Annual Meeting 2019

Fall River Community Preservation Committee

FUNDS AT WORK!

City of Fall River
Community Preservation Act

Preserving and Enhancing
our Community

City of Fall River
Massachusetts
Community Preservation Committee

JASIEL F. CORREIA II
Mayor

JAMES SOUZA
Chairman

JOHN BRANDT
Vice-Chairman

On behalf of the Community Preservation Committee (CPC), I would like to thank you for joining us as we celebrate the fifth anniversary of the Community Preservation Act (CPA) projects in Fall River.

The CPA was adopted by the citizens of Fall River in 2012 as a smart growth tool to help preserve open space and historic sites, create affordable housing and develop outdoor recreational facilities. CPA also helps strengthen local and regional economies by creating construction jobs and by supporting the tourism industry through preservation of historic and natural resources.

It has been with the thoughtful and creative ideas of city resident's, non-profit organizations and municipal department heads that this committee has been charged with the responsibility of evaluating projects for eligibility, ensuring that projects fit funding guidelines and that project's selected for each fiscal year benefit the entire community.

CPA is making a real difference improving Fall River's parks, in upgrading and restoring local historic landmarks, preserving land in the bioreserve and developing new recreational facilities for all city residents to enjoy.

As chairman of the CPC board I am proud of the collaborative work this board has accomplished together, not always seeing eye to eye but always respecting each other's ideas and opinions in the end. I would like to thank all applicants and award recipients for the projects submitted throughout these five years. On behalf of the CPC board I would also like to give a special thanks to our administrative assistant Sandy Dennis who is invaluable in organizing and ensuring that all projects follow a certain protocol.

We look forward to the continued support and ideas of the entire community as CPA continues to preserve our rich past and makes Fall River thrive.

Sincerely,

James Souza

James Souza, Chairman
Community Preservation Committee

Fall River Community Preservation Committee
Mission Statement

The mission of the Community Preservation Committee is to study the needs of the City of Fall River regarding community preservation in cooperation with various city boards, organizations and citizens and to solicit and evaluate proposals for the use of CPA funds for all city residents.

Brief Overview

Historic Preservation

Open Space

Outdoor Recreation

Community Housing

The Community Preservation Act (CPA) is a smart growth tool that helps communities preserve open space and historic sites, create affordable housing and develop outdoor recreational facilities. CPA also helps strengthen the state and local economies by expanding housing opportunities and construction jobs for the Commonwealths workforce, and by supporting the tourism industry through preservation of the commonwealth's historic and natural resources.

CPA allows communities to create a local Community Preservation Fund for open space protection, historic preservation, affordable housing and outdoor recreation. Community preservation monies are raised locally through the imposition of a surcharge of not more than 3% of the tax levy against real property, and municipalities must adopt CPA by ballot referendum. To date, 173 municipalities in the state have adopted CPA.

Each CPA community creates a local Community Preservation Committee (CPC) upon adoption of the Act, and this five to nine-member board makes recommendations on CPA projects to the community's legislative body. Fall River has a nine-member board.

Applicant – James/Preservation Society of Fall River
Amount Awarded – $10,000.00
Project – Conduct survey of historic structures in order to secure a local historic district in the Lower Highlands.

Fall River Historical Society - Completed
Applicant –Michael Martins/Fall River Historical Society
Amount Awarded – $63,064.00
Project – Exterior repairs of the annex building and fence.

Fall River Community Preservation - FY16 - Public Projects

Kosciusko Square - Completed
Applicant – Brian Curt/Polish American Citizens Club of Tadeusz Kosciuszko
Amount Awarded – $2,662.00
Project – Replacement of park benches

King Phillip Mill - Completed
Applicant – James Soule/Fall River Preservation Society
Amount Awarded – $99,000.00
Project – Conduct a structural and feasibility assessment and emergency repairs to the smokestack at the King Phillip Mill located at Kiburn St.

Columbus Park - Completed
Basketball Courts/Bocce Courts
Applicant – Alan Amaral/Columbus Park Restoration and Preservation Group
Amount Awarded – $73,400.00 & $53,000.00 for a total of $126,400.00
Project – $73,400.00/To renovate the existing basketball court and $53,000.00 to construct the bocce court.

North Burial Ground
Applicant – Kris Bartley/North End Neighborhood Assoc.
Amount Awarded – $104,000.00
Project – For exterior repairs of the gatehouse

Oak Grove Cemetery - Completed
Applicant – Michael Keane/Friends of Oak Grove Cemetery
Amount Awarded - $185,000.00
Project – Restore iconic 1873 granite arch and entry gates at Oak Grove Cemetery, to include repointing the granite walls and restoration of the iron gates.

Cook Pond
Applicant – Rosemary Lapointe & Brian Curt/Father Kelly Neighborhood Assoc.
Amount Awarded - $48,765.00
Project - Repair granite wall along Dwelly Street

Fall River Community Preservation - FY17 - Private Projects

Academica
Applicant – Rui Cabral, President/Academica Assoc.
Amount Awarded - $85,000.00
Project – Roof replacement & repairs

Marine Museum - Completed
Applicant – Maria Vann/Marine Museum
Amount Awarded - $135,000.00
Project – Elevator installation

Fall River Fire Museum - Completed
Applicant – Michael LePage/Fall River Fire Museum
Amount Awarded - $195,000.00
Project – Bricks & Mordor repointing & repair

Fall River Community Preservation - FY17 - Public Projects

Shore Section of Kennedy Park
Applicant – Alfred J. Lima
Amount Awarded - $150,000.00
Project – Reconfigure parking, benches, clearing and shore plantings

Bank Street Armory - Completed
Applicant – Kenneth Pacheco
Amount Awarded - $283,000.00
Project – Repair center roof & 2 chimney's

Kennedy Park Splash Pad - Complete
Applicant – Melanie Leite/St. Anne's Neighborhood Assoc.
Amount Awarded - $100,000.00
Project – Splash Pad to repair Healey pool

Pulaski Splash Pad - Completed
Applicant – John Sylvia/Niagara Neighborhood Assoc.
Amount Awarded - $69,500.00
Project – Splash Pad

Columbus Park - Completed
Applicant – Alan Amaral
Amount Awarded - $30,000.00
Project – Basketball, Bocce Court accessibility

East Line Trail - Completed
Applicant – Fall River Water Dept.
Amount Awarded - $7,500.00
Project – Parcel acquisition

Fall River Community Preservation - FY17 - Public Projects Continued

Watershed Trail (contingent)
Applicant – Kris Bartley/North End Neighborhood Assoc.
Amount Awarded - $10,000.00
Project – Watershed Trail
Withdrawn

Central Fire Station - Completed
Applicant - Chris Gallagher
Amount Awarded -$33,500.00
Project - Roof

Olmsted Fountains - Almost completed
Applicant - Tony Dias
Amount Awarded -$15,000
Project: Restoration of flowing water

Fall River Community Preservation - FY18 - Private Projects

Lafayette Durfee House/Historic Preservation - Completed
Applicant – David A. Jennings/Lafayette Durfee Historical Foundation
Amount Awarded - Restoration, replace & repair existing roof, gutters and structural framing of roof
Project – $224,000.00

Second District Court (Fall River Re-Creation) /Historic Preservation - Completed
Applicant – Grace Gerling, Executive Director/Fall River Re-Creation
Amount Awarded - $158,000.00
Project – Demo of damaged rooms, removal disposal of lead and installation of a sprinkler system

Bristol Superior Court (Children's Museum) /Historic Preservation - Completed
Applicant – Jo-Anne Sbrega
Amount Awarded - $65,000.00
Project – Air Condition (final phase)

Fall River Historical Society/Historic Preservation
Applicant – Michael Martins, Curator/Fall River Historical Society
Amount Awarded - $52,700.00
Project – Restoration of wood trim and slate roof sections on the exterior of the east wing or "ell" of main building

Anawan No. 6 (Fire Museum) /Historic Preservation
Applicant – Michael LePage/Fall River Fire Museum
Amount Awarded - $153,772.00
Project – Restoration

Dr. Fiske House/Historic Preservation - Completed
Applicant – Jim Soule/Fall River Preservation Society
Amount Awarded - $150,000.00
Project – Purchase & acquisition of property

Fall River Community Preservation - FY18 - Private Projects Continued

200 Bank Street (Elks Lodge) /Historic Preservation - Completed
Applicant – David K. Hebert/Hanover Properties, LLC
Amount Awarded - $50,053.00
Project – 10 windows

Fall River Community Preservation - FY18 - Public Projects

North Park Existing Study/Historic Preservation
Applicant – Kris Bartley/North End Neighborhood Association
Amount Awarded - $45,000.00
Project – Professional services of a landscape architectural firm to document existing conditions of park

Sanborn Maps/Historic Preservation - Completed
Applicant – Antone Dias/Fall River Historic Commission
Amount Awarded - $19,300.00
Project – Restoration

Cook Pond Wall/Historic Preservation
Applicant – Rosemary Lapointe, Brian Curt/Father Kelly Neighborhood Association
Amount Awarded - $83,600.00
Project – Restoration

Save the Historic Mann Murals/Historic Preservation - Completed
Applicant – Steve Camara, Joyce B. Rodrigues
Amount Awarded - $6,000
Project – Preservation Assessment

School Administration Building/Historic Preservation - Completed
Applicant – Dr. Matthew Malone, Fall River School Department
Amount Awarded - $220,000
Project – Replacement of main building roof and handicapped accessible entrance which would be located on the southeast corner of the building

Fall River Veteran's Center/Historic Preservation - Completed
Applicant – Chris Gallagher, City of Fall River
Amount Awarded - $130,000.00
Project – Roof

Fall River Community Preservation - FY18 - Public Projects Continued

Vietnam's South Watuppa Park/Open Space
Applicant – William Kenning/City of Fall River
Amount Awarded - $3,000.00
Project – Land Survey work

Columbus Park/Outdoor Recreation - Completed
Applicant – Alan Amaral, Columbus Park Restoration & Preservation Committee
Amount Awarded - $32,000
Project – Fence

