RE: Open Meeting Law Complaint

Dear Attorney Howayeck:

This office received a complaint from Patrick Higgins on March 3, 2023, alleging that the Fall River City Council (the "Council") violated the Open Meeting Law, G.L. c. 30A, §§ 18-25. The complaint was originally filed with the Council on or about January 25, 2023, and you responded to the complaint, on behalf of the Council, by letter dated February 6, 2023. The complaint alleges that the Council failed to review a prior Open Meeting Law complaint before voting at its January 24, 2023, meeting to refer the complaint to legal counsel to respond.

We resolve this matter by informal action, in accordance with 940 CMR 29.07(2)(a), after reviewing the original complaint, the Council's response to the complaint, the complaint filed with our office requesting further review, and the relevant portion of the video recording of the Council meeting held on January 24, 2023.<sup>1</sup> For precisely the reasons stated in OML 2021-120 (Fall River City Council) at page 3, a copy of which is enclosed, we find that the Council did not violate the Open Meeting Law in the way alleged.

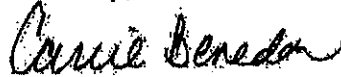

<sup>1</sup> A video recording of the Council meeting held on January 24, 2023, is available at [https://www.facebook.com/watch/live/?ref=watch\\_permalink&v=1219020382330448](https://www.facebook.com/watch/live/?ref=watch_permalink&v=1219020382330448).

RE: Open Meeting Law Complaint

Dear Attorney Howayeck:

This office received a pair of complaints from Patrick Higgins on December 10, 2020, and December 18, 2020, alleging that the Fall River City Council and Fall River Board of Assessors (the "Council" and the "Board," respectively) violated the Open Meeting Law, G.L. c. 30A, §§ 18-25. The complaints were originally filed with both the Council and the Board on November 18. The Council responded by letter dated December 10 and the Board responded by letter dated December 15.<sup>1</sup> In the complaint filed with the Council, Mr. Higgins alleges that the Council violated the Open Meeting Law by failing to sufficiently discuss an October 27 Open Meeting Law complaint, and by holding a joint meeting with the Board on November 17 without posting notice. Mr. Higgins similarly alleges that the Board violated the Open Meeting Law by failing to sufficiently discuss a November 5 Open Meeting Law complaint, and by holding a joint meeting with the Council on November 17, without posting notice.<sup>2</sup>

Following our review, we find that neither the Council nor the Board violated the Open Meeting Law with respect to the allegations regarding the discussion of prior Open Meeting Law complaints. We do, however find that the Board, only, violated the Open Meeting Law by failing to post notice for the November 17 joint meeting with the Council. In reaching this

<sup>1</sup> Unless otherwise specified, all dates refer to 2020.

<sup>2</sup> Mr. Higgins also alleges that the Board violated the Open Meeting Law by failing to announce the name of each member who was participating in the December 16 meeting remotely. Mr. Higgins has since withdrawn this allegation after we addressed a similar issue, and found no violation, in OML 2020-168.

determination, we reviewed the original complaints, the Council's and Board's responses to the complaints, and the complainant's requests for further review. We also reviewed meeting notices, meeting minutes and video recordings of the Board's and Council's November 17 meetings. Finally, we emailed with Attorney Howayeck on several occasions in July of 2021.<sup>3</sup>

### FACTS

We find the facts as follows. On November 13, the Board posted notice for a meeting to take place at 4:00 p.m. on November 17. Among other topics, the Board listed two items, "5. Open Meeting Law complaint from Patrick Higgins dated 11/5/2020," and "6. Discussion of Fiscal Year 2021 Tax Classifications." Also on November 13, the Council posted notice for a meeting to take place at 5:55 p.m. on November 17. Amongst others, the Council's meeting notice contained two items "2. Adoption of the percentage of the local tax levy to be borne by each class of property for Fiscal Year 2021," and "21. Open Meeting Law Complaint from Patrick Higgins re: alleged violation by the City Council President on October 27, 2020." Neither meeting notice indicated that a joint meeting of the two bodies would take place during the Council's evening meeting.

On November 17, the Board and the Council held two separate meetings that were each livestreamed. The Board met at 4:00 pm and discussed a variety of topics, one of which was Mr. Higgin's November 5 Open Meeting Law complaint, which the Board voted to refer to legal counsel for a response without discussion. Specifically, the Board did not address the merits of the complaint, nor verbally identify when and by whom the complaint was filed.<sup>4</sup>

The Board then recessed around 4:30 p.m., stating that the Board would reconvene during the Council's later meeting to discuss Fiscal Year 2021 tax classifications with the Council. The Council met at 5:55 p.m. that evening and was joined by the Board for a portion of that meeting to discuss tax classifications.<sup>5</sup>

The remote access instructions contained on the meeting notices for the public to view the meetings were different for the two meetings. The notice for the Board's meeting stated that the meeting could be viewed on YouTube at "[YouTube.com/FallRiverGovernmentTV](https://www.youtube.com/FallRiverGovernmentTV)," whereas the notice for the Council's meeting stated that the meeting could be viewed on the Fall River Government Television website, "[www.frgtv.frgtv.us/live](http://www.frgtv.frgtv.us/live)." Thus, the livestreams were only accessible to the public via separate links and a member of the public who watched the 4:00 p.m. meeting would have had to open a new livestream to follow the second part of the Board's discussion, which took place jointly with the Council.

