Introduction and Welcome

The Avon Transfer Station functions in large part for disposal of items and is home to several facilities designed to afford town residents a convenient way to dispose of waste, recyclables, and used goods in a way that greatly reduces the accumulations of non-recyclable trash. Trash disposal costs the town more and more every year, and we encourage everyone to recycle as much as possible to help preserve our environment and save our tax dollars. The following guide will help you sort out disposables and guide you to the proper bins and containers, roughly in the order you encounter them driving into the Landfill.

All of us at The Avon Landfill thank you for your attention to these details, and we greatly appreciate your cooperation. Please let us know if you have any suggestions for improving our services to you. Call us here at the Landfill during regular business hours at (860) 673-3677.

Disposal Permits and Fees

In accordance with the Town Ordinance, only residents with a valid permit issued pursuant to Section 51-73(c) shall have access to the transfer station and only for the purposes set forth in Section 51-22(b),(c)and (d).

Permit fees:

Resident	$125.00*
Senior	$65.00* (age 62 & over)
Recycling Only	$40.00
One Day Pass	$50.00*
Replacement Tag	$20.00

*Includes Recycling

NOTE: Please sort your trash and recyclables before you arrive at the Landfill. At busy times, particularly Saturday mornings, the demand for parking space, especially near containers 1 through 4 is high. The system works best when everyone can move in and out as quickly as possible. Thank You for your cooperation.
