. The City will review the charges for services in the City Facilities Operating Fund. The Streets Fund will be reviewed throughout the year.

In 2018 GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits other than Pension was implemented This implementation for OPEB (other postemploymment benefits) liabilities attributes to the deficits in Golf, Motor Equipment, Medical Self-Insurance, Engineering Bureau and Information Technology. The Golf fund has a deficit net position balance at year-end due primarily to the implementation of this GASB. Internal Service Funds that have deficit net position balances at year-end have incurred expenses above charges for services. User charges will be assessed to eliminate the deficits. The City is reviewing the charges for services in the Motor Equipment Fund and will adjust rates if necessary. The Medical Self-Insurance Fund debt will continue to be repaid through user charges. The City's policy is to transfer funds from the pertinent division's operating budget for actual claim settlements to reimburse the Self-Insurance Settlement Fund. The Engineering Bureau Division will continue to review applied overhead rates charged for projects to decrease deficits going forward.

16. Income Taxes

The City levies a tax at the rate of 2.50% on substantially all income earned within the City. In addition, residents of the City are required to pay City income tax on income earned outside the City. However, a credit is allowed for income taxes paid to other municipalities. Employers within the City are required to withhold income tax on employee compensation and remit this tax to the City at least quarterly. Corporations and other individual taxpayers are required to file a declaration annually and pay their estimated tax quarterly.

On May 6, 2003, Akron voters increased the City's income tax rate from 2% to 2.25% which took effect January 1, 2004. However, the additional .25% increase is restricted exclusively for funding the Akron Public Schools' local share in obtaining State of Ohio grants for the construction and renovation of community learning centers in Akron. Therefore, the additional .25% will not be distributed according to City Charter into both operation and capital improvement funds, as described below.

On November 7, 2017, Akron voters increased the City's income tax rate from 2.25% to 2.50% which took effect January 1, 2018. However, the additional .25% increase is designated exclusively for funding public safety protection, including the capital and operating expenses of the Akron Police and Fire Departments, and public service improvements, including roadway improvements and related capital and operating expenses of the City of Akron. Therefore, the additional .25% will not be distributed according to the City Charter into both operation and capital improvement funds, as described below.

The proceeds of income taxes, after payment of the expenditures incurred from collection thereof, are allocated by the City Charter as follows: 27% to capital expenditures and 73% to the General Fund. The portion allocated to capital expenditures may be utilized for payment of debt service or capital expenditures of any City fund.

17. Property Taxes

Property taxes include amounts levied against all real and public utility property located in the City. The Property taxes collected are allocated to the various funds based upon voter authorization.

Real property taxes are levied each October on the assessed value listed as of the prior January 1. Assessed values are established by the County Fiscal Officer at 35% of appraised market value. By law, a revaluation of all property based on current individual appraisals is required to be completed no less than every six years. The last revaluation was completed in tax year 2017 for collection in 2018. The next sexennial revaluation will be completed in 2020 for collection in 2021. In addition, the County Fiscal Officer is required to adjust (but without individual appraisal of properties except in the sexennial reappraisal) taxable real property values triennially to reflect true values.

Real estate and public utility taxes attach an enforceable lien on property as of December 31 in the year levied. Payments are scheduled in two installments in mid-February and mid-July of the succeeding year and are considered delinquent if unpaid as of December 31 of that year

The assessed value upon which the 2020 property tax collections was based aggregated \$2,846,659,680. The assessed value for 2021 (upon which the 2020 property tax collections will be based) is approximately \$3,168,889,560. Under the current allocation method, the City's share was 1.05% (10.5 mills) of

17. Property Taxes (Continued)

assessed value in 2020 for collection in 2021. The City's Charter limits the maximum total tax rate that could be levied without a vote of the electors to 1.05% (10.5 mills).

The Fiscal Officer collects property taxes on behalf of all taxing districts in the County including the City of Akron and periodically remits to the City its portion of the taxes collected. Current real property tax collections for the year ended December 31, 2020, including delinquencies from prior years, were 87.46% of the current year tax levy. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue, while the remainder of the tax receivable is deferred.

18. **JEDD Revenues**

In an effort to promote regional growth and economic development, the City has entered into contracts with four surrounding townships and a bordering municipality to create Joint Economic Development Districts (JEDDs). The City entered into separate contracts with Copley, Coventry, and Springfield Townships to create JEDDs in 1994. Voters in each township approved the respective JEDD contracts in the November 1994 election, which became effective January 1, 1995. In accordance with state law, each of the Districts' Board of Trustees levied a 2% income tax effective January 1, 1995. In accordance with the City of Akron's income tax increases, as of January 1, 2005, Copley, Coventry and Springfield's income tax rate increased to 2.25% and as of January 1, 2018 increased to 2.5%. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. The City has utilized these JEDD revenues, in part, to construct water and sewer lines so that the JEDDs have access to the City's water and sewer system and to encourage and promote economic development.