Mt. Hope Bay Bike Path (5-year bond)/Outdoor Recreation
Applicant – Alfred J. Lima/Coalition to Establish Greenway Trails in Fall River
Amount Awarded - $60,000.00 (5-year bond)
Project – Study

Fall River Community Preservation - FY19 - Public Projects

Central Fire Station - Completed
Historic Preservation
Applicant: Chris Gallagher/City of Fall River
$200,00.00
Roof and skylight repairs
Maintenance - Once the job is complete there shouldn't be any or much maintenance

Private Joseph Francis Green
Historic Preservation
Applicant: David Dennis
$13,000.00
3'black wrought iron fence around the memorial portion of the green with a gate in the back portion.
Received letter from Park Board supporting this project

Bio Reserve
Open Space
Applicant: Mike Labossiere/City of Fall River
$78,000.00 per year for 10 years - 10 Year Bond
Land Acquisition:

- 16.00 acres Indian Town Road
- 38.50 acres Yellow Hill Road

Maintenance: The maintenance plan for these conservation lands going forward will be to manage them along with the other 7800 acres owned and under the care and control of the Water Department. Some initial modest infrastructure will be installed such as signage and a simple single-track hiking trail to experience the property. The signs will be funded out of operating budget and the trails will be designed and laid out using staff time and opened by volunteer parties. The ongoing light trail maintenance will also be done by a combination of staff and volunteer help. It is expected the simple trail system will be GPS'd and the data entered into the master data pool to be published in the next unified trail map.

Fall River Community Preservation - FY19 - Public Projects Continued

Negara Neighborhood Bike Path Study
Open Space
Applicant: Niagara Neighborhood Association/Alfred Lima
$45,000.00
Request amended from $90,000.00 to $45,00.00
$45,000.00 for a study for South Watuppa portion of the bike path linking to Maplewood Park
Project will not require a restriction

Granite Wall
Historic Preservation
Applicant: Chris Gallagher
$30,000.00
Repair and restore the historical wall to return to its historical state.
Lower Bradford Avenue
Original stones will be used for the repair
Maintenance - Once the wall is complete there should be no maintenance

Fall River Community Preservation - FY19 - Private Projects

Lafayette-Durfee House
Historic Preservation
Applicant: David Jennings
$186,000.00
Further Renovations
Exterior windows, trim, flashing, gutters and clapboard siding - East Elevation, North Elevation, West Elevation
Architectural & Structural Engineering Services plans and specifications, construction administration agencies, owner and builder coordinator
(Refer to Funding Application for details)

Anawan No. 6
Historic Preservation
Applicant: Michael LePage
$172,935.00
Exterior Masonry Work
Interior Work
Architectural & Structural Engineering Services plans and specifications, construction administration agencies, owner and builder coordinator

Little Theatre of Fall River
Historic Preservation
Applicant: Ken Raposa
$95,937.00
Existing building conditions study and Preservation Plan. Abatement and environmental monitoring services. Potential need of servicing/repair/replacement of the HVAC system & duct work.
Asbestos Abatement & Environmental Science Monitoring Services before, during and after the completed abatement, to be immediately followed by an Existing Building Conditions Study and Preservation Plan Including a potential repair/replacement of the HVAC system & duct work, if and only if after the completed abatement and environmental testing, indicates that asbestos contamination remains present in the HVAC system duct work. The HVAC system work would only be performed if, by having the abatement completed and all environmental testing results prove that asbestos contamination remains present in the HVAC system and duct work.

City of Fall River
Massachusetts
Community Preservation Committee

JASIEL F. CORREIA II
Mayor

JAMES SOUZA
Chairman

JOHN BRANDT
Vice-Chairman

May 23, 2019

City of Fall River
Mayor Jasiel F. Correia II
One Government Center
Fall River, MA 02722

Dar Mayor Correia:

The Community Preservation Committee is recommending the following appropriation for the FY20 year.

For CPC Open Space/Recreation	$572,190.00
(This includes funding for year 3 for the Mt. Hope Bike Path and year 2 for Bio Reserve Project #1, land acquisition)	
For CPC Historic Preservation	$667,107.00
For CPC Community Housing Un-Reserved	$150,000.00
For CPC Community Housing Reserved	$400,000.00
For CPC Administrative Expenditures	$45,000.00
Total	**$1,834,297.00**

The Community Preservation Committee is requesting that your office send this down to the Auditor to prepare an Appropriation Order for this FY20 budget.

We need this so it can get on the City Council agenda for their June 4, 2019 meeting.

Respectfully,

James Souza, Chair
Community Preservation Committee

COMMUNITY PRESERVATION COMMITTEE
FINAL REPORT 2019
FY20 Project & Funding Recommendations and Approved

Adoption and Preparation

The Citizens of Fall River approved the adoption of the community Preservation Act in the November 2012 election. 57.9% of the voters in the election cast ballots in support of its local adoption. The Community Preservation Committee was formed in October 2013 and held its first meeting on October 28, 2013.
The membership of the Community Preservation Committee includes two members appointed by the Mayor, two members appointed by the City Council, a representative from the Housing Authority, a representative from the Historic Commission, a representative from the Planning Board, a representative from the Conservation Commission and a representative from the Park Board.

Mayor Appointee
- James Souza
- John Francoeur

City Council Appointee
- James Soule
- Alfred Lima

Housing Authority
- Vacant

Historic Commission
- Kristen Cantara Oliveira

Planning Board
- Charles Moniz

Conservation Commission
- John Brandt

Park Board
- Victor Farias

The Community Preservation Committee has developed a local CPA Plan, established the application and hearing process and has become familiar with the statute, GL Ch. 44B and applicable rules. The Community Preservation Committee continues to work closely with the Executive Director of the Community Preservation Coalition as a resource for technical guidance on the implementation of this Act. The Committee frequently utilizes the resources of the Community Preservation Coalition on matters that require clarification.
A website and Facebook have been developed and remains updated for public access. Materials are available through the website as well as at the Community Preservation Committee office at Government Center, 3rd Floor, room 321. As required by statute, the CPC held its annual meeting in

August 2019. This public meeting was preceded by legal notices published in the Fall River Herald News. The annual meeting was an opportunity for the public to obtain information on projects and the financial condition of the committee.
In addition, to the annual public hearings, members of the public have been recognized at each of the CPC's meetings. The identity of the speakers and their comments are documented in the Committee's minutes and the Fall River Government TV video's. No member of the public wishing to address the Community Preservation Committee has ever been denied the opportunity to express his/her views.
The effectiveness of the efforts by the Community Preservation Committee to advertise the availability of these funds is evidenced by the fact that for 2019 28 applications were received, 8 applications were withdrawn, 20 applications made it to eligibility and 18 made it to funding hearings. Two of the 20 eligible projects received emergency funding, Bio-Reserve/Land Acquisition and Fall River Public Library Roof
In 2019 (FY20), the Community Preservation Committee recommended and the City Council approved funding for 14 projects. Since the inception of the Community Preservation Committee tools have been implemented. Award agreements have been drafted and financial protocols have been developed. Work on private projects have been completed. Some projects have been delayed due to weather, overruns and change in staffing. It is expected that projects will be completed by fall.
Colorful signs have been re-designed, purchased and placed at construction sites throughout the city. The signs indicate that the work is being conducted because of the Community Preservation Act funding.
New processes have been put in place for dispersing funds for reimbursement and payments to vendors.

The Application Process

Hearings on Eligibility and Funding
The Community Preservation Committee adopted a two-step application process. This process was followed during the 2019 funding cycle.

Eligibility

The first part of the process involves an application for eligibility due on September 1st by 12:00pm/noon. Upon receipt of each application for eligibility the Committee scheduled an eligibility hearing and sends notification to each applicant.

During the 2019 funding cycle eligibility hearings were held

January 28, 2019

Coughlin School	HP				015-FY20

The first purpose of these eligibility hearings was for the Committee to determine if the application met the criteria for funding. The Community Preservation Act allows funding for projects involving Open Space, Outdoor Recreation, Historic Preservation and Community Housing. Within each category there are rules involving permissible funding.
The Community Preservation Committee considered the eligibility of each project even when the applicant was not present.
Ultimately 20 projects qualified

Funding
The second part of the process involves an application for funding due on January 15th before 12:00pm/noon. Upon receipt of each application for funding the Committee scheduled funding hearings and sends notification to each applicant. The purpose of these hearings was for the Committee to become familiar with the projects through applicant presentations. The committee members had frequent questions for these presenters.
Once the funding hearings were completed the Community Preservation Committee held a meeting to deliberate on each project. Once deliberations were concluded another meeting was held to vote and recommend projects to the City Council

During the 2019 funding cycle funding hearings were held

The Community Preservation Committee scheduled funding hearings for projects
Deliberations were held:

April 22, 2019

- Bio Reserve-Land Acquisition
- Pumping Station
- Boat Ramp
- Quequechan River Rail Trail
- Bowen/Borden Cemetery Marker
- North Park Bleacher seating removal
- North Park Wading Pool

- Sanborn Map
- Fall River Public Library

- North Park Bleacher Demolition
- Historic Document Preservation/Sanborn Map
- Historic Pumping Station

- Vietnam Veterans Wall
- Quequechan River Rail Trail/Extension to Westport

It was agreed and voted that Fall River Re-Creation boiler, Fall River Public Library roof and North Burial Ground gate house, Bio-Reserve/Land Acquisition was recommended to the City Council for funding.
No other emergency projects came before the committee.

Emergency Projects

- Fall River Public Library roof project was presented for Emergency funding.
- Fall River Re-Creation project was presented for Emergency funding.
- North Burial Ground Gate House project was presented for Emergency funding

Each of the applicants received notification of the hearing date. The applicants had the opportunity to supplement their earlier presentations and to submit additional materials. The Committee members also used this opportunity to ask many questions of each applicant. All proposals were considered even when the applicant was not present for the hearing.

