The selected bidder may not necessarily be the highest Price Proposal. The Property has a present assessed value of \$260,400.00. The City Administrator reserves the right to recommend acceptance of a bid price below said assessed value in accordance with the provisions of M.G.L. c. 30B, § 16(g) and in accordance with the terms and conditions of this RFP. The City will award the bid within sixty (60) days of the submission deadline.

10.5 Execution of a Purchase & Sales Agreement - Upon the selection of a successful bidder, the City Administrator will cause a Purchase and Sale Agreement to be prepared and presented to the selected bidder for execution. The Purchase and Sale Agreement shall be executed by an authorized official(s) of the selected bidder and by the Mayor of the City of Fall River.

All the information contained in this RFP, and the selected bidder's submitted proposal in response to this RFP, shall be incorporated by reference into the Purchase and Sale Agreement which is to be entered into between the selected bidder and the City.

The Purchase and Sale Agreement shall at a minimum require a deposit of 10% of the purchase price and shall require the selected bidder to complete all of its due diligence for the Property and close on the Property no later than December 30, 2023.

10.6 Non-Assignment of Rights - The selected bidder may not assign its rights under the selected Proposal or the Purchase and Sale Agreement without the prior written consent of the City of Fall River

10.7 Rejection of Proposals - The City of Fall River reserves the right to reject any and all proposals received in response to this RFP.

Section 11 of the RFP contained the Proposed Redevelopment Benchmarks. The Proposed Redevelopment Benchmarks set forth in the RFP will be adjusted to account for the delay in commencing the review process.

Section 11 of the RFP provided as follows:

Re: RFP# 23-05 Sale of the Bank Street Armory

For the City's consideration, please accept our proposal to purchase and rejuvenate the Armory.

We have invested significant time and money to return the Bradford Durfee Textile School to the City's tax roll and will begin redevelopment of the Post Office garage building. We would like to redevelop the Armory as it is adjacent to these properties offering an integrated live/work area for the City.

Our intent with the Post Office building was to change the use from commercial to residential as allowed in the Arts Overlay district. There were to be apartments on the top two floors with parking on the lower level. If granted the opportunity to re-develop the Armory our intention with the Post Office building will change. We would renew the exiting leases with the current commercial tenants, use the top two floors to supplement parking for the Armory and add apartments as a vertical addition.

In our opinion, the City's preferred use of the Armory as an arts and entertainment venue would be prohibitive financially and also impact the economics of other venues nearby, specifically the Narrows and the black box theater underway at the Creative Class. We would be excited if the City could develop a regional arts and entertainment center at the Armory, but we would need to reassess the viability of a black box theater across the street.

We plan to redevelop the Armory into thirty-seven market rate apartments, but would be open to a mixed rate project with twenty percent of the units being designated affordable. The drill hall would accommodate seventeen one-bedroom townhouses and the headhouse would accommodate eighteen one-bedroom residences on the first three floors and a pair of large two-bedroom units on the fourth floor. The property would be marketed as an expansion of the Creative Class campus and be managed by the same on-site staff currently in place.

Re-imagining Historical Properties

The property presents a unique challenge, as any modification will need to be approved by the Massachusetts Historical Commission. We're familiar with these restrictions as we have had three successful redevelopment projects with MHC to date.

As we work with MHC to insure our plan is consistent with the Preservation Restriction, we are concerned the water infiltration caused by failing gutters, coping, roof ridge and the south headhouse roof could make redevelopment impractical if left to continue. Addressing these issues sooner rather than later is imperative.

Please address communications regarding our proposal to Alan Macomber via the contact information in the footer section below.

Development Plan

We propose to develop the Bank Street Armory to complement our recently completed Creative Class project which re-developed the Bradford Durfee Textile School. The Armory, located across the street, will be developed into 37 apartments, expanding the Creative Class campus to include 92 residences, a coworking office space, a black box theater, retail and an enrichment program for Autistic adults.

