**INSURANCE**

Prior to issuance of a permit, applicant shall submit a certificate of insurance evidencing current coverage for bodily injury and property damage liability arising from fireworks display, with combined single limit of no less than \$1,000,000.00, and with the Village of Arlington Heights covered as an additional insured.

**BONDS**

The form and amount of the bond is to be determined by the Chief of the Fire Department so long as it is not less in amount than \$1,000.00 and conditioned upon compliance with the Fireworks Regulation Act and the Rules of the State Fire Marshal, municipal public fireworks display ordinance, and National Fire Protection Association Standard 1123.

I am aware that the permit is conditional upon the permittee furnishing a cash bond for \$1,000, or more, for payment of all damages to persons or property by reason of permitted display, and arising from any acts of the permittee, his agents, employees, or subcontractors.

I am aware that if I fail to present the Village Manager with proper evidence that such bond has been secured **three (3) days** prior to such display, it will automatically result in revocation of the permit and forfeiture of the permit fee.

I am aware that fireworks to be used in a permitted public display may not be brought in to the Village of Arlington Heights until satisfactory evidence of bond has been presented to the Village Manager, but in no event more than five (5) days before the proposed date of the display. As soon as the fireworks have been delivered to the display site, they shall not be left unattended nor shall they be allowed to become wet.
