A. RESOLUTION 2021-62 ACCEPTING THE AMOUNTS AND TAX RATES AS CERTIFIED BY THE WARREN COUNTY BUDGET COMMISSION FOR 2022, AUTHORIZING THE NECESSARY TAX LEVIES AND CERTIFYING THE TAX LEVIES TO THE WARREN COUNTY AUDITOR.

This Resolution is the final step in the Tax Budget process. The County Budget Commission receives the tax budget from each jurisdiction within the County and then certifies back to each jurisdiction the amounts and rates for inside (un-voted) and outside (voted) property tax levies. This Resolution is a legal requirement and is done on an annual basis.

Property tax revenue projections for the General Fund for Year 2022 is \$546,000. Levy proceeds for the Fire & EMS Fund is \$1,402,000. For cities, the tax budget is mostly to certify the money we will receive from property tax. Property tax revenues only account for 7% of total budget for 2022.

The Mayor opened the floor for Council deliberation. He asked if there were any questions or comments. Hearing none, he called for a motion. Vice Mayor Hall made the motion to adopt **RESOLUTION 2021-62** as submitted; seconded by Mr. Aldridge. The vote:

## Legislative Cover Memo

**Meeting Date:** October 4, 2021

**Agenda Item:** **Resolution 2021-63**  
AUTHORIZING THE SUBMITTAL OF AN APPLICATION FOR  
FEDERAL FAST ACT FUNDS THROUGH THE MIAMI VALLEY  
REGIONAL PLANNING COMMISSION.

**Submitted by:** Barry Conway, City Engineer

**Scope/Description:** If the City receives this funding, it will allow us to:

Mill and repave North Dixie Highway from Van Horne Avenue to  
Kenneth Coons Blvd.

This Resolution is the first step in the application for funding process,  
with funds to be distributed in 2022. If funding is received, the City's  
local share would be approximately 20% of the overall project cost for  
North Dixie Highway.

The Engineer's estimated cost for this Project is \$500,000 (estimated  
Local Share \$100,000).

**Budget Impact:** The cost of this Project will be budgeted in the ODOT Program Fund.

**Exhibits:** N/A

**Recommendation:** Staff recommends adoption of the resolution.

CITY OF FRANKLIN, OHIO  
RESOLUTION 2021-63

**AUTHORIZING THE SUBMITTAL OF AN APPLICATION FOR FEDERAL FAST ACT FUNDS THROUGH THE  
MIAMI VALLEY REGIONAL PLANNING.**

WHEREAS, the Miami Valley Regional Planning Commission (MVRPC) has solicited local government entities to submit new transportation projects for funding consideration in the Transportation Improvement Program (TIP);

WHEREAS, the City of Franklin, Ohio has committed to a timely project development schedule;

WHEREAS, the City of Franklin, Ohio will commit the necessary resources to support the estimated local cost portion of the projects; and

WHEREAS, the authorized projects will be submitted to MVRPC and shall include an estimate of the City's matching fund amount;

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Franklin, Ohio, a majority of the members present concurring, that:

Section 1. The City Manager is hereby authorized to submit an application for the following transportation project to MVRPC for funding consideration under the Transportation Improvement Program (TIP), for Federal Fast Act Funds:

1. North Dixie Highway Resurfacing, from Van Horne Avenue to Kenneth Coons Blvd. (Estimated Local Share \$100,000.00, funding year 2022); and

Section 2. The Council of the City of Franklin, Ohio, hereby requests the following exemption from MVRPC's Complete Streets Policy for the proposed project funding application:

1. Resurfacing (Exemption 4) - The project consists of maintenance, repair and resurfacing of an existing cross section only (Cyclist and pedestrian exemption).

Section 3. The City Manager is hereby authorized to sign, on behalf of the City, the application for funds for the above-listed eligible project activities, and to execute all necessary documents related to said application and program activities.

