RV Electric Agreement

To be considered a temporary RV electrical service all installations must fall under the Elko County definition of a transient dwelling which allows for the parking of an RV for a maximum of 28 consecutive days. Lots with RV's parked for longer than 28 days consecutively must have a septic system approved by the State of Nevada for proper disposal of sewage. Failure to abide by this requirement will result in disconnection of electrical service

I hereby certify that I understand and agree to the provisions stated above,
