tech@becterton.org has invited you to use Splashtop.

With Splashtop, you will be able to access your computers from any other computer or mobile device, from anywhere!

Just complete these 3 simple steps:
1. Accept the Invitation from your administrator.
2. On the computer or mobile device you want to remote from, install the free Splashtop Business app and log in.
3. After logging in, you will see all the computers your admin has granted you access to. Connect simply by clicking on the "Connect" button in the Splashtop Business app. If you don’t see any computers, please ask your admin to help you set up the computers you want to remote to.

- The Splashtop Team

Access your email and click on the invitation link to create a Splashtop account.
Enter your name, email address for work, and choose a password. It's very likely your work password won't be accepted here.

Password:

Password must include:
- at least 8 characters
- at least 1 lowercase letter, 1 uppercase letter and 1 number
- no commonly used words:

I'm not a robot

I agree to the Splashtop Terms of Service and Privacy Policy.

Create
Click on the Business App link to download the installer.
Save the installation program to your PC. Your system might behave a little differently depending on your web browser. We're using Firefox in this guide.
Run the installer after the download is finished.
Allow the installer to run and then click OK. Installation complete.
