Board of Finance Members

Michael Nastri, Chairman
Jeffrey Plourde, Vice Chairman
Robert Mirabal, Secretary
Liz Gorgoglione
Kenneth Hjulstrom
John (Jack) H Fidler

Board of Finance Alternate Members

Christopher Barella
Sal Senna
Karen Pakulis Paul

Board of Finance Regular Meeting Minutes Thursday, August 17, 2023 7:00 PM

Marlborough Senior Center

1. Call to Order, Alternate Appointment

Michael Nastri called the meeting to order at 7:00 pm.

Present were Ken Hulstrom, alternate Karen Pakulis Paul was seated for Jack Fidler, alternate Chris Barella was seated for Liz Gorgoglione, alternate Sal Senna was seated for Jeff Plourde, Mike Nastri and David Porter-Town Manager

Mr. Nastri noted Susan Lester passed last weekend and asked for a moment of silence.

2. Public Comment - none

3. Additions to Agenda – none

Mr. Nastri will attend the All Boards Meeting on August 28, 2023.

4. New Business

a. BOE request - Transfer of funds (Motion required)

Mr. Nastri spoke with Holly Hageman, Superintendent of Marlborough Public Schools, and suggested moving \$45,000 from the roofing capital account to fund the elevator repair.

Mr. Nastri motioned to approve \$45,000 transfer from the roof capital account to the elevator repair.

Mr. Hjulstrom suggested using the projected surplus for the year rather than transfer from one capital account to another. Discussion followed.

Mr. Senna seconded the transfer from roof to elevator. All in favor and motion carried.

b. CLA SAS memo review

Mr. Nastri shared the memo with the BOF (see attachment below). Audit should be completed in November. Hayley Wagner has been assisting in completing this task.

5. Reports

a. Financial Reports – June 2023

Financial reports were presented for July, not June as noted in the email and agenda. Mr. Nastri did not have much to review. Ms Pakulis Paul asked about why the detailed line items are not provided for the school, only the bottom-line budget number is listed. Since Louise Concodello (BOE Secretary) was present the question was posed to her why these details are not included. Ms. Concodello reported the BOE is only required to provide a bottom line budget number to the BOF although she was sure it would not be an issue to submit the detail behind it. Mr. Nastri will investigate this and request a periodic statement.

b. Liaison Reports (RHAM, Local BOE)

There was no update from RHAM. Mr. Hjulstrom believes RHAM hired a facilities manager.

6. Approval of Minutes

a. July 20th Regular Meeting

Sal Senna motioned to approve minutes as presented. Ken Hjulstrom seconded. Chris Barella abstained. All other members approved and motioned carried with one abstention.

June 2023 minutes were tabled to the next meeting.

7. Correspondence - none

8. Public Comment

Ms. Concodello reminded all in attendance Marlborough Day is August 27, 2023.

All members of the BOF introduced themselves to Mr. Porter and provided background on their involvement with various commissions and town events.

9. Adjournment

Mike Nastri motioned to adjourn. Sal Senna seconded. All in favor and meeting adjourned at 7:27 pm.

Respectfully submitted,

Tracy Monterville
Board Clerk

August 8, 2023

Board of Finance
Town of Marlborough, Connecticut

We are engaged to audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Marlborough, Connecticut as of and for the year ended June 30, 2022. Professional standards require that we communicate to you the following information related to our audit. We will contact you to schedule a meeting to discuss this information since a two-way dialogue can provide valuable information for the audit process.

Our responsibility under Auditing Standards Generally Accepted in the United States of America, *Government Auditing Standards*, and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the Connecticut State Single Audit Act

Financial statements, internal control, and compliance

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS); the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the Connecticut State Single Audit Act (State Single Audit). Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Those standards also require that we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit. As part of our audit, we will:

- Identify and assess the risks of material misstatement of the financial statements and material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement or a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit that are required to be communicated under U.S. GAAS and *Government Auditing Standards*.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial

statements, including the amounts and disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.
- Form and express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America.
- Plan and perform the audit to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS and the standards for financial audits contained in *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
- Perform, as part of obtaining reasonable assurance about whether the financial statements as a whole are free from material misstatement, tests of the entity's compliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our tests is not to provide an opinion on compliance with such provisions and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.
- Provide a report (which does not include an opinion) on internal control over financial reporting and on compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements, as required by *Government Auditing Standards*.
- Obtain an understanding of internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over compliance. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control over compliance that we identify during the audit that are required to be communicated.
- Plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the applicable compliance requirements occurred. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS, *Government Auditing Standards*, the Uniform Guidance and the State Single Audit Act will always detect material noncompliance when it exists. Material noncompliance can arise from fraud or

error and is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report.

- Perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with the direct and material compliance requirements applicable to each major federal or state award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance and the State Single Audit.
- Consider internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit.
- Perform tests of transactions and other applicable procedures described in the “OMB Compliance Supplement” and the “Compliance Supplement to the State Single Audit” for the types of compliance requirements that could have a direct and material effect on each of the entity’s major programs. The purpose of these procedures will be to express an opinion on the entity’s compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and the State Single Audit. While our audit will provide a reasonable basis for our opinion, it will not provide a legal determination on the entity’s compliance with those requirements.
- Provide a report on internal control over compliance related to major programs and express an opinion (or disclaimer of opinion) on compliance with federal and state statutes, regulations, and the terms and conditions of federal or state awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance and the State Single Audit.
- Communicate significant matters related to the financial statement audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.
- Communicate matters required by law, regulation, agreement, or other external requirements.
- Communicate circumstances that affect the form and content of the auditors’ report.