In 1998 the City entered into a JEDD contract with Bath Township (Bath) and the City of Fairlawn (Fairlawn). This contract was approved by voters in November 1998 and became effective on January 1, 1999. As in the other JEDDs, a 2% income tax has been levied by the District. In accordance with the City of Akron's income tax increases, as of January 1, 2006, Bath's income tax rate increased to 2.25% and as of January 1, 2018 increased to 2.5%. As stated in the contract, the net JEDD revenues are allocated to the City and Fairlawn, with the City providing water and sewer services.

19. Pledged Revenues

Pursuant to GASB No. 48, Accounting and Financial Reporting for Sales and Pledges of Receivables and Intra-Entity Transfers of Assets and Future Revenues, the City holds different types of pledged revenue. Pledged revenues of the City are broken down into water system revenues, sewer system revenues, JEDD revenues, non-tax revenues, income tax revenues, and CLC income tax revenues.

Water System Revenues

The City has pledged future water customer revenues, net of specified operating expenses, to repay \$132.2 million in water system revenue bonds and Ohio Water Development Authority loans issued at various dates ranging from September 17, 2009 through December 10, 2020. Proceeds from the bonds and loans provided financing for various water projects. The bonds and loans are payable solely from water customer net revenues and have varying final maturity dates ranging from July 7, 2024 through January 1, 2052. The total principal and interest remaining to be paid on the bonds and loans as of December 31, 2020 is \$49,727,625. Principal and interest paid for 2020 and total customer net revenues were \$3,782,197 and \$6,856,534 respectively.

Sewer System Revenues

The City has pledged future sewer customer revenues, net of specified operating expenses to repay \$904.8 million in Ohio Water Development Authority loans issued at various dates ranging from November 19, 2009 through August 27, 2020. Proceeds from the loans provided financing for various sewer projects. The loans are payable solely from sewer customer net revenues and have varying maturity dates ranging from July 7, 2021 through January 1, 2067. The total principal and interest remaining to be paid on the bonds as of December 31, 2020 is \$852,988,908. Principal and interest paid for 2020 and total customer net revenues were \$37,322,103 and \$28,938,363 respectively.

JEDD Revenues

The City has pledged future JEDD revenues to repay JEDD revenue refunding bonds originally issued in 2011 for \$27.2 million. Proceeds from the original bonds issued provided financing for various water and sewer projects. The bonds are payable solely from JEDD revenues and have a final maturity date of December 1, 2022. The total principal and interest remaining to be paid on the bonds as of December 31, 2020 is \$3,855,700. Principal and interest paid for 2020 and total JEDD revenues were \$4,268,363 and \$15,785,527 respectively.

| Issued | Amount of Issue | Purpose of Issue | Final Maturity | Debt Service | Future Debt Service |

| 12/21/11 | \$ 27,165,000 | Various Water/Sewer Projects | 12/01/22 | \$ 4,268,363 | \$ 3,855,700 |

Non-Tax Revenues

The City has pledged future non-tax revenues, to repay \$46.5 million in non-tax revenue bonds issued November 25, 2014 through July 1, 2020. In December of 2011, bonds were issued to refund the bonds originally issued in 1997. The 2014 issue refunded the issue from 2008. The 2015 issue refunded the issue from 2006. Proceeds from the bonds provided financing for various economic development and renovation projects. The bonds are payable from non-tax revenue including shared revenue, charges for services, licenses, fees, and fines, and miscellaneous revenue. The maturity dates range from July 1, 2021 through December 1, 2034. The total principal and interest remaining to be paid on the bonds as of December 31, 2020 is \$37,639,308. Principal and interest paid for 2020 and total non-tax revenues were \$4,203,439 and \$154,994,012 respectively.

Income Tax Revenues

The City has pledged future income tax revenues to repay \$161.8 million in income tax revenue bonds and bond anticipation notes issued at various dates ranging from August 8, 2013 through December 16, 2020. The 2016 issue partially refunded the 2012 issue. The 2020 issue refunded issues from 2011 and 2012 as well as 2020 debt service payments for series 2014, 2015, 2016, and 2019. Proceeds from the bonds provided financing for various liabilities, equipment, facilities, and improvements. The bonds are payable solely from income tax revenues and have varying maturity dates ranging from December 1, 2021 through December 1, 2048. The total principal and interest remaining to be paid on the bonds as of December 31, 2020 is \$180,217,428. Principal and interest paid for 2020 and total income tax revenues were \$6,714,004 and \$152,896,736 respectively.

