Absent – 2 – McGhee, Welch
COMMUNICATIONS FROM THE MAYOR
I will be taking some time off this summer (Thursdays and Fridays) If you would like to stop in please call and make an appointment to ensure I am here at City Hall. I always carry my phone if there is a need to immediately reach me.

Please be mindful of the engineers out surveying the City for the new gas system. They are preparing for construction to happen in 2015!

We have received several calls in regards to flooding basements due to the rain and the high water table. There is very little the City can do for flooding basements due to the water table. We are also asking people to make sure that any sump pumps that are in their basement are not hooked up to the city sewer mains. Water pumped into the system from an alternative source is not metered and increases the cost of the utility. If you have questions please call City Hall 488-2281

The Interior Gas Utility will be meeting at Hotel North Pole (449 North Santa Claus Ln) on Monday August 25th from 5-7 pm. Please come get informed on the upcoming projects to get gas to the residents of North Pole. For more information please contact Mindy O’Neall Community Affairs Manager for the IGU at 907-374-4474 or go to Interiorgas.com

Muffins with the Mayor was a success last week and a great way for residents to come voice their concerns and address issues we have in the community. One of the items that came up for discussion was the safety at the intersection of NPHS Blvd and the Richardson Highway. I was able to inform the public that we have passed a resolution earlier this year to nominate that intersection for a FMATS safety improvement project. I look forward to continuing the Muffins tradition into the future.

I was able to have a brief meeting with Col. Winkler from Eielson AFB last week. Col. Winkler is the new ‘base commander’ for Eielson and replaces General Mark Kelly. We were able to get to know each other better and discuss his first couple months as the base commander. I look forward to a productive relationship with Eielson AFB as we move toward F-35’s in the Future.

I sent a letter to the Attorney General last week in regards to the resolution efforts regarding sulfolane. I asked for a formal seat at the table during discussions regarding sulfolane and am anxiously awaiting a response.
I was honored to address the teachers at their first day of school last week. Some of the new teachers were my fellow classmates and some of my old teachers were still there. I was able to share about the impact teachers have on their students and the importance of the search for knowledge.

I am pleased to announce that the Memorial Park will enter into the design stages as we were able to sign an agreement with Design Alaska to do the design and public participation plan in the creation of the park. Using the IRS forfeiture monies the City will partner with Design Alaska to complete a construction ready set of Plans and cost estimate for the construction of the park in 2015.

COUNCIL MEMBER QUESTIONS OF THE MAYOR
None

COMMUNICATIONS FROM DEPARTMENT HEADS, BOROUGH REPRESENTATIVE AND THE CITY CLERK

Police Department, Chief Dutra
- Talk about VIP’s and explorers. Over the years assisted us with crowd control, fingerprinting of children, bike rodeo’s, volunteers for active shooter and more. This money came from a drug dealer inside the City of Fairbanks and this money should go back into a worthy cause to help support the community and I couldn’t think of a more deserving group. Lorna has been the Director of this group for many years and it is my understanding both the VIP’s and Explorers struggle with funding.
  - Under Asset Forfeiture rules: Recently authorized.
- We just hired back Officer Nathaniel Missimer who was a reserve officer for us for short period.
- Lorna Illingworth stated that the Police Explorer Program give young adults an opportunity to learn about law enforcement and make a difference in the community. Explorers participate in all of the following activities:
  - Law Enforcement Training
    - Police Procedures
    - Criminal Laws
    - Ride-Along
    - Firearms Safety
    - Self Defense
    - Leadership Training
  - Teaching Younger Kids
    - Drug Awareness
• Bike Safety
• Personal Safety
• **Community Service**
  • Bicycle Patrol
  • Graffiti Removal
  • Crime Prevention Projects
• **Assisting Police**
  • Evidence Searches
  • Searches for Missing Persons
  • Traffic and crowd Control for Special Events
  • Assist with Law Enforcement Training as Role Players
• **Social Activities**
  • Camping Trips
  • State Conferences
  • Parties
  • National Conferences
  • Movie Nights

Applicants are now being accepted for the next Explorer Academy. Applications are available at your school counselor’s office or Fairbanks Police Department, 911Cushman St. or online at: [www.fairbanksalaska.us/fpd-volunteer-explorer](http://www.fairbanksalaska.us/fpd-volunteer-explorer).

**City Accountant, Lisa Vaughn**
• Update on July financial statement and other revenues within the City budget.

**Fire Department, Chief Lane**
• None

**Director of City Services, Bill Butler**

**Building Department**
• New commercial permit issued for AT&T Reseller Store on Badger Road
• Almost $7.8 in building projects this year

**Public Works**
• Weather continues to affect Public Works projects
  • Down to a single summer hire, one worker had to leave early to enter his college wrestling program
  • Road patching has begun—potholes, dips, etc.
- Have begun road striping between projects and when weather is acceptable (learned from DOT Maintenance they plan to repair crosswalks in roundabouts with inlays, but probably will not be until 2015)
- Begun brush cutting around City, but with reduced staff will affect this effort (plan to hire a contractor to do brush cutting if Public Works staff cannot)
- Weather hindered fitness trail work at site #5, but equipment was installed today
- Received an additional $5,000 from the Snedden Family Foundation to help complete the fitness trail
- Plan to have a “Grand Opening” of fitness trail Saturday, August 23
- Dog park work hindered by flooding, but plan to begin fence work this week
- Saint Nicholas Drive project held an inspection on 13th, major issues were cleaning of the site

Utility Department
- Received contact from ADEC that they are proposing to address sewer outfall problem with a Notice of Violation
- Have not been able to talk directly with ADEC about what this means for the Utility
- Wastewater treatment plant is moving forward with building modifications
  - Rainfall has slowed lowering the lagoons which must occur to upgrade the sewer lift station and replace critical plant piping, but Ghemm is keeping the project on track
  - The emergency generator and enclosure must be built and this is 90 days from delivery which puts this part of the project into October

Natural Gas Utility Board
- Previously reported IGU was at a critical juncture of negotiating a take-or-pay gas supply contract as early as August 5th
- Financing of the liquefaction plant on the North Slope and determining the method and cost of trucking are slowing the process and delayed take-or-pay negotiations
- Engineering of Phase 1 in the North Pole area continues
- Award of a Phase 2 engineering went to MBJ for $839,548 (Phase 2 is northern North Pole and line to Eielson AFB)
- Process begun to solicit an operator to run the gas utility has begun
- November will mark 2nd year of IGU and there are two positions opening by election on the Board
Borough Representative

- Nothing on the agenda that concerned the City of North Pole.

City Clerk, Kathy Weber

- Laserfiche workflow is continuing. We are in the process of looking into adding the Police Department to the system.
- The state primary election is tomorrow. Polls will open at 7:00 a.m. and stay open until 8:00 p.m. North Pole residents will vote at the City Hall precinct. The general election will be held on Tuesday, November 4, 2014.
- City of North Pole continues to work with the FNSB and City of Fairbanks to coordinate the 2014 Preparedness Expo on Saturday, October 4, 2014 at the Carlson Center. I have included the flyer, Expo objectives, and a registration form if anyone is interested in sponsoring or being a part of this important event. The City of North Pole will be fielding all calls from area residents on this event.
- Pro Music will be out on Thursday to start installing the new sound system in the council chambers. We should be up and running by our meeting of September 2nd.
- Reminder that the first council meeting in September will be on Tuesday, September 2, 2014 due to Labor Day weekend.
- Continue to work on the legal review of the NPMC.
- Proof reading NPMC so as to make changes before we do a final print. This has been a long, slow process.

NOTICE OF ELECTION
DECLARATION OF CANDIDACY & FILING DATES
CITY OF NORTH POLE
The Municipal Election for the City of North Pole will be held Tuesday, October 7, 2014. The Declaration of Candidacy closed on Friday, August 15, 2014 at 5:00 p.m. for the following:

CITY OF NORTH POLE COUNCIL SEATS
(all offices serve at-large)

City Council Seat........3-year term
City Council Seat........3-year term

Two candidates filed for the two City Council seats. They are Thomas McGhee and Kevin McCarthy.
Withdrawal Deadline: A candidate desiring to withdraw may do so by filing a written request with the clerk no later than 5:00 p.m., August 22, 2014.

REQUEST FROM GARY GALVIN FOR PARTIAL FORGIVENESS OF WATER BILL DUE TO BREAK
Mayor Ward stated that Mr. Galvin came before council approximately a month ago and drafted a letter to council asking for partial forgiveness of his water bill.

Public Comment
None

Ms. Holm moved to adopted a partial forgiveness of the water bill due to a break.

Seconded by Mr. Smith

Discussion
Ms. Holm stated that with information that was provided by council she wanted to know if the council would be willing to decrease the amount if Mr. Galvin agreed to sign a Confession of Judgment.

Ms. Hunter said that to consider anything but what was in code would be a dangerous precedence to set.

Mr. Smith felt sympathy for Mr. Galvin and said no one has $10,000 to pay a water bill. He wished there was a mechanism that could catch this sooner.

Mr. McCarthy asked Mr. Butler where the break was. He wanted clarification.
Mr. Butler said that the fitting applied was not done properly and that it appeared that’s where the leak/break was.

Mr. McCarthy stated that when new water lines were installed in his house he made sure special fittings were installed. It bothers him that this happened and $10,000 is a lot of money. He stated that he has insurance and the owner should have insurance also to cover this.

Mayor Ward said it was unfortunate but ultimately it is the responsibility of the owner and should be maintained properly. There are things that you can do to insure that the property is taken care of. He has a hard time voting for any forgiveness of this account. However, it goes back to the owner’s responsibility. The sewer portion of the bill was already forgiven and he can’t see the rate payers paying for this.

Ms. Holm said that showing compassion for this owner who just took over the property in March who didn’t know there was a lien on the property when he bought it because he was in Hawaii. She said this isn’t the first time we’ve put something onto the rate payers. She would like to see partial forgiveness.

Mr. Smith said he would like to see a repayment plan for him.

Mayor Ward said that the Satisfaction of Judgment is a repayment plan and that Mr. Galvin does not want to go through that plan.

*Ms. Holm withdrew her motion*

*Mr. Smith withdrew his second*

*Ms. Holm moved to request from Gary Galvin for forgiveness of water bill due to break using 13.12.110, Part E, to recomputed at a later time.*

*Failed for lack of a second*

*Mr. McCarthy moved to deny forgiveness of the $10,000 water bill resulting in the loss of 450,000 gallons due to a water break.*

*Seconded by Ms. Hunter*

*Discussion*
Mayor Ward cited code:

*13.12.110 Appeal of utility billings.*
A. Any City utility customer who believes his utility billing is unjust and inequitable as applied to his property within the intent of the City utility rules and regulations may make written application to the City Council requesting a review of his utility billing. The application shall include the facts and data upon which the appeal is based.

B. While awaiting Council review of his appeal, the customer shall pay the amount of the disputed bill to the City within thirty days from the mailing date to avoid becoming delinquent. Subsequent bills shall be paid in full within the prescribed time limit.

C. Payment of disputed bills as required by this section shall not be deemed to prejudice an otherwise valid contest.

D. Review of the request shall be made by the City Council who shall determine if it is substantiated or not, including recommending further study of the matter by a designated representative.

E. If the request is determined to be substantiated, the charges for the customer shall be recomputed based on the Council approved terms, and the new charges thus recomputed shall be applicable retroactively up to one year.

F. In instances where a utility customer billing appeal relates to a situation limited to forgiveness of sewer service and associated charges where the customer can document the water upon which the charges are calculated was not discharged into the sewer system, the Mayor or his designee may waive these charges without the appeal proceeding to the City Council for approval. Should such an appeal be granted by the Mayor or his designee, he shall report the waiver of these charges to the City Council. (Ord. 12-02 §2(part), 2012; Ord. 00-16 §2(part), 2000; Ord. 82-8 §2.L, 1982)

ORDINANCE 14-16, AN ORDINANCE OF THE CITY OF NORTH POLE, ALASKA TO AMEND THE 2014 BUDGET TO AUTHORIZE REPAYMENT OF AN ALASKA CLEAN WATER FUND LOAN USED TO HELP REPAIR AGING TECHITE SEWER MAINS
Mr. Butler stated that the city borrowed monies from the State of Alaska through an Alaska Clean Water Fund Loan with an annual interest rate of 1.5 percent per year for a period of 20 years to repair the aging Techite sewer mains. The total funds borrowed by the City were $682,735.51 combined with load forgiveness of $102,409.74 which resulted in a debt to be repaid by the City totaling $580,325.77. The first payment is due October 1, 2014 totaling
$27,428.53 and each of the succeeding 19 payments each totaling $33,801.50. This loan was approved by the voters.