The site will accommodate 22 parking spaces, far short of the 74 required by zoning ordinance or the 50 spaces we deem necessary for a successful project. We are prepared to supplement parking with our re-development of the Post Office Garage building. Ultimately, we envision the Creative Class Campus revitalizing three city blocks and becoming the gateway between the City's waterfront and downtown.

Proposed Site Plan

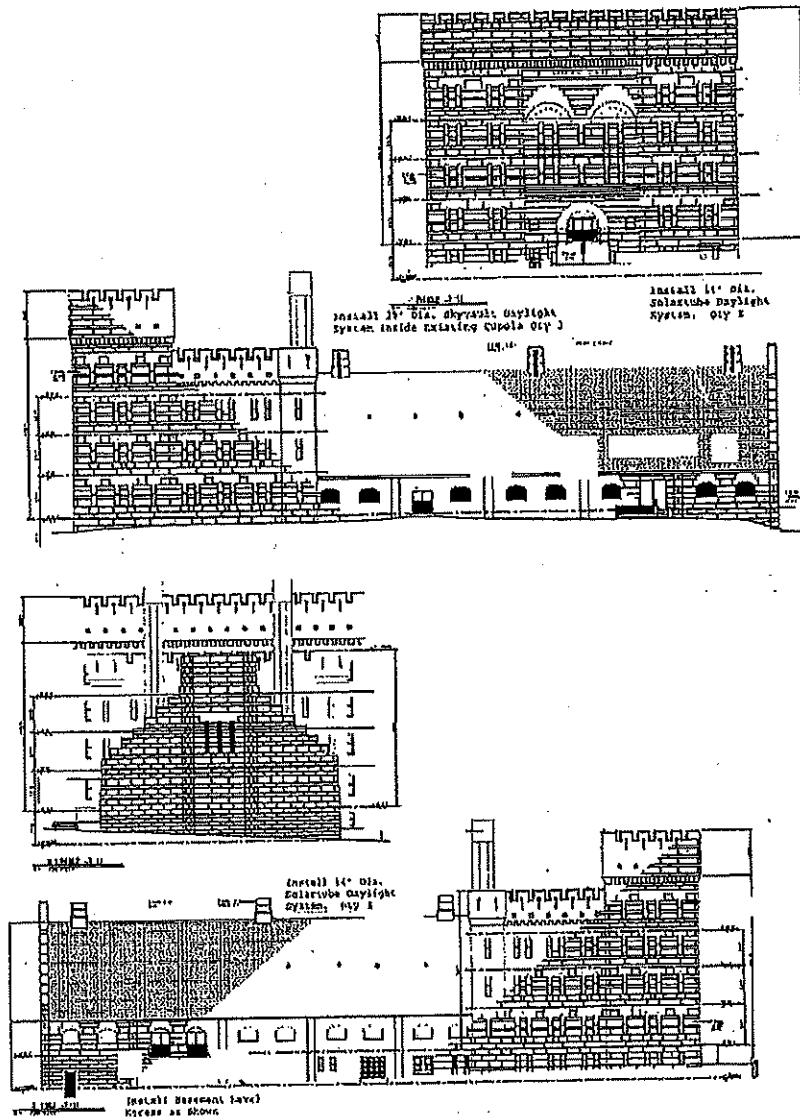

Main Street Projects
Re-imagining Historical Properties

Our proposed re-development will have minimal impact to the historic exterior elevations. There will be nine small penetrations on west drill house roof and eight on the east side to accommodate a daylighting system (shown below). In addition the basement level will include a single door egress on the northeast of the drill house.

Minimal Impact to Historic Façade

Main Street Projects
Re-imagining Historical Properties

The drill house will have seventeen townhouse apartments in a double loaded corridor set-up.

Daylight will be added through a unique application of an existing technology.

We have refined our concept to have minimal impact on the Armory's character defining features. The exterior architecture remains as is, including the main entrance, retaining the drill hall gallery and exposed drill hall roof structure. In addition, wood wall paneling, baseboards, main staircase and wood components, and the sequence of spaces will generally remain intact. The pressed tin and ornamented plaster ceilings will be impacted when a new fire suppression system code compliant MEP systems are installed.

