#### **Members of the Public:**

- Not Present

### **Welcome and Call to Order:**

Chair Hirsch called the meeting to order at 5:01 pm.

### **Roll Call:**

The DHS Committee Clerk called the roll, and it is noted above under Present.

### **Confirmation of Meeting Notice:**

Chair Hirsch asked if the meeting had been noticed. The Clerk said it had been noticed on Wednesday, July 2, 2025.

### **Public Comment:**

Chair Hirsch asked if any members of the public wished to speak at the meeting. No members of the public were present. Chair Hirsch also asked the Committee Clerk if any public comments were received, and the Committee Clerk indicated no public comments were received.

### **Review/Approval of Committee Meeting Minutes:**

The Board reviewed meeting minutes from the Human Services Board Meeting on June 2, 2025. Supervisor Smiar moved to approve the minutes. There were no revisions identified; the minutes were approved 8-0.

**Professionals with a Purpose:**

Behavioral Health Administrator Fedie provided an overview of the Children's Long-Term Support (CLTS) program at the Department. Discussion occurred on this item; no action was taken.

**State & Federal Budget and Legislative Updates:**

Chelsea Shanks, Government Affairs Associate, provided legislative and budget updates, specifically addressing the portions approved in the 2025–27 biennial budget into law last week as 2025 Wisconsin Act 15 signed by Governor Evers. Discussion occurred on this item; no action was taken.

Vice Chair Schneider joined the meeting at 5:24 pm.

**Review of December 2024 Financials:**

Fiscal Services Division Administrator Gardner gave a review of the December 2024 financials. Discussion occurred on this item. Vice Chair Schneider motioned to accept the December 2024 financials. The Human Services Board passed the motion 9-0.

**Review of April 2025 Financials:**

Fiscal Services Division Administrator Gardner gave a review of the April 2025 financials. Discussion occurred on this item. An error in wording was noted on page one of the financials as the \$300,422 was an estimated surplus, rather than an overage. The Clerk agreed to pursue re-posting the corrected financials noting a surplus. Citizen Member Kathleen Clark motioned to revise the April 2025 financials to reflect the correct wording. The Human Services Board passed the motion 9-0.

**Human Services Director's Report:**

Assistant Director Stokes provided an overview of Department updates. Discussion occurred; no action was taken.

**Future Agenda Items:**

- Budget Overview

**Announcements:**

Vice Chair Schneider shared that UW–Eau Claire will host a panel discussion on July 22 from 3–5 p.m. to commemorate the 35th anniversary of the Americans with Disabilities Act. Additional information will be emailed out to the board.

Discussion occurred about advertising for next month's public hearing including social media and a press release.

**Adjourn**

The meeting was adjourned at 6:26 pm.

Respectfully submitted by,

Terri Bohl

## FACT SHEET

TO FILE NO. 25-26/041

This resolution approves the proposed 2026 fee schedule for the Eau Claire County Department of Human Services (DHS), as required by Wisconsin Statute §1.03(2), which mandates annual County Board approval of all fees charged by county departments.

During a review of other statutory requirements, the Department identified that Department of Human Services fee schedules had not been presented for annual approval in prior years.

Per Wisconsin Statutes, the maximum monthly payment amounts are calculated using the Consumer Price Index (CPI) for the Midwest Region. For the 2026 budget, the Department of Human Services is proposing a 2.4% increase to all applicable fees, reflecting the CPI as of June 25, 2025. This adjustment ensures that actual costs are accurately reported to the state and applied consistently.

**Exception:** Rick House fees were significantly increased in 2025 and are proposed to remain unchanged for 2026.

These fee adjustments reflect the Department's commitment to fiscal responsibility and statutory compliance.

Fiscal Impact: The estimated impact of this increase in fees is \$10,000 for 2026.

Respectfully Submitted,

Angela Weideman  
Human Services Director

REQUESTING APPROVAL OF THE 2026 DHS FEE SCHEDULE FOR THE DEPARTMENT  
OF HUMAN SERVICES (DHS)

WHEREAS, the Department of Human Services (DHS) establishes standard fees for services provided across various program areas. These fees are billed to multiple payer sources, including Medicaid (MA), Medicare, private insurance, and, in limited cases, directly to clients based on their ability to pay; and

WHEREAS, the fees are updated annually based on the Consumer Price Index (CPI) for the Midwest Region, DHS is proposing a 2.4% increase to all applicable fees; and

WHEREAS, a significant portion of reimbursement revenue comes from Medicaid (MA) and the increase in fees does not result in proportional increase in reimbursement from MA or other public payers and federal agencies with the exception of the Comprehensive Community Services (CCS) program. This reporting is essential for applying for and justifying grant funding, determining eligibility for specific programs, and meeting compliance requirements with various funding sources; and

WHEREAS, Wis. Admin. Code § DHS 1.03(2) requires annual approval of the fees by the county board of supervisors in the fall of each year.