Our audit of the financial statements does not relieve you or management of your responsibilities.

Supplementary information in relation to the financial statements as a whole

Our responsibility for the schedule of expenditures of federal awards (SEFA) and the Schedule of Expenditures of State Financial Assistance (SESFA) accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the SEFA and the SESFA in relation to the financial statements as a whole and to report on whether the SEFA and the SESFA are fairly stated, in all material respects, in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the SEFA and the SESFA to determine whether the SEFA and the SESFA

complies with the requirements of the Uniform Guidance and the State Single Audit, respectively, the method of preparing the schedules has not changed from the prior period, and the SEFA and the SESFA is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the SEFA and the SESFA to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Because we were engaged to report on the supplementary information accompanying the financial statements, our responsibility for other supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the information to determine whether the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Required supplementary information

With respect to the required supplementary information (RSI) accompanying the financial statements, we will make certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We will compare the RSI for consistency with management's responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we will not express an opinion or provide any assurance on the RSI.

Use of financial statements

Our auditors' opinions, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document. You are responsible to provide us the opportunity to review such documents before issuance.

Planned scope and timing of the audit

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit of the financial statements will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or

governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters may be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

Although our audit planning has not been concluded and modifications may be made, we have identified the following significant risk(s) of material misstatement as part of our audit planning:

- Management Override of Controls

As a result of unexpected events, changes in conditions, or the audit evidence obtained from the results of audit procedures performed, we may need to modify the overall audit strategy and audit plan and, thereby, the resulting planned nature, timing, and extent of further audit procedures, based on the revised consideration of assessed risks.

We expect to begin our audit on approximately August 2023 and issue our report on approximately November 2023.

Other planning matters

Recognizing the importance of two-way communication, we encourage you to provide us with information you consider relevant to the audit. This may include, but is not limited to, the following items:

- Your views about the following matters:
 - The appropriate person(s) in the entity's governance structure with whom we should communicate.
 - The allocation of responsibilities between those charged with governance and management.
 - The entity's objectives and strategies and the related business risks that may result in material misstatements.
 - Matters you believe warrant particular attention during the audit and any areas for which you request additional procedures to be undertaken.
 - Significant communications between the entity and regulators.
 - Other matters you believe are relevant to the audit of the financial statements.
- The attitudes, awareness, and actions of those charged with governance concerning (a) the entity's internal control and its importance in the entity, including how those charged with governance oversee the effectiveness of internal control, and (b) the detection or the possibility of fraud.
- The actions of those charged with governance in response to previous communications with the auditor.

- Your understanding of the risks of fraud and the controls in place to prevent and detect fraud, including your views on the following matters:
 - The “tone at the top” conveyed by management.
 - The risk that the entity’s financial statements, schedule of expenditures of federal awards or schedule of expenditures of state financial assistance might be materially misstated due to fraud.
 - Programs and controls that the entity has established to mitigate identified fraud risks or that otherwise help to prevent, deter, and detect fraud.
 - How and how often you review the entity’s policies on fraud prevention and detection.
 - If a fraud hotline is in place, how it is monitored and how you are notified of allegations or concerns.
 - How you exercise oversight of management’s processes for identifying and responding to the risks of fraud and the programs and controls management has established to mitigate those risks.
 - The risks of fraud at the entity, including any specific fraud risks the entity has identified or account balances, classes of transactions, or disclosures for which a risk of fraud may be likely to exist.
 - Examples of fraud-related discussions management has had with you.
 - Any actual or suspected fraud affecting the entity or its federal or state award programs that you are aware of, including measures taken to address the fraud.
 - Any allegations of fraud or suspected fraud (e.g., received in communications from employees, former employees, grantors, regulators, or others) that you are aware of.
 - Any knowledge of possible or actual policy violations or abuses of broad programs and controls occurring during the period being audited or the subsequent period.
 - Any accounting policies or procedures applied to smooth earnings, meet debt covenants, minimize taxes, or achieve budget, bonus, or other financial targets that you are aware of; and whether you are aware of any accounting policies that you consider aggressive.
- How you oversee the entity’s (1) compliance with laws, regulations, and provisions of contracts and grant agreements, (2) policies relative to the prevention of noncompliance and illegal acts, and (3) use of directives (for example, a code of ethics) and periodic representations obtained from management-level employees about compliance with laws, regulations, and provisions of contracts and grant agreements.

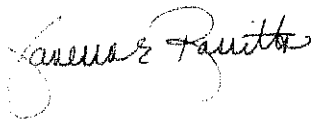

- Whether you are aware of any noncompliance with laws, regulations, contracts, and grant agreements, including measures taken to address the noncompliance.
- If the entity uses a service organization, your knowledge of any fraud, noncompliance, or uncorrected misstatements affecting the entity's financial statements or federal or state award programs reported by the service organization or otherwise known to you.

* * *

This communication is intended solely for the information and use of the Board of Finance and management of Town of Marlborough, Connecticut and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

CliftonLarsonAllen LLP
