COMMUNICATIONS FROM THE MAYOR
- Eric Burton was with us tonight to talk the Fire on the Ice Revival the is being hosted in North Pole on July 18-23. At the Grange.
- The Mayor shared that he’s been out with Cody Lougee looking at the snow removal from around the city. There are a lot of areas around the Ford Subdivision past Perimeter Rd that are having flooding issues. He feels like we have a good handle around Patriot Dr and the high school. DOT and Public Works have been working hard on getting the culverts open and the PW crew has been working a lot of overtime hours.
- Mr. Danny Wallace was online with us tonight, Mr. Wallace came on and said a quick hello to everyone. He said that he is excited about coming on and looks forward to meeting and working with everyone.
- He let everyone know that the invite for the EAFB celebration was sent to all of the Council. Mr. Keller said that he will be attending the festivities.

COUNCIL MEMBER QUESTIONS OF THE MAYOR

May 2, 2022
NOT A VERBATIM TRANSCRIPT
Mr. Jacobson asked for some clarification on the Executive Session that the Council was asked to attend on Monday, May 9th. Mr. Jacobson said that he will be out of the State traveling during that time, but will be happy to Zoom in.

The Mayor asked if the Monday or Tuesday would work better for everyone.

- Mr. Keller and Ms. Welch said that Monday would work. And Mr. Cromer said that he would also be traveling, but could Zoom into the meeting as well.

COMMUNICATIONS FROM DEPARTMENT HEADS, BOROUGH REPRESENTATIVE AND THE CITY CLERK

Police Department, Chief Dutra
- Chief Dutra was having connection issues, he is down in Anchorage at a Peace Officers Conference.
- He said he hopes that he sees everyone at the Police Memorial on May 13th at 11am.
- The new door was installed in the garage and the others will be going in today.
- The new blood drying equipment that was approved and bought last year is finally on the way here.

Fire Department, Chief Heineken
- Chief Heineken reminded everyone of the Open House on May 21st. It is the same day as Cruising for Santa and a bazaar in the Mall. It will be a great Saturday for North Pole.

Finance
- Ms. Fogarty gave an update to the Council that the audit was completed and sent in on Thursday. The firm will start in with the field work soon.
- During the last meeting the Council accepted a Resolution to replace the signatures with the bank for check signers. She said to this date there were only a few signatures on the paper so far, and she really needs everyone else to come in and sign it.
- She said that she would have financials at the next meeting.
- She will also not be here for the next meeting, as she will be traveling for a conference.
- They are hiring a temporary worker to help them with the Tyler conversion and that she starts next Monday.

Borough Representative
- Ms. Welch attended a meeting on April 28th via Zoom.
- The school board is still working on their budget. At this point it looks like they will be losing the music program for 4th grade up thru middle school.
- The next year school calendar is out for the next school year, they are looking for public feedback, please go to the website and vote on which one that you would like to.
- The borough is adding additional funding to the John Weaver Memorial Skate Park Renovation from the general fund. The skate park draws a good crowd even in the winter for snow skating.
• Some additional rezoning has been going on around the city to further address the housing shortage in the area.

• An ordinance amending the definition of an election office also passed. Allowing youth to volunteer in local elections under the supervision of an adult.

• The ordinance allowing a tax break for housing, a 10-year abatement for new construction inside the military zone as long as they were connected to local water.

• They appropriated $100,000 from the 911 fund for the implementation of redundant public safety answering point (PSAP) which interconnects lapping internet connections. So, if one goes down, they still have the 911 access.

**City Clerk’s Office, Melissa Dionne**

• Ms. Dionne reminded everyone that she will be gone to a training the first week in June and will be back in the office June 13th. Ms. Glab will be sitting in for her for the meeting on June 6th.

• She will send out the information on the Special meeting next week just as soon as the details are finalized. She reminded everyone to please make sure that they are opening and reading everything that is being provided to them.

• Code publishing seems to be good to go on the Code updates and we should start seeing the online version updated soon.

The Mayor asked if Ms. Dionne if she has been getting calls concerning the Special Election that the State is doing now.

• Ms. Dionne responded that yes she has been getting calls and educating people that this is a mail in only election.