Section 4. The City Manager is hereby directed and authorized to take, or cause to be taken, all other action necessary and proper to secure the funding sought by the application referred to herein, and provide any additional information sought by reviewing agencies during the time the Application is under review. The City Manager is further directed and authorized to cause compliance with all reporting requirements required by MVRPC as part of the funding process.

Section 5. Upon approval of the application, the City hereby states its commitment to the local contribution for the project as identified in this application, including local contribution of costs exceeding the current estimates or subsequent revised estimates as accepted by MVRPC.

Section 6. It is found that all formal actions of this Council concerning and relating to the adoption of this Resolution were adopted in an open meeting of this Council, and that all deliberations of this Council that resulted in this formal action were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code, and the Rules of Council.

Section 7. This Resolution shall be effective immediately upon its passage.

**Meeting Date:** October 4, 2021

**Agenda Item:** **Resolution 2021-64**  
ADOPTING THE CITY OF FRANKLIN, OHIO SANITARY SEWER  
BACKUP PREVENTION PROGRAM POLICY

**Submitted by:** Jonathon Westendorf, City Manager

**Scope/Description:** This Resolution adopts a Sanitary Sewer Backup Prevention Program Policy for implementation in the City of Franklin. The purpose of the Program is to assist Franklin residents with preventing sanitary sewer backups in their single-family residential properties following periods of heavy rainfall and flooding in the area by reimbursing residents, up to a certain amount, for the cost of installing approved backflow prevention devices on their sewer lines.

**Exhibits:** Exhibit A: Sanitary Sewer Backup Prevention Program Policy

**Recommendation:** Approval.

CITY OF FRANKLIN, OHIO  
RESOLUTION 2021-64

**ADOPTING THE CITY OF FRANKLIN, OHIO SANITARY SEWER BACKUP PREVENTION PROGRAM POLICY**

WHEREAS, pursuant to the powers vested in the City of Franklin, Ohio under the Ohio Revised Code and the City Charter, the City owns and maintains over fifty miles of sanitary sewer within its corporate boundaries, designed to transport the ordinary flow of communal sewage produced by the Franklin community;

WHEREAS, following periods of heavy rainfall and flooding, excess water can drain into and overwhelm the sewer system, occasionally resulting in sewer backups in the basements and plumbing systems of certain residential properties susceptible to such backups;

WHEREAS, installation of an approved backflow prevention device on the sewer line connecting a property to the public sewer system can help prevent sanitary sewer backups;

WHEREAS, the City desires to assist residents with preventing sewer backups by reimbursing eligible residents for the cost of installing approved backflow prevention devices, up to a certain maximum amount, pursuant to a new City of Franklin Sanitary Sewer Backup Prevention Program Policy.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF FRANKLIN, WARREN COUNTY, OHIO, a majority of members present concurring, that:

Section 1. The City of Franklin Sanitary Sewer Backup Prevention Program Policy is hereby adopted in substantially the same form as set forth in Exhibit A, attached hereto.

Section 2. The Sanitary Sewer Backup Prevention Program shall be overseen and administered by the City Manager, in conjunction with the City of Franklin Public Works Department.

Section 3. The funds for the Sanitary Sewer Backup Prevention Program shall be drawn from the Sewer Replacement Fund, to the extent funds remain available and are not otherwise appropriated or reserved for another purpose.

Section 4. It is found that all formal actions of this Council concerning and relating to the adoption of this Ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council that resulted in this formal action occurred in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code, and the Rules of Council.

Section 5. This Resolution shall become effective immediately upon its passage.

## **Sanitary Sewer Backup Prevention Program Policy**

### **Purpose**

The City of Franklin, Ohio owns and maintains over fifty miles of sanitary sewer and over five miles of sanitary force main located within its corporate boundaries. The City's sanitary sewer system is designed to transport the ordinary flow of communal sewage produced by the Franklin community. During periods of heavy rainfall and flooding, excess water drains into and overwhelms the sanitary sewer system. When this happens, the sanitary sewer can occasionally back up into basements and plumbing systems in certain residential areas of the City.

