11. Mayor & submission of Complete Streets Program and Policy
On a motion made by Councilor Linda M. Pereira and seconded by Councilor Raymond A. Mitchell, it was unanimously voted to refer the matter to the Committee on Public Works and Transportation.

PRIORITY COMMUNICATIONS

12. Corporation Council legal opinion regarding placement of basketball hoop on Vincent Street
On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Linda M. Pereira, it was unanimously voted that the communication be accepted and placed on file, with copies to the neighbors that were present at the Ordinance Committee Meeting.

COMMITTEE REPORTS

Committee on Finance recommending:

Grant Leave to Withdraw:

13. Resolution – Discussion re: Fire Dept. rules and regulations
On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Linda M. Pereira, it was unanimously voted that the resolution be granted leave to withdraw.
14. Resolution – PILOT program
On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Linda M. Pereira, it was unanimously voted that the resolution be granted leave to withdraw.
15. Communication – FY2015 Capital Plan
On a motion made by Councilor Steven A. Camara and seconded by Councilor Raymond A. Mitchell, it was unanimously voted that the communication be granted leave to withdraw.

Committee on Public Works and Transportation recommending:

Grant Leave to Withdraw:

16. Resolution – Liberty Utilities road repairs
A motion was made by Councilor Raymond A. Mitchell and seconded by Councilor Steven A. Camara, that the resolution be granted leave to withdraw. Councilor Joseph D. Camara stated that he doesn't want to see this granted leave to withdraw. He stated there are numerous holes in the streets that are not properly filled. Councilor Raymond A. Mitchell then withdrew his motion. On a further motion made by Councilor Raymond A. Mitchell and seconded by Councilor Cliff Ponte, it was unanimously voted to refer the resolution to the Committee on Public Works and Transportation.
17. Resolution – Pothole epidemic
On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Steven A. Camara, it was unanimously voted that the resolution be granted leave to withdraw.

18. Resolution – Wilson Road resurfacing

On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Cliff Ponte, it was unanimously voted that the resolution be granted leave to withdraw.

Committee on Budget Preparation, Revenue and Audits recommending:

Grant Leave to Withdraw:

19. Resolution – Discussion re: education funding

On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Steven A. Camara, it was unanimously voted that the resolution be granted leave to withdraw.

Referral to the Committee on Real Estate:

20. Resolution – Fire Department Facility Plan

On a motion made by Councilor Raymond A. Mitchell and seconded by Councilor Steven A. Camara, it was unanimously voted that the resolution be referred to the Committee on Real Estate.

ORDINANCES

Second Reading and Enrollment:

21. Proposed ordinance – Traffic, miscellaneous

On a motion made by Councilor Steven A. Camara and seconded by Councilor Raymond A. Mitchell, it was unanimously voted that the proposed ordinance be passed through second reading and enrollment.

22. Proposed ordinance – Water Rates

On a motion made by Councilor Cliff Ponte and seconded by Councilor Stephen R. Long, it was voted 6 yeas, 3 nays that the proposed ordinance be passed through second reading and enrollment, with Councilors Steven A. Camara, Raymond A. Mitchell and Linda M. Pereira voting in the negative.

23. Proposed ordinance – Sewer Rates

On a motion made by Councilor Joseph D. Camara and seconded by Councilor Stephen R. Long, it was voted 6 yeas, 3 nays that the proposed ordinance be passed through second reading and enrollment, with Councilors Steven A. Camara, Raymond A. Mitchell and Linda M. Pereira voting in the negative.

24. Proposed ordinance – Dept. of Buildings and Grounds to Facilities Maintenance

On a motion made by Councilor Linda M. Pereira and seconded by Councilor Raymond A. Mitchell, it was unanimously voted that the proposed ordinance be passed through second reading and enrollment.

Second Reading and Enrollment, as amended:

25. Proposed ordinance – Personnel, Account Manager/Police Department

On a motion made by Councilor Linda M. Pereira and seconded by Councilor Stephen R. Long, it was voted 8 yeas, 1 nay that the proposed ordinance be passed through second reading and enrollment, with Councilor Raymond A. Mitchell voting in the negative.

26. Proposed ordinance – Personnel, Mayor's Administrative Assistant

A motion was made by Councilor Stephen R. Long and seconded by Councilor Joseph D. Camara, to pass the proposed ordinance through second reading and enrollment, as amended. Councilor Richard Cabeceiras stated that he agrees with the position, but he does not agree with the pay bump. On a further motion made by Councilor Pam Laliberte-Lebeau and seconded by Councilor

Cliff Ponte, it was unanimously voted to waive the rules to allow the Administration to answer questions. Councilor Pam Laliberte-Lebeau asked questions regarding this position. The City Administrator stated that the individual in this position is performing many more duties than a receptionist, which is why they are looking to change this position to the Mayor's Administrative Assistant. Vice-President Linda M. Pereira took the podium at 8:02 p.m. to allow President Shawn E. Cadime to speak. President Shawn E. Cadime asked the City Administrator what the salary is for this position in New Bedford and Taunton. The City Administrator stated that it is difficult to compare, because their staffing levels are higher. He then requested a comparative analysis of this position. President Shawn E. Cadime returned to the podium at 8:24 p.m. On a further motion made by Councilor Raymond A. Mitchell and seconded by Councilor Cliff Ponte, it was voted 3 years, 6 days to table the matter with Councilors Joseph D. Camara, Steven A. Camara, Pam Laliberte-Lebeau, Stephen R. Long, Linda M. Pereira and President Shawn E. Cadime voting in the negative and the motion failed to carry. On yet a further motion made by Councilor Steven A. Camara and seconded by Councilor Stephen R. Long, it was voted 5 years, 4 days to recommend the proposed ordinance be passed through second reading and enrollment, as amended with Councilors Richard Cabeceiras, Raymond A. Mitchell, Linda M. Pereira and Shawn E. Cadime voting in the negative.

RESOLUTIONS - None

CITY OF FALL RIVER
LOAN ORDER
(Water System Improvements)

ORDERED, that \$4,936,000 is appropriated for the purpose of financing construction and design of Phase 17 of the City's Water Project including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws; and to meet this appropriation the Treasurer, with the approval of the Mayor, is authorized to borrow \$4,936,000 and to issue bonds or notes therefore under Chapter 44 of the General Laws and/or Chapter 29C of the General Laws or any other enabling authority; that such bonds or notes shall be general obligations of the City unless the Treasurer, with the approval of the Mayor, determines that they should be issued as limited obligations and may be secured by local system revenues as defined in Section 1 of Chapter 29C; that the Treasurer, with the approval of the Mayor, is authorized to borrow all or a portion of such amount from the Massachusetts Clean Water Trust ("Trust") established pursuant to Chapter 29C and in connection therewith to enter into a financing agreement and/or a security agreement with the Trust and otherwise to contract with the Trust and the Department of Environmental Protection ("Department") with respect to such loan and for any federal or state aid available for the project or for the financing thereof; and that the Mayor is authorized to enter into a project regulatory agreement with the Department, to expend all funds available for the project and to take any other action necessary or convenient to carry out the project.

FURTHER ORDERED, any premium received upon the sale of any bonds or notes approved by this vote less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

FURTHER ORDERED, that the Treasurer is authorized to file an application with the appropriate officials of The Commonwealth of Massachusetts (the "Commonwealth") to qualify under Chapter 44A of the General Laws any and all bonds of the City to be issued pursuant to this Order, and to provide such information and execute such documents as such officials of the Commonwealth may require.

FURTHER ORDERED, that authorization approval will be effective July 3, 2017.

CITY OF FALL RIVER
LOAN ORDER
(Water System Improvements)

ORDERED, that \$3,700,000 is appropriated for the purpose of financing Water Meter/AMR Replacement and Upgrading project including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws; and to meet this appropriation the Treasurer, with the approval of the Mayor, is authorized to borrow \$3,700,000 and to issue bonds or notes therefore under Chapter 44 of the General Laws and/or Chapter 29C of the General Laws or any other enabling authority; that such bonds or notes shall be general obligations of the City unless the Treasurer, with the approval of the Mayor, determines that they should be issued as limited obligations and may be secured by local system revenues as defined in Section 1 of Chapter 29C; that the Treasurer, with the approval of the Mayor, is authorized to borrow all or a portion of such amount from the Massachusetts Clean Water Trust ("Trust") established pursuant to Chapter 29C and in connection therewith to enter into a financing agreement and/or a security agreement with the Trust and otherwise to contract with the Trust and the Department of Environmental Protection ("Department") with respect to such loan and for any federal or state aid available for the project or for the financing thereof; and that the Mayor is authorized to enter into a project regulatory agreement with the Department, to expend all funds available for the project and to take any other action necessary or convenient carry out the project.

FURTHER ORDERED, that any premium received upon the sale of any bonds or notes approve by this vote, less any such premium applied to the payment of such bonds or notes may be applied to the payment costs approved by this vote in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

FURTHER ORDERED, that the Treasurer is authorized to file an application with the appropriate officials of The Commonwealth of Massachusetts (the "Commonwealth") to qualify under Chapter 44A of the General Laws any and all bonds of the City to be issued pursuant to this Order, and to provide such information and execute such documents as such officials of the Commonwealth may require.

FURTHER ORDERED, that authorization approval will be effective July 3, 2017.

Fall River, MA 02722

Dear Honorable Council Members:

The Community Preservation Committee (CPC) has identified a community project and has made recommendations for borrowing for it in accordance with the Community Preservation Act (CPA) MGL Chapter 44B Sections 4 to 7. The following project is being recommended for approval and related borrowing.

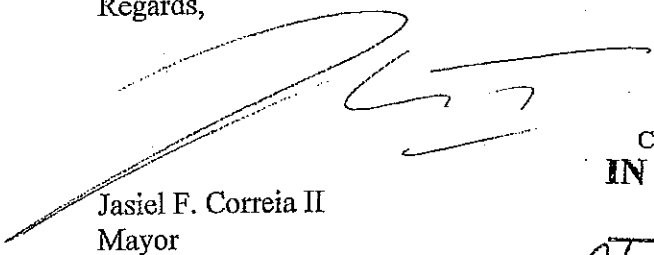

Community Preservation Act - 2017 Mount Hope Bay Bike Path Project Planning and Engineering Feasibility Study. Total cost \$240,000.

Your approval of the associated Loan Order is respectfully requested.

The debt service, including the principal, interest, and debt issuance costs will be funded from CPA funds.

Should you have any questions or concerns in this regard, please do not hesitate to contact me.

Regards,

Jasiel F. Correia II
Mayor

LOAN ORDER: COMMUNITY PRESERVATION ACT
(Mount Hope Bike Path Feasibility Study)

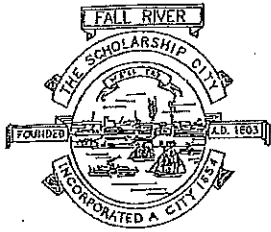

ORDERED: That the City hereby appropriates Two Hundred Forty Thousand Dollars (\$240,000) to pay costs of a feasibility study for the Mount Hope Bay Bike Path project and all other costs incidental and related thereto. To meet this appropriation, the City Treasurer, with the approval of the Mayor, is authorized to borrow said sum under and pursuant to M.G.L. Chapter 44B or pursuant to any other enabling authority, and to issue bonds or notes of the City therefor. The Mayor is authorized to apply for, accept and expend any and all grants or gifts from any sources whatsoever that may be available to the City on account of this project; provided, however, that the amount authorized to be borrowed by this order shall be reduced to the extent of any such grants or gifts received by the City. Any premium received by the City upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

ORDERED: That the Treasurer is authorized to file an application with the appropriate officials of The Commonwealth of Massachusetts (the "Commonwealth") to qualify under Chapter 44A of the General Laws any and all bonds of the City to be issued pursuant to this Order, and to provide such information and execute such documents as such officials of the Commonwealth may require.

Re: Community Preservation Act 2017 Mount Hope Bay Bike Path Project
Recommending 5-year bonding with \$60,000.00 in year 1

Dear Mayor Correia:

This letter is in reference to Community Preservation Act 2017 Mount Hope Bay Bike Path Project in the amount of \$240,000.00. It is the recommendation of the Preservation Committee for this project to be funded with a 5-year bond. The first-year amount would be \$60,000.00, to account for any interest.

Pursuant to City Ordinance 2013-11, section 2-367, the Community Preservation Committee shall submit its final report prepared pursuant to GL Ch. 44B s 5 to the Mayor who shall in turn submit the report to the City Council.

There are twelve copies of the letter:

- One copy for the Mayor
- One copy for the City Clerk
- One copy for the City Council Official Record
- Nine copies, one for each City Council

It is requested that this letter be submitted, along with the report, to the City Council prior to May 24, 2017 so that this matter may be placed on the agenda for their May 30, 2017 meeting during Finance. Thank you for your attention to this matter.