**Public Comment**
None

Mr. McCarthy _moved to Introduce and advance Ordinance 14-16, an ordinance of the City of North Pole, Alaska to amend the 2014 budget to authorize repayment of an Alaska Clean Water Fund loan to use to help repair aging techite sewer mains_ Seconded by Ms. Holm

**Discussion**

NO – 0
Absent - 2– McGhee, Welch

**ORDINANCE 14-17, AN ORDINANCE OF THE CITY OF NORTH POLE, ALASKA ADOPTING LEGISLATIVE GRANTS AWARDED TO THE CITY OF NORTH POLE IN 2014 AND APPROVING THEM IN THE 2014 CITY OF NORTH POLE BUDGET**

Mayor Ward said that it was his pleasure to present the legislative grand awards appropriated by the 28th Alaska Legislature for the City of North Pole. The City of North Pole was fortunate to have all of the request/needs met by the legislature. Special thanks to our legislator for allowing the City to move forward with these important projects. The City of North Pole, through Resolution 13-21, requested monies for Strategic Planning, a skid steer loader for Public Works, to redesign City Hall, a mixing zone compliance for North Pole Utilities and a de-watering study in the sulfolane plume. The City has also agreed to match all general fund grants with a 10% match of our own funding. Funding was not appropriated for the de-watering study in the sulfolane plume because ADEC (Alaska Dept. of Environmental Conservation) has agreed to do the study. ADEC is in the final stages of developing a BMP (Best Management Practices) for de-watering in the sulfolane plume.

**Public Comment**
None
Mr. McCarthy moved to Introduce and advance Ordinance 14-16, an ordinance of the City of North Pole, Alaska to amend the 2014 budget to authorize repayment of an Alaska Clean Water Fund loan to use to help repair aging techite sewer mains

Seconded by Mr. Smith

Discussion
Mr. Smith said that it was good to see a lot of good things come out of the state legislature to help the City.

Mayor Ward said that video’s were sent along with a 10% match from the City really helped in securing those grants.

PASSED
YES – 5 – McCarthy, Smith, Holm, Hunter, Ward

Absent - 2– McGhee, Welch

COUNCIL COMMENTS

Mr. McCarthy- happy that Ms. Holm brought her baby and that we should try and rescue her better. He likes having a little one here.

Ms. Holm – thanked everyone for being so accommodating tonight.

Ms. Hunter – passed out a report on the AML conference and brought a portion of that to the attention of the council on marijuana. She asked council to please look at what the costs would be to the state and to individuals. She appreciated hearing the presentation on Volunteers in Policing.

Mr. Smith – be on the look out as school starts this week.

Mayor Ward – if councilmen are interested in making amendments please come in and let the clerk help you in advance. Also, watch for students. He addressed the teacher orientation last week and saw previous teachers and schoolmates.

ADJOURNMENT

Ms. Hunter adjourned the meeting at 8:26 p.m.
Seconded by Mr. Smith

The regular meeting of August 18, 2014 adjourned at 8:26 p.m.

These minutes passed and approved by a duly constituted quorum of the North Pole City Council on Tuesday, September 2, 2014.

Interior Alaska Community Preparedness Proclamation

WHEREAS, "National Preparedness Month" creates an important opportunity for every resident of our local community as well as throughout the state to prepare their homes, businesses, and communities for any type of emergency including natural & manmade disasters and potential terrorist attacks; and

WHEREAS, investing in the preparedness of ourselves, our families, businesses, and communities can reduce injuries & deaths and economic devastation in our communities and in our nation; and

WHEREAS, the Federal Emergency Management Agency’s "Ready Campaign", Citizen Corps and other federal, state, local, tribal, territorial, private, and volunteer agencies are working to increase public activities in preparing for emergencies and to educate individuals on how to take action; and

WHEREAS, emergency preparedness is the responsibility of every citizen throughout the State of Alaska and all citizens are urged to make preparedness a priority and work together, as a team, to ensure that individuals, families, and communities are prepared for disasters and emergencies of any type; and

WHEREAS, citizens of communities in Interior Alaska are encouraged to participate in citizen preparedness activities and asked to review the Ready campaign’s websites at Ready.gov and become more prepared.

FURTHERMORE, LET IT BE KNOWN that the City of North Pole, City of Fairbanks, Eielson AFB, Fort Wainwright, Fairbanks North Star Borough and the State of Alaska proclaim September 2014 as National Preparedness Month, and encourages all citizens and businesses to develop their own emergency preparedness plan, and work together toward creating a more prepared society.

Colonel Michael T. Winkler, Commander
354th Fighter Wing, Eielson Air Force Base, AK
Office of the Mayor  
City of North Pole  

Proclamation  

Whereas, the American Payroll Association and its more than 21,000 members have launched a nationwide public awareness campaign that pays tribute to the more than 156 million people who work in the United States and the payroll professionals who support the American system by paying wages, reporting worker earnings and withholding federal employment taxes; and  

Whereas, payroll professionals in the Interior play a key role in maintaining the economic health of the Interior, carrying out such diverse tasks as paying into the unemployment insurance system, providing information for child support enforcement, and carrying out tax withholding, reporting and depositing; and  

Whereas, payroll departments collectively spend more than $15 billion annually complying with myriad federal and state wage and tax laws; and  

Whereas, payroll professionals play an increasingly important role ensuring the economic security of American families by helping to identify noncustodial parents and making sure they comply with their child support mandates; and  

Whereas, payroll professionals have become increasingly proactive in educating both the business community and the public at large about the payroll tax withholding systems; and  

Whereas, payroll professionals meet regularly with federal and state tax officials to discuss both improving compliance with government procedures and how compliance can be achieved at less cost to both government and businesses; and  

Whereas, the week in which Labor Day falls has been proclaimed National Payroll Week.  

NOW, THEREFORE, I, Bryce J. Ward, Mayor of the City of North Pole, do hereby give additional support to the efforts of the people who work in the Interior and of the payroll profession by proclaiming the first full week of September Payroll Week for the City of North, Alaska.  

Bryce J. Ward, Mayor
CITY OF NORTH POLE

ORDINANCE 14-15

AN ORDINANCE OF THE CITY OF NORTH POLE, ALASKA AMENDING TITLE 4, REVENUE AND FINANCE, CHAPTER 4.25 DESIGNATED FUNDS, AND ADDING SECTION 4.25.080 HEALTH INSURANCE RESERVE FUND

WHEREAS, changes to the North Pole Municipal Code is a continually changing requirement; and

WHEREAS, the City of North Pole Municipal Code should be amended to conform to the requirements of the City and to provide clarification as needed; and

WHEREAS, the City of North Pole desires to centralize and simplify health care expenses to departments and streamline the budgeting process; and

WHEREAS, creation of a health care reserve fund adds fiscal transparency, stability and is fiscally responsible.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of North Pole:

Section 1. This ordinance is of a general and permanent nature and shall be codified.

Section 2. Title 4 Revenue and Financing, Chapter 4.25, and adding section 4.25.080 Health insurance reserve fund is amended as follows [new text in italicized red font; deleted text in strikethrough font]:

4.25.080 Health insurance reserve fund

a. A health insurance reserve fund is hereby created. All health insurance claim rebates received shall be appropriated to and deposited in the health insurance reserve fund.

b. The City Council may appropriate additional sums to the fund.

c. Any earnings from investment of monies accumulated in the health insurance reserve fund shall accrue to the health insurance reserve fund.

d. At the end of the year, all unexpended and unencumbered appropriations from the health insurance reserve fund shall be lapsed into that reserve fund.

e. Monies in the health insurance reserve fund shall be available for appropriation and expenditures for health insurance premium increases as recommended by the Mayor and authorized by the City Council.
Section 3. **Effective Date.** This ordinance shall become effective January 1, 2015.

**PASSED AND APPROVED** by a duly constituted quorum of the North Pole City Council this 2\textsuperscript{nd} day of September, 2014.

Memo

To: City Council
From: Mayor Bryce Ward
CC: Kathy Weber
Date: 8/12/2014
Re: Legislative Grant Approval

It is my pleasure to present the legislative grant awards appropriated by the 28th Alaska Legislature for the City of North Pole. The City of North Pole was fortunate to have all of its request/needs met by the legislature. Special thanks to our legislators for allowing the City to move forward with these important projects.

The City of North Pole, through Resolution 13-21, requested monies for Strategic Planning, a skid steer loader for Public Works, to redesign City Hall, a mixing zone compliance for North Pole Utilities, and a de-watering study in the sulfolane plume. The City has also agreed to match all general fund grants with a 10% match of our own funding.

Funding was not appropriated for the de-watering study in the sulfolane plume because ADEC (Alaska Department of Environmental Conservation) has agreed to do the study. ADEC is in the final stages of developing a BMP (Best Management Practices) for de-watering in the sulfolane plume.
CITY OF NORTH POLE

ORDINANCE 14-17

AN ORDINANCE OF THE CITY OF NORTH POLE, ALASKA
ADOPTING LEGISLATIVE GRANTS AWARDED TO THE CITY OF
NORTH POLE IN 2014 AND APPROVING THEM IN THE 2014 CITY OF
NORTH POLE BUDGET

WHEREAS, The City of North Pole approved Resolution 13-21 requesting certain projects be
funded in the legislatures upcoming capital budget; and

WHEREAS, the City of North Pole has received appropriations in the state budget for some of
the requested projects; and

WHEREAS, The City of North Pole desires to finalize all agreements with the state of Alaska; and

WHEREAS, The City of North Pole is prepared to execute all grant agreements in accordance
with the rules and regulations set forth by the State of Alaska,

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of North Pole;

Section 1. This ordinance is of a special nature and shall not be included in the North Pole Code
of Ordinances.

Section 2. The following chart is a summary of proposed amendments and the approval of
legislative grants, authorizing up to the full amount of each grant:

The Honorable Bryce Ward, Mayor
City of North Pole
125 Snowman Lane
North Pole, AK 99705

RE: Designated Legislative Grant Amendment #1/Close-out

Dear Mayor Ward:

The grant listed below has been officially closed. The unexpended balance has been reappropriated per the amendment.

Grant #: 14-DC-111
Project Title: International Federation of Sleddog Sports World Championship Hosting Costs
Grant Close-Out Date: June 30, 2014

Please place the enclosed amendment and this closeout letter in your grant file and retain your files for a period of at least six years. If you have any questions, please contact Caitlin Frye via phone at (907) 451-2717 or email caitlin.frye@alaska.gov.

Sincerely,

Judy Haymaker
Grants Administrator

Amendment # 1

Effective the date shown above this grant is hereby amended as follows:

1. The unexpended and unobligated balance as reflected on the certified Financial/Progress Report ending June 30, 2014, in the amount of $80,000.00 has been reappropriated per SLA 2014, Senate Bill 119, Chapter 18, Section 1, Page 119 and Line 18 to the City of North Pole for the purpose of preparing a comprehensive strategic community plan, for the FYs ending 6/30/15 and 6/30/16.

2. This appropriation is reduced by $80,000 for a new total of $00.00 as reflected below:

AGREEMENT

The Alaska Department of Commerce, Community, and Economic Development, Division of Community and Regional Affairs (hereinafter 'Department') and the City of North Pole (hereinafter 'Grantee') agree as set forth herein.

Section I. The Department shall pay the Grantee for the performance of the project work under the terms outlined in this Agreement. The amount of the payment is based upon project expenses incurred, which are authorized under this Agreement. In no event shall the payment exceed $500,000.00.

Section II. The Grantee shall perform all of the work required by this Agreement.

Section III. The work to be performed under this Agreement begins July 1, 2014 and shall be completed no later than June 30, 2019.

Section IV. The Agreement consists of this page and the following:

Designated Legislative Grant Agreement

Page 1 of 13
Attachment A
Scope of Work

1. Project Description

The purpose of this FY 2015 Designated Legislative Grant in the amount of $500,000.00 [pursuant to the provisions of AS 37.05.315, Grants to Municipalities, SLA 2014, SB 119, Chapter 18, Section 1, Page 14, and Line 27] is to provide funding to the City of North Pole for use towards the Mixing Zone Compliance Plan. The objective of this project is to identify solutions that will allow the City of North Pole to become compliant with its Alaska Pollutant Discharge Elimination System permit requirements regarding its sewer effluent discharge.

This project may include, but is not limited to:
- Engineering, wastewater, and legal consulting
- Equipment, supplies, and freight
- Program support including testing, surveying, drilling, and site preparation
- Administration

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

2. Project Budget

<td>$50,000.00</td>
</tr>
<tr>
<td><strong>Total Grant Funds</strong></td>
<td><strong>$500,000.00</strong></td>
</tr>
</tbody>
</table>

3. Project Management

This project will be managed by the Grantee.

Signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the chief administrator. For grants appropriated to a municipality, the mayor is the chief administrator unless the municipality operates a managerial form of government; then the city manager/administrator acts as the chief administrator. For named recipients and unincorporated communities, the executive director or highest ranking official will act as chief administrator.

The chief administrator may delegate authority for executing the Grant Agreement and amendments to others within the Grantee’s organization via the Signatory Authority Form. The chief administrator also designates financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee’s organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this Grant. The use of Grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent
revocation of the Grant and any balance of funds under the Grant. It may also result in the Grantee being required to return such amounts to the State.

