Council was asked to review and approve the Financial Reports and Journal Entries for September and October 2023

Motion: I move that the Governing Body of the City of Halsey approve the October 2023 Financial Reports and Journal Entries as Submitted

Motion by: Councilor Lorensen, Seconded by Councilor Strauss

Vote:

Ayes: Unanimous
Motion Carries

AGENDA ADJUSTMENTS

There were no agenda adjustments.

DELEGATIONS

Linn County Sheriff's Office: Sargeant Frambes

Sergeant Frambes provided the following overview of the October Sheriff's Report.

- There were two traffic citations, six traffic warnings, three arrests, and thirty-six complaints made during the month of October 2023.
- Deputies are receiving medical training to be able to help the local Fire Departments. This came in handy when a 18 month old child was burned by hot grease from the stove.
- Deputies responded to a structure alarm. One employee was arrested on a outstanding warrant.
- 58-year-old resident was arrested for online Sexual Corruption of a child. A relative was arrested at the same location and time for other charges. (Question from Council LaCoste- Is there anything that can be done about a sex offender so close to a school. Sgt Frambes advised that there was nothing to be done as there has not been a conviction. Also, the crime needed to be a measure 11 conviction for a ban to be put in place.)
- Parking violations-Education first and Citations are a last resort.
- A vehicle was broken into near the Halsey Post Office. The gas cap was damaged when someone tried to siphon gas from the vehicle. (Council Flores asked if there was more that could be done to stop the early morning gas siphoning. Sgt Frambes advised that people need to call when they see something strange. No extra patrols at this time.

Honey Hole: Tim Brandvolo and James Walter

- *Tim Brandvolo advised that if the OLCC permit was granted they would close on the purchase of Julies Tavern Nov 19th. They hoped to keep the current staff and make some renovations to include a outdoor seating area. Tim has been a mortician for 28 years and has had a dream to own a bar and grill.*
- *Jim Walter is a Disabled Veteran and a stay-at-home dad. He has a background in food preparation. He will be bringing his expertise in smoking meats to the Honey Hole.*

Central Linn Community Foundation: Chenoweth Robertson

- *Councilor Flores commended the Foundation for its good works.*
- *Robertson advised that the grants to the applicants will be awarded in April.*
- *The council granted a \$500 donation to the Foundation.*

CITIZEN COMMENTS

There were no citizen comments.

REPORTS TO COUNCIL

Interim City Administrator: Wes Hare

- Well-69R is funded by grants and loans. The city is waiting for Job bids to proceed. A bid could come as early as next week.
- I and I Project needs to have the project planning (paid for by loans) done before they know how much the building phase will cost. There is also an issue with ORPD removing some trees. The mayor and Wes will work on getting this done.
- The Clean Water State Fund Project is part of well 69R.
- Administrator recruitment: There are currently 6 applicants. Council to review the applications.
- Public Works Vector truck is down. Repair assessment is ongoing. A decision will need to be made after the assessment is complete. Does the City repair the current truck or replace it. Andy Ridinger will address the Council later in the session.
- The City Hall will be getting a new phone system. Wes wanted to thank Amber Murray for her work on this project. It will bring the City's phone system up to date and save the city some money at the same time. (Councilor Isom asked that the staff make sure the company involved had good customer service. She knows a business who had their new phone system go down for 1 month due to bad customer service.)

Public Works: Andy Ridinger Via Remote

- *Water Distribution: Produced 2,013,00 gallons.*
- *Water Distribution: Water Produced 2,013,000 gallons.*
- *Daily Average 65,000 gallons*
- *Wastewater collected: 3-water leaks, all were water services. The leaks were on W. H. st, 600 block of W G st, 200 block of Cormorant. Installed a new service to 813 W. 2nd St. Flushed all dead-end water lines throughout town.*
- *Sewer: This is the 3rd time we have had the Vector truck in the shop for transmission issues. The last two transmission problems, the failure reported indicated the input shaft was broken, and the cause was a shock overload. The list of probable causes did not match the way we operate or drive the truck. With that being said, the report indicated nothing in the transmission is the*

