Requested ARPA Funds: \$16,000.00

Quantity	Description	Total
1	CARE Fund	\$16,000.00
TOTAL		\$16,000.00

Category: 2: Negative Economic Impact:

2.3 Cash Transfers

Rationale for ARPA Funding:

Bristol Community College created the CARE Fund which is a program designed to off-set short term financial need for Fall River students experiencing immediate financial concerns which would otherwise prevent them from continuing their education at Bristol Community College. Funds are limited to students who are currently enrolled in classes at the time of the request and are in good academic standing. All requests for funding must be submitted through the CARE Fund request form.

Eligible Expenses may include:

- Transportation Assistance (Bus passes, gas cards, minor car repair)
- Housing Assistance (Short term rent assistance, utilities, other household expenses)
- Food Needs
- Childcare Expenses
- Textbooks or other educational necessities

Ineligible expenses include parking tickets, traffic violations, fines, health insurance, and credit card bills or debt. All requests are reviewed on a case by case basis and funding is not guaranteed for every request. The CARE Fund is not designed to replace Federal and State Financial Aid. Students should have exhausted all other resources.

Funding is provided through the Bristol Foundation's CARE Fund. These requests must be submitted by the student (or person who can submit on behalf of the student).

The student must provide a specific amount being requested, a description of the reason/circumstances leading to the need for support, and a description of (and documentation

for) how the funds will be used. Submissions without this information will not be considered. Students requesting funds will be required to attest to the legitimacy of expressed need and agree to use funds in accordance with that purpose stated in the request.

Students are limited to a maximum of two awards (totaling no more than \$500 in one semester) during their enrollment at Bristol Community College. Awards through the CARE Fund are also vetted through Financial Aid and cannot exceed allocated aware limit within cost of attendance.

ARPA Fund Use: **PUBLIC SERVICE AND SAFETY EQUIPMENT**
 Proposal by Councilor Joseph Camara

Description of Proposal: Purchase of equipment to increase public service and Safety programs and capacity.

Requested ARPA Funds: \$699,500.00

Quantity	Description	Total
7	Marked Cruisers	\$409,500.00
2	Unmarked Cruisers	\$60,000.00
2	Police Motorcycles	\$60,000.00
1	Animal Control Van	\$40,000.00
10	Crime Cameras	\$30,000.00
	Traffic Light Upgrades	\$100,000.00
TOTAL		\$699,500.00

Category: 10: Title I Projects: 10.8 Provision of Public Services

1: Public Health: 1.11 Community Violence Intervention

2: Negative Economic Impact: 2.22 Strong Healthy Communities: Neighborhood Features that Promote Health and Safety

Rationale for ARPA Funding:

Public Service Vehicles: Funding to increase fleet of existing service vehicles used by the Fall River Police Department to prevent crime and enhance public safety.

Crime Cameras: 10 cameras will be positioned throughout the city in high crime areas that will assist the Fall River Police Department with the increase in crime and helping to identify suspects and get them off the street.

Traffic Light Upgrades: The Signal Division maintains 60 traffic signals, 5 intersection flashing signals, and 26 school zone signals. All the signals throughout the city are LED and the module in a LED has a lifespan of 15 years. All the LEDs currently used by the city have a range of 15-20 years. With the aging LEDs they also become dimmer over time, and are not visible for pedestrians and motor vehicle operators, thus causing considerable safety issues in neighborhoods, school zones, etc. Further, many of the traffic signals are hanging by a bracket

and create a public safety hazard if they detach. The Signal Division has also identified of the 60 signalized intersections in the city, 18 of the intersections have Accessible Pedestrian Signals (APS), while 8 do not have any such signals at all, and 34 should be upgraded to this APS system for ADA Accessibility.

ARPA Fund Use: **PUBLIC SERVICE TRANSPORTATION VAN**
 Proposal by Councilors Michelle Dionne and Andrew Raposo

Description of Proposal: Purchase of transportation van to increase capacity of veterans and elderly riders throughout the City of Fall River.

