✓ Does

Flock Safety

- ✓ Provide a comprehensive, secure platform for public safety technology
- ✓ Trusted by thousands of communities nationwide
- ✓ Protects privacy by design: customers own their own data, set limited data retention, and adhere to role-based access control

✗ Does Not

Flock Safety

- ✗ Sell customer data to third parties
- ✗ Use facial recognition
- ✗ Provide hidden “backdoor” access to the system

These core assurances are governed by our Master Services Agreement (MSA)

✓ Does

Flock License Plate Readers

- ✓ Capture plates and vehicle attributes on public roads
- ✓ Check hotlists
- ✓ Provide investigative leads
- ✓ Retain data 30 days by default

✗ Does Not

Flock License Plate Readers

- ✗ Capture names/DOB/SSN
- ✗ Issue citations or monitor speed
- ✗ Continuously track individuals

Balancing Safety With Privacy

- ✓ Data is 100% owned by customers and will never be sold.
- ✓ Private customers never have access to government data or hotlists.
- ✓ Flock automatically deletes data after 30 days by default.
- ✓ Flock LPR only take images of publicly available information.
- ✓ Only your agency decides who to share with, not Flock.
- ✓ No facial recognition

Built with
Privacy in Mind

Securing Your Data

All data is encrypted in transit and at rest and aligned with:

- FBI (CJIS)
- NDAA
- SOC2 (Type II)
- ISO 27001 (Data Security)
- ISO 27701 (Data Privacy)
- ISO 42001 (AI)
- Higher Education Community Vendor Assessment Tool (HECVAT)

We are also aligned with the security protocols established by NIST Cybersecurity as well as the Cloud Security Alliance CAIQ framework. Stored encrypted on the AWS Cloud.

Community Safety, Community Values

Industry Leading Compliance Features

Search Filters

Prevents searches related to immigration or reproductive care at the request of a community.

Federal Limitations

No federal access to nationwide or statewide network. Only agencies can share their data, not Flock.

Audit Logs

Communities can require both search reason and case number be included in their searches.

Legal Response

We alert you to any legal request for your data.

Dutchess County NY SO Transparency Portal

Last updated: Tue Jul 14 2026

OVERVIEW

The Dutchess County Analysis and Real Time Crime Intelligence Center (ARTCIC) uses Flock Safety technology to capture objective evidence without compromising on individual privacy. Dutchess County ARTCIC utilizes retroactive search to solve crimes after they've occurred. Additionally, Dutchess County ARTCIC utilizes real time alerting of hotlist vehicles to capture wanted criminals. In an effort to ensure proper usage and guardrails are in place, we have made the below policies and usage statistics available to the public.

POLICIES

What's Detected

License Plates, Vehicles

What's Not Detected

Facial recognition, People, Gender, Race

Acceptable Use Policy

Data is used for law enforcement purposes only. Data is owned by Dutchess County NY SO and is never sold to 3rd parties

Prohibited Uses

Immigration enforcement, traffic enforcement, harassment or intimidation, usage based solely on a protected class (i.e. race, sex, religion), Personal use.

Access Policy

All system access requires a valid reason and is stored indefinitely.

Hotlist Policy

Hotlist hits are required to be human verified prior to action.

Transparency Portal Disclaimer - Camera & LPR Mapping

To the extent appropriate for public disclosure, this Transparency Portal discloses law enforcement-owned and publicly deployed camera and License Plate Reader (LPR) locations.

To ensure the privacy, safety, and protection of cooperating citizens

USAGE

Data Retention

Save & Publish

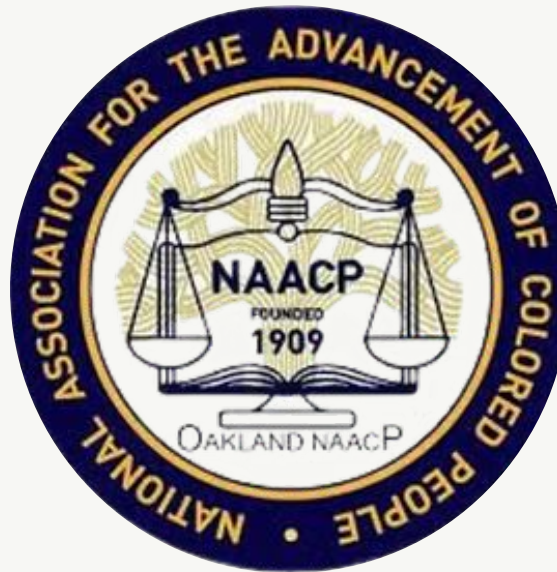

Transparency Portal

- A public, agency-customizable portal that publishes policies, usage metrics, and access details for community visibility.
- Centralizes oversight and cuts repetitive public-records requests so officials can share rules clearly.
- Coming soon: greater customer customization

Proven Impact, *Trusted Partner*

“By utilizing technology like Flock’s License Plate Recognition (LPR) camera system, we have seen remarkable results. **Over 100 missing children cases have been resolved thanks to the swift action enabled by this technology.**”
-NCMEC

“We believe that any technology that **increases post-crash responsiveness and accountability** will help to raise awareness and change behaviors to avoid impaired driving” -MADD

Thank you!