Respectfully,

Kenneth Pacheco, Chair

APPROPRIATION ORDER

ORDERED, that the following FY 18 appropriations be provided through the Community Preservation Act (CPA), revenues and reserves under the MGL Chapter 44B Sections 4 to 7 in the aggregate, amounting to \$1,593,165 to be appropriated as follows:

Voted: That \$977,500 be appropriated from the CPA Fund FY 18 Annual Revenues

For CPA Administrative Expenditures	\$45,000
For CPA Open Space/Outdoor Recreation PROJECTS	\$95,000
For CPA Historic Resources Preservation PROJECTS	\$737,000
For CPA Community Housing PROJECTS	\$97,750
For CPA Open Space/Outdoor Recreation RESERVE	\$2,750
TOTAL	\$977,500

And that \$615,665 be appropriated from reserves and fund balance:

For Community Housing PROJECTS	
from CPA Fund Balance Reserved for Community Housing	\$52,250
For Historic Resources Preservation PROJECTS	
From CPA Fund Balance Unreserved/Undesignated	\$563,415
TOTAL	\$615,665

Note: This is the fifth year of CPA implementation. Anticipated CPA Surcharge revenue is \$850,000. Supplemental state trust fund distributions are estimated at \$127,500 (15%). Total \$977,500. Minimum 10% (\$97,750) has to be spent or reserved under each of the three categories and the Administrative expenditure cannot exceed 5% (\$48,875).

**COMMUNITY PRESERVATION COMMITTEE
2017 FUNDING RECOMMENDATIONS**

Adoption and Preparation

The Citizens of Fall River approved the adoption of the community Preservation Act in the November 2012 election. 57.9% of the voters in the election cast ballots in support of its local adoption. The Community Preservation Committee was formed in October 2013 and held its first meeting on October 28, 2013.

The membership of the Community Preservation Committee includes two members appointed by the Mayor, two members appointed by the City Council, a representative from the Housing Authority, a representative from the Historic Commission, a representative from the Planning Board, a representative from the Conservation Commission and a representative from the Park Board

Conservation Commission

- John Brandt

Park Board

- Jason Caminiti

The Community Preservation Committee has developed a local CPA Plan, established the application and hearing process and has become familiar with the statute, GL Ch. 44B and applicable rules. The Community Preservation Committee continues to work closely with the Executive Director of the Community Preservation Coalition as a resource for technical guidance on the implementation of this Act. The Committee frequently utilizes the resources of the Community Preservation Coalition on matters that require clarification.

A website and Facebook has been developed and remains updated for public access. Materials are available through the website as well as at the Community Preservation Committee office at Government Center. As required by statute, the CPC held its annual meeting in August 2016. This public meeting was preceded by legal notices published in the Fall River Herald News. The annual meeting was an opportunity for the public to offer opinions as to the projects and general procedures.

In addition, to the annual public hearings, members of the public have been recognized at each of the CPC's meetings. The identity of the speakers and their comments are documented in the Committee's minutes and the Fall River Government TV video's. No member of the public wishing to address the Community Preservation Committee has ever been denied the opportunity to express his/her views.

The effectiveness of the efforts by the Community Preservation Committee to advertise the availability of these funds is evidenced by the fact that for 2017 28 applications were received.

In 2016, the Community Preservation Committee recommended and the City Council approved funding for 11 projects. Since the inception of the Community Preservation Committee tools have been implemented. Award agreements have been drafted and financial protocols have been developed. Work on private projects have been completed. Some projects have been delayed due to weather, overruns and change in staffing. It is expected that all projects will be completed by summer.

Colorful signs have been purchased and placed at construction sites throughout the city. The signs indicate that the work is being conducted because of the Community Preservation Act funding.

The Application Process

Hearings on Eligibility

The Community Preservation Committee adopted a two-step application process. This process was followed during the 2017 funding cycle. The first part of the process involves an application for eligibility due on September 1st. Upon receipt of each application for eligibility the Committee scheduled an eligibility hearing and sent a written invitation to each applicant.

During the 2017 funding cycle eligibility hearings were held

October 12, 2017

- Columbus Park
- Battleship Cove Feasibility Study
- North Park Existing Condition Study
- Elks Lodge, Bank Street
- Lafayette Durfee House
- Vietnam Veteran South Watuppa Park
- Community Housing Grant
- Historic Preservation Grant
- Sanborn Maps

November 8, 2017

- Second District Court (Fall River Re-Creation)
- Quequechan Club
- Bristol Superior Court (Children's Museum)
- Fall River Historical Society
- Anawan No. 6 (Fire Museum)
- River to Recovery
- 3rd Street School
- Historic Preservation Inventory

December 14, 2017

- Fall River School Department Administration Building
- Mann Murals
- People Inc, Rock Street

- Cook Pond Wall
- Cook Pond Open Space
- Kennedy Park Benches
- Mount Hope Bay Path
- Little Theatre
- Safe Haven House

The first purpose of these eligibility hearings was for the Committee determine if the application met the criteria for funding. The Community Preservation Act allows funding for projects involving Open Space, Historic Preservation, Outdoor Recreation and Community Housing. Within each category there are rules involving permissible funding.

The Community Preservation Committee considered the eligibility of each project even when a presenter did not appear. The secondary purpose of these hearings was for the Committee to become familiar with the projects through applicant presentations. The committee members had frequent questions for these presenters. Ultimately 28 projects qualified

Hearings for Funding

The Community Preservation Committee scheduled funding hearings for projects

April 6, 2017

- Columbus Park
- Battleship Cove feasibility study
- Community Housing Grant
- Historic Preservation Grant
- North Park existing conditions study
- Sanborn Maps Restoration
- Bank Street (Elks Lodge)
- Lafayette Durfee House
- Vietnam Veteran's South Watuppa Park
- Dr. Fiske House
- 3rd Street School
- Second District Court

April 11, 2017

- Old Superior Court
- River to Recovery
- Fall River Historical Society
- Fall River Fire Museum-Anawan No. 6
- Cook Pond Stone Wall
- Kennedy Park Benches
- Mann Murals
- Mount Hope Bike Path
- School Administration Building

The Committee also conducted hearings on emergency project funding in 2017 for the following projects:

- Oak Grove Cemetery
 - Iron/Stone work
- Preservation Plans
 - Oak Grove Cemetery
 - North end Burial Ground N. Main Street

- Veteran's Center/Pine Street
 - Roof Replacement
- Bank St. Armory, Bank St
- Marine Museum, Water St.

Ultimately the Committee determined that the following projects were eligible for emergency and were recommended for funding:

- Oak Grove Cemetery
 - Iron/Stone work (additional funding due to over runs)
- Bank St. Armory, Bank St
- Marine Museum, Water St. (additional funding due to over runs)

The committee did not support recommending funding for

- Preservation Plans
 - Oak Grove Cemetery
 - North End Burial Ground, N. Main St.

However, it was determined that Veteran's Center/Pine Street did qualified for eligibility during the regular funding hearings and was approved.

On May 1, 2017, the Committee conducted hearings on Safe Haven Structured Sober Living because it was unintentionally overlooked on the April 11, 2017 agenda therefore was deliberated to the May 1, 2017 meeting.

Each of the applicants received a written notice of the hearing date. The applicants had the opportunity to supplement their earlier presentations and to submit additional materials. The Committee members also used this opportunity to ask many questions of each applicant. All proposals were considered even when a presenter did not appear for the hearing.

The Voting Process

Committee member Antone Dias worked on the tier-voting ballot. This ballot allowed each committee member to rate each project a 1 (high interest), 2 (moderate interest) or a 3 (low interest). Each committee member completed this ballot after the hearings for funding had been concluded. Mr. Dias then compiled the votes. The votes on these ballots were non-binding but were useful in informing the discussion on each project.

At its meeting on May 1, 2017 the CPC voted on each project, and determined the amount of recommended funding, if any, that each remaining project would receive.

Conclusion

The Community Preservation Committee encouraged applications and followed an open and extended review process. Public input was and will continue to be encouraged. The Committee considered many factors in making these final recommendations. Among the factors that the Committee considered was geographic diversity so that the funded projects benefit all areas of the city. A number of other factors influences these final recommendations. In the Historic Preservation category, the urgency of repairs was a compelling factor, see, e.g., Bank Street, Veteran's Center/Pine Street, School Administration Building. In the Open Space & Recreation category, the potential pool of future users was an important consideration, see e.g. continued work on Columbus Park fence, Mt. Hope Bay Bike Plath for the opportunity future opportunities for funding to move this project to design phase and build. This is the first year for recommendation on the Community Housing category Dr. Fisk House.

The Community Preservation Committee respectfully requests that the following, considered recommendations be approved:

The Categories are as follows:

	<u>AMOUNT</u>	<u>COMMENTS</u>
Community Housing (of Dedicated funds)		This Category was not fully funded. (10%)
Dr. Fiske House	<u>\$150,000</u>	
	TOTAL: \$150,000	
Outdoor Recreation (Partial, includes Open Space 10% of Dedicated funds)		This Category was not fully funded.
Columbus Park	\$32,000	
Mt. Hope Bay Bike Path (5) year Bond	\$60,000 (Year 1)

June 8, 2017

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

Dear Honorable Council Members:

Massachusetts General Laws Chapter 44, § 53E½ require that an Ordinance be established for revolving funds for use by the City, departments, boards, committees, agencies and officers in connection with the operation of programs or activities that generate fees, charges or other receipts to support all or some of the expenses of those programs or activities.

Your approval of the associated Ordinance is respectfully requested.

Should you have any questions or concerns in this regard, please do not hesitate to contact Mary Sahady or me.

Sincerely,

Jasiel F. Correia II
Mayor

CITY OF FALL RIVER

ORDINANCE: DEPARTMENTAL REVOLVING FUNDS

1. Purpose. This ordinance establishes and authorizes revolving funds for use by the City, departments, boards, committees, agencies and officers in connection with the operation of programs or activities that generate fees, charges or other receipts to support all or some of the expenses of those programs or activities. These revolving funds are established under and governed by General Laws Chapter 44, § 53E½.

2. Expenditure Limitations. A department or agency head, board, committee or officer may incur liabilities against and spend monies from a revolving fund established and authorized by this ordinance without appropriation subject to the following limitations:

A. Fringe benefits of full-time employees whose salaries or wages are paid from the fund shall also be paid from the fund.

B. No liability shall be incurred in excess of the available balance of the fund.

C. The total amount spent during a fiscal year shall not exceed the amount authorized by town meeting/town/city council on or before July 1 of that fiscal year, or any increased amount of that authorization that is later approved during that fiscal year by the Mayor and City Council.

3. Interest. Interest earned on monies credited to a revolving fund established by this by-law shall be credited to the general fund.

4. Procedures and Reports. Except as provided in General Laws Chapter 44, § 53E½ and this by-ordinance, the laws, charter provisions, by-laws/ordinances, rules, regulations, policies or procedures that govern the receipt and custody of town/city monies and the expenditure and payment of town/city funds shall apply to the use of a revolving fund established and authorized by this by-law/ordinance. The town accountant/city auditor shall include a statement on the collections credited to each fund, the encumbrances and expenditures charged to the fund and the balance available for expenditure in the regular report the town accountant/city auditor provides the department, board, committee, agency or officer on appropriations made for its use.

5. The following table establishes:

A. Each revolving fund authorized for use by a town/city department, board, committee, agency or officer;

B. The department or agency head, board, committee or officer authorized to spend from each fund;

C. The fees, charges and other monies charged and received by the department, board, committee, agency or officer in connection with the program or activity for which the fund is established that shall be credited to each fund by the City Auditor;

D. The expenses of the program or activity for which each fund may be used;

E. Any restrictions or conditions on expenditures from each fund;

F. Any reporting or other requirements that apply to each fund; and

G. The fiscal years each fund shall operate under this ordinance.

<u>A</u>	<u>B</u>	<u>C</u>	<u>D</u>	<u>E</u>	<u>F</u>	<u>G</u>

June 6, 2017

Mayor Jasiel F. Correia II
City of Fall River
One Government Center
Fall River, MA 02722

Dear Mayor Correia:

I respectfully request that EMS Director Tim Oliveira be given a formal contract of hire. Director Oliveira has worked as Director without a contract since his appointment on March 31, 2015. In his 2 years as Director he has turned the EMS enterprise into a well run Division that has become a large source of revenue for The City of Fall River.

I respectfully request that Director Oliveira be given a fixed salary of \$108,000, with 5 weeks of vacation, 2 Personal days and a Sick Leave Incentive Day for each quarter not sick. This increase will become effective on July 1, 2017. The justifications for this are:

- This salary will keep him 20% over the Deputy Director.
- He has worked the last 2 years with a salary that was much below the previous Director's,
- He will be giving up holiday pay, clothing allowance and other stipends that other members of the EMS Division receive.
- This salary will bring him closer but not equal to a Deputy Chief of The Fire Department. His job as Director of the EMS Division is comparable to the two Fire Deputies.
- Director Oliveira is a 23 year dedicated veteran employee of the Fire/ EMS Department. His hard work and dedication have resulted in a great turnaround of The EMS enterprise fund from a minimal source of revenue to one that supports many of The City's needs.

