NEW BUSINESS

1. Approval of 515 Walnut Skywalk Closure

Drew Peterson of Blackbird Investments presented this item. The 515 Walnut Tower project will begin in January 2019 with the demolition of the existing Kaleidoscope building. The planned completion is by January 2022. Blackbird Investments is seeking the approval of the Skywalk Committee to close the skywalk for demolition and construction. The skywalk corridors to be closed would be 4D-5D, 5C-5D, 5D-6D, and 5Da. These skywalks would be the connections over 5th, Walnut, and 6th. A temporary skywalk corridor will not be created as the project construction will not be longer than three years. Skywalk Committee members requested that signage, with detour mapping, be posted at all skywalk closure points.

MOTION was made by Alexandra Briggs to approve the 515 Walnut Skywalk Closure with required signage and detour mapping at closure points; seconded by Karen Sol. There was a unanimous consensus of the members present for the motion made on this item.

Respectfully submitted,

Jillian Bradour
Recording Secretary