CLC Income Tax Revenues

The City's income tax rate includes .25% Community Learning Center (CLC) income tax revenue. This is designated exclusively for funding the Akron Public Schools' local share in obtaining State of Ohio grants for the construction and renovation of community learning centers (CLC) in Akron. The City has issued bonds totaling \$295 million with final maturities in 2026 and 2033. The Akron Public Schools' annual contribution towards this debt is \$3,000,000. The City has committed each year, from the supplemental income tax revenue, amounts sufficient to cover the City's portion of the principal and interest requirements. Total principal and interest remaining on bonds are \$298,312,498. For 2020 total principal and interest paid by the City was \$21,770,806 and total income tax revenues were \$15,977,079.

^{*}Net of \$3,000,000 annual contribution from Akron City School District.

20. Pollution Remediation

GASB Statement No. 49, Accounting and Financial Reporting for Pollution Remediation Cost addresses reporting standards for pollution remediation obligations. The City is aware of four sites that meet the requirements for disclosure. The first site is a vacant, undeveloped piece of land known as the Middlebury Property, which includes Middlebury East. The City of Akron legally obligated itself by voluntarily commencing cleanup activities and obtained a \$750,000 grant to assist in the remediation clean-up. The projected cost to remediate Middlebury East was estimated at approximately \$1,200,000. A No Further Action (NFA) letter was submitted to the Ohio Environmental Protection Agency (OEPA) in 2014. Ohio EPA issued a Covenant Not To Sue on July 14, 2015. However, the cost of the abandonment of all the wells, piping, and vaults associated with the remediation will be completed in 2023, with an estimated cost of \$234,000. There are no expenses expected for 2021. This amount is included in the Statement of Net Position as of December 31, 2020.

The second site is known as the Westside Depot property where the City of Akron was compelled to take remediation action. This site used to house an underground storage tank (UST) system. During an upgrade to this system in 1991, there was evidence of residual petroleum hydrocarbons under the tank and the associated dispensing equipment. This site also had been the location of a previous UST system that may have consisted of a diesel tank, a gasoline tank, and a kerosene tank. The City conducted free product recovery in 2016 from this site. The Ohio Bureau of Underground Storage Tank Regulation (BUSTR) approved the City's Tier II evaluation in November 2016. The City received the No Further Action status on February 11, 2021. The amount estimated for 2021 is \$23,500 with no further expenses in 2022 and beyond. These amounts are recorded as a liability in the Proprietary Statement of Net Position, Airport Fund, as of December 31, 2020.

The third site for remediation work is known as the former Bridgestone property located at the southeast corner of Firestone Parkway and South Main Street. The City took ownership of the property in 2013 and with it transferred an Environmental Agreement regarding obligations for past completed remediation work. The City is obligated to operate and maintain the engineering control that is located in the basement floor in Plant N. 1. The Ohio EPA issued a Covenant Not to Sue on June 12, 2020. The City will continue to maintain financial assurance in the amount of \$4,000 for operation and maintenance activities in 2021. No expenses are expected in 2022 and beyond. This amount is included in the Statement of Net Position as of December 31, 2020.

The fourth site is known as the Rack 27/29 Combined Sewer Overflows (CSO) Project -Rule 13. A federal Consent Decree between the City, the United States, and Ohio requires the City to implement specific control measures addressing CSO's. One set of measures includes upsizing the underflow drains to the interceptor sewer at CSO Rack 27 and CSO Rack 29 locations. In order to implement this project, the City needed to perform construction activities within and through a former solid waste landfill. Per Ohio's Rule 13, known as the Ohio Administrative Code 3745-27-13, the City needed authorization from the Ohio EPA. Rule 13 authorization was issued by the Ohio EPA on October, 18, 2018. This authorization imposed obligations on the City with regard to the construction activities within the former landfill area. The amount estimated to complete Rule 13 pollution remediation for 2021 is \$100,000. There are no expected costs for 2022 and beyond. This amount is included as a liability in the Proprietary Net Position, Sewer Fund, as of December 31, 2020.

21. Deferred Inflows/Outflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred charges on the issuance of bonds reported in the Government-wide and Proprietary Fund Statements of Net Position. A deferred charge results from the difference in the carrying value of the debt and its par amount. This amount is deferred and amortized over the life of the debt. Deferred outflows related to pensions and OPEB result from changes in net pension liability and the net OPEB liability not recognized as a component of current year pension and OPEB expense. This amount is deferred and amortized over various periods as instructed by the pension plan administrators.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has nonexchange revenue transactions and loans where a receivable has been recorded (such as when property taxes were levied), but the resources cannot be used until a future period. When the City refinances certain debt obligations, the portion of the gain that is not recognized in the current period has been deferred. These items have been reported as deferred inflows on the Government-wide Statement of Net Position. In addition, deferred inflows related to pensions and OPEB are reported in the Government-wide and Proprietary Fund Statements of Net Position. Deferred inflows related to pensions and OPEB result from changes in net pension liability and net OPEB liability not recognized as a component of current year pension and OPEB expense. This amount is deferred and amortized over various periods as instructed by the pension plan administrators.

