The Dell's Newest Member
Owned RV Resort

WHERE YOU HAVE YOUR CAMPSITE FOR LIFE!

NEW CLUBHOUSE

LARGE WOODED SITES

HEATED POOL

Buck's Crossing RV Resort is a member-owned campground development with large wooded campsites (50'X90'), city water & city sewer (open year round - maximum usage 240 days), split rail fencing & decorative street lights.

Being a member of a member-owned resort has GREAT benefits:

- You have your campsite for life.
- NO RENT – you pay only yearly dues starting at \$750/year.
- No personal property or real estate tax.
- Landscape your campsite and make it more valuable.
- We mow your lawn.
- NO SEASON – open all year
(maximum usage 240 days per calendar year)
- When you can no longer use your campsite, you resell it

**BUY YOUR SITE NOW & GET OUR
OPEN HOUSE SPECIAL!**

THE BOORMAN HOUSE

This 1876 Victorian mansion was built by Benjamin C. Boorman, a native of England. The Boorman House is now the home of the Juneau County Historical Society and showcases extensive collections of artifacts, records and research materials. Dr. W.T. O'Brien's medical office building is also preserved at the site and a building housing agricultural implements, wagons and workshops was recently completed. The Boorman House is open on weekends from Memorial Day to Labor Day and hosts a special Christmas Open House beginning around Thanksgiving. The house is listed on the National Register of Historical Places. **The Boorman House is located at 211 N. Union St., Mauston WI 53948. 608-847-3294**

CRANBERRY CREEK ARCHAEOLOGICAL DISTRICT

This site contains effigy mounds of the Woodland Culture People dating from 499 B.C. to 1499 A.D. The Woodland Culture People were the ancestors of the Ho-Chunk. This 675 acre site is home to one of the largest and best preserved mound complexes in the upper Midwest. The southern cluster contains bear and panther mounds and a fifty-foot long bird effigy with a wingspan of 125 feet! Directions: From Necedah, go north 10 miles on Cty. G to its junction with Cty. F and 7th Street. Park in the southwest corner of the intersection and walk west along 7th Street into the site. The best mounds are located east of Cranberry Creek, north of the drainage ditch and south of 7th Street. Wear your walking shoes - this mound system covers a full square mile! Details at <https://dnr.wisconsin.gov/topic/StateNaturalAreas/county#Juneau>

PHOTO BY TODD GALBRECHT

DELLS OF WISCONSIN RIVER

This 5 mile stretch along the Wisconsin River includes a spectacular collection of sandstone bluffs, canyons, and gorges. These unique rock formations were carved out over 500 million years ago by water and wind erosion, and now contains many extremely rare plant and animal species. Sacred burial mounds, village sites, and rock art from the prior Native American tribes who resided here (most recently the Ho-Chunk people) can be seen here as well. www.dnr.wi.gov/topic/lands/naturalareas/county.html#Juneau

ELROY HISTORICAL SOCIETY MUSEUM

This quaint museum in downtown Elroy steps into the city's past when it was a bustling railroad town. Photographs and memorabilia from that bygone era includes a working model railroad for the young at heart. The museum is open from 1:00 pm to 4:00 pm on weekends from May 1 to September 30. **608-462-2400 • www.elroywi.com**

GEE'S SLOUGH EFFIGY MOUNDS

The Woodland Culture people, ancestors of the Ho-Chunk, lived throughout this area from 499 B.C. to around 1500 A.D. Indian Mounds Park, just south of New Lisbon is the site of several effigy mounds including a rare flex-legged running panther. The park also includes a linear mound and several round or oval burial mounds that were used by the tribal nobility. The park is located on Indian Mound Road south of New Lisbon off Hwys 12 & 16 and is maintained by the New Lisbon Lions Club. The Effigy Mounds are listed on the National Register of Historical Places. **608-562-5213 • juneaucounty.com**

HARRY A. MORTENSEN COLLECTION

An impressive collection of artifacts from the Woodland Culture people, the collection represents the lifetime achievement of Harry A. Mortensen, a New Lisbon native. The Mortensen Collection is listed on the National Register of Historical Places. **Harry A. Mortensen Collection, New Lisbon Memorial Library, 115 W Park St., New Lisbon WI 53950. 608-562-3213**

JUNEAU COUNTY COURTHOUSE

Originally built in 1925, the Juneau County Courthouse, with its marbled floors and richly paneled courtrooms, is listed on the National Register of Historical Places. It stands on a square in the center of Mauston, the county seat, and hosts many community activities including a farmers market during the summer. **Juneau County Courthouse, 220 E. State St., Mauston WI 53948. 608-847-9300**

SUK CERNEY PEATLANDS

This extensive region includes meadows, bogs, sand dunes, and pine barrens that were left behind when Glacial Lake experienced its drainage. <https://dnr.wisconsin.gov/topic/StateNaturalAreas/county#Juneau>

WISCONSIN NATIONAL GUARD MUSEUM

This fully restored 1896 log lodge features exhibits including uniforms, weapons and equipment, terrain maps and dioramas of famous battles. Military vehicles from years past and static displays of aircraft are found throughout the grounds. Open to the public Wednesday thru Saturday 9am-4pm and Sunday 10am-2pm. **608-427-1280, 101 Independence Dr., Camp Douglas WI 54618.**

WOODSIDE SPORTS COMPLEX

The Midwest's largest all-turf sports complex has 8 synthetic turf baseball/softball fields, a full concession/retail area, and the Old Towne Hotel on it's 245 acres. **W4217 50th Street, Mauston, WI 53948 800-517-8360 woodsidesports.com**

PLAN A HIKING Adventure

If you're thirsting for new experiences and would like to discover different parts of the area without spending too much money, why not try hiking. It's good physical exercise, an excellent way of getting in touch with nature and is sure to satisfy your need of adventure.

Hiking is above all a great opportunity to discover forests, lakes, rivers and hillsides while being environmentally responsible. Moreover, it's a sport which is becoming extremely popular as a physical activity which can be adapted to the individual.

Juneau County has such diverse terrain, you can hike through woods, plains, marshes, forests, savannas, quarries, sandy shorelines, hills, bluffs, dells, and other breathtaking natural scenic areas.

Some of our favorite hiking trails include:

Necedah National Wildlife Refuge, Buckhorn State Park.

Juneau County actually has 3 State Parks:

Buckhorn State Park, Rocky Arbor State Park, and Mill Bluff State Park. All have excellent hiking!

PHOTO BY TODD GALBRECHT

STATE NATURAL AREAS

PHOTO BY TODD GALBRECHT

Juneau County has 15 designated State Natural Areas (SNAs) - more than the vast majority of other Wisconsin counties - and is bursting with outdoor recreational opportunities! Take a walk, ride or drive through these areas and let nature restore your soul.

BUCKHORN STATE PARK

Buckhorn State Park is a paradise for water enthusiasts, hunters, hikers, location campers and nature lovers. The park and two adjacent state wildlife areas cover more than 8,000-acres on a peninsula in the Castle Rock Flowage of the Wisconsin River and along the connecting Yellow River. Family and group campsites, unique cart-in camping, a cabin for people with disabilities, canoe trail and an accessible fishing pier, are all available at Buckhorn State Park.

Vehicle admission sticker is required. Camping fees for the Wisconsin State Park System. Hunting and fishing licenses apply. Canoe and kayak rentals are available in season from the Friends of Buckhorn State Park. Contact the park office for more information. The Friends of Buckhorn State Park work on numerous park projects and events throughout the year, including the annual photography contest, candlelight hikes and summer naturalist programs. Please contact the park office for more information or to join the Friends of Buckhorn.

The park is open year-round from 6 a.m. to 11 p.m.
 Physical Park Address: W8450 Buckhorn Park Ave., Necedah, WI 54646.
 Phone: (608) 565-2789

JUNEAU COUNTY PARKS

Juneau County offers a wealth of outdoor recreational areas administered by federal, state, county, and local agencies. In fact, we have a total of 68 parks - about 75,000 acres in all. Half the county is forested. With our waysides, recreational trails, and 57 lakes and public boat accesses, it's easy to see why our 'backyard' is a recreational paradise.

Wilderness Park is over 80 acres and has over 100 campsites for tents and trailers. Electricity, toilets, boating, swimming, fishing, playground, picnic tables, concessions, grills, firewood, water, group camping, shelter, scenic trails, boat ramp, water skiing and showers are available.

Castle Rock Park has over 300 campsites on 160 acres. It is located on Highway G about seven miles from Mauston, Wisconsin, on beautiful Castle Rock Lake which covers 16,000 acres. Amenities at the park include spots for tents, trailers and RV's, showers, flush

toilets, water, playgrounds, picnic tables, swimming (supervised beach), a park officer, boating and boat access, fishing, water skiing, canoeing, grills, shelter, electricity and concessions.

Maps of Castle Rock and Wilderness Campgrounds can be viewed at <http://www.juneaucounty.com/camping--resorts.html>

You can see the layout and amenities, then call to make your reservation for the camping site you would like.

Camping reservations for Castle Rock Park can be made at 608-847-9389 or 608-847-7089.

Castle Rock Park Office Hours: Office is open Memorial Day weekend to Labor Day weekend. Sunday-Thursday - 9am to 7pm; Friday - 8am to 10pm; Saturday - 8am to 9pm.