Respectfully,

John D. Lynch
Fire Chief

Dear Mayor Correia,

I am writing to request a review of the salary as it pertains to the Assistant Treasurer.

The role of this position has evolved over the years. Duties involves responsibility for performing a variety of administrative duties freeing the City Treasurer-Collector for carrying out higher level responsibilities. The work involves assisting with the formulation and administration of policies and procedures related to the receipt, custody, investment and disbursement of City funds. This position exercises considerable independent judgment and applies acquired knowledges and skills in the performance of the broad accounting and administrative functions. General supervision is received from the City Treasurer-Collector who is consulted on policy matters. Supervision is exercised over subordinate clerical employees.

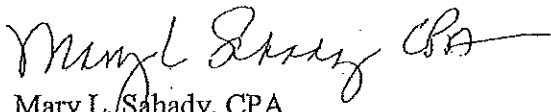

Assists in the administration of the treasurer-collector division by coordinating the clerical operation which includes processing of City monies from the public and the various departments of the City; distributes the receipts to the proper funds; prepares the daily cash reports; maintains records relating to bank deposits and withdrawals; manages the cash balances for safety, liquidity and yield; prepares statements of income or investments as well as prepares record keeping for temporary loans, bond issue, principal and interest on city debt service and disbursing of same and monitoring tax titles collected and verifies recording of forms for the redemption of real estate property as well as directly assists with the year end audit and document requests.

Further, the assistant treasurer's annual salary for the same position in the City of New Bedford (a sister city) is not to exceed \$79,238. This is more than 22% higher than the current salary ordinance of \$64,898.60. An increase to not to exceed \$75,000 annually would put the compensation in line with industry and regional expectations for the work.

5

Thank you for your consideration in this matter.

Sincerely,

Honorable Council Members:

In support of the redevelopment of the King Philip Mills site, the attached King Philip Mills Overlay District is being proposed to allow redevelopment of the complex for market rate housing. This proposed zoning change, coupled with the creation of the South End Market Rate Housing Zone, will allow for the creation of market rate housing on the site. As this is an Overlay District, a Special Permit will be required of the successful bidder acquiring the property. This process allows for public input and assures that any proposed development elements are reviewed and approved and become a condition of the Special Permit.

Your review and approval of the attached King Philip Mills Overlay District is respectfully requested.

RE: Proposed Amendment to Fall River Zoning Ordinance to Add a
"King Philip Mills Overlay District"

Dear Mayor Correia -

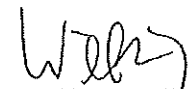

Attached is a proposed draft amendment to the City of Fall River Zoning Ordinance to add a "King Philip Mills Overlay District", which has been presented to me for review and comment.

As recited in the "Purpose" clause of this draft, adoption of this amendment would provide adequate minimum standards and procedures for the construction of new, and rehabilitation of existing, structures to promote economic and cultural development in the King Philip Mill area.

I believe that this proposal has been well drafted to serve those purposes, and that its adoption would be of significant benefit to the economic and cultural development of the area in question and to the city as a whole. Further, it could serve the interests and goals of the both city's Master Plan and its Open Space and Recreation Plan.

I recommend that you submit this proposed amendment to the City Council to initiate the process of adopting same.

Sincerely,

William G. Kenney
City Planner

Section 86-178. King Philip Mills Overlay District (KFMOD).

(a) **Purpose.** The purpose of the KFMOD is to provide adequate minimum standards and procedures for the construction of new and rehabilitation of existing structures so as to promote economic and cultural development in the King Philip Mill area.

(b) **Location.** The KFMOD is hereby established as an overlay district comprised of the area between the south side of Dwelly Street, the east side of Kilburn Street, the north side of Charles Street extended to Cook Pond and the western and northwestern shoreline of Cook Pond, specifically excluding areas located within said boundaries, which have been designated as residentially zoned on the effective date of this Ordinance. The KFMOD is hereby designated and more specifically shown on the City of Fall River Zoning Map, as may be subsequently amended, on file in the Office of the City Clerk.

(c) **Definitions.** Within this Section 86-178, the following terms shall have the following meanings:

(1) **Applicant:** The person or persons, including a corporation or other legal entity, who applies for issuance of a special permit hereunder. The Applicant must own, or be the beneficial owner of, all the land included in the proposed site, or have authority from the owner(s) to act for him/her/it/them or hold an option or contract duly executed by the owner(s) and the Applicant giving the latter the right to acquire the land to be included in the site.

(2) **Dwelling Unit:** A residence, including studio units. Each residence shall contain a living area, bathroom and, except in studio units, one or more bedrooms, and may contain a kitchen area or combination kitchen/living area.

(3) **Proposed Project:** The project proposed by the applicant for which a special permit is being sought.

(4) **Proposed Project Site:** The parcel of land, with buildings thereon on which the Proposed Project is located.

(5) **Regulations:** The rules and regulations of the Planning Board.

(6) **Upper level floors:** Any floor of a building that is located above the street level floor. In the event that two (2) floors of the same building are level to a street or streets, neither of the two (2) floors shall be considered upper level floors. Notwithstanding the previous sentence, in the event the Planning Board determines that the majority or an equal amount of street access is provided through the lower of the two (2) floors level to a street or streets, the higher of the two (2) floors level to a street or streets may be deemed an upper level floor.

(d) **Front Yard.**

(1) No story or part of any building except projecting eaves or uncovered steps shall be erected nearer to the street line of any street on which it fronts than the average alignment of the corresponding stories or parts of existing buildings within two hundred (200) feet on each side of the lot and within the same block and district. Where there is a building on one

or both of the adjoining lots, the front yard for a building shall have a depth equal to the average of the front yard depths of the two (2) adjoining lots. A lot without a building shall be counted as having a front yard of the depth required by this Ordinance. If there are no existing buildings on the same side of the street, the average setback alignment of corresponding stories within two hundred (200) feet on each side of and directly opposite the lot shall govern.

(2) Notwithstanding the previous paragraph, no building constructed within the KFMOD shall have a front yard that exceeds ten (10) feet.

(3) Where the alignment of a building is not controlled by subsection (d)(1), between every building and the line of the street upon which it fronts there shall be a front yard of a clear depth of not more than ten (10) feet.

(e) **Special Permit.** Pursuant to the requirements of this Section 86-178, the following may be permitted upon the issuance of a special permit by the Zoning Board of Appeals:

- (1) Residential dwelling units on all floors of pre-existing structures;
- (2) Commercial uses on the ground floor of pre-existing structures;
- (3) Reductions in setbacks, density, green space and parking requirements to allow for the development of residential dwelling units on all floors of pre-existing structures;
- (4) Reductions in parking requirements for commercial use of pre-existing or new structures.

(f) **Special Permit Application.** An application for a special permit shall be submitted to the Zoning Board of Appeals on forms therefrom furnished. Applicants are encouraged to rehabilitate existing structures and to permit reuses which are compatible with the character of the neighborhood and which take into consideration the interests of abutters, neighbors and the public, especially where the site abuts a residential area or the building(s) merit preservation.

In addition the applicants shall submit:

(1) The following plans:

A. A copy of the site plan approved by the Planning Board, if required pursuant to Section 10-1 et al of the Fall River Code of Ordinances; Notwithstanding the previous sentence, the Applicant may choose to seek site plan approval from the Planning Board at the same time the Zoning Board of Appeals is considering his application for a Special Permit, hereunder in which case he shall submit a statement indicating that he has filed an application for Site Plan Approval with the Planning Board. Upon receipt of said statement, signed under the penalties of perjury, on a form proscribed by the Zoning Board of Appeals, the Zoning Board of Appeals shall deem this requirement fulfilled and shall include a condition in any approval that said approval is contingent upon the approval of said site plan by the Planning Board;

B. A plan illustrating location and layout of buildings, including layouts of any dwelling units. Additional drawings may be subsequently required by the Planning Board;

C. The following narrative reports or data:

- (1) A proposed development schedule showing the beginning of construction, the rate of construction and development, including stages, if applicable, and the estimated cost of construction and date of completion;
- (2) Information pertaining to any organization which the Applicant proposes to form where the development is to be a condominium development, including forms and plans to be used to organize and manage the same, for approval as to form by Corporation Counsel ;
- (3) Copies of all proposed covenants, easements, and other restrictions which the Applicant proposes to grant to the City, the Conservation Commission, utility companies, any condominium organization and the owners thereof, including plans of land to which they are intended to apply, for approval as to form by Corporation Counsel;
- (4) Any and all other information that the Zoning Board may reasonably require in a form acceptable to it to assist in determining whether the Applicant's proposed development plan meets the objectives of this Section;
- (5) Compliance with any relevant Housing Development Incentive Program for any Housing Development Zone within which the property lies.

(g) **Action by the Zoning Board of Appeals.** The Board may grant a special permit where it makes the following findings:

- (1) The proposed project complies with the requirements of this Section;
- (2) The proposed project does not cause substantial detriment to the neighborhood after considering the following potential consequences:
 - A. noise, during the construction and operational phases;
 - B. pedestrian and vehicular traffic;
 - C. environmental harm;
 - D. visual impact caused by the character and scale of the proposed structure(s);
 - E. where relief to parking requirement has been sought, applicant has demonstrated that reasonable efforts have been made to comply with parking requirements;

F. for conversions of existing structures, the Zoning Board of Appeals must find that the proposed project protects the City's heritage by minimizing removal or disruption of historic, traditional or significant uses, structures or architectural elements, whether these exist on the site or on adjacent properties. If the building is a municipally owned building, the proposed uses and structures are consistent with any conditions imposed by the Planning Board on the sale, lease, or transfer of the site.

June 8, 2017

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

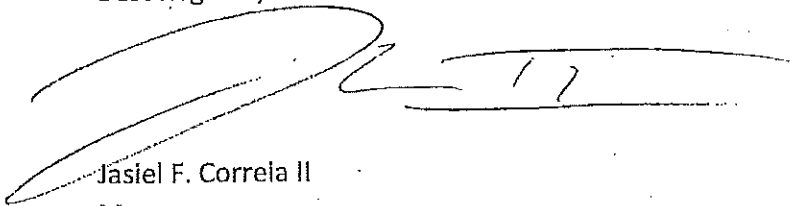

Honorable Council Members:

As the Administration continues its efforts toward private, redevelopment of the King Philip Mill site, the Housing Development Incentive Program (HDIP) has been identified as an incentive tool ideally suited to redevelopment of the complex for market rate housing. Creation of a South End Market Rate Housing Zone, much like previously approved HDIP zones in our waterfront and downtown districts, will provide tax incentives capable of making some of our most challenging properties financially viable.

The creation of the South End Market Rate Housing Zone will enable this Brownfield site to be redeveloped and the King Philip Mill to be repurposed for market rate housing and supporting amenities, as needed. The South End neighbors have waited many years for this property to become an asset to their neighborhood. This incentive program will help to facilitate this goal.

As this HDIP is an economic development tool, you will be receiving, under separate cover, a proposed zoning change to allow for market rate housing on this site. Your review and approval of the attached proposal is respectfully requested.

Best Regards,

Jasiel F. Correia II
Mayor

CITY OF FALL RIVER

HOUSING DEVELOPMENT INCENTIVE PROGRAM

SOUTH END MARKET RATE HOUSING ZONE AND PLAN APPLICATION

PREPARED BY:
CITY OF FALL RIVER
JUNE 2017

EVIDENCE OF PUBLIC HEARING - SECTION 66.03(2)

The proposed South End Market Rate Housing Zone (HD Zone) and Housing Development Zone Plan (HD Zone Plan) was put forth before the Fall River City Council, consistent with the regulations of the Housing Development Incentive Program (HDIP), at its July 2017 meeting. Prior to this meeting the HD Zone was brought before the City Council Committee on Ordinances and Legislation. A public hearing on the matter was held on _____ at 6:00pm. Attachment A includes copies of the required newspaper notices which were published in the Herald News in each of two successive weeks, the last publication being held at least three days prior to the public hearing. The Council Committee referred the proposed HD Zone and the proposed HD Zone Plan back to the full City Council with a recommendation to approve all orders.

Attachment B includes a copy of the minutes of the public hearing.

CITY OF FALL RIVER

Minutes

The Fall River City Council hereby provides the attached resolution in lieu of Minutes.