The Voting Process

Committee member Antone Dias worked on the tier-voting ballot. This ballot allowed each committee member to rate each project a 1 (high interest), 2 (moderate interest) or a 3 (low interest). Each committee member completed this ballot after the hearings for funding had been concluded and was allowed to assign 6 #1, 6 #2 and 6 #3 to the 18 projects. Sandy Dennis along with the Chair, James Souza then complied the votes. The votes on these ballots were non-binding but were useful in informing the discussion on each project for the first phase of the Funding round on May 5, 2019

The final projects for recommendation and appropriation order was sent to the City Council for vote.
City Council unanimously approved FY20 Projects and Appropriation Order.

Each item to be considered a separate appropriation

Conclusion

The Community Preservation Committee encouraged applications and followed an open and extended review process. Public input was and will continue to be encouraged. The Committee considered many factors in making these final recommendations. Among the factors that the Committee considered was geographic diversity so that the funded projects benefit all areas of the city. A number of other factors influence these final recommendations. In the Historic Preservation category, the urgency of repairs, the importance of preserving, protecting in addition was the benefits to the public.

Description of work completed:

Car 3 has been purchased and outfitted with new equipment. A new demo engine pumper was received and put into service. New dive equipment has been purchased and has been delivered. New washers and dryers have been delivered to the Flint, Globe, and Candieas Stations. Four new engine pumpers have been delivered. A new Heavy Rescue has been delivered and a new ladder truck has been delivered. Various misc tools and equipment for the trucks have been purchased.

Description of project changes:

None

Description of work remaining:

A new pumper engine is ordered and being built. This is being paid for with the balance of this money and approx. $420,000 of annual CDBG funding.

Any significant problems encountered?

None

Can the Project Scope be completed with funds remaining?

Yes

Description of work completed:

Design, bid, and award of contract for Bank St. as part of Purchase St. work. Columbia Square at ~75% design.

Description of project changes:

Add/alternates 1,8,9,10,11 which were bid by contractor have been added to contract. (Purchase/Bank contract)-MassDOT has accepted PNF for possible TIP funded signal improvements.

Description of work remaining:

Final design, bid, and construction for Columbia Square (complete design and bid project Feb 2020. Project Construction Apr-Jul 2020).

Any significant problems encountered?

Bid for Bank Street was under protest, which delayed contract award. Mayor has identified a need to expand scope of Columbia Square project. Contractor has initiated claims process which may impact budget for Columbia Square

Can the Project Scope be completed with funds remaining?

Budgetary issues with bonded construction amounts for streetscape projects identified during Purchase/ Bank/ East Main projects. Chapter 90 funds are being appropriately reserved and utilized to ensure project completion. 20% contingency shall be reserved above initial projected construction cost for Columbia Square. Budget for Columbia Square shall be $420,000 based on original scope. Additional scope is being prepared and budgeted; other funding sources shall be identified for additional scope.

Balance	**$ 345,852.42**

Description of work completed:

Design complete, bid awarded. Utilities work complete. Street paved. Sidewalks complete. Underground for lighting installed.

Description of project changes:

Additional lighting currently being scoped to further enhance project. New intersection controls and lighting at Globe St. Limits of full depth paving reclamation extended for improved final paving product. Repair of drainage and sewer structures where required.

Description of work remaining:

Intersection controls, street lights

Any significant problems encountered?

Unanticipated increase in scope to include street lighting and intersection controls.

Can the Project Scope be completed with funds remaining?

Budgetary issues with bonded construction amounts for streetscape projects identified during Purchase/ Bank/ East Main projects. Chapter 90 funds are being appropriately reserved and utilized to ensure project completion. Street lighting and intersection controls will require re-bid. Change order for in-project changes being finalized. Based on initial negotiation on cost of intersection lighting and street lights, the entire revised scope can be completed under the bonded budget and will not require other sources of funding. However, some Chapter 90 funds may be reserved to account for uncertainty with items being bid.

Subject: RE: Drainage Revisions PCO 37 Purchase & Bank St.

Dave and Jim,

The new work/extra work associated with PCO 37 is approved for $21,325.36. This is in addition to contract unit price work as applicable. While it is perfectly reasonable to roll-up associated investigation costs related to the work, those efforts have not been reviewed and Joe Simmons is off today. Reiterating, we take no exception to the PCOs but we can't approve them right now as they haven't been reviewed yet. We understand that this leaves PCOs 19, 23, 25, 26, & 29 open. Let me know if you have any follow-up questions.

Thank you,
JR

JR Frey, PE

Subject: Drainage Revisions PCO 37 Purchase & Bank St.

Joe,

We have completed our review of the Directive #1 Drain plan revisions and agree to use contract unit prices for work to install new pipe, DMH's, DI's, & CB's, temp paving, etc. The attached PCO 37 includes costs for the following work which is in addition to the unit prices:

- Plugging and coring holes in existing structures to accommodate the revised pipe run layout & elevations
- Additional work involved with installing the double 10" DIP run
- Additional work involved with installing the 42' RCP pipe run to DMH 8
- Structure modifications at DMH 10B
- Additional work involved with installing the RCP pipe run from DMH 10 to CBCI 11B

As confirmed by the design revisions incorporated in the Directive 1 Plan revisions, the costs for the preliminary work in PCO's 19, 23, 25, 26, & 29 that verified the need for a redesign are also included within PCO 37. Accordingly, upon approval of PCO 37 and the associated costs of the 5 PCO's, you can consider them withdrawn.

A time extension may be required. However, until we are directed to proceed, that can't be determined. Also, please be aware PCO 37 does not include any costs related to inefficiencies or down time related to or caused by the Directive 1

redesign. Pricing provided in this memo is not meant to supersede or nullify other costs submitted in previous PCO's other than the 5 specifically listed above.

Subject: Award of Construction Contract Change Order

Comments:

Please be advised that additional work is agreed to on the East Main Street Improvement Project, IFB #18-26.

Name:	BISZKO CONTRACTING CORP
Address:	20 Development Street Fall River, MA 02721
Termination Date:	June 30, 2019
Contract Amount as Bid:	$1,980,321.00
Change Order Amount:	$ 442,270.87
Total Contract:	$ 2,690,132.06
Funding Source:	$ 442,270.87 (57030015-585000) (PO Planning)

One Government Center • Fall River, MA 02722
Telephone: (508) 324-2512 • Fax: (508) 324-2564 • Email: ENGINEERING@FALLRIVERMA.ORG

This change order incorporates work which was unforeseen and unexpected due to subgrade conditions as well as new work which was not anticipated during the design phase, or field adjusted to better reflect public comments on the construction. The total contract value includes two change orders for unforeseen and unexpected work which was previously approved through the Watuppa Water Board. Those change orders total $ 267,540.19, and are not included in this award.

Several enumerated change orders which are the subject of this award are further detailed in the attached spreadsheet with their supporting documentation. These change orders were necessitated due to unforeseen and/or unexpected field conditions which became apparent during construction. These conditions include necessary repairs to drainage structures, sewer main, filling of coal chutes, and other sub-grade activities. These are found under items 1, 2, 3, and portions of 10, of the additional enumerated CO list. Item 6 consolidated all asphalt escalation experienced during the project into a single item. Asphalt escalation is incorporated into all street improvement projects with standard contract language specified by MassDOT.

During construction the thickness and condition of sections of the street which called for mill and overlay pavement treatment generated concern. The contractor quoted a price of $10.80 per SY ($85,320) to convert the mill and overlay portion of the work to full depth reconstruction, with other items adjusted within the contract. After negotiation, the City agreed to a price of $75,000 for the additional excavation, material, and fine grading necessary to correct this unforeseen and unexpected condition. This is item 5 in the enumerated CO list.

The total amount of work added to the contract to correct unforeseen and unexpected conditions is $403,487.64, and is itemized in Table 1 below.

Coincident with the work, new work was being designed for additional above-ground improvements to East Main Street. These improvements include new streetlights and new traffic signals, in addition to smaller value itemized items. The full list is provided as Table 2, and shows an increase of new work to the value of the project of 15% over the original contract value. The new above-ground work is budgeted to be substantially completed under the authorized bond amount for the East Main Streetscape Construction.

This new above-ground work required the installation of underground conduit. In order to maintain the progress of the work and keep the project on schedule, and to minimize construction disruption to the businesses and residents on East Main Street, a negotiated price of $227,000 for underground work for future streetlight installation in the sidewalk was agreed to, and underground work at the intersections would be conducted on a Time and Materials basis. These are items 4 and 8 in the enumerated CO list which covers the underground lighting for streetlights, and the total approved value of the streetlight work is $244,418.01. The cost for installing signals conduit was completed as time and materials work for $19,019.75 and is shown as item 9.

The City compared the cost of streetlight work (items 4 and 8) to the unit price bids for installed materials on a similar project bid and constructed on a parallel schedule. The cost comparison to bid pricing is provided below as Table 3. A listing of streetlight work completed was compiled by BETA. The work included installation of 1,831 LF of 1-1/2" conduit, 2,072 LF of 3" conduit, 27

TABLE 1

UNEXPECTED AND UNFORESEEN CONDITIONS	CO AMOUNTS
SRF Funded Water Board Approved Change Orders	$ 267,540.19
1. Bradley Head Repairs	$ 20,300.00

handholes, and 28 light pole bases. The bids used for comparison were taken from project IFB 18-18, Purchase Street and Bank Street improvement project. The bid quantities were comparable in scope to the East Main Street project, and the bid items and specifications were substantially the same. Because there was no bid item for street light foundation, the bid price for installing a catch basin was used with a factor of 67% applied to the bid price to account for relative difference in the cost of installation. When compared with the three lowest bidders on IFB 18-18, Biszko's price to complete the work is at the average price (+/- 1%), and cost comparable to the bid price by the low bidder for IFB 18-18, IWH.

Smaller, itemized items were also included as new work. These items reflect field changes to the design plans which are included under item 10. Item 7 was a negotiated result of a dispute in the contract documents.

