

**TOWN OF MARLBOROUGH  
Water Pollution Control Authority  
Meeting Minutes  
Thursday, July 13, 2023  
7:30 p.m.  
MARLBOROUGH TOWN HALL**

1. Call to Order  
Ben Levin called the meeting to order at 7:32 pm.
2. Roll Call  
Present were Ben Levin, Charles Denler, David McKay, Anthony Bratz, and Peter Hughes-Director of Planning & Development.
3. Public Hearing – None
4. Old Business – Ben Gilmore of the East Hampton WPCA provided the commission with a status update of the drives at the pump station. Mr. Gilmore explained that drive #2 was replaced 6-7 years ago and that drives #1 and #3 are not working properly due mostly to electrical issues. He advised that it would be best to replace the entire drive. He received three quotes with lead times anywhere from the material being in stock or 1-2 weeks or 4-months depending on the vendor. The town's preference is to use the previous vendor Alan & Bradley who will complete the entire installation including electrical upgrades.

**David McKay made a motion to move forward with the replacement of drives #1 and #3 with ABB drives from Flowtech and pay for the upgrade from 6 to 18 pulse. Charles Denler seconded the motion. All were in favor; the motion was passed.**

5. South Main Street Sewer Extension Project – None
  - a. Construction Update
  - b. Invoice
6. New Business
  - a. North Main Street drive replacement – see Item 4 above
7. Town Staff Report  
Mr. Hughes advised that a budget will be provided next week and that transfers have been made. The Zoning Commission has approved the zone change for North Main Street. He explained that this will be a 2-3 year project and to expect an application in the fall. He advised that the South Main Street project will submit their application in the fall as well and that these projects will generate approximately \$800,000 to the capital undesignated fund balance. The grinder pumps are going well with not many

repairs. Repairs are being done on site. The pump house has been cleaned up and organized and the Bioxide has been delivered, the exhaust fan will need to be replaced and a heat exhaust will be installed. The North Main Street sidewalk project is proceeding – curb stops will be in the sidewalk with curb box/cylinders – Mr. Hughes confirmed that the check valves are in the sidewalk with easy access.

8. Other Business – None