Physical Park Address: N6700 22nd Ave. Mauston, WI 53948 (off of HWY G). For GPS location use "Castle Rock County Park, Mauston, WI"

PHOTO BY TODD GALBRECHT

NECEDAH NATIONAL WILDLIFE REFUGE

N11385 Headquarters Road, Necedah, WI 54646
(608) 565-2551 or (800) 877-8339 TTY
Plan your next visit at www.fws.gov/refuge/Necedah/

The Necedah National Wildlife Refuge Visitor Center is a MUST SEE when coming to the refuge, especially if it's your first time! The Visitor Center is fully equipped with everything you need for an enjoyable and educational visit to the refuge. Hands-on minds-on exhibits, naturalist led programs, and great viewing areas await our guests. Visitor Center staff can assist you with current wildlife sightings, trail conditions and refuge information before exploring the 44,000 acres of refuge. You can also sign out binoculars, bird books, or explorer backpacks from 9:00 am to 3:30 pm daily and be sure to check out the Karner Korner Nature Store.

Activities: Hiking, Hunting, Fishing, Wildlife Observation, Nature Photography, Cross-country Skiing, Snowshoeing, Environmental Education and Interpretation.

Location: 2 miles North of Hwy 21 on Headquarters Rd.

Hours of Operation: 9:00 am – 4:00 pm Mon. – Sat. Year-round.
Closed: Sundays, Federal Holidays, Christmas Eve and New Year's Eve. Please call as you plan your visit; hours are subject to change.

1 Eagles Nest: Enter the NNWR from Hwy 21 by turning onto Headquarters Road (4 miles from intersection of Hwy 21 & 80). At the first body of water on the right, pull off and park. The deck offers a scope to take a closer look at nesting eagles, ducks, swans and cranes. Stay a while and you might even see a deer or muskrat! Use the telescope provided to get a closer look!

2 White-Tail Loop Hike: Continue further down Headquarters Road to the stop sign and turn right. Travel about 1/4 mile down 20th Street until you see the split rail fences. If you are looking for a leisurely stroll through the woods, White-Tail Loop is definitely your style! Explore one of Necedah's forests and the wildlife that inhabits it by walking this 1.7 mile trail. This trail is famous for wildlife viewing and a quiet peek into the upland forested areas of our 44,000 acre landscape. This dynamic trail offers opportunities for both serenity and exciting wildlife photography!

3 Visitor Center & Trails: The NNWR Visitor Center is a MUST SEE when coming to the refuge, especially if it's your first time! Open Monday-Saturday from 9am-4pm (Closed Holidays), it is fully equipped with everything you need for an enjoyable and educational visit, such as hands-on minds-on exhibits, naturalist-led programs, and great viewing areas. Staff can alert you to current wildlife sightings or trail conditions. Binoculars, books, snow shoes, and even explorer backpacks can be checked out for the day at no charge. The **Muskrat Hiking Trail** is a short loop that takes about 10 minutes to stroll around, and is handicap accessible. Stop at the viewing scopes to scan the wetland for Whooping Cranes and Trumpeter Swans. Looking for more? Hike the **Karner Loop** which winds through forest and savanna along with Rynearson Pool #2. The Visitor Center is equipped with outdoor bathrooms on the West side of the building that are open from dawn to dusk.

4 Suk Cerney Flowage: As you exit the Visitors Center Lot turn right then look for the body of water on your left, Suk Cerney Flowage. Just like people, wildlife species have needs that must be met if they are to survive and reproduce. Water, food, shelter, and living space are the most important requirements for any species. The mission of the NNWR is "Wildlife Comes First". We manage the land to provide quality habitat for wildlife and a quality outdoor experience for visitors.

5 Boghaunter Trails: Leaving Suk Cerney turn left, then at the fork stay right and you'll come to the Boghaunter Trail System which offers the longest trails on the refuge with a combined total of over 6 miles to explore! The trail loops wind through various habitats and demonstrate Necedah's amazing species diversity. The trail system is named for the endangered Ringed-boghaunter dragonfly occasionally found here. Combined, **Meadow Beauty Loop** and **Boardwalk Loop** are about 2.5 miles long. The **Tamarack Loop** stretches over 3.5 miles and offers a slightly more challenging hike with some hills and forest in addition to wetland and prairie vistas. You're sure to find something of interest! Watch

for aerial wildlife such as dragonflies and damselflies, shorebirds such as whooping cranes, eastern kingbirds, and turkeys, or larger mammals such as deer, bear, wolves, and bobcat. An observation photo blind is located on the Northwest side of the trail near the Wildlife Viewing Area. Great place to use your binoculars or the spotting scope!

6 Diversity Of Grasses: Leaving Boghaunter, turn right and continue on. At the T-intersection turn right onto 6th Avenue. The scene to your left may have looked like this 200 years ago. There were only a few trees, no roads, and as far as you could see there was open prairie, miles and miles of swaying grasses interrupted only by lowland sedge meadows and islands or red and white pine along the Little Yellow River. While the vast expanses of prairie are gone, the grasses still exist here including Bluestem Indian Grass and Switch Grass, which can grow to heights of 6 feet. Other grasses here which grow shorter and survive even better in drier soils include June Grass and Little Bluestem Grass.

7 Break For Wildlife: As you come to the next T-intersection (12th Street) notice the shallow ponds and wetlands on both sides of the road. They are very important for the survival of many kinds of birds. If you could scoop up a cup of this water you would discover some of the thousands of small aquatic insects that live there. These insects provide large quantities of protein, which are essential to nesting ducks, birds, turtles, frogs, dragonflies, and others. This is another great spot for birdwatching, so pull out your binoculars. Then watch the road as you turn right onto 12th Street and continue on, because wildlife critters of any size may be crossing!

8 Clear-Cutting For Wildlife: After the road turns left (becoming Bewick Road) look off to your right side. Years ago it looked just like the landscape on your left side. Trees were removed to create an opening for native grasses, berries, and other ground cover plants to grow. Carefully planned clear-cutting creates good feeding areas for many kinds of animals. Encroaching oak sprouts are controlled with prescribed fire or by mechanical means such as mowing.

9 Lupine Loop Trail: Continue driving up Bewick Road, cross 9th Street/ Sprague Mather Road, to the end. Goose Pool is on your left (and there is a handicap-accessible pier available), and Sprague Pool is on your right. These open water areas are home to dabbling ducks all summer and are favorites among diving ducks during their migration. Other waterfowl commonly seen are cormorants, trumpeter swans, coots, grebes, and Canada Geese. Around the waters edges you're likely to spot Whooping Cranes, Bald Eagles, and other shore birds. The 0.8 mile Lupine Loop Trail is a lovely hike. Be sure to check out the photo blind nestled along the shoreline. While the endangered Karner Blue Butterfly lives on the refuge all year, they can be seen in their adult butterfly form from the end of May thru July.

10 Managing Water For Wildlife: Drive back down Bewick Road and turn left onto Sprague Mather Road. Just after 7th Avenue turns off to the

right, you'll see the structure used to control the water level in Sprague Pool, a "Low-Headed Dam". Refuge pools are lowered in late spring to encourage the growth of waterfowl-loving plants such as Millet, Smartweed, Beggar Ticket, and Spikebrush. In early fall these pools are reflooded to provide feeding areas for geese, ducks, swans, Whooping and Sandhill Cranes.

