## DECKS REQUIRING BUILDING PERMITS

RETURN A SIGNED COPY OF THIS PAGE TO THE CITY WITH SUBMISSION.

Decks are regulated by the Pennsylvania Uniform Construction Code if the deck floor will be more than 30 inches above grade at any point or if there is a roof on the structure. If your project meets either of those parameters, please use this application. If your project does not meet either of those parameters, please see "Decks Requiring Zoning Permits."

## REQUIRED INSPECTIONS FOR DECKS

- \_\_\_\_\_ **Footing:** After the post holes are dug and/or footing forms are set, before concrete is poured
- \_\_\_\_\_ **Structural:** Prior to installing decking materials. If a roof is to be installed over the deck, an inspection should be requested prior to installation of ceiling material
- \_\_\_\_\_ **Final:** Upon completion

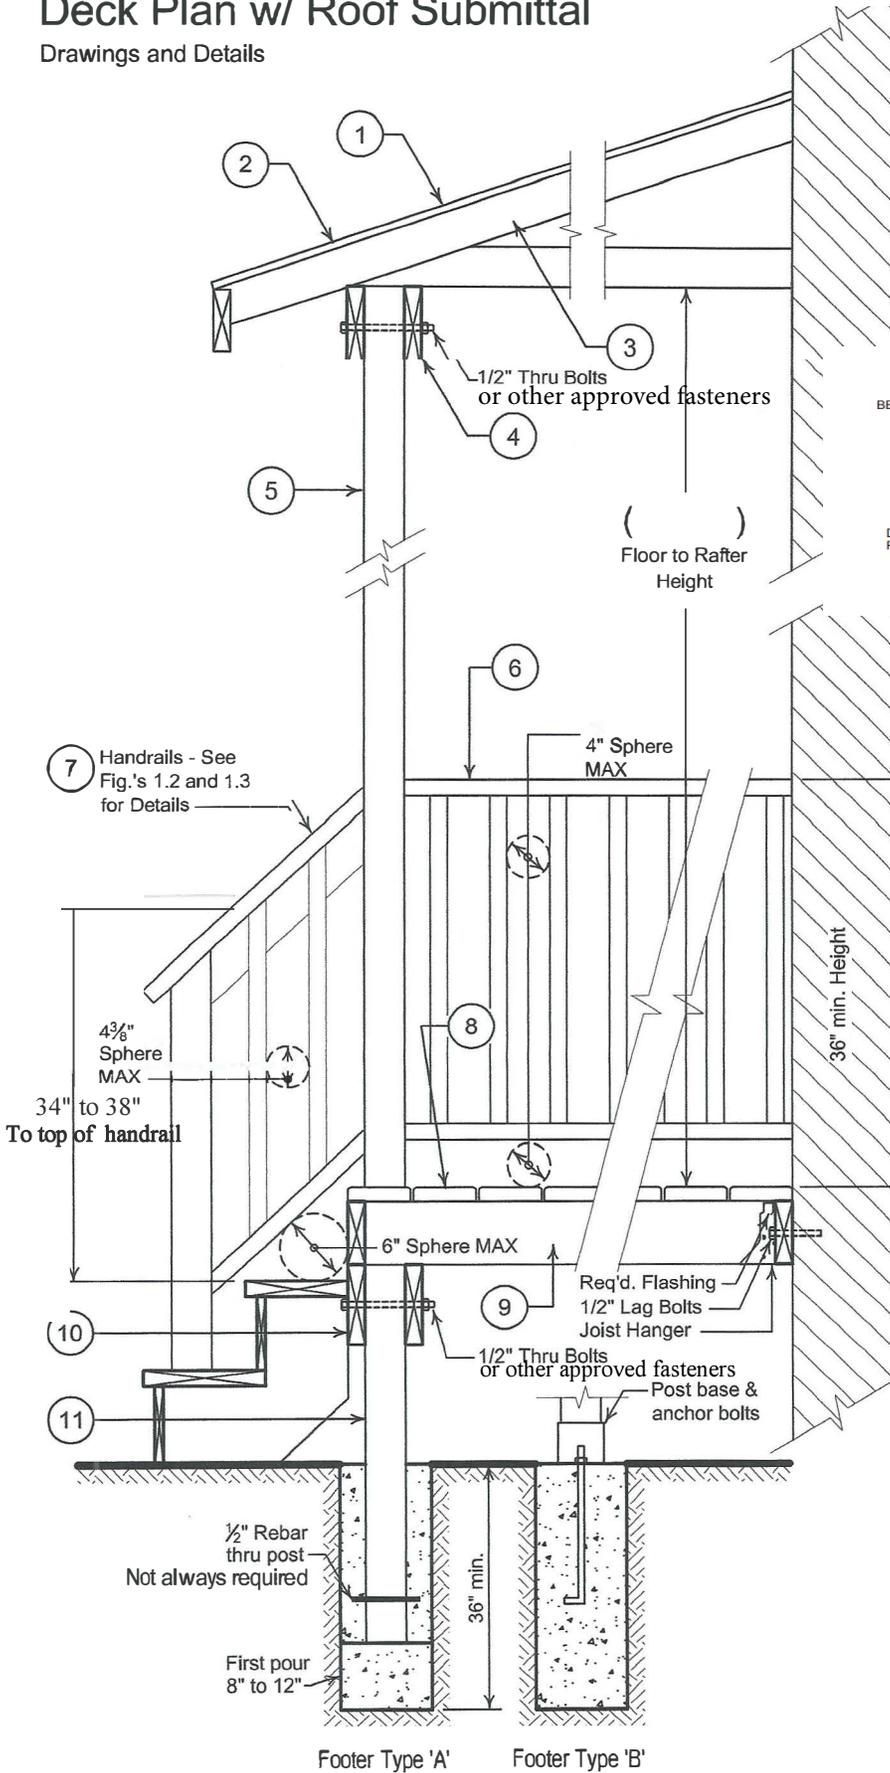

**\*The permit holder or an authorized agent shall notify the inspector when work is ready for inspection and provide access for the inspection.\***

## NOTES

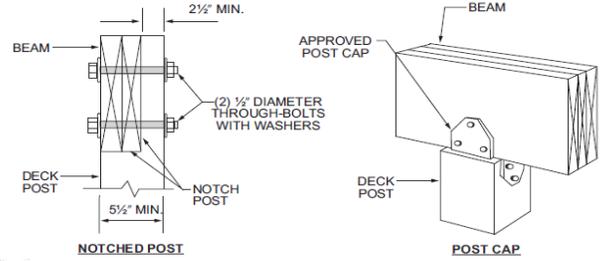

- The City shall grant or deny a residential application, in whole or in part, within 15 business days of the filing date or the application is deemed approved. Reasons for the denial shall be in writing and provided to the applicant.
- Certificates of occupancy are required before occupying any building or portion thereof constructed or altered under a building permit issued under the UCC.
- Building permit must be posted at the work site and clearly visible from the road, until completion of project. Approved plans must be available at all times for inspection. Applicant is responsible for scheduling all inspections.
