**Introduction**

The 50/50 Matching Grant Incentive Program is designed to assist property owners/tenants with making exterior improvements to their buildings, opening new businesses and/or converting the upper floors of their properties for residential use by providing matching grant funds in the amount of 50% of their total project cost, not to exceed specific Tiering amounts as outlined under the “Basic Eligibility Requirements” section. The 50/50 Matching Grant Incentive Program is available on a reimbursement basis; therefore, applicants are responsible for financing the cost of their project and seeking reimbursement after project completion. The property owner/tenant will submit documentation of their expenses for the total project requesting reimbursement of 50% of the total project cost, not to exceed \$10,000, \$15,000 or \$20,000 in matching grant funds depending upon which Tier they are deemed eligible. This grant is funded through the Inner-City Residential Enterprise Zone (ICREZ) program and is contingent upon the availability of ICREZ funds.

*“Let’s Paint Downtown Hoptown” is a new element being made available under the 50/50 Matching Grant Incentive Program. Under this particular element, property owners/tenants will be afforded the opportunity to paint the exterior facade of their building(s) on a 50/50 matching basis, with reimbursement to the property owners/tenants not to exceed \$5,000. This element of the 50/50 Matching Grant Incentive Program will be available on a reimbursement basis; therefore, applicants are responsible for financing the cost of their project and seeking reimbursement after project completion.*

**Program Boundaries**

  - Other incidental expense such as interior renovation expenses
  
- Upper Story Residential Improvements
  - Conversion of 2<sup>nd</sup> and/or 3<sup>rd</sup> floors for residential use

The 50/50 Matching Grant Incentive Program is available for all commercial and residential properties located in the Heart of Downtown District and the Downtown Gateway District.

*There are no tiering requirements under the "Let's Paint Downtown Hoptown" element of the 50/50 Matching Grant Incentive Program. All projects located in the Heart of Downtown District and the Downtown Gateway District are eligible for a reimbursement of 50% of the exterior painting expense, not to exceed \$5,000.*

To be considered for the 50/50 Matching Grant Incentive Program, all development work and land uses shall be subject to compliance with all applicable city and state ordinances and regulations including, but not limited to, the Hopkinsville Zoning Ordinance, the Kentucky Building Code, and the Renaissance Design Standards adopted for the Downtown Renaissance District. All exterior work associated with the 50/50 Matching Grant Incentive Program is subject to review and approval of the Renaissance Design Review Board (RDRB). Technical assistance will be made available to all applicants seeking either the 50/50 Matching Grant Incentive Program or Federal and State Historic Tax Credits or Low Income Housing Tax Credits. Said technical assistance will be in the form of staff support offered by the Downtown Renaissance District office, the Christian County/Hopkinsville Development Corporation, and the Hopkinsville-Christian County Planning Commission.

In instances where work proposed by the applicant involves compliance with the Renaissance Design Standards adopted for the Downtown Renaissance District and/or in instances where applicants choose to pursue Federal and/or State Historic Tax Credits, funds will be made available for seeking technical assistance from a licensed architect or other qualified professional to complete the application packets and/or make recommendations regarding architectural drawings, plans and specifications. Said funds will be limited to a maximum of \$500 per application/project and will be paid upon the applicant providing an invoice documenting actual expenses, billed at an hourly rate. Technical assistance funds will be made available through the Inner-City Residential Enterprise Zone (ICREZ) program and are contingent upon the availability of ICREZ funds.

*Applicants seeking participation in the "Let's Paint Downtown Hoptown" element of the 50/50 Matching Grant Program will not be subject to review and approval of the Renaissance Design Review Board. This exemption applies to exterior painting projects only, and is not to be construed as waiving any other applicable requirements pertaining to other exterior work associated with the building and/or project.*

The 50/50 Matching Grant Incentive Program will be made available to renter/tenants if the property owner provides a Letter of Consent authorizing the work to be performed. The current renter/tenant must have been leasing/renting the property stated in the application for a period of at least six (6) months prior to the date of application. Therefore, renters/tenants are not eligible for seeking financial assistance under this program for business start-up projects.

