Dear Edison Resident:

The many services provided for residents of Edison Township throughout the year are listed in this 2026 Public Works Department Calendar.

My administration remains committed to strengthening Edison's Department of Public Works to deliver outstanding services that support our community's quality of life. From upgrading all 32 parks, planting trees, enhancing playgrounds, and adding fitness trails and athletic courts, and utilizing the Recycling Center, our Department of Public Works continues to make Edison a place where families can thrive. We are grateful to our Department of Public Works for helping maintain the high standard that makes Edison a wonderful place to live, work, and raise a family.

Our website (www.EdisonNJ.gov), Local Access Edison TV, Nixle, Recycle Coach, and social media platforms provide the latest advisories, events, and announcements. In extreme conditions or emergencies, I will place a robocall to residents and businesses in town.

MAYOR SAMIP "SAM" JOSHI

Holiday Schedule

Municipal Garbage Collection Holiday schedule is noted on the monthly calendar.

Garbage/Recycling Can Repairs & Replacements

If your can is damaged, please call the office to schedule an inspection for a repair or replacement. If your can is lost or stolen, there is a fee of \$75 to purchase a new one. ONLY checks and money orders will be accepted.

Multi-Family Units (Condos, Townhouses, Apartments)

Household Garbage/Solid Waste is collected by private haulers at designated areas. Recycling items are collected at designated areas bi-weekly. Contact your Management office for your recycling days and designated area locations. Refer to **Page 7** for Spring and Fall clean-up information.

RECYCLING CENTER/RECYCLING COLLECTION

HOW CAN YOU RECYCLE?

The Township provides a curbside recycling collection program for basic recyclable items (single stream containers, newspaper, magazines, mixed paper). The curbside recycling program is a simple and efficient way residents can properly dispose of recyclables. Recyclables must be placed at your curbside in appropriate recycling containers the evening before your scheduled day. ***Corrugated cardboard is placed next to container. If it is in your container your recycling will NOT be picked up.***

DROP OFF CENTER FOR EDISON RESIDENTS:

**Recycling Center
745 New Durham Road**

Hours: Monday-Saturday 6:30 am-2:00 pm

***No commercial vehicles or rented trailers will be permitted at any time for any reason.**

***For Edison residents only, proof of residency required.**

Security cameras on location.

Acceptable Items that can be dropped off:

- Leaves
- Grass
- Branches (cut to guidelines)
- Furniture (e.g., sofas, chairs, tables)
- Box springs and/or mattresses **that are wrapped and sealed in plastic**
- Metal items
- Washers
- Dryers
- Microwaves
- Electronics (e.g., TVs, computers, printers)
- Cardboard
- Fixtures (e.g., toilets, tanks, metal tubs. Tanks must be separated from toilet bowls) Limit 1 each

Unacceptable items that cannot be dropped off:

- Construction materials, including but not limited to:
 - Vinyl/Metal window frames
 - Interior/Exterior doors
 - Fencing
 - Carpeting and/or padding
 - Tiles
 - Flooring
 - Glass
- Unwrapped mattresses/box springs
- Uninspected hot water heaters
- Pallets
- Paint and any other household hazardous waste materials
- Tires
- Car batteries
- Textiles

Recycling improperly can result in contaminating the entire truck load and puts the Township at risk for a hefty fine.

RECYCLE – IT'S THE LAW!

HOW TO DETERMINE YOUR RECYCLING SECTION

The Township is divided into 10 Recycling Sections (RS) **refer to Page 10**. Materials for recycling are collected every other week (bi-weekly). The specific dates for each recycling section are shown on the Month-by-Month Calendar starting on **page 11**. Multi-family residences have centralized recycling areas from which recyclables are collected bi-weekly. Contact your Management office for recyclable days and centralized area locations. If you need help determining your RS# (Recycling Section) please contact the public works office at 732-248-7288 or email at publicworks@edisonnj.gov

INSTRUCTIONS FOR CURBSIDE RECYCLABLES

HOW DO I KNOW WHEN MY GARBAGE IS GOING TO BE PICKED UP AT MY ADDRESS?

Edison Township maintains an app called Recycle Coach. The app can be found in the Apple app store and in the Google Play store.

Alternatively, you can also search your schedule by your address from our website:

(<https://www.edisonnj.gov>). Then click on “Public Works”, then “Recycle Coach Calendar App”.

