Chief of Police Message

Dear Mayor Carlson and City Council members:

I am pleased to submit the 2024 North Mankato Police Department annual report to you and the residents of North Mankato.

Contained within is a detailed summary of events and operations the police department undertook throughout the course of the last year. It is our hope that as you review this document it will illustrate your police department's commitment to public service, engagement, and providing quality public safety services.

In 2024, the police department handled 9,901 calls for service, which was a slight decrease (-1.02) from the previous year. The top four incidents in 2024 were: 2,786 traffic stops conducted throughout the city (an 11% increase), 1,017 medicals responded to (a 4% decrease), 401 public assistance calls responded to (a 4% increase), and records staff handled 729 public records requests (a 29% decrease). A full list of statistics can be found on pages 12-15 of this report.

We saw a -13.6% decrease in Part A offenses in 2024 with 435 cases reported compared to 504 in 2023. There was a marked increase in Part B offenses with the largest increase being seen in DWI arrests with 98 DWI arrests made in 2024 compared to 53 in 2023. More detailed information on crime statistics can be found on pages 9 and 10.

We welcomed three new officers to our ranks in 2024. Recruitment continues to be a challenge as police agencies across the region and state struggle to find candidates. As we look ahead into 2025, we anticipate seeing some retirements of long-serving officers and the need to bring new officers into the agency. This will also offer the opportunity for promotion and advancement of existing staff.

The dedicated members of the North Mankato Police Department continue to provide quality police services and are committed to keeping our community safe. This work is made possible by the overwhelming support of the City Council, City Administrator, and the community. On behalf of the entire agency, I thank you for your continued support, and we look forward to serving the community in 2025.

