LYON TOWNSHIP ELECTRICAL PERMIT APPLICATION

5. HOMEOWNER AFFIDAVIT: I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the electrical code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

Homeowner/Applicant Signature: Date:

6. CONTRACTOR PERMIT: I hereby certify that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his/her authorized agent, and we agree to conform to all applicable laws of the State of Michigan and the Charter Township of Lyon codes and ordinances.

Section 23a of the State Constitution code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of sections 23a are subject to civil fines.

Contractor Applicant Signature: Date:

7. INSTRUCTIONS FOR COMPLETING THE APPLICATION:

General: Electrical work shall not be started until the application for permit has been issued. All installations shall be in conformance with the Electrical Code. No work shall be concealed until it has been inspected.

Expiration of Permit: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within 6 months after issuance of the permit or if work is suspended or abandoned for a period of 180 days after the time of commencement of work.

Inspection of Completed Work: The holder of any permit issued pursuant to the requirements in this section (Lyon Twp Ordinance Section 10.01 E) shall notify the Building Official immediately upon completion of the work authorized by the permit for a final inspection and to request certificate of occupancy / completion.

8. FEE SCHEDULE:

Enter the number of items being installed and multiply by the unit price for total fee.

*Item # 22, Mobile Home Unit Site: When installing a site service in a park, the permit application must include the application fee, service, the number of park sites and a final inspection. When setting a HUD mobile home in a park, a permit must include the application fee, service, feeder and a final inspection. These shall be done by a licensed electrical contractor. When setting a HUD mobile home or a premanufactured home on a private property, a permit must include the application fee, service, feeder and a final inspection.