City Council Resolution

RESOLUTION OF LOCAL GOVERNING BODY APPROVING THE ESTABLISHMENT OF A HOUSING DEVELOPMENT ZONE AND THE FILING OF AN APPLICATION WITH THE MASSACHUSETTS DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT REQUESTING APPROVAL ON A HOUSING DEVELOPMENT ZONE AND PLAN

WHEREAS, the attached South End Market Rate Housing Zone for Fall River was ordained by the City Council on July ____ 2017 and approved by the Mayor on July ____ 2017; and

WHEREAS, the Housing Development Zone is established as illustrated on the attached Map, which is hereby made a part of this Resolution; and

WHEREAS, the Mayor is hereby authorized to submit the Housing Development Zone Plan and Map to the Massachusetts Department of Housing and Community Development; and

WHEREAS, the Mayor is authorized to act in connection with the submittal of the Plan and to provide such additional information as may be required by the Massachusetts Department of Housing and Community Development; and

WHEREAS, the Mayor and the Tax Increment Financing Board, subject to City Council approval, are hereby authorized to negotiate tax increment exemptions from property taxes for a period not to exceed twenty (20) years for projects that meet the guidelines set forth under M.G.L. Chapter 40V and the regulations set forth at 760 CMR 66.00; and

NOW THEREFORE, BE IT RESOLVED BY THE FALL RIVER CITY COUNCIL THAT:
the local governing body does hereby authorize the Mayor to submit an application to the Massachusetts Department of Housing and Community Development requesting approval of the South End Market Rate Housing Zone and Plan and also authorizes the Mayor to do all the things necessary to comply with the statutory and regulatory guidelines governing the Housing Development Zone and Plan.

Approving the Tax Increment Exemption Agreement

Executive Summary

The name of the City's proposed HD Zone is the South End Market Rate Housing Zone. The proposed zone is located in the South End of Fall River and is in close proximity to the previously established Central Market Rate Housing Incentive Zone. The South End Market Rate Housing Zone includes vacant mill buildings that were acquired by the City of Fall River as Tax Possessions and that have received interest from developers. The objectives of the Housing Development Zone Plan is to increase residential growth, expand the diversity of housing stock, support economic development, and promote neighborhood stabilization.

There is a clear need for multi-unit market rate housing in the proposed South End Market Rate Housing Zone and there are several development activities, public and private, proposed for the South End Market Rate Housing Zone.

King Philip Mill, a historic mill complex, was converted to commercial space upon closure of the mill, but has recently received federal, state and local attention following its designation as a Brownfield site. Remediation is underway and upon completion the site is expected to be used as a mixed use commercial, residential, and recreational site.

Cook Pond, a large fresh water pond, is currently used for recreational boating purposes. The City is presently in the midst of a planning process that will create a multi-use shared path around Cook Pond that will greatly expand the potential recreational activities around the pond and increase public access to the pond.

HOUSING DEVELOPMENT ZONE - SECTION 66.04(1)

The South End Market Rate Housing Zone includes three large, vacant mill properties in the midst of an otherwise multi-family residential neighborhood. As outlined in the Executive Summary above the South End Market Rate Housing Zone has become a development priority of the City of Fall River due to the acquisition of the King Philip Mills Complex as a Tax Possession. The City has expended federal and state environmental assessment grant funds on the King Philip Mills Complex and has expended other municipal funds to facilitate a planning process that has included significant public input. This South End Market Rate Housing Zone has a great potential for housing and commercial or mixed-use development.

The proposed South End Market Rate Housing Zone is appropriately located to support the objectives of the Housing Development Zone Plan. Promoting the underutilized potential in the City allows the City to demonstrate that it intends to support new housing units, new businesses that will cater to these new residents and provide employment opportunities, and the stabilization of the neighborhoods where this investment is most needed. Lastly, with the bounty of underutilized mills within the zone there is a strong focus on repurposing these historic structures.

There is sufficient likelihood that market rate housing units will be developed in the HDIP Zone as outlined. In the South End Market Rate Housing Zone we have seen a strong interest from developers to purchase the vacant underutilized mills for market rate housing units. Unfortunately, the lack of incentives as they relate the conversion of these buildings has been an obstacle to selling and converting the properties. Based on the development needs within the City it is without doubt that the HDIP Zone will be utilized by investors and help create much needed market rate housing.

HOUSING DEVELOPMENT ZONE PLAN - SECTION 66.04(2)

Objectives of the HD Zone Plan - Section 66.04(2)(a)

The objectives of the Housing Development Zone Plan are to increase residential growth, expand the diversity of housing stock, support economic development, and promote neighborhood stabilization. Fall River has seen its South End transformed from a vibrant mill community to one of vacant mills with an upsurge in retail and restaurant development. It is still in a state of transformation and is now becoming a center of economic activity that is anchored by a number of restaurants and retail venues.

While investors have strongly utilized the South End for commercial uses it is now clear the next step is to accommodate market rate housing for individuals looking to reside in this desirable area of the City. Similarly, with the large inventory of mill space available, market rate housing within these structures is a viable option to bring these structures to use once again. The mill buildings provide the framework for market rate housing with features desirable to developers and users alike. The mill buildings offer high ceilings, large windows for natural light, open areas for easy development and plentiful parking. The objective is to take these underutilized, historic structures and capitalize on their natural features while fulfilling a market need.

The City will use the HD Zone to encourage developers to incorporate a residential sales and/or rental structure that will be affordable to a wide range of City residents, from its workforce to retirees and second homeowners who come to the City to experience its cultural destinations.

Fall River has experienced a resurgence of new businesses seeking to move to the City and cultural attractions which will accommodate these new and existing residents, people employed in the City and visitors. The creation of market rate units in the HD Zone will contribute considerably to the economic growth of south end businesses and business development throughout the City. The City will use the HD Zone to encourage a mix of uses within specific developments and on specific properties. The HD Zones will also be used to foster diverse opportunities and uses that will help create a vital and vibrant environment 24 hours a day and 7 days per week. An objective of the HDIP Zone is that new residents will create a vital and vibrant addition to the City's neighborhoods and promote the stability of the City's key regions.

It is anticipated that specific objectives for each of the goals described above will include the promotion of upper story housing development in south end buildings; the rehabilitation of historic buildings, including mills, and the generation of new tax revenue.

Public and Private Construction and Related Activities -

The City's South End has become the economic hub of the City where many retail and commercial destinations are located. Establishments in close proximity to the zone include retail shops, restaurants, big box stores, and service establishments. While this region of the City handles a great deal of economic activity, the addition of market rate housing to the area will lead to further development and the attraction of new and different economic opportunities.

The City has worked closely with investors in an effort to repurpose retired mill buildings throughout the City, many of which are located in the City's South End.

Key investments within the HD Zones are as follows:

- King Philip Mill, a historic mill complex was converted to commercial space upon closure of the mill, but has recently received federal, state and local attention following its designation as a Brownfield site. Remediation is underway and upon completion the site is expected to be used as a mixed use commercial and recreational site.

City officials expect that improvements similar to those described above will continue with the adoption of the HD Zones and HD Zone Plan as developers take advantage of the tax incentives offered by the Commonwealth's Housing Development Incentive Program. Various developers have also approached the City to explore development opportunities for the City's underutilized mills in the South End; however, without the opportunity to utilize various incentives in the past the projects have not been financially feasible. We believe with the establishment of the South End Market Rate Housing Zone we will see a resurgence of interest in the underutilized properties within the zone for market rate housing purposes.

Information about Developer - Section 66.04(2)(b)

Various developers have also approached the City to explore development opportunities for the City's underutilized mills and abandoned schools in the South End; however, without the opportunity to utilize various incentives in the past the projects have not been financially feasible. We believe with the establishment of the South End Market Rate Housing Zone we will see a resurgence of interest in the underutilized properties within the zone for market rate housing purposes.

The King Philip Mill located within the proposed HD Zone is currently undergoing contamination remediation and will likely become a retail, commercial and recreational destination.

HD Projects - Section 66.04(2)(e)

While there are no specific projects in the proposed zone currently, we expect a strong interest in developing the underutilized mill buildings within the proposed zone for market rate housing purposes.

Market Rate Residential Units - Section 66.04(2)(f)

According to the Citywide Fall River Housing Study performed by TDA Consulting for the Community Development Agency of the City of Fall River as part of its preparation of its Comprehensive Plan, the market rate for rental units in the City of Fall River was 130% of the median rental rate in the City. Based on information obtained through the planning processes conducted by the City regarding the King Philip Mills, the City believes that the market rental units to be developed in the South End Market Rate Housing Zone will be marketed and rented at monthly rates that are comparable to the market rate rents as discussed in the Fall River Housing Study.

Therefore, the City believes that the development of the South End Market Rate Plan Zone will increase residential growth, expand diversity in housing stock, support economic development and promote neighborhood stabilization by attracting wealthier households from the surrounding Census Tracts and towns.

Timeline and Duration - Section 66.04(2)(g)

The City of Fall River anticipates that its HD Zone and HD Zone Plan will be approved by the Commonwealth's Department of Housing and Community Development (DHCD) sometime during September/October 2017. The proposed Housing Development Zone Plan shall last for twenty years from the date of DHCD's approval of Fall River's Housing Development Zone Plan.

As mentioned previously, a number of underutilized mill buildings are located in the proposed HDIP Zone. Interest in the mill buildings is constant, but the HDIP program would surely bring much of this interest into tangible development projects. Several developers are looking at the properties currently and the HDIP program would be a valuable tool for the City as it tries to repurpose its mill and school inventory.

Compliance with Fair Housing Obligations - Section 66.04 (2)(h)

The City of Fall River will advance its affirmative fair housing obligations by the creation of the South End Market Rate Housing Zone. The City's 2010 Analysis of Impediments to Fair Housing (AI) was prepared for the Fall River Community Development Agency. The analysis of impediments is an exploration of housing related policies and practices in use in Fall River that inadvertently or deliberately prevent people from living where they choose.

The 2010 Analysis of Impediments found that one of the impediments to fair housing in Fall River was that there is a lack of developable land for housing purposes. With the saturation of the low-income housing market in Fall River and lack of developable land, the conversion of underutilized or abandoned buildings in the City would best accommodate market rate housing. The Housing Development Incentive Program would help to address the land availability issue. Creating both affordable and market rate housing throughout the City helps to create opportunities for all residents and to prevent pockets of the City from being segregated by income mix. A diverse mixed income community is a healthy vibrant community that has no trouble attracting new residents and maintaining the residents it already has in place.

One of the recommendations of the 2010 Analysis of Impediments was for the City to pursue strategies to address abandoned properties through demolition and/or redevelopment. The HDIP would further assist the City in achieving this goal by allowing the City to offer incentives to property owners who wish to renovate their property in compliance with the principals of smart growth. In the past, the City has had no incentives to offer to developers who wish to create market rate housing and has had to allow the market to dictate the feasibility of market rate units. However, there has been a strong demand for such units. With the lending market tightening and less funding through public programs, a local and state tax incentives will make a critical difference in creating market rate units within the City of Fall River. The Housing Development Program and Zone will be a helpful tool in advancing the fair housing goals of the City of Fall River.

Compliance with Local Plans - Section 66.04(2)(1)

The creation of a Housing Development Zone and participation in the Commonwealth's Housing Development Incentive Program conforms to recent City planning efforts. The City has implemented a master plan of which the main areas of interest are outlined below. As you can see the Housing Development Zones are in line with the master plan and the vision of moving the City forward.

City of Fall River Master Plan:

Purpose: The purpose of a master plan is to help a community articulate a desired future, take stock of its existing resources, and then outline steps to achieve the desired vision of the future. It is useful in helping to guide growth and development and to make decisions regarding the type of growth and the desired location of development. Public input is solicited in order to understand what residents, city officials, business owners and others envision for the future of their City. An inventory of the City's resources is documented and then an implementation plan is developed that recommends a series of action steps necessary to implement the goals and vision. This document summarizes the vision and goals developed for the future of Fall River and then presents a detailed Implementation Plan that outlines action steps, responsible parties, and recommended timing.

Vision and Goals: The vision and goals summarizes the input of residents and the Steering Committee regarding the future of the City—what should be preserved, what should be changed what are major concerns, and what opportunities there are for improvements. The vision articulates a desired future. The goals identify more specific components of the vision and can be organized by the following themes:

Four Underlying Themes to Guide Fall River's Future:

1. Neighborhood Stabilization
 - Improve existing housing and streetscapes
 - Provide services that support families, elderly, and at-risk youth
 - Preserve historic buildings and landscapes
 - Provide recreational opportunities
 - Promote resident participation in developing and implementing neighborhood plans
2. Sustainability
 - Encourage and invest in renewable energy and green building technologies
 - Prepare students for participation in an active economy
 - Provide viable transportation options that include convenient routes for walking and biking and affordable public transport
 - Adapt existing buildings (including mill buildings) to promote efficient use of existing resources
3. Economic Development
 - Develop and market existing assets to attract tourism

- Emphasize and connect education and job training
- Develop waterfront areas and downtown to diversify the economy
- Market Fall River's advantages for targeted economic activities
- 4. City Character and Identity
 - Preserve and enhance natural and historic resources
 - Promote appreciation of cultural and historic heritage
 - Inspire and promote pride in Fall River

Fall River's Master Plan Goals: The following goals were developed as a result of incorporating the input of Fall River residents, guidance from the Master Plan Steering Committee, and expertise from the consultant team. The goals are organized by Master Plan Elements. Some are necessarily overlapping and thus are referred to in more than one element.