In the event that the full change to the contract was put out to bid, it would have resulted in significant delays to the project and/or significant potential for delay claims by the contractor. Had we allowed the contractor to proceed, installing the conduit would have required the removal and re-pouring of 1,486 square yards of sidewalk, driveway and handicap ramps, at an installed cost of approximately $ 37,150, with the possibility of paying a much higher unit cost to replace those sidewalks.

The total construction budget available under the bond fund was $1,867,500. Total expenditures through CO3 applicable to the bond are $1,436,041.87. Total anticipated expenditures to complete the project are $1,923,711.43, however, the signals construction and portions of the pavement repair were never anticipated to be covered under the original design budget and are currently budgeted through Chapter 90. The final projected cost includes estimated costs for the above ground streetlights and signals work which will go out to bid, as well as an estimate for contingency. Based on the current cost projection, the project will expend the bonded amount, and approximately $56,000 would be absorbed by Chapter 90. Based on previously negotiated costs for the above ground work without contingency, the exceedance of the bond is $12,000.

As the City Engineer and pursuant to MGL c.30 §39I, I hereby certify under penalties of perjury that the authorized deviation from the plans as described herein is justified based on the foregoing information provided, does not materially injure the project as a whole, that an equitable adjustment to the contract has been agreed upon by the City and the contractor in the amount of $ 442,270.87, and that this change order is made in the best interests of the City.

J R FREY, P.E.
City Engineer

Contract

For

EAST MAIN ST. IMPROVEMENT PROJECT

BETWEEN

BISZKO CONTRACTING CORP.

Contractor

AND THE

City of Fall River

2017

Law Department

Fall River, 1/10 20 18

The form and manner of execution of the within contract are hereby approved.

Corporation Counsel

Engineering 5th

This agreement made the 16th day of January in the year of our Lord, Two-thousand and Seventeen (Eighteen)

Between **Biszko Contracting Corp.**

of **Fall River** in the County of

and State of **Massachusetts**

a corporation duly organized by law and located at **20 Development St.**

in the State of **Massachusetts**

hereinafter called the contractor and the City of Fall River, a municipal Corporation duly organized by law and located in Fall River, in te County of Bristol, in the Commonwealth of Massachusetts; witnesseth as follows, to wit:

1. The Contractor hereby agrees to furnish and deliver in said City at such time and places as may be required by the Mayor and **Engineering** Department of said city in accordance with the Call for Bids and the Specifications furnished thereunder and with the Proposal submitted to the Purchasing Agent thereon, which Call, Specifications and Proposals are expressly made a part hereof, **for the East Main Street Improvement Project IFB 18-26.**

All the material to be of standard quality and all the labor, if any, connected with the same, to be performed in a good workmanlike manner; the whole to be funished, done or delivered to the satisfaction of the said department.

The Contractor also hereby agrees to carry out this Contract in accordance with all the provisions of the Statutes of the Commonwealth of Massachusetts and the Ordinances of the City of Fall River in relation to any and all phases of the work to be done or the materials to be funished hereunder, and said Statutes and Ordinances are hereby incorporated into and made a part of this Contract.

Both parties agree that invoices and other documentations needed for disbursement of funds under this contract shall be rendered no later than thirty (30) days after the termination date of this contract. Any bills rendered thereafter will be null and void and shall not require city payment.

2. The said City of Fall River, for the consideration aforesaid agrees to pay to said Contractor in a manner in which bills against and City are usually paid according to its rules, customs and ordinances the following sums, namely:

CONTRACT AMOUNT NOT TO EXCEED $1,980,321.00

CONTRACT WILL TERMINATE JUNE 30, 2018

In witness whereof the said Contractor, by the proper duly authorized person or persons, and the said City of Fall River, by its Mayor; all being hereunder duly authorized, hereunto set their hands and seals.

SECTION 00600

CONTRACT BONDS

PERFORMANCE BOND

(NOTE: This Bond is issued simultaneously with the attached Labor and Materials Bond in favor of the Owner.)

KNOW ALL MEN BY THESE PRESENTS:

That we, Biszko Contracting Corp.
(an individual, a partnership, a corporation)

duly organized under the Laws of the State (or Commonwealth) of Massachusetts,

and having a usual place of business at One Development Street, Fall River, MA 02721,

as Principal, and Travelers Casualty and Surety Company of America, a corporation duly organized

under the Laws of the State (or Commonwealth) of Connecticut,

and duly authorized to do business in the Commonwealth of Massachusetts,

and having a usual place of business at One Tower Square, Hartford, CT 06183
as Surety, are holden and stand firmly bound and obligated unto City of Fall River, Massachusetts, as obligee, in the sum of

One Million Nine Hundred Eighty Thousand Three Hundred Twenty-one and 00/100 ($1,980,321.00)
lawful money of the United States of America, to and for the true payment whereof we bind ourselves and, each of us, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal, be means of a written AGREEMENT (which together with the Contract Documents in said AGREEMENT referred to are collectively sometimes referred to as the "Contract") dated _____, has entered into a contract with the said obligee for **East Main Street Improvement Project, IFB 18-26 (Contract No. 17-273, DWSRF 4203)** in the **City of Fall River, Massachusetts**, a copy of which agreement is attached hereto and by references made a part hereof.

NOW THEREFORE, THE CONDITION of this obligation is such that if the Principal shall well and truly keep and fully and faithfully perform all of the terms and conditions of said AGREEMENT and of the "Contract Documents" referred to in said AGREEMENT (which collectively are hereinafter and in said AGREEMENT sometimes referred to as the "Contract") and all modifications thereof on the Principal's part to be performed, this obligation shall be void; otherwise it shall remain in full force and effect.

Whenever the said Principal shall be, and declared by the Owner to be, in default under the said Contract, the Owner having performed the Owner's obligations thereunder Surety, for value received, shall

IN WITNESS WHEREOF, we have hereunto set our hands and seals to Three(3)

_____ counterparts of this bond, this _____ day of _____,

In the year Two Thousand and _____.

Surety

NOTE:

If the Principal (Contractor) is a partnership, the Bond should be signed by each of the partners.

If the Principal (Contractor) is a corporation, the Bond should be signed in its correct corporate name by its duly authorized officer or officers.

If this Bond is signed on behalf of the Surety by an attorney-in-fact, there should be attached to it a duly certified copy of his power of attorney showing his authority to sign such Bonds.

There should be executed an appropriate number of counterparts of the Bond corresponding to the number of counterparts of the AGREEMENT.

Date of Bond must not be prior to the date of Contract.

Important

Surety Companies executing BONDS must appear on the U.S. Treasury Department's most current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff Bureau of Accounts and be authorized to transact business in the state where the PROJECT is located.

The attention of the Surety Companies and Principal executing this Performance Bond is Directed to the fact that said Bond shall remain in full effect throughout the life of any guaranty or warranty periods stipulated in the Contract Documents and/or Agreement.

Bond No. 106804296

LABOR AND MATERIALS BOND

(NOTE: This Bond is issued simultaneously with the attached Performance Bonds in favor of the Owner.)

KNOW ALL MEN BY THESE PRESENTS:

That we, Biszko Contracting Corp.
(an individual, a partnership, a corporation)

duly organized under the Laws of the State (or Commonwealth) of Massachusetts,

having a usual place of business at One Development Street, Fall River, MA 02721,

as Principal, and Travelers Casualty and Surety Company of America a corporation duly organized

under the Laws of the State (or Commonwealth) of Connecticut,

and duly authorized to do business in the Commonwealth of Massachusetts,

and having a usual place of business at One Tower Square, Hartford, CT 06183,
as Surety, are holden and stand firmly bound and obligated unto the City of Fall River, Massachusetts, as obligee, in the sum of

One Million Nine Hundred Eighty Thousand Three Hundred Twenty-one and 00/100 ($1,980,321.00)
lawful money of the United States of America, to and for the true payment whereof we bind ourselves and, each of us, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal, be means of a written AGREEMENT (which together with the Contract Documents in said AGREEMENT referred to are collectively sometimes referred to as the "Contract") dated _____, has entered into a contract with the said obligee for **East Main Street Improvement Project, IFB 18-26 (Contract No. 17-273, DWSRF 4203)** in the **City of Fall River,** Massachusetts, a copy of which agreement is attached hereto and by references made a part hereof.

NOW, THEREFORE, THE CONDITION of this obligation is such, that if the Principal shall promptly make payments to all claimants as hereinafter defined, for all labor performed or furnished and for all materials and equipment furnished for or used in or in connection with the Work called for by said AGREEMENT and/or Contract and any modifications thereof, including lumber used but not incorporated in said Work, and for the rental or hire of vehicles, tools and other appliances and equipment furnished for or used in connection with said Work, this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

(a) A claimant is defined as one having a direct contract with the Principal or with a subcontractor of the Principal for labor, materials and/or equipment used or reasonably required for use in the performance of the said Work, labor and materials being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental or equipment directly applicable to the said AGREEMENT and/or Contract and any modifications thereof.

IN WITNESS WHEREOF, we have hereunto set our hands and seals to Three(3) counterparts of this Bond, this _____ day of _____, in the year Two Thousand and _____.

SECTION 00300
BID

All pages herein Section 00300-1 thru 00300-42 must be completed and submitted in their entirety for a bid package to be considered complete and responsive.

To the City of Fall River, Massachusetts, herein called the "Owner", for "East Main Street Improvement Project, IFB 18-36 (Contract No. 17-273, DWSRF 4203)".

