Rata2ee Cooking Camp

Children learn healthy cooking skills through fun and play! Each day of this 1-week camp, kids will make and eat a morning snack, get in some fun exercise activities, cook and eat a 3-course meal, learn basic gardening, play nutrition games, and end their day with yoga.

Rata2ee teaches cutting techniques (with kid-safe knives), weights and measures, stove and kitchen safety, and sanitation. Kids also learn

where food comes from and what

makes a healthy plate. This well-rounded camp takes a holistic approach to healthy living. Each day starts and ends with a theme word that promotes character-building. Camps are taught by ServSafe Certified Chefs and elementary teachers who already work within local schools. As part of the registration process, parents must sign a liability waiver for any child to attend. A week before the camp starts, an email with important information (like what to wear, what is ok and not ok to bring to camp, and drop off/pick up information) will be sent. All recipes are nut free; however, all allergies must be listed on the registration/waiver form and will be followed up with a discussion with the chef prior to the session starting. Please visit www.rata2ee.com for a list of the foods that will be made.

WOW! CAMPS!

LEGO® Engineering

This camp introduces students to our special LEGO Education kits and provides an exciting way to combine fun and learning. Students will enjoy hands-on learning as the engaging LEGO building projects start them down the path of STEAM (Science Technology Engineering Art Math) enrichment concepts beginning with an introduction to simple machines. Students will learn through guided exploration and they will be challenged to develop their imagination and creative ideas into working designs. Younger students are introduced to wheels, axles, gears, levers, pulleys and more while older students will begin to motorize their designs! New builds each camp! Pre-registration is required one week before each camp starts.

Pullback Car Engineering

Build and keep your own motorized pullback cars! This popular STEAM (Science Technology Engineering Art Math) enrichment camp develops problem solving and creativity as students build motorized pullback cars specifically selected to fit each student's grade and building skill level. Students will build their own fleet of cars using a design pamphlet for each vehicle and become junior engineers challenged to design new creations using their BanBao car kits. Students will participate in experiments and races designed to demonstrate science and engineering concepts and laws such as gravity, potential and kinetic energy. Students build different cars every time! BanBao kits are made of quality bricks that are comparable to and fully compatible with other brands like LEGO®. Pre-registration is required one week before each camp starts.

BONUS TAKE HOME KIT! Students who take a full week of both AM & PM Genius Education camps will receive a bonus take home kit at the end of the week!

Be Smart. Add ART!

In this week-long venture, we have an interesting exploration of art with science and math. Painting and drawing mediums will be utilized in this creative camp as students will be working in pen, ink, poster paint, acrylics, pastels and mosaics! We will be exploring rocks and crystals by cracking open our very own geode! For some of our art, we will be making our own paper! We will enjoy a visit from a live critter for our animal study day! A gallery show will be extended to our families following class on the final day. Please have your student wear clothes that are not precious and bring a lunch as well as sunscreen as we will be venturing outdoors.

CAMP COLLABORATION: Camps in this section are hosted in collaboration with Springfield Township Parks and Recreation. Note special registration instructions below.

Take a boat ride to your own private island campground for a fun filled day of activities. Each morning your child is transported to a real island on Pontiac Lake surrounded by woods, trails and water. It's an adventure camp like no other! Our normal hours of operation are 9am to 5pm with an option of many pick up and drop off times (flexible for all types of working parents). Early drop off (\$5/hour extra) begins at 8am with late pick up (\$5/hour extra) until 6pm with a daily option of picking your child up at 3pm or 4pm. Parents do not need to register their children for early or late pick up ahead of time, they will just need to pay when they arrive and let the camp staff know when they will be picking up their child. Our boats begin running at 8am and operate until approximately 9:20am every day to allow the parent an easy in/out procedure for their child on their route to work. Reversing the procedure in the afternoon parents have the flexibility of picking their child up at different times each day if needed.

We are a state licensed camp. Our private camp is set up with many different activity stations allowing children to have a choice in what they do each day. This allows children to thrive in a group atmosphere of their own choice. Small-knit groups allow for the children to quickly find new friends. Recommended age for our camp is 5–12 but we take 4 year olds on a case-by-case basis and have a great specialized junior counselor program for 13–15 year olds.

What Are They Eating?

Most of our food is made from scratch each day. Two things NOT on the island...a deep fryer and peanuts. Grilled hot dogs are offered every day. Lean proteins are also on the daily buffet along with fresh fruits and vegetables. Plenty of fresh pasta dishes are also made daily such as homemade macaroni and cheese and fettuccini alfredo.

Open House Weekend

June 2nd & 3rd from 1–4pm

Bring the family out for a fabulous island tour, meet the staff and talk to other parents who have had their children in our camps for years. Allow your children to test the waters, try our zip lines, test their hand at fishing, climb the play forts, pirate ships and rock walls or simply build themselves a one-of-a-kind sand creation on our private beach while on your visit.

Junior Golf Camp

During this camp students will learn the fundamentals of the golf swing including proper set-up, transition, downswing, impact and follow-through. The tee shot, iron play, chipping and pitches around the green, short and long putting, basic rules of the game and proper etiquette will also be taught by Coach Davies. All equipment will be provided; students are welcome to bring their own clubs. Camp runs for 2 hours a day. This is a low-pressure, fun way to introduce your child or teen to the game of golf or to build on skills they may already have. Daily range balls are included in the cost along with daily putting and chipping contests.

Summer Horseback Riding Camps for Kids

Groveland Riding Camp's goal is to teach young riders the proper ways to handle, ride and treat horses. Camps include two separate riding lessons per day; clinics & labs featuring horse management, anatomy, grooming, tacking, and special sessions, such as: watch a veterinarian treat a horse and a farrier trim and shoe the horse's feet. Campers will also get to work on horse-related crafts. Campers should bring their own lunches, drinks will be provided. On the last day of camp, we will have a Bring-A-Friend Pizza Party. Participants must wear long pants, hard soled shoes, and a helmet. A bike helmet is acceptable; we will have a few extra helmets available. Temperatures above 85 degrees are too hot for horses to work so campers will not ride, but will take part in other equestrian activities. Transportation as well as pre- and post childcare is available by special arrangement through Groveland Equestrian Center at an extra charge based on distance & time, after registration is completed through Springfield Township Parks and Recreation. Please sign up early as these camps fill quickly and participation is limited to 6 campers per session.