The Mayor shared that the Borough is talking about consolidating local elections with the State/Federal ones to the same day in November. He has been talking to people and educating himself about the ramifications of doing this.

Mr. Cromer asked about the website redesign and if we had made any decisions.

• Ms. Dionne responded that no, the final choice has not been made but that it will go back on the agenda soon. She said that she still feels strongly about the first-choice company and feels like the Council was onboard with the choice and considering the process is a long one that we should go ahead and move forward on it.

**ON GOING PROJECTS**

• The Mayor started by talking about the housing projects. He confirmed with Jerry Koerner who said that track D in the Brookside Park area did close, Latitude 63 was the purchaser. They will be building luxury homes on the property. Some of the small parcels on the other side of Busby have also sold. Stepping Stones is working on building 68 plex’s in the area as well.
He said that on June 2nd and 3rd he will be down talking to 3 Bears on the property they purchased her in the city.

He was recently at the BIL (Bipartisan Infrastructure Law) briefing that was hosted by the governor and senator Murkowski and the Alaska Municipal League. He has been asked to go back on May 23 and 24th for Arctic X to participate on a panel about the central heat plant.

The Phase 1 environmental survey on the Howard property has been provided to the Clerk and will be forwarded to the Council. The assessment is not complete yet, the snow is keeping him from getting to the abandoned vehicles as soon as the rest of that assessment is provided to the city we will pass it along to the Council. Dr. Packee will be with us for the next Council meeting to speak about the Phase 1 survey.

CITIZENS COMMENTS — (Limited to Five (5) minutes per Citizen)

Dr. Jeanne Olson (not a citizen in the City of North Pole) was on the line tonight to talk to the Council against moving forward on the Howard property purchase due to the contamination. She also wanted to speak about the online sales tax and the issue of people in the 99705 being lumped together and being charged sales tax, no matter where in the area they were, city or not. Also of people having a PO box here in the city and being charged the sales despite their physical address being outside the city limits. She feels that the City is taking in additional taxes that are not due to them and reminded people listening to use the zip plus 4 area code to differentiate the City vs non.

The Mayor extended an invite to Dr. Olson to return for the next Council meeting to listen to Dr. Packee speak about the Environmental Phase 1 survey that he completed on the Howard property.

OLD BUSINESS

a. Ordinance 22-09, An Ordinance of the City of North Pole Amending the Personnel System Code

Ms. Welch moved to adopt Ordinance 22-09
Seconded by Mr. Claus

Mr. Jacobson moved to amend Ordinance 22-09 to change section 2.36.323 paragraph B (page 26) to change the wording of ‘clerk’ to ‘secretary’. Also Section D, 2.36.415 to remove the ‘and’ every time ‘City Clerk’ is crossed out.

Seconded by Ms. Welch

COUNCIL COMMENTS

- Mr. Jacobson let everyone that he will be traveling May 5th through the 14th. He asked the Clerk to send his Zoom link for the special meeting to his personal email, as he will not be traveling with his city laptop. He apologized that he would miss the celebration at EAFB and the Police Memorial event. He also addressed the new housing that will be going into the Stillmeyer estates and the additional traffic in the morning coming out of Patriot and suggested that the city do a traffic study on the area to try and mitigate potential issues. He also told everyone that he forwarded a study from the FAST-planning group to the Clerk and the Mayor regarding the use of the Richardson Hwy for Mine traffic and asked that it get forwarded to the Council for their information and in case we would like to address the issue in a Resolution. Mr. Jacobson also gave a congrats to Mr. Wallace on the Director of City Services position.

The Mayor let Mr. Jacobson know that he believes that the builders for that project had to do a traffic study as part of the approval process, but that he would check. He also shared that both he and Mayor Matherly were both left off the committee that is discussing the Mine issue and have now been included and they will meet May 9th.

- Mr. Keller also welcomed Mr. Wallace to the City. He apologized that he will not be able to attend the Police Memorial on the 13th as he will be out at EAFB for the celebration out there. He said that he was thankful for all the additional sun and is looking forward to more BBQing.

- Mr. Cromer asked if the HR Manager would be reporting regularly at the Council meetings.

The mayor let everyone know that as a regular occurrence no that she would not be, but that he will be asking her to speak when she has special projects and updates to share.