1. Historic and Cultural Resources
 - Develop and enhance Fall River as a tourist destination with an emphasis on the arts, culture, and history.
 - Preserve the City's historic architecture.
 - Continue to improve the physical appearance of Fall River, particularly visitors' first impressions including its entrances, historic downtown and Government Center area.
 - Preserve, restore, reconstruct, and protect Fall River's cultural landscapes, including parks, cemeteries and boulevards.
 - Broaden the inclusion of arts, cultural and historic resources in Fall River's public, charter, and parochial schools at all levels, K-12.
 - Strengthen and improve the capacity of historical, arts and cultural institutions and organizations in the city.
2. Natural Resources, Open Space, and Recreation:
 - Enhance the Southeastern Massachusetts Bioreserve as a Watershed Protection District, as a recreational resource, and as a critical ecosystem.
 - Protect and restore the natural resources, river ways, and greenways in urban Fall River and enhance the ecological, scenic, and passive recreation opportunities they provide.
 - Revitalize the waterfront areas of Mount Hope Bay and the Taunton River.
 - Restore Fall River's Park System.
 - Enhance the quality and appeal of Fall River's streetscapes and neighborhoods.
 - Expand recreational opportunities for Fall River residents. Revitalizing Fall River's extensive waterfront has emerged as a focus of the Master Plan. For example, the waterfront boardwalk from the Heritage State Park northward has become very popular and presents an

opportunity to extend it and connect it with other walkways. Waterfront revitalization goals include:

- Develop waterfront areas for additional public access and trails.
- Develop additional opportunities for public access to/from the water including exploration of a marina at the City Pier, private marinas, docks, and public moorings.
- Integrate natural resource considerations into waterfront renewal efforts to revitalize Fall River.
- Develop and implement a plan to restore the Quequechan River and its falls as a key element of the City's revitalization.
- Recognize the importance of vistas, especially to the water, in development planning and site design.

3. Housing and Neighborhoods

- Increase neighborhood stability and commitment.
- Continue to improve, remodel and renew Fall River's older housing units, including market and nonmarket-rate housing.
- Reduce non-market-rate housing rates to meet city needs.
- Attract more middle and upper income households to the City to get a better balance with low-income households.

4. Economic Development

- Continue to diversify the economic base of the City by emphasizing economic clusters for which it has relative advantages.
- Continue to market the City as a location for new and expanded industries.
- Identify leaders and themes that will be the ambassadors of Fall River.
- Protect, preserve, and further develop the "Working Waterfront" for economic activities.
- Reestablish the Downtown as an important commercial and activity center.
- Further develop the tourism industry in Fall River.
- Continue to upgrade the school based education and training programs.
- Expand the staff resources of the Office of Economic Development.

5. Circulation and Transportation

- Provide commuter rail service to the City of Fall River.
- Provide an efficient, equitable, and safe system for vehicular transportation.
- Improve signage and way-finding for all modes and interests.
- Improve pedestrian and bicycle access, circulation, and safety.

- Improve transit opportunities for residents and employees.
- Improve parking in Downtown and other central business districts.
- Use roadway upgrades as an opportunity to coordinate the aesthetics and appearance of the City.

6. Public Facilities and Services

- Expand Community Learning Centers (CLCs) throughout the City to meet the goals of providing education, social services, and other support to all residents.
- Continue to support efforts to integrate education, job training and language instruction for all ages, to provide additional support to youth before, during and after-school, and economic development plan.
- Expand programs aimed at reducing poverty and related issues including poor health, homelessness and substance abuse.
- Increase opportunities for obtaining grants.
- Address safety problems by providing intervention programs aimed at preventing gangs and crime and providing support and alternatives to youth.
- Address the need for accessible and inexpensive transportation especially for school children and youth.
- Continue to meet the needs of a growing senior population.
- Support families with children.
- Address energy saving and other concerns regarding a sustainable future.
- Use local resources for renewable energy to decrease dependence on fossil fuels and to generate jobs.

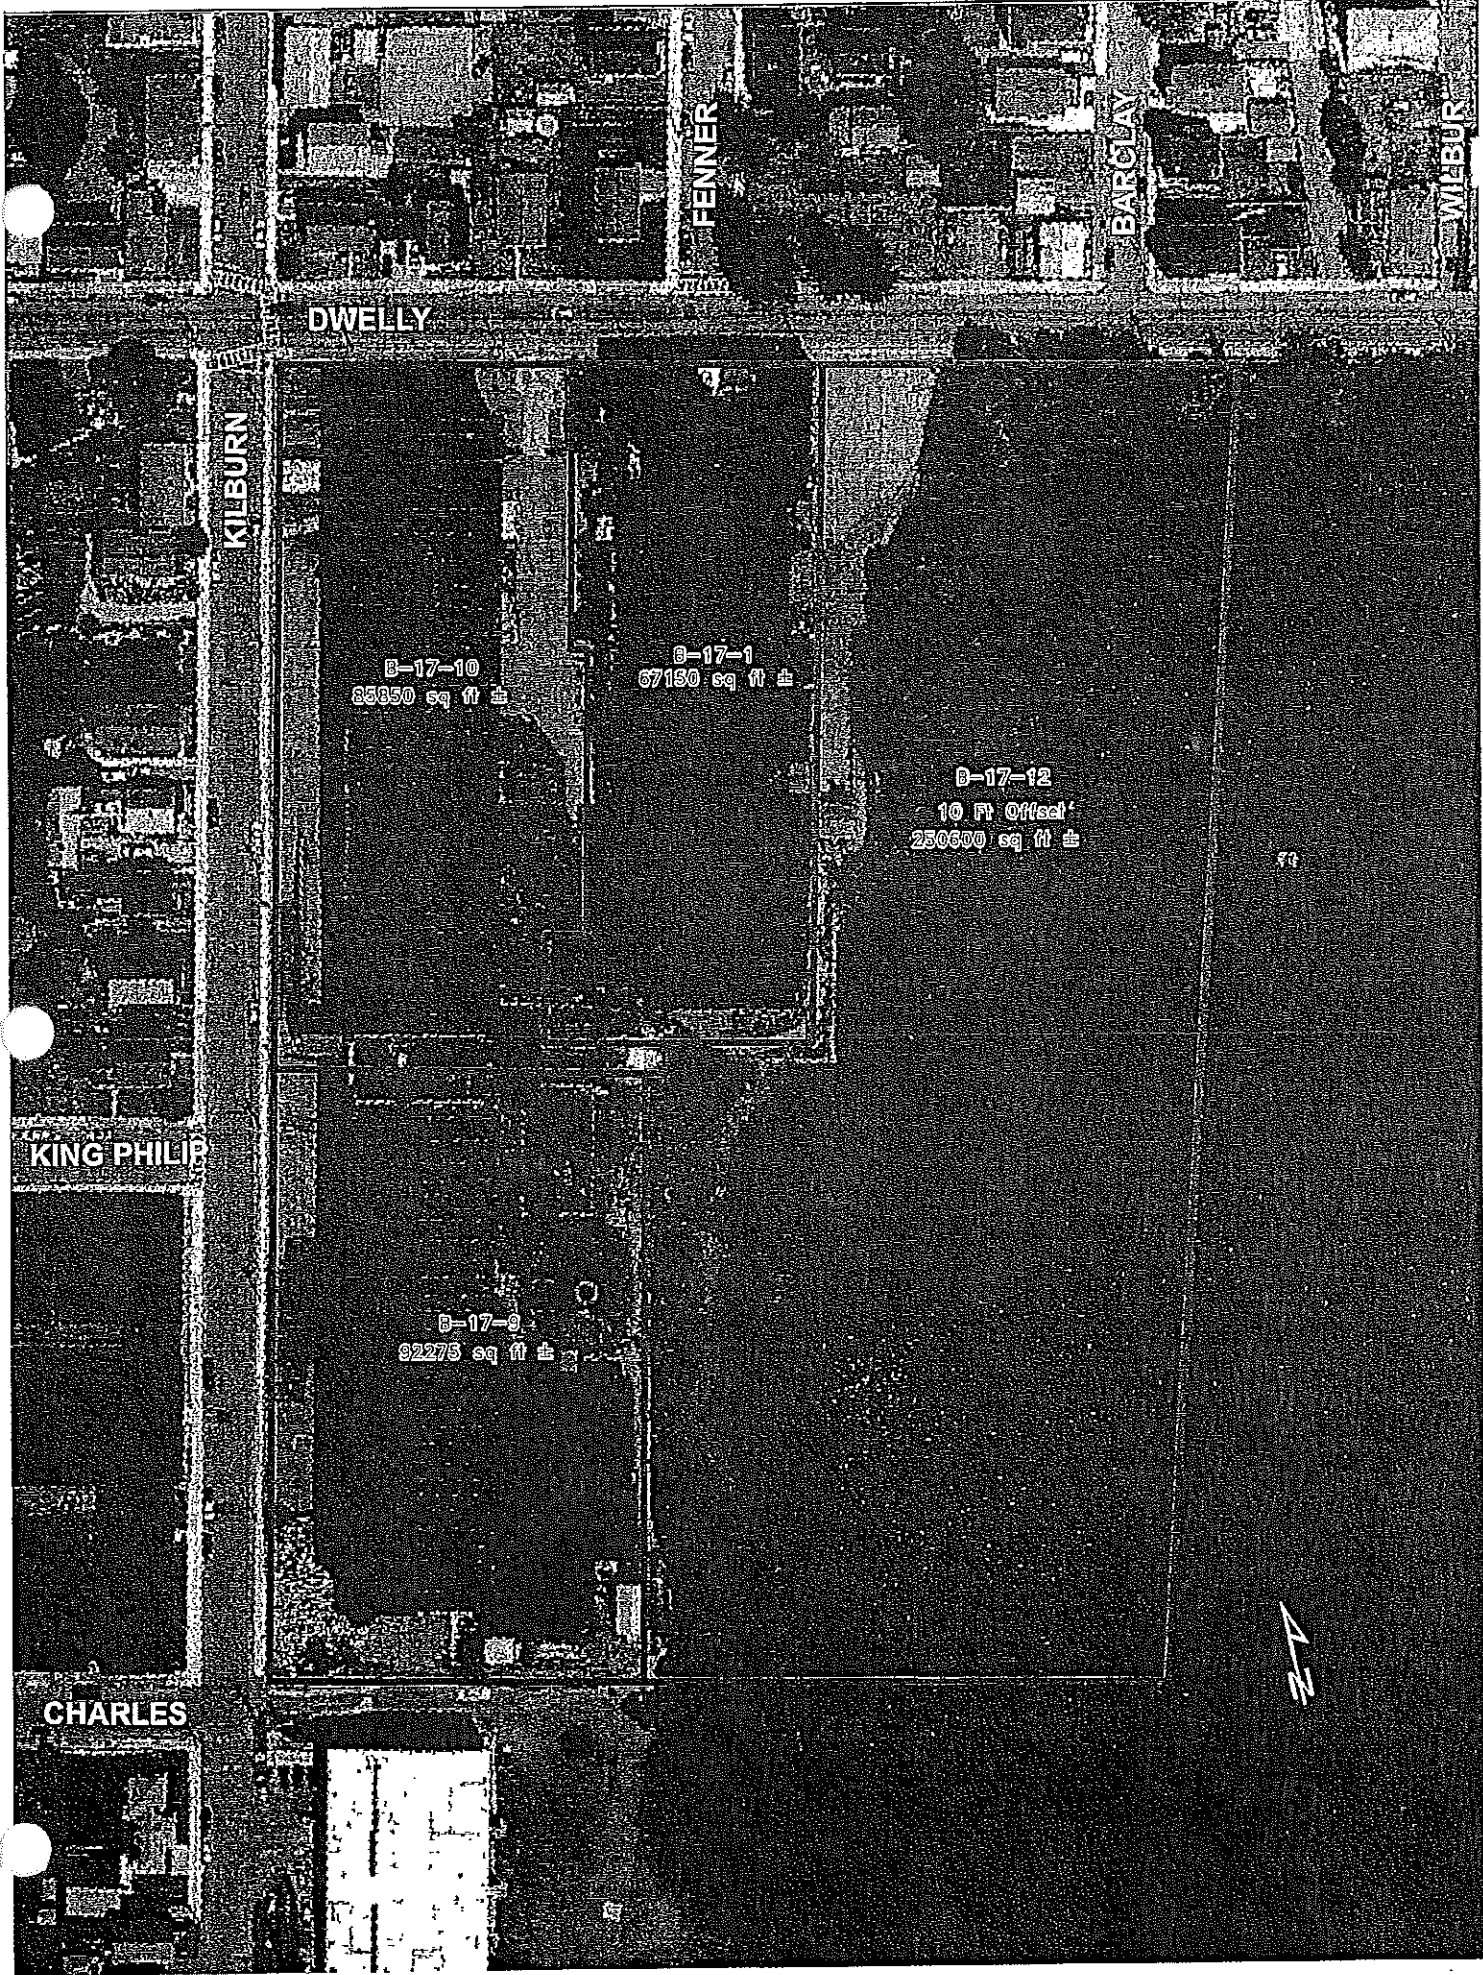

7. Utilities and Infrastructure

- Continue to maintain high standards for the water system in order to ensure access and quality of water supply.
- Continue to upgrade and expand sewer capacity and services to existing users and to support additional development.
- Upgrade utilities and infrastructure in a cost-efficient and functional way.
- Provide state-of-the-art communication systems.