Requested ARPA Funds: \$38,500.00

Quantity	Description	Total
1	Passenger Van	\$38,500.00
TOTAL		\$38,500.00

Category: 10: Title I Projects: 10.8 Provision of Public Services

Rationale for ARPA Funding:

The Veterans Department for the City of Fall River provides rides for medical appointments and grocery trips, to veterans, seniors, and disabled citizens. Grocery shopping trips occur weekly on Mondays and Fridays, while medical appointment transportation is offered on Tuesdays, Wednesdays, and Thursdays. There are also rides offered to/from Providence and Brockton VA Hospitals, Tuesdays through Friday. This year, there was 1000 rides provided, with most days being completely full, and a cancellation list to accommodate last minute changes to ensure all riders are at capacity.

This program is critical to our veterans, seniors, and disabled citizens, but with the condition of current vehicles and the need to provide more riders an opportunity for transport, a new passenger van is necessary.

Dear Honorable Council Members:

Section 50-305 of the City of Fall River ordinances includes the salary schedule for EMS Local 1202 AFSCME Personnel. The Director of Emergency Medical Services is now the Chief of EMS (see Section 2-218), and this position is not a bargaining unit position. The attached ordinance revision strikes the Director of Emergency Medical Services from Section 50-305 and adds the Chief of EMS as "Per Contract" under Section 50-302. It also updates Section 50-305 to reflect the current negotiated wage scale.

Additional revisions to Section 50-302 clarify the positions in the office of the Corporation Counsel.

Dear Mayor Coogan,

As of November 1, 2022, the Massachusetts Department of Environmental Protection had placed a ban on the disposal of mattresses and box springs in the landfills and incinerators. Recycling these items is costly. This procedure requires proper handling, storage, and transportation and occasionally treatment of infected materials.

The City of Fall River has undertaken cost-saving measures to keep fees as low as possible. However, increased volume, increased transportation expenses as well as rising disposal costs have resulted in an increased cost to the city. Surrounding communities are charging rates ranging from \$50.00 to \$75.00 per mattress or box spring.

After careful review of these costs the Department of Community Maintenance would like to request an increase from our current rate of \$20.00 per unit to \$50.00 per unit to cover the cost of disposal. We asked for your every consideration with this request. Thank you.

RE: Open Meeting Law Complaint against Fall River City Council Committee on
Finance

Date of Alleged Violation: November 28, 2023

Dear Mr. Higgins

This correspondence is sent pursuant to G.L. c. 30A, § 24 and 940 CMR 29.00 et seq., in response to your Open Meeting Law Complaint against the Fall River City Council Committee on Finance, which the City of Fall River received on November 29, 2023. On December 12, 2023, the City Council met to review your complaint and voted to refer the matter to this office for formal response. Your complaint alleges in pertinent part the following:

The Fall River City Council held an illegal meeting on November 28, 2023 in that the agenda was NOT properly posted on "<https://fallriverma.org>" for 48 hours prior to the meeting. The agenda was posted to "<https://fallriverma.gov>" and the official posting location of agendas, as on file with the Division of open government, reflects "<https://fallriverma.org>" as the official posting location as of November 10, 2015.

At the November 28, 2023 City Council meeting, you voiced the present complaint. Per the discussion that followed, the City Council determined no violation occurred.

The City of Fall River recently began the process of converting its municipal domain from <https://fallriverma.org> to <https://fallriverma.gov>. According to the City Clerk, while both the .org and .gov sites were active, the City Clerk's office posted public meeting notices to both websites. In the process of IT transitioning to the new website, visitors to the website were redirected from the old website to the new website when attempting to access the calendar. Once the transition was complete, the old website was no longer accessible - at all. Any attempt to access the previous website (www.fallriverma.org) was fully redirected to the new website (www.fallriverma.gov). There has never been a lapse with viewing meeting notices.

