

**Mandatory Language for Monitoring/Reporting Violation  
Failure to Submit a Disinfectant Level Quarterly Operating Report (DLQOR)  
MONITORING, ROUTINE (DBP), MAJOR/CHLORINE**

The CITY OF LAMESA water system PWS ID 0580001 has violated the monitoring/reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Title 30, Texas Administrative Code (30 TAC), Section 290, Subchapter F. Public water systems are required to properly disinfect water before distribution, maintain acceptable disinfection residuals within the distribution system, monitor the disinfectant residual at various locations throughout the distribution system, and report the results of that monitoring to the TCEQ on a quarterly basis.

Results of regular monitoring are an indicator of whether or not your drinking water is safe from microbial contamination.

This/These violation(s) occurred in the monitoring period(s) 2nd Quarter  
<monitoring period of violation>

We are taking the following actions to address this issue:

All Samples were collected. The sample report was submitted on September 13, 2021. TCEQ returned the City to compliance on 10-21-21  
<corrective actions>

Please share this information with all people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions regarding this matter, you may contact 806 332-9036 at Ernest Qeda
