Matt Woods harvested a bunch of live edge maple for the kiosk, will do a demo of the building. We can have an event, ask for donations, take place at the mini ramp. Need a budget for select board approval if >500. Will need: Gravel for filling post holes, roofing materials, oil, and actual sign material. Matt will make list for approval at next Parks and Rec meeting, to bring to select board. Mark Rizzacasa will donate used skateboards for roofing.