NOW, THEREFORE BE IT RESOLVED the Eau Claire County Board of Supervisors does hereby approve the attached 2026 DHS Fee Schedule.

ADOPTED

## FACT SHEET

TO FILE NO. 25/26-045

**Rationale for New Position:** To enhance the 180 Program within the Juvenile Detention Center. The 180 Program has only one assigned staff member. The added position will enhance programming/services to the youth, allow for more flexible coverage within the facility, provide better support for youth in Aftercare, and potentially grow the 180 Program. Ultimately, the outcomes for youth in the 180 Program and re-integrating into the community will be improved.

**Functional Role of Position:** The major function of this position will be to provide support for the 180 Program Coordinator. The person in this position will have a small caseload. They will be responsible for conducting team meetings, communicating with Social Workers, parents/guardians, and having weekly meetings with youth on their caseload. They will make referrals when necessary. They will also participate in weekly 180 Program meetings to give updates about youth on their caseload. Another major function of this position is to connect with community partners and have an active role with youth in Aftercare. Additionally, the person in this position will also provide coverage in the facility, when necessary.

**Determined need for the Position:** The desire to better serve the youth and lack of flexibility in staff resources caused the need for this position. An Aftercare Program was implemented a few months ago. There is a need to provide better support for youth as they transition back to the community. We are trying to connect youth with community resources and engage them in various community activities to support community re-integration. Assigning another full-time staff member to the 180 Program will allow for consistent and improved programming with minimal disruption to the short-term program.

**Risk of not approving:** The work is currently being underperformed. We have had to limit enrollment in 180 and at times there is a waitlist. Further, youth are limited in opportunities for community involvement and re-integration when we do not have staffing to meet capacity. If we do not create this position, we will continue to have a waitlist at times and the opportunities for youth in 180 will remain limited. This is particularly important as there have been times when due to the waitlist, we have had to consider pursuing high-cost residential care for children in Eau Claire needing 180 placements.

**Cost Impacts:** JDC Management applied for a Youth Stabilization Re-entry Grant through the Wisconsin Department of Justice and were awarded \$247,538 with an effective date of July 1, 2025. The grant award covers the full personnel costs, including benefits, for a limited-term Juvenile Detention Center worker for 2 years or conclusion of the grant award in June 30, 2027. Due to the grant award, this request requires \$0 investment or matching funds on behalf of Eau Claire County.

CREATING A FULL-TIME LIMITED-TERM JUVENILE DETENTION WORKER  
POSITION TO SUPPORT THE 180 PROGRAM IN THE EAU CLAIRE COUNTY HUMAN  
SERVICES DEPARTMENT

WHEREAS, the Juvenile Detention Center recently applied for and was awarded grant funds in the amount of \$247,538 through the Youth Stabilization Re-entry grant with the Department of Justice; and

WHEREAS, supporting the 180 Program within the Juvenile Detention Center to increase opportunity for youth to engage in community activities and support re-integration back into the community; and

WHEREAS, this position is needed to increase enrollment numbers for the program and subsequently reduce and/or eliminate the current waitlist of the program; and

WHEREAS, if this position is not created, there is risk associated with some of the youth on the waitlist needing to be referred to high-cost residential care therefore impacting Eau Claire County's cost to serve; and

WHEREAS, the grant award fully covers all personnel costs, including benefits, in the amount of \$192,512 for a Juvenile Detention Worker to start effective immediately through June 30, 2027, requiring no financial investment or matching funds from the County to implement.

NOW THEREFORE BE IT RESOLVED that the Eau Claire County Board of Supervisors hereby approves the creation of a Full-time limited term Juvenile Detention Worker position in DHS as soon as possible and going through June 30, 2027.

Resolution 25-26/045

## FACT SHEET

TO FILE NO. 25/26-046

### Background

The current Resource Specialist – Operations Records position is a full-time (1.0 FTE) role that is split between two distinct functions:

- 50% Records Management: Includes organizing, maintaining, and processing sensitive client records and data in compliance with regulatory and department requirements.
- 50% Front Desk Support: Involves greeting the public, answering phones, directing visitors, and supporting lobby operations for the Department of Human Services.

### Proposal

This resolution proposes dividing the existing 1.0 FTE position into two separate 0.5 FTE part-time positions:

- 0.5 FTE Resource Specialist Operations Records – Dedicated exclusively to records responsibilities.
- 0.5 FTE Resource Specialist Operations Reception – Front Desk Support: Focused solely on reception and lobby operations.