After the joint portion of its meeting with the Board, the Council addressed Mr. Higgin's October 27 Open Meeting Law complaint. After briefly describing the complaint as being filed by Patrick Higgins about an alleged violation by the City Council President, the Council voted to refer the complaint to legal counsel. The Council then voted by roll call to refer the complaint to legal counsel for a response.

## DISCUSSION

1. The Board and Council did not violate the Open Meeting Law by voting to refer Open Meeting Law complaints to legal counsel rather than discussing their substance.

The Open Meeting Law requires that, unless an extension has been granted by the Attorney General, within 14 business days of receipt of an Open Meeting Law complaint, a public body must meet to review the complaint's allegations; take remedial action, if appropriate; and send to the complainant a response and a description of any remedial action taken. 940 CMR 29.05(5). The public body must also send the Attorney General a copy of the complaint and a description of any remedial action taken, when the response is sent to the complainant. Id. A public body may delegate the responsibility for responding to an Open Meeting Law complaint to its legal counsel; however, the public body must still meet to consider and refer all complaints. See OML 2020-164 (a public body may review a complaint during a meeting and refer to a designee to respond, or a designee may receive and draft a response to the complaint for the public body to approve during a meeting, but a public body may not remove itself entirely from the process); OML 2017-197; OML 2017-148 ("That the Board may have chosen to refer the complaint rather than discuss its substance is the Board's prerogative.").<sup>6</sup> The Open Meeting Law does not require a public body to engage in a substantive discussion of the merits of each complaint. See OML 2020-38; See OML 2018-134.

Here, during its November 17 meeting, the Board voted to delegate responsibility for responding to Mr. Higgin's November 5 complaint to legal counsel, though it did not discuss the merits or details of the complaint. During the Council's November 17 meeting, after briefly describing the complaint as being filed by Patrick Higgins about an alleged violation by the City Council President, the Council voted to refer the complaint to legal counsel. We have previously explained that referring a complaint to legal counsel rather than discussing its substance is permissible, and we therefore find that neither the Board nor the Council violated the Open Meeting Law in this respect.

2. The Board violated the Open Meeting Law by joining the Council's 5:55 p.m. meeting on November 17 without posting notice.

The Open Meeting Law states that a public body "shall post notice of every meeting at least 48 hours prior to such meeting excluding Saturdays, Sundays and legal holidays." G.L. c. 30A, § 20(b). When two public bodies contemplate a joint meeting, they may either post a single joint notice that clearly indicates that both public bodies will meet together, or they may each post their own notice for the joint meeting. See G.L. c. 30A, § 20(b); OML 2020-9; OML 2016-117; OML 2021-69.

Here, the Board posted notice of its own 4:00 p.m. meeting for November 17, but did not post notice of its joint meeting with the Council during the Council's 5:55 p.m. meeting that same evening. The Board's legal counsel has confirmed that members of the public could only access the Board's individual meeting, which began at 4:00 p.m. and "recessed" at 4:30 p.m., and its joint meeting with the Council, which began at 5:55 p.m., from two different links to two

different livestreams. A member of the public could not merely keep the Board's original livestream playing in order to see the resumption of the Board's discussion when the Council convened. We therefore conclude that the Board held two separate meetings on November 17, with approximately an hour and a half between them, and did not post notice for the second meeting. Because the Board failed to post notice of its November 17 joint meeting with the Council 48 hours in advance of the meeting, we find that the Board violated the Open Meeting Law.

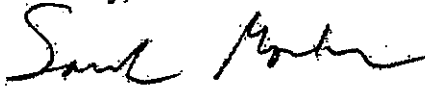

On the other hand, we find that the Council properly posted notice of its November 17 meeting in accordance with G.L. c. 30A, § 20(b) and therefore did not violate the Open Meeting Law.

### CONCLUSION

For the reasons stated above, we find that the Board violated the Open Meeting Law by holding a meeting on November 17 without posting notice. We find that the Board did not violate the Law in the other way alleged, and that the Council did not violate the Open Meeting Law. We order the Board's immediate and future compliance with the Open Meeting Law and caution the Board that a determination by our office of a similar violation in the future may be considered evidence of intent to violate the Open Meeting Law.

We now consider the complaint addressed by this determination to be resolved. This determination does not address any other complaints that may be pending with our office, the Board, or the Council. Please feel free to contact the Division at (617) 963 - 2540 if you have any questions.

Sincerely,

Sarah Monahan  
Assistant Attorney General  
Division of Open Government

Assisted by Alexis Kenney, Legal Intern, Division of Open Government.

**This determination was issued pursuant to G.L. c. 30A, § 23(c). A public body or any member of a body aggrieved by a final order of the Attorney General may obtain judicial review through an action filed in Superior Court pursuant to G.L. c. 30A, § 23(d). The complaint must be filed in Superior Court within twenty-one days of receipt of a final order.**

In accordance with a resolution adopted, as amended May 8, 2012, persons are allowed to address the Council for a period of three minutes prior to the beginning or at the conclusion of business in the Committee on Finance.