The Undersigned, as a bidder herein referred to as singular and masculine, declares as follows:

(1) The only parties interested in this BID as Principals are named herein;

(2) this BID is made without collusion with any other person, firm, or corporation;

(3) no officer, agent, or employee of the Owner is directly or indirectly interested in this BID;

(4) he has carefully examined the site of the proposed Work and fully informed and satisfied himself as to the conditions there existing, the character and requirements of the proposed Work, the difficulties attendant upon its execution and the accuracy of all estimated quantities stated in this BID, and he has carefully read and examined the Drawings, the annexed proposed AGREEMENT and the Specifications and other Contract Documents therein referred to and knows and understands the terms and provisions thereof;

(5) he understands that information relative to subsurface and other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) has been furnished only for his information and convenience without any warranty or guarantee, expressed or implied, that the subsurface and/or other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) actually encountered will be the same as those shown on the Drawings or in any of the other Contract Documents and he agrees that he shall not use or be entitled to use any such information made available to him through the Contract Documents or otherwise or obtained by him in his own examination of the site, as a basis of or ground for any claim against the Owner or the Engineer arising from or by reason of any variance which may exist between the aforesaid information made available to or acquired by him and the subsurface and/or other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) actually encountered during the construction work, and he has made due allowance therefore in this BID;

(6) and he understands that the quantities of work tabulated in this BID or indicated on the Drawings or in the Specifications or other Contract Documents are only approximate and are subject to increase or decrease as deemed necessary by the Engineer; and he agrees that, if this BID is accepted he will contract with the Owner, as provided in the copy of the Contract Documents deposited in the office of the Engineer, this BID form being part of said Contract Documents, and that he will perform all the work and furnish all the materials and equipment, and provide all labor, services, plant, machinery, apparatus, appliances, tools, supplies and all other things required by the Contract Documents in the manner and within the time therein prescribed and according to the requirements of the Engineer as therein set forth, and that he will take in full compensation therefore the total dollar amount tabulated from the actual measured quantities of said work and each unit or lump sum price stated in this BID as hereinafter set forth.

(7) A portion or all of this project is funded with Chapter 90 funds. It is required that all bidders submitting proposals for this project submit a certificate of prequalification from the

Massachusetts Department of Transportation. (MassDOT). The contractors must be MassDOT prequalified under the assigned project classification.

8) A portion of this project is funded with State Revolving Fund (SRF) Loan funds. It is required that all bidders submitting proposals for this project comply with the guidelines of the SRF program.

9) He understands that it is the intention of the Owner to award the Contract to the lowest qualified responsive bidder. The bidder must submit a bid on all items in the Schedule of Prices.

10) The time period for holding bids, where Federal approval is not required, is 30 days, Saturdays, Sundays and legal holidays excluded, after the opening of bids and where Federal approval is required, the time period for holding bids is 30 days, Saturdays, Sundays and holidays excluded after Federal approval.

11) Bids for this Contract are subject to the provisions of Massachusetts General Law (MGL), Chapter 30, s39M, (a) and (c).

12) The Contractor agrees that it will fully comply with Subpart C of 2 CFR Part 180 and 2 CFR Part1532, entitled Responsibilities of Participants Regarding Transactions (Doing Business with Other Persons). Contractors, subcontractors, or suppliers that appear on the Excluded Parties List System at www.sam.gov are not eligible for award of any contracts funded by the Massachusetts State Revolving Fund. The Contractor shall not award any subcontracts or purchase any materials from suppliers that appear on the Excluded Parties List System. The Contractor shall include this requirement in each subcontract and require it to be included in all subcontracts regardless of tier. The Contractor shall maintain reasonable records to demonstrate compliance with these requirements. The EPA prohibits the use of suspended or debarred contractors and suppliers in SRF financed contracts.

13) The undersigned proposes and agrees that, if within thirty (30) days (Saturdays, Sundays, and legal holidays excluded) after the date named in the Instructions to Bidders as that for submitting this Proposal to the Owner, notice that this Proposal has been accepted by the Owner shall be mailed to him at the business address given herein, he will, on some one of the ten (10) days (Saturdays, Sundays, and legal holidays excluded) immediately following receipt of such notice of acceptance of this Proposal, appear at the office of the Engineer, Stantec Consulting Services, Inc., and deliver to the properly accredited representative of the Owner a contract, together with Performance Bond and Labor and Material Payment Bond, furnished by a company satisfactory to the Owner, which contract and bonds shall be executed on the forms attached hereto, and which contract shall provide that the Owner, as full compensation for doing and completing the work of carrying out the requirements of the Agreement, General Conditions, Supplementary Conditions, Specifications, and Appendix, including everything furnished or done and for every injury or loss sustained by the Contractor in carrying on the Contract, and for any liability of any nature arising under the contract, shall pay the Contractor the unit prices and lump sums which he has recorded in the Proposal, or such unit prices and lump sums increased or decreased in a manner as provided for in the contract.

14) The undersigned also agrees that the bid security that, as called for in the Instructions to Bidders, accompanies this Proposal shall become the property of the Owner as compensation for damage suffered by said contract and bonds if notified, as specified above, that this proposal has been accepted. But if this proposal is not accepted by the Owner, as specified above within thirty (30) days of the date set for the opening of bids (not including Saturdays, Sundays and the legal holidays), or if notice of acceptance is received by the undersigned and he complies with the

requirements as to the execution of the contract and bonds, then the bid security referred to will be returned to him.

15) The undersigned understands that it is the intention of the Owner not to award a contract for this work under this or any other proposal if the bidder cannot furnish satisfactory evidence that he has the ability and experience to perform this class of work and that he has sufficient capital and equipment to enable him to prosecute the work successfully and to complete it within the time stated in the contract, and that the Owner reserves the right to reject this or any other proposal or to award the contract as is deemed to be in the best interest of the Owner. The undersigned understands further that the quantities given in the Schedule of Prices in this Proposal are approximate only and are given as a basis for the comparison of the proposals, that the Owner does not agree, expressly or by implication, that the actual amount of work will correspond even approximately therewith but reserves the right to increase or decrease the amount of any item of the work listed as may be found desirable or necessary during the carrying out of the construction work and that the unit prices quoted in the Schedule of Prices shall apply without change to such variation in the quantity of each or all items.

16) The undersigned further agrees that he will, upon request, furnish in confidence such information as will enable the Owner to judge the financial responsibility of himself and his proposed subcontractors.

17) The undersigned further certifies under penalty of perjury that the said undersigned is not presently debarred from doing public construction work in the Commonwealth under the provisions of Section Twenty-Nine F of Chapter Twenty-Nine, or any other applicable debarment provisions of any other Chapter of the General Laws or any rule or regulation promulgated thereunder; and is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency

18) The undersigned agrees that, if he is selected as General Contractor he will within ten days, Saturdays, Sundays and legal holidays excluded, after presentation thereof by the City of Fall River, will execute a contract in accordance with the terms of this General Bid and furnish a Performance Bond and a Labor and Material Payment Bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the City of Fall River, each in the sum of one hundred percent (100%) of the Contract Price, the premium for which is to be paid by the General Contractor and is included in the Contract Price.

FALL RIVER, MA 02721

June 29, 2017
Prequalification Certificate No B208-13

Dear Contractor:

In accordance with the Regulations Governing Prequalification of Contractors, as approved by the Massachusetts Department of Transportation Prequalification Committee, you are hereby notified that the following class(es) of work and Single Contract Limits (if applicable) have been assigned to you as of the date of this letter. If in the opinion of the Committee you failed to submit proper documentation or have not demonstrated the ability to perform all classes of work requested then you were denied Prequalification Status for that class(es) of work.

Qualified Class of Work	Limit Amount
Chemical Storage Sheds	$1,500,000.00
Demolition	$580,000.00
Highway - Bike Paths	$5,900,000.00
Highway - Sidewalk And Curbing	$5,900,000.00
Pavement - Milling And Cold Planing	$900,000.00
Pavement - Surfacing	$5,040,000.00
Salt Marsh and Wetland Restoration	$470,000.00
Waterways	$610,000.00

Qualified Class of Work	Limit Amount
Dam Construction	$580,000.00
Drainage	$6,000,000.00
Highway - Construction	$5,900,000.00
Marine Construction	$610,000.00
Pavement - Reclamation	$1,800,000.00
Pump Stations	$2,500,000.00
Sewer and Water	$4,600,000.00

Bonding Capacity $12,000,000.00 Bond Single Limit $8,000,000.00 Expiration Date 6/30/2018

The class(es) of work, Single Contract Limits and Aggregate Bonding Capacity set forth will continue in effect until June 30, 2018 unless previously modified or rescinded in accordance with the Regulations, or by law. In order to be continuously eligible to bid on projects to be undertaken for this Department, your next Prequalification Statement should be submitted at least 30 days prior to expiration of this Certificate. If there are any questions or concerns, contact the Prequalification Department at (857) 368-8660 or email to prequal.r10@state.ma.us.

Contractors may only obtain an Official Compact Disc (CD) for work in the categories for which they are listed on this certificate. Upon approval, the official bidder shall be entitled to receive an officially numbered compact disc (CD) containing the plans and specifications.

Very truly yours,
THE PREQUALIFICATION COMMITTEE

By:
Isidoro DeJesus Perez
Acting Director of Construction Prequalification

(Note: All entries in the entire BID must be made clearly and in ink; price bid must be written in both words and figures for all items herein.)

The undersigned agrees that for extra work, if any, performed in accordance with the terms and provisions of the annexed form of AGREEMENT, he will accept compensation as stipulated therein as full payment for such extra work.

If the Bid is accepted by the OWNER, the undersigned agrees to commence work under this Contract on a date to be specified in a written "Notice to Proceed" by the Owner and complete the entire work provided to be done under this Contract within the time stipulated in Table "A" of the AGREEMENT. If this bid is accepted by the Owner, the undersigned, also agrees to comply with the provisions of Section 1.14 "Liquidated Damages" and Table A of the Agreement.

As provided in the INFORMATION FOR BIDDERS, the bidder hereby agrees that he will not withdraw this BID, within 90 consecutive calendar days after the actual date of the opening of Bids, and that, if the Owner shall accept this BID, the bidder will duly execute and acknowledge the AGREEMENT and furnish, duly executed and acknowledged, the required CONTRACT BONDS within fourteen (14) consecutive calendar days after notification that the AGREEMENT and other Contract Documents are ready for signature.