8. Land Use

- Develop more mixed-use housing (with commercial activities) to increase the vitality of key areas and provide a larger market for adaptive reuse of buildings, especially mills, and other mixed use areas.
- Amend zoning regulations and administration to facilitate master plan goals.

Based on the outline above it is clear the goals of the City are aligned with the objectives of the South End Market Rate Housing Zone with focuses on improving quality of life for Fall River citizens and broadening the City's population to include more financially viable families.

JASIEL F. CORREIA II
Mayor

CITY CLERK _____
FALL RIVER, MA

June 8, 2017

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

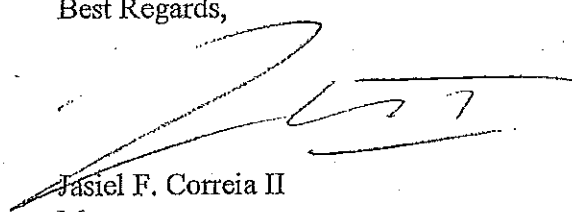

Honorable Council Members:

The Administration is continually looking for opportunities to improve our aging infrastructure. The Complete Streets Program, sponsored by the Massachusetts Department of Transportation, provides annual grants to participating communities to assist in the construction of accessible travel modes for bicycling, walking and motor vehicle use. The City's proposed Complete Streets Policy outlines the parameters for eligibility and is before you for your review and approval.

Of special note is recognition that, while the City should use best efforts to make accommodations for these travel modes during road reconstruction in designated areas, the City retains the right to deviate from the Policy in cases where the cost or impact of these accommodations is excessively disproportionate to their need and probable use. While the Administration is not required to seek City Council support of the Program, I believe the Council should be a partner in its adoption as it will be affecting neighborhoods across the City. Your input will be most welcomed.

The Planning Director, City Engineer and City Administrator are available to answer your questions regarding the Policy guidelines. We look forward to your review and ultimate approval of the Complete Streets Program.

City Planner

June 7, 2017

Hon. Jasiel F. Correia, Jr., Mayor
City of Fall River
One Government Center
Fall River, MA 02722

Re: Proposed "Complete Streets Policy"

Dear Mayor Correia:

The Massachusetts Department of Transportation ("MassDOT") "Complete Streets" program provides annual grants to municipalities of up to four hundred thousand dollars for street projects constructed in accordance with "complete streets" design criteria to be safe and accessible for all travel modes – walking, biking, transit and vehicles – for people of all ages and abilities.

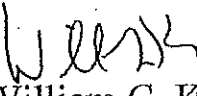

In order to be eligible to apply for this funding, the City must adopt a "Complete Streets Policy". On April 4, 2017, the Planning Board conducted a public hearing to solicit comments on a draft "Complete Streets Policy" prepared by the Planning Department and previously reviewed and approved by you and by City Administrator Cathy Ann

11

Viveiros. At the conclusion of the hearing, the Planning Board voted to endorse the draft, as submitted, a copy of which is attached, and to recommend that the Mayor submit same to the City Council for its approval.

On behalf of the Planning Board, I thank you and City Administrator Viveiros for your leadership in this effort to move Fall River towards joining over one hundred other communities in the Commonwealth as participants in the Complete Streets program.

Sincerely,

William G. Kenney
Director of Planning

11

CITY OF FALL RIVER
COMPLETE STREETS POLICY
*(as recommended by the Planning Board after April 4,
2017, Public Hearing)*

Vision and Purpose:

The City of Fall River works toward achieving the vision of “Complete Streets”, principles that call for the design and operation of roadways in such a manner as to create safe, comfortable, and accessible streets for all users, including but not limited to, pedestrians, users of wheelchairs and assisted mobility devices, bicyclists, transit and school bus riders, motorists, delivery and service personnel, freight haulers and emergency responders.

Complete Street principles contribute toward the safety, health, economic viability, and quality of life in a community through improved pedestrian and vehicular environments. Complete Streets are safe, accessible, and comfortable means to travel between home, school, work, recreation and retail destinations. Complete Streets provide safe multimodal travel regardless of age, income, or abilities.

The purpose of the City of Fall River’s Complete Streets Policy is to accommodate all users by creating a road network that meets the needs of individuals utilizing a variety of transportation modes. In working to achieve this, the city’s intent is to routinely formalize a plan for design, operation and maintenance (pavement and sidewalk repairs) of its streets so that they are safe for all users of all ages, abilities and income levels.

11

This policy directs decision makers to consistently plan, design, construct and maintain streets so that they accommodate the full breadth of potential, anticipated users including, but not limited to able-bodied pedestrians, disabled users of wheelchairs or assisted mobility devices, bicyclists, motorists, emergency vehicles, transit, delivery and service personnel, and those accessing ferry and future commuter rail service.

Core Commitment:

The City of Fall River recognizes that users of differing modes of transportation as noted herein are legitimate users of roadways and deserve appropriate facilities. "All users" includes users of all ages, abilities, and income levels.

The City recognizes that all roadway projects – including new construction, reconstruction and infrastructure maintenance (pavement and sidewalk repairs) – are all potential opportunities to apply Complete Streets design principles. The City will, to the maximum extent practicable, design, construct, maintain, and operate all streets to provide for a comprehensive and integrated street network of facilities for people of all ages, abilities, and incomes.

Complete Streets design recommendations/principles shall be incorporated into all publicly funded projects, as appropriate including the following:

- All transportation infrastructure and street design projects requiring funding or approval by the City of Fall River shall adhere to the City of Fall River Complete Streets Policy.
- Projects funded by the State and Federal government, including but not limited to, Chapter 90 Funds, Transportation

11

Improvement Funds (TIP), MassWorks Infrastructure Program, Community Development Block Grants (CDBG), or other State and Federal Funds for street and infrastructure design must adhere to the City of Fall River Complete Streets Policy to the maximum extent practicable.

- To the extent practicable, state-owned streets must comply with the City of Fall River Complete Streets Policy, including design, construction, and maintenance (pavement and sidewalk repairs) of streets within City boundaries.

Complete Streets Committee:

A Complete Streets Committee will be comprised of the Director of the Department of Community Maintenance, the Director of the Planning Department, the City Engineer, the Administrator of Public Utilities and the Traffic Clerk. The Committee shall be constituted to ensure the execution of this policy and the allowance of appropriate exemptions from/exceptions to this policy and shall conduct a periodic review of the policy's efficacy within the city.

Exemptions/Exceptions:

Exemptions from/exceptions to the City of Fall River's Complete Streets Policy may be granted by the Director of the Department of Community Maintenance with the consent of a majority of the Complete Streets Committee when the following conditions are determined to exist and are documented:

- Roadways where specific users are prohibited by law, such as interstate freeways or pedestrian malls. An effort will be made, in these cases, for accommodations elsewhere.

11

-Where cost or impact of accommodations, or implementation of this policy, is excessively disproportionate to the need or probable use as recognized by the City of Fall River.

-Where other City policies, regulations, or requirements contradict or preclude implementation of Complete Streets principles.

Best Practices:

The City of Fall River's Complete Streets Policy will focus on developing a connected, integrated network that serves all road users. To the extent practicable, Complete Streets design principles will be integrated into policies, planning, and design of all types of public projects including new construction, reconstruction, rehabilitation, and repair and maintenance (pavement and sidewalk repairs) of transportation networks.

Implementation of the Complete Streets Policy will be carried out cooperatively within all departments in the City of Fall River, and to the greatest extent practicable. This includes coordination with state, regional, and federal agencies undertaking and/or funding work within the City of Fall River.

The City recognizes that Complete Streets principles may be achieved through single elements incorporated into a particular project or incrementally through a series of smaller improvements or maintenance (pavement and sidewalk repairs) activities over time.

11

The latest design guidance, standards, and recommendations available will be reviewed and applied as practicable in the implementation of Complete Streets including:

- Massachusetts Department of Transportation Project Development and Design Guide.

- American Association of State Highway Transportation Officials publications including *A Guide for Achieving Flexibility in Highway Design*; *Guide for the Development of Bicycle Facilities*.

- The United States Department of Transportation Federal Highway Administration's Manual on Uniform Traffic Design Controls (2009) with Amendments 1 and 2 as well as the Massachusetts Amendments.*

- Institute of Transportation Engineers' Recommended Practice, *"Designing Walkable Urban Thoroughfares: A Context-Sensitive Approach"*.

- National Association of City Transportation Officials', "Urban Bikeway Design Guide".

- ADA, Americans with Disabilities Act of 1990.

- ABA, Architectural Barriers Act.

Application of design standards are flexible, recognizing that all streets are not alike and that user needs should be balanced; further that innovative and/or non-traditional design options shall be considered.

Ongoing development and execution of the Complete Streets Implementation will be responsive to the community's physical, economic and social setting. Complete Streets will follow a context-

11

sensitive approach to process and design, including a range of goals by giving significant consideration to stakeholders and community values. It includes goals related to livability, connectivity, and sustainability with participation of those affected in order to have projects that best serve the community. The overall goal of this approach is to improve or maintain safety and mobility through infrastructure conditions that also preserve and enhance the scenic, aesthetic, historical, and environmental resources.

The latest versions of documents and plans created for the City of Fall River will be reviewed and considered to ensure community context sensitivity of Complete Streets projects proposed, including but not limited to:

- The City of Fall River Master Plan
- The City of Fall River Open Space and Recreation Plan
- Bicycle Network Plans
- Neighborhood and/or District Plans
- Safe Routes to School travel plans
- Walking and Bicycle Audits
- Southeastern Regional Transit Authority (SRTA) Comprehensive Service Assessment
- SRTA routes and bus stop studies
- Plans and studies produced by the Southeastern Regional Planning and Economic Development District (SRPEDD), such as the Regional Transportation Plan, Regional Bicycle Plan, corridor and transit oriented development studies, traffic counts
- SouthCoast Rail Plan

Implementation:

11

The Complete Streets Policy will be carried out to the greatest extent practicable under the direction of the Complete Streets Committee, and state, regional, and federal agencies working within the city layout will be required to follow this policy.

The Complete Streets Committee shall serve as technical review entity when exceptions to this policy are requested. Project documentation, plans and proposals shall be filed with the Director of the Department of Community Maintenance who shall forward copies of same to all Complete Streets Committee members for comment during the review process. The Complete Streets Committee shall convene as necessary and provide feedback to the Director of the Department of Community Maintenance periodically as requested. In addition, the Complete Streets Committee shall periodically update and solicit feedback on potential projects with the general public to ensure the perspectives of the community are considered and incorporated, as they may be appropriate.

The City shall make the Complete Streets Policy a routine part of everyday operations. The City shall approach every transportation project and program as an opportunity to improve streets and the transportation networks for all users, and shall work in coordination with other departments, agencies, and jurisdictions to achieve Complete Streets. In so doing, the appropriate city department or departments will undertake the following work in support of implementation of the City's Complete Streets Policy:

- Review and revise or develop proposed revisions to all appropriate planning documents, zoning codes, subdivision regulations, laws, procedures, rules, regulations, guidelines, programs and any amendments thereto in order to integrate the

11

Complete Streets principles in all infrastructure projects, where feasible.

- Maintain a priority list of transportation improvement projects including problem intersections and roadways
- Maintain a comprehensive map and inventory of pedestrian and bicycle facility infrastructure that will prioritize projects to eliminate gaps in the sidewalk, bikeway, and recreational trail networks.
- Utilize inter-department coordination to promote the most responsible and efficient use of resources for activities within the public way.
- Seek out appropriate sources of funding and grants to ensure the successful implementation of the Complete Streets Policy.

Evaluation:

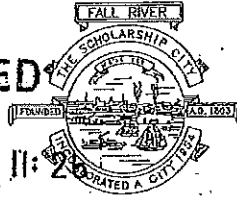

The City's Complete Streets Committee will determine the frequency of assessment and appropriate metrics for analyzing the success of this policy. These metrics will include amenities such as, but not limited to, the total number of new bicycle facilities, the linear feet of new pedestrian accommodations, number of retrofitted pedestrian facilities or amenities, number of intersection improvements made to improve Level of Service (LOS) and safety for vehicles, pedestrians and bicyclists, rates of crashes by mode, rate of children walking or bicycling to school, and/or number of trips made by mode. These metrics will be compiled into a report and presented as needed.