Workers' Compensation (508) 324-2540 • FAX (508) 324-2655 • EMAIL lawoffice@fallriverma.org

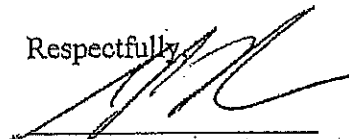

Equal Justice Under Law

Additionally, when the new website was fully active, the City Clerk notified the Attorney General's Office. The Division of Open Government's municipality official posting location list indicates that the city's official posting site was updated to "https://fallriverma.gov" as of November 28, 2023.

There was no intent to circumvent the Open Meeting requirements. Even if the Division of Open Government deems that a violation occurred, a nullification of the meeting, as you requested, would not benefit the public interest.

Please note that you have the right to appeal to the Massachusetts Attorney General – Division of Open Government.

Respectfully,

Gary P. Howayeck

OPEN MEETING LAW COMPLAINT FORM

Instructions for completing the Open Meeting Law Complaint Form

The Attorney General's Division of Open Government interprets and enforces the Open Meeting Law, Chapter 30A of the Massachusetts General Laws, Sections 18-25. Below is the procedure for filing and responding to an Open Meeting Law complaint.

Instructions for filing a complaint:

- Fill out the attached two-page form completely. Sign and date the second page. File the complaint with the public body within 30 days of the alleged violation. If the violation was not reasonably discoverable at the time it occurred, you must file the complaint within 30 days of the date the violation was reasonably discoverable. A violation that occurs during an open session of a meeting is reasonably discoverable on the date of the meeting.
- To file the complaint:
 - For a local or municipal public body, you must submit a copy of the complaint to the chair of the public body AND to the municipal clerk.
 - For all other public bodies, you must submit a copy of the complaint to the chair of the public body.
 - Complaints may be filed by mail, by email, or by hand. Please retain a copy for your records.
- If the public body does not respond within 14 business days and does not request an extension to respond, contact the Division for further assistance.

Instructions for a public body that receives a complaint:

- The chair must disseminate the complaint to the members of the public body.
- The public body must meet to review the complaint within 14 business days (usually 20-22 calendar days).
- After review, but within 14 business days, the public body must respond to the complaint in writing and must send the complainant a response and a description of any action the public body has taken to address the allegations in the complaint. At the same time, the body must send the Attorney General a copy of the complaint and a copy of the response. The public body may delegate this responsibility to an individual member of the public body, its counsel, or a staff member, but only after the public body has met to review the complaint.
- If a public body requires more time to review the complaint and respond, it may request an extension of time for good cause by contacting the Division of Open Government.

Once the public body has responded to the complaint:

- If you are not satisfied with the public body's response to your complaint, you may file a copy of the complaint with the Division by mail, by email, or by hand, but only once you have waited for 30 days after filing the complaint with the public body. Mail may be sent to: The Division of Open Government, Office of the Attorney General, One Ashburton Place, 20th Floor, Boston, MA 02108. Emails may be sent to: openmeeting@state.ma.us
- When you file your complaint with the Division, please include the complaint form and all documentation relevant to the alleged violation. You may wish to attach a cover letter explaining why the public body's response does not adequately address your complaint.
- The Division will not review complaints filed with us more than 90 days after the violation, unless we granted an extension to the public body or you can demonstrate good cause for the delay.

If you have questions concerning the Open Meeting Law complaint process, we encourage you to contact the Division of Open Government by phone at (617) 983-2540 or by email at openmeeting@state.ma.us.

This correspondence is sent pursuant to G.L. c. 30A, § 24 and 940 CMR 29.00 et seq., in response to your Open Meeting Law Complaint against the Fall River City Council which the City of Fall River received on November 29, 2023. On December 12, 2023, the City Council met to review your complaint and voted to refer the matter to this office for formal response. Your complaint alleges in pertinent part the following:

The Fall River City Council held an illegal meeting on November 28, 2023 in that the agenda was NOT properly posted on "<https://fallriverma.org>" for 48 hours prior to the meeting. The agenda was posted to "<https://fallriverma.gov>" and the official posting location of agendas, as on file with the Division of open government, reflects "<https://fallriverma.org>" as the official posting location as of November 10, 2015.