If applicable under state law, grantees must be registered and in good standing with the Department of Commerce, Community and Economic Development's Division of Corporations, Business and Professional Licensing.

4. Reporting

The Grantee shall submit a Designated Legislative Grant Financial/Progress Report Form provided by the Department each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are due thirty (30) days after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project.
Attachment B
Payment Method

1. Reimbursement Payment
Upon receiving and approving a Grantee’s Financial/Progress Report, the Department will reimburse the Grantee for expenditures paid during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved Financial/Progress Reports, prepared and submitted by the Grantee on the form provided by the Department. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., copies of vendor billings/invoices and proof of payment, general ledger expenditure report).

2. Advance Payment
In most instances, the Department will make payment to a Grantee on a cost reimbursable basis. If cost reimbursement significantly inhibits the Grantee’s ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a “Request for Advance Payment” form along with documentation of costs associated with the advance. The “Request for Advance Payment” form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee’s next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

3. Withholding of Ten Percent (10%)
The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this Grant Agreement, including all required reporting of the project.
Attachment C
Standard Provisions

Article 1. Definition
"Department" refers to the Department of Commerce, Community, and Economic Development with the State of Alaska.

Article 2. Indemnification
It is understood and agreed that this Grant Agreement is solely for the benefit of the parties to the Grant Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of the Grant Agreement.

The Grantee, its successors and assigns, will protect, save, and hold harmless the Department and the State of Alaska and their authorized agents and employees, from all claims, actions, costs, damages, or expenses of any nature whatsoever by reason of the acts or omissions of the Grantee, its subcontractors, assigns, agents, contractors, licenses, invitees, employees, or any person whomever arising out of or in connection with any acts or activities authorized by this Grant Agreement. The Grantee further agrees to defend the Department and the State of Alaska and their authorized agents and employees in any litigation, including payment of any costs or attorney's fees for any claims or actions commenced thereon arising out of or in connection with acts or activities authorized by this Grant Agreement. This obligation shall not include such claims, costs, damages, or expenses which may be caused by the sole negligence of the Department of the State of Alaska or their authorized agents or employees, provided, that if the claims or damages are caused by or result from the concurrent negligence of (a) the Department and the State of Alaska and their agents or employees, and (b) the Grantee, its agents or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Grantee, or Grantee's agents or employees.

Article 3. Legal Authority
The Grantee certifies that it possesses legal authority to accept grant funds under the State of Alaska and to execute the project described in this Grant Agreement by signing the Grant Agreement document. The Grantee's relation to the Department and the State of Alaska shall be at all times as an independent Grantee.

Article 4. Waivers
No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. The Department's failure to insist upon strict performance of any provision of the Grant Agreement, or to exercise any right based upon a breach thereof, or the acceptance of any performance during such a breach, shall not constitute a waiver of any right under this Grant Agreement.

Article 5. Access to Records
The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

Article 6. Reports
The Grantee, at such times and in such forms as the Department may require, shall furnish the Department with such periodic reports as it may request pertaining to the activities undertaken pursuant to this Grant Agreement, including the final close-out report, the costs and obligations incurred in connection therewith, and any other matters covered by this Grant Agreement.
Article 7. Retention of Records
The Grantee shall retain financial and other records relating to the performance of this Grant Agreement for a period of six years from the date when the final financial status report is submitted to the Department, or until final resolution of any audit findings, claims, or litigation related to the grant.

Article 8. Assignability
The Grantee shall not assign any interest in this Grant Agreement and shall not transfer any interest in the same (whether by assignment or novation).

Article 9. Financial Management and Accounting
The Grantee shall establish and maintain a financial management and accounting system that conforms to generally accepted accounting principles.

Article 10. Program Income
Program income earned during the award period shall be retained by the Grantee and added to the funds committed to the award and used for the purpose and under the conditions applicable to the use of award funds.

Article 11. Amendments and Modifications
The Grantee or the Department may request an amendment or modification of this Grant Agreement. However, such amendment or modification shall not take effect until approved, in writing, by the Department and the Grantee.

Article 12. Recordkeeping
The Grantee agrees to keep such records as the Department may require. Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.

Article 13. Obligations Regarding Third-Party Relationships
None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all the provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor’s performance or activities under the terms of the subcontracts.

Article 14. Conflict of Interest
No officer or employee of the Department; no member, officer, or employee of the Grantee or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of such locality or localities who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Grant Agreement.
The Grantee shall incorporate, or cause to incorporate, in all such contracts or subcontracts, a provision prohibiting such interest pursuant to the purpose of this provision.

Article 15. Political Activity
No portion of the funds provided hereunder shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

Article 16. Notices
The Grantee shall comply with all public notices or notices to individuals required by applicable state and federal laws and shall maintain a record of this compliance.

Article 17. Prohibition Against Payment of Bonus or Commission
The assistance provided under this Grant Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval or concurrence under this contract provided, however, that reasonable fees of bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

Article 18. Termination by Mutual Agreement
This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

Article 19. Termination for Cause
If the Grantee fails to comply with the terms of this Grant Agreement, or fails to use the grant for only those purposes set forth herein, the Department may take the following actions:

A. Suspension – After notice in writing by certified mail to the Grantee, suspend the grant and withhold any further payment or prohibit the Grantee from incurring additional obligations of grant funds, pending corrective action by the Grantee or a decision to terminate. Response must be received within fifteen (15) days of receipt of the written notice.

B. Termination – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

Article 20. Withdrawal of Funds
In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

Article 21. Recovery of Funds
In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.
All remedies conferred on the Department by this agreement or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department's option.

Article 22. Disputes
Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This “Disputes” clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

Article 23. Jurisdiction
This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

Article 24. Ownership of Project/Capital Facilities
The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

Article 25. Site Control
If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

As a minimum requirement, the Grantee should obtain a “sufficient interest” that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site.

Article 26. Insurance
The Grantee is responsible for obtaining any necessary liability insurance and maintain in force at all times during the performance of this Grant Agreement the insurance policies identified below. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under Alaska Statute AS 21. The Grantee shall require any contractor hired to work on the project be licensed, bonded and insured for at least the amount of the project and if appropriate provide and maintain Professional Liability Insurance.

A. Workers’ Compensation Insurance for all employees engaged in work under this Grant Agreement, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements.
B. Commercial General Liability Insurance covering all business premises and operations used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $300,000 combined single limit per occurrence and annual aggregates where applicable.
C. Comprehensive Automobile Liability Insurance covering all vehicles used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $100,000 per person/$300,000 per occurrence bodily injury and $50,000.00 property damage.
D. Professional Liability Insurance covering all errors, omissions or negligent acts of the contractor, subcontractor or anyone directly or indirectly employed by them, made in the performance of this contract which result in financial loss to the State. Limits required are per the following schedule:

<table>
<thead>
<tr>
<th>Contract Amount</th>
<th>Minimum Required Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under $100,000</td>
<td>$100,000 per occurrence/annual aggregate</td>
</tr>
</tbody>
</table>

Article 27. Subcontracts for Engineering Services
In the event that the Grantee subcontracts for engineering services, the Grantee will require that the engineering firm certify that it is authorized to do business in the State of Alaska. In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be not less than the amount of the entire project.

Article 28. Governing law
This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

Article 29. Budget Flexibility
Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or $10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

Article 30. Equal Employment Opportunity (EEO)
The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

Article 31. Public Purposes
The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.
If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

**Article 32. Operation and Maintenance**
Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

**Article 33. Assurance**
The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

**Article 34. Current Prevailing Rates of Wage**
Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

**Article 35. Severability**
If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

**Article 36. Performance**
The Department's failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any rights under this Grant Agreement.

**Article 37. Sovereign Immunity**
If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waive its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity's governing body, is herein incorporated into this Grant Agreement.

**Article 38. Audit Requirements**
The grantee must comply with the audit requirements of the Alaska Administrative Code set forth in 2AAC45.010. AUDIT REQUIREMENTS. An entity that expends a cumulative or total, equal to the state single audit threshold during the fiscal year is required to have a state single audit. A copy of the most current 2AAC45.010 adopted regulations is available at the Alaska Department of Administration's State Single Audit website: [http://doa.alaska.gov/doj/ssa/index.html](http://doa.alaska.gov/doj/ssa/index.html).

Current audit compliance supplements and guides specific to programs under AS 37.05.315 Grants to Municipalities, AS 37.05.316 Grants to Named Recipients, and AS 37.05.317 Grants to Unincorporated Communities can be found at [http://doa.alaska.gov/doj/ssa/2014auditsuppl/html#dcp08](http://doa.alaska.gov/doj/ssa/2014auditsuppl/html#dcp08)

**Article 39. Close-Out**
The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
B. The last required performance report has been submitted. The Grantee's failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State's interest. Any excess grant amount that may be in the Grantee's possession shall be returned by the Grantee in the event of the Grantee's failure to finish or update the report.

C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

**Article 40. Americans with Disabilities Act**

The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity's subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.
Appendix A
State Laws and Regulations and Permits

Grantees are responsible for all applicable state laws, regulations and permits; including but not limited to the following list which most commonly affects Grantees.

Municipality Public Facility Operations and Maintenance—AS 37.05.315(c)

In accepting a grant under AS 37.05.315 for construction of a public facility, a municipality covenants with the State that it will operate and maintain the facility for the practical life of the facility and that the municipality will not look to the State to operate or maintain the facility or pay for its operation or maintenance. This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

Restriction on Use—AS 37.05.321

A grant or earnings from a grant under AS 37.05.315 - 37.05.317 may not be used for the purpose of influencing legislative action. In this section “influencing legislative action” means promoting, advocating, supporting, modifying, opposing, or delaying or seeking to do the same with respect to any legislative action but does not include the provision or use of information, statistics, studies, or analyses in written or oral form or format. A grant or earnings from a grant made under AS 37.05.315 - 37.05.317 may not be used for purposes of travel in connection with influencing legislative action unless pursuant to a specific request from a legislator or legislative committee.

Hiring Preferences—AS 36.10

This chapter of the Alaska Statutes applies to grants for public works projects and requires compliance with the hiring preferences under AS 36.10.150 – 36.10.175 for employment generated by the grant.

Historic Preservation Act—AS 41.35

This chapter of the Alaska Statutes applies to public construction of any nature undertaken by the State, or by a governmental agency of the State, or by a private person under contract with or licensed by the State or a governmental agency of the State. The Department of Natural Resources must be notified if the construction is planned for an archaeological site. The Department of Natural Resources may stop the construction to determine the extent of the historic, prehistoric, or archaeological values.

Fire Protection—AS 18.70

This chapter of the Alaska Statutes requires the Alaska Department of Public Safety (the State Fire Marshal) to adopt regulations (currently in the form of Uniform Fire Code, as amended) establishing minimum standards for:

1. Fire detection and suppression equipment;
2. Fire and life safety criteria in commercial, industrial, business, institutional, or other public buildings used for residential purposes containing four or more dwelling units;
3. Any activity in which combustible or explosive materials are stored or handled in commercial quantities;
4. Conditions or activities carried on outside a building described in (2) or (3) likely to cause injury to persons or property.

Procurement Preference for State Agricultural and Fisheries Products—AS 29.71.040

This chapter of the Alaska Statutes applies to municipalities that use state funds to purchase agricultural and fisheries products. The law requires:

1. When agricultural products are purchased, only such products harvested in the state shall be purchased whenever priced no more than seven percent above products harvested outside the state, and of like quality compared with agricultural products harvested outside the state.
2. When fisheries products are purchased, only fisheries products harvested or processed within the jurisdiction of the state shall be purchased whenever priced no more than seven percent above products harvested or processed outside
the jurisdiction of the state, available, and of like quality compared with fisheries products harvested or processed outside the jurisdiction of the state.

Alaska Product Preferences—AS 36.15

This chapter of the Alaska Statutes applies to projects financed by state money in which the use of timber, lumber, and manufactured lumber products is required, only timber, lumber and manufactured lumber projects originating in this state from local forests shall be used wherever practicable. The law requires the insertion of this clause in calls for bids and in all contracts awarded.

Permits and Environmental Procedures

The Alaska Department of Environmental Conservation (ADEC) regulates all activities in Alaska that might pollute the air, water or soil. There are dozens of ADEC permits related to constructing and operating public buildings. The law requires the following permits, including others designated by the commissioner. The following list is not intended to be all-inclusive.

- Air Emissions Permit
- Anadromous Fish Protection Permit
- Authorization for Tidelands Transportation
- Brine or Other Salt Water Waste Disposal Permit
- Burning Permit during Fire Season
- Coal Development Permit
- Critical Habitat Area Permit
- Dam Construction Permit
- Driveway Permit
- Encroachment Permit
- Miscellaneous State Land Use Permit
- Mineral and Geothermal Prospecting Permits
- Occupied Tide and Submerged Land
- Open Burning Permit
- Permit for Use of Timber or Materials
- Permit to Appropriately Water
- Pesticides Permit
- Preferred Use Permit
- Right-of-Way and Easement Permits
- Solid Waste Disposal
- Special Land Use Permit
- State Game Refuge Land Permit
- State Park Incompatible Use Permit
- Surface Oiling Permit
- Surface Use Permit
- Tide and Submerged Lands Prospecting Permit
- Tidelands Permit
- Tidelands Right-of-Way or Easement Permit
- Utility Permit
- Waste Water Disposal Permit
- Water Well Permit

**AGREEMENT**

The Alaska Department of Commerce, Community, and Economic Development, Division of Community and Regional Affairs (hereinafter "Department") and the City of North Pole (hereinafter "Grantee") agree as set forth herein.