- A permit becomes invalid if the authorized construction work fails to begin within 180 days after the permit's issuance or if the authorized construction work is suspended or abandoned for 180 days after the work has commenced. Should a permit holder need more time to begin or complete the project for just cause, the permit holder may submit a written request for an extension of time to commence or continue construction. A permit may be valid for no more than 5 years from its issue date.
- Work shall be installed in accordance with the approved construction documents. The permit holder shall submit a revised set of construction documents for approval for changes made during construction that are not in accordance with the approved construction documents.
- Property/pedestrian protection. Any demolition or construction activity must comply with the City's Construction Area Protection Requirements for the duration of the work.

## AFFIDAVIT OF EXEMPTION

The undersigned affirms that he/she is not required to provide workers' compensation insurance under the provisions of Pennsylvania's Workers' Compensation Law for one of the following reasons, as indicated:

\_\_\_\_\_ Property owner performing own work. If property owner does hire contractor to perform any work pursuant to building permit, contractor must provide proof of workers' compensation insurance to the municipality. Homeowner assumes liability for contractor compliance with this requirement.

\_\_\_\_\_ Contractor has no employees. Contractor prohibited by law from employing any individual to perform work pursuant to this building permit unless contractor provides proof of insurance to the municipality.

\_\_\_\_\_ Religious exemption under the Workers' Compensation Law. All employees of contractor are exempt from workers' compensation insurance (attach copies of religious exemption letters for all employees).