At the November 28, 2023 City Council meeting, you voiced the present complaint. Per the discussion that followed, the City Council determined no violation occurred.

The City of Fall River recently began the process of converting its municipal domain from <https://fallriverma.org> to <https://fallriverma.gov>. According to the City Clerk, while both the .org and .gov sites were active, the City Clerk's office posted public meeting notices to both websites. In the process of IT transitioning to the new website, visitors to the website were redirected from the old website to the new website when attempting to access the calendar. Once the transition was complete, the old website was no longer accessible - at all. Any attempt to access the previous website (www.fallriverma.org) was fully redirected to the new website (www.fallriverma.gov). There has never been a lapse with viewing meeting notices.

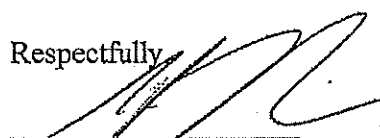

27

Additionally, when the new website was fully active, the City Clerk notified the Attorney General's Office. The Division of Open Government's municipality official posting location list indicates that the city's official posting site was updated to "https://fallriverma.gov" as of November 28, 2023.

There was no intent to circumvent the Open Meeting requirements. Even if the Division of Open Government deems that a violation occurred, a nullification of the meeting, as you requested, would not benefit the public interest.

Please note that you have the right to appeal to the Massachusetts Attorney General – Division of Open Government.

Respectfully

Gary P. Howayec
Assistant Corporation Counsel

CITY COUNCIL PUBLIC HEARING

MEETING: Tuesday, December 12, 2023 at 5:55 p.m.
Council Chamber, One Government Center

PRESENT: President Joseph D. Camara, presiding;
Councilors Shawn E. Cadime, Michelle M. Dionne, Bradford L. Kilby,
Pamela S. Laliberte, Linda M. Pereira,
Andrew J. Raposo and Laura-Jean Washington

ABSENT: Councilor Leo O. Pelletier

IN ATTENDANCE: Rebecca Marques, National Grid Engineer,
245 South Main Street, Hopedale, MA

The President called the meeting to order at 6:00 p.m. and announced that the meeting may be recorded with audio or video and transmitted through any medium and that the purpose of the hearing was to hear all persons interested and wishing to be heard on the following:

On a motion made by Councilor Raposo and seconded by Councilor Kilby, it was unanimously voted to open the hearing, with Councilor Pelletier absent and not voting.

Pole Location

1. Massachusetts Electric Company d/b/a National Grid for one solely owned pole location as follows:

Penn Street

One (1) new pole location

Install one solely owned pole on Penn Street. National Grid is proposing to install one new 45 foot, solely owned pole approximately 15 feet east of the existing Pole 24 on Penn Street. This pole will allow National Grid to extend a three-phase overhead conductor from Pole 24 to proposed Pole 24-1 to allow for the installation of a pole mounted three-phase transformer bank. This transformer bank will feed a new service for Gold Medal Bakery in the trailer parking lot at 1397 Bay Street.

In accordance with Plan No. 30861726

The President asked if there were any proponents and Rebecca Marques, National Grid Engineer, came forward and explained that Gold Medal Bakery needs new service for their trailer parking lot, and this will require a transformer to be placed on the new pole. The President then asked if there were any opponents, and no one came forward.

On a motion made by Councilor Raposo and seconded by Councilor Washington, it was unanimously voted to close the hearing at 6:03 p.m., with Councilor Pelletier absent and not voting.

COMMITTEE ON FINANCE

MEETING: Tuesday, December 12, 2023 at 6:00 p.m.
Council Chamber, One Government Center

PRESENT: President Joseph D. Camara, presiding;
Councilors Shawn E. Cadime, Michelle M. Dionne, Bradford L. Kilby,
Pamela S. Laliberte, Leo O. Pelletier, Linda M. Pereira,
Andrew J. Raposo and Laura-Jean Washington

ABSENT: None

IN ATTENDANCE: Seth Thomas Aitken, City Administrator
Bridget Almon, Director of Financial Services

The chair called the meeting to order at 6:03 p.m. and announced that the meeting may be recorded with audio or video and transmitted through any medium.