On the Statement of Net Position Proprietary Funds, the City has recorded certain deferred items that will not be expensed in the current period. Internal service fund deferred outflows from pension and OPEB expense at December 31, 2020 were \$2,369,074 are included in governmental activities:

| | | | | Business T | ype A | ctivities | |
|-----------------------------------|----------------------------|--------|---------|-----------------|-------|------------------------------|------------------------------|
| | Governmental Activities | | Vater | Sewer | E | Other Enterprise Funds | Total Enterprise Funds |
| Deferred Loss on Early Retirement | \$ 125,770 | \$ | - | \$ - | \$ | - | \$ - |
| OPEB Expense | 29,483,468 | 1,7 | 736,420 | 1,103,560 | | 78,662 | 2,918,642 |
| Pension Expense | 39,195,839 | 1,9 | 994,410 | 1,273,063 | | 122,771 | 3,390,244 |
| | \$ 68,805,077 | \$ 3,7 | 730,830 | \$ 2,376,623 | \$ | 201,433 | \$ 6,308,886 |

A summary of the deferred inflows of resources reported in the Government-wide and Proprietary Fund Statement of Position follows. Internal service fund deferred inflows related to pensions and OPEB at December 31, 2020 were \$3,823,412, and are included in governmental activities.

21. Deferred Inflows/Outflows of Resources (Continued)

On the modified accrual basis of accounting, the City has recorded certain receivables where the related revenue is unavailable. Unavailable revenues have been reported as deferred inflows of resources on the Governmental Fund Balance Sheet for the following:

| | | | | | Govern | menta | ıl Funds | | | | | | | |
|----------------|---------------|----|------------|----|------------|-------|------------|---------|--|---|-------|-------------|-------|-------------|
| | | (| Community | Iı | ncome Tax | | Special | | | | | Other | | Total |
| | General | | Learning | | Capital | | Assessment | | | | | overnmental | (| overnmental |
| | Fund | | Centers | In | nprovement | | Fund | Streets | | | Funds | | Funds | |
| Grants | \$ - | \$ | _ | \$ | _ | \$ | 136,497 | \$ | | _ | \$ | 3,066,626 | \$ | 3,203,123 |
| Income Taxes | 7,673,687 | | 939,670 | | 2,838,213 | | - | | | - | | 941,245 | | 12,392,815 |
| Loans | - | | - | | - | | - | | | - | | 9,046,639 | | 9,046,639 |
| Property Taxes | 24,716,623 | | - | | - | | 29,461,628 | | | - | | 28,756,639 | | 82,934,890 |
| Shared Revenue | 2,980,716 | | 39,000,000 | | - | | - | | | - | | 2,392,206 | | 44,372,922 |
| | \$ 35,371,026 | \$ | 39,939,670 | \$ | 2,838,213 | \$ | 29,598,125 | \$ | | - | \$ | 44,203,355 | \$ | 151,950,389 |

Deferred inflows described in the table above also include shared revenues of \$39,000,000 and property taxes of \$54,257,858 where the resources cannot be used until a future period.

22. Transfers and Advances

For the year ended December 31, 2020 transfers and advances presented in conformity with generally accepted accounting principles (GAAP) are listed in the following tables. Interfund transfers are made to cover expenditures/expenses in various funds or to fulfill grant match requirements.

| | | | | Tr | ansfers In | | | | |
|---------------------|------------------|----|-------------------------------|----|------------------------------|------------------------------|----|------------------------|---------------|
| | Transfers Out | G | Other overnmental Funds | Е | Other Interprise Funds | Internal Service Funds | • | Off- Street Parking | Total |
| Governmental Funds: | | | | | | | | | |
| General Fund | \$ 11,415,755 | \$ | 7,865,755 | \$ | 100,000 | \$ 1,850,000 | \$ | 1,600,000 | \$ 11,415,755 |
| | \$ 11,415,755 | \$ | 7,865,755 | \$ | 100,000 | \$ 1,850,000 | \$ | 1,600,000 | \$ 11,415,755 |
| | | _ | | | | | _ | | |

The table below presents the amounts the City has advanced to various funds during 2020.

| | | | | | A | dvanced 10 | |
|--------------------------------|----|------------------------------|----|-----------------------------|----|--------------------|-----------------|
| | | | | Other | | Other | |
| | | Advanced | Go | vernmental | | Enterprise | |

23. Contingencies

(1) Litigation

The City is a defendant in a number of lawsuits pertaining to matters that are incidental to performing routine governmental functions. During 2019, an agreement was reached in an ongoing case, the plaintiff and City agreed to a settlement in the amount of \$1,150,000 to be paid over a three year period. As of December 31, 2020 the City has paid \$575,000 in 2019, \$287,500 in 2020, and recorded the remaining balance of \$287,500 as an accrued liability. Additionally, the City is a party to a labor arbitration proceeding with the Civil Service Personnel Association (CSPA), Inc., a labor union representing a group of employees regarding grievances over the City's implementation of Temporary Emergency Leave during the COVID-19 pandemic. The parties are awaiting the decision of the arbitrator. The likelihood of an unfavorable outcome cannot be determined at this time. The City's management is of the opinion that ultimate settlement of all outstanding litigation and claims will not result in a material adverse effect on the City's financial position.