**Section I.** The Department shall pay the Grantee for the performance of the project work under the terms outlined in this Agreement. The amount of the payment is based upon project expenses incurred, which are authorized under this Agreement. In no event shall the payment exceed $72,000.00.

**Section II.** The Grantee shall perform all of the work required by this Agreement.

**Section III.** The work to be performed under this Agreement begins **July 1, 2014** and shall be completed no later than **June 30, 2019**.

**Section IV.** The Agreement consists of this page and the following:

**ATTACHMENTS**

- Attachment A: Scope of Work
  1. Project Description
  2. Project Budget
  3. Project Management
  4. Reporting

- Attachment B: Payment Method

- Attachment C: Standard Provisions

**AMENDMENTS**

Attachment A
Scope of Work

1. Project Description

The purpose of this FY 2015 Designated Legislative Grant in the amount of $72,000.00 [pursuant to the provisions of AS 37.05.315, Grants to Municipalities, S.L.A 2014, SB 119, Chapter 18, Section 1, Page 14, and Line 29] is to provide funding to the City of North Pole for use towards Public Works Skid Steer Loader. The objective of this project is to purchase a skid steer loader or equivalent equipment and attachments.

This project may include, but is not limited to:
- Skid steer loader or equivalent equipment
- Attachments including snow plow blades, snow blower, street sweeper, sweeper brushes, and loader forks
- Shipping and freight
- Administration

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

2. Project Budget

<td><strong>$72,000.00</strong></td>
</tr>
</tbody>
</table>

3. Project Management

This project will be managed by the Grantee.

Signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the chief administrator. For grants appropriated to a municipality, the mayor is the chief administrator unless the municipality operates a managerial form of government; then the city manager/administrator acts as the chief administrator. For named recipients and unincorporated communities, the executive director or highest ranking official will act as chief administrator.

The chief administrator may delegate authority for executing the Grant Agreement and amendments to others within the Grantee’s organization via the Signatory Authority Form. The chief administrator also designates financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee’s organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this Grant. The use of Grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent
revocation of the Grant and any balance of funds under the Grant. It may also result in the Grantee being required to return such amounts to the State.

If applicable under state law, grantees must be registered and in good standing with the Department of Commerce, Community and Economic Development's Division of Corporations, Business and Professional Licensing.

4. **Reporting**

The Grantee shall submit a Designated Legislative Grant Financial/Progress Report Form provided by the Department each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are due thirty (30) days after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project.
Attachment B
Payment Method

1. Reimbursement Payment
Upon receiving and approving a Grantee’s Financial/Progress Report, the Department will reimburse the Grantee for expenditures paid during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved Financial/Progress Reports, prepared and submitted by the Grantee on the form provided by the Department. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., copies of vendor billings/invoices and proof of payment, general ledger expenditure report).

2. Advance Payment
In most instances, the Department will make payment to a Grantee on a cost reimbursable basis. If cost reimbursement significantly inhibits the Grantee’s ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a “Request for Advance Payment” form along with documentation of costs associated with the advance. The “Request for Advance Payment” form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee’s next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

3. Withholding of Ten Percent (10%)
The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this Grant Agreement, including all required reporting of the project.
Attachment C
Standard Provisions

Article 1. Definition
“Department” refers to the Department of Commerce, Community, and Economic Development with the State of Alaska.

Article 2. Indemnification
It is understood and agreed that this Grant Agreement is solely for the benefit of the parties to the Grant Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of the Grant Agreement.

The Grantee, its successors and assigns, will protect, save, and hold harmless the Department and the State of Alaska and their authorized agents and employees, from all claims, actions, costs, damages, or expenses of any nature whatsoever by reason of the acts or omissions of the Grantee, its subcontractors, assigns, agents, contractors, licenses, invitees, employees, or any person whomever arising out of or in connection with any acts or activities authorized by this Grant Agreement. The Grantee further agrees to defend the Department and the State of Alaska and their authorized agents and employees in any litigation, including payment of any costs or attorney’s fees for any claims or actions commenced thereon arising out of or in connection with acts or activities authorized by this Grant Agreement. This obligation shall not include such claims, costs, damages, or expenses which may be caused by the sole negligence of the Department of the State of Alaska or their authorized agents or employees, provided, that if the claims or damages are caused by or result from the concurrent negligence of (a) the Department and the State of Alaska and their agents or employees, and (b) the Grantee, its agents or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Grantee, or Grantee’s agents or employees.

Article 3. Legal Authority
The Grantee certifies that it possesses legal authority to accept grant funds under the State of Alaska and to execute the project described in this Grant Agreement by signing the Grant Agreement document. The Grantee’s relation to the Department and the State of Alaska shall be at all times as an independent Grantee.

Article 4. Waivers
No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. The Department’s failure to insist upon strict performance of any provision of the Grant Agreement, or to exercise any right based upon a breach thereof, or the acceptance of any performance during such a breach, shall not constitute a waiver of any right under this Grant Agreement.

Article 5. Access to Records
The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

Article 6. Reports
The Grantee, at such times and in such forms as the Department may require, shall furnish the Department with such periodic reports as it may request pertaining to the activities undertaken pursuant to this Grant Agreement, including the final close-out report, the costs and obligations incurred in connection therewith, and any other matters covered by this Grant Agreement.
Article 7. Retention of Records
The Grantee shall retain financial and other records relating to the performance of this Grant Agreement for a period of six years from the date when the final financial status report is submitted to the Department, or until final resolution of any audit findings, claims, or litigation related to the grant.

Article 8. Assignability
The Grantee shall not assign any interest in this Grant Agreement and shall not transfer any interest in the same (whether by assignment or novation).

Article 9. Financial Management and Accounting
The Grantee shall establish and maintain a financial management and accounting system that conforms to generally accepted accounting principles.

Article 10. Program Income
Program income earned during the award period shall be retained by the Grantee and added to the funds committed to the award and used for the purpose and under the conditions applicable to the use of award funds.

Article 11. Amendments and Modifications
The Grantee or the Department may request an amendment or modification of this Grant Agreement. However, such amendment or modification shall not take effect until approved, in writing, by the Department and the Grantee.

Article 12. Recordkeeping
The Grantee agrees to keep such records as the Department may require. Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.

Article 13. Obligations Regarding Third-Party Relationships
None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all the provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor's performance or activities under the terms of the subcontracts.

Article 14. Conflict of Interest
No officer or employee of the Department; no member, officer, or employee of the Grantee or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of such locality or localities who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Grant Agreement.
The Grantee shall incorporate, or cause to incorporate, in all such contracts or subcontracts, a provision prohibiting such interest pursuant to the purpose of this provision.

Article 15. Political Activity
No portion of the funds provided hereunder shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

Article 16. Notices
The Grantee shall comply with all public notices or notices to individuals required by applicable state and federal laws and shall maintain a record of this compliance.

Article 17. Prohibition Against Payment of Bonus or Commission
The assistance provided under this Grant Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval or concurrence under this contract provided, however, that reasonable fees of bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

Article 18. Termination by Mutual Agreement
This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

Article 19. Termination for Cause
If the Grantee fails to comply with the terms of this Grant Agreement, or fails to use the grant for only those purposes set forth herein, the Department may take the following actions:

A. Suspension – After notice in writing by certified mail to the Grantee, suspend the grant and withhold any further payment or prohibit the Grantee from incurring additional obligations of grant funds, pending corrective action by the Grantee or a decision to terminate. Response must be received within fifteen (15) days of receipt of the written notice.

B. Termination – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

Article 20. Withdrawal of Funds
In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

Article 21. Recovery of Funds
In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.
All remedies conferred on the Department by this agreement or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department’s option.

**Article 22. Disputes**

Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This “Disputes” clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

**Article 23. Jurisdiction**

This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

**Article 24. Ownership of Project/Capital Facilities**

The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

**Article 25. Site Control**

If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

As a minimum requirement, the Grantee should obtain a “sufficient interest” that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site.

**Article 26. Insurance**

The Grantee is responsible for obtaining any necessary liability insurance and maintain in force at all times during the performance of this Grant Agreement the insurance policies identified below. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under Alaska Statute AS 21. The Grantee shall require any contractor hired to work on the project be licensed, bonded and insured for at least the amount of the project and if appropriate provide and maintain Professional Liability Insurance.

A. Workers’ Compensation Insurance for all employees engaged in work under this Grant Agreement, coverage as required by AS 23.30.045, and, where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements.

B. Commercial General Liability Insurance covering all business premises and operations used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $300,000 combined single limit per occurrence and annual aggregates where applicable.

C. Comprehensive Automobile Liability Insurance covering all vehicles used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $100,000 per person/$300,000 per occurrence bodily injury and $50,000.00 property damage.
D. Professional Liability Insurance covering all errors, omissions or negligent acts of the contractor, subcontractor or anyone directly or indirectly employed by them, made in the performance of this contract which result in financial loss to the State. Limits required are per the following schedule:

<table>
<thead>
<tr>
<th>Contract Amount</th>
<th>Minimum Required Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under $100,000</td>
<td>$100,000 per occurrence/annual aggregate</td>
</tr>
</tbody>
</table>

**Article 27. Subcontracts for Engineering Services**

In the event that the Grantee subcontracts for engineering services, the Grantee will require that the engineering firm certify that it is authorized to do business in the State of Alaska. In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be for not less than the amount of the entire project.

**Article 28. Governing Law**

This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

**Article 29. Budget Flexibility**

Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or $10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

**Article 30. Equal Employment Opportunity (EEO)**

The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

**Article 31. Public Purposes**

The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.
If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

**Article 32. Operation and Maintenance**

Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

**Article 33. Assurance**

The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

**Article 34. Current Prevailing Rates of Wage**

Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

**Article 35. Severability**

If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

**Article 36. Performance**

The Department's failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any rights under this Grant Agreement.

**Article 37. Sovereign Immunity**

If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waive its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity's governing body, is herein incorporated into this Grant Agreement.

**Article 38. Audit Requirements**

The grantee must comply with the audit requirements of the Alaska Administrative Code set forth in 2AAC45.010. AUDIT REQUIREMENTS. An entity that expends a cumulative or total, equal to the state single audit threshold during the fiscal year is required to have a state single audit. A copy of the most current 2AAC45.010 adopted regulations is available at the Alaska Department of Administration’s State Single Audit website: [http://doa.alaska.gov/dof/ssa/index.html](http://doa.alaska.gov/dof/ssa/index.html)

Current audit compliance supplements and guides specific to programs under AS 37.05.315 Grants to Municipalities, AS 37.05.316 Grants to Named Recipients, and AS 37.05.317 Grants to Unincorporated Communities can be found at [http://doa.alaska.gov/dof/ssa/2014auditsuppl.html#dept08](http://doa.alaska.gov/dof/ssa/2014auditsuppl.html#dept08)

**Article 39. Close-Out**

The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
B. The last required performance report has been submitted. The Grantee’s failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State’s interest. Any excess grant amount that may be in the Grantee’s possession shall be returned by the Grantee in the event of the Grantee’s failure to finish or update the report.

C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

**Article 40. Americans with Disabilities Act**

The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity’s subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.
Appendix A
State Laws and Regulations and Permits

Grantees are responsible for all applicable state laws, regulations and permits; including but not limited to the following list which most commonly affects Grantees.

Municipality Public Facility Operations and Maintenance—AS 37.05.315(c)
In accepting a grant under AS 37.05.315 for construction of a public facility, a municipality covenants with the State that it will operate and maintain the facility for the practical life of the facility and that the municipality will not look to the State to operate or maintain the facility or pay for its operation or maintenance. This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

Restriction on Use—AS 37.05.321
A grant or earnings from a grant under AS 37.05.315 - 37.05.317 may not be used for the purpose of influencing legislative action. In this section “influencing legislative action” means promoting, advocating, supporting, modifying, opposing, or delaying or seeking to do the same with respect to any legislative action but does not include the provision or use of information, statistics, studies, or analyses in written or oral form or format. A grant or earnings from a grant made under AS 37.05.315 - 37.05.317 may not be used for purposes of travel in connection with influencing legislative action unless pursuant to a specific request from a legislator or legislative committee.

Hiring Preferences—AS 36.10
This chapter of the Alaska Statutes applies to grants for public works projects and requires compliance with the hiring preferences under AS 36.10.150 – 36.10.175 for employment generated by the grant.

