The project consists of the secondary phases to a wood constructed 3 story apartment building. The first phase of the project consisted of Level 1 Alterations which included re-cladding and repainting the exterior as well as replacing light fixtures and enhancing portions of accessibility in preparation for phase 2. The scope of work documented for Phase 2; proposes interior reconfiguration of an existing 3 bedroom unit which are categorized as a Level 2 alteration as well as exterior site elements including but not limited to the following; re-striping the parking lot, new trash enclosure, new exterior community patio, and new screen wall to shield mechanical and existing exterior wood stair. With exception to the exterior Patio; there is no proposed expansion of the building footprint. The interior renovations are limited to the 1st level of the Existing addition which is located at the north end of the existing structure. The proposal converts this space to be utilized as a community room for residents. Phase 1 alterations allowed us to gain an accessible entry to this space via the ramp. Once in the space; the residents will have accessible access to the Community Area, Exterior Patio, and Wellness Areas with service functions being limited to restrooms, a package delivery room; mechanical and storage spaces There is no proposed service function of the space and it is to be limited to the general use of the residents and their guests. See Site Plan 10-21-7.07.

BLD2020-02812	ANNE HEDRICK THIS IS A CONTINUATION OF BLD2018-00380, BLD2020-00148 Density Reduction and BLD2018-00381, BLD2020-00149 SFDW Addition. Per discussion with Inspector Pete Stone, pulling a new building permit due to general contractor cancelling the following permits. This permit supersedes BLD2020-00149 (SFDW), BLD2018-00381 (SFDW), BLD2020-00148 (Density Reduction), BLD2018-00380 (Density Reduction), and Certificate of Occupancy PRJ2018-00101. the building permits were at the the final inspection phase. 1) Added a ( 24' x 20' ) attached garage addition to the front of single family dwelling / BOA is required / fire protected walls are required / additional information and plans are required / 2) DENSITY REDUCTION from duplex to single family dwelling. Interior alterations included removal of walls both load bearing and non-loadbearing. (Engineering report previously submitted), Elec., Plbg, Mech permits were pulled separately. All smoke alarms were updated and added CO detectors. 3) Small deck on the east side of the house was added.	5127 GRAND AVE	10/12/2020	<b>\$2,000.00</b>