(2) Federal and State Grants

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agencies for expenditures disallowed under the terms of the grants. The City believes that such disallowances, if any, would not have a material adverse effect on the City's financial position.

(3) Water Agreement

The City of Akron acquired a water system, located in Hudson, from the County of Summit in December of 2006 for \$6,454,845. In exchange for the water system, the County received the benefit of a future credit to be applied towards the purchase of Akron owned sewer infrastructure. As of December 31, 2020, the County has not purchased any sewer infrastructure and the full balance of the credit is remaining.

24. Closure and Post-Closure Care Costs

On November 9, 1998, the City entered into an agreement to transfer control and operating responsibility of its Hardy Road Landfill (Landfill) to Akron Regional Landfill, Inc. (ARLI), a subsidiary of Waste Management of Ohio, Inc. Under the twenty-five year agreement, ARLI assumed the full responsibility for all future costs for operation, permitting, groundwater monitoring, closure, and post-closure costs of the Landfill, which are currently expected to approximate \$6,400,000 through 2034. There are estimated costs after agreement with ARLI terminates; therefore, the City has recorded a liability for \$3,013,212 for future estimated post-closure care costs.

Pursuant to a ruling by the Ohio EPA, the Landfill officially closed on June 30, 2002. The City has begun diverting its waste to Waste Management's American Landfill located in Stark County. As part of a 1998 agreement, the City agreed to use landfill facilities controlled by Akron Regional Landfill, Inc., (a subsidiary of Waste Management) for disposal of ninety percent of the refuse collected by the City's sanitation division.

On October 4, 2004, the City entered into an Agreement with the Summit/Akron Solid Waste Management Authority (Authority) implementing a \$1.20 per ton increase in the waste management generation fee by the Authority to help fund the closure and post-closure operations of the Landfill.

25. Jointly Governed Organizations

The Akron/Summit Convention and Visitors' Bureau (Convention Center) was constructed by the City of Akron along with the County of Summit and the University of Akron, with the City paying approximately 26% of the construction costs. The Convention Center contains meeting rooms, an exhibit hall, and a large ballroom-banquet facility to accommodate a wide range of seminars, trade shows, and major community events.

26. Joint Ventures

The Copley-Akron Joint Economic Development District ("Copley-Akron JEDD") was created by contract between the City and Copley Township under the provisions of Ohio Revised Code sections 715.70 and 715.71. The Copley-Akron JEDD is governed by a six member Board of Directors of which three members are from the City (Mayor and two members of Council appointed by the Mayor and approved by Council) and three members are from the Coply Township (all three Copley Township Trustees). The Copley-Akron JEDD Boards, pursuant to the contract, levies an income tax at the same rate as the City of Akron's income tax. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. Because it is legally separate from the City the Coply-Akron JEDD is not reported as part of the primary government. A summary of the financial information is as follows:

Statement of Receipts, Disbursements and Change in Fund Balance (Cash Basis)

| Income Tax Receipts | \$ 6,680,041 |
|--------------------------------------|-----------------|
| Contractual Disbursements | (728,312) |
| | 5,951,729 |
| Disbursements to Akron | (5,951,729) |
| Change in Fund Cash Balance | - |
| Fund Cash Balance, January 1, 2020 | - |
| Fund Cash Balance, December 31, 2020 | \$ - |

26. Joint Ventures (Continued)

The Coventry-Akron Joint Economic Development District ("Coventry-Akron JEDD") was created by contract between the City and Coventry Township under the provisions of Ohio Revised Code sections 715.70 and 715.71. The Coventry-Akron JEDD is governed by a six member Board of Directors of which three members are from the City (Mayor and two members of Council appointed by the Mayor and approved by Council) and three members are from the Coventry Township (all three Coventry Township Trustees). The Coventry-Akron JEDD Board, pursuant to the contract, levies an income tax at the same rate as the City of Akron's income tax. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. Because it is legally separate from the City the Coventry-Akron JEDD is not reported as part of the primary government. A summary of the financial information is as follows:

