In **2025**, Akron will be **resurfacing a total of 48 miles of roadway** including **14 carryover miles** from the **2024 resurfacing program**.

**Akron has budgeted \$5,750,000** for this year's program for **resurfacing** and approximately **\$2.1M for the concrete pavement rehabilitation program**.

The **2025 base roads are top priority** and will be completed this year. If additional funding and time is available, crews will start the **2025 alternate roads otherwise these roads get top priority for next year's list**. Residents can submit any roads that need resurfacing work to 311 by visiting [akronohio.gov/311](https://akronohio.gov/311).

**Note:** This list includes roads in the **2025 Resurfacing Program** as well as roads in the **2025 Concrete Rehab Program**, but these are **two separate projects**.

## City of Akron

# Concrete Pavement Rehabilitation Program

The **Concrete Patch and Match Program** is not an overall replacement of the entire pavement, but replacement of individual concrete slabs (or blocks) that are needed. Each slab is around 10' x 12'- 18' depending on the street. Each road segment is evaluated and a determination is made which segments need to be replaced in order to improve the overall condition of the road. It could just be 1 slab that needs to be replaced or multiple.