### Rationale

1. Operational Efficiency – Splitting the role allows for more focused attention and expertise in each area. Each function requires different skill sets, workflows, and priorities.
2. Employee Performance and Fit – The current structure has demonstrated that individual strengths may align more effectively with one area than the other. Specializing roles allows for better job performance and satisfaction.
3. Improved Coverage and Flexibility – Having two part-time roles increases staff availability for lobby coverage, especially during vacations, FMLA absences, or other unexpected leave.
4. Cost Savings - The 2026 budget reflects this change, resulting in an approximate savings of \$11,000 annually through adjustments in wage and benefit costs.
5. Workforce Planning – This approach aligns with the department's broader goal to ensuring high-quality customer service and compliance with recordkeeping standards.

### Next Steps

Pending approval, the two part-time positions will be posted and filled in accordance with County HR protocols. The Department will continue to monitor staffing needs to ensure continuity of operations.

Respectfully Submitted,

Angela Weideman  
Human Services Director

ABOLISHING (1.0) FTE, RESOURCE SPECIALIST- OPERATIONS RECORDS POSITION AND CREATING (2)- 0.5 PART\_TIME FTE POSITIONS FOR (0.5) RESOURCE SPECIALIST- OPERATIONS RECORDS AND (0.5) RESOURCE SPECIALIST- OPERATIONS RECEPTION IN THE EAU CLAIRE COUNTY HUMAN SERVICES DEPARTMENT

WHEREAS, the current Resource Specialist role required a mix of data compliance and front desk support, which can require different skillsets; and

WHEREAS, when the current position became vacant, it allowed DHS to re-analyze the primary functions and determine that increased operational efficiencies as well as cost savings could be realized by splitting the role into (2) part-time positions; and

WHEREAS, the operational efficiencies would come in the form of focused attention and expertise in each area, increased candidate interest by appealing to a wider candidate pool, increase coverage availability for the lobby and increased customer service due to the role aligning with the function; and

WHEREAS, the cost savings would come from the decreased cost of benefits due to the part time role classification in the amount of (\$11,000); and

WHEREAS, HR has verified that the candidate pool for part-time positions with comparable skill requirements is strong and doesn't foresee increased challenges for recruiting.

NOW THEREFORE BE IT RESOLVED that the Eau Claire County Board of Supervisors hereby approves abolishing 1.0 (FTE) Resource Specialist-Operations position and creating of (2)- 0.5 Part-time positions for 0.5 Resource Specialist-Operations Records and a 0.5 Resource Specialist- Operations Reception as soon as possible- determined by Human Resources.

## Initial Overview of 2026 Proposed Budget

August 4, 2025

# Current Staffing

Eau Claire County Department of Human Services (ECCDHS) is currently staffed by a dedicated team of 273 individuals, representing 268 full-time equivalent (FTE) positions.

The department is organized into 5 interconnected divisions.

**Mission:** We care.  
We act. We empower.

**Vision:** To boldly  
advocate for a safe,  
healthy, and caring  
community.

**Values:** Welcoming,  
Ethical, Compassion,  
Appreciation, Respect,  
Excellence

# Statutory Responsibilities

---

**46.23 (1) Intent:** To make available to all citizens of this state a comprehensive range of human services in an integrated and efficient manner

**46.23 (3) County Department of Human Services:** Prepare a local plan for the delivery of human services including an inventory of all existing resources, identifying new resources and services, and a plan for meeting the health, mental health, and social needs of individuals and families. The plan should include the establishment of long-range goals and intermediate-range plans, detailing priorities and estimated costs.

For Eau Claire County our service delivery is structured to provide services in response to the following mandates:

- Economic Support Services
- Child Protective Services
- Youth Justice Services
- Long-Term Support Services
- Adult Protective Services
- Mental Health and Substance Abuse Services
- Birth to Three Services

**46.23 (4) Human Services Board:** Policy Making Board

## EAU CLAIRE COUNTY DEPARTMENT OF HUMAN SERVICES

### Department Report – Division & Unit Updates

Director – Angela Weideman

August 4<sup>th</sup>, 2025

#### Operations, Data, and Fiscal Update

##### **Federal Policy Update: Executive Order on Homelessness, Mental Illness & Public Safety – Update from National Association of Counties (NACo)**

On July 24, 2025, the White House issued an Executive Order (EO) that shifts federal policy on homelessness and behavioral health, emphasizing civil commitment, public safety, and treatment-based interventions. This change will significantly impact counties across several program areas:

##### **Key Implications for Counties:**

1. **Mental Health Treatment Beds** – Counties will be required to support civil commitment and institutional treatment for individuals with serious mental illness to avoid premature releases due to capacity constraints.
2. **Restrictions on Harm Reduction** – Federal funding from SAMHSA can no longer support syringe exchange, naloxone distribution, or supervised consumption sites. Counties must use state, local, or opioid settlement funds for these services.
3. **New Crisis Response Support** – Increased funding for Federally Qualified Health Centers (FQHCs) and Certified Community Behavioral Health Clinics (CCBHCs) to provide rapid crisis intervention and diversion services.
4. **Drug Courts & Jail Diversion** – Expanded support for drug courts and alternatives to incarceration.
5. **Emergency Encampment Response** – DOJ-directed emergency funds may assist counties in removing encampments where public safety is at risk.
6. **Tighter Program Conditions** – HUD and HHS may now require:
  - a. Mandatory treatment participation
  - b. Data sharing with law enforcement (as legally allowed)
  - c. Limits on housing eligibility (e.g., for sex offenders or individuals near safe consumption sites)

##### **Broader Fiscal and Operational Challenges Nationally:**

- **Increased Local Costs** – Cuts in federal cost-sharing for programs like SNAP and Medicaid will increase county obligations—\$850 million annually for SNAP alone by FY2027.
- **Administrative Burdens** – Stricter eligibility and verification requirements will demand more staff and technology upgrades without additional funding.
- **Uncompensated Care Risk** – Reduced Medicaid coverage may increase pressure on county-supported hospitals and emergency services.
- **Cuts to Key Programs** – Proposed federal budget cuts threaten rural and infrastructure programs including:
  - Community Development Block Grants (CDBG)
  - HOME Investment Partnerships

- USDA Rural Development
- FEMA's BRIC disaster mitigation program
- **Reduced Local Autonomy** – Counties may face tighter mandates and less flexibility to prioritize local needs, with possible implications for local taxes or service reductions.

### Next Steps

Counties are advised to monitor forthcoming federal guidance, assess local service capacity, and prepare for adjustments in funding eligibility, privacy rules, and behavioral health services. NACo continues to advocate on behalf of counties and track these developments.

### Family Services Division Update (Melissa Christopherson)

In Family Services, we continue to focus on innovative services, reducing placements and creative budget planning.

The JDC is working to add a position that is grant funded for the first 2 years. This position will improve 180 program support and after care services with the goal of increasing program capacity and revenue. The grant also adds additional mentoring services and staff training. Further, the implementation of the mental health practitioner is complete, and we are now in the process of expanding the services of the mental health practitioner to short term youth through available school district mental health funds.

The Youth Services unit, Resource unit, Children's Long Term Support unit, and Lutheran Social Services are now finalizing the planning stage and entering the implementation phase of the development of a level 5 shift staffed foster home. The development of this home will allow us to bring back one out of state placement and will result in a long-term cost savings when it comes to serving that youth, as due to the acuity of needs, the youth is expected to require lifelong services. It is also a major undertaking requiring partnership and approvals from both the WI Department of Children and Families and the WI Department of Health. We do hope in the long term this home will be able to expand and serve 1-2 more children currently in long term residential placements.

The Youth Services team recently applied for a Youth Innovation Grant that if awarded will provide increased staff training, improved access to post dispositional services to youth, and transportation for youth who are struggling with truancy and working with us through system of care or as part of a diversion from a truancy citation.

The Resource Unit is also working to finalize a new procedure on respite that will assist us in better managing costs and coordinating care needs. Further, they are working to continue to support other units in family find and connections. This summer we were able to place children long term with relatives in New York and are currently assisting in reunifying children currently in placement here with extended family in Tennessee and Arkansas.

### Behavioral Health Division Update (Luke Fedie)

As you venture around downtown Eau Claire this July and August, you may see some signage for the Deflection Program that we are running here in DHS. July 20<sup>th</sup> through the 26<sup>th</sup> was National Deflection Week. During that week we were able to put together some media campaigns, including but not limited to, a video on what Deflection is and how to access the program, as well as signage with QR codes that could be scanned to learn more.

This media campaign also includes the use of social media, with posts on the Eau Claire County Facebook page as well as the Eau Claire Sheriff's Office's Facebook page. Here are the posts:

#### Eau Claire County Facebook:

A Safer, Healthier Eau Claire – Together

The new **Eau Claire County Deflection Program** is changing the way we respond to substance use. **Deflection** means offering help—not handcuffs—by connecting people to free, confidential peer support **before** an overdose or crisis.

This program is the result of a strong **community partnership** between the **Sheriff's Office, Department of Human Services, Criminal Justice Services, Eau Claire City-County Health Department, and At the Roots LLC**—all working together to create a healthier, safer Eau Claire County. #### ECCSO Facebook:

Help, Not Handcuffs

Our job is to protect the public and sometimes, that means helping people before a crime is ever committed.

The **Eau Claire County Deflection Program** connects people struggling with substance use to free, confidential support services **before** an overdose, a crisis, or contact with law enforcement. Every person we help through deflection instead of incarceration isn't just saving a life, we're reducing crime and making our community safer.