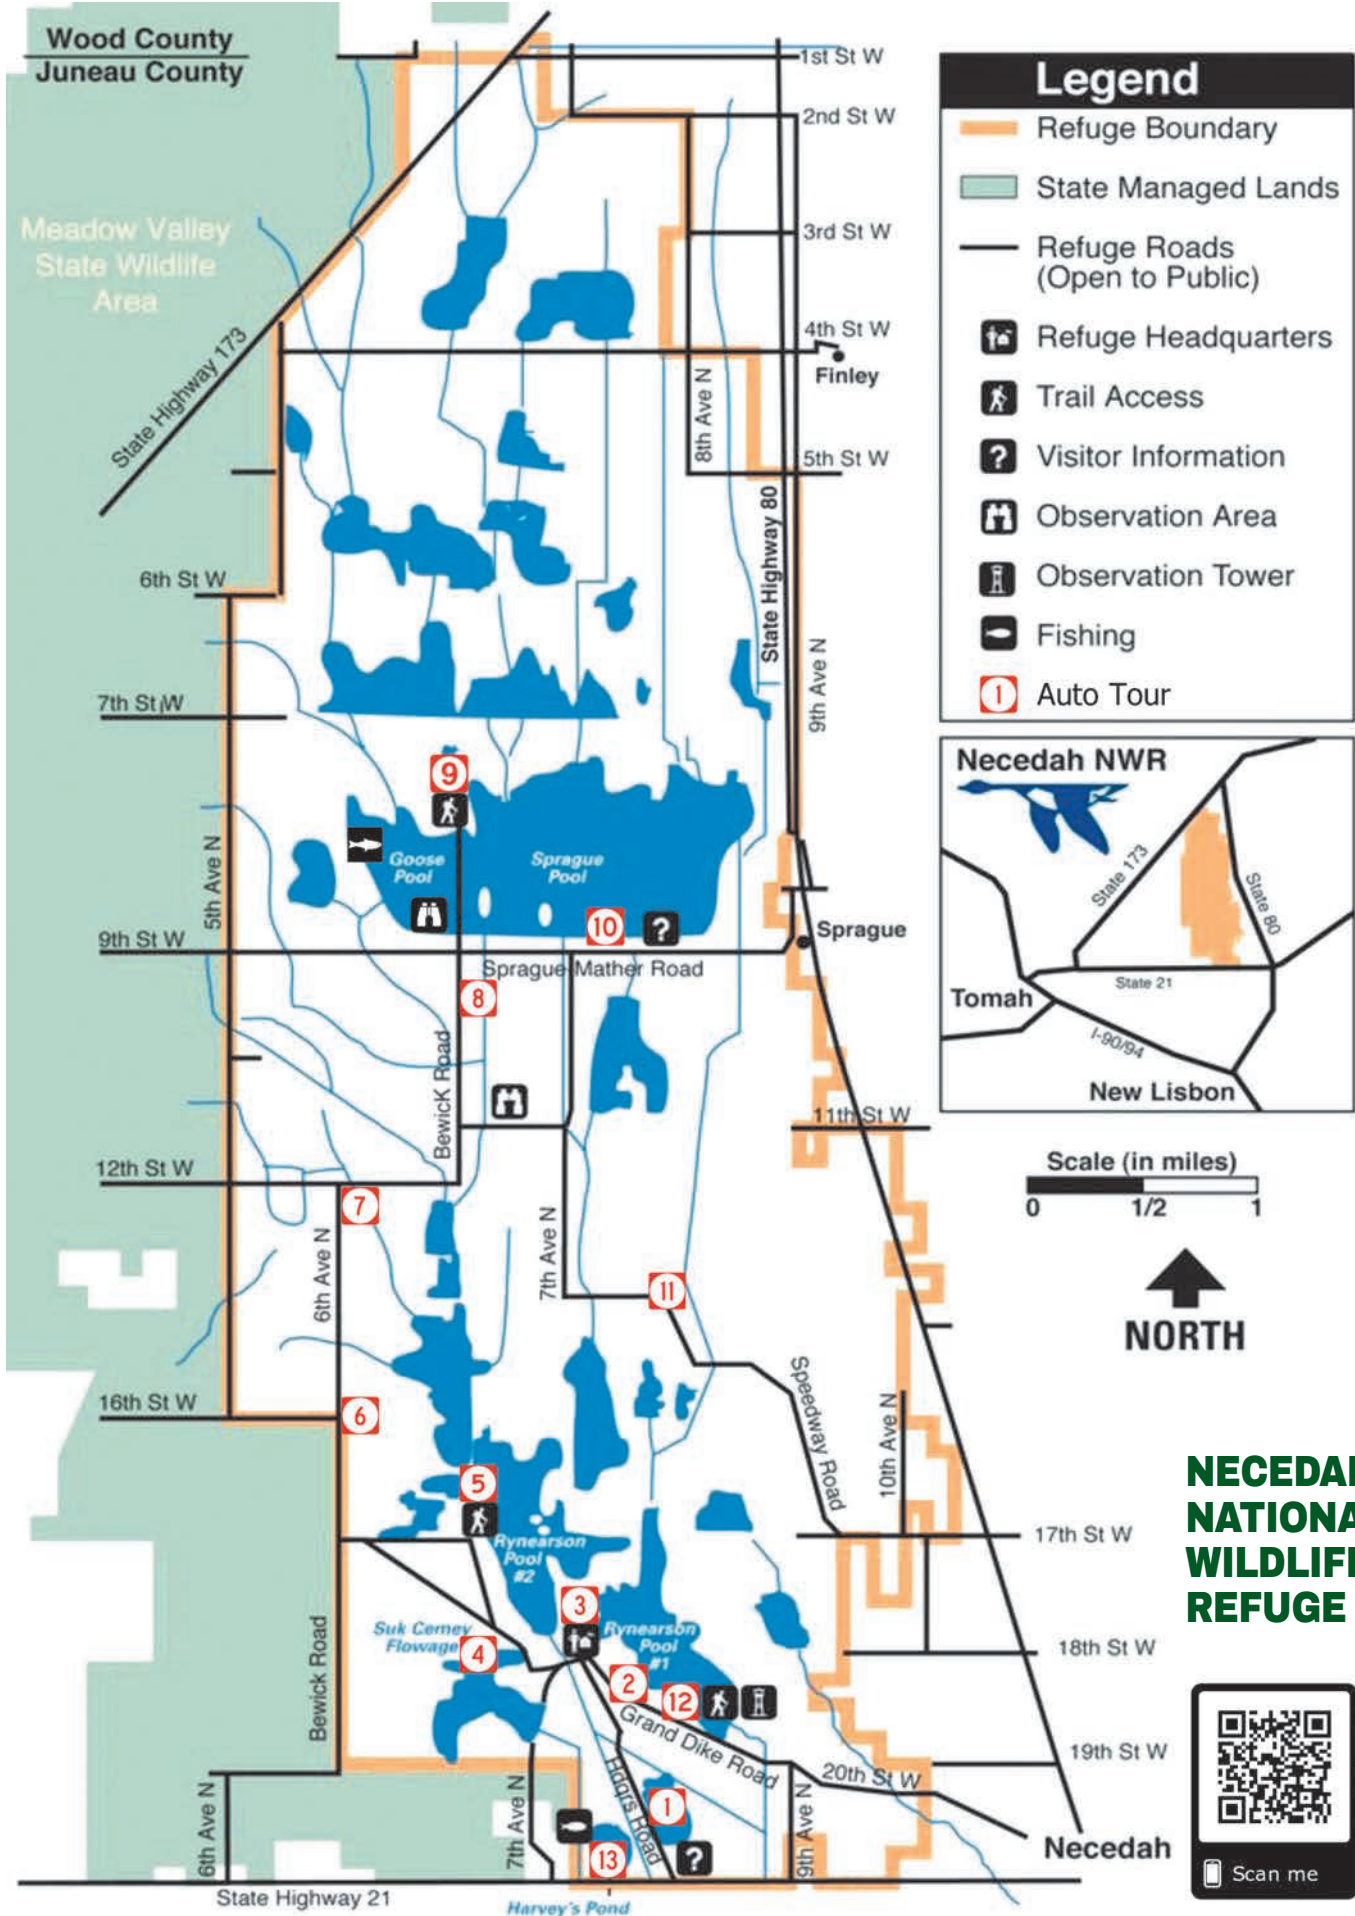

11 Sedge Meadow: Travel down 7th Avenue. After the road turns left (becoming Speedway Road), notice the wetland meadows on both sides of you... very typical for the Necedah area. Because the sedge plants are so thick and the water so acidic, these wetland meadows are not very attractive to waterfowl. However, birds such as Great Blue Herons, Alder Flycatchers, and Sandhill Cranes might be seen in the openings. Another great spot to pull out those binoculars for a closer look!

12 Observation Deck & Trail: Continue to follow Speedway Road as it curves along, merges into 17th Street, and out to Hwy 80. Turn right onto Hwy 80, pass 18th Street, and then turn right onto 19th Street. Take your second left onto 11th Avenue, then right onto 20th Street/ Grand Dike Road. After passing the 9th Avenue turn off watch for a right turn by the sign pointing to the Observation Deck. Turn in and park here. The tower is down the left (western) trail beyond the kiosk. This 0.8 mile winding hike goes through forested habitats and has a two-story observation tower with a viewing scope (tower is about 100 yards from parking lot), and a small viewing blind at the far-east end. Sunrise at the tower offers amazing and unique sights and sounds. Spend some time here and watch as the wading birds emerge from grasses and sedges. Ducks and other waterfowl love dabbling in the shallow waters of the pool and loafing on the white sand bars during the summer months. Along the trail be on the lookout for distinct black bear tracks, eye-catching scarlet tanagers, and badger burrows! The viewing blind offers cover for watching and photographing wildlife in the backwater areas of the pool.

13 Harvey's Pond Trail: Leaving the Observation Tower's parking lot, go back down 20th Street/ Grand Dike Road to 9th Avenue and turn right onto 9th Avenue. Then turn right onto Hwy 21. Just past Headquarters Road but before 7th Avenue, pull off to the right for Harvey's Pond trail-head. This is a 0.7 mile mowed hiking trail that winds between marshy lowlands and forested upland habitats. Whether it's from the bank of the pond or the pier, fishing at Harvey's Pond is another great way to enjoy the refuge. Species you may encounter include Northern Pike, Largemouth Bass, Pumpkinseed, Bluegill, Yellow Perch, Crappie, and Brown Bullhead. This spot is the most popular fishing area on the refuge! Although Harvey's pond is small in size, it's huge when it comes to its abundance of wildlife. Look for beavers, river otters, and aquatic insects. It's a wonderful opportunity to discover the diversity that makes NNWR so special... every season of the year!

**NECEDAH
NATIONAL
WILDLIFE
REFUGE**

Birding in Juneau County

www.juneaucounty.com

Anytime of year is a good time of year for bird watching in Juneau County.

The **Necedah National Wildlife Refuge** alone covers more than 43,000 acres and sees over 245 bird species, 130 of which breed here also. (www.fws.gov/refuge/necedah).