Should the bidder fail to execute any of his agreements as hereinabove set forth, the Owner shall have the right to retain as liquidated damages, the Bid Security attached in the sum of

(5 percent of Total Bid)

Ninety two thousand eight hundred thirty one & five cents Dollars,

($ 92,831.05) which shall become the Owner's property for the delay and additional expense to the Owner caused thereby. If a bid bond was given, it is agreed that the amount thereof shall be paid as liquidated damages to the Owner by the Surety. (Bidder must fill in this blank.)

The bidder hereby acknowledges the receipt of, and has included in this BID, the following Addenda:

(To be filled in by Bidder, if Addendums are issues.)

Addendum No. 1, dated 11/14/17

Addendum No. _____, dated _____

Addendum No. _____, dated _____

The bidder, by submittal of this BID, agrees with the Owner that the amount of the bid security deposited with this BID fairly and reasonably represents the amount of damages the Owner will suffer due to the failure of the bidder to fulfill his agreements as above provided.

CERTIFICATION OF BID

Pursuant to M.G.L. Ch. 62C, s49A, I certify under the penalties of perjury that I, to my best knowledge and belief, have filed all state tax returns and paid all State Taxes Required under law.

C.30 s39 (c) The undersigned hereby certifies that he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed in the work.

The undersigned bidder hereby certifies he/she will comply with the specific affirmative action steps contained in the Equal Employment Opportunity/Affirmative Action (EEO/AA) provisions of this Contract, including compliance with the Disadvantaged Business Enterprise provisions as required under these contract provisions. The contractor receiving the award of the contract shall incorporate the EEO/AA provisions of this contract into all subcontracts and purchase orders so that such provisions will be binding upon each subcontractor of vendor.

C.30 s39 (a) The undersigned certifies under penalties of perjury that this bid is in all respects bonafide, fair and made without collusion or fraud with any other person. As use in this paragraph the "person" shall mean any natural person, joint venture, partnership, corporation or other business or legal entity.

Certification undersigned is not presently debarred from doing public construction work in the Commonwealth of Massachusetts under the provisions of Section Twenty-Nine F of Chapter Twenty-Nine, or any other applicable debarment provisions of any other Chapter of the General Laws or any rule or regulations promulgated thereunder; and is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency.

This letter serves as sole and exclusive proof of your firm's DBE certification

Dear Ms. Biszko:

Congratulations! The Supplier Diversity Office (SDO), on behalf of the Massachusetts Unified Certification Program (MassUCP), is pleased to notify you we have renewed your company as a disadvantaged business enterprise (DBE). Your company continues to be assigned NAICS Code(s) 236220 with the certified business description of GENERAL CONTRACTOR, STEEL BUILDINGS, COMMERCIAL AND INSTITUTIONAL BUILDING CONSTRUCTION AND SITE PREPARATION and will remain listed in our certified business directory.

As a DBE, you must inform SDO in writing of any change in circumstances affecting your ability to meet size, disadvantaged status, ownership, control requirements or any material change in the information provided in your application form. Changes in management responsibility among members of a limited liability company are covered by this requirement. You must attach supporting documentation describing in detail the nature of such changes. The notice must take the form of an affidavit sworn to by the owners of the firm before a person who is authorized by state law to administer oaths or of an un-sworn declaration executed under penalty of perjury of the laws of the United States. You must provide the written notification within 30 days of the occurrence of the change. If you fail to make timely notification of such a change, you will be deemed to have failed to cooperate under 49 CFR 26.109(c).

To renew your firm's DBE certification and if it continues to meet the applicable criteria, on or before your firm's certification anniversary date of June 9, 2018 and each year thereafter, please send SDO the following documents:

(1) No Change Affidavit (will be sent with reminder letter)
(2) A signed copy of your company's, and all of its affiliates', U.S. Tax Returns including all schedules and attachments for the year(s) indicated.
(3) If a sole proprietor, a signed copy of your Schedule C. for year(s) indicated.
(4) A notarized statement of the number of full- and part-time employees (including owner) for each year indicated.

(5) For out of state companies, please provide a copy of your most recent certification letter from your home state.

If you have changed your company name or address, please notify Ms. Nedra D. White, in writing on the company's letterhead in order to update your state vendor file.

SDO reserves the right to monitor, perform random spot checks, re-evaluate the firm or revoke the firm's certification if it no longer meets the certification criteria.

During the period of your certification, if you have further questions regarding annual reviews, please contact Ms. Nedra D. White, Director of DBE Certification, at (617) 701-8012.

Very truly yours,

Nedra D. White
Director of DBE Certification

Fall River, MA 02721

Dear Ms. Biszko:

Congratulations! Your firm has been certified as a woman business enterprise (WBE) with the Supplier Diversity Office ("SDO") under the business description of GENERAL CONTRACTOR, STEEL BUILDINGS, COMMERCIAL AND INSTITUTIONAL BUILDING CONSTRUCTION AND SITE PREPARATION. Your firm will be listed in the SDO Certified Business Directory and the Massachusetts Central Register under this description. **This letter serves as the sole proof of your SDO certification.** Your designation as a WBE is valid for two (2) years unless revoked pursuant to 425 CMR 2.00.

Your firm's next renewal date is June 9, 2018. SDO will send written renewal notices to your business and/or e-mail address on file approximately thirty (30) business days prior to your firm's two (2) years certification anniversary. Additionally, every six (6) years certified, companies that wish to remain certified may undergo a substantive review which will require certain updated supporting documentation.

SDO also reserves the right to monitor your firm and to perform random spot checks to ensure the firm continues to meet the certification criteria. Your firm is required to notify the SDO in writing of any material changes. Examples include but are not limited to changes in its business description, as well as business phone number, fax number, business' physical location, webpage and e-mail addresses. Other reportable changes include business structure, ownership (the business is sold or transferred), control and outside employment. You also have a duty to report decertification and debarment notices from this or any other any other jurisdiction. Failure to abide by the continuing duty requirements shall constitute grounds for the firm's decertification.

We look forward to working with you and your firm to maximize its business opportunities. Should you have any questions, please feel free to contact a member of our staff at 617-502-8831.

Sincerely,

William M. McAvoy
Deputy Assistant Secretary and
Chief Legal Counsel

Subcontractor Signature Title/Date

Equivalent to EPA form 6100-2

DBE CERTIFICATION OF UNITED STATES CITIZENSHIP

For the SRF program, under the EPA Disadvantage Business Enterprise (DBE) Rule, a DBE must be owned or controlled by a socially and economically disadvantaged person that is also a **citizen of the United States** (*See* 40 CFR 33.202). "Ownership" is defined at 13 CFR 124.105 and "control" is defined at 13 CFR 124.106.

DBEs are certified for the SRF program through the Supplier Diversity Office using the federal Department of Transportation (DOT) DBE rules. EPA allows the use of DBEs certified under the DOT rules as long as they are also United States citizens. To ensure compliance with the EPA rule, MassDEP must verify United States citizenship through the completion of the following form for each DBE used on the project.

SRF Project Number 4203

Contract Title East Main Street Improvements Project

DBE Subcontractor Regis Steel Corp.

The undersigned, on behalf of the above-named DBE subcontractor, hereby certifies that the DBE firm is either owned or controlled by a person or persons that are citizens of the United States.

Donald J Muirhead Manager

DBE Signature

11/14/12
Date

This form is to be completed by each D/MBE and D/WBE and must be submitted by the Bidder with the Bid. A separate form must be completed and signed by each D/MBE and D/WBE involved in the project.

DBE CERTIFICATION OF UNITED STATES CITIZENSHIP

For the SRF program, under the EPA Disadvantage Business Enterprise (DBE) Rule, a DBE must be owned or controlled by a socially and economically disadvantaged person that is also a **citizen of the United States** (*See* 40 CFR 33.202). "Ownership" is defined at 13 CFR 124.105 and "control" is defined at 13 CFR 124.106.

DBEs are certified for the SRF program through the Supplier Diversity Office using the federal Department of Transportation (DOT) DBE rules. EPA allows the use of DBEs certified under the DOT rules as long as they are also United States citizens. To ensure compliance with the EPA rule, MassDEP must verify United States citizenship through the completion of the following form for each DBE used on the project.

SRF Project Number 4203

Contract Title East Main Street Improvements Project

DBE Subcontractor New England Specialty Services Inc

The undersigned, on behalf of the above-named DBE subcontractor, hereby certifies that the DBE firm is either owned or controlled by a person or persons that are citizens of the United States.

Monica Biszko, President
Printed Name and Title of DBE Signatory

DBE Signature

11/14/17
Date

This form is to be completed by each D/MBE and D/WBE and must be submitted by the Bidder with the Bid. A separate form must be completed and signed by each D/MBE and D/WBE involved in the project.

REQUEST FOR WAIVER FOR SRF CONSTRUCTION (EEO-DEP-490C)

Upon exhausting all known sources and making every possible effort to meet the minimum requirements for DBE participation, the Bidder may seek relief from these requirements by filing this form with the bid and submitting a completed waiver package NO LATER THAN THREE (3) working days following bid opening. Failure to comply with this process shall be cause to reject the bid thereby rendering the Bidder not eligible for award of the contract.

General Information

Project Title: W/B Project Location: _____

Bid Opening (time/date) _____

Bidder: _____

Mailing Address: _____

Contact Person: _____ Telephone No. ( ) _____ Ext. _____

Minimum Requirements

The bidder must show that good faith efforts were undertaken to comply with the percentage goals as specified. The firm seeking relief must show that such efforts were taken appropriately in advance of the time set for opening bid proposals to allow adequate time for response(s) by submitting the following:

A. A detailed record of the effort made to contact and negotiate with disadvantaged minority and/or woman owned businesses, including:
   1. names, addresses, telephone numbers and contact dates of all such companies contacted;
   2. copies of written notice(s) which were sent to DBE potential subcontractors prior to bid opening;
   3. a detailed statement as to why each subcontractor contacted (i) was not willing to do the job or (ii) was not qualified to perform the work as solicited; and
   4. in the case(s) where a negotiated price could not be reached the bidder should detail what efforts were made to reach an agreement on a competitive price.
   5. copies of advertisements, dated not less than ten (10) days prior to bid opening, as appearing in general publications, trade-oriented publications, and applicable minority/women-focused media detailing the opportunities for participation;

B. MassDEP may require the bidder to produce such additional information as it deems appropriate.

C. No later than fifteen (15) days after submission of all required information and documentation, MassDEP shall make a determination, in writing, whether the waiver request is granted and shall provide that determination to the bidder and Awarding Authority. If the waiver request is denied, the facts upon which a denial is based will be set forth in writing.