- Mr. Claus welcomed Mr. Wallace and told everyone to enjoy the nice weather that we are having.

- Mayor Welch spoke of the nice weather and hopes that the fire season is not much of an issue this year. He thanked Mr. Jacobson for meeting with him this week to talk public works, he feels that there is a lot that we do not get from DOT. He shared that he feels if so much of the work is going to get done at the local level that the current State administration needs to start supporting us more with more equipment and more people. He asked everyone to keep in mind the 4th of July and what we can do to help with the festivities. He will be at the meeting for the NPCCC to talk to them about it later this week.

ADJOURNMENT

Mr. Jacobson moved to adjourn
Seconded by Ms. Welch
The regular meeting of Monday, May 2, 2022 adjourned at 8:21 p.m.

These minutes passed and approved by a duly constituted quorum of the North Pole City Council on Monday, May 2, 2022.

City Clerk
Revize Cloud Hosting & Disaster Recovery

Resilient Hosting for Your Website & All Content:

Revize uses Amazon Web Services (AWS) Hosting Infrastructure that is offered in multiple Regions in the United States and around the World. Each Region is a separate geographic area completely isolated one from another. AWS Regions are connected to multiple Internet Service Providers (ISPs) and to a private global network backbone to offer lower cost and more consistent cross-region network latency when compared with the public internet.

A region has multiple, isolated locations known as Availability Zones (AZ). Availability Zones are inter-connected through low-latency links. A Virtual Private Center (VPC) spans across multiple availability zones.

Revize Web Sites are hosted on a Virtual Machine running Windows Server operating system with Internet Information Service (IIS) as a Web Server. Virtual Machine is an EC2 instance in AWS terms is hosted inside a VPC in an availability zone of a pre-selected region. A number of EC2 are provisioned in multiple locations across the United States inside a Virtual Private Center isolated from the Internet and the rest of Amazon Web Services infrastructure to offer faster access to the end-users and to minimize the impact of an outage, whether of a specific EC2 instance, an availability zone or an entire AWS region.
Disaster Recovery:

Windows Web Server virtual disk or EC2 Elastic Block Storage (EBS) is backed up on every night at 10 PM EST. Additionally, the snapshots or virtual disk backups are subsequently automatically copied between regions to enable cross-region recovery capabilities.

Should a Web Site hosted by Revize and monitored in automated fashion become unavailable, another EC2 instance can be restarted. When that proves insufficient EC2 instance will be re-provisioned in the same availability zone, a different availability zone, or, in a different region using the latest snapshot in the matter of a couple of minutes.

The incoming request, from the Internet traffic, is bound to a static IP address or Elastic IP in AWS terms that leverages NAT to forward traffic to a running EC2 instance private IP address. In the case of an EC2 instance re-provisioned in the same region, whether in the same or a different availability zone, Elastic IP is re-assigned to the new EC2 instance.

Elastic IP is represented to the public internet using CName or A-Host domain name services entry. In case of an EC2 instance or an availability zone failure, no adjustment to domain name service is required. In the case of a regional, wide-spread AWS outage, an EC2 instance is re-provisioned in a different region, re-using the latest snapshot preserving the content as of the last automated backup. However, an Elastic IP is specific to the region and, therefore a change to CName or A-Host configuration is required to point to the disaster recovery regional Elastic IP.
Revize Disaster Recovery Infrastructure Diagram. AZ stands for Availability Zones.
Security Controls, SSL, and Active Directory (LDAP)

- Anti-malware software such as antivirus software, anti-spyware software, and rootkit detectors
- Shield Plus Security Bundle to prevent DDoS attacks
- Intrusion detection and prevention software (such as file integrity checking software)
- Host-based firewalls to protect CMS servers from unauthorized access
- Patch management software
- Security and Authentication Gateways
- Content filters, which can monitor traffic to and from the web server for potentially sensitive or inappropriate data and take action as necessary
- HTTPS (Hypertext Transfer Protocol over SSL), which provides encryption and decryption for user page requests that require more secure online transactions
- SSL (Secure Socket Layer) provides an encrypted end-to-end data path between a client and a server regardless of platform or OS
- If you have an existing SSL Certificate we can transfer it to the new website. Otherwise, if included, we will install a new SSL Certificate upon go live.
- Active Directory (LDAP) is compatible with the Revize CMS. It can be set up in a variety of configurations. As part of the process we will work with you to determine which configuration will best meet your needs.

