

Village of Maywood Community News August 2021

**Wine Down
Wednesdays**

From the Desk of the Mayor Nathaniel George Booker

The month of July 2021 was an eventful one. We kicked off our monthly Community Public Safety meetings which will be held every 4th Monday of the month and we launched Let's Talk Maywood – Breakfast/Evening with the Mayor. The breakfast and evening community meetings will rotate by month to allow for various times to meet every 3rd Thursday of the month. During the month of June, we also launched TeenZone (ages 13-19) at the Lightford Recreation Center. This provides Friday fun, 4p – 8p for our youth to be engaged in fun activities and mentorship.

As we prepare to return to school, public safety and community unity is at the forefront for August. Inside you will find many community activities to enjoy. As we continue to Move Maywood Forward Together, I am happy to see Unity in the Community.

Stay tuned for updates coming in September 2021 as we prepare for the upcoming community event, **State of Maywood – 1st 100 Days in Office.**

Mayor Nathaniel George Booker

Welcome to Maywood Fest 2021

Maywood Festival Friends of the Festival Sponsorship Information Brochure *a Unity in the Community Experience*

Maywood Festival was born out of an idea to create some fun activities to do in Maywood Park. The festival began as a simple community picnic with residents and a few activities. Since then, the festival has grown to three full days of over 20 vendors, a wide variety of entertainment and a host of activities for the entire family.

Currently, Maywood Festival has become the largest community event in the Village of Maywood.

The average attendance consists of over 5000 patrons per day. The festival has something for everyone! Attendees are certain to enjoy a wide variety of food; kids will have access to a fun zone, get face paintings, and gaming. Music lovers will be delighted with two stages packed with music, live entertainment and much more.

Friday, September 10 – Sunday, September 12, 2021

September 10th - 3:00pm to 10:00pm

September 11th - 11:00am to 10:00pm

September 12th - 12:00pm to 8:00pm Festival

Maywood Park located at 5th - Avenue & Oak Street Maywood, IL 60153

“We are excited to bring back the Maywood Fest to our community. We look forward to your sponsorship and partnership as we Move Maywood Forward Together”

Mayor Nathaniel George Booker

Why Should You Become a “Friend of the Festival”

The festival began as a simple community picnic with residents and a few activities, since then, the festival has grown to three full days of over 30 vendors and a wide variety of entertainment and all sorts of activities for the whole family.

Today it has become the largest community events in the Village of Maywood with the average attendance of over 5000 patrons per day. Our festival has something for everyone!! Attendees will enjoy a wide variety of food; kids can bounce on inflatables, get face paintings, and gaming. Music lovers will be delighted with two stages packed with music, live entertainment and much more.

The coming together of people with a common interest binds communities, strengthens friendships, and exposes people to new ideas and directions. Events help communities grow and thrive. The Village of Maywood and the Maywood Park District see community events as being vital in weaving the fabric that is our community. But local government can't do it alone – we need partners who can help present these events to the community – in lots of ways.

“Friend of the Festival”

Triton Community College
2000 S 5th Ave, River Grove, IL

Getting vaccinated will protect yourself and those around you and will help keep your community healthy.

The vaccine will not give you COVID-19. The COVID-19 vaccine cannot create an infection and you will not be contagious.

The vaccine works with your immune system so you can better fight the virus if you are exposed.

Most of the available vaccines require two doses. The first dose primes your immune system to respond to the virus, the second dose makes the effects of the vaccine last longer. By having more than one dose, the vaccine will allow your body to have a more effective response to the virus.
