COMMUNICATIONS FROM THE MAYOR (Audio 4:30)
• The City of North Pole is now an Association of Defense Community Partner. Members from the ADC board were in town two weeks ago to tour our bases and look at the community. The Fairbanks North Star Borough is planning to partner with the ADC to put on a defense community summit in 2019. For more information, please visit their website at www.defensecommunities.org.
• I was able to participate in the FNSB senior citizen recognition day at the Carlson Center. The three mayors recognized many in the community but we got a special opportunity to recognize Patricia Therman for her volunteerism.
• I was honored to speak at the Police Memorial Service at the Trooper Park in North Pole on May 11th. The event was well attended and the lunch provided afterwards was done at North Pole Worship Center and much thanks for letting us use the facility.
• The 4th of July Festival Committee is in need of volunteers, parade entrants, festival vendors, and softball players. This year the softball game is North Pole vs Eielson. The next meeting will be Tuesday, May 29th at 6pm at City Hall. Please come help make this a fun event.
• Tuesday, May 15th was the North Pole High School graduation and as always, it was a great experience. Congratulations to our graduates.
• Last weekend was a great weekend in North Pole. We had the Fire Department open house, which was a great success, and Cruis’n with Santa put on by the North Pole Optical Lions.
• Today for Arbor Day, the City planted a new Christmas tree out front by the Peace Pole. Thank you to North Pole Public Works for planting the tree.

COUNCIL MEMBER QUESTIONS OF THE MAYOR (Audio 8:20)
• Mr. Thompson stated he heard good comments about Mayor Ward’s speech at the Police Memorial.

COMMUNICATIONS FROM DEPARTMENT HEADS, BOROUGH REPRESENTATIVE AND THE CITY CLERK

Fire Dept., Chief Coon (Audio 38:16)
• May 19th was our annual open house and would like to thank all of the Council members that came out with their families. By all accounts, this year was another hit. Captain Haywood and the members of NPFD put on a well thought out and organized event. Captain Haywood has posted pictures of the event on our Facebook page.
• I attended the National Fire Academy last week in Emmetsburg, Maryland. The class
focused on strategies for success. I also spent a fair amount of time in the library researching funding alternatives for emergency medical and fire services.

- Department members are in training for a state certified Fire Apparatus Driver Operator class. This class is 80 hours and gives our members a state and national cert.
- Laserfiche project is still ongoing.
- On 5/11/18, we had a significant wind event that had numerous trees down on power lines and across road ways. Until we are completely greened up, there is still a significant wildland fire threat.
- Airpack grant update: ordinance 18-11 – second reading tonight.
- Fleet Maintenance Report:
  - Engine 21 is still down for repairs. Parts came in late last week and Deputy Chief Heineken worked over the weekend to rebuild the pump transmission. Engine 21 has been out of service for 38 days and Engine 22, which is 25 years old, has been assigned to first our duties. This is a good reminder to the Council the need to fund fire apparatus replacements.
  - Squad 24 wildland pump is still out of service due to a catastrophic failure in the pump. Squad 24 is 25 years old and parts are difficult to come by. I will keep the Council up to date on the status of the squad.
- Mr. Claus asked if 2 out of the 3 in-house resident spots are filled. Chief Coon replied that yes, there is still 1 vacant position. They went to NPHS recently to talk about firefighting and are trying to find local talent.
- Mr. Isaacson thanked Chief Coon for attending the fire academy and asked if it has been awhile since he was last there. Chief Coon replied that he tries to make it every other year and his goal is to make it there 20 times by the time he is done working.
- Ms. Welch gave kudos for the nice open house.

**Police Dept., Chief Dutra** (Audio 8:50)

- First Net – explained the service, new pricing, and what it means.
- Went through the stats from the department.
- File cabinets, tires, rims, storage shelves, and a 10 year old copier are at the auction house.
- UMOT update and NPMC – changes will take time.
- JAG 2018 grant is finally out so we are working to meet the May 25th deadline.
- Awards banquet is June 1st. May officers are receiving awards so if you are interested in attending, please let me know.
- ALiCE – many attendees are community businesses, churches, and organizations that will be able to share what they have learned.
- I attended the FNSBSD meeting for crises team training and roll out.
- Granite laser etched plaques for the Memorial Park have arrived and will be mounted shortly.
- New patrol cars have arrived in Anchorage. Outfitting and decals will take about a
Lt. Lindhag secured new lights donated by Sound Off worth about $2000.

- As you know, I sent you the good news about my appointment to APSC. I am the 1st NP Chief to ever sit on the board.
- During our search for psych evaluations for the evidence custodian, I found a company to do ours for $400.
- Search for the evidence custodian continues – we started with 16 candidates and are down to 11. A lot of time and resources goes into screening each candidate.
- Police Memorial – shout out to all my employees who helped – thank you.
- Torch Run – Officer Phil McBroom won for men. Also participating were my daughter, Lt. Lindhag, and Officer Jim McBroom. Thank you to all those folks for supporting.
- Lt. Lindhag received a glowing thanks for helping a citizen with a PFD problem and her car alarm. She brought him a plant to say thank you.
- Mr. Skipps asked for an update on the evidence vehicle. Chief Dutra stated there has been some movement but that Emily has been slammed with sexual assault cases and other investigations as well as the backgrounds on the evidence custodian applicants. The vehicle has the basics so it can be used now if needed.
- Mr. Thompson asked if there was any word on the HIDTA designation and what that means for North Pole. Chief Dutra stated that HIDTA is the High Intensity Drug Traffic Area and that there is a 15 member board that we have been invited to be a part of with the other local departments. So that will give us a say in how the funds are spent.
- Mr. Isaacson asked if Chief Dutra was looking into the bills recently passed to correct SB91 and how that affects us. Chief Dutra replied that he hasn’t had time to study the changes because these bills came as a big surprise but he will look into it.