Statement of Receipts, Disbursements and Change in Fund Balance (Cash Basis)

| Income Tax Receipts Contractual Disbursements | \$ 3,435,066 (411,556) |
|-----------------------------------------------|------------------------------|
| Disbursements to Akron | 3,023,510 (3,023,510) |
| Change in Fund Cash Balance | - |
| Fund Cash Balance, January 1, 2020 | |
| Fund Cash Balance, December 31, 2020 | \$ |

The Springfield-Akron Joint Economic Development District ("Springfield-Akron JEDD") was created by contract between the City and Springfield Township under the provisions of Ohio Revised Code sections 715.70 and 715.71. The Springfield-Akron JEDD is governed by a six member Board of Directors of which three members are from the City (Mayor and two members of Council appointed by the Mayor and approved by Council) and three members are from the Springfield Township (all three Springfield Township Trustees). The Springfield-Akron JEDD Board, pursuant to the contract, levies an income tax at the same rate as the City of Akron's income tax. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. Because it is legally separate from the City the Springfield-Akron JEDD is not reported as part of the primary government. A summary of the financial information is as follows:

Statement of Receipts, Disbursements and Change in Fund Balance (Cash Basis)

| Income Tax Receipts | \$ 3,308,496 |
|--------------------------------------|-----------------|

| Change in Fund Cash Balance | - |
| Fund Cash Balance, January 1, 2020 | - |
| Fund Cash Balance, December 31, 2020 | \$ - |

26. Joint Ventures (Continued)

The Bath-Akron-Fairlawn Joint Economic Development District ("Bath-Akron-Fairlawn JEDD") was created by contract between the City of Akron (City), City of Fairlawn and Bath Township under the provisions of Ohio Revised Code sections 715.70 and 715.71. The Bath-Akron-Fairlawn JEDD is governed by a nine member Board of Directors of which three members are from the City (Mayor and two members of Council appointed by the Mayor and approved by Council), three members are from the City of Fairlawn (Mayor and approved by Council) and three members are from the Bath Township (all three Bath Township Trustees). The Bath-Akron-Fairlawn JEDD Boards, pursuant to the contract, levies an income tax at the same rate as the City of Akron's income tax. The proceeds of that tax are allocated, in accordance with the contract, primarily to the City. Because it is legally separate from the City the Bath-Akron-Fairlawn JEDD is not reported as part of the primary government. A summary of the financial information is as follows:

Statement of Receipts, Disbursements and Change in Fund Balance (Cash Basis)

| Income Tax Receipts Contractual Disbursements | \$ 8,257,030 (4,601,917) |
|----------------------------------------------------|--------------------------------|
| | 3,655,113 |

| Fund Cash Balance, January 1, 2020 | - |
| Fund Cash Balance, December 31, 2020 | \$ <u>-</u> |

27. Related Organization

The City of Akron, in conjunction with Summit County, University of Akron, Medina County, and Greater Akron Chamber of Commerce, agreed to form the Summit Medina Business Alliance (SMBA). SMBA is a not-for-profit corporation which supports economic development of the region. The organization entered into an agreement with the Kent Regional Business Alliance to carry out activities in cooperation with the Ohio Development Services Agency and the Small Business Administration. The Mayor of the City of Akron appoints three of the five voting members of the board of trustees of the Summit Medina Business Alliance. The SMBA does not pose a financial burden on the City of Akron since it receives revenues from the City and other governments in the area. During 2020, the City paid SMBA \$37,500 for operating expenses.

28. Fund Balance

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

| | General Fund | Community Learning Centers | Income Tax Capital Improvement | Special Assessment Fund | Streets Fund | Other Governmental Funds | Total Governmental Funds |
|------------------------------------------|-----------------|----------------------------------|-----------------------------------------|-------------------------------|-----------------|--------------------------------|--------------------------------|

29. Tax Abatements

Community Reinvestment Areas (CRAs) were established under Ohio Revised Code Section 3735.66 and administered through ORC Sections 3735.66 to 3735.70. The ORC Sections prescribe that in return for building or remodeling properties within the CRA boundaries, applicants can apply for an exemption of real property taxes at 100% of the increased market value of the property.

The City established a CRA in 2010 relating to Envision Apartments. For the fiscal year ended December 31, 2020, the City had only 1 active CRA for which it abated property taxes totaling \$12,224.

During 2017, the City of Akron launched the residential tax abatement program, which designates the entire City as a CRA. Through the program residential applicants can apply for an exemption of real property taxes at 100% of the added property value on any new construction or improvements for a period of 15 years. For the fiscal year ended December 31, 2020, there were 60 active residential agreements with residential taxes abated of \$189,045.