Main Street Projects
Re-imagining Historical Properties

The head house will accommodate twenty apartments spanning four floors. The historic central corridor on each floor remains unchanged, and each apartment's floor plan incorporates the historic wainscoting, fireplaces, wood flooring and expansive rooms.

Developer's Qualifications

2010 – 2017 Commonwealth Landing. A 200,000 square foot historic textile mill overlooking Mount Hope Bay in Fall River. Redeveloped into restaurants, retail, office, and market rate apartments. Total development cost \$33M.

2017 -2022 The Creative Class. Transformed a 100,000 square foot historic college campus overlooking Mount Hope Bay in Fall River's downtown. Redeveloped into a mix of office, retail, art and, market rate and affordable apartments. Total development cost \$21M.

He has been active in the community serving as a board member with FROED, Bristol County WIB, Greater Fall River Development Corporation, South Coast Hospital President's Council, the Fall River Children's Museum and Child and Family Services.

Development Benchmarks

The proposed benchmarks are acceptable but will require adjustment based on required actions defined in the Preservation Restriction.

In accordance with the Preservation Restriction, the Massachusetts Historical Commission (MHC) must approve the proposed project to insure *"the characteristics which contribute to the architectural and historical integrity are preserved according to the Secretary of the Interior's Standards for the Treatment of Historic Properties for Preserving, Rehabilitating, Restoring and Reconstruction Historic Buildings."*

Main Street Projects
Re-imagining Historical Properties

Based on discussions with Heritage Preservation Consultants, it is our opinion that the redevelopment concept will meet the standards set forth in the preservation restriction.

If selected, we will submit plans and specifications *"in sufficient detail to permit the MHC to make an informed judgement as to the project's consistency with the purposes of the Preservation Restriction."*

Note, the italicized phrases above are taken from the deed recorded Preservation Restriction between the Commonwealth and the City of Fall River recorded in Book 9296 Page 1.

We will work diligently to secure MHC approval of the development plan and will be prepared for conveyance of the property sixty days thereafter.

Development Sources and Uses

The total development cost of our proposal will be approximately \$13.6M. The project will support hard debt of \$5.1M in addition to developer equity. We anticipate using the programs identified in the RFP solicitation twinned with other complementary sources as shown below.

Anticipated Sources	
Bank Debt	\$ 5,100,000

Attached please find an amended order loan order for the Robert L. Medeiros Resiliency Preparatory Academy Renovation Project.

The original loan order was adopted by the City Council on September 26, 2023. However, the original loan order inadvertently was missing language which would allow the City to seek MFOB approval to borrow using the State's enhanced credit rating. This approval would save the City money on interest expenses moving forward.

ORDERED, that the City appropriates eight million one hundred one thousand six hundred thirty-six dollars (\$8,101,636) to pay costs of a door and window replacement project at Robert L. Medeiros Resiliency Preparatory Academy, 290 Rock Street, Fall River. The project consists of the replacement of exterior doors and windows and the addition of an accessible bathroom, which proposed repair project would materially extend the useful life of the school and preserve an asset that otherwise is capable of supporting the required educational program, and for which the City may be eligible for a grant from the Massachusetts School Building Authority ("MSBA"), said amount to be expended under the direction of School Department. To meet this appropriation the City Treasurer, with the approval of the Mayor, is authorized to borrow said amount under G.L. Chapter 44, or pursuant to any other enabling authority. The City acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any project costs the City incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the City; provided further that any grant that the City may receive from the MSBA for the project shall not exceed the lesser of (1) eighty percent (80%) of eligible, approved project costs, as determined by the MSBA, and (2) the total maximum grant amount determined by the MSBA, and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the City and the MSBA.

FUTHER ORDERED, that the Treasurer is authorized to file an application with the appropriate officials of The Commonwealth of Massachusetts (the "Commonwealth") to qualify under Chapter 44A of the General Laws and any and all bonds of the City to be issued pursuant to this Order, and to provide such information and execute such documents as such officials of the Commonwealth may require.