Public Works
- Public Works has hired five summer employees.
- Street sweeping is underway.
- Building additional benches and trash cans for installation along Badger Road.
- Flowers for roundabouts and planters have been ordered with expected installation in early June.
- Mr. Isaacson asked if the street sweeping was just for the main roads or if the smaller roads would be taken care of as well. Mr. Butler replied that anywhere the City put gravel down, we will be taking back up.
Utility Department
- Sulfolane settlement.
  - HDPE pipe installation continues in 12 Mile Village and along Hurst Road.
  - Peridot Road pump house beginning to construct forms and install subsurface piping.

Natural Gas Utility Board
- Scheduled vote to finalize purchase and sales agreement on May 29, 2018.
- IGU is exploring an alternative approach from Siemens that would provide a “turnkey” means to supply gas to the interior.
- Mr. Isaacson asked for an explanation of the Siemens approach. Mr. Butler explained that the Siemens units are smaller than the Pentax units so you add as needed. Also, they are not owned by IGU and Siemens uses rail cars rather than trucks so it is more efficient.

Borough Representative

City Clerk’s Office, Judy Binkley  (Audio 48:14)
- Last week the other local clerks and I were part of the “election workshop” hosted by the League of Women Voters. It was the first year this event was held and turnout was great. The clerks talked about the seats we each have open and important dates candidates will need to know. The League did a presentation on APOC and finally there were guest speakers who talked about their experiences when they were in office. Our next event will be the “candidate open house” on July 7th.
- I completed payroll on my own last week and it went pretty smoothly.
- We just received the renewal information for the health insurance plan. Mayor Ward and I have a call with the insurance brokers tomorrow morning to discuss the options. We will be going over that with Council at our next meeting.
- As a reminder, the June Council meetings will be the 2nd and 3rd Monday (the 11th and 18th) as I will be in clerk training the 1st week of June.
- Mr. Skipp asked what the candidate open house was. Clerk Binkley explained that the candidate open house is an event where the local clerks get together and have information about their municipality, the seats that will be open this year, and the requirements to run for elected office. It’s an opportunity for those who are seriously thinking about running for office to ask questions and pick up information.

COUNCIL COMMENTS (Audio 1:01:20)

Mr. Skipps - None

Ms. Welch – Thank you to the fire department for the open house. I also attended Cruis’n with Santa and that was a lot of fun.

Mr. Isaacson – Mr. Skipps was one of the organizers for Cruis’n with Santa and it was a nice event. Chief Coon also did a good job with the open house. It was a fun day at North Pole because the day care had a big jumpy house so as kids left the fire station, there was another activity.
Mr. Claus – Had the great pleasure of meeting with some of the folks visiting from Thailand. They are having a celebration this Saturday. Also, this Thursday is red nose day which is an anti-child poverty campaign.

Mr. Thompson – None

Mayor Ward – Next Monday is Memorial Day. Also the Visitor’s Center opens that weekend. Tomorrow at 6pm is the KJNP conditional use tower hearing at the Borough Chambers. The Thailand delegation has an event on the 26th from 11-1 so if anyone from Council would like to go, I will be happy to share the information after the meeting.

Re: Health Insurance, employee contributions

Council,

Please review attached ordinance 18-12, which would increase the employee contribution to the health care plan up to the maximum allowed to maintain our grandfathered status under the Affordable Healthcare Act (ACA). The City is experiencing a large increase this year due to the experience of the plan and it is my recommendation to increase the employee contribution to help cover the increases. The employee increase is roughly 11.5%, this increase is equal to a $2.31 per pay period increase for individual employees and a $9.25 per pay period increase for dependents.

This Ordinance will be presented to the council on the June 11th council meeting and considered for approval June 18th, at the same time as the plan renewal. I encourage you to participate in the discussion and welcome the input, thank you.

Sincerely,

Mayor Bryce J. Ward

Re: Leave Bank Ordinance

Council,

Please review the attached ordinance, which would change the process of our leave assistance code. The new process would create a leave bank in which employees would be able to donate leave for those who may need assistance, once their leave is exhausted for a medical or other qualifying reason. Leave would be donated at the hourly rate of the employee donating leave and withdrawn based on the hourly rate of the employee to receive the benefit. I am proposing the leave bank be limited to $10,000 and it would not expire between years if not used. It is my hope that this new process will be fair and equitable for all employees and provide an additional level of safety for employees that endure a qualifying hardship.

This Ordinance will be presented to the council on the June 11th council meeting and considered for approval June 18th. I encourage all employees to participate in the discussion.

Sincerely,

Mayor Bryce J. Ward

B. New employees shall not be eligible for leave during their first ninety days of employment, although leave shall accrue from the beginning of employment.

C. Monetary compensation (leave buy-out) can be authorized up to a maximum of eighty hours (one hundred twenty hours for personnel on the nineteen-day cycle shift) per calendar year with the approval of the department head. An employee must have sixteen hours remaining for forty-hour-per-week employees and twenty-four hours remaining for nineteen-day cycle employees after compensation in order to be eligible.