Special Note

If at any time, MassDEP determines that one or more of the DBE contractors as submitted by the bidder on form EEO-DEP-190C is not certified, the bidder shall have 10 working days, following notification to MassDEP, to either find a certified DBE contractor to perform work equal to or greater than that of the uncertified contractor or submit a waiver request.

CERTIFICATION

The undersigned herewith certifies that the above information and appropriate attachments are true and accurate to the best of my knowledge and that I have been authorized to act on behalf of the bidder in this matter.

A contractor will not be eligible for award of a contract unless such contractor has submitted this certification, which is deemed a part of the resulting contract.

A bidder for a state construction contract or state assisted construction contract will not be eligible for award of the contract unless such bidder has submitted to the administering agency this certification, which will be incorporated into the resulting contract.

This form must be filled out and signed and submitted by the Bidder WITH THE BID.

CONTRACTOR'S WORKFORCE CERTIFICATION (EPA Form 6100-2)

Biszko Contracting Corp certifies that they:
(Contractor Name)

1. Will not discriminate in their employment practices;

2. Intend to use the following listed construction trades in the work under the contract

Laborers & operators

; and

3. Will make good faith efforts to comply with the minority employee and women employee workforce participation ratio goals and specific affirmative action steps contained herein; and

4. Are in compliance with all applicable federal and state laws, rules, and regulations governing fair labor and employment practices; and

5. Will provide the provisions of the "Supplemental Equal Employment Opportunity, Non-Discrimination and Affirmative Action Program" to each and every subcontractor employed on the Project and will incorporate the terms of this Section into all subcontracts and work orders entered into on the Project.

6. Agree to comply with all provisions contained herein.

(Signature of authorized representative of Contractor) Date 11/16/17

Alan C. Biszko, President
(Printed name of authorized representative of Contractor)

This form must be filled out and signed and submitted by the Bidder WITH THE BID

SUBCONTRACTOR'S WORKFORCE CERTIFICATION

New England Specialty Services Inc
Name of the Subcontractor

certifies that:

1. It **intends** to use the following construction trades in the work under the contract:

Laborers / operators

2. Will comply with the minority workforce ratio and specific affirmative action steps herein: and

3. Will obtain from each of its subcontractors prior to the award of any subcontract under this contract the subcontractor's certification required by these bid conditions.

Signature of Authorized Representative of Subcontractor

Prior to the award of any subcontract, regardless of tier, the prospective subcontractor must execute and submit to the General Contractor this certification, which will be deemed a part of the resulting subcontract. Failure to adequately complete this form may result in the contractor being deemed unresponsive.

This form must be filled out and signed by each subcontractor and submitted by the Bidder as part of the bid.

MASSACHUSETTS DIESEL RETROFIT PROGRAM (MDRP)

STATEMENT OF INTENT TO COMPLY

This form must be signed and submitted by the bidder as part of the bid.

Local Governmental Unit City of Fall River **SRF Project No.** DWSRF 4203

Contract No. IFB # 18-26 **Contact Title** East Main Street Improvement Project

Bidder Biszko Contracting Corp

The undersigned, on behalf of the above-named Bidder, agrees that, if awarded the Contract:

1. The Bidder shall comply with the Department of Environmental Protection's ("DEP") Diesel Retrofit Program by ensuring that all diesel powered non-road construction equipment and vehicles greater than 50 brake horsepower which will be used in the performance of the work under the Contract are equipped or retrofitted with a pollution control device in accordance with the Diesel Retrofit Program Standard;

2. The Bidder shall require all Subcontractors to comply with MassDEP's Diesel Retrofit Program by ensuring all diesel powered non-road construction equipment and vehicles greater than 50 brake horsepower which will be used in the performance of the work under the Contract are equipped or retrofitted with a pollution control device in accordance with the Diesel Retrofit Program Standard; and

3. The Bidder shall submit and shall require each Subcontractor to submit a Diesel Retrofit Program Contractor Certification (form attached) with a Diesel Retrofit List to DEP (NAME and ADDRESS) and the Bidder within 10 days of the bidder being notified that it has been awarded the Contract. The Bidder shall require each Subcontractor to update such Certification and List within 2 days of using additional Diesel Construction Equipment on the project under the Contract.

AIA DOCUMENT G702 - APPLICATION AND CERTIFICATE FOR PAYMENT - 1992 EDITION - AIA™
THE AMERICAN INSTITUTE OF ARCHITECTS, 1735 NEW YORK AVE., N.W., WASHINGTON, D.C. 20006

The undersigned Contractor certifies that to the best of the Contractor's knowledge, information and belief the Work covered by this Application for Payment has been completed in accordance with the Contract Documents, that all amounts have been paid by the Contractor for Work for which previous Certificates for Payment were issued and payments received from the Owner, and that current payment shown herein is now due.

CONTRACTOR: BISZKO CONTRACTING CORP.

By: _____ Date: November 30, 2018
Alan C. Biszko, President
State of: Massachusetts
County of: Bristol

Subscribed and sworn to before me this 30th day of November 2018

Notary Public: _____
My Commission expires:

JANIS M. GALIB
Notary Public
COMMONWEALTH OF MASSACHUSETTS
My Commission Expires
June 21, 2024

ENGINEER'S RECOMMENDATION

In accordance with the Contract Documents, based on on-site observations and the data comprising this application, the Engineer recommends to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, and the Contractor is entitled to payment of the AMOUNT RECOMMENDED

AMOUNT RECOMMENDED $ 760,559.70

Attached explanation if amount recommended differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount recommended.

Engineer - Stantec Consulting Services, Inc.

By: _____ Date: _____

By: _____ 12/18/2018

BETA Group, Inc.

This Certificate is not negotiable. The AMOUNT RECOMMENDED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

OWNERS APPROVAL: In accordance with the contract documents, the Owner hereby approves this application for Payment. The amount of this payment is amount certified by the Engineer unless signified in writing differently by Owner.

OWNER: City of Fall River

SECTION 00300
BID

All pages herein Section 00300 must be completed and submitted in their entirety for a bid package to be considered complete and responsive.

To the City of Fall River, Massachusetts, herein called the "Owner", for
"East Main Street Lighting Improvements, IFB 19-16 (Contract No. XX-XXX)".

The Undersigned, as a bidder herein referred to as singular and masculine, declares as follows:

(1) The only parties interested in this BID as Principals are named herein;

(2) this BID is made without collusion with any other person, firm, or corporation;

(3) no officer, agent, or employee of the Owner is directly or indirectly interested in this BID;

(4) he has carefully examined the site of the proposed Work and fully informed and satisfied himself as to the conditions there existing, the character and requirements of the proposed Work, the difficulties attendant upon its execution and the accuracy of all estimated quantities stated in this BID, and he has carefully read and examined the Drawings, the annexed proposed AGREEMENT and the Specifications and other Contract Documents therein referred to and knows and understands the terms and provisions thereof;

(5) he understands that information relative to subsurface and other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) has been furnished only for his information and convenience without any warranty or guarantee, expressed or implied, that the subsurface and/or other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) actually encountered will be the same as those shown on the Drawings or in any of the other Contract Documents and he agrees that he shall not use or be entitled to use any such information made available to him through the Contract Documents or otherwise or obtained by him in his own examination of the site, as a basis of or ground for any claim against the Owner or the Engineer arising from or by reason of any variance which may exist between the aforesaid information made available to or acquired by him and the subsurface and/or other conditions, natural phenomena, existing pipes and other structures (surface and/or subsurface) actually encountered during the construction work, and he has made due allowance therefore in this BID;

(6) and he understands that the quantities of work tabulated in this BID or indicated on the Drawings or in the Specifications or other Contract Documents are only approximate and are subject to increase or decrease as deemed necessary by the Engineer; and he agrees that, if this BID is accepted he will contract with the Owner, as provided in the copy of the Contract Documents deposited in the office of the Engineer, this BID form being part of said Contract Documents, and that he will perform all the work and furnish all the materials and equipment, and provide all labor, services, plant, machinery, apparatus, appliances, tools, supplies and all other things required by the Contract Documents in the manner and within the time therein prescribed and according to the requirements of the Engineer as therein set forth, and that he will take in full compensation therefore the total dollar amount tabulated from the actual measured quantities of said work and each unit or lump sum price stated in this BID as hereinafter set forth.

RECEIVED
MAY 02 2019
PURCHASING DEPARTMENT

(7) It is required that all bidders submitting proposals for this project submit a certificate of prequalification from the Massachusetts Department of Transportation. (MassDOT). The contractors must be MassDOT prequalified under the assigned project classification.

(Note: All entries in the entire BID must be made clearly and in ink; price bid must be written in both words and figures for all items herein.)

Items Eligible for SRF Reimbursement

Item Number	Estimated Quantity	Brief Description: unit or lump-sum, price bid in both words and figures.	Total in Figures
1	1 Lump-sum	Lighting System as directed, per lump-sum,	
		Two Hundred Sixty Nine Thousand Eight Hundred Ninety Eight dollars and zero cents ($ 269,898.)	($ 269,898.)

* Indeterminate quantity for comparison of bids.

TOTAL OF BASE BID:

Two Hundred Sixty Nine Thousand Eight Hundred Ninety Eight dollars

and zero cents $ 269,898.

