RE: Jefferson Street Area Land Acquisition and Improvements  
Sucker Brook Driveway Crossing  
Loan Orders

Dear Councilors:

Your approval is respectfully requested for the attached loan orders for \$2,000,000. There are two separate loan orders for \$1,000,000 each as one will be supported by the Water Enterprise Fund and the other shall be supported by the City General Fund. This project is intended to result in the acquisition of over 13 acres for a future Water Treatment Facility and the protection of Sucker Brook.

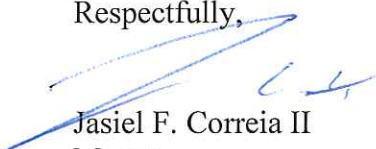

The plan involves the donation of 10 acres of land by the Atlantis Charter School. In return the City shall construct a driveway and stream crossing to allow access to their site. This driveway also has the potential future use of improving access to the adjacent industrial park and public access to the waterfront. The Water Division also plans to purchase the adjacent land on Lot D-20-16 which includes 3.37 acres.

The value of this plan is to protect waterfront property on the South Watuppa Pond for construction of a future water treatment facility. As water demand expands in the future the potential use of this additional resource will be a major advantage for the City. On the interim, we plan to develop a public access plan for passive recreation.

Also attached are the estimated project costs, amortization schedule, draft agreement with the Charter School and location of the land parcels. Please note that the agreement is still a draft and subject to further revision.

Please call me if you need further information.

Respectfully,

  
Jasiel F. Correia II  
Mayor

## AGREEMENT

Draft-8/22/16

Agreement made this \_\_\_\_\_ day of August, 2016 by and between the City of Fall River, a municipal corporation of the commonwealth of Massachusetts, and the Atlantis Charter School, 37 Park Street, Fall River, MA 02721.

WHEREAS, the Atlantis Charter School, intends to build a new school on Lot D-20-1 bordered by Jefferson Street to the north, Dickinson Street to the south, wetlands to the west and the South Watuppa Pond to the east; and

WHEREAS, the City of Fall River and area residents have expressed concerns regarding the detrimental impact of traffic to the Dickinson Street area by the Atlantis Charter School; and

WHEREAS, the Atlantis Charter School is willing to address the traffic and safety issues to the extent and upon the terms hereinafter enumerated;

NOW THEREFORE, the City of Fall River and the Atlantis Charter School agree as follows:

Atlantis Charter School shall:

1. Require that all vehicles (buses, vehicles for employees, students and parents) shall enter the site via an access road from Jefferson Street.
2. Construct a secondary emergency egress road to Dickinson Street that will be gated and closed except for emergency vehicle access by the Police/Fire Departments and/or release of vehicles during a temporary emergency event that renders the Jefferson Street driveway inaccessible. Said emergency must be related to Police/Fire emergency events and not for convenience.
3. In the event that the Jefferson Street access is not completed and ready to use when the School is ready to open in September of 2017; then the Dickinson Street access may be used on a temporary basis for student access only.

1a+b

4. Construct a walking path for students that walk to utilize the Dickinson Street egress area. The Atlantis Charter School shall require walking student to use this pathway.
5. Construct the flood control improvements on Dickinson Street previously identified in the draft Integrated Master Plan to include elevation of the road at the low point by 2.5 feet and replace the existing culvert with two 5 'x 2' box culverts.
6. The Engineer for Atlantis shall design the flood control improvements subject to approval by the City Engineer and the Administrator of Community Utilities. Atlantis shall not be held liable for flooding events or impacts related to these improvements as approved by the City after construction is complete.
7. Donate 10 acres of land including portions of the north and west side of the property to the City of Fall River Water Division. The exact land donation must be finalized in a sub division plan approved by and deeded to the City of Fall River.
8. Disclose any land contamination issues on the existing site and mitigation efforts that are needed.
9. Avoid and minimize the use of Dickinson Street by any vehicles related to construction of the school to the greatest extent possible.
10. If any wetland restoration is needed on the donated land then said restoration shall be completed by the Atlantis Charter School on their remaining portion of the land.
11. Atlantis shall support and not interfere with the City of Fall River land purchase efforts of Lot D-20-16 delineated below.
12. Atlantis shall cooperate with the City staff and Engineering Firms in providing access to the site and all related documentation requested.

