A Few Items of Interest . . .

Where's my newsletter?! The Town of Colmar Manor produces a bi-monthly newsletter to help keep residents informed. One printed copy is mailed using bulk mail to each residence in the town. Although this is the most cost effective way to mail it is not always the fastest and sometimes there are delays in delivery. If you would like to have the newsletter emailed to you as soon as it sent to print, please contact Town Hall at 301-277-4920 or send an email to tstone@colmarmanor.net – the emailed copy can be in addition to or in lieu of the mailed copy and there is no limit to the number of emailed copies per residence...have one sent to each member of the family.

Scholarship application deadline August 7th. The Town of Colmar Manor is again offering \$2,000 in scholarship funds to eligible residents under 21 years of age. An application with details is included with this newsletter, available at Town Hall and also available on-line at www.colmarmanor.net

What is a Feral Cat? The Town has received complaints regarding the number of stray cats in the neighborhood. A feral cat is a free-roaming cat who is born and raised in the wild or has been abandoned or lost and has reverted back to its “wild” instinctual self in order to survive. TNR (Trap, Neuter, Return) is the humane approach to managing cats and a proven method in reducing the number of homeless cats. For more info visit saveacat.org on-line or call Alley Cat Rescue at 301-277-5595. Anyone interested in being part of a Colmar Manor Cat Club that will be partnering with Alley Cat Rescue please contact Jason at 301-943-3017 or via email at bbearjason1@yahoo.com

Colmar Manor is now on Facebook at ‘Town of Colmar Manor, Maryland’ (or www.facebook.com/colmarmanormd). Facebook adds to our growing number of methods of keeping the residents engaged and informed of community events including the newsletter, email, website (www.colmarmanor.org), Cable TV channels and YouTube.

The ***Social Services Office*** has returned to 3611 43rd Avenue. The office is open every Tuesday and Thursday from 1:00 pm to 5:00 pm (with the exception of the second Tuesday of each month – closed).

Mosquito Spraying - the Maryland Department of Agriculture has scheduled the Town of Colmar Manor for adult mosquito surveillance and possible spraying on Tuesday evenings. Spraying began June 1 and will run through September 17.

National Night Out is held on the first Tuesday in August (August 4, 2015). This year we are joining with the Port Towns of Cottage City, Edmonston and Bladensburg and the event will be held at Bladensburg Waterfront Park. The site is within walking/biking distance from Colmar Manor. There is also plenty of parking and transportation will be available if needed. More details soon.

Port Towns Day 2015 is scheduled for Saturday, September 19th, at Bladensburg Waterfront Park. More details soon. For vendor opportunities contact 301-277-4920.

The ***MNCPPC Summer Playground*** program began June 29th and runs through August 7th. The program is for children age 6 to 12 and is held Monday to Friday from 9 am to 3 pm at Colmar Manor Town Hall. Stop by, call 301-445-4500 or visit www.pgparcs.com for information.

A few notes of information.....from the desk of the Chief of Police,

Crime Issues

Residential B&E- 4200blk. Newton Street, Tuesday, June 2, 2015, 12:28PM, Cottage City PD and PGPD responded to location for suspect living in vacant house without permission from the owner. The suspect was arrested and charged accordingly.

Residential B&E- 3400blk. 40th. Place, Wednesday, June 3, 2015, 8:45AM, officers responded to residence of suspicious person around the area. A witness advised suspect had broken into rear of the home. The suspect was arrested and charged accordingly.

Anyone with information on these incidents, please contact the police department.

Crime Alerts

If you like to be added to Chief Gibson's Crime Alert Notification system which informs the community of various crimes, weather emergencies, town events, etc., please send an email to him at bgibson@colmarmanor.org or by calling 301-779-5491.

Noise Complaints

There continues to be loud noise complaints in reference to parties in town on the weekends. Please be courteous to your neighbors and control the noise to an acceptable level or even let your neighbors know in advance of the event. Also you may send me an email directly to bgibson@colmarmanor.org so that I may forward it to the community in advance. The police officers have been instructed to issue citations for violations of the Prince George's County Ordinance Sec.19-126., Noise in a Residential Area between 9:00PM-7:00AM that carries fines of \$250 for the 1st. Offense and \$500 for the 2nd. Offense.

Come on out and join meet your elected officials, fellow businesses, police officers and neighbors of the Port Towns family.

Make Summer Safe for Kids

Summer is a great time for kids to enjoy different indoor and outdoor activities. Whether they are young children or teens, learn ways to keep your kids safe and healthy while they enjoy the summer fun.

Water safety

Drownings are the leading cause of injury death for young children ages 1 to 4, and three children die every day as a result of drowning.

(cont'd)

Always supervise children when in or around water. A responsible adult should constantly watch young children.

Teach kids to swim. Formal swimming lessons can protect young children from drowning.

Learn cardiopulmonary resuscitation (CPR). Your CPR skills could save someone's life.

Beat the heat and sun

Heat-related illness happens when the body's temperature control system is overloaded. Infants and children up to 4 years of age are at greatest risk. Even young and healthy people can get sick from the heat if they participate in strenuous physical activities during hot weather. For heat-related illness, the best defense is prevention.

Never leave infants, children, or pets in a parked car, even if the windows are cracked open.

Dress infants and children in loose, lightweight, light-colored clothing.

Schedule outdoor activities carefully, for morning and evening hours.

Stay cool with cool showers or baths.

Seek medical care immediately if your child has symptoms of heat-related illness.