30. Restatement of Net Position

Effective January 1, 2020, the City recorded adjustments to beginning balances to correct an understatement of construction in progress in the Sewer fund. The impact of this adjustment had the following effect:

| | _ | Balance as of ember 31, 2019 | J | Restatement | Dec | ember 31, 2019 as restated |
|------------------------------------------------------|----|------------------------------|----|-------------|-----|-------------------------------|
| Statement of Net Position - Business-Type Activities | | | | | | |

31. Future Leasing Rights, Assigned Agreements and Collaterialized Borrowing

During 2017, the City entered into an agreement with EIP Communications I, LLC (EIP), under which the City relinquishes to EIP its future interest in the Assigned Agreements to EIP for the next 50 years. The City received from EIP a lump-sum payment of \$11,104,987. The estimated present value of the cell tower rent payments sold assuming a 2.2% interest rate and 4% rent escalation at the time of sale was \$4,028,194.

31. Future Leasing Rights, Assigned Agreements and Collaterialized Borrowing (Continued)

The City reports \$6,652,185 on the Balance Sheet – Governmental Funds as unearned revenue that will be recognized over 50 years. The City also reports \$2,604,973 on the Statement of Net Position as liabilities due in more than one year as of December 31, 2020. The following is a summary of the City's future debt service requirements as of December 31, 2020:

| Fiscal Year Ending <u>December 31</u> | <u>Principal</u> |
|------------------------------------------|------------------|
| 2021 | \$ 474,407 |
| 2022 | 474,407 |
| 2023 | 474,407 |
| 2024 | 474,407 |
| 2025 | 474,407 |
| 2026-2028 | 232,938 |
| | \$ 2,604,973 |

32. Subsequent Events

The United States, the State of Ohio and the City declared a state of emergency in March 2020 due to the global Coronavirus Disease 2019 (COVID-19) pandemic. As a result of the pandemic the City, in conformity with the United States and the State of Ohio, extended the income tax filing deadline to May 17, 2021.

On January 25, 2021, City Council passed ordinance 12-2021 authorizing the City to enter into agreements with the Water Pollution Control Loan Fund (WPCLF) with the Ohio Environmental Protection Agency and the Ohio Water Development Authority for construction of the Sanitary Sewer Reconconstruction 2019 Large Diameter Lining Project totaling \$14,441,230.

On March 8, 2021, City Council passed ordinance 59-2021 authorizing the City to enter into agreements with the Water Supply Revolving Loan Account (WSRLA) with the Ohio Environmental Protection Agency and the Ohio Water Development Authority for planning, design and/or construction of sixWater Supply Bureau projects totaling \$11,700,000.

On March 11, 2021, the American Rescue Plan Act of 2021 (ARPA) was signed into law. The City anticipates is will receive approximately \$153 million in funding from the ARPA based upon formulas provided by the U.S. Treasury. Funds are to be distributed in two rounds. The City received the first round of \$72,668,813 on May 19, 2021. The second will be distributed in May 2022. The City is awaiting formal guidelines from the U.S. Treasury before determining how the funds will be used.

^{*} Covered Payroll has been estimated by the City of Akron

Notes to the Required Supplementary Information

For the Year Ended December 31, 2020

Budgetary Data

The City's budgetary process is based upon accounting for certain transactions on a basis other than on generally accepted accounting principles (GAAP). The actual results of operations are presented in the Budgetary Comparison Schedule in accordance with the City's budgetary process (budget basis) to provide a meaningful comparison of actual results with the budget. The legal level of budgetary control is by category for each department within each fund. The categories are wages/benefits, other, and capital outlay.

The major differences between budget basis and GAAP basis in the General Fund, the Community Learning Centers Fund, the Income Tax Capital Improvement Fund, and the Special Assessment Fund are:

- 1. Revenues are recorded when received in cash (budget) as opposed to susceptible to accrual (GAAP).
- 2. Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 3. Encumbrances are recorded as the equivalent of expenditures (budget) as opposed to restricted, committed or assigned fund balance (GAAP).

Recognition of certain revenues may be reclassified between funds to facilitate matching with the related expenditures.

| | General | Community Learning Centers | Income Tax Capital Improvement | Special Assessment | Streets |
|--------------------------------------------------------------------------------------------------------------------------|---------------|----------------------------|--------------------------------------|-----------------------|----------------|
| Excess (Deficiency) of revenues and other financing sources over expenditures and other financing uses (budgetary basis) | \$ 16,730,372 | \$ (1,385,097) | \$ 968,496 | \$ (459,834) | \$ (3,917,426) |
| Adjustments: | | | | | |
| To adjust revenues for accruals | (3,255,523) | 35,722,384 | 15,884,638 | (13,327,079) | 12,278,572 |
| To adjust expenditures for accruals | 1,770,244 | (48,677,179) | (11,821,197) | 10,925,444 | (18,072,804) |
| To adjust for encumbrances | 2,841,738 | | 675,816 | 1,648,222 | 3,378,735 |
| Net change in fund balance (GAAP basis) | \$ 18,086,831 | \$ (14,339,892) | \$ 5,707,753 | \$ (1,213,247) | \$ (6,332,923) |

Notes to the Required Supplementary Information

For the Year Ended December 31, 2020

Schedule of City's Proportionate Share of Net Pension Liability

Information regarding the City's proportionate share of the net pension liability (asset) for fiscal years ending 2014, 2015, 2016, 2017, 2018, and 2019 has been provided by the Ohio Public Employees Retirement System (OPERS) and the Ohio Police and Fire Pension Fund (OP&F). The net pension liability (asset) presented in the City's financial statement as of December 31, 2020 is based on the measurement date of December 31, 2019. Information presented in this exhibit is not available for years prior to 2013.

