Date-Stamped Copy: To receive an acknowledgement of the filing of your extension request, enclose a stamped, self-addressed envelope and a duplicate copy of this extension request.

Extensions:

- Any taxpayer who has not filed for an extension for their federal income tax return may request an extension for the filing of the City's tax return by completing this form and submitting it **by the original due date for that tax return.**
- **The request for extension shall be filed not later than the last day for filing the City's tax return as prescribed by Ordinance or Rules and Regulations of the City.**
- A valid extension request extends the due date six months for filing an individual's tax return: Business extensions are until the 15th day of the eleventh month following the calendar or fiscal year end.
- **The granting of an extension for filing a City income tax return does not extend the last date for paying of the tax;** hence, penalty and interest may apply to any unpaid tax during the period of extension at the rate set out by Franklin Ordinance §753.10.