Historic Preservation Act—AS 41.35
This chapter of the Alaska Statutes applies to public construction of any nature undertaken by the State, or by a governmental agency of the State, or by a private person under contract with or licensed by the State or a governmental agency of the State. The Department of Natural Resources must be notified if the construction is planned for an archaeological site. The Department of Natural Resources may stop the construction to determine the extent of the historic, prehistoric, or archaeological values.

Fire Protection—AS 18.70
This chapter of the Alaska Statutes requires the Alaska Department of Public Safety (the State Fire Marshal) to adopt regulations (currently in the form of Uniform Fire Code, as amended) establishing minimum standards for:
1. Fire detection and suppression equipment;
2. Fire and life safety criteria in commercial, industrial, business, institutional, or other public buildings used for residential purposes containing four or more dwelling units;
3. Any activity in which combustible or explosive materials are stored or handled in commercial quantities;
4. Conditions or activities carried on outside a building described in (2) or (3) likely to cause injury to persons or property.

Procurement Preference for State Agricultural and Fisheries Products—AS 29.71.040
This chapter of the Alaska Statutes applies to municipalities that use state funds to purchase agricultural and fisheries products. The law requires:
1. When agricultural products are purchased, only such products harvested in the state shall be purchased whenever priced no more than seven percent above products harvested outside the state, and of like quality compared with agricultural products harvested outside the state.
2. When fisheries products are purchased, only fisheries products harvested or processed within the jurisdiction of the state shall be purchased whenever priced no more than seven percent above products harvested or processed outside
the jurisdiction of the state, available, and of like quality compared with fisheries products harvested or processed outside the jurisdiction of the state.

Alaska Product Preferences—AS 36.15
This chapter of the Alaska Statutes applies to projects financed by state money in which the use of timber, lumber, and manufactured lumber products is required, only timber, lumber and manufactured lumber projects originating in this state from local forests shall be used wherever practicable. The law requires the insertion of this clause in calls for bids and in all contracts awarded.

Permits and Environmental Procedures
The Alaska Department of Environmental Conservation (ADEC) regulates all activities in Alaska that might pollute the air, water or soil. There are dozens of ADEC permits related to constructing and operating public buildings. The law requires the following permits, including others designated by the commissioner. The following list is not intended to be all-inclusive.

- Air Emissions Permit
- Anadromous Fish Protection Permit
- Authorization for Tidelands Transportation
- Brine or Other Salt Water Waste Disposal Permit
- Burning Permit during Fire Season
- Coal Development Permit
- Critical Habitat Area Permit
- Dam Construction Permit
- Driveway Permit
- Encroachment Permit
- Miscellaneous State Land Use Permit
- Mineral and Geothermal Prospecting Permits
- Occupied Tide and Submerged Land
- Open Burning Permit
- Permit for Use of Timber or Materials
- Permit to Appropriate Water
- Pesticides Permit
- Preferred Use Permit
- Right-of-Way and Easement Permits
- Solid Waste Disposal
- Special Land Use Permit
- State Game Refuge Land Permit
- State Park Incompatible Use Permit
- Surface Oiling Permit
- Surface Use Permit
- Tide and Submerged Lands Prospecting Permit
- Tidelands Permit
- Tidelands Right-of-Way or Easement Permit
- Utility Permit
- Waste Water Disposal Permit
- Water Well Permit
AGREEMENT

The Alaska Department of Commerce, Community, and Economic Development, Division of Community and Regional Affairs (hereinafter ‘Department’) and the City of North Pole (hereinafter ‘Grantee’) agree as set forth herein.

Section I. The Department shall pay the Grantee for the performance of the project work under the terms outlined in this Agreement. The amount of the payment is based upon project expenses incurred, which are authorized under this Agreement. In no event shall the payment exceed $300,000.00.

Section II. The Grantee shall perform all of the work required by this Agreement.

Section III. The work to be performed under this Agreement begins July 1, 2014 and shall be completed no later than June 30, 2019.

Section IV. The Agreement consists of this page and the following:

ATTACHMENTS
Attachment A: Scope of Work
1. Project Description
2. Project Budget
3. Project Management
4. Reporting
Attachment B: Payment Method
Attachment C: Standard Provisions

AMENDMENTS
Any fully executed amendments to this Agreement

APPENDIX
Appendix A: State Laws and Regulations
Attachment A
Scope of Work

1. Project Description

The purpose of this FY 2015 Designated Legislative Grant in the amount of $300,000.00 [pursuant to the provisions of AS 37.05.315, Grants to Municipalities, SLA 2014, SB 119, Chapter 18, Section 1, Page 14, and Line 31] is to provide funding to the City of North Pole for use towards Redesign of City Hall and Police Station. The objective of this project is to develop a complete architectural plan for the redesign of the City Hall and Police Station.

This project may include, but is not limited to:
- Design and engineering services
- Administration

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

2. Project Budget

<table>

<td>$270,000.00</td>
</tr>
<tr>
<td>Administration</td>
<td>$30,000.00</td>
</tr>
<tr>
<td><strong>Total Grant Funds</strong></td>
<td><strong>$300,000.00</strong></td>
</tr>
</tbody>
</table>

3. Project Management

This project will be managed by the Grantee.

Signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the chief administrator. For grants appropriated to a municipality, the mayor is the chief administrator unless the municipality operates a managerial form of government; then the city manager/administrator acts as the chief administrator. For named recipients and unincorporated communities, the executive director or highest ranking official will act as chief administrator.

The chief administrator may delegate authority for executing the Grant Agreement and amendments to others within the Grantee’s organization via the Signatory Authority Form. The chief administrator also designates financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee’s organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this Grant. The use of Grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent revocation of the Grant and any balance of funds under the Grant. It may also result in the Grantee being required to return such amounts to the State.
If applicable under state law, grantees must be registered and in good standing with the Department of Commerce, Community and Economic Development’s Division of Corporations, Business and Professional Licensing.

4. Reporting

The Grantee shall submit a Designated Legislative Grant Financial/Progress Report Form provided by the Department each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are due thirty (30) days after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project.
Attachment B
Payment Method

1. Reimbursement Payment

Upon receiving and approving a Grantee's Financial/Progress Report, the Department will reimburse the Grantee for expenditures paid during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved Financial/Progress Reports, prepared and submitted by the Grantee on the form provided by the Department. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., copies of vendor billings/invoices and proof of payment, general ledger expenditure report).

2. Advance Payment

In most instances, the Department will make payment to a Grantee on a cost reimbursable basis. If cost reimbursement significantly inhibits the Grantee's ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a “Request for Advance Payment” form along with documentation of costs associated with the advance. The “Request for Advance Payment” form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee’s next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

3. Withholding of Ten Percent (10%)

The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this Grant Agreement, including all required reporting of the project.
Attachment C
Standard Provisions

Article 1. Definition

"Department" refers to the Department of Commerce, Community, and Economic Development with the State of Alaska.

Article 2. Indemnification

It is understood and agreed that this Grant Agreement is solely for the benefit of the parties to the Grant Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of the Grant Agreement.

The Grantee, its successors and assigns, will protect, save, and hold harmless the Department and the State of Alaska and their authorized agents and employees, from all claims, actions, costs, damages, or expenses of any nature whatsoever by reason of the acts or omissions of the Grantee, its subcontractors, assigns, agents, contractors, licenses, invitees, employees, or any person whomever arising out of or in connection with any acts or activities authorized by this Grant Agreement. The Grantee further agrees to defend the Department and the State of Alaska and their authorized agents and employees in any litigation, including payment of any costs or attorney's fees for any claims or actions commenced thereon arising out of or in connection with acts or activities authorized by this Grant Agreement. This obligation shall not include such claims, costs, damages, or expenses which may be caused by the sole negligence of the Department of the State of Alaska or their authorized agents or employees, provided, that if the claims or damages are caused by or result from the concurrent negligence of (a) the Department and the State of Alaska and their agents or employees, and (b) the Grantee, its agents or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Grantee, or Grantee's agents or employees.

Article 3. Legal Authority

The Grantee certifies that it possesses legal authority to accept grant funds under the State of Alaska and to execute the project described in this Grant Agreement by signing the Grant Agreement document. The Grantee’s relation to the Department and the State of Alaska shall be at all times as an independent Grantee.

Article 4. Waivers

No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. The Department's failure to insist upon strict performance of any provision of the Grant Agreement, or to exercise any right based upon a breach thereof, or the acceptance of any performance during such a breach, shall not constitute a waiver of any right under this Grant Agreement.

Article 5. Access to Records

The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

Article 6. Reports

The Grantee, at such times and in such forms as the Department may require, shall furnish the Department with such periodic reports as it may request pertaining to the activities undertaken pursuant to this Grant Agreement, including the final close-out report, the costs and obligations incurred in connection therewith, and any other matters covered by this Grant Agreement.
Article 7. Retention of Records
The Grantee shall retain financial and other records relating to the performance of this Grant Agreement for a period of six years from the date when the final financial status report is submitted to the Department, or until final resolution of any audit findings, claims, or litigation related to the grant.

Article 8. Assignability
The Grantee shall not assign any interest in this Grant Agreement and shall not transfer any interest in the same (whether by assignment or novation).

Article 9. Financial Management and Accounting
The Grantee shall establish and maintain a financial management and accounting system that conforms to generally accepted accounting principles.

Article 10. Program Income
Program income earned during the award period shall be retained by the Grantee and added to the funds committed to the award and used for the purpose and under the conditions applicable to the use of award funds.

Article 11. Amendments and Modifications
The Grantee or the Department may request an amendment or modification of this Grant Agreement. However, such amendment or modification shall not take effect until approved, in writing, by the Department and the Grantee.

Article 12. Recordkeeping
The Grantee agrees to keep such records as the Department may require. Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.

Article 13. Obligations Regarding Third-Party Relationships
None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all the provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor’s performance or activities under the terms of the subcontracts.

Article 14. Conflict of Interest
No officer or employee of the Department; no member, officer, or employee of the Grantee or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of such locality or localities who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Grant Agreement.
The Grantee shall incorporate, or cause to incorporate, in all such contracts or subcontracts, a provision prohibiting such interest pursuant to the purpose of this provision.

**Article 15. Political Activity**

No portion of the funds provided hereunder shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

**Article 16. Notices**

The Grantee shall comply with all public notices or notices to individuals required by applicable state and federal laws and shall maintain a record of this compliance.

**Article 17. Prohibition Against Payment of Bonus or Commission**

The assistance provided under this Grant Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval or concurrence under this contract provided, however, that reasonable fees of bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

**Article 18. Termination by Mutual Agreement**

This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

**Article 19. Termination for Cause**

If the Grantee fails to comply with the terms of this Grant Agreement, or fails to use the grant for only those purposes set forth herein, the Department may take the following actions:

A. Suspension – After notice in writing by certified mail to the Grantee, suspend the grant and withhold any further payment or prohibit the Grantee from incurring additional obligations of grant funds, pending corrective action by the Grantee or a decision to terminate. Response must be received within fifteen (15) days of receipt of the written notice.

B. Termination – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

**Article 20. Withdrawal of Funds**

In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

**Article 21. Recovery of Funds**

In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.
All remedies conferred on the Department by this agreement or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department's option.

Article 22. Disputes
Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This “Disputes” clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

Article 23. Jurisdiction
This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

Article 24. Ownership of Project/Capital Facilities
The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement, and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

Article 25. Site Control
If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

As a minimum requirement, the Grantee should obtain a “sufficient interest” that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site.

Article 26. Insurance
The Grantee is responsible for obtaining any necessary liability insurance and maintain in force at all times during the performance of this Grant Agreement the insurance policies identified below. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under Alaska Statute AS 21. The Grantee shall require any contractor hired to work on the project be licensed, bonded and insured for at least the amount of the project and if appropriate provide and maintain Professional Liability Insurance.

A. Workers’ Compensation Insurance for all employees engaged in work under this Grant Agreement, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements.

B. Commercial General Liability Insurance covering all business premises and operations used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $300,000 combined single limit per occurrence and annual aggregates where applicable.

C. Comprehensive Automobile Liability Insurance covering all vehicles used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $100,000 per person/ $300,000 per occurrence bodily injury and $50,000.00 property damage.
D. Professional Liability Insurance covering all errors, omissions or negligent acts of the contractor, subcontractor or anyone directly or indirectly employed by them, made in the performance of this contract which result in financial loss to the State. Limits required are per the following schedule:

<table>
<thead>
<tr>
<th>Contract Amount</th>
<th>Minimum Required Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under $100,000</td>
<td>$100,000 per occurrence/annual aggregate</td>
</tr>
</tbody>
</table>

**Article 27. Subcontracts for Engineering Services**

In the event that the Grantee subcontracts for engineering services, the Grantee will require that the engineering firm certify that it is authorized to do business in the State of Alaska. In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be for not less than the amount of the entire project.

**Article 28. Governing law**

This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

**Article 29. Budget Flexibility**

Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or $10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

**Article 30. Equal Employment Opportunity (EEO)**

The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

**Article 31. Public Purposes**

The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.
If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

**Article 32. Operation and Maintenance**
Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

**Article 33. Assurance**
The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

**Article 34. Current Prevailing Rates of Wage**
Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

**Article 35. Severability**
If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

**Article 36. Performance**
The Department’s failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any rights under this Grant Agreement.