Respectfully submitted,

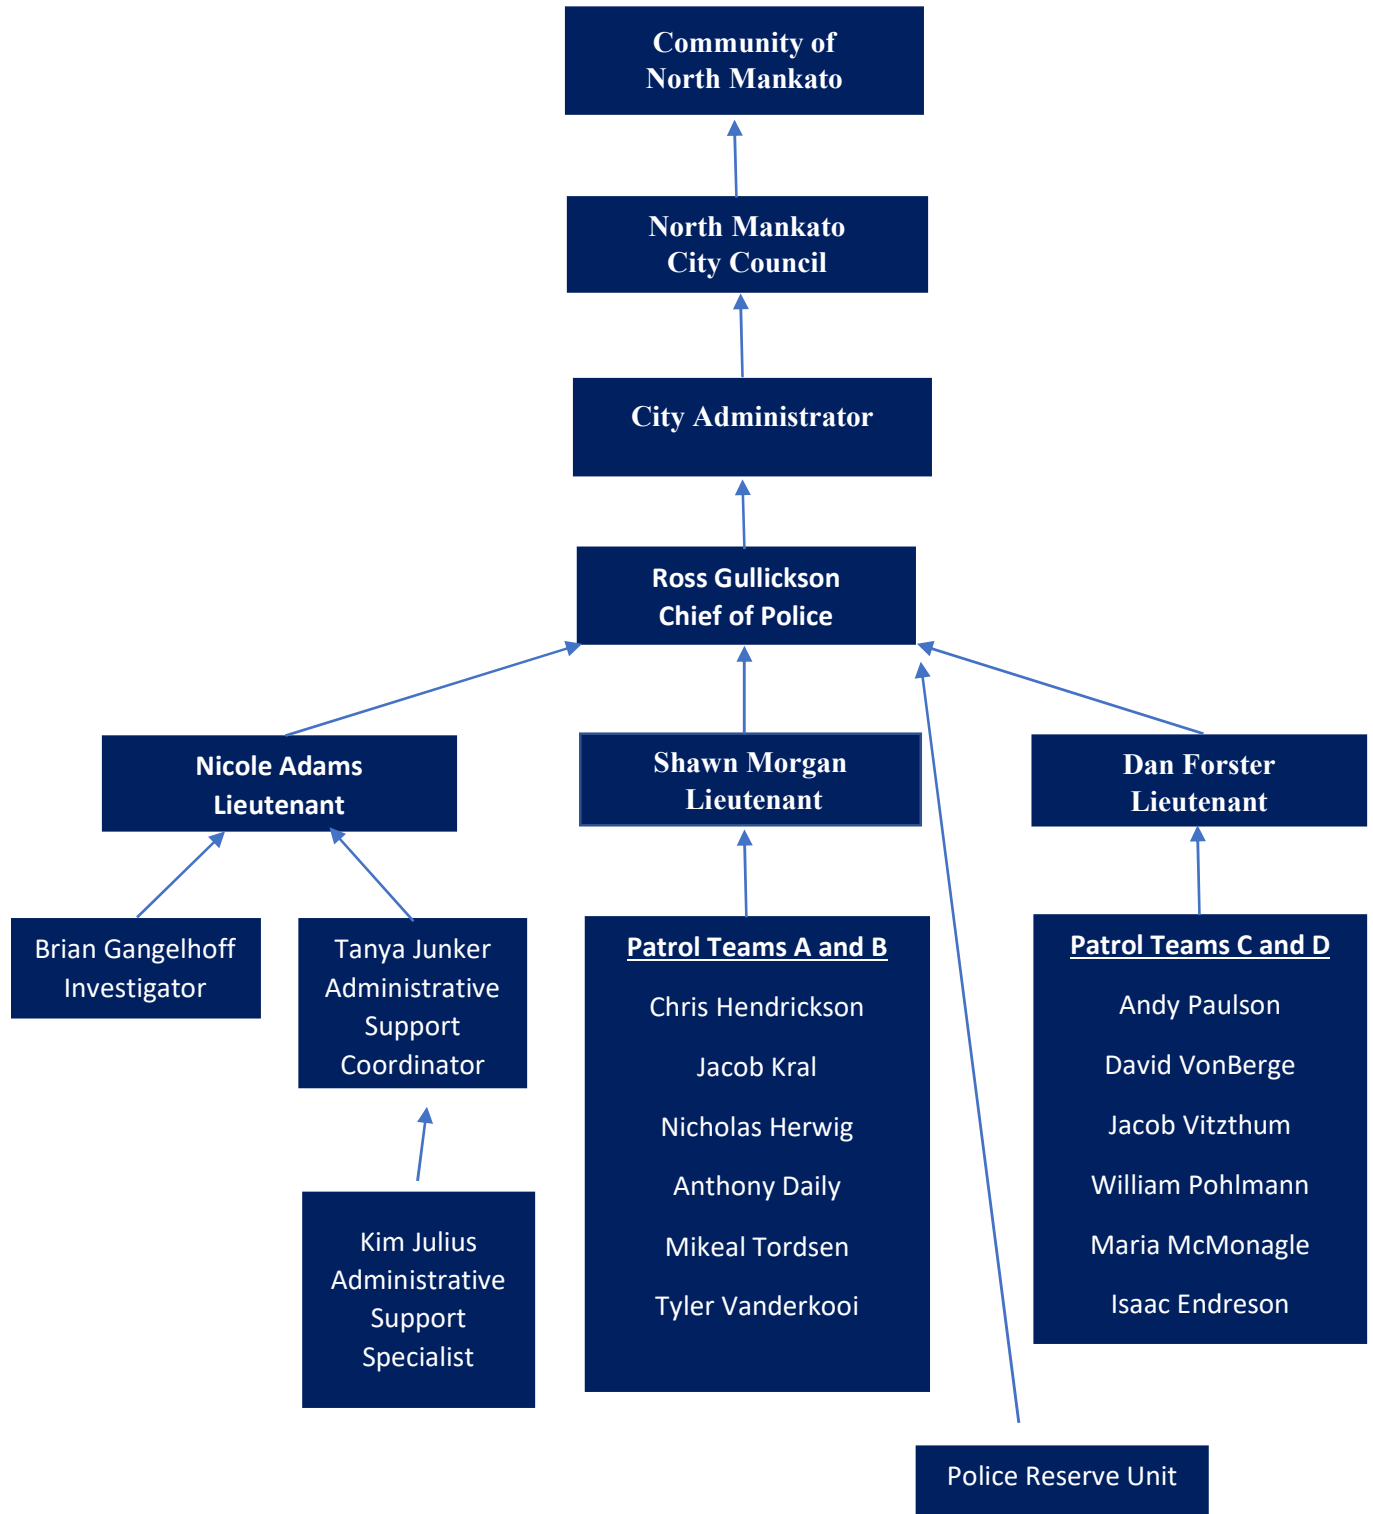

Chief Ross Gullickson
North Mankato Police Department

Training

Officers who serve the citizens of North Mankato receive a wide variety of training. Some of the training is mandated by the State of Minnesota. These areas include Firearms, Response to Resistance, Emergency Driving, Crisis Intervention/Mental Illness, Conflict Management/Mediation and Recognizing Diversity and Cultural Differences. The department utilizes an online training service through the League of Minnesota Cities to provide training that can be completed at any time and requires no travel. The training includes any new court decisions and how they affect law enforcement, Occupational Safety and Health Administration (OSHA) classes and critical knowledge for officers. The average officer devotes over 50 hours a year to training. North Mankato Police Officers collectively completed 363 hours of online and 884 hours of in person training in 2024.

Investigations

The investigations unit consists of supervisor Lieutenant Nicole Adams and Investigator Brian Gangelhoff. This unit is responsible for the coordination of all types of criminal investigations from misdemeanor to felony level crimes. In addition to investigating criminal cases, the unit oversees local predatory offenders and coordinates local compliance checks. Currently there are 36 registered offenders in the City of North Mankato.

The investigation unit also maintains a secure drop box which allows citizens to anonymously dispose of waste pharmaceuticals and narcotics free of charge. In 2024, 409 pounds of pharmaceutical waste including prescription drugs, over-the-counter medicines, narcotics, vitamins, supplements, and ointments were collected. Since inception in 2015, 2,699 pounds of pharmaceutical waste have been properly disposed of at a licensed incinerator within the State of Minnesota.