cause of the failure and deemed unwarrantable on this last transmission issue. For them to find the external probable cause they need a transmission. As of now we are having them do a bottom end diagnostic on the motor to eliminate or confirm a probable cause. We find the external problem or make plans to replace the vector truck. The cost of the transmission and approximately 10 hours of time to troubleshoot the problem is \$7500. We will have this topic in his report as well. I wanted to add that this piece of equipment is very valuable for the operations and maintenance of the Public Works.

- Streets: 2 trees were cut down on the east side of town, public works cleaned up the sights.
- Drainage: We installed #2 pump that we had in the shop at the Blue Heron drainage pump station. We installed some new level floats and had to pull #1 pump out and take it into the shop because a thermal switch was out. Installed a section of drainage pipe on the 100 block of E. C St.
- Miscellaneous: Replaced the hot water tank at the shop. Hopper mower repair (new starter).

Library: Abi Vinson

- We had a total of 88 visitors with an average of 4.4 per day. 58 items were checked out in the month of October and 15 were renewed. 4 library cards were issued to new patrons.
- We added 51 books to the collection in September. We received a donation of Spanish books from the Sweet Home library that will be in circulation soon.
- Banned Book Week and the Halloween art workshop both went well. I am currently planning events for the Holiday season.
- I am working on an application for the Accessible Small and Rural Communities grant from ALA. We could potentially receive \$10,00 to \$20,000 to use towards making our library more accessible to people with disabilities. If we win this grant, I would like to use it to join Libby. I am currently researching grants to go toward expanding the library. (Update from the council packet: Abi advised that she did not think the money from the grant would be well spent to join the Libby organization. The fees and such would be cost prohibitive. She would rather use the money to update the entrance to comply with ADA standards.)
- We are hosting a food drive at the library to benefit Sharing Hands. We are accepting non-perishable foods at the library and city hall will be accepting perishable foods.

Sharing Hands: Ken Lorensen

- The current focus is on the new building. The current rental building is not laid out well and is not very effective. The new building is more like a warehouse and can hold more in the store. The building is ½ funded. In 1 week, the foundation for the new building will be started.
- Volunteers are needed to help with the building and with the store.

- Sharing Hands started by helping feed 30 families and has grown to 300 families.

Central Linn School District: Michelle Isom

- *She was unable to attend the Monday meeting.*
- *She left tonight's meeting early to come to the Council meeting. Discussed at the meeting was the school going back to 5 days a week instead of 4. The difficulty is the lack of bus drivers.*
- *The number of school hours is very close to State minimums. They need to have more hours for attendance in case they need to close schools for weather and such. The difficulty in extending hours is with bus drivers. The staggered start and 1 less day a week is because they do not have enough drivers.*
- *Solutions are being discussed.*

Oregon Cascades West Council of Governments Board: Jeremy Romer

There was no report this month.

OLD BUSINESS

There was no Old Business

NEW BUSINESS

1. *OLCC: liquor License request for the Honey Hole Bar and Grill*

Motion by: Councilor Isom, Seconded by Councilor Lorensen

Vote:

Ayes: Unanimous

Motion Carries

2. *Adopt terms of the Wastewater Planning Agreement loan.*

Motion by: Councilor Lorensen, Seconded by Councilor LaCoste

Vote:

Ayes: Unanimous

Motion Carries

3. *Waiste Water Building Project*

Motion by: Councilor Lorensen, Seconded by Councilor LaCoste

Vote:

Ayes: Unanimous

Motion Carries

Short discussion on the City Council becoming more involved with the light parade.