Juneau County is also home to several state parks and county parks, public lands, lakes and rivers... all of which create ideal habitats for our incredibly diverse avian population. The **Buckhorn State Park** covers 7,000 acres on Castle Rock Lake, and is brimming with wildlife. www.dnr.wi.gov/topic/parks/name/buckhorn. The **Mill Bluff State Park** on its 1,300 acres features several nationally protected sandstone bluffs from 80 to 200 feet high. (www.dnr.wi.gov/topic/parks/name/millbluff).

The following information was gathered from sources at the Necedah National Wildlife Refuge.

BECOME Naturewise

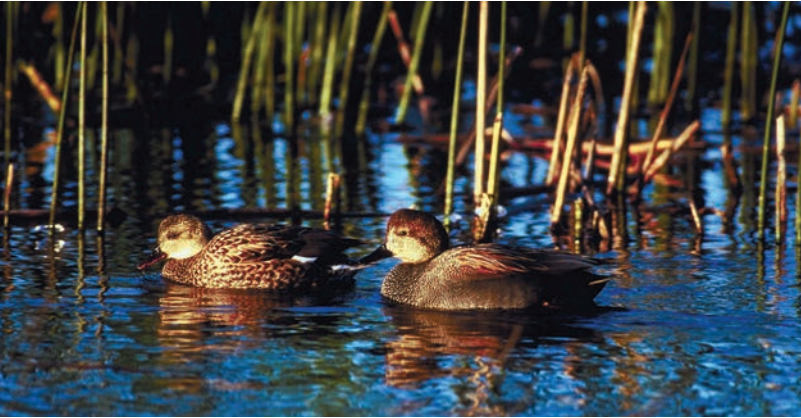

PHOTO BY TODD GALBRECHT

Children are fascinated by nature discovery. When parents revisit nature through the eyes of children, we're reminded that life, when all is said and done, is still infinitely a beautiful place. Take time to get to know the birds who share our habitat is a wonderful pastime for families. It's good, clean fun, and builds values of respect and compassion for nature and all living things.

Any time of year is good for viewing birds. Each season offers a new experience on how birds cope within the environment. During spring and fall, mass migration of some birds takes place — an outstanding phenomenon.

Children begin to notice similarities and differences in birds and that builds their skill for identifying birds. But the really fun part of bird watching is observing bird behavior.

See pages 10-11 of this guide for our **Birding Checklist Activity**.

Discover THE LAKES

The Lakes region of Juneau and Adams counties has something for everyone. Both Castle Rock and Petenwell Lakes are created by power dams on the Wisconsin River. The river forms the eastern boundary of the county.

Castle Rock Lake is the fourth largest inland lake in Wisconsin and offers plenty of fishing, camping and boating. Buckhorn State Park, Castle Rock Park and Germantown Park offer visitors plenty of space to picnic and enjoy the view. Many campsites and resorts surround the lake and boat launches are plentiful. Whether your thing is jet skiing or sailing, there's plenty of big water for you to enjoy for a day, a week or a lifetime.

Petenwell Lake is the second largest inland lake in Wisconsin, and is well known for its great fishing. Walleyes, northern pike, muskies and pan fish are plentiful and there are plenty of public boat launches available. The lake is 23,000+ acres over a 36 sq. mile area. It was created in 1948 by damming the Wisconsin River near Necedah. Its maximum depth is over 40' and is well-known for its excellent fishing and waterfowling. American eagles winter at the dam and can be observed daily during the season. Camping at Wilderness Park on Petenwell Lake ranges from full hookup to primitive and the scenery is great.

**For a brochure of the lakes contact the
Castle Rock Petenwell Lakes Association
(608) 847-1904
juneauctourism@yahoo.com**

PUBLIC SWIMMING BEACHES

There are plenty of places to swim on Castle Rock Lake because the lake is mostly a sand bottom and has plenty of spots along the shoreline that are about 3 to 5 feet deep. Buckhorn State Park which is open to the Public has about 10 miles of frontage.

If you are looking for a nice sandy beach open to the Public for swimming there are two Castle Rock County Parks, one in Adams County and the other in Juneau County, WI. These two waterfront parks have lifeguards on staff part of the time.

Lake Petenwell is the second largest body of water in Wisconsin. This 431 acre park is on a beautiful lake with a designated swimming area, boat launch/harbor of refuge, playground equipment and hiking trails, heated showers and restroom facilities.

Castle Rock County Park is open year-round. This 141 acre park is on the fourth largest body of water in Wisconsin. The park also includes a designated swimming area, boat launch, game room, playground equipment, heated showers and restroom facilities. Concessions and firewood available.

PHOTOS BY TODD GALBRECHT

KAYAKING ADVENTURES

One of the best things about kayaking is that it's a healthy and fun activity that you can do alone or share with your whole family. Not only is it a fun physical activity where everyone can expend excess energy, but it's also a wonderful way to connect with the nature. It can be a welcome outdoor activity that allows all members of the family to connect with each other and with nature.

Kayaking doesn't require a lot of strength which makes it the perfect activity for family members of all ages. Not only are sit-on-tops great for paddling around the lake, but they also make really fun platforms from which to jump into the water and swim (always remembering to never dive, but to jump in feet first). They're easy to get back on after a swim and they aren't restrictive which will make children feel at ease.

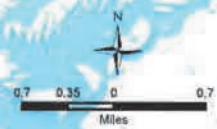

GO CANOEING

The world of canoeing is jam-packed with new skills to learn and adventures to be had, making it a great sport. One of the best ways to get your kids canoeing is to head out on a family paddle and if you want to keep an eye on young children, sharing a boat can be the perfect solution. A 16-foot canoe is big enough for two adults, two small kids, a dog and a picnic.