**Article 37. Sovereign Immunity**
If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waives its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity’s governing body, is herein incorporated into this Grant Agreement.

**Article 38. Audit Requirements**
The grantee must comply with the audit requirements of the Alaska Administrative Code set forth in 2AAC45.010. AUDIT REQUIREMENTS. An entity that expends a cumulative or total, equal to the state single audit threshold during the fiscal year is required to have a state single audit. A copy of the most current 2AAC45.010 adopted regulations is available at the Alaska Department of Administration’s State Single Audit website: http://doa.alaska.gov/dof/ssa/index.html.

Current audit compliance supplements and guides specific to programs under AS 37.05.315 Grants to Municipalities, AS 37.05.316 Grants to Named Recipients, and AS 37.05.317 Grants to Unincorporated Communities can be found at http://doa.alaska.gov/dof/ssa/2014auditsuppl.html#dept08

**Article 39. Close-Out**
The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
B. The last required performance report has been submitted. The Grantee's failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State's interest. Any excess grant amount that may be in the Grantee's possession shall be returned by the Grantee in the event of the Grantee's failure to finish or update the report.

C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

Article 40. Americans with Disabilities Act
The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity's subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.
Appendix A
State Laws and Regulations and Permits

Grantees are responsible for all applicable state laws, regulations and permits; including but not limited to the following list which most commonly affects Grantees.

Municipality Public Facility Operations and Maintenance—AS 37.05.315(c)
In accepting a grant under AS 37.05.315 for construction of a public facility, a municipality covenants with the State that it will operate and maintain the facility for the practical life of the facility and that the municipality will not look to the State to operate or maintain the facility or pay for its operation or maintenance. This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

Restriction on Use—AS 37.05.321
A grant or earnings from a grant under AS 37.05.315 – 37.05.317 may not be used for the purpose of influencing legislative action. In this section “influencing legislative action” means promoting, advocating, supporting, modifying, opposing, or delaying or seeking to do the same with respect to any legislative action but does not include the provision or use of information, statistics, studies, or analyses in written or oral form or format. A grant or earnings from a grant made under AS 37.05.315 - 37.05.317 may not be used for purposes of travel in connection with influencing legislative action unless pursuant to a specific request from a legislator or legislative committee.

Hiring Preferences—AS 36.10
This chapter of the Alaska Statutes applies to grants for public works projects and requires compliance with the hiring preferences under AS 36.10.150 – 36.10.175 for employment generated by the grant.

Historic Preservation Act—AS 41.35
This chapter of the Alaska Statutes applies to public construction of any nature undertaken by the State, or by a governmental agency of the State, or by a private person under contract with or licensed by the State or a governmental agency of the State. The Department of Natural Resources must be notified if the construction is planned for an archaeological site. The Department of Natural Resources may stop the construction to determine the extent of the historic, prehistoric, or archaeological values.

Fire Protection—AS 18.70
This chapter of the Alaska Statutes requires the Alaska Department of Public Safety (the State Fire Marshal) to adopt regulations (currently in the form of Uniform Fire Code, as amended) establishing minimum standards for:
1. Fire detection and suppression equipment;
2. Fire and life safety criteria in commercial, industrial, business, institutional, or other public buildings used for residential purposes containing four or more dwelling units;
3. Any activity in which combustible or explosive materials are stored or handled in commercial quantities;
4. Conditions or activities carried on outside a building described in (2) or (3) likely to cause injury to persons or property.

Procurement Preference for State Agricultural and Fisheries Products—AS 29.71.040
This chapter of the Alaska Statutes applies to municipalities that use state funds to purchase agricultural and fisheries products. The law requires:
1. When agricultural products are purchased, only such products harvested in the state shall be purchased whenever priced no more than seven percent above products harvested outside the state, and of like quality compared with agricultural products harvested outside the state.
2. When fisheries products are purchased, only fisheries products harvested or processed within the jurisdiction of the state shall be purchased whenever priced no more than seven percent above products harvested or processed outside the state.
the jurisdiction of the state, available, and of like quality compared with fisheries products harvested or processed outside the jurisdiction of the state.

Alaska Product Preferences—AS 36.15
This chapter of the Alaska Statutes applies to projects financed by state money in which the use of timber, lumber, and manufactured lumber products is required, only timber, lumber and manufactured lumber projects originating in this state from local forests shall be used wherever practicable. The law requires the insertion of this clause in calls for bids and in all contracts awarded.

Permits and Environmental Procedures
The Alaska Department of Environmental Conservation (ADEC) regulates all activities in Alaska that might pollute the air, water or soil. There are dozens of ADEC permits related to constructing and operating public buildings. The law requires the following permits, including others designated by the commissioner. The following list is not intended to be all-inclusive.

- Air Emissions Permit
- Anadromous Fish Protection Permit
- Authorization for Tidelands Transportation
- Brine or Other Salt Water Waste Disposal Permit
- Burning Permit during Fire Season
- Coal Development Permit
- Critical Habitat Area Permit
- Dam Construction Permit
- Driveway Permit
- Encroachment Permit
- Miscellaneous State Land Use Permit
- Mineral and Geothermal Prospecting Permits
- Occupied Tide and Submerged Land
- Open Burning Permit
- Permit for Use of Timber or Materials
- Permit to Appropriate Water
- Pesticides Permit
- Preferred Use Permit
- Right-of-Way and Easement Permits
- Solid Waste Disposal
- Special Land Use Permit
- State Game Refuge Land Permit
- State Park Incompatible Use Permit
- Surface Oiling Permit
- Surface Use Permit
- Tide and Submerged Lands Prospecting Permit
- Tidelands Permit
- Tidelands Right-of-Way or Easement Permit
- Utility Permit
- Waste Water Disposal Permit
- Water Well Permit

**AGREEMENT**

The Alaska Department of Commerce, Community, and Economic Development, Division of Community and Regional Affairs (hereinafter 'Department') and the **City of North Pole** (hereinafter 'Grantee') agree as set forth herein.

**Section I.** The Department shall pay the Grantee for the performance of the project work under the terms outlined in this Agreement. The amount of the payment is based upon project expenses incurred, which are authorized under this Agreement. In no event shall the payment exceed **$71,000.00**.

**Section II.** The Grantee shall perform all of the work required by this Agreement.

**Section III.** The work to be performed under this Agreement begins **July 1, 2014** and shall be completed no later than **June 30, 2019**.

**Section IV.** The Agreement consists of this page and the following:

**ATTACHMENTS**

*Rev. 5/2014*
Attachment A
Scope of Work

1. Project Description

The purpose of this FY 2015 Designated Legislative Grant in the amount of $71,000.00 [pursuant to the provisions of AS 37.05.315, Grants to Municipalities, SLA 2014, SB 119, Chapter 18, Section 1, Page 14, and Line 33] is to provide funding to the City of North Pole for use towards Strategic Community Plan. The objective of this project is to engage in a community-wide strategic planning initiative to identify goals for the development of the City of North Pole.

This project may include, but is not limited to:
- Contractual third-party facilitator services
- Marketing and promotion
- Administration

No more than five percent (5%) of the total grant award may be reimbursed for Administrative expenses for projects involving equipment purchase or repairs and no more than ten percent (10%) of the total grant award may be reimbursed for Administrative expenses for all other projects. To be reimbursed for eligible administrative costs, expenses must be reported on the Designated Legislative Grant Financial/Progress Report form.

2. Project Budget

</tr>
</tbody>
</table>

3. Project Management

This project will be managed by the Grantee.

Signatory authority for execution of the Grant Agreement and subsequent amendments is granted to the chief administrator. For grants appropriated to a municipality, the mayor is the chief administrator unless the municipality operates a managerial form of government; then the city manager/administrator acts as the chief administrator. For named recipients and unincorporated communities, the executive director or highest ranking official will act as chief administrator.

The chief administrator may delegate authority for executing the Grant Agreement and amendments to others within the Grantee's organization via the Signatory Authority Form. The chief administrator also designates financial and performance progress reporting authority via the Signatory Authority Form. Such delegation is limited to others within the Grantee's organization unless otherwise approved by the Department.

The Grantee must establish and maintain separate accounting for the use of this Grant. The use of Grant funds in any manner contrary to the terms and conditions of this Grant Agreement may result in the subsequent
revocation of the Grant and any balance of funds under the Grant. It may also result in the Grantee being required to return such amounts to the State.

If applicable under state law, grantees must be registered and in good standing with the Department of Commerce, Community and Economic Development's Division of Corporations, Business and Professional Licensing.

4. Reporting

The Grantee shall submit a Designated Legislative Grant Financial/Progress Report Form provided by the Department each month, or quarterly, with the concurrence of the Department, during the life of the Grant Agreement. Grant Financial/Progress Report Forms are due thirty (30) days after the end of the month or quarter being reported. The report period is the first of the month through the last day of the month. If quarterly reporting is approved, the report period is the first day of the first month through the last day of the third month of the quarter. The final Financial/Progress Reports must be submitted within thirty (30) days following completion of the project.
Attachment B
Payment Method

1. Reimbursement Payment

Upon receiving and approving a Grantee's Financial/Progress Report, the Department will reimburse the Grantee for expenditures paid during the reporting period, in accordance with this Grant Agreement. The Department will not reimburse without approved Financial/Progress Reports, prepared and submitted by the Grantee on the form provided by the Department. Before approving the financial/progress report for payment, the Department may require the Grantee to submit documentation of the costs reported (e.g., copies of vendor billings/invoices and proof of payment, general ledger expenditure report).

2. Advance Payment

In most instances, the Department will make payment to a Grantee on a cost reimbursable basis. If cost reimbursement significantly inhibits the Grantee’s ability to implement the project, the Department may advance to the Grantee an amount not to exceed a projected thirty (30) day cash need, or twenty percent (20%) of the amount in Section I, whichever is less.

Before the Department will issue an advance, the Grantee must submit a “Request for Advance Payment” form along with documentation of costs associated with the advance. The “Request for Advance Payment” form can be obtained from the Department electronically or in hard copy.

All advances will be recovered with the Grantee’s next Financial/Progress Report form. Should earned payments during the terms of this Grant Agreement be insufficient to recover the full amount of the advance, the Grantee will repay the unrecovered amount to the Department when requested to do so by the Department, or at termination of the Grant Agreement.

3. Withholding of Ten Percent (10%)

The Department may withhold ten percent (10%) of the amount in Section I until the Department determines that the Grantee has satisfactorily completed the terms of this Grant Agreement, including all required reporting of the project.
Attachment C
Standard Provisions

Article 1. Definition

"Department" refers to the Department of Commerce, Community, and Economic Development with the State of Alaska.

Article 2. Indemnification

It is understood and agreed that this Grant Agreement is solely for the benefit of the parties to the Grant Agreement and gives no right to any other party. No joint venture or partnership is formed as a result of the Grant Agreement.

The Grantee, its successors and assigns, will protect, save, and hold harmless the Department and the State of Alaska and their authorized agents and employees, from all claims, actions, costs, damages, or expenses of any nature whatsoever by reason of the acts or omissions of the Grantee, its subcontractors, assigns, agents, contractors, licenses, invitees, employees, or any person whomever arising out of or in connection with any acts or activities authorized by this Grant Agreement. The Grantee further agrees to defend the Department and the State of Alaska and their authorized agents and employees in any litigation, including payment of any costs or attorney's fees for any claims or actions commenced thereon arising out of or in connection with acts or activities authorized by this Grant Agreement. This obligation shall not include such claims, costs, damages, or expenses which may be caused by the sole negligence of the Department of the State of Alaska or their authorized agents or employees, provided, that if the claims or damages are caused by or result from the concurrent negligence of (a) the Department and the State of Alaska and their agents or employees, and (b) the Grantee, its agents or employees, this indemnity provision shall be valid and enforceable only to the extent of the negligence of the Grantee, or Grantee's agents or employees.

Article 3. Legal Authority

The Grantee certifies that it possesses legal authority to accept grant funds under the State of Alaska and to execute the project described in this Grant Agreement by signing the Grant Agreement document. The Grantee's relation to the Department and the State of Alaska shall be at all times as an independent Grantee.

Article 4. Waivers

No conditions or provisions of this Grant Agreement can be waived unless approved by the Department in writing. The Department's failure to insist upon strict performance of any provision of the Grant Agreement, or to exercise any right based upon a breach thereof, or the acceptance of any performance during such a breach, shall not constitute a waiver of any right under this Grant Agreement.

Article 5. Access to Records

The Department and duly authorized officials of the State of Alaska shall have full access and the right to examine, excerpt, or transcribe any pertinent documents, papers, records, and books of the Grantee, and of persons or organizations with which the Grantee may contract, involving transactions related to the project and this Grant Agreement.