The City of Fall River Shall:

1. Prepare the sub division plan for the land donation delineated above.

2. Said land donation shall be assigned to the Water Division for potential future use as a Water Treatment Facility for the South Watuppa Pond and protection of Sucker Brook.
3. Purchase the adjacent land known as Lot D-20-16 subject to the Owner's approval. Said land purchase shall be assigned to the Water Division for potential use as a Water Treatment Facility for the South Watuppa Pond. This purchase shall not involve or interfere with Atlantis School Project.
4. Improve the land donation denoted above in Atlantis Charter School Item 7 to include a driveway to accommodate vehicular traffic for the Atlantis Charter School including the stream crossing and access from the existing Jefferson Street extension to the new property boundary to be created by the land division.
  - a. Atlantis shall be responsible for the continuation of that driveway on their remaining property to the school.
  - b. The City shall provide an access and transportation easement to the Atlantis Charter School for use of the driveway and stream crossing on City of Fall River land.
  - c. Atlantis shall plow snow as needed for school access for the entire driveway to the existing Jefferson Street Extension.
5. Submit a \$2,000,000 loan order subject to City Council approval to allow:
  - a. Construction of the stream crossing.
  - b. Construction of the driveway access.
  - c. All Related construction costs.
  - d. All related engineering, construction management, permitting costs.
  - e. Purchase of Lot D-20-16.
  - f. Any costs related to the City's commitments in this agreement.
6. Preserve the new City owned land denoted herein for open space conservation uses until such that time a Water Treatment Facility is constructed.
7. Submit for approval the revised site plan submittal by the Atlantis Charter School that will conform to the requirements of this agreement.
8. Approve the building permit for the Atlantis Charter School once the above noted revised site plan is approved and conformance to all requirements are in place..

RE: Surplus Property-DCM

Honorable Members of the Council:

As the trash disposal services have been privatized, the City is no longer in need of trash disposal vehicles as described in the attached schedule. The City is required to dispose of these vehicles in accordance with procurement laws and, as such, will offer these vehicles for sale through a competitive process of either sealed bids or auction.

You are respectfully requested to declare these vehicles as surplus property. The proceeds will be used to purchase equipment for the DCM Streets Division and to begin an aggressive effort to do sidewalk, pothole and trench repair.

Dear Councilors,

In accordance with the City Ordinance Division 2, Purchasing Department Sec. 2-972 of the revised ordinances of the City of Fall River, this reads in part as follows:

Surplus property determined by the Purchasing Agent to be no longer useful for any municipal purpose shall be sold or disposed of under such terms and conditions as the City Council shall by order determine.

I am submitting to you, the trash disposal vehicles for which the City is no longer in need of due to the privatization of trash. In accordance with the procurement laws these vehicles will be for sale through a competitive process of either sealed bids or auction.

The proceeds will be used to purchase equipment for the DCM Streets Division and to begin an aggressive effort to do sidewalk, pothole and trench repair.

I would like to recommend at this time that these vehicles be declared surplus property.

Respectfully Yours,

RE: Surplus Property

Councilors:

For further clarification, the list of surplus property before you does not include two other pieces of equipment that were previously utilized by the Sanitation Division. The DCM Streets and Highways Division has determined that a 2013 Rear Loader valued at approximately \$115,000 and a Roll-off valued at approximately \$65,000 will provide continuing use to this Division.

With the Council's approval, the City intends to request sealed bids for disposition of this surplus property. The solicitation can include a minimum bid amount. Our trash collection vendor, EZ Disposal, had offered a purchase price of \$1.1 million. Given the removal of the above items from the surplus list, the EZ Disposal bid offer would need to be reduced by \$180,000. A Minimum bid of \$920,000 could be considered.

Mayor Jasiel F. Correia II  
City of Fall River, MA

Mayor Correia,

On January 30, 2016, representatives from Ballard Truck Center inspected 20 trucks that comprise the trash and recycling fleet of the City of Fall River to determine their value. Below is the list of units inspected and their current appraised values. These values are contingent upon their current condition and the value may change if the condition of the vehicles change before time of purchase.