The property owner shall sign a Memorandum of Agreement with the Christian County/Hopkinsville Development Corporation prior to the start of construction indicating that a mortgage/restrictive covenant will be placed upon the property at project completion in the amount of monetary assistance provide under this program. The mortgage/restrictive covenant shall be for five (5) years and will be filed at the Christian County Court Clerk's office. The terms of the mortgage/restrictive covenant shall provide that a pro-rated amount will be forgiven, based on the monetary assistance provided under this program, incrementally over a five (5) year period beginning with the date of final inspection. At any time during the five (5) year period should the owner sell the property or fail to comply with the terms and conditions of pursuing residential development of upper floor(s), the remaining unforgiven portion will be due payable to the Christian County/Hopkinsville Development Corporation. This shall not be construed to infer that any reimbursement will be made prior to the completion of the project for which the 50/50 Matching Grant Incentive Program is being sought as funds will only be distributed upon project completion. At the end of the five (5) year period, the terms of the mortgage/restrictive covenant shall automatically terminate.

*An exception will be made in instances where a property is sold within the five (5) year period and the property owner is seeking to purchase and redevelop another property within the boundaries of the Heart of Downtown District or Downtown Gateway District. Under this scenario, the property owner will be responsible for providing the Christian County/Hopkinsville Development Corporation with a written statement indicating their intent to sell the property for which funds have been dispersed under the Downtown Hopkinsville 50/50 Matching Grant Program. If the property is sold prior to the expiration of the five (5) year mortgage, the property owner will be responsible for placing the remaining unforgiven portion of the grant funds in an escrow account with the Christian County/Hopkinsville Development Corporation on the date of sale. The property owner will have sixty (60) days from the date the funds are deposited into the escrow account to identify another eligible property. The property owner will have an additional sixty (60) days from the date a sales contract is executed to close on the acquisition of the new property. At the closing, the amount of funds deposited by the property owner into the escrow account will be made available to the property owner. At that time, the pro-rated term of the original, unforgiven mortgage will be placed on the new property. Should the property owner fail to identify and/or acquire another property within the boundaries of the Heart of Downtown District or Downtown Gateway District within one hundred twenty (120) days of the date the original property is sold, the amount of funds deposited into the escrow account will be released by the Christian County/Hopkinsville Development Corporation and placed back into the Downtown Hopkinsville 50/50 Matching Grant Program fund.*

*An additional exception will be made in instances where there is a landlord/tenant(s) situation and the tenant(s) is the individual(s) who has received the financial assistance under the Downtown Hopkinsville 50/50 Matching Grant Program. Should the tenant(s) decide to acquire the property from the landlord/owner, they will be*

afforded the opportunity to assume the remaining unforgiven portion of the five (5) year mortgage. This will be accomplished through filing an assumption agreement on the property for which financial assistance was received. Should the tenant(s) choose not to assume the remaining unforgiven portion of the five (5) year mortgage, the landlord/property owner will be responsible for either investing the remaining unforgiven portion of the mortgage amount as described in the above paragraph, or returning the remaining unforgiven portion of the mortgage amount to the Christian County/Hopkinsville Development Corporation for continued use in the Downtown Hopkinsville 50/50 Matching Grant Program.

The 50/50 Matching Grant Incentive Program will provide financial assistance for development and redevelopment projects located in the Heart of Downtown or Downtown Gateway District by reimbursing an applicant up to 50% of their total project cost, not to exceed \$10,000 for Tier III projects, \$15,000 for Tier II projects, or \$20,000 for Tier I projects. *Applications should be submitted to the following location:*

P.O. Box 1125

Incomplete applications will not be presented to the RDRB or LDC for review. All incomplete applications that are resubmitted will be subject to any new policies or procedures that are adopted by the Inner-City Residential Enterprise Zone, the Renaissance Design Review Board, and/or the Christian County/Hopkinsville Development Corporation at the time of resubmission.