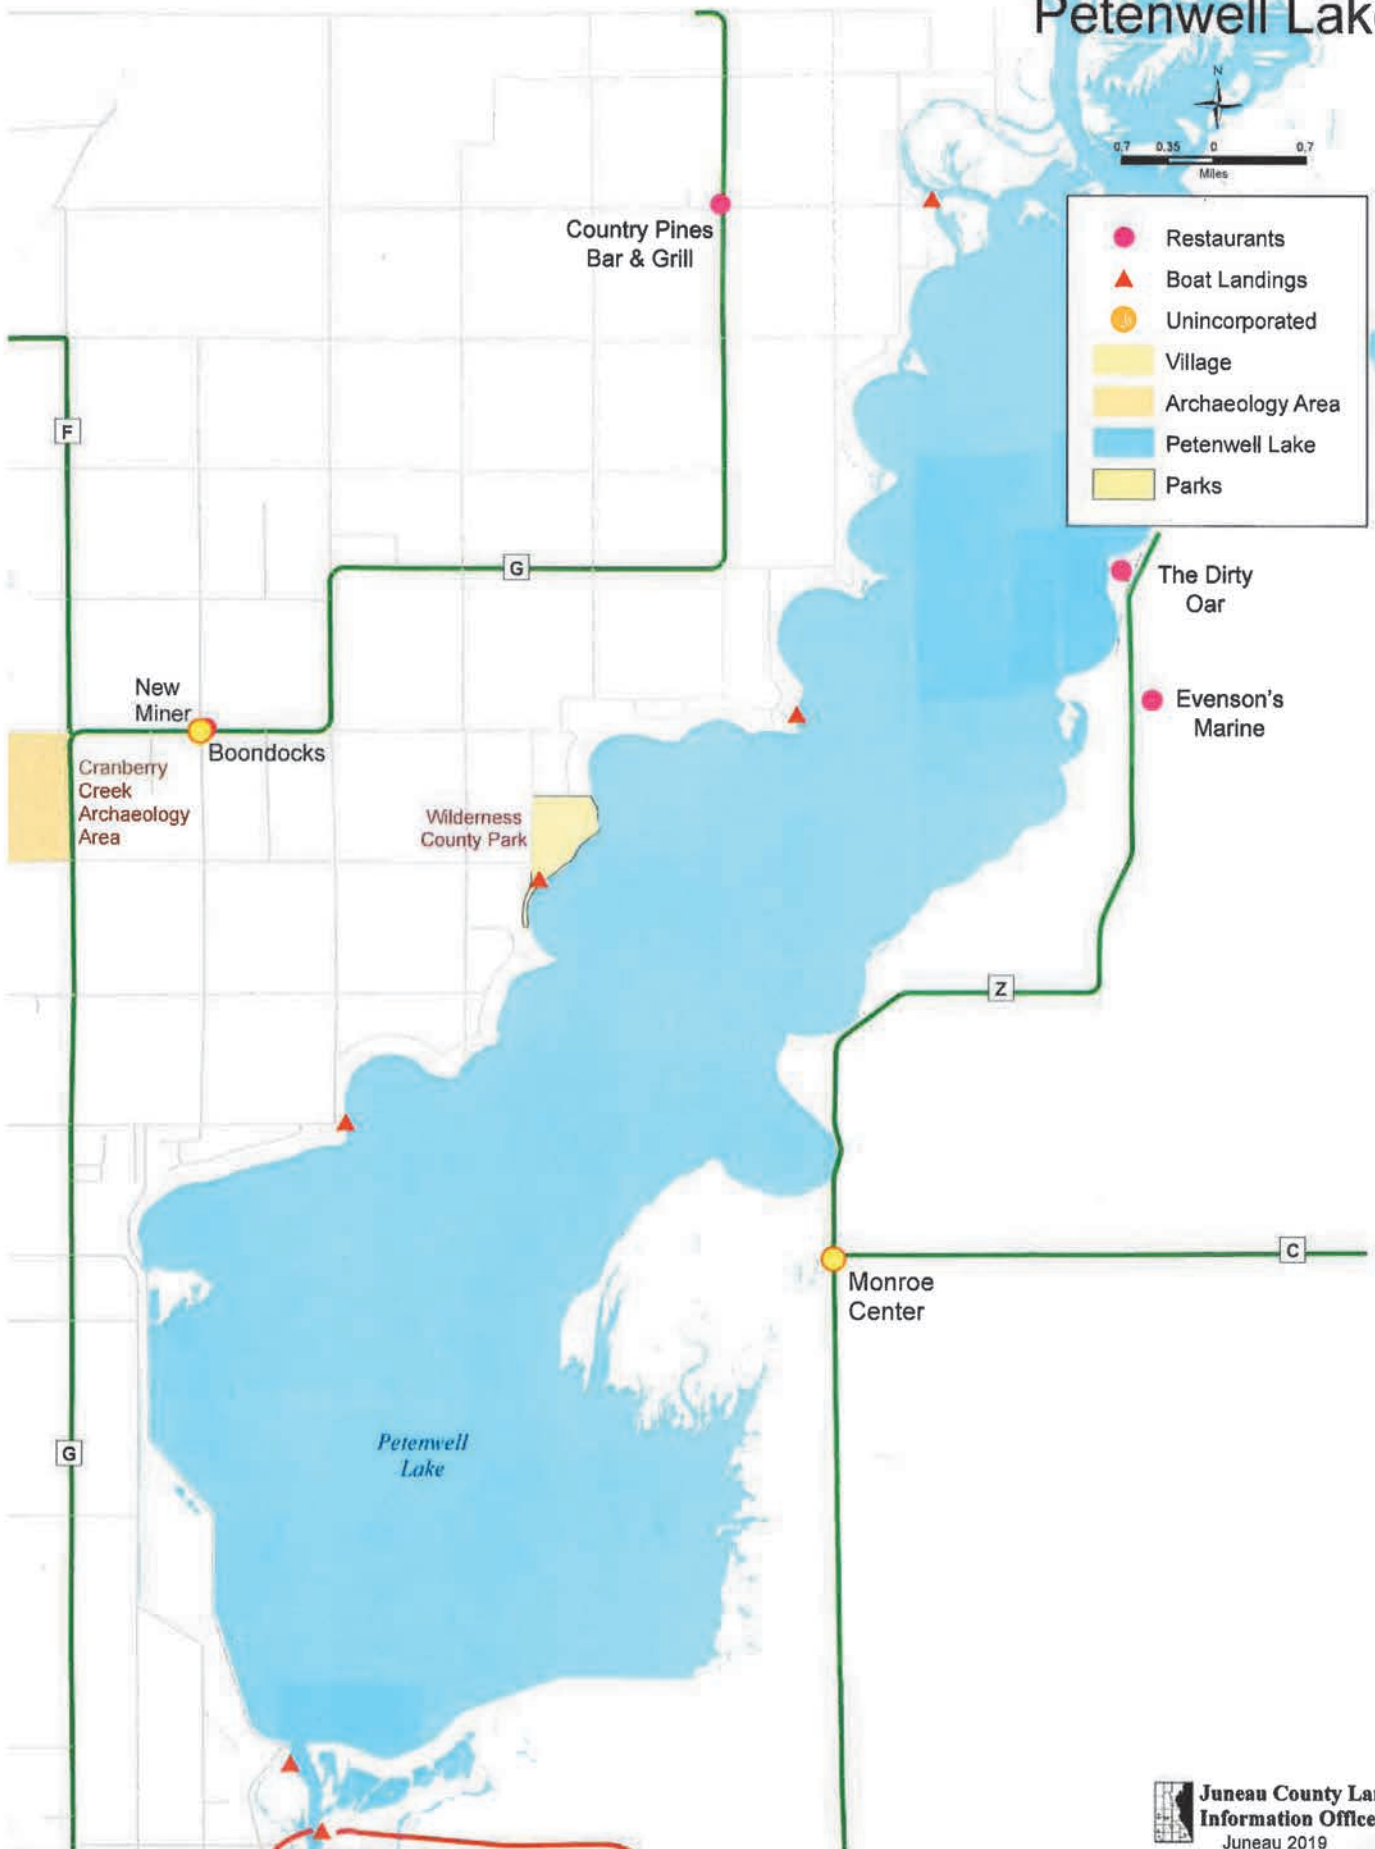

The most important consideration is to choose a craft that allows your youngsters to participate in the paddling but you can also pilot on your own. Basic paddling strokes engage muscles you don't generally use, so it's worth practicing somewhere before allowing the kids onboard.

Canoeing is also a great couple sport. What could be more romantic than canoeing down a slow moving river or gliding atop a mirror-still lake? With the chirping of the birds, the quiet splash of your oars and the conversation, canoeing can be a great way to reconnect with your partner while enjoying all the beauty that nature has around you.

Enjoy THE WATER

No matter the size of your family – big or small; boating is a great way to bond and it will create long lasting memories and can be a very rewarding experience. Boating is a great family activity, because it encourages families to come together, to put the phones away and to spend the day together.

So get to Juneau County because we have miles and miles of boating, canoeing, kayaking and tubing opportunities! We have four rivers - the Lemonweir River, the Yellow River, the Baraboo River and the Wisconsin River.

And let's not forget about the second & fourth largest lakes in Wisconsin, Castle Rock and Petenwell, both located right here in Juneau County!

PHOTOS BY TODD GALBRECHT

Fishing FOR ALL SEASONS

Juneau County has so much to offer the sportsman! Maybe catching that big elusive fish is what you enjoy, no matter which type, because you'll find them all right here! Fishing is a great activity to enjoy with your family and friends that can be done at any age. It's easy to learn how to fish, it just takes a little time and practice.

Try your luck fishing at the Necedah National Wildlife Refuge which includes Northern pike and bullheads which inhabit refuge waters, as well as, black crappies, bluegills, and sunfish. Sprague and Goose pools are open to fishing from June 1 through September 15 and December 15 through March 15. Suk Cerney Flowage is open year round, except during waterfowl season. Harvey's Pond is open year round.

Juneau County Communities

PHOTO BY TODD GALBRECHT

Camp Douglas | 608-427-3355 campgdouglaswi.com

Camp Douglas, nestled among the rugged peaks of natural rock formations and the beautiful terrain of the area, is the western gateway to Juneau County and the home of Volk Field and Camp Williams Military facilities. The friendly village has an atmosphere of mutual caring and concern that shows in their providing a recreation center for all age groups. The village boasts several tourist attractions, hunting, fishing, biking and hiking.

Elroy | 608-462-2410 | elroywi.com

Elroy is on the West fork of the Baraboo River in the heart of Wisconsin's 'driftless' area. The forested hills and valleys provide natural beauty and plenty of chances to spend some quality time with your family. Three bike trails, a theater, library and a museum are just a few of its attractive features. Elroy is best known as the birthplace and home of former Governor Tommy Thompson.

The '400' State Trail, the Elroy-Sparta State Trail and the Juneau County Omaha Trail are the three bicycle trails that meet in Elroy. They are all built on discontinued rail lines that once served the area. They are also used as snowmobile trails in the winter. The Elroy-Sparta trail was the first official 'Rails to Trails' bicycle trail in the nation. The Elroy-Sparta trail and the '400' trail join at the Elroy Commons, and the Omaha Trail is connected by way of the new covered bridge.

Hustler | 608-427-6575

Hustler is a quiet little village set in an unglaciated area of Wisconsin. The Omaha Bike Trail runs through the center of town and connects with the '400' State Trail and the Elroy-Sparta State Trail. As you proceed southward to the state trails, you pass through very scenic hillsides and a tunnel.

This small town has the distinction of having two churches located in the village, a bowling alley and restaurant, a bed & breakfast, a hair salon, and two friendly taverns. In August, Hustler hosts an annual tractor pull as part of the 'Hustler Fest' celebration. Visit hustlerfest.com for more information. This event brings in people from many different areas.

Amish country is not far away from Hustler, and the flavor of candy, bakery items, furniture and crafts from the Amish are abundant. Mill Bluff State Park is located just 10 miles north of Hustler. The park has beautiful rock formations, camping, a picnic area with a shelter, swimming beach and hiking trail. A friendly town, Hustler welcomes all visitors.

