

LANDLORD REACTIVATION REQUEST

Account Name: _____ Account Number: _____

Service Address: _____ Subdivision: _____

Mailing Address: _____ City: _____ State: _____ Zip: _____

Email: _____ Phone: _____

By signing this document, the account holder agrees to the following conditions:

To qualify for this service:

- The service address must have an active utility account under the landlord's name.
- The service address must have a payment history with NO penalties/disconnections.
- Once the application is processed, the rental property is set for reactivation. When the tenant closes their account, a new account will be created automatically under the landlord's name, reducing service interruptions.
- If the landlord closes the service account, services will be disconnected until new account holder begins service.
- If the property is sold and no longer the responsibility of the landlord, it is the responsibility of the landlord to notify the City of Cibolo, in writing, via email ubo@cibolotx.gov, or in person at City Hall
- Should the total due on the final bill become delinquent, the account will be sent to the City authorized collections company, the reactivation will become null, and void and a deposit will be required for the property each time service is required.