Re: Vincent Street

Dear Councilors:

At the meeting of the Committee on Public Safety held on May 30, 2017 the issue of a basketball hoop on Vincent Street was raised, discussed and referred to this office "for review". While the nature of the "review" was not specific, based on the portions of the discussion I heard, the letter from the City Engineer dated May 1, 2017, and the City Ordinances cited I believe this opinion should answer any questions pertaining to this issue.

Vincent Street is an accepted public way running North and South from New Boston Road to the boundary of the Oak Grove Cemetery. While it is a "dead end" street it is the responsibility, and subject to the rules, regulations and ordinances, of the City of Fall River. Most relevant in this instance is Chapter 66, "Streets, Sidewalks and other Public Places". That Chapter is designed to insure safe, unimpeded travel by pedestrians and vehicles on and over the public ways of the City.

The issue here presented appears to be the erection, maintenance and/or use of a "basketball hoop", evidently with some portability, within the boundaries of Vincent Street. The City engineer has written that this violates both Sec. 66-252 and Sec. 66-1.

Sec. 66-252 states in pertinent part: "No person shall occupy, obstruct or encumber any street, sidewalk or other public place with any ... article, or deposit of any kind so as to interfere with the convenient use thereof by travelers."

Sec. 66-1 states in pertinent part: "No person shall ... play at ball or other game ... or throw a stone or other missile in any street or public place."

The City engineer is correct that the erection, maintenance, and/or use of a basketball hoop is violative of these ordinances. Moreover, uncited provisions of Chapter 66 similarly prohibit other "structures", including "staging", standing so as to "obstruct or inconvenience travel", "portico(s)", "platforms", "posts" and to some extent "awnings" and "shades", from encroaching on or interfering with the free passage over public ways.

The clear purpose of the ordinance being to insure safe, unimpeded travel on the City's public ways, as above set forth, the type and kind of the street, user, or use is irrelevant. The ordinances make no such distinction. This is designed to insure fair and even handed application of the ordinances. (In constitutional terms, "equal protection")

In addition to the fact that the use here at the issue is not permitted there are other considerations for the City Council to weigh if necessary.

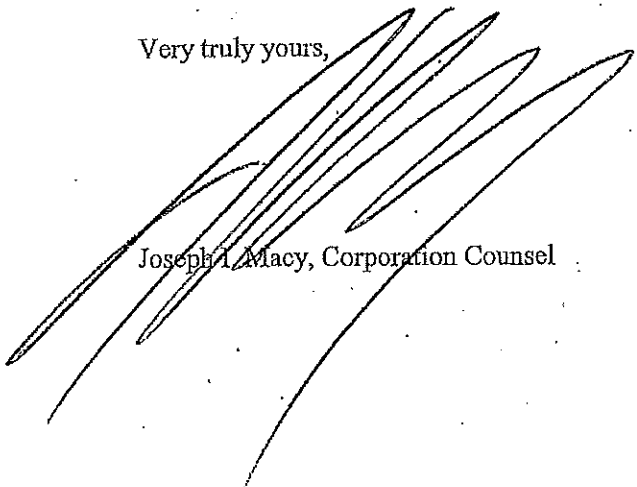

The first is the safety issue. There is simply no way for the City to responsibly insure the safety of persons using any city street(s) for the purposes other than travel. While "accidents" can, and do, happen anywhere the idea that all, or any, city streets could be opened for play of any kind creates a serious safety issue which does not presently exist.

The second is the liability issue. The City is responsible for its' streets and may be liable, within certain limits, to persons injured therein. To allow play, no matter how limited, would significantly increase the City's potential liability to any injured party. No amount of supervision will limit that liability and it would be virtually impossible to secure valid waivers from any user; particularly so if the user were a minor.

After a thorough review of the ordinances and the facts here at issue it is the opinion of the undersigned that said ordinances are clear, valid and an appropriate exercise of governmental authority. Further, that they may not be waived in a particular instance or instances. Finally, that the ordinances apply equally to all categories of streets, uses and users.

If you have any further questions, or if this review does not answer the questions you do have please feel free to contact me.

Very truly yours,

Joseph L. Macy, Corporation Counsel

	\$27.42	\$2.29	\$0.08

Notes:

FALL RIVER AVERAGE USE IS BASED ON 53 CCF PER YEAR WHICH EQUALS 109 GPD
The average of 53 CCF per year is based on actual billings.
CCF = 748 GALLONS
GPD = GALLONS PER DAY
MWRRA RATE SURVEY USES 120 CCF PER YEAR OR 246 GALLONS PER DAY
TIGHE & BOND RATE SURVEY USES 120 CCF PER YEAR OR 246 GALLONS PER DAY
EPA has indicated that the average use of 120 CCF per year is too high.

Base meter fee is based on the size of the water meter to the property;
smaller meter size is used in this comparison (86% of customers).

Stormwater Fee is 1 ERU/Quarter for residential properties up to 8 units.
Stormwater Fee is # of ERU's/Quarter for commercial properties.
ERU = Equivalent Residential Unit.
1 ERU = 2,800 square feet of impervious surface.
Impervious surface is normally roof area and paved surfaces.

Re: Account Manager

Dear Mayor Correia,

The Police Department is requesting the hiring of an Account Manager. The Account Manager's responsibilities are to include the coordination/management of all grants (both state and federal), payroll and general fund budgeting.

Currently, sworn police officers and police administrators are performing these duties and an Account Manager would be a savings as it would free the sworn officers of the burden of the grants and allow of them to remain on patrol. These duties were split between the sworn officers and administrators after Detective Paul Mancini retired and was not replaced.

Sincerely,

Acting Chief Albert F. Dupere

City of Fall River, In City Council

BE IT ORDAINED, by the City Council of the City of Fall River, as follows:

That Chapter 50 of the Revised Ordinances of the City of Fall River, Massachusetts, 1999, which chapter relates to Personnel, be amended as follows:

By striking out in Section 50-301, which section relates to salary schedules generally, the following:

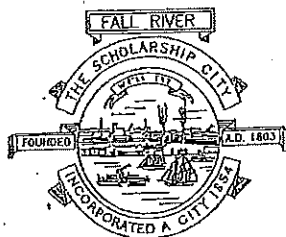

Receptionist, mayor's office
7-1-2013 \$1,153.85
6-30-2014 \$1,165.39

and by inserting in place thereof, the following:

Mayor's Administrative Assistant Not to exceed \$40,000.00 per annum

CITY OF FALL RIVER
IN CITY COUNCIL
MAY 30 2017

*Passed through first
reading, as amended,
6 years, 3 days.*

City of Fall River
Massachusetts
Office of the Mayor

26

JASIEL F. CORREIA II
Mayor

CITY CLERK
FALL RIVER, MA

2017 MAY 11 P 4:51

RECEIVED

May 11, 2017

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

Dear Honorable Council Members:

Following are personnel title and rate changes which I will be proposing in the fiscal 2018 budget:

Be it ordained, by the City Council of the City of Fall River, Chapter 50 of the City Ordinances be changed as follows:

Mayor Office:

Add the position of Director of Tourism and Cultural Affairs with a salary not to exceed \$60,000

- Change position title of Receptionist to Administrative Assistant.
- Change the Salary of Mayor's Administrative Assistant from \$1,194.52 bi-weekly (or \$31,058.52) to not to Exceed \$40,000

Administrative Services:

- Add the position of Wellness Coordinator with a salary not to exceed \$70,000

Police:

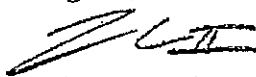

- Add the position of Account Manager with a salary not to exceed \$60,000

Buildings & Grounds (Facilities Maintenance):

- Add the position of Architect with a salary not to exceed \$105,000

Your approval of these ordinance modification is respectfully requested. My staff and the Director of Financial Services are available to answer any questions or concerns that you may have.

Best Regards,

Jasiel F. Correia II
Mayor

All manufacturers requirements regarding seat belt and supplemental restraint system replacement must be adhered to. If additional parts or operations are necessary to properly accomplish this, please contact the estimating claims rep.

THIS IS A DAMAGE ASSESSMENT ONLY - NOT AN AUTHORIZATION TO REPAIR - BASED ON DAMAGE VISIBLE OR CERTAIN AT THE TIME IT WAS WRITTEN.

IF FRAME OR UNIBODY REPAIR IS INCLUDED ON THIS ESTIMATE, THE AMOUNT SHOWN INCLUDES TIME OR ALLOWANCE FOR MEASURING BEFORE, DURING AND AFTER THOSE REPAIRS.

TO ENSURE PROPER AND PROMPT PAYMENT FOR ADDITIONAL DAMAGE DISCOVERED DURING THE COURSE OF REPAIRS, CONTACT PROGRESSIVE FOR SUPPLEMENT HANDLING PROCEDURES.

PROGRESSIVE HONORS THE PREVAILING LABOR MARKET RATE IN YOUR AREA FOR YOUR PROPERTY. IF YOU CHOOSE A SHOP THAT CHARGES IN EXCESS OF PREVAILING LABOR MARKET RATES, YOU WILL BE RESPONSIBLE FOR THE DIFFERENCE.

The replacement parts written on the estimate are intended to return your vehicle to its pre-loss condition with proper installation. After repair, if any sheet metal or plastic body part included in the estimate fails to return your vehicle to its pre-loss condition (assuming proper installation), in terms of form, fit, finish, durability or functionality, Progressive will arrange and pay for the replacement of the part, to the extent not covered by a manufacturer's or other warranty. This service will be performed at no cost to you (including associated repair and rental car costs). To obtain service under this Guarantee, call Progressive at 1-800-274-4641. This Guarantee applies as long as you own or lease the vehicle. This Guarantee is not transferable and terminates if you sell or otherwise transfer your vehicle.

THIS GUARANTEE DOES NOT COVER NORMAL WEAR AND TEAR OR DAMAGE CAUSED BY IMPROPER MAINTENANCE, NEGLIGENCE, ABUSE OR SUBSEQUENT ACCIDENT. THIS GUARANTEE IS LIMITED TO ARRANGING FOR THE SELECTION OF REPAIR PARTS THAT WILL RETURN YOUR VEHICLE TO ITS PRE-LOSS CONDITION. ACCORDINGLY, PROGRESSIVE WILL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES THAT RESULT FROM THE INSTALLATION OR USE OF THESE PARTS.

Part Type Terms and Abbreviations

NEW and OEM or part number displayed - These refer to a new, original equipment manufacturer part.

A/M Certified: This refers to a new, certified non-original equipment manufacturer replacement part.

A/M: This refers to a new, non-original equipment manufacturer replacement part.

Recycled: This refers to a used OEM part.

Remanufactured and Recond. and Recore: These refer to recycled OEM parts that have been rebuilt or refurbished.

OEM Surplus Part: This refers to new OEM parts, that are excess

Crash Narrative:

The operator of Veh. 1, Mark Warhall stated he was traveling easterly on Pleasant Street approaching a Water Dept. work crew. He pulled past the crew with an intent to back his dump truck to another work vehicle. He stated he stopped in the roadway then proceeded to back and upon doing so, backed into Veh. 2, which was stopped behind him in traffic. Mr. Warhall stated he did not see Veh. 2 stopped behind him. The operator of Veh. 2, Michael Perrotta stated he was traveling easterly on Pleasant Street directly behind Veh. 1 when it stopped in the roadway. Mr. Perrotta stated after stopping, Veh. 1 began to back up but he did not have time to back away and Veh. 1 backed into the front of his vehicle. The impact was a low speed impact and no injuries were reported.

Dear Mr. Higgins:

We understand that on February 7, 2017, you filed a complaint with the Fall River City Council ("Council"), alleging a violation of the Open Meeting Law, G.L. c. 30A, §§ 18-25. The Council is required to notify our office of the complaint and any remedial action taken to address the complaint. G.L. c. 30A, § 23(b); 940 CMR 29.05(5). Our office received notification and a response from the Council on March 7, 2017.

Under the Open Meeting Law, a complaint is ripe for review by our office when the complainant files a copy of the initial complaint with the Division of Open Government, provided that at least 30 days have passed since that complaint was filed with the public body. G.L. c. 30A, § 23(b); 940 CMR 29.05(6). We sent you a letter on March 20, 2017 stating that if we did not receive the original complaint from you by Monday, May 15, 2017, we would presume the action taken by the Council was sufficient and would close this file. Our office currently has no record of a complaint filed by you in this matter. Therefore, we now consider this matter closed.

Please feel free to contact me if you have any questions or believe anything stated in this letter to be inaccurate.

Sincerely,

Kevin Manganaro
Assistant Attorney General
Division of Open Government

RE: OPEN MEETING LAW COMPLAINT - CITY COUNCIL
DATE OF ALLEGED VIOLATION: 2/7/2017

Dear Mr. Higgins:

This letter is in response to your Open Meeting Law Complaint filed against the Fall River City Council on or about February 7, 2017. Specifically, you allege the following:

1. "During the regular meeting of the Fall River City Council on Feb. 7, 2017, Councilor Steve Long made a motion to take an item "off the table relating to the transfer of funds from the salary account to the expense account in the Mayor's office" when said item was not listed on the meeting notice in violation of the Open Meeting Law."