Juneau County Communities

Lyndon Station | 608-666-2500 lyndonstation-wi.com

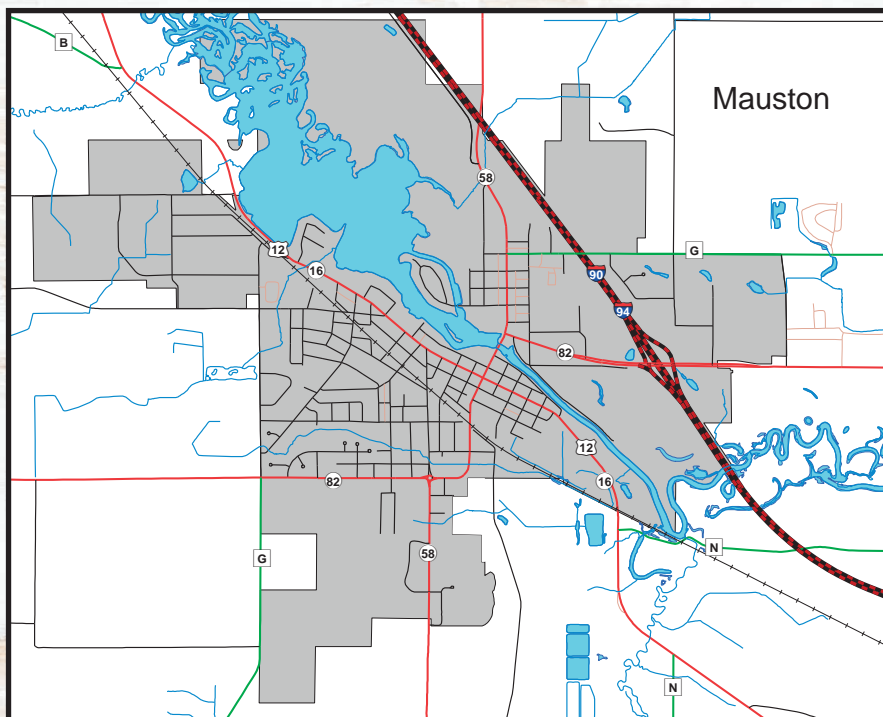

Lyndon Station is in the Southeastern section of Juneau County on Highways 12/16 and Interstate 90/94 near the beautiful Rocky Arbor State Park. It's a quick eight mile trip to Wisconsin Dells. Lyndon Station features one of the most impressive Veteran's Memorials in the area. It is also home to the Friends and Family Cancer Foundation. Visitors can get behind the microphone during one of the karaoke nights in downtown Lyndon Station.

Mauston | 608-847-6676 | mauston.com

The City of Mauston was chartered as a village in 1860. Mauston became the county seat in 1864. Mauston has the largest population of all cities, towns and villages in Juneau County. As the county seat, Mauston is very actively involved in community cooperation with businesses and residents alike. Five of its many businesses are members of the Fortune 500. The Lemonweir River glides through town and provides a beautiful setting at Riverside Park. A Farmers' Market is held every Saturday morning June through October, and numerous crafts and thrift shops are available for the adventurous shopper.

If camping is your hobby, the Mauston area provides opportunities that range from backpacking into wilderness surroundings, to a campground where you can drive your travel trailer in and hook up to electricity and plumbing.

From hiking to biking, snowmobiling to horseback riding, boating, swimming or skiing, you'll find it in or around the Mauston area.

Necedah | 608-565-2261 | necedah.us

Necedah is a friendly village nestled among majestic rock formations, natural bluffs and pine trees. It is located near Petenwell Lake, Castle Rock Lake, and the Wisconsin and Yellow Rivers. Visitors can relax at the new Old Mill Park. The Necedah National Wildlife Refuge and Buckhorn State Park are close by, and offer a 'back to nature' experience.

Necedah is home to a new library built in 2010; The Necedah Community-Siegler Memorial Library. It is open Monday thru Saturday, 10 a.m. to 5 p.m., and comprises a wide selection of reading materials, several public computers and free wireless internet. You'll also find several unique shops selling antiques, Polish and homestyle foods, household items and books, hardware and auto parts, along with other retailers and eating establishments.

New Lisbon | 608-562-5213 newlisbon.net

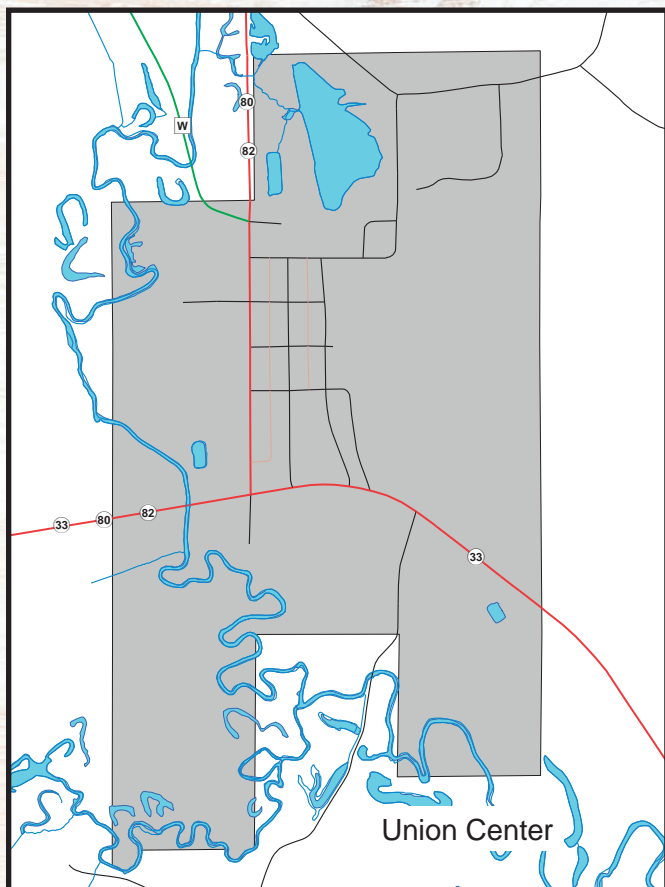

As you enter this charming little city from Interstate 90/94, you're greeted by several of our businesses along with a calm, serene pond and the lovely Riverside Park. New Lisbon is located just 12 miles from Castle Rock Lake; the fourth largest inland lake in Wisconsin and 4 miles South of Kennedy Park.

On the shores of the lake you'll find Castle Rock County Park, Buckhorn State Park, and several private resorts and campgrounds.

Look for adventure in New Lisbon in Juneau County! Excellent recreational opportunities await you all year round. Fishing, boating, hiking, cross-country skiing and snowmobiling and the nearby Elroy-Sparta Bike Trail, as well as, the Omaha Trail beckon you to explore, or to rest and relax among majestic pines and oaks.

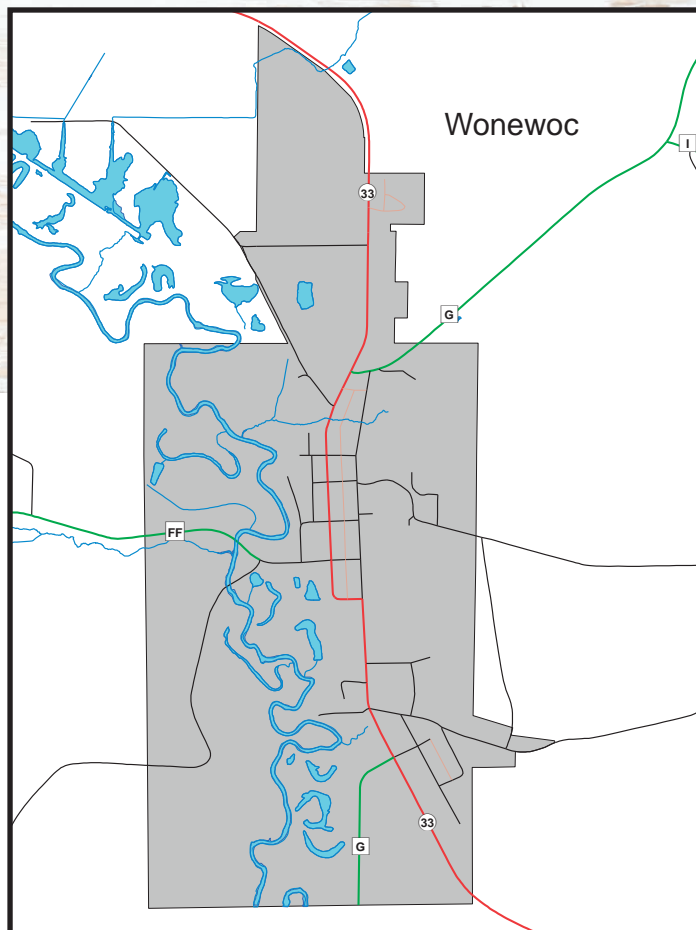

Juneau County Communities

PHOTO BY TODD GALBRECHT

Union Center | 608-462-8810 villageofuc.com

Union Center is a quiet little village tucked among pine forests and natural sandstone bluffs in the southeast corner of Juneau County. Union Center is on the '400' State Trail, a four-season, recreation trail built on an abandoned railroad bed. Union Center's casual, rural setting is perfect for getting close to nature but there are plenty of activities for those who like to keep busy. Picnicking, basketball in the park, a round of golf on a challenging 9-hole course, or putting a canoe/kayak into the Baraboo River are just some of the ways to have fun here.

Wonewoc | 608-464-3114 wonewocwisc.com

The most southern village in Juneau County, Wonewoc, is a peaceful village located in an unglaciated area. It is enhanced by many rocky bluffs and pine trees. The countryside is truly unique and spectacular. The friendly atmosphere of the village is evident from the moment you come into town. The scenic village park offers many varied recreational activities for both adults and children; there's also a boat landing great for canoeing/kayaking the Baraboo River.