Article 6. Reports

The Grantee, at such times and in such forms as the Department may require, shall furnish the Department with such periodic reports as it may request pertaining to the activities undertaken pursuant to this Grant Agreement, including the final close-out report, the costs and obligations incurred in connection therewith, and any other matters covered by this Grant Agreement.
Article 7. Retention of Records
The Grantee shall retain financial and other records relating to the performance of this Grant Agreement for a period of six years from the date when the final financial status report is submitted to the Department, or until final resolution of any audit findings, claims, or litigation related to the grant.

Article 8. Assignability
The Grantee shall not assign any interest in this Grant Agreement and shall not transfer any interest in the same (whether by assignment or novation).

Article 9. Financial Management and Accounting
The Grantee shall establish and maintain a financial management and accounting system that conforms to generally accepted accounting principles.

Article 10. Program Income
Program income earned during the award period shall be retained by the Grantee and added to the funds committed to the award and used for the purpose and under the conditions applicable to the use of award funds.

Article 11. Amendments and Modifications
The Grantee or the Department may request an amendment or modification of this Grant Agreement. However, such amendment or modification shall not take effect until approved, in writing, by the Department and the Grantee.

Article 12. Recordkeeping
The Grantee agrees to keep such records as the Department may require. Such records will include information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays and income. They will also include information pertaining to project performance and efforts to comply with the provisions of the Grant Agreement.

Article 13. Obligations Regarding Third-Party Relationships
None of the Work specified in this Grant Agreement shall be contracted by the Grantee without prior approval of the Department. No permission for subcontracting shall create, between the Department or the State of Alaska and the subcontractor, any contract or any relationship.

The Grantee shall remain fully obligated under the provisions of this Grant Agreement notwithstanding its designation of any third party or parties of the undertaking of all or any part of the project described herein. Any subcontractor that is not the Grantee shall be required by the Grantee to comply with all the provisions of this Grant Agreement.

The Grantee shall bind all subcontractors to each and every applicable Grant Agreement provision. Each subcontract for work to be performed with funds granted under this Grant Agreement shall specifically include a provision that the Department and the State of Alaska are not liable for damages or claims from damages arising from any subcontractor's performance or activities under the terms of the subcontracts.

Article 14. Conflict of Interest
No officer or employee of the Department; no member, officer, or employee of the Grantee or its designees or agents; no member of the governing body of the jurisdiction in which the project is undertaken or located; and no other official of such locality or localities who exercises any functions or responsibilities with respect to the project during his or her tenure, shall have any personal or pecuniary gain or interest, direct or indirect, in any contract, subcontract, or the proceeds thereof, for work to be performed in connection with the project assisted under this Grant Agreement.
The Grantee shall incorporate, or cause to incorporate, in all such contracts or subcontracts, a provision prohibiting such interest pursuant to the purpose of this provision.

Article 15. **Political Activity**
No portion of the funds provided hereunder shall be used for any partisan political activity or to further the election or defeat of any candidate for public office or influence the approval or defeat of any ballot issue.

Article 16. **Notices**
The Grantee shall comply with all public notices or notices to individuals required by applicable state and federal laws and shall maintain a record of this compliance.

Article 17. **Prohibition Against Payment of Bonus or Commission**
The assistance provided under this Grant Agreement shall not be used in payment of any bonus or commission for the purpose of obtaining approval or concurrence under this contract provided, however, that reasonable fees of bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

Article 18. **Termination by Mutual Agreement**
This Grant Agreement may be terminated, in whole or in part, prior to the completion of contract project activities when both parties agree that continuation is not feasible or would not produce beneficial results commensurate with the further expenditure of funds. The Department will determine whether an environmental review of the cancellation is required under State and/or Federal law. The parties must agree on the termination conditions, including effective date and the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall make funds available to the Grantee to pay for allowable expenses incurred before the effective date of termination.

Article 19. **Termination for Cause**
If the Grantee fails to comply with the terms of this Grant Agreement, or fails to use the grant for only those purposes set forth herein, the Department may take the following actions:

A. **Suspension** – After notice in writing by certified mail to the Grantee, suspend the grant and withhold any further payment or prohibit the Grantee from incurring additional obligations of grant funds, pending corrective action by the Grantee or a decision to terminate. Response must be received within fifteen (15) days of receipt of the written notice.

B. **Termination** – Terminate the grant in whole or in part, at any time before the final grant payment is made. The Department shall promptly notify the Grantee in writing of its determination to terminate, the reason for such termination, and the effective date of the termination. Payments made to the Grantee or recoveries by the Department shall be in accordance with the legal rights and liabilities of the parties.

Article 20. **Withdrawal of Funds**
In the event funding from the state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant Agreement and prior to normal completion, the Department may terminate the agreement, reduce funding, or re-negotiate subject to those new funding limitations and conditions. A termination under this article shall be implemented under the same conditions as a termination under Article 19 of this Attachment.

Article 21. **Recovery of Funds**
In the event of a default or violation of the terms of the Grant Agreement by the Grantee, the Department may institute actions to recover all or part of the project funds paid to the Grantee. Repayment by the Grantee of grant funds under this recovery provision shall occur within thirty (30) days of demand.
All remedies conferred on the Department by this agreement or any other instrument or agreement are cumulative, not exclusive, and may be exercised concurrently or consecutively at the Department's option.

Article 22. Disputes
Except as otherwise provided in this agreement, any dispute concerning a question of fact arising under this agreement that is not disposed of by mutual agreement shall be decided by the Department, which shall reduce its decision to writing and mail, or otherwise furnish a copy thereof, to the Grantee. The decision of the Department shall be final and conclusive.

This “Disputes” clause does not preclude the consideration of questions of law in connection with the decision provided for in the preceding paragraph provided that nothing in the Grant Agreement shall be construed as making final the decisions of any administrative official, representative, or board on a question of law.

Article 23. Jurisdiction
This Grant Agreement shall be governed by the laws and statutes of the State of Alaska. The venue of any suit hereunder may be in the Superior Court for the First Judicial District, Juneau, Alaska.

Article 24. Ownership of Project/Capital Facilities
The Department makes no claim to any capital facilities or real property improved or constructed with funds under this Grant Agreement and, by this grant of funds, does not and will not acquire any ownership interest or title to such property of the Grantee. The Grantee shall assume all liabilities arising from the ownership and operation of the project and agrees to hold the Department and the State of Alaska harmless from any and all causes of action arising from the ownership and operation of the project.

Article 25. Site Control
If the grant project involves the occupancy and use of real property, the Grantee assures that it has the legal right to occupy and use such real property for the purposes of the grant, and further that there is legal access to such property.

As a minimum requirement, the Grantee should obtain a “sufficient interest” that allows the Grantee the right to use and occupy the site for the expected useful life of the building, structure or other improvement. Generally, the interest obtained should be for at least 20 years. A sufficient interest depends upon the nature of the project and the land status of the site.

Article 26. Insurance
The Grantee is responsible for obtaining any necessary liability insurance and maintain in force at all times during the performance of this Grant Agreement the insurance policies identified below. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under Alaska Statute AS 21. The Grantee shall require any contractor hired to work on the project be licensed, bonded and insured for at least the amount of the project and if appropriate provide and maintain Professional Liability Insurance.

A. Workers' Compensation Insurance for all employees engaged in work under this Grant Agreement, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L & H. and Jones Act requirements.
B. Commercial General Liability Insurance covering all business premises and operations used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $300,000 combined single limit per occurrence and annual aggregates where applicable.
C. Comprehensive Automobile Liability Insurance covering all vehicles used by the Grantee in the performance of this project and Grant Agreement with coverage limits not less than $100,000 per person/$300,000 per occurrence bodily injury and $50,000.00 property damage.
D. Professional Liability Insurance covering all errors, omissions or negligent acts of the contractor, subcontractor or anyone directly or indirectly employed by them, made in the performance of this contract which result in financial loss to the State. Limits required are per the following schedule:

<table>
<thead>
<tr>
<th>Contract Amount</th>
<th>Minimum Required Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under $100,000</td>
<td>$100,000 per occurrence/annual aggregate</td>
</tr>
</tbody>
</table>

**Article 27. Subcontracts for Engineering Services**

In the event that the Grantee subcontracts for engineering services, the Grantee will require that the engineering firm certify that it is authorized to do business in the State of Alaska. In the event that the engineering firm is also the project administrator, the Grantee shall require that the bond or insurance shall be for not less than the amount of the entire project.

**Article 28. Governing law**

This Grant Agreement is governed by the laws of the State of Alaska. The Grantee shall perform all aspects of this project in compliance with the appropriate laws and regulations. It is the responsibility of the Grantee to ensure that all permits required for the construction and operation of this project by the Federal, State, or Local governments have been obtained.

**Article 29. Budget Flexibility**

Notwithstanding the provisions of Article 11, Attachment C, the Grantee may revise the project budget in Attachment A without a formal amendment to this agreement. Such revisions are limited within each line item to a maximum of ten percent (10%) of the line item or $10,000, whichever is less, over the entire term of this agreement. Such budget revisions shall be limited to changes to existing budget line items. Budget revisions may not be used to increase any budget item for project administrative expenses. Changes to the budget beyond the limits authorized by this provision may only be made by a formal amendment to this agreement.

**Article 30. Equal Employment Opportunity (EEO)**

The Grantee may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood. The Grantee shall post in a conspicuous place, available to employees and applicants for employment, a notice setting out the provisions of this paragraph.

The Grantee shall state, in all solicitations or advertisements for employees to work on state funded projects, that it is an equal opportunity employer (EEO) and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

The Grantee shall include the provisions of this EEO article in every contract relating to this Grant Agreement and shall require the inclusion of these provisions in every agreement entered into by any of its contractors, so that those provisions will be binding upon each contractor or subcontractor.

**Article 31. Public Purposes**

The Grantee agrees that the project to which this Grant Agreement relates shall be dedicated to public purposes for its useful life. The benefits of the project shall be made available without regard to race, religion, color, national origin, age, physical handicap, sex, marital status, changes in marital status, pregnancy, or parenthood.

If the Grantee is a non-municipal entity and if monies appropriated under this grant constitute the sole or principal funding source for the acquisition of equipment or facilities, the Grantee agrees that in the event a municipal corporation is formed which possesses the power and jurisdiction to provide for such equipment or facilities, the Grantee shall offer, without compensation, to transfer ownership of such equipment or facilities to the municipal corporation.
If the Grantee is a non-profit corporation that dissolves, the assets and liabilities from the grant project are to be distributed according to statutory law, AS 10.20.290-10.20.452.

Article 32. Operation and Maintenance
Throughout the life of the project, the Grantee shall be responsible for the operation and maintenance of any facility, equipment, or other items acquired under this grant.

Article 33. Assurance
The Grantee shall spend monies awarded under this grant only for the purposes specified in this Grant Agreement.

Article 34. Current Prevailing Rates of Wage
Certain grant projects are constrained by the provisions of AS 36. PUBLIC CONTRACTS. To the extent that such provisions apply to the project which is the subject of this Grant Agreement, the Grantee shall pay the current prevailing rates of wage to employees as required by AS 36.05.010. The Grantee also shall require any contractor to pay the current prevailing rates of wage as required by AS 36.05.010.

Article 35. Severability
If any provision under this Grant Agreement or its application to any person or circumstance is held invalid by any court of rightful jurisdiction, this invalidity does not affect other provisions of the contract agreement which can be given effect without the invalid provision.

Article 36. Performance
The Department’s failure to insist upon the strict performance of any provision of the Grant Agreement or to exercise any right based upon breach thereof or the acceptance of any performance during such breach shall not constitute a waiver of any rights under this Grant Agreement.

Article 37. Sovereign Immunity
If the Grantee is an entity which possesses sovereign immunity, it is a requirement of this grant that the Grantee irrevocably waive its sovereign immunity with respect to state enforcement of this Grant Agreement. The waiver of sovereign immunity, effected by resolution of the entity’s governing body, is herein incorporated into this Grant Agreement.

Article 38. Audit Requirements
The grantee must comply with the audit requirements of the Alaska Administrative Code set forth in 2AAC45.010. AUDIT REQUIREMENTS. An entity that expends a cumulative or total, equal to the state single audit threshold during the fiscal year is required to have a state single audit. A copy of the most current 2AAC45.010 adopted regulations is available at the Alaska Department of Administration’s State Single Audit website: http://doa.alaska.gov/dof/ssa/index.html.

Current audit compliance supplements and guides specific to programs under AS 37.05.315 Grants to Municipalities, AS 37.05.316 Grants to Named Recipients, and AS 37.05.317 Grants to Unincorporated Communities can be found at http://doa.alaska.gov/dof/ssa/2014audit suppl.html#dept08

Article 39. Close-Out
The Department will advise the Grantee to initiate close-out procedures when the Department determines, in consultation with the Grantee, that there are no impediments to close-out and that the following criteria have been met or soon will be met:

A. All costs to be paid with grant funds have been incurred with the exception of close-out costs and any unsettled third-party claims against the Grantee. Costs are incurred when goods and services are received or contract work is performed.
B. The last required performance report has been submitted. The Grantee’s failure to submit a report will not preclude the Department from effecting close-out if it is deemed to be in the State’s interest. Any excess grant amount that may be in the Grantee’s possession shall be returned by the Grantee in the event of the Grantee’s failure to finish or update the report.