D. Department heads, acting department heads, or designees are the sole approving authority on leave. Approval considerations shall be based upon department operation requirements and the desire of the employee. Leave may be canceled or amended to allow the department to meet emergency situations. However, leave may not be canceled or amended to avoid paying overtime.

E. An employee who is unable to report to work for any reason without prior approval shall report the reason for his absence to his department head as soon as possible after the time he is expected to report for work. Leave with pay shall be allowed on a case-by-case basis. The department head shall determine whether or not an employee’s reason for absence warrants leave with pay. It is the responsibility of the employee to provide substantiation of their reason for not appearing for work.

F. Unused leave shall be compensated at the current rate of pay at the time of resignation or dismissal of an employee.

G. Leave can accrue from year to year with a maximum accrual of three hundred twenty hours, except that the maximum leave accrual for nineteen-day cycle shift personnel shall be four hundred twenty hours. When an employee’s leave accrual reaches the maximum limit they must elect either to receive monetary compensation or take leave subject to the provisions of subsection (C) of this section to reduce the accrued leave below the maximum level. If an employee changes from a nineteen-day cycle shift to a forty-hour-a-week shift, or vice versa, any leave that is over the maximum after conversion (see subsection (G)(1) of this section for conversion) for that shift schedule must be sold or taken as stated in this subsection. The office responsible for payroll operations shall ensure compliance with this subsection.

1. The formula for converting the accrued leave of an employee who goes from a forty-hour-per-week shift to a nineteen-day cycle shift, or vice versa, shall be as follows:

   a. From a forty-hour-per-week shift to a nineteen-day cycle shift: Multiply the current accrued leave balance by the current hourly rate of pay for the forty-hour-per-week shift and divide this total by the nineteen-day cycle hourly rate. The result will be the new accrued leave balance.
An example is as follows where:

(a) = current leave balance;
(b) = hourly rate of pay for forty-hour-per-week shift;
(c) = hourly rate of pay for nineteen-day cycle shift;
(d) = new accrued leave balance.

\[
\frac{(a) \times (c)}{(b)} = (d)
\]

b. From a nineteen-day cycle shift to a forty-hour-per-week shift: Multiply the current accrued leave balance by the current hourly rate of pay for the nineteen-day cycle shift and divide this total by the forty-hour-per-week shift hourly pay rate. The result will be the new accrued leave balance.

An example is as follows where:

(a) = current leave balance;
(b) = hourly rate of pay for forty-hour-per-week shift;
(c) = hourly rate of pay for nineteen-day cycle shift;
(d) = new accrued leave balance.

\[
\frac{(a) \times (c)}{(b)} = (d)
\]

H. An employee may voluntarily donate unused leave he or she has accrued to another City employee who has exhausted his leave time and who is seriously ill or injured, or to care for an immediate family member who is seriously ill or injured. No employee may voluntarily donate leave from their account if the donation will cause their account to drop below sixteen hours of leave for a forty-hour-per-week shift employee or twenty-four hours for a nineteen-day cycle employee. In computing the value of the donated leave, the leave donated will be valued at the rate earned by the donating employee at the time of the donation.

I. H. All personnel not working the nineteen-day cycle shift will accrue leave as forty hours/week employees.

2.36.415 Voluntary Leave Bank Program
A. The Leave Bank program is for employees who are experiencing a personal or family medical emergency, and has exhausted his or her available paid leave. The Leave Bank program can also provide maternity leave once the employee has exhausted their available paid leave. The City Clerk and Mayor will determine how much donated leave an employee may receive from the leave bank. Any unused donated leave will be returned to the leave bank. Donated leave will be withdrawn from the leave bank at the current hourly rate of the employee to receive the benefit.

B. The following definitions are to be used for qualified leave bank request:

   a. Medical emergency: a medical emergency is a medical condition of either the employee or the employees family member that is likely to require the employee to be absent from duty for a prolonged period and to result in a substation loss of income because of the employees lack of available paid leave

   b. Maternity leave: the employee must have given birth to a child or have adopted a child or been placed with a foster child (in either case, the child must be age 17 or younger). The adoption of a child by a new spouse is excluded from this policy.

   c. The definition of family member covers a wide range of relationships, including spouse; parents; parents-in-law; children; brothers; sisters; grandparents; grandchildren; step parents; step children; foster parents; foster children; guardianship relationships; as applicable.

C. The City Clerk and/or Mayor shall hear all requests for leave and rule on them quickly.

   a. Leave shall be drawn from the leave bank based on the current regular wage of the applicant.

   b. The leave bank may not have any more the $10,000 of leave accrued at any one time.

D. In order to receive donated annual leave, a leave bank member who is affected by a personal or family medical emergency, or maternity leave, must make written application to the City Clerk. If the member is not capable of making written application, a personal representative may make the application on behalf of the employee to the City Clerk.

   a. Each application should include:

      i. The name, position title, and grade or pay level of the leave bank member.

      ii. The reasons transferred leave is needed, including a brief description of the nature, severity, and anticipated duration of the medical emergency, and if it is a recurring one, the approximate frequency of the medical emergency affecting the leave bank member.
iii. If required by the City Clerk or Mayor, certification regarding the medical emergency from one or more physicians or other appropriate experts. (The agency must pay the expenses associated with obtaining agency-required certification from more than one source.)

iv. Any additional information required by the City Clerk or Mayor.