Wonewoc is the midpoint of the '400' State Trail. It boasts good schools, churches, clubs, organizations, and a library which offers the latest in books, records, tapes, etc. The local government has done a great job in making this a village to be proud of.

Paddle The Four Rivers

For great detailed information on each of these river trips, visit this URL and add one of these 4 river names at the end:
www.wisconsinrivertrips.com/segments/baraboo-river ... or /lemonweir-river, or /yellow-river, or /wisconsin-river (from Petenwell to Blackhawk!)

BARABOO RIVER

Paddlers put-in upstream of Highway 33, at Union Center adjacent to the Spring Valley Golf Course. Going downstream to Wonewoc the flat water river follows a snake like scenic path

through the "driftless area".

Halfway is a huge rock formation known as the Third Castle, a sheer 150 foot sandstone cliff. The 400 Bike Trail crosses the river at two points. Wonewoc Park has a boat landing, a covered picnic shelter, & toilet and downtown Wonewoc is nearby. Camping is available here, at Baker's Field and at Wonewoc Legion Park. Canoe/kayak rentals and shuttle services are available in Wonewoc through Beyond Boundaries at (608) 464-7433. For additional information visit www.goingfarbeyond.com/bb_paddling.html, www.wonewocwisc.com and www.juneaucounty.com/canoe-kayak-tube.html.

LEMONWEIR RIVER

From the 37th Street landing 1000 feet west where County Hwy M crosses the Lemonweir about 3 1/2 miles north of New Lisbon going

downstream is a relative easy paddle for all levels of paddlers. Watch for the boat landing sign by the bridge. Kennedy Park about 2 miles downstream has a boat landing, camping, outhouses and pump well water. Another 3 miles downstream is New Lisbon Riverside Park which has camping, indoor warm showers, toilets, electric hook ups and a boat launch site. For more information on this section call the City of New Lisbon at (608) 562-5213 weekdays or check the New Lisbon websites www.newlisbon.net or www.newlisbonchamber.com.

From below the New Lisbon dam to Mauston is a 7 to 8 hour paddle for more experienced boaters because of the numerous trees in the river. For a shorter about 2-hour paddle to Riverside Park put-in at the Outdoors Forever landing reached from Hwy 12/16 about 1.5 miles West of Mauston. After going around the bluff there is a boat landing river right on Lake Decorah. Further downstream is Riverside Park which has a covered picnic shelter, flush toilets and boat landing. For more information on this section, as well as, going further downstream to Lemonweir Mills call Mauston City Hall weekdays (608) 847-6676.

From below the Mauston Dam down to 19th Street. Lemonweir Mills is about a 3 hour paddle suitable for all levels of paddlers. From the

19th Street bridge downstream to the Two Rivers landing near the junction with the Wisconsin River is a long day journey depending upon deadfalls in the river, water levels, etc. For more information check www.juneaucounty.com/canoe-kayak-tube.html.

WISCONSIN RIVER

Petenwell and Castle Rock Flowage were created by dams on the river. Downstream of the Castle Rock dam to the flowage at River Bay landing is

the primary Wisconsin River flatwater paddling section. Castle Rock Resort www.camptherock.com and 4 miles downstream on the west bank (river right) has camping and food/drink weekends. Less than 2 miles farther on the east bank (river left) Point Bluff Resort www.pointbluff.com has kayak/canoe/tube rentals and food and drink service.

A couple miles further downstream a short paddle up the Lemonweir River is the Two Rivers boat landing. About 6 miles further down the Wisconsin River is the River Bay boat landing on the west side (river right). For a tour of the world-famous Upper Dells, continue from River Bay Marina downstream to the boat landing in Wisconsin Dells. This route is for experienced paddlers only because of the big boat traffic from the tourist boats. Best to start early in the morning to avoid the tour boats that come out around 9am.

For more information visit www.JuneauCounty.com

YELLOW RIVER

For a wilderness experience, paddle from Hwy F east of Finley to the 9th Street Bridge east of Sprague. Best if the Necedah River Gauge reads over 10 feet. From Necedah to the Castle Rock Flowage the put-in is at the 9th

Street landing just off Hwy 80 on the south side of Necedah. The paddle to Castle Rock Flowage takes about 4-5 hours. No rapids but plenty of fallen trees for obstacles.

The single vertical poles highline are about halfway to the Crappie Point takeout. When the river splits take river left channel. Then in the Yellow River Wildlife area Bald Eagles are often seen. When you see the Buckhorn Bridge paddle to the West Shore (river right) for Crappie Point landing.

For more information www.necedah.us.canoe.html
www.juneaucounty.com/canoe-kayak-tube.html

LET'S GO Riding

Elroy is the hub of the three major bike trails in Juneau County. The Omaha Trail is a 12.5 mile trail from Elroy to Camp Douglas along the old Chicago & Northwestern railbed. The Elroy-Sparta Trail heads west and north to Sparta along 32 miles of hard-packed, limestone trail. The trail features three tunnels along its route. The '400' Trail heads east out of Elroy following the Baraboo River to Reedsburg, some 22 miles away. At Union Center, the '400' Trail branches off as the Hillsboro State Trail. Elroy is located on Hwys 71, 80 & 82 in southwestern Juneau County. Information on the trails can be found by calling the Commons Trails Shop at 608-462-2410.

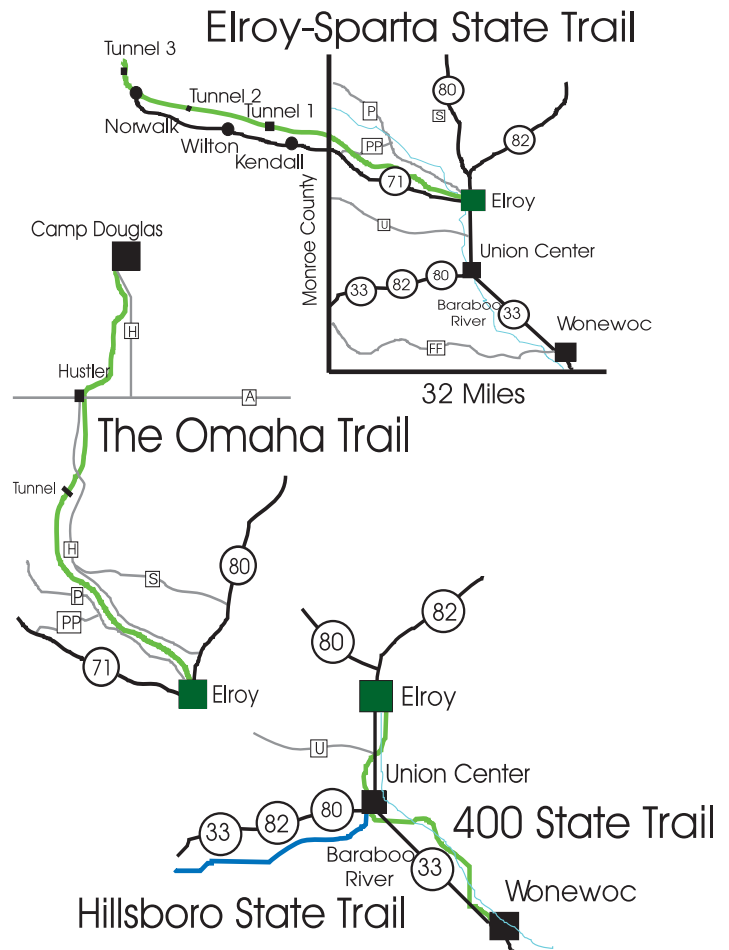

Bike touring is a great way for friends and family to explore and visit a specific region or area. Together you can get a feel for the terrain, take in the smells and sights, explore the history, and culture, meet new people and have experiences that aren't always possible in other modes of transportation. Plus is a great physical activity for health.

We have alot to offer. Try Biking 101 miles of connected State Trails. From Great River State Trail Marshland to Onalaska. LaCrosse River State Trail Onalaska to Sparta. Elroy-Sparta State Trail Sparta to Elroy or the "400" State Trail Elroy to Reedsburg. Visit www.bike4trails.com. The many bike trails of Juneau County are just waiting for your visit. They all begin (or end) in Elroy WI, located on Hwys 80-82 in southwestern Juneau County.

The Elroy-Sparta State Bike Trail is the "Granddaddy of All Trails." It was the very first Rails to Trails Conversion in the United States in 1965. The hard-packed limestone trail covers 32 miles of an abandoned Chicago & Northwestern Railroad bed and has no more than a 3% grade at any point. The trail passes through three tunnels as it makes its way toward Sparta and we recommend flashlights and jackets for tunnels. The Elroy-Sparta State Bike Trail links with the LaCrosse River Trail in Sparta.

The '400' State Trail is often called the most scenic trail in the Wisconsin State Trail System. It's named for the Chicago & Northwestern passenger train that traveled the 400 miles from Chicago to Minneapolis in 400 minutes. The 22 miles of smooth, hard-packed limestone parallels or crosses the Baraboo River the entire length between Elroy and Reedsburg. A recent addition to the trail links Hillsboro to the south.