ORDINANCES & RESOLUTIONS

ADJOURNMENT

Meeting adjourned at 8:10 pm

Municipal Clerk Audrey Whiddon

Mayor Jerry Lachenbruch

I. REPORTS TO COUNCIL

1. Employee Reports		
a. City Administrator Report		
Council Action:	NONE	December 12, 2023

1. Introduction to the School Board

The Mayor, Council President Isom and I all attended the December 4th School board meeting. I introduced myself and talked about several ways we could work together. The Mayor and I both spoke about the “If I were the mayor for a day” program. I also shared that we have a professional librarian that runs a reading program. I also shared that we are trying to expand Abi’s hours so the school children could do field trips during the school day. We also briefly discussed the access to community leaders the children have, and Superintendent Pelt said she would get the civics teacher to contact me.

2. Council Goals

We have received a first draft, and it will be presented at our January meeting.

3. City Administrator Recruitment Update

We are currently contacting all the candidates.

4. Meeting with State Representative Jami Cate

The Mayor, Andy and I met with Representative Cate. She was able to give us updates on all the bills she is currently working on. She shared the Governor’s top priority is the housing shortage. She also gave us instructions on how to get projects funded.

I. REPORTS TO COUNCIL

1. Employee Reports		
b. Public Works Department		
Council Action:	NONE	December 12, 2023

Water Distribution:

Water produced	1,695,000 gallons.
Daily Average	71,000 gallons

Wastewater collected:

WW collected	2,034,000 gallons.
Daily average	68,000 gallons

Water:

No big projects this month but a lot of small jobs. Here are some of the highlights.

We rebuilt the cl2 injector system at the water plant.

We hosted a leak detection class at the public works shop with OAWU. We had participants from Brownsville, Harrisburg and Junction city sitting in on the class.

Streets:

Part of the ODOT project, PP&L relocated and installed some new power poles along the highway, unfortunately they removed most of the Christmas decorations brackets and outlets. As an agreement we built some new brackets and outlets with PP&L installing them. Along with that we installed all the decorations in town, the library, city hall, along the highway and lights for the parade.

The Blue Heron drainage pump station has caused us some grief while waiting for a new control box to arrive that needs to be replaced. The control box was kicking out the pump while running its sequence, creating work for the public works to manually reset the sequence but turning off the power.

We also replaced some faded signs in town.

Miscellaneous:

We cleaned the backhoe inside and out and did maintenance to the backhoe and track hoe.

We did some repairs to the Hopper mower. Replaced starter, secured the broken cab over with new bolts and welding, Replaced the drive shaft and bearings.

The Vactor trucks inspection for the bottom end of the motor has been completed and passed. We have moved forward to replacing the transmission.

I. REPORTS TO COUNCIL

1. Employee Reports

c. Library

Council Action: **NONE**

December 12, 2023

Circulation for November		Total Circulation since opening (Aug. 2015)	11,942

Brownsville	0	Average Daily Threshold Count for November	4.0
Sweet Home	0		
Value of Inventory Through November			
Fiction	\$52,336.30		
Non-Fiction	\$34,834.45	Books added to inventory in November	10
Total	\$87,170.75		

Updates

We had a total of 68 visitors with an average of 4.0 per day, and we were only open for 17 days of the month due to Veteran's Day and Thanksgiving closures. 43 items were checked out in the month of November and 15 were renewed. 3 library cards were issued to new patrons.

We added 10 books to the collection in November. We did not receive any book donations in November.

I have one company come out and give us a quote for an automatic door. I am currently trying to get two more companies to come out.

We are hosting a food drive at the library to benefit Sharing Hands. We are accepting non-perishable foods at the library and city hall through December. We are still offering a free book to anyone who donates.

The Holiday Light Parade went very well. I am working on getting a monthly story time established. I am planning to do a Holiday themed story time this month and am hoping to have a craft for the kids to take home and hot cocoa.

I.

I. REPORTS TO COUNCIL

2. Council Reports		
a. Sharing Hands		
Council Action:	<i>NONE</i>	December 12, 2023

Councilor Lorensen also serves on the board of Sharing Hands. He may provide an update to the Council.