E. Employees may donate leave to the leave bank with a written request to their respective department head. Leave will be deposited on behalf of an employee at their current regular wage into the leave bank.

Section 3. Effective date.
This ordinance shall become effective upon passage.

To: North Pole city Council:
Re: Purchase of equipment: Amount $48,582.26
   Grant 20-SHSP-GY17
   PDB#1

I would like to request permission to purchase Motorola portable radios from ProComm Alaska for $48,582.26 under a Department of Homeland Security Grant 20-SHSP-GY17. These grant funds have already been placed into the 2018 City budget and an approved PMR for sole source procurement from DHS&EM has been obtained.

The purchase is NASPO compliant and meets or exceeds the City of North Pole’s purchasing requirements listed under NPMC 4.16.050. It also is necessary that we purchase Motorola radios to maintain integration standards for both police and fire and use back stock of Motorola accessories.

Thank you for your time.

Chief Steve Dutra

Re: Liquor License Renewal

City Council Members,

The ABC Board has contacted the City of North Pole as the following business is renewing their license within our jurisdiction.

The ABC Board is required under Alaska Statute to notify the City in writing that this establishment is renewing their liquor license so the City Council can file a “protest” if they so desire.

The City Council is provided information on any complaints regarding the establishment from the Police Department, Fire Department, and also if they are up to date with their City business license, water & sewer, and all sales tax.

As of this date, there are no violations against the establishment up for renewal and recommendation is for a vote of non-objection for the above business.

Thank you,

Judy Binkley, North Pole City Clerk

Memo

To: North Pole City Council
From: Judy L. Binkley
CC: Mayor Ward
Date: June 6, 2018
Re: Liquor License Renewal

City Council Members,

The ABC Board has contacted the City of North Pole as the following business is renewing their license within our jurisdiction.

<table>
<thead>
<tr>
<th>License Type:</th>
<th>Club</th>
<th>License Number:</th>
</tr>
</thead>
<tbody>
<tr>

<td>North Pole Loyal Order of Moose #306</td>
<td>3177</td>
</tr>
<tr>
<td>Doing Business As:</td>
<td>Loyal Order of Moose #306</td>
<td></td>
</tr>
</tbody>
</table>

The ABC Board is required under Alaska Statute to notify the City in writing that this establishment is renewing their liquor license so the City Council can file a “protest” if they so desire.

The City Council is provided information on any complaints regarding the establishment from the Police Department, Fire Department, and also if they are up to date with their City business license, water & sewer, and all sales tax.

As of this date, there are no violations against the establishment up for renewal and recommendation is for a vote of non-objection for the above business.

Thank you,

Judy Binkley, North Pole City Clerk

June 4, 2018

To: Honorable Mayor Bryce Ward
North Pole City Council

This letter is an official request urging you to accept a grant from the Department of Public Safety in the amount of $82,100.00. This grant is an ongoing funding effort by the Department of Justice FFY17 Edward Byrne Memorial Justice Assistance Grant (JAG) Program.

The North Pole Police Department has been part of the State Wide Drug Enforcement Unit (SDEU), stationed in Fairbanks, since 2007. Since 2008, we have received funding to help support our drug enforcement efforts within the North Pole area. This grant is one of the largest appropriations in many years.

This grant is important to the City of North Pole because it assists us with expenses incurred in support of the overall fight against illegal drugs and drug diversion. The ill effects of drugs on our community, state and country is growing and we must stay engaged in the fight and we must do it with our partner agencies. The funding received from this grant will almost cover the wages and benefits for one full time permanent member on the SDEU team.

I would ask each of you to authorize our Mayor to sign this agreement and help us continue our fight against illicit drug and alcohol importation.

Thank you

Chief Steve Dutra
The North Pole Police Department (NPPD) is continually evaluating its efforts and successes to better achieve a proactive approach to law enforcement in order to meet the demands of the surrounding community and citizens of the City of North Pole. NPPD currently serves a base population of approximately 2202\(^1\) which doubles daily as result of 4 public schools, multiple shopping, restaurants and businesses. North Pole has its share of serious crimes and there is a noticeable increase in the complexity of the criminal activity. In 2012 a random study of 375 NPPD cases revealed 88 percent of NPPD arrests originate by perpetrators residing outside the City of North Pole. As recent as June 2014, NPPD responded to a burglary of multiple apartments in a 4 apartment complex. Investigation revealed the suspects were targeting a drug dealer in the complex, who was using that apartment as a stash house. NPPD & SDEU seized approximately 3 ounces of possible unprocessed crack cocaine. And finally, in 2016, the City of North Pole had the first marijuana butane extraction explosion in the entire State of Alaska.

High volume of traffic passing through the city on the Richardson Highway, with AADT in excess of 12,000 vehicles, and continued housing construction, in and around the city, NPPD has seen a rise in some serious crime between 2004 and 2007. Our efforts seem to be working in numerous "drug related," crimes. In 2010 we observed a 25% increase, year over year, in burglaries, 6% increase in larcenies. We showed a 3% increase in drug cases, this is the highest number of cases recorded by NPPD and almost double the number of cases compared to 2005. The most disturbing trend is the steady increase of juvenile drug arrests since 2008, as well as the introduction of synthetic drugs (spice), bath salts, and limited but returning incidents of crystal meth.