The Juneau County Omaha Bike Trail is 12.5 miles of seal-coated trail owned and maintained by Juneau County and has a separate trail fee. It also follows an abandoned Chicago & Northwestern Railroad bed all the way to Camp Douglas and opened in the spring of 1992. The Omaha Trail is the most peaceful and secluded of our trails.

For additional information, please visit www.elroy-sparta-trail.com or www.400statetrail.org
For more information on these trails, as well as trail maps you can download at www.juneaucounty.com

YOUR ADRENALINE RUSH Awaits

PHOTOS BY TODD GALBRECHT

As residents can attest to, Juneau County has some of the most diverse and appealing scenery in the country, from the hills to the forests, the bluffs and the waterways. Each corner of the county has something special to offer. With the expansion of ATV routes, visitors can exit at any of the four Juneau County 190/94 exits, eat and stay locally, and hop on their vehicles to explore the area.

ATV/UTV riding is a great family experience and Juneau County has miles and miles of routes to explore traversing 21 municipalities. Each municipality has its own governance over ridership. It is important for visitors to know the designated roads, speed limits, age limits, time of day and dates open.

The best way to stay up-to-date and ride legally is to ride with someone who knows the area - like an ATV club member. You can join any of our clubs and experience a fun-filled, rewarding ride.

Please check with the townships to see if they have any additional ordinances prior to ATV use. For trail map sources and township contact information visit <http://www.JuneauCounty.com/atv-utv-ing.html>

Hunting

A FAMILY TRADITION

Visit www.dnr.wi.gov/topic/hunt/ for all the information you need including what to hunt, where to hunt, regulations & requirements, animal health and testing, hunting season forecasts & summaries, and regional history.

Hunting is a true American pastime, and is something that we can share with one another. It is a tradition that's passed from generation to generation, person to person, as we learn valuable life lessons and participate in a special rite of passage.

Juneau County has so much to offer the sportsman, whether it's hunting whitetail, wild turkey, bear, coyote, ducks & geese, or even delicious wild mushrooms, this is the place you want to be!

CABINS & CAMPGROUNDS

best. summer. ever.

Juneau County is home to Beautiful Buckhorn State Park located on Castle Rock Lake. Buckhorn State Park is a paradise for water enthusiasts, hunters, hikers, campers and nature lovers. The park and two adjacent state wildlife areas cover more than 8,000-acres on a peninsula in the Castle Rock Flowage of the Wisconsin River and along the connecting Yellow River. Family and group campsites, unique cart-in camping, a cabin for people with disabilities, canoe trail, and an accessible fishing pier, are all available at Buckhorn State Park.

Juneau County boasts two fantastic county parks: the Castle Rock and the Wilderness. There are also many private resorts and campgrounds nestled throughout the wooded landscape on or near lakes and rivers...each with something unique and special to offer.

PLEASE PURCHASE ALL FIREWOOD LOCALLY.

Firewood can harbor many different kinds of invasive pests and diseases that are harmful to Wisconsin's trees in both forest and urban settings. Gypsy moth, oak wilt, and emerald ash borer hitchhike on firewood, to name just a few, making their way easily into previously unaffected, healthy areas. This poses a serious threat to trees throughout the state. Although it is still legal to move firewood in certain areas, it is almost always a bad idea to do so. Moving firewood can put the trees at your destination at risk.

Amish Country TOURS

It has been reported that Wisconsin is quickly growing into the state with the fourth largest Amish population. A fact many Juneau County locals wouldn't in the least find surprising.

Often confused for Amish are the Old German Baptist Brethren and the Mennonites, two other cultures who also live and work in the area. All three share a common history and roots.

You can find the fruits of their labor for sale at various shops, festivals and outside markets. Known for their cheese making, wood crafts and furniture, along with their quilts - each item represents a living history.

RUSTIC ROAD #121

Fall Colors in JUNEAU COUNTY

Juneau County has so many routes from which to see the changing foliage each year!

Check Our Fall Color Report to see peak dates:

<https://www.travelwisconsin.com/fall-color-report>

Ready for a scenic drive? Visit Juneau County's officially designated Wisconsin Rustic Road #121! This 2.9 mile section has spectacular views of bluffs and ridges, and you will overlook classic views of Central Wisconsin farmlands. Beautiful any season of the year!

Begin 2 miles north of Elroy where Lee Road meets Hwy 80.

For general information on rustic roads, go to <https://wisconsin.gov/Pages/travel/road/rustic-roads/default.aspx>

THE BEST LOCAL PRODUCTS

SEE COMPLETE LIST OF VENDORS ON PAGES 38-40

Your trip through Juneau County reveals a true cornucopia of agriculture! Major crops and livestock include **dairy cows, corn, soybeans, beef cows, hay, alfalfa, hogs, winter wheat, cranberries, oats and sheep/lambs.**

Others found are **apples, asparagus, buckwheat, dairy goats, emus, garlic, ginseng, honey bees, industrial hemp, laying hens, sorghum, strawberries, sudan grass, and sunflowers.**

In addition there are many farm stands, farmers markets, hobby farms and butcher shops to visit, tour, and sample local produce. Market dates are listed in the event calendar pages at the end of this guide. Ever tried a **bison burger**? Used **emu oil skin care products**? Made pesto with **garlic scapes**? Sampled **lavender tea**? Watched **fresh cheese curds** being made? Put **real maple syrup** on your pancakes? **Stomped grapes into wine** with your own two feet?

Seasonally you can even **pick your own produce** like **apples, blueberries, strawberries, pumpkins, or Christmas trees.**

Local historical societies and museums display antique farm equipment amongst other items. You may drive by some of the **round barns** that were once very popular, or notice a colorful **barn quilt.**

Winter Fun IS IN SEASON

The trails in Juneau County are so diverse that you'll never get bored, from the hills to the valleys, the rivers and woods to the expansive flat-lands, you'll enjoy every moment. So let the adventure begin!!

Snowmobiling in Juneau County is a lot of things. It's gliding along on a well-groomed trail with your friends on a clear, crisp day watching the shimmering trees zoom by. It's traveling on a moonlight night with somebody special riding behind you as you wind your way to that favorite night spot. It's stopping to watch a herd of whitetails or a flock of turkeys disappear in a flash or listening to the sounds of the woods, rivers and lakes before moving on. We have hundreds of miles of trails that are well-groomed and clearly marked thanks to the efforts of our local snowmobile clubs.

Try cross-country skiing this winter. It may not be as fast as down-hill skiing but it will tone your upper and lower body while giving you a great cardio workout! The Buckhorn State Park has dedicated trails that are track-set when there is sufficient snow.

Or try snowshoeing, slush along snow-covered trails and have great conversation while taking in the beauty of nature. Snowshoes can be rented for free from the Necedah National Wildlife Refuge and from the Buckhorn State Park.

Locally owned & operated

WE INVITE YOU TO ENJOY OUR COUNTY'S UNIQUE NATURAL BEAUTY

- Castle Rock and Petenwell lakes, the second and fourth largest lakes in Wisconsin
- Three major recreational trails, the Elroy-Sparta Bike Trail, the Omaha Trail, and 400 State Bike Trail
- Rock formations such as Castle Rock and Petenwell Rock
- The beautiful sandstone cliffs of the Wisconsin River
- Some of the most beautiful and best golf courses in the region
- Native American effigies and other sites
- Several wildlife viewing areas, such as the Sprague Mather Flowage, Eagle's Nest, and the Necedah Wildlife Refuge, a national wildlife preserve
- Breathtaking bluffs, including Target Bluff, Mill Bluff & Mile Bluff

Juneau County is your pathway to adventure. Whether you're spending some time on our beautiful lakes, rivers or streams, hiking or biking our many trails, enjoying a round of golf, taking your family on an ATV adventure, snowmobiling on a groomed trail, relaxing by your campfire after a day of exploring or enjoying the many tastes of Juneau County.

Juneau County's natural beauty brings year round pleasure to area residents and visitors alike. Geographical diversity is a hallmark of Juneau County. From sand country to hill country, from northern forests to unglaciated "driftless areas," we have beautiful and scenic landscapes.

Most of what is today's Juneau County was carved out of the sandstone bedrock during the last North American Glacial Period some 18,000 years ago. For a long time, Juneau County was covered by the glacial Lake Wisconsin. The lake (up to 150' deep) stretched over 1,800 sq. miles from Tomah to the west and up to Stevens Point in the north. A huge natural dam formed by rock, earth and sand burst some 14,000 years ago. After three days it took to drain the lake, the runoff created a new course for the Wisconsin River, carved out the Wisconsin Dells and moved south toward Baraboo to create Devil's Lake.

The rocky outcroppings, called buttes or bluffs, you see throughout the central and northern part of the county are really the tops of islands that dotted the surface of glacial Lake Wisconsin. If you're ambitious, climbing to the top of one of these 'islands' shows you the outline of the old lake. The low and sandy prairies you see are the old lakebed.

Much of the southern part of the county escaped the destructive force of the last glacial period and is part of the "driftless" region of Wisconsin. Deep valleys, high ridges and quiet rural life make this area a special place to visit.

We invite you to embark on your Juneau County adventure. We know you'll find a reason to stay for a day, a week, or a lifetime.