Schedule of the City Contributions to State Pension Funds and OPEB

The Board of Trustees for both OPERS and OP&F determine the allocation between pension and OPEB plans annually and this allocation may change for year to year. The city pays all contractually required employer rates for OPERS and OP&F employees.

OPERS maintains three separate pension plans. The employer contribution rate is the same for all three plans. The City does not know which plan each of its employees participates in and; therfore; the information presented in the contribution schedule combines all plans from fiscal year ending December 31, 2007 through fiscal year ending December 31, 2013.

Schedule of the Net OPEB Liability and Related Ratios

Information regarding the City's proportionate share of the net OPEB liability for the fiscal year ending 2020 has been provided by OPERS and OP&F. The net OPEB liability presented in the City's financial statement as of December 31, 2020 is based on the measurement date of December 31, 2019. Information presented in this exhibit is not available prior to 2016.

The City also maintains its own plan that is funded on a "Pay-as-you-go" basis. The net OPEB liability for presented in the City's fiancial statements as of December 31, 2020 is based on the measurement date of December 31, 2019.

Supplementary Information

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds - are used to account for types of resources for which specific uses are mandated by City ordinances or federal and state statutes. The title of the fund is descriptive of the activities accounted for therein. The non-major Special Revenue Funds are:

To Account for Special Purposes:

Income Tax Collection Canal Park Stadium COPs

Emergency Medical Service Downtown District Heating COPs

Street and Highway Maintenance Safety Programs

Tax Equivalency City Facilities Operating E.D.A. Revolving Loans Various Purpose Funding

Joint Economic Development Districts Deposits

Akron Muni. Court Information System Police, Fire, and Road Activity

Federal and/or State Statutes to Account for Grants and Subsidies:

Community Development H.O.M.E. Program
Community Environment Grants
Akron Metro. Area Transportation Study
H.O.M.E. Program
Police Grants
General Grants

NON-MAJOR GOVERNMENTAL FUNDS (Continued)

Debt Service Funds - are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest and related costs. The non-major Debt Service Funds are as follows:

General Bond Payment
Debt Service Bond Payment
Special Assessment Bond Payment
Main Place Bond Payment
Downtown Hotel Bond Payment

Non-Tax Revenue Bond Payment Pension Obligation Refunding JEDD Bond Payment Income Tax Bond Payment Taxable Revenue Bond Payment

Capital Project Funds – are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The non-major Capital Projects Funds are as follows:

To Account for Grant Revenue and Other Funding Sources:

Information Technology and Improvements
Parks and Recreation

Public Facilities and Improvements

Public Parking Economic Development

NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds – are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The non-major Enterprise Funds are as follows:

INTERNAL SERVICE FUNDS

Internal Service Funds – are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governmental units, on a cost-reimbursement basis. The title of the funds indicate the type of service provided. The Internal Service Funds are:

Motor Equipment
Medical Self-Insurance
Workers' Compensation Reserve
Self-Insurance Settlement
Telephone System
Engineering Bureau
Information Technology

FIDUCIARY FUNDS

Custodial Funds – are used to account for assets held by the City for individuals, private organizations, or other governments. The City reports on the following eight custodial funds:

Claire Merrix Fund – is used to account for assets held by the City for tennis related expenditures to individuals, private organizations, and other governments.

Police/Fire Beneficiary Fund - is used to account for assets held by the City to provide scholoarships to beneficiaries of deceased Police and Fire uniformed staff.

Police Property Monetary Evidence Fund – is used to account for funds held by the Police Department that will be returned to the other agencies.

Copley-Akron JEDD Fund – is used to account for JEDD income taxes levied by the JEDD Board and disbursements pursuant to the contract.

Coventry-Akron JEDD Fund – is used to account for JEDD income taxes levied by the JEDD Board and disbursements pursuant to the contract.

Springfield-Akron JEDD Fund – is used to account for JEDD income taxes levied by the JEDD Board and disbursements pursuant to the contract.

Bath-Akron-Fairlawn JEDD Fund – is used to account for JEDD income taxes levied by the JEDD Board and disbursements pursuant to the contract.