Just a few serious sunburns can increase you and your child's risk of skin cancer later in life. Their skin needs protection from the sun's harmful ultraviolet (UV) rays whenever they're outdoors.

Cover up. Clothing that covers your and your child's skin helps protect against UV rays.

Use sunscreen with at least SPF (sun protection factor) 15 and UVA (ultraviolet A) and UVB (ultraviolet B) protection every time you and your child go outside.

Keep mosquito's and ticks from bugging you this summer

Protect yourself and your family by preventing bites and diseases, like West Nile virus and Lyme disease, which can be transmitted by insects.

Use an effective insect repellent while playing outdoors.

Make your backyard a tick-safe zone.

Check yourself and your children for ticks. Ticks are easy to remove.

Stop the violence

Kids can use electronic media to embarrass, harass, or threaten their peers. Take steps to prevent electronic aggression, a term that captures all types of violence that occur electronically.

As teens develop emotionally, they are heavily influenced by their relationship experiences, including teen dating. Protect your children from teen dating violence. Nearly one in 10 teens reports having been hit or physically hurt on purpose by a boyfriend or girlfriend at least once over a year's time.

Happy Independence Day to everyone and a special Salute to all the men women in the Arm Forces that protect us each and every day. Let's celebrate by doing it right. (cont'd)

FOURTH OF JULY CHECK LIST:

Fireworks are illegal in Prince Georges County

Town of Colmar Manor adopts Subtitle 11 Fire Code, which embraces other State and Federal Codes pertaining to this concern.

Fireworks are most dangerous part of Independence Day celebration.

Every year, hundreds of adults and children are injured and some killed. Fireworks that misfire can destroy property and endanger everyone in the vicinity. Many communities and states have laws restricting or prohibiting fireworks.

Be sure that every member of your family obeys these laws, and share these guidelines with them.

- Go only to legal fireworks displays.
- Hold small children by the hand while watching the display.
- Don't get too near the display.
- If you see illegal fireworks being used, stay away.
- Never hold fireworks in your hand.
- Remember that even though sparklers have a reputation of being safe, they can burn and can start fires.

DID YOU KNOW – That professional fireworks 2” mortar and greater in size have enough explosive power when fired out a tube can go through a section of plywood, can you imagine the damage to the human body. Stay safe go to legal display.

DID YOU KNOW – SMOKE KILLS- don't be complacent, FIRE produces toxic fumes that can kill you with just a few breaths. The fumes tend to rise, so danger increases at higher levels in the room.

If you witness FIREWORKS being sold in Prince Georges County, PLEASE Report by calling 311 or Prince Georges County Fire Prevention, 301-583-2200.

Garden & Green Team News for July & August

Please Save The DATE – Our annual fundraiser to pay for soil, and seeds and the Seed Exchange will take place on Saturday September 13th (rain day will be Sunday September 14th)– we will again be **selling beautiful MUMS** from Behnke's – 16 inch plants for the bargain price of \$10 each. Please support our Community Garden and JOIN US! We will be on the corner next to Burger King.

You will also be able to see us at the **National Night Out!** Join us at the Port Towns celebration this year on Tuesday August 4th at the Bladensburg Waterfront Park. We will have seeds for the kids – grow giant sunflowers – there is still time to start them!

Please remember that you must put your yard cuttings out for bulk pick-up in **large brown paper bags** – we have them available for you at the Town Hall – 2 bags for \$1! You can also buy them at Costco, or the other big box stores (Lowes or Home Depot) – but drop by any time that you need a couple in the Town Hall office.

If you are ready to start Composting – please help the Planet and start composting at home. We still have 8 great composters and you can put in your kitchen and yard waste – growing your own COMPOST! The composters would cost as much as \$100 elsewhere but we have a \$20 deal (with support from a grant and the Town kicked in too). Come buy them in the Town Hall. You can be saving on trash costs, saving our planet and growing your own dirt! The workshop we had during the winter is up on the town website – composting is easy and fun.

Community Garden NEWS – We are in full growing mode, with tomatoes ripening and our beehive helping pollinate our fruits and vegetables. Stop by, sit a bit at our picnic table. It is wonderful to be surrounded by growing things! Our address is 3806 Newton Street. All of our boxes are full, but check us out – maybe you'll want to grow with us next year!

We have Christian Melediz from Eco City Farms (funded by the Kaiser Community Health Care Partnership) helping us this year, and you are welcome to come join him when he is in our Garden – Saturday Mornings from 9-12, come learn with us:

July 11, July 25

August 8, August 22

September 5, September 19

Pesticide Free! Our Town Council passed the Bee Friendly legislation at their June meeting. Our town joins Takoma Park as the 2nd municipality to regulate pesticide usage. Please don't use Round-Up <https://en.wikipedia.org/wiki/Roundup> or other [glyphosate](#) poison. They are banned in many other countries – and are being implicated in loss of bees and other pollinators. The new law is in the education phase now and we will be telling

you more about why this is dangerous. We can offer you more natural alternatives – which work – just ask us. Remember that 1 bite in 3 of what we eat is pollinated – we need bees!

The town still does some spraying for mosquitos – if you don't want your house sprayed, notify the Town Hall to ask for a no spray area around your house. Meanwhile, don't let there be any standing water around your house – mosquitos can breed in a tiny bit of water – turn those saucers under outdoor pots upside down during rain storms, rinse the birdbath every 3 days!

Our Green Team meets each month – let the office know if you are interested in joining us!