In accordance with a resolution adopted, as amended May 8, 2012, persons are allowed to address the Council for a period of three minutes prior to the beginning or at the conclusion of business in the Committee on Finance.

1. Citizens' Input Time – Before Discussion of Financial Matters - None

2. Amended loan order re: Fall River School Department's proposal to the Massachusetts School Building Authority for the Robert L. Medeiros Resiliency Preparatory Academy renovation project

Vice President Pereira requested information regarding the amendment to the original loan order. Bridget Almon, Director of Financial Services, stated that the original loan order was missing necessary legal language that would allow the City to borrow funds from the Commonwealth of Massachusetts with a lower interest rate. On a motion made by Councilor Kilby and seconded by Councilor Raposo, it was unanimously voted to refer the Loan Order to the full Council for action, with Councilor Pelletier absent and not voting.

3. Transfer and appropriation

Councilor Dionne requested clarification regarding the amount of American Rescue Plan Act (ARPA) Funding that would be utilized to fund the Memorandum of Agreement (MOA) between the Fall River Fire Fighters, Local 1314 International Association of Firefighters, and the City of Fall River, as she was under the impression there was an ARPA Grant of \$500,000 but the arbitration award reads \$800,000. A brief discussion was held between President Camara, Councilor Dionne and Bridget Almon, Director of Financial Services, regarding a numerical error within the MOA. Ms. Almon explained that the City budgeted \$500,000 for the firefighters contract and that page 20 of the arbitration document listed an error because the \$830,000

listed was free cash that was certified and budgeted to pay the interest for the new Diman Regional Vocational Technical High School. She also explained that there was an error with the ARPA funding amount listed should have read \$4.5 million instead of \$4.3 million.

Vice President Pereira stated that if the transfer of funds from the Stabilization Fund to the Fire, Salaries Fund was not approved, the City would not be able to fund the MOA, and Seth Thomas Aitken, City Administrator, agreed that it would not be possible. Councilors Cadime and Kilby both stated they would support the MOA, but Councilor Kilby did express concern regarding one-time-funding, such as the ARPA funding, as it would not be a financial option in the future. Mr. Aitken provided information regarding the types of funds that would fund this MOA, including previously budgeted funds for the anticipated contract, APRA funding and this newly requested transfer of funds. Councilor Cadime and Ms. Almon held a brief discussion regarding the difference in the current higher staffing level of the Fall River Fire Department in comparison to the Fall River Police Department, which caused the discrepancy of funding between the two agreements.

Councilor Pelletier arrived at 6:16 p.m.

A recess was taken from 6:16 p.m. to 6:47 p.m.

4. Citizens' Input Time – After Discussion of Financial Matters:

NOTICE OF FILING AND PUBLIC HEARINGS

CITY CLERK
FALL RIVER, MA

D.P.U. 23-150

December 15, 2023

Petition of Massachusetts Electric Company and Nantucket Electric Company, each d/b/a National Grid, pursuant to G.L. c. 164, § 94 and 220 CMR 5.00, for Approval of a General Increase in Base Distribution Rates for Electric Service, a Performance-Based Ratemaking Plan, and a Capital Recovery Mechanism.

On November 16, 2023, Massachusetts Electric Company ("MECo") and Nantucket Electric Company ("Nantucket Electric"), each doing business as National Grid ("National Grid" or "Company"), filed a petition with the Department of Public Utilities ("Department") for an increase in electric base distribution rates. The Department has docketed this matter as D.P.U. 23-150 and has suspended the effective date of the proposed rate increase until October 1, 2024, to investigate the propriety of the Company's request. The Company was last granted an increase in base distribution rates in Massachusetts Electric Company and Nantucket Electric Company, D.P.U. 18-150 (2019).