\(^{1}\) 2009 U.S. Census Bureau
The North Pole Police Department, through service requests made by the Fairbanks Police Department, and the Alaska State Troopers, serves not only the City proper but an area surrounding North Pole with a population in excess of 20,000, within a 10 mile radius. These service requests are a significant drain on patrol resources and have a significant impact on the quality of investigations and apprehension of suspects. Lastly the North Pole area to include the City of North Pole will soon see a population explosion due to the F35 designation at Eielson AFB. We expect our drug and crime rates to soar with the influx of people. In order to help meet the needs of the community at large, the City of North Pole has authorized the creation of a full time position with the multi-jurisdictional drug unit in 2008. NPPD's participation with the SDEU has proven successful with every participating year.

In order to help facilitate this additional position, NPPD is requesting support from the State of Alaska Department of Public Safety pass through JAG sub-grant from Edward Byrne Memorial Discretionary Grant Program (Byrne Program) to help fund a portion of the salary and benefits for FY 2018. The continuation of this position will greatly enhance the City's ability to meet local law enforcement needs that will impact the criminal elements that plague every community in the State of Alaska.

The goal of this position is to facilitate a joint law enforcement and prosecution effort involving multiple criminal justice agencies across several jurisdictions. These agencies will share the common goal of addressing drug enforcement and violent crime problems in and around North Pole, Fairbanks and other interior Alaskan communities. We wish to enhance our abilities by fostering better communication, intelligence sharing, and coordinate activities with all Federal, State, and local law enforcement agencies in the State.
The North Pole Police Department has demonstrated ability to competently manage an annual budget in excess of $2,200,000 and has managed COPS, Homeland Security, and Alaska Highway Safety grants in the past. The police department is set up to handle local, state, and federal grants through an internal record keeping system that is filed within the department and simultaneously in the City Accountant's Office. Negotiation, award, contract, program/progress records/reports, procurements, invoicing, payments, time sheets, and other fiduciary aspects of grant management are in this system.

The City implements internal controls to ensure compliance with applicable laws and regulations related to all of its grant-funded programs. The City recognizes grant revenues when qualifying expenditures are incurred. All of this helps us meet the requirements of grant agreements and corresponding federal and state laws. The City's accounting system records all costs associated with each of its grants in separate, self-balancing accounts. The accounting records are used as a basis for completing required grant reports. Before posting any results, grant costs are reviewed for reasonableness, allowability, and allocability to each grant project. Grant project accounts are broken into sub-accounts by program element and cost objective. Appropriate documentation is maintained for personnel costs, fringe benefits, travel, purchases of professional services/consultants, materials, supplies and equipment, and other costs. The accounting records are subjected to annual independent financial statement and single audit.

The City has formal procurement procedures to assure that professional services consultants, equipment, materials, and supplies are obtained on a competitive basis and has procedures to assure that the types of contracts unacceptable to the federal government are not utilized. Quotations are reviewed to assure that the proposed price is reasonable to the contractor, the recipient, and the party providing the funding.

3a. Project overview

A North Pole Police SDEU Officer will be assigned to the Statewide Drug Enforcement Unit and they will work fulltime with the Alaska State Troopers and Fairbanks Police on a joint
task force. Their purpose will be to stop the flow of illegal alcohol and drugs into the State of Alaska specifically targeting areas in and around Fairbanks and North Pole. The SDEU has a primary focus on North Pole, Fairbanks, and surrounding communities but it also serves the surrounding area north to Barrow and east to the Canadian border. The primary mission of the SDEU is to conduct investigations into the illicit importation, manufacture, and sale of drugs and bootleg alcohol. Because drug and alcohol use is inevitably linked to most serious crimes it needs the proper resources only a multijurisdictional team can address. In order to reach the desired service standard NPPD developed the following goals and objectives which are currently similar to the priorities set out in the Alaska JAG program.

The goals and objectives for this project are clear. This project is designed to help coordinate efforts and resources from local, state, and Federal agencies through a statewide multi-jurisdictional task force to interdict and seize controlled substances and alcohol that are illegally distributed throughout interior Alaska and investigate and apprehend distributors of controlled substances and illegal alcohol.

3b. Need

In 2008, the City of North Pole and the surrounding communities understood the need to enhance the present drug enforcement efforts through better utilization of available resources, increasing communications, expanding intelligence sharing, and improving coordination by unifying our direction. The City of North Pole also recognized the correlation between illegal substances abuse and incident of crimes. In 2016 two major changes were presented which effected law enforcement, specifically narcotics enforcement. The legalization of Marijuana in Alaska and the passing of SB91, presenting significant challenges to narcotics enforcement throughout the state of Alaska. SB91 essentially eliminated the ability to run informants,
gather intelligence and it significantly reduced patrol level narcotics enforcement. The entire enforcement cycle, into narcotics distribution, was disrupted. These facts demonstrate an even greater need for full funding of dedicated narcotics enforcement officers and cooperation throughout all levels of law enforcement. These challenges dictate the need for new techniques. This may include the other felony level criminal offense such as property crimes, which have significant relationships to narcotics abuse. In 2018-19 the North Pole area will see a population explosion with the expansion of the F35 squadron at Eielson AFB. This is going to increase the population and further exacerbate the issues related to drug use and abuse.

Based on these understandings we applied for funds through the Byrne Memorial Grant program. These funds were to be used for a full time officer to augment the Statewide Drug Enforcement Unit, and add 50 hours of overtime, to be available for call outs to routinely assist the SEDU unit with illegal drug and alcohol interdiction. Our need to be represented on this team stems from the state wide problem associated with illegal drug and alcohol importation and the fact we are a central hub for most of the 20,000+ people who live in and around the North Pole area.