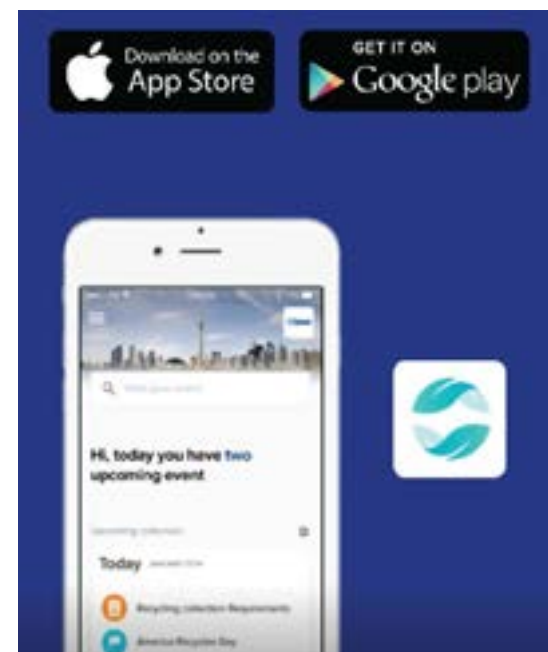

Once on the page, click on My Schedule.

Enter your address in the address bar. Your garbage, recycling and other important waste collection schedule information will be displayed.

Garbage collection will be represented with a green garbage can symbol.

Recycling collection will be represented with a blue garbage can symbol.

SOLUTIONS TO STORMWATER POLLUTION

Actions You Can Take to Protect and Help Restore the Raritan River & Bay

Why does the Raritan Bay need our help?

Long appreciated for its great aesthetic, economic and recreation value, an array of human impacts now threaten the health of the Raritan Bay. Pollution on streets, parking lots and lawns is washed by rain and snow melt into ditches, storm drains, streams, rivers and ultimately, Raritan Bay.

The stormwater pollution is one of Raritan Bay's greatest threats to clean water and the rivers and creeks that drain into it. Fertilizers, pesticides, motor oil, animal waste, detergents, grass clippings, yard waste and litter are all examples of stormwater pollution.

LIMIT YOUR USE OF FERTILIZERS AND PESTICIDES

- Perform a soil test to see if you need to fertilize
- Use a drop spreader to apply fertilizer
- Sweep up fertilizer from pavement and other hard surfaces after applying
- Do not apply fertilizers if heavy rain is predicted
- Follow the instructions on the bag label for correct application procedures
- Try alternatives to pesticides, such as plants that repel insects
- Properly store fertilizers and pesticides
- Landscape your property using native vegetation and plants
- To learn more about the proper use of fertilizer go to:
www.nj.gov/dep/healthylawnshealthywater

As a resident or business of the Raritan Bay, there are everyday actions you can take to help reduce stormwater pollution

DON'T PUT ANY WASTE IN STREET OR STORM SEWERS

- The stormwater system is for the collection of storm water only.

DON'T PUT YARD WASTE IN STREET

- Grass clippings, leaves and other yard waste should **always** be placed in containers and **never** swept, raked, blown, or otherwise put in street
- If such materials are in the street, they should be removed

KEEP A LID ON ALL DUMPSTERS & REFUSE CONTAINERS

- Uncovered dumpsters and other refuse containers can cause wastes to reach natural water bodies during storm events

CLEAN-UP AFTER YOUR PET

- Use newspaper, bags or pooper scoopers to pick up pet waste

DON'T FEED WILDLIFE

- Do not feed ducks, geese or other forms of wildlife in public areas

DON'T LITTER

- Place litter in trash receptacles and keep it out of storm drains
- Reduce, reuse and recycle
- Participate in community clean-ups

EDISON GREENWAY GROUP

The Middlesex County Greenway is a multi-use trail in New Jersey running from the Borough of Metuchen through Edison to Woodbridge, for a total length of 3.5 Miles (5.6 km). The mission of the Middlesex Greenway Coalition is to preserve a historic rail corridor as a rail-trail and to connect it to a growing system of bike paths and bike routes. There are 12 entry points along the trails length. For more information visit www.edisongreenways.org or call 732-985-7071.

CUT IT AND LEAVE IT PROGRAM

Did you know that mulching grass clippings for use in your yard is not only easier, but better for your lawns health and appearance? According to State of New Jersey's "Cut It and Leave It" program, environmentally conscious usage of your grass clippings can save you up to 25% of time spent on lawn care as proper usages will remove trips to bag your grass and save you from having to fertilize your lawn as often. Grass mulch, which would be generated by nearly all new mowers, also protects your lawn from the elements throughout the year and reduces the amount of water consumption as it helps lock in moisture from drying out in the days sun. Moreover, mulch can be used in combination with other fertilizers and lawn additives to help your garden beds for many of the same reasons, as organic matter boosts the effectiveness of these products in most correct uses. Taking actions like these show that not only can it be easier to lessen our carbon footprint, but beneficial to us in our everyday lives.

BACKYARD COMPOSTING
helps the environment while creating a
wonderful nutrient for your soil.