National Grid seeks to increase its electric base distribution rates to generate \$131,232,856 in additional base distribution revenues. The Company also proposes to transfer costs recovered through certain reconciling mechanisms, along with associated income taxes, which results in an increase of \$389,766 to distribution revenues, effective October 1, 2024. Based on these proposals, the proposed overall increase to distribution revenues is \$131,622,621, which represents an approximately 12.7 percent increase in distribution revenue. The proposed base distribution rate increase is in addition to changes to other rates, such as supply rates and reconciling mechanisms, that occur during the year.

As part of its filing, National Grid proposes a Comprehensive Performance and Investment ("CPI") Plan that includes two main features. First, the Company seeks to implement a performance-based ratemaking ("PBR") mechanism for operation and maintenance ("O&M") costs only, which would allow the Company to adjust its base distribution rates on an annual basis through the application of a revenue-cap mathematical formula. The Company proposes to implement the PBR mechanism for a term of five years. During the PBR term, the proposed revenue-cap formula increases base distribution revenues according to an O&M, utility-specific, inflation factor. The PBR plan also contains a component to aid in the recovery of certain operating costs related to capital investments, a component to recover or return exogenous costs outside of the Company's control, a component to share excessive earnings, and an incurred debt

recovery factor to request adjustments to revenues to reflect increases or decreases in interest rates during the five-year term.

Second, as part of the proposed CPI Plan, the Company seeks to implement an Infrastructure, Safety, Reliability, and Electrification ("ISRE") reconciling mechanism. According to National Grid, the ISRE reconciling mechanism would recover: (1) the Company's investments in core capital projects necessary to provide safe and reliable electric distribution service to customers; (2) National Grid's investments in capital projects necessary to execute the Company's Electric Sector Modernization Plan ("ESMP"); and (3) expenses that fall under the ESMP. The Company's ESMP will be filed on January 29, 2024, and will be subject to investigation in docket Massachusetts Electric Company and Nantucket Electric Company, D.P.U. 24-11. In the instant proceeding, the Company is not requesting that the Department review or approve any ESMP investments. Stakeholders who seek to participate in the instant proceeding should recognize that the Department does not intend for this docket to be a second venue for adjudicating issues that may be more appropriately reviewable in docket D.P.U. 24-11.

As part of its filing, National Grid also proposes a series of incentives and penalties associated with the Company's progress and performance under the PBR mechanism and with respect to the core capital projects under the ISRE reconciling mechanism. Further, the Company proposes a set of scorecard metrics to enable tracking and transparency of the Company's operating performance in additional areas.

In addition to these proposals, National Grid makes proposals regarding the continuation of full revenue decoupling, which is a rate mechanism that decouples the Company's revenues from its sales. The Company also makes proposals regarding the recovery of costs related to its vegetation management program and the continuation and expansion of the enhanced vegetation management pilot program. These programs are intended to reduce costs and maintain or improve safety and reliability by providing for the reduction of vegetation-related safety hazards, service interruptions, and disturbances, including through the strengthening of the distribution system. The Company also seeks to modify certain provisions of its storm fund, which is designed to maintain revenue support to address larger-scale weather events. National Grid also proposes adjustments to certain revenue and expense categories; the recovery of certain capital investments made through 2023; a temporary modification of the service quality guidelines; the accelerated depreciation of certain meters; and to transfer recovery of existing meter-related capital costs to the annual advanced meter infrastructure ("AMI") reconciling mechanism.

National Grid's filing also contains various rate design proposals, including changes to the customer and demand charges; an electrification pricing option for residential customers on rate class R-1 using high throughput technologies, such as electric heat pumps and at-home electric vehicle chargers; a multi-tiered low-income discount based on income levels for customers on rate class R-2; revised streetlighting pricing proposals; and a variety of tariff changes.

The foregoing is not intended to be an exhaustive list of proposals set forth in the Company's filing. Additional information regarding the foregoing proposals, and all other proposals set forth by National Grid, can be found in the Company's filing, which is located on the Department's website as noted below.