Our community is significantly linked to every community in the interior. These links have been proven through the efforts of the Fairbanks Area wide Narcotics team. Low level drug users are frequently moving through our city and using our city as a hub for illegal activity. Our SDEU officer has tracked drug users and dealers through our city limits and is often engaged in surveillance of illicit activity in and around the City of North Pole.

Since 2008, our justification to support funding for an SDEU Officer was based on observed increases in several areas of violent crimes. According to Alaska's criminal justice professionals, alcohol, marijuana, cocaine, methamphetamine, and pharmaceuticals have been identified as the primary substances of abuse in Alaska and are the focus of most law enforcement efforts. According to the Department of Public Safety, Alaska has one of the
highest per capita uses of controlled substances. These abusers are known to be linked to violent crimes. One particular case brought this reality to the forefront, as mentioned an area wide drug dealer was utilizing an apartment in NP as a stash house. As well as the discovery of an outdoor marijuana grow in 2013, NPPD officers maintained sporadic surveillance of the site into 2014 and were able to catch the suspects replanting the crop in 2014, resulting in the seizure of 63 juvenile marijuana plants. With the recent legalization of marijuana in the State of Alaska, North Pole saw the first confirmed Hash Oil Explosion in the State, a preview of the future of marijuana in Alaska. A steady increase in opioid deaths in Alaska has also brought added urgency to the drug task forces duties.

Since 2017, we have identified several areas where statewide drug use has spiked. We have seen an increase in opioid deaths and drug abuse is on the rise. The changes in the state’s law, notoriously known as SB91, has hindered state wide drug enforcement efforts. The ability to leverage felony drug possession cases, to help identify high level dealers, has been impacted and has caused all agencies in the state to turn to other tools to combat illicit drug trafficking.

Our SDEU Officer has been diligently working with the Federal, State, local law enforcement, and state prosecutors to help combat illicit drug use and alcohol importation. In 2016, the SDEU unit in Fairbanks reported 243 cases initiated with 419 in 2017. The SDEU unit reported $448,033 dollars in drug seizures in 2016 and $1,768,364 in 2017, $19,804.69 in asset forfeiture including cash in 2016 and $125,351.85 in 2017. These seizures included Cocaine, Marijuana, Methamphetamine, LSD, Ecstasy, Heroin, Crack Cocaine, as well as illegal prescription drugs such as hydrocodone, OxyContin, Valium, and Adderall just to name a few.

The Fairbanks SDEU Sergeant has repeatedly made it clear that our SEDU Officer is a vital part of the team and his contributions are important to the continued success of the unit. Our previous SDEU Officers have also stated that they have not been able to work all of the
cases within their normal hours, there is simply more work than there is hours. We hope to help resolve this issue with our current request of 50 hours of overtime for the SDEU officer.

It is important for the City of North Pole to draw the conclusion that these illegal activities do not complete their criminal cycle within the boundaries of our city. Many of our citizens are victimized by offenders who leave the city and conclude their business in outlying jurisdictions. Our ability to penetrate and disrupt these cycles is imperative to our success. We must join our resources and knowledge with other jurisdictions to help infiltrate and disrupt these offenders and their illegal activities. It is our mandate to reduce the number of violent crimes within our jurisdiction and it is of such a need, that we must combine our efforts with other jurisdictions. The SDEU fills this need because it creates the much needed multi-jurisdictional focus on the criminal element in our community. Without such a multi-jurisdictional task force, these cross jurisdictional burglaries, as listed above, will continue with little or no knowledge of bordering agencies infected by the same criminal drug elements.

3c. Project Activities

Our goals and objectives for this project are to continue to participate in the SDEU program by securing funds to augment our budget in FY 2018. Our participation in street level drug enforcement and the multijurisdictional task force program will concentrate on the enforcement and prosecution of illegal drug and alcohol crimes, particularly drug and alcohol trafficking. We met this goal in FY 2016 - 2017 by continuing our participation in the SDEU unit and our plan is to continue the same successful strategy.

Continued support of the current program we have in place has proven beneficial and coordinates efforts with the Alaska State Troopers, Fairbanks Police Department, University Police, Airport Police, Fort Wainwright Police, Eielson Security Forces and other Federal agencies in a cross jurisdictional effort to curb drug, alcohol, and related crimes on both a
regional and local basis. In 2008 - 2016 we made headway in this effort with continued
interaction with each participating agency. This has led to a better coordination among all
participating and non-participating agencies proving to be effective and efficient.

The objectives, which have been met to date, seem to be promising. Our current and past
SDEU officers have enhanced cross-jurisdictional information sharing by supplying the North
Pole Police officers with vital information related to current North Pole cases. Our SDEU
officers have been a vital link in closing the gap between agencies that has existed for years.
With our SDEU officer we have observed better collaboration and an increased communication
on drug related cases. As stated above, these drug related cases have proven to be related to
other serious crimes within the city limits of North Pole.

3d. Evaluation and Performance Measures

Goals:

1. Participate in the SDEU program and assist with intelligence gathering, undercover
   operations, caseloads and arrests.
2. Maintain information sharing between federal, state, and local police.
3. Maintain or increase the number of arrests and successful prosecution of violations of the
   State's alcohol and drug laws.