The City created this Sanitary Sewer Backup Prevention Program (the "Program") to assist Franklin residents with preventing sanitary sewer backups on single-family residential properties which are susceptible to such backups. When the City deems a property eligible for assistance under the Program, the City will reimburse the property owner for the cost of installing an approved backflow prevention device on the property's sewer line, up to a maximum amount of \$1,000

The City of Franklin's continued operation of the Program is expressly conditioned on City Council's appropriation of public funds for the purposes of administering the Program.

### **Program Assistance Eligibility**

A single-family residential property may be eligible for Program assistance (an "Eligible Property") if: (i) a sewer backup occurs on the property; and (ii) a member of the City of Franklin Public Works Department, Sewer Division inspects the property's plumbing and determines the backup was caused by excess water in the City sanitary sewers.

The backup must be reported to the Sewer Division within twenty-four (24) hours of the incident. Backups may be reported to the Sewer Division on Monday – Friday between 7:00 AM and 4:00 PM by calling (937) 746-5001. Backups may be reported to the Sewer Division on Monday – Friday after 4:00 PM, weekends and holidays by calling (937) 746-2882. The Sewer Division will provide information on approved backflow prevention devices upon request.

Backflow prevention devices must be installed by a licensed plumber. Following installation, the property owner must provide the Sewer Division with written documentation from the licensed plumber who installed the device, verifying: (i) an approved backflow prevention device was installed on the property's sewer line; and (ii) the total cost charged to the property owner for the backflow prevention device installation.

An Eligible Property must also be current on its real property tax payments, including special assessments, and compliant all applicable building, zoning and property maintenance codes and regulations.

The City of Franklin has sole discretion to determine when all requirements are met for a property to qualify as an Eligible Property.

### **Property Owner Program Agreement**

If the City of Franklin determines a single-family residential property constitutes an Eligible Property for purposes of receiving Program assistance, the City will deliver to the property owner a copy of the Sanitary Sewer Backup Prevention Program Agreement (the "Agreement"). The Agreement sets forth terms and conditions to which the property owner must agree prior to receiving a reimbursement from the City for backflow prevention device installation costs. All property owners of record for Eligible Property must sign and date the Agreement, and return a fully-executed copy to the City, prior to the City's release of the installation cost reimbursement.

### **Reimbursable Installation Costs**

The City will only reimburse a property owner under the Program for the cost of basic installation of an approved backflow prevention device, up to a maximum amount of \$1,000. The City will not reimburse costs associated with additional or ancillary plumbing work. If additional or ancillary work must be performed in conjunction with installation of the backflow prevention device, the plumber performing the work must itemize the charges to break out the cost of basic installation of the device from other expenses.

Upon the City's receipt of all required Program assistance eligibility documentation, and a fully-executed copy of the Sewer Backup Prevention Program Agreement, the City will reimburse the property owner for the actual cost of the backflow prevention device installation, up to a maximum of \$1,000. Reimbursement will be made by certified check payable to the property owner. The property owner may elect to receive the reimbursement by: (i) retrieving the check in person at the City of Franklin Municipal Building; or (ii) requesting the check be mailed to the property owner at the Eligible Property address. In the event an Eligible Property has multiple property owners of record, the City will only make one (1) reimbursement by certified check payable to one (1) property owner.

### **Continued Maintenance of Backflow Prevention Devices**

Once the backflow prevention device is installed, it becomes part of the property and the property owner is solely responsible for its proper and continuous maintenance. The City has no obligation at any time prior to, during or following installation for the maintenance or care of the device.

### **No Warranty or Liability**

The City makes no warranty or guaranty of any kind with respect the functionality of a backflow prevention device, the suitability of a backflow prevention device for any purpose, or the installation services provided by any plumber installing a backflow prevention device. The City will not be liable for any loss, expense, or damage to person or property associated in any way with a past, present or future sewer backup on an Eligible Property; installation of a backup prevention device; and/or failure of a backup prevention device. Any property owner who wishes to participate in the Program will be required to voluntarily waive all such liability on the City's part in consideration of the City's agreement to reimburse the property owner for backup prevention device installation costs.