1. Citizens' Input Time – Before Discussion of Financial Matters: None

2. Discussion with administration regarding park fee revenue being directed to the Park Division budget

*Vice President Pereira asked why the revenue received by the Board of Park Commissioners isn't appropriated to their budget. Ms. Almon stated that the revenue is typically around \$10,000 per year and the annual budget of the Park Division is significantly larger than that amount and American Rescue Plan Act (ARPA) funding is also being utilized. Vice President Pereira emphasized the need for more sources of funding for maintenance and employees as the ARPA funding will eventually end. Councilor Dionne requested clarification regarding the annual revenue for park fees and Ms. Almon provided the amounts for the past five years, which were between \$10,000 and \$11,000 annually, except for the year 2020 which was approximately \$5,000.*

3. Discussion with representatives from the Administration re the Bank Street Armory (Municipal Veterans Memorial)

*Councilor Kilby stated that a committee had been created by Mayor Paul E. Coogan to discuss this issue specifically and there is a scheduled meeting for that committee on Thursday, June 1,*

2023. Councilor Kilby asked that the Committee on Finance consider tabling this resolution until that meeting is held as there will be a discussion regarding long-term feasibility of the Armory restoration. A motion was made by Councilor Kilby and seconded by Councilor Washington to table the resolution. President Camara asked for a roll call vote and Vice President Pereira objected to the vote to table the resolution.

4. Discussion with a representative of Massachusetts Department of Transportation, the City Administrator and the City Engineer for a general update on the Route 79/Davol Street Corridor Improvements Project

Mr. Aguiar gave an in-depth explanation of the project including utility work, developing intersections between Davol Street, northbound and southbound, and real estate zoning changes that may be required in the area. Councilor Dionne asked for clarification regarding land that may be developed after the project is completed. Mr. Aguiar stated that the project will result in ten parcels of land and six or seven of those parcels can be developed into housing, businesses or parking. President Camara relinquished the podium to Vice President Pereira at 6:16 p.m. to make remarks and asked for clarification regarding property ownership, business development and plans for parking in the project area. Ms. Kilduff gave a brief explanation of the process to transfer property from the Massachusetts Department of Transportation (MassDOT) to the City included a referendum and that the legal process usually takes a few years. Ms. Kilduff also explained that MassDOT will complete the construction and utility updates prior to transfer of the property and decision making will occur at the local, state and federal level as this area is included in the federal highway system.

Councilor Laliberte arrived at 6:21 p.m.

Mr. Aguiar provided information regarding current zoning requirements for residential properties, businesses and parking and that the City will work to adjust these requirements to accommodate development. Mr. Aguiar stated that regular meetings are held with MassDOT to discuss future plans as well as public input meetings and he encouraged residents to attend. President Camara returned to the podium at 6:29 p.m.

Councilor Cadime requested that MassDOT and the City Engineer provide frequent updates to the Committee on Finance as the project progresses. Vice President Pereira expressed concern regarding pedestrian traffic in the development area once it is complete and inquired as to why Davol Street southbound wasn't moved closer to the northbound side. Mr. Aguiar explained that the planned project would allow more development in the area and avoid separating existing property parcels from roadway access. Councilor Laliberte asked if there were maps available to the public of the development and Mr. Aguiar stated there are some available online and that he is happy to provide additional maps if requested. Mr. Aguiar and Ms. Vilduff gave a brief overview of the art projects that will occur at the current U-turn area and that the design should be completed by the end of July. President Camara asked about flood draining and sewer updates in the development area and Mr. Aguiar confirmed that there would still be areas with straight water discharge into the river but there would also be improvements to the sewer system.

Councilor Dionne asked if there were still plans to possibly develop a satellite station for the train near the Braga Bridge and if pedestrian bridges had been considered for Davol Street. Mr. Aguiar stated he could not speak to that, but the Massachusetts Bay Transit Authority has always included a satellite station as a possibility within their documents. Mr. Aguiar also gave information regarding studies that have been done with other municipalities that have used pedestrian bridges and it was determined to be unnecessary due to the short distance that

11

would be required to cross the roads in this area. Councilors Dionne and Kilby complimented the City Engineer and the MassDOT representative for their progression on the project. Mr. Aguiar and Ms. Kilduff stated that they are happy to continue to provide updates to the Committee on Finance every few months going forward and could return with a presentation for the Committee.

On a motion made by Councilor Pereira and seconded by Councilor Raposo, it was unanimously voted to adjourn at 6:57-p.m., with Councilor Pelletier absent and not voting.

Councilor Cadime stated that he had not received any phone calls from residents but the equity in pay between the City Council and School Committee was warranted and the School Committee members currently receive less compensation than many sports coaches within the School Department. A discussion was held between President Camara and Councilors Cadime, Dionne and Pereira regarding when the cost of living freeze occurred for the School Committee in comparison to the City Council and Mayoral position. President Camara emphasized that elected officials should serve to help the community, not for compensation, and that many School Committee members have stated that they do not support this salary increase.