Goal # 1 Participate in the SDEU program and assist with intelligence gathering, undercover
operations, caseloads and arrests.

Objectives

1. Reaffirm the appointment of our officer to the SDEU position and allocate necessary
   budget monies to fund the position remaining costs for the fiscal year.
Performance Measures

1. Reaffirm the appointment of the one NPPD Officer to the SDEU office.

2. Approval of funds in the FY 2017 budget to offset actual costs.

During FY 2016 - 2017 we funded some of the SDEU officer using the Byrne funds provided. Our Officer assisted with intelligence gathering, undercover operations, he assisted in increasing the case load and arrests. The SDEU unit routinely conducted surveillance activity and conducted undercover operations which resulted in several cases being sent for prosecution. In previous years our SDEU Officer was instrumental in ephedrine monitoring which is commonly used in the production of methamphetamine.

Goal#2 Maintain and make positive improvements to our information sharing between federal, state, and local police.

Objectives

1. Maintain the current strategies to increase the information sharing abilities between Federal, State and local law enforcement to decrease criminal activity involving drugs and alcohol.

2. Maintain the strong permanent partnership with federal, state, and local law enforcement.

Performance Measures

1. Memorandum of agreements adopted by various law enforcement agencies

2. SDEU officer to attend training sponsored by FBI, DEA, Homeland Security, and or the Department of Public Safety.

3. Education and or training completed by all police personnel taught by the SDEU Officer. Training focused on increasing the quality of collection and data entry abilities of patrol officers. This will also be completed during overtime operations.
4. Data sharing between groups evaluated for efficiency.

Our department has maintained the Memorandum of Agreement with all participating agencies. Our SDEU Officer also conducted numerous brief classes with various shifts of the North Pole Police Department patrol personnel. In these classes he discussed what clues to look for during traffic contacts while on patrol, who the local drug pushers and users are. Also addressed during these contacts were better ways to improve data entry procedures for police contacts. It is mandatory for all patrol officers to enter vital contact information on all traffic contacts. This procedure has proven its value with documented case resolution from data entered from a traffic stop.

Our evaluation of information sharing is an ongoing process. We have continued to seek ways to improve this process and allowed patrol officers to have access to SDEU drug information. This was not readily supplied previous to this grant. One effective way to accomplish this is to periodically have normal patrol officers get hands on training with the SDEU officer during operations. This exposure will help foster awareness and enlighten officers about the drug culture.

**Goal #3** *Increase or maintain the number of arrests and successful prosecution of violations of the State's alcohol and drug laws.*

**Objectives**

1. Facilitate the exposure of underground, illicit drug, and alcohol culture within the interior of Alaska.

2. Reduce illegal alcohol and or drug use within the North Pole and Fairbanks area.

**Performance Measures**

1. Increase or maintain the number of arrests of illegal alcohol or drug use, possession, distribution, and or importation.
Our SDEU officer has been exposed to underground illicit drug use by working with other agencies doing traffic stops on drug buyers from known drug houses. These stops have resulted in the seizure of guns, drugs, and money.

**Key Major Deliverables:**

Reaffirm the appointment of our fulltime officer to the SDEU position.

Set up routine bulletins with patrol officers from the North Pole Police SDEU officer.

Enforce the current policy and procedures for patrol officers to be required to forward all drug related case information to SDEU to help facilitate information sharing, specifically targeting information provided into Alaska Law Enforcement Information Sharing System.

**Evaluation**

Evaluation for effectiveness is an ongoing process. The person primarily responsible will be Lieutenant Lindhag who will review shift logs, reports, statistical compilations from the Records Division, and comments from NPPD meetings. His regular meetings with the SDEU officer will contribute to an ongoing evaluation process.

1. **Evaluation methods:**

   Our evaluation process essentially includes review of statistical information regarding arrests and incidents (RMS and or APSIN) and a review of the reports from the State of Alaska District Attorney's Office regarding successful prosecutions. The department will engage in routine review of available statistics to chart progress toward stated objectives.

   It will be the Lieutenant's responsibility to monitor each performance indicator as detailed in our Evaluation and Performance Measures. All activities will be monitored on a regular basis. Evaluation of the project will also occur through the Alaska State Trooper SDEU Sergeant’s progress reports, reports prepared for the Chief, the SDEU officer, and the City Accountant.
They will review time sheets, arrests and any noted problems and prepare a report that will be sent to the Department of Public Safety or other designated persons. The City Accountant will ensure all monetary records are correct and all funds and expenses are accounted for.

2. Project Monitoring

The analysis components of the evaluation will be represented in required reports prepared and executed for this project. Analysis will include, but not necessarily be limited to:

1) All hours worked by the SDEU Officer will be documented with time sheets, then reported to the City bi-monthly and then will be reported to the Department of Public Safety designee as required within the grant contract.

2) Reports submitted by the SDEU Officer will be collected by NPPD. The success of the operation depends entirely upon feedback from those who are in the field. The Chief will include the program and its success and problems in his yearly report to the City Council, Mayor, and the public. The City will be able to assess the efficacy of the SDEU program from the activities outlined in this proposal, and how this program makes prosecutions of crime more successful.

6. Budget

6a. Budget Narrative

The following Budget Narrative is based on actual cost and overtime estimates for FY2017. All figures are rounded to the nearest dollar. All figures are based on full time devotion to the SDEU position.
**Section A: Personnel-Lists** the actual costs for the current SDEU Officer Bruce Milne and his new salary range for FY2018. These actual costs will be **$66,084.00**. This cost is based on the hourly rate of $34.42 or $5,507 per month multiplied by 12 months which equals **$66,084.00** per calendar year. These expenses include vacation accrual which will be billed at the time it is used.