C. Other responsibilities of the Grantee under this Grant Agreement and any close-out agreement and applicable laws and regulations appear to have been carried out satisfactorily or there is no further State interest in keeping the grant open for the purpose of securing performance.

**Article 40. Americans with Disabilities Act**

The Americans with Disabilities Act (ADA) prohibits discrimination against persons with disabilities. Title I of the ADA prohibits discrimination against persons with disabilities in employment and provides that a reasonable accommodation be provided for applicants and employees. Title II of the Act prohibits public agencies from discriminating against individuals with disabilities in the provision of services, programs, or activities. Reasonable accommodation must be made to ensure or allow access to all services, programs, or activities. This section of the Act includes physical access to public facilities and requires that public entities must, if necessary, make modifications to their facilities to remove physical barriers to ensure access by persons with disabilities. All new construction must also be accessible to persons with disabilities. A public entity’s subgrantees or contractors must also comply with the ADA provisions. Grantees are responsible for assuring their compliance with the ADA.
Appendix A
State Laws and Regulations and Permits

Grantees are responsible for all applicable state laws, regulations and permits; including but not limited to the following list which most commonly affects Grantees.

Municipality Public Facility Operations and Maintenance—AS 37.05.315(c)
In accepting a grant under AS 37.05.315 for construction of a public facility, a municipality covenants with the State that it will operate and maintain the facility for the practical life of the facility and that the municipality will not look to the State to operate or maintain the facility or pay for its operation or maintenance. This requirement does not apply to a grant for repair or improvement of an existing facility operated or maintained by the State at the time the grant is accepted if the repair or improvement for which the grant is made will not substantially increase the operating or maintenance costs to the State.

Restriction on Use—AS 37.05.321
A grant or earnings from a grant under AS 37.05.315 - 37.05.317 may not be used for the purpose of influencing legislative action. In this section “influencing legislative action” means promoting, advocating, supporting, modifying, opposing, or delaying or seeking to do the same with respect to any legislative action but does not include the provision or use of information, statistics, studies, or analyses in written or oral form or format. A grant or earnings from a grant made under AS 37.05.315 - 37.05.317 may not be used for purposes of travel in connection with influencing legislative action unless pursuant to a specific request from a legislator or legislative committee.

Hiring Preferences—AS 36.10
This chapter of the Alaska Statutes applies to grants for public works projects and requires compliance with the hiring preferences under AS 36.10.150 – 36.10.175 for employment generated by the grant.

Historic Preservation Act—AS 41.35
This chapter of the Alaska Statutes applies to public construction of any nature undertaken by the State, or by a governmental agency of the State, or by a private person under contract with or licensed by the State or a governmental agency of the State. The Department of Natural Resources must be notified if the construction is planned for an archaeological site. The Department of Natural Resources may stop the construction to determine the extent of the historic, prehistoric, or archaeological values.

Fire Protection—AS 18.70
This chapter of the Alaska Statutes requires the Alaska Department of Public Safety (the State Fire Marshal) to adopt regulations (currently in the form of Uniform Fire Code, as amended) establishing minimum standards for:
1. Fire detection and suppression equipment;
2. Fire and life safety criteria in commercial, industrial, business, institutional, or other public buildings used for residential purposes containing four or more dwelling units;
3. Any activity in which combustible or explosive materials are stored or handled in commercial quantities;
4. Conditions or activities carried on outside a building described in (2) or (3) likely to cause injury to persons or property.

Procurement Preference for State Agricultural and Fisheries Products—AS 29.71.040
This chapter of the Alaska Statutes applies to municipalities that use state funds to purchase agricultural and fisheries products. The law requires:
1. When agricultural products are purchased, only such products harvested in the state shall be purchased whenever priced no more than seven percent above products harvested outside the state, and of like quality compared with agricultural products harvested outside the state.
2. When fisheries products are purchased, only fisheries products harvested or processed within the jurisdiction of the state shall be purchased whenever priced no more than seven percent above products harvested or processed outside
the jurisdiction of the state, available, and of like quality compared with fisheries products harvested or processed outside the jurisdiction of the state.

Alaska Product Preferences—AS 36.15

This chapter of the Alaska Statutes applies to projects financed by state money in which the use of timber, lumber, and manufactured lumber products is required, only timber, lumber and manufactured lumber projects originating in this state from local forests shall be used wherever practicable. The law requires the insertion of this clause in calls for bids and in all contracts awarded.

Permits and Environmental Procedures

The Alaska Department of Environmental Conservation (ADEC) regulates all activities in Alaska that might pollute the air, water or soil. There are dozens of ADEC permits related to constructing and operating public buildings. The law requires the following permits, including others designated by the commissioner. The following list is not intended to be all-inclusive.

- Air Emissions Permit
- Anadromous Fish Protection Permit
- Authorization for Tidelands Transportation
- Brine or Other Salt Water Waste Disposal Permit
- Burning Permit during Fire Season
- Coal Development Permit
- Critical Habitat Area Permit
- Dam Construction Permit
- Driveway Permit
- Encroachment Permit
- Miscellaneous State Land Use Permit
- Mineral and Geothermal Prospecting Permits
- Occupied Tide and Submerged Land
- Open Burning Permit
- Permit for Use of Timber or Materials
- Permit to Appropriate Water
- Pesticides Permit
- Preferred Use Permit
- Right-of-Way and Easement Permits
- Solid Waste Disposal
- Special Land Use Permit
- State Game Refuge Land Permit
- State Park Incompatible Use Permit
- Surface Oiling Permit
- Surface Use Permit
- Tide and Submerged Lands Prospecting Permit
- Tidelands Permit
- Tidelands Right-of-Way or Easement Permit
- Utility Permit
- Waste Water Disposal Permit
- Water Well Permit

RE: 2015 Designated Legislative Grant Agreements

Dear Mayor Ward:

Enclosed you will find four grant agreements between the City of North Pole and the Department of Commerce, Community and Economic Development. Listed below are the projects and award amounts:

<table>
<thead>
<tr>
<th>Grant Number</th>
<th>Project Name</th>
<th>Award Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>15-DC-114</td>
<td>Mixing Zone Compliance Plan</td>
<td>$500,000.00</td>
</tr>
<tr>
<td>15-DC-115</td>
<td>Public Works Skid Steer Loader</td>
<td>$72,000.00</td>
</tr>
<tr>
<td>15-DC-116</td>
<td>Redesign of City Hall and Police Station</td>
<td>$300,000.00</td>
</tr>
<tr>
<td>15-DC-117</td>
<td>Strategic Community Plan</td>
<td>$71,000.00</td>
</tr>
</tbody>
</table>

In order to receive grant funds, a grant agreement must be executed for each award. Please carefully review the agreements, sign, date, and return. Faxed or emailed copies will not be accepted. Upon receipt and approval, fully executed copies will be sent to you for your files.

If you have any additional questions, please contact me via phone at (907) 451-2717 or email caitlin.frye@alaska.gov.

Sincerely,

Caitlin Frye
Grant Administrator I

Notification

All street excavations and subsequent restoration of a public facility must conform to the appropriate City regulation(s) Service Line Requirements for Water and Wastewater, Utility Standards of Construction, Design Guidelines for Streets and Drainage, Right-of-Way Permit Application and Specifications Manual, City of North Pole Municipal Code and the Alaska Department of Transportation and Public Facilities highway construction standards and OSHA requirements.

Storm Water Permits

Private projects disturbing a combined one acre or more must also obtain a Storm Water Permit. Public projects occurring within the City limits that disturb a combined one acre or more must also obtain a Storm Water Permit from the Alaska Department of Environmental Conservation.

Certification

By signing the permit application below, I herby certify that I have read and examined this application, the appropriate City regulation(s)--Service Line Requirements for Water and Wastewater, Utility Standards of Construction, Design Guidelines for Streets and Drainage, Right-of-Way Permit Application and Specifications Manual. In addition, the work to be performed shall meet the requirements of these guidelines and specifications as applicable. Further, I certify that all information provided in the permit application and attachments to the application to be true and correct to the best of my knowledge. All provisions of laws and ordinances governing this type of work will be complied with, whether specified herein or not.

Name of authorized agent (please print) Signature of authorized agent Date
Memo

To: North Pole City Council
From: Bill Butler
Date: August 28 2014
Subject: Request to sell a 1994 Ford F150 pickup truck

In spring 2014, the Utility Department purchased a new pickup truck to replace its aging 1994 Ford F150 pickup truck. The Utility is requesting to sell the 1994 pickup truck. The vehicle has a number of mechanical issues that make the value to the Utility less than the repair cost; e.g., difficulty in starting and operating the vehicle during cold weather and problems with the transmission. Any money earned from the sale will be deposited in the Utility’s Fleet Fund.
To: Mayor Ward
From: Chief Lane
Date: 8/26/2014
Re: New Hires

Mayor,

With the departure of Dave Daniel, Dan Kuhnert and Justin Williams and promotions to fill their vacancies, we have three firefighters positions open. We have tested and interviewed a total of six candidates so far. Out of those six we have made conditional job offers to two of them, with a third offer to go out later this week. Because of the age requirement and others not meeting the minimal requirements we are still accepting applications. We received a few more applications and have conducted another test and should have the results to make the third offer in the next couple of days.

I am requesting that I be able to bring in the three new hires at the range six on the firefighter pay scale ($14.52). As you may remember for the last ten years we have been bringing in the new firefighters at the range six. It is very difficult to hire and keep personnel at the range one (12.52 an hour). Can we please have this placed on the agenda for the next city council meeting? The difference between range one and range six is two dollars and hour.

Please let me know if you have any questions.
August 27, 2014

City of North Pole
125 Snowman Lane
North Pole AK 99705

Dear Mayor Ward and City Council Members:

This letter is in regards to Fairbanks Convention and Visitors Bureau (FCVB) requesting the 4th Quarter 2013, and 1st and 2nd Quarter 2014 allotment of the North Pole City bed tax. The total request is for $1,300.88. Please find attached the Year-to-Date Bed Tax Summary Report for the FNSB region as well as the North Pole specific data. FNSB is still completing their Fiscal Year-End Adjustments so June figures have not been included.

You have been receiving our President and CEO Reports which highlight our activities but I would like to touch on a few of those items. Japan Airlines (JAL) charters, 10th anniversary started with three flights in Winter 2004/05, culminating this year, 2013/14, with 18 winter flights and six summer charter flights. The first summer charter flight is scheduled to arrive August 27th and ending September 18th. The return of the JAL summer charters signifies the start of the “aurora season”, which runs from August 21st to April 21st in Interior Alaska. Local tourism industry leaders identified those dates as being the best opportunity for visitors to enjoy the northern lights. Local businesses who specialize in aurora tourism are already reporting strong numbers, with solid bookings through the month of September.

When considered in conjunction with the July 23rd article published in the Fairbanks Daily News Miner regarding the 25 percent increase in the fall and winter months, this information gives validity to what we have labeled as the opportunity season. One of Explore Fairbanks long-term strategic priorities has been and still continues to focus efforts on stimulating year round visitor spending. In the attached graph, FNSB including Fairbanks and North Pole City limits shows that since 2008 our efforts including “Ask Me About Winter”, Winter Product Familiarization tours and the Winter Tourism Summits have seen noticeable improvements with the Hotel/Motel Tax growing from $1,171,806 in the 2008 winter season to $1,674,430 in 2013. These numbers do not include Arctic Winter Games, which happened in the early part of 2014. The 2013 winter season, which consists of January through April and October through December, Hotel/Motel Tax increase of $502,624 equates to an additional $6,282,800 of Hotel/Motel Revenue over 2008 within the FNSB which funds are used to pay for employment, services and product used by those hotels.

I would also like to mention that Explore Fairbanks achieved accreditation with Destination Marketing Association International (DMAI) in July. The Destination Marketing Accreditation Program (DMAP) Jack Wart Board Chair said “By applying for and receiving accreditation Explore Fairbanks has demonstrated a commitment to quality programs and services.” DMAP accreditation standards cover a wide variety of topics including governance, finance, management, human resources, technology, visitor services, group services, sales, communication, membership, brand management, destination development, research/marketing intelligence, innovation, and stakeholder relationships. “DMAP
accreditation communicates to community stakeholders and potential visitors that Explore Fairbanks has attained a measure of excellence assuring that their trust is well placed and their business is in good hands.” DMAI has over 600 members in 16 countries; the Destination Marketing Organizations that recently received accreditation brought the total of accredited DMO’s to 197. Explore Fairbanks is the first DMO in Alaska to achieve accreditation.

Thank you again for reinvesting Hotel/Motel Tax dollars into destination marketing which has shown a proven ability to help generate revenue for your community members. If there are questions, please contact me at my direct line 459-3774 or at dmurphy@explorefairbanks.com.

Sincerely,

Dawn Murphy
Finance and Administrative Director
Fairbanks Convention and Visitors Bureau