ENGINEER'S RECOMMENDATION

In accordance with the Contract Documents, based on on-site observations and the data comprising this Application, the Engineer recommends to the Owner that to the best of the Engineer's knowledge, information and belief the Work has progressed as indicated, the quality of the Work is in accordance with the Contract Documents, and the Contractor is entitled to payment of the AMOUNT RECOMMENDED

AMOUNT RECOMMENDED $ $271,947.00 Water portion
$ 42512.50 Eng. portion

(Attach explanation if amount recommended differs from the amount applied for. Initial all figures on this Application and on the Continuation Sheet that are changed to conform to the amount recommended.)

By: _____ Date: 5/22/2018

CDM Smith, Inc.
By: _____ Date: 5/22/2018

The AMOUNT RECOMMENDED is payable only to the Contractor named herein. Issuance, payment and acceptance of payment are without prejudice to any rights of the Owner or Contractor under this Contract.

OWNER'S APPROVAL: In accordance with the Contract Documents, the Owner has also approved this Application for Payment. The amount of this payment is correctly computed in the progress column on this Application and is now due.

OWNER: City of Fall River

CHANGE ORDER FORM (continued)

Public Entity: **City of Fall River – Water Department**

SRF No.: **4203** Contract No. **1** Change Order No. **1**

Contract Title: **East Main Street Water Improvements Project**
DWSRF Project No. 4203 – Contract 1

Owner's Name: **City of Fall River - Water Department**
Terrance J. Sullivan, Administrator of Community Utilities

Owner's Address: **One Government Center, Fall River MA 02722**

Contractor's Name: **Biszko Contracting Corp.**

Contractor's Address: **20 Development Street Fall River, MA 02721**

Description of Change

In accordance with the provisions of ARTICLE XVI – Alterations of Work and Article XVII – Extra Work of the General Conditions of the Contract between Biszko Contracting Corp., and the City of Fall River entitled "East Main Street Water Improvement Project," DWSRF 4203 – Contract 1," it is hereby ordered that the following changes to be made:

Please accept the Contract Eligibility Summary below for the following items in Change Order #1:

	Original Contract Amount	Adjustments to Date	Adjustment this CO	Revised Contract Amount
SRF Eligible	$986,550.00	$0	$248,061.09	$1,234,611.09
SRF In-Eligible	$870,071.00	$0	$0	$870,071.00
Total	**$1,856,621.00**	**$0**	**$248,061.09**	**$2,104,682.09**

The Original SRF Eligible Contract Amount of $986,550.00 shall be increased by $248,061.09 to $1,234,611.09 and the Total Contract Amount of $1,856,621.00 shall be increased by $248,061.09 to $2,104,682.09 with this Change Order No. 1. There shall be no time extension with this Change Order No. 1. Change Order No. 1 shall take effect when approved in writing by the Owner and accepted in writing by the Contractor. The agreed total payment shall be full compensation for all labor, materials, tools and equipment for all other expenses incidental thereto.

Reason for Change

Change Order #1 – Quantity Balance for construction quantity overages due to unforeseen conditions:

- Additional bypass piping installed for isolation purposes where existing valves were inoperable.
- Additional CDF installed due to extended trench widths throughout the project area, and insufficient eligible bid quantity.
- Additional 6" and 8" gate valves and boxes installed to replace existing inoperable valves and facilitate isolation.
- Reduction in quantity of 1" services installed due to records reconciliation.

- Remainder of bid quantity differentials are minor in nature.
- An itemized breakdown is attached

Labor Burden as submitted with the bid package is 68%. Biszko's submittal notes 64%. Stantec has updated the labor burden calculation to 68%. Stantec has found the rates submitted for Foreman, Laborer, and Driver to be incorrect. Stantec has updated the rates to reflect the payroll documents submitted for the appropriate weeks in which the change order work was completed.

Le Mans, 1 Mars 1790.

Monsieur,

Je suis bien sensible à l'honneur que vous me faites de me demander mon avis sur la question importante qui vous occupe. Je vais vous le donner avec franchise, et vous prie de ne pas vous en offenser, si je ne pense pas comme vous.

Je crois que la Religion Catholique, Apostolique et Romaine doit être la Religion dominante, et que les Ecclésiastiques doivent être entretenus aux dépens de la Nation. Je crois que les Biens du Clergé sont à la Nation, et que la Nation peut en disposer, comme elle le juge à propos, pour le bien de l'Etat. Je crois que le Clergé doit être soumis à la Nation, et que la Nation peut le réformer, comme elle le juge à propos, pour le bien de l'Etat. Je crois que le Clergé doit être soumis à la Nation, et que la Nation peut le réformer, comme elle le juge à propos, pour le bien de l'Etat.

Subject: RE: Phase 17 Update

Gina,

My package had Biszko's supervisor write ups for each CO. They are hand written. I have photographed them and will send now.

The CO for Hamlet Street is very blurry, I will write this one out here.

Intersection of East Main and Hamlet St.

Scheduled Shut down at 8 PM to remove 20" Old Gate and install new 12" Gate and 20x12 reducer. Lost time due to all utilities in the way. Three Electrical lines, Two Gas lines - lots of hand digging and blow-tubing to remove old 20" Main and Gate.

I will attach two photos of CO and then send second two in a separate email.

Bill

PS call if anything is hard to read.

Subject: COR 1 Revision A Purchase & Bank Street
Attachments: COR #1A Document pkg 6-20-18.pdf

Joe,

Attached are the recapitulation sheets as well as our Qualifications and Exclusions Schedule for the COR #1 revision A (remove culvert top slabs P/O supporting culvert roof) beginning with P2A. P1 costs and work scope were previously accepted and are therefore not included.

P2A	Prep culvert, remove top slabs & additional overburden	$ 13,115.86
P3A	Form and pour outfall pad	$ 4,128.90
P4A	Deleted	
P5A	Create wall opening, R&D stones, set 1 stick of pipe in wall	$ 4,339.87
P6A	Armor rear culvert wall	$ 2,806.72
P7A	Form and pour wall section around RCP	$ 14,462.39
P8A	Deleted	
P9A	F&I Tunnel riser, remove MH Box	$ 5,642.87
P10A	Remove Lg trench box, reset roof slabs, backfill, pave prep	$ 17,772.20
P11A	Restore walk, loam & seed	$ 3,793.06
	Total	$ 66,061.87

Additional costs:

DMH S1-1 with F&C	$ 11,200.00
HMA for temp & permanent patch	TBD

Please be aware that the costs for the rental of the trench boxes are based on a schedule in which we resume work on Monday June 25th, 2018. If official direction is not received in time for that to occur, the city will be responsible for any associated additional rental costs.

David M. Stahley, Project Manager
I. W. Harding Construction Co., Inc.
354 Pleasant Street
West Bridgewater, MA 02379-1514
508-588-2222 x 201
508-588-3456 Fax
508-958-8094 Cell

Exclusions & Qualifications for COR #1

Exclusions:

- Water control in culvert(s)
- Groundwater
- Wall opening larger than 7'w x4'h
- Air quality mitigation of any kind
- Concrete testing
- F&I temp/permanent HMA patch; F&I DMH S1-1 (see Qualifications)

Qualifications:

- Restoration work is for Option #1 as outlined in the COR #1 letter by BETA
- Work will not occur in culvert during rain events if water is flowing in culvert
- Poured Concrete outfall slab shall remain in place after work is complete.
- Armor wall length is not to exceed 5 feet long
- Item 472 to be used for temp. & permanent patch HMA
- Item 202 & 222.3 to be used for DMH S1-1
- IWH's plan was to begin work at the outfall DMH and proceed North up Second Street and then to Purchase St., etc. As a result of the differing condition(s) for the drainage system outfall tie in work, drainage and other project work is being performed out of sequence starting with DMH S-3 and proceeding Northward. As a result, any invert elevation issues that arise between the new outfall tie-in and DMH 3 that necessitates any rework from DMH 3 north will be completed at the owners' expense.
- Previously we had indicated an extension of time of 49 days would be required if official direction to proceed was received by May 25th. We have only received notice to proceed with part P1. Once we have received official direction to proceed with all the required work, we will let you know the impact to the schedule and the extension of time required.
- No additional submittals will be required for the work.
- IWH can't guarantee the structural integrity of the granite roof slabs. Care will be taken to remove them and reset them. However, IWH will not be responsible for slabs that do not hold up to the removal and resetting process or providing a replacement for them.

Subject: RE: Drainage Revisions PCO 37 Purchase & Bank St.

Dave and Jim,

The new work/extra work associated with PCO 37 is approved for $21,325.36. This is in addition to contract unit price work as applicable. While it is perfectly reasonable to roll-up associated investigation costs related to the work, those efforts have not been reviewed and Joe Simmons is off today. Reiterating, we take no exception to the PCOs but we can't approve them right now as they haven't been reviewed yet. We understand that this leaves PCOs 19, 23, 25, 26, & 29 open. Let me know if you have any follow-up questions.

Thank you,
JR

JR Frey, PE
City Engineer

Subject: Drainage Revisions PCO 37 Purchase & Bank St.

Joe,

We have completed our review of the Directive #1 Drain plan revisions and agree to use contract unit prices for work to install new pipe, DMH's, DI's, & CB's, temp paving, etc. The attached PCO 37 includes costs for the following work which is in addition to the unit prices:

- Plugging and coring holes in existing structures to accommodate the revised pipe run layout & elevations
- Additional work involved with installing the double 10" DIP run
- Additional work involved with installing the 42' RCP pipe run to DMH 8
- Structure modifications at DMH 10B
- Additional work involved with installing the RCP pipe run from DMH 10 to CBCI 11B

As confirmed by the design revisions incorporated in the Directive 1 Plan revisions, the costs for the preliminary work in PCO's 19, 23, 25, 26, & 29 that verified the need for a redesign are also included within PCO 37. Accordingly, upon approval of PCO 37 and the associated costs of the 5 PCO's, you can consider them withdrawn.

A time extension may be required. However, until we are directed to proceed, that can't be determined. Also, please be aware PCO 37 does not include any costs related to inefficiencies or down time related to or caused by the Directive 1

redesign. Pricing provided in this memo is not meant to supersede or nullify other costs submitted in previous PCO's other than the 5 specifically listed above.