Estimated overtime calculation is based on FY-2017 overtime needs. Projected hours for FY2018 places overtime hours at the same 50 hours. FY2018 hourly rate for SDEU Officer Bruce Milne is $34.42. Overtime hourly rate is based on (hourly wage $34.42 X 1.5 = $51.63). Total projected overtime wages for the SDEU officer equals ($51.63 X 50 hours) = **$2,581.50**

The total cost estimates for this category are **$67,860.00**.

**Section B: Fringe Benefits**- for this category is listed as **$41,582.20**. Retirement costs are projected at the standard PERS, Public Employees Retirement System, rate of 22%. This 22% rate is calculated based on the projected earnings in FY2018, for current SDEU Officer Milne, which is estimated to be **$67,860.00** Calculation= (wages $67,860.00) X (PERS contributions 22 %) = **$14,929.20**. Medicare costs are based on the standard rate of 6.2% of gross earnings of $67,860.00 Calculation= (Medicare rate= 6.2%) X (Gross earnings= $67,860.00) = **$4,207.00**. Health insurance costs are based on established costs for the City of North Pole employee health insurance plan for an employee-family plan. These costs are set at $730.00 per pay period (26 pay periods = **$18,890.00**. Workers compensation rate is an established formula of 4.44% multiplied by the employee wages. Calculation is (4.44% X $74,159.90) = **$3,556.00**. Vacation accrual is calculated within the salaried wages and will be part of the expenses when the SDEU officer takes vacation. Only the hours accrued during the grant period will be used to compensate.

The total cost for Fringe Benefits is **$41,582.20**. The total cost of Personnel and Fringe Benefits is **$109,442.20**.
The following categories will incur no known or schedules costs for FY2016. Categories Budget Summary (rounded to nearest dollar):

Special Condition for Methamphetamine-Related Projects: Mitigation of Health, Safety, and Environmental Risks

A. General Requirement: The applicant agrees to comply with Federal, State, and local environmental, health, and safety laws and regulations applicable to the investigation and closure of clandestine methamphetamine laboratories and the removal and the disposal of the chemicals, equipment, and wastes used in or resulting from the operations of these laboratories.

B. Specific Requirements: The applicant understands and agrees that any project or initiative involving either the identification, seizure, or closure of clandestine methamphetamine laboratories, hereafter referred to as the "Project," can result in adverse health, safety, and environmental impacts to (1) law enforcement and other governmental personnel involved; (2) any residents, occupants, users, and neighbors or the site of a seized clandestine laboratory; (3) the seized laboratory site's immediate and surrounding environment; and (4) the immediate and surrounding environment of the site(s) where any remaining chemicals, equipment, and wastes from a seized laboratory's operations are placed or come to rest.

Therefore, the applicant further agrees that in order to avoid or mitigate the possible adverse health, safety, and environmental impacts of its Project, it will (1) include the nine, below listed protective measures or components within its Project; (2) provide for their adequate funding to include funding, as necessary, beyond that provided by the grant agreement; and (3) implement these protective measures throughout the life of the grant agreement. In so doing, the applicant understands that it may implement these protective measures directly through the use of its own resources and staff or may secure the qualified services of other agencies, contractors, or other qualified third parties.

The applicant agrees to include the following protective measures within its Project:

1. Provide medical screening of personnel assigned or to be assigned by the applicant to the seizure or closure of clandestine methamphetamine laboratories;

2. Provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and other personnel assigned by the applicant to either the seizure or the closure of clandestine methamphetamine laboratories;

3. As determined by their specific duties, equip personnel assigned to the Project with OSHA required protective wear and other required safety equipment;

4. Assign properly trained personnel to prepare a comprehensive contamination report on each closed laboratory;
5. Employ qualified personnel to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized clandestine laboratory.\(^1\)

6. Dispose of the chemicals, equipment, and contaminated materials and wastes removed from the sites of seized laboratories at properly licensed disposal facilities or, when allowable, properly licensed recycling facilities;

7. Monitor the transport, disposal, and recycling components of subparagraphs numbered 5 and 6 immediately above in order to ensure proper compliance;

8. Have in place and implement an inter-agency agreement or other form of commitment with the responsible state environmental agency that provides for that agency's (i) timely evaluation of the environmental conditions at and around the site of a closed clandestine laboratory and (ii) coordination with the responsible party, property owner, or others to ensure that any residual contamination is remediated, if necessary, and in accordance with existing state and federal requirements; and

9. Include among the personnel involved in seizing clandestine methamphetamine laboratories, or have immediate access to, qualified personnel who can respond to the potential health needs of any of the offender(s)' children or other children present or living at the seized laboratory site. Response actions should include, at a minimum and as necessary, taking children into protective custody, immediately testing them for methamphetamine toxicity, and arranging for any necessary follow-up medical tests, examinations, or health care.

\(^{1}\) In order to be considered "qualified personnel," an individual must comply with all Federal, State, and local environmental, health and safety laws and regulations applicable to the removal of all chemicals and associated glassware, equipment, and contaminated materials and wastes from a clandestine laboratory, including but not limited to the applicable sections of: U.S. EPA's Resource Conservation and Recovery Act (RCRA), 40 C.F.R.
