Myrtle Creek Urban Renewal Agency Budget Message

Chairman and Budget Committee Members,

I am pleased to present our budget for the Myrtle Creek Urban Renewal Agency for 2023/2024. It is with great thoughtfulness and dedication that Staff has prepared this balanced budget for your perusal. I would especially like to thank our Financial Officer Lesley Hiscocks for her time and efforts to prepare this budget document.

The Myrtle Creek City Council has appointed the City of Myrtle Creek Budget Committee to serve as the budget committee for the Myrtle Creek Urban Renewal Agency.

The City of Myrtle Creek has numerous undeveloped and underdeveloped properties in the city limits. In an effort to establish a funding source for improving those properties, the City formed the Myrtle Creek Urban Renewal Agency (MCURA) in 2018. The urban renewal boundary included the downtown and other under or undeveloped properties in the city boundary. A Plan for the MCURA was developed, with the parameters of the agency for a 30-year time frame.

It is anticipated that the Plan will take 30 years of tax increment collections to implement. The maximum amount of indebtedness (amount of tax increment financing (TIF) for projects and programs) that may be issued for the Plan is \$8,059,393.

Goals and objectives for this Plan are intended to guide TIF investment in the area over the life of the Plan. The project category descriptions and list of projects are intended to aid future decision makers when considering how best to expend funds generated by TIF. The Plan is to be administered by the City's Urban Renewal Agency (Agency). Any amendments to the plan that are considered substantive must be approved by the City Council.

The combined total proposed fiscal year 2023/2024 Urban Renewal budget is \$1,014,555.

Revenue in the form of tax incremental revenue is expected to be \$382,595 plus net working capital in the amount of \$631,760 for a total of \$1014,555. Expenditures are projected to be \$5,000 in Operating Supplies (legal notices, etc.), \$10,000 in Contractual Services and \$200,000 in capital outlay. There are no firm plans to spend the capital outlay funds and if unused, it will carry over to the next fiscal year. As the hospital demolition project ends, we should only have residual costs in this fiscal year.

We are creating a new line item to reflect the grant program. The budget for this year's grant allocation is \$50,000. We also created an Unappropriated Ending Fund Balance line. For the 2023-2024 fiscal year we anticipated a \$799,555 ending fund balance.

The Myrtle Creek Urban Renewal Agency will support efforts to make Myrtle Creek more attractive to potential investors. Projects in the plan will improve the quality of life for the people we serve. Through careful planning and investment, we hope to achieve these goals.

Respectfully submitted,

Lonnie Rainville

City Administrator/Chief Budget Officer