You first allege the Fall River City Council violated the Open Meeting Law because the meeting notice for the February 7, 2017 meeting did not list the motion Councilor Steven Long made to take an item off the table.

The Open Meeting Law requires meeting notices to be posted in a legible, easily understandable format; contain the date, time, and place of the meeting; and list all topics that the chair reasonably anticipates, 48 hours in advance, will be discussed at the meeting. The list of topics must be sufficiently specific to reasonably inform the public of the issues to be discussed at the meeting. (See Office of Attorney General, Open Meeting Law guide (March 18, 2015); 940 CMR 29.03: Notice Posting Requirements).

This topic was on the previous agenda, fully discussed in front of the City Council and then tabled. The notice posting requirements state: "list all topics that the chair reasonably anticipates" (See Office of Attorney General, Open Meeting Law guide (March 18, 2015); 940 CMR 29.03: Notice Posting Requirements). Here, the Chair could not have reasonably anticipated this motion - to take an item off the table by Councilor Steven Long, or any Councilor for that matter. In order for the item to be tabled in the first place, it must have been on

One Government Center • Fall River, MA 02722 • TEL (508) 324-2650
Workers' Compensation (508) 324-2540 • FAX (508) 324-2655 • EMAIL lawoffice@fallriverma.org
Equal Justice Under Law

a previous agenda, given proper notice and discussed openly. The Chair could not have reasonably anticipated a motion would be made to take this specific item off the table therefore, no violation of the Open Meeting Law occurred.

Finally, the Fall River City Council acted in good faith compliance with the Open Meeting Law and should not be considered to have committed an intentional violation of the law. M.G.L. c. 30A, §23(g); 940 CMR 20.02.

Since a determination has been made that no violation occurred, we consider this matter closed. Please note that you have the right to appeal to the Massachusetts Attorney General — Division of Open Government.

Respectfully,

Joseph I. Maoy
Corporation Counsel

34

Description of alleged violation:

Describe the alleged violation that this complaint is about. If you believe the alleged violation was intentional, please say so and include the reasons supporting your belief.

Note: This text field has a maximum of 3000 characters.

During the regular meeting of the Fall River City Council on Feb. 7, 2017, Councilor Steve Long made a motion to take an item "off the table relating to the transfer of funds from the salary account to the expense account in the mayor's office" when said item was not listed on the meeting notice in violation of the Open Meeting Law.

What action do you want the public body to take in response to your complaint?

Note: This text field has a maximum of 500 characters.

1. All City Councilors should be required to attend the March 7th Open Meeting Law training at the Fall River City Council chamber to learn what they can and cannot do to fully comply with the Open Meeting Law.
2. Vacate the vote taken on the transfer that was illegally deliberated and passed by the Council and if the council wishes to transfer these funds, post this item on a properly posted meeting notice and deliberate and make a decision at that properly posted meeting.

Review, sign, and submit your complaint

I. Disclosure of Your Complaint.

Public Record. Under most circumstances, your complaint, and any documents submitted with your complaint, is considered a public record and will be available to any member of the public upon request.

Publication to Website. As part of the Open Data Initiative, the AGO will publish to its website certain information regarding your complaint, including your name and the name of the public body. The AGO will not publish your contact information.

II. Consulting With a Private Attorney.

The AGO cannot give you legal advice and is not able to be your private attorney, but represents the public interest. If you have any questions concerning your individual legal rights or responsibilities you should contact a private attorney.

III. Submit Your Complaint to the Public Body.

The complaint must be filed first with the public body. If you have any questions, please contact the Division of Open Government by calling (617) 963-2540 or by email to openmeeting@state.ma.us.

By signing below, I acknowledge that I have read and understood the provisions above and certify that the information I have provided is true and correct to the best of my knowledge.

Signed:

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

Dear Honorable Council Members:

Following are personnel title and rate changes which I will be proposing in the fiscal 2018 budget:

Be it ordained, by the City Council of the City of Fall River, Chapter 50 of the City Ordinances be changed as follows:

Mayor Office:

Add the position of Director of Tourism and Cultural Affairs with a salary not to exceed \$60,000

- Change position title of Receptionist to Administrative Assistant.
- Change the Salary of Mayor's Administrative Assistant from \$1,194.52 bi-weekly (or \$31,058.52) to not to Exceed \$40,000

Administrative Services:

- Add the position of Wellness Coordinator with a salary not to exceed \$70,000

Police:

- Add the position of Account Manager with a salary not to exceed \$60,000

Buildings & Grounds (Facilities Maintenance):

- Add the position of Architect with a salary not to exceed \$105,000

Your approval of these ordinance modification is respectfully requested. My staff and the Director of Financial Services are available to answer any questions or concerns that you may have.

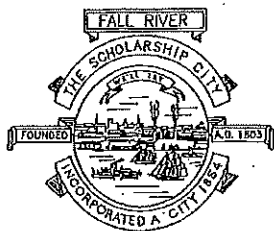

Best Regards,

Jasiel F. Correia II
Mayor

Department of Buildings & Grounds

JASIEL F. CORREIA II
Mayor

CHRIS GALLAGHER
Interim Director

May 11, 2017

Mayor Jasiel F. Correia II
One Government Center
Fall River, MA 02722

Dear Mayor Correia,

Your support is respectfully requested for a newly created position of "Architect" for the Department of Buildings and Grounds for the FY '18 budget. The department has expended approximated \$352,000.00 procuring design services this current fiscal year. It is required by Mass General Law that any building over 35K cubic feet requires controlled construction by an architect and stamped affidavits. Having a city employed "architect" would be substantially cost effect thus relinquishing funds that could be utilized to complete additional projects.

Relaying your support to the City Council to add this position to ordinance is greatly appreciated. The Department of Buildings and Grounds is grateful of your support to move forward and enhance the ability of this department to better serve the City and its programs.

Respectfully submitted,

Chris Gallagher,
Interim Director of Buildings and Grounds

City of Fall River, In City Council

BE IT ORDAINED, by the City Council of the City of Fall River, as follows:

Section 1.

That Chapter 2 of the Revised Ordinances of the City of Fall River, Massachusetts, 1999, which chapter relates to Administration, be amended as follows:

By striking out Section 2-209 (b) in its entirety and inserting in place thereof the following:

Section 2-209 Department of Financial Services

(b) *Divisions.* The divisions within the department of financial services shall be the auditor division, assessor division, treasurer division and collector division and/or treasurer-collector division.

Section 2.

That Chapter 2 of the Revised Ordinances of the City of Fall River, Massachusetts, 1999, which chapter relates to Administration, be amended by inserting the following new section:

Section 2-512 Treasurer-Collector, functions and duties

The primary function of the Treasurer/Collector is to preserve, protect and manage the financial resources of the City. The Treasurer/Collector is responsible for receipt, accurate accounting, and prudent investment of all City funds in order to maximize yields while maintaining adequate liquidity and ensuring compliance with Massachusetts General Laws, City of Fall River ordinances, and any other applicable financial mandates. The Treasurer/Collector is also responsible for negotiating all municipal borrowings (both short and long term), collecting committed taxes (Real Estate, Personal Property, and Auto Excise), and providing prompt and courteous assistance to the taxpayers and residents of the City. The Treasurer-Collector will have direct supervision of all personnel in both the Treasurer Division and the Collector Division including the Tax Title function.

Section 3.

That Chapter 50 of the Revised Ordinances of the City of Fall River, Massachusetts, 1999, which chapter relates to Personnel, be amended as follows:

By inserting in Section 50-309, which section relates to classification of positions and compensation grades, in proper alphabetical order, the following:

Treasurer-Collector.....Not to exceed \$105,000

This ordinance shall take effect upon passage to be ordained.

CITY OF FALL RIVER
IN CITY COUNCIL

MAY 16, 2017

Passed through first reading, 7 yeas, 2 nays

CITY OF FALL RIVER
IN CITY COUNCIL

MAY 30, 2017

A motion was made by Councilor Raymond A. Mitchell and seconded by Councilor Steven R. Long to pass the ordinance through second reading and enrollment. A further motion was made by Councilor Raymond A. Mitchell and seconded by Councilor Linda M. Pereira to table the ordinance and it carried, 5 yeas, 4 nays.

CITY CLERK _____
FALL RIVER, MA

JASIEL F. CORREIA II

Mayor

February 2, 2017

The Honorable City Council
City of Fall River
One Government Center
Fall River, MA 02722

Dear Honorable Council Members:

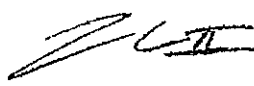

As my Administration works to achieve increased efficiencies and productivity within our local government, we continue to evaluate our management structure to assure long term stability. Each Division is being reviewed for its ability to provide consistency and continuity in the delivery of the services our residents and businesses receive from their local government. This proposed Ordinance to establish a new position of Treasurer/Collector will address this goal within our Financial Services Department.

Treasurer/Collector: The primary function of the Treasurer/Collector is to preserve, protect and manage the financial resources of the City. The Treasurer/Collector is responsible for receipt, accurate accounting, and prudent investment of all City funds in order to maximize yields while maintaining adequate liquidity and ensuring compliance with Massachusetts General Laws, City of Fall River ordinances, and any other applicable financial mandates. The Treasurer/Collector is also responsible for negotiating all municipal borrowings (both short and long term), collecting committed taxes (Real Estate, Personal Property, and Auto Excise), and providing prompt and courteous assistance to the taxpayers and residents of the City.

We anticipate that this new position will be budget neutral. The current positions of Treasurer and Tax Collector will not be filled as these responsibilities will become part of the new position's job description. The positions of Assistant Treasurer and Assistant Tax Collector will be filled in order to create a secondary capacity to operate these Departments in the absence of the Treasurer/Collector.

We look forward to further discussion at the Ordinance Committee regarding salary parameters and the implementation of this change.

Best Regards,

Jasiel F. Correia II
Mayor

RE: Proposed Treasurer Collector Position

Mr. Chairman:

In response to a request made at an earlier Ordinance Committee Meeting, attached please find a salary analysis of the staffing within the Treasurer and Collector Divisions. Under separate cover, you have received proposed changes for some of the salaries in these Divisions to allow for compensation rates which will be commensurate with the skills offered by the ultimate candidates for these positions. I respectfully suggest that these items be discussed as part of the same Committee Agenda.

As the schedule shows, the proposed change has very little impact upon the current Budgets for these Divisions. However, there may be further adjustments once the recruitment process is completed and the open positions are filled. The proposed "not to exceed" amounts are designed for this flexibility.

The goal of this combined Treasurer Collector position is to allow a single manager to facilitate cross training and utilization of staff between the two Divisions. By filling the two Assistant positions, we will create an internal capacity for coverage and advancement should the Treasurer Collector be on leave or vacate the position. In this regard, the importance of backup and continuity within the financial divisions cannot be overestimated.

As the Fiscal Year 2018 is now in development, the Administration looks forward to discussing these changes with the Ordinance Committee at your earliest convenience. Thank you.

ORDERED, that permission be and the same is hereby granted to:

Verizon New England Inc. and Massachusetts Electric Company for one jointly owned pole location as follows:

Dickinson Street

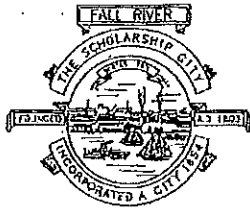

One (1) jointly owned pole location

Place one new pole 19.5, on the southerly side of Dickinson Street at a point approximately 669' westerly from the centerline of Fuller Street. This pole installation is necessary in order to provide service for the new charter school on Dickinson Street. In accordance with Plan No. MA2017-12 dated March 3, 2017.

To: Fall River City Council
From: J R Frey, P.E., City Engineer *JP*
John Perry, Director of Community Maintenance *JP*
Joseph Biszko, Building Inspector *JB*
Date: June 7, 2017
Subject: Proposed Pole Installation on Dickinson Street

The Engineering Division, in consultation with the Building Inspector and the Director of Community Maintenance has reviewed the proposed pole installation on the south side of Dickinson Street, approximately 669' west of the centerline of Fuller Street. The pole would be placed in a line between existing poles P.19 and P.20, 64 feet west of P.20.

There are six poles on the south side of Dickinson approaching the location from Fuller Street and nine poles on the south side of Dickinson approaching the location from Endicott Street. The pole placement is within the frontage of parcel D-20-29, an undeveloped lot filled with thick forest and brush. The vegetation, including thick brush and trees, have grown into the right-of-way approaching the paved street.

Based on the foregoing, the proposed pole location offers no impediment to the free movement of traffic within the roadway and no increase in hazard to the health and safety of the public over the existing conditions.
