**Firehouse Roof at
456 Old Military Road, Lake Placid, NY**

The project involves removal and construction of a new roof on the fire department's main building and rear garage.

The following are the main project components:

1. Approximately 6,000 square foot commercial roof with an approximate 4/12 pitch and a 1,200 square foot garage with a 4/12 pitch.
2. Prevailing wage labor cost if applicable.
3. Provide prices for shingled and metal options.
4. Water and ice shield required.
5. Provisions for possible replacement plywood under existing shingles.
6. The winning bidder will provide all materials, supplies, and labor.
7. Existing material and old shingles are to be removed and hauled away by the contractor.
8. Site cleanup and removal of construction debris after the project completion.
9. Approximate time frame for the start of replacement to when the job will be completed.

Questions about the project can be directed to Justin Roy at
