

The Brodhead Plan Commission and CDA met on December 1, 2013 at 7:00 PM at City Hall. Present were Mayor Doug Pinnow, Holly Everson, Jerry Elmer, Alderman Brian Schimian, Michael Oellerich, Attorney Mark Schroeder. Also in attendance were Jeff Peterson and Nathan Heinrich of Rockford Structures.

The minutes of Nov. 4, 2013 were approved by a motion from Jerry Elmer, seconded by Brian Schimian. Motion carried. No July 2013 minutes are available yet.

The preliminary site plan for the station in Crosswinds was reviewed with Mr. Berg. They will need the highway improvements before they can use the Hwy 11 driveway. They will be working with MSA to coordinate plans- old and new.

Nathan Heinrich of Rockford Structures discussed the Kuhn site. He thought things were ready to move forward. There needs to be communication between them and Mr. Malcook. A meeting is also needed with those two and the City and the Township so everyone is on the same page. The attorney read the conditions that still needed to be met from the Plan Commissions previous list. The property line still needs to be addressed with a boundary line adjustment (fast) or a combination of the lots (which was not recommended because of building limitations). Better communication is needed to move forward quickly. We will hold a special meeting on Dec.8 at 6:15 PM to review these conditions.

A new member is still needed.

Just a reminder that this motion was made at the November meeting.( Jerry Elmer moved to set a Public Hearing on our Jan. 2014 meeting date to change the boundaries of TID #6. Brian Schimian seconded. Motion carried.)

Brian Schimian moved to adjourn the meeting at 8:15 PM and Michael Oellerich seconded. Motion carried.

Secretary, Holly Everson