3. Design Review Process\* – All projects involving exterior work must first obtain approval from the Renaissance Design Review Board (RDRB). This board reviews the project for architectural, historical and contextual compatibility to ensure that the 50/50 Matching Grant Incentive Program is being made available for a quality project that produces lasting benefits for the community. The RDRB generally meets on a date to be

established by the RDRB 4<sup>th</sup> Wednesday of the month. Meetings are held in the City Council Chamber of the Lackey Municipal Building located at 101 North Main Street. The applicant's project will be publicly reviewed by the RDRB based on an evaluation of the Downtown Renaissance Director. The project will be approved, conditionally approved, or denied at this meeting. In order for the application to be considered by the RDRB, the applicant, or his/her appointed representative, must be present at the meeting. An appropriate representative could be any of the project principles, professionals contracted on the project, or someone who the applicant has identified and given authorization to in the submitted application.

Applicants ONLY seeking participation in the "Let's Paint Downtown Hoptown" program will not be subject to a review by the Renaissance Design Review Board.

\* Projects that do not involve any exterior work are not subject to the Design Review Process.

4. Review and Approval of Matching Eligibility Certificate – All applicants pursuing financial assistance under the 50/50 Matching Grant Incentive Program must have their projects reviewed and approved by the Christian County/Hopkinsville Development Corporation (LDC) prior to receiving a Matching Eligibility Certificate through the 50/50 Matching Grant Program. The LDC generally meets on the 2<sup>nd</sup> Thursday of every month at 11:15 a.m. Meetings are held in the City Council Conference Room of the Lackey Municipal Building located at 101 North Main Street. The applicant's project will be publicly reviewed by the LDC based on an evaluation of the Downtown Renaissance Director. The project will be approved or denied eligibility for a Matching Eligibility Certificate at this meeting. In order for the application to be considered by the LDC, the applicant or his/her appointed representative, must be present at the meeting. An appropriate representative could be any of the project principles, professional contracted on the project, or someone who the applicant has identified and given authorization to in the submitted application.

5. Construction Process – Once an applicant has obtained approval from the RDRB for all exterior work and an applicant has obtained approval from the LDC for a Matching Eligibility Certificate, he/she may move forward with obtaining the necessary permits to begin construction. It shall be the responsibility of the property owner/tenant to consult with the Hopkinsville-Christian County Planning Commission for a determination regarding the requirement for the issuance of a building/zoning permit. It is highly recommended that this determination be made during the initial Pre-Submittal Conference. If a building/zoning permit is required, no work may begin without first obtaining said permit. Once a permit has been issued, construction work may commence. Periodic inspections will be performed during the course of construction work by the appropriate building code official, staff of the RDRB, and/or the Downtown Renaissance Director. Final inspections will be performed upon project completion to confirm that the work has been completed in accordance with the approved application and all applicable codes and/or regulations. A Certificate of Occupancy and/or Certificate of Compliance will be issued upon satisfactory completion of all work.

Applicants seeking participation in the "Let's Paint Downtown Hoptown" program may proceed with the painting of the exterior of their property upon the issuance of a Matching Eligibility Certificate from the Christian County/Hopkinsville Development Corporation. A final inspection will be performed upon project completion to confirm that the work has been completed in accordance with the approved application and all applicable codes and/or regulations. A Certificate of Compliance will be issued upon satisfactory completion of all work.

6. Issuance of Matching Grant Funds – Once an applicant has received his/her Certificate of Occupancy and/or Certificate of Compliance, he/she must submit a Project Completion Package to the Downtown Renaissance Director. A Project Completion Package checklist is included with this application. All information outlined in the Project Completion Package must be submitted prior to the issuance of the Matching Grant Funds.