Application Security Authentication

- Role-Based Security: Role-based authentication to add individual user accounts and assign them system roles like Editor, Developer, Administrator, Workflow Approvers, etc., or department roles and empower the department to assign specific roles to users.
- Permission-Based Security: Ability to set up Content Owners/Editors and restrict which site pages they are authorized to update
- Global & Department Workflow Management: Create workflow management and approval processes where authorized department personnel become approvers
Hey Melissa,

One more thing.

Another good piece of info to know and convey to him is that we will include an encrypted connection using SSL Security Certificate Authentication.

On google chrome when you see a “lock” button next to the URL you know the site is encrypted with SSL. Take a look at this site on google chrome and you’ll see what I’m referencing...

Following Applications & Features will be integrated into Your Website Project

Revize provides applications and features specifically designed for government organizations. The applications and features are categorized into:

- Citizen's Communication Center Apps
- Citizen's Engagement Center Apps
- Staff Productivity Apps
- Site Administration and Security Features
- Mobile Device and Accessibility Features

CITIZEN'S COMMUNICATION CENTER APPS:
- Home Page Alert
- Document Center with search bar
- News Center
- Photo Gallery/YouTube Video Upload
- Quick Link Buttons
- Revize Web Calendar – Unlimited Calendars

CITIZEN'S ENGAGEMENT CENTER APPS:
- Social Media Sharing App
- Citizens Request Center
- Online Bill Pay

STAFF PRODUCTIVITY APPS:
- Image Manager
- Link Checker
- Menu Manager
- Vendor Registration/RFP Management System
- Website Content Archiving

SITE ADMIN & SECURITY APPS:
- Audit Trail
- History Log
- Roles and Permission-based Security Mode
- Secure Site Gateway
- Unique Login/Password for each Content Editor

MOBILE DEVICE AND ACCESSIBILITY FEATURES:
- Alt-Tags
- ADA Accessibility Widget
- ADA Compliant Website According to WCAG 2.1 AA Level
- Responsive Website Design (RWD) for mobile friendly viewing and navigation on smart phones and tablets

Select one of the following Website Designs on the following pages and Revize will create a new custom banner and change the color scheme to reflect your organization’s character. The Revize CMS is already built into it saving you the cost of a custom design and CMS technology development. Turnaround time: approximately 4-6 weeks

Need Help?
Service Level Agreement

Maximum Response Times via Severity Level

- 1 hour for crisis issues
- 4-6 hours for critical issues
- 24 hours for normal issues

Crisis issues are defined as when a website error renders the CMS program or website completely unusable or nearly unusable or introduces a high degree of operational risk and no workaround is available. Till this every error is resolved, the website is essentially halted. A large number of users and or core program functionality a severely impacted.

Critical issues are defined as website errors that are an inconvenience or causes an consistent behavior of the website, which does not impede the normal functioning of the website. It could be an error that occurs consistently and affects non-essential functions and is an inconvenience which impacts a small number of users. May also contain visual errors for the graphical display of the website that is not ideal but still functioning correctly.

Normal issues are defined as an error that has a small degree of significance or is a minor cosmetic issue, or is a one-off case. A one-off case occurs when the error occurs and cannot be reproduced easily. These are errors that do not impact the daily use of the website. A low error is something that does not affect normal use, and can be accepted for a period of time, but user would eventually want changed.

Technical Support Escalation:
If an issue cannot be remedied by the Tech Support technician within 3 days, it will be escalated to the CTO, Ray Akshaya. If the problem is not resolved within 3 business days, then the Business Development Director, Joseph Nagrant, will assemble a team to work on the issue and have a conference call with the client explaining the resolution path the company will take to resolve the issue. If additional time is needed, the Business Development Director will contact the client and notify the client with an explanation and a follow up date as agreed by both the client and Revize.

Revize Support

- 8 a.m. – 8 p.m. EST Phone Support (Monday thru Friday)
- 24X7X365 Portal & Email Support
- Dedicated support staff to provide assistance and answer all questions
- Training refreshers
- Video tutorials and online training manual

ADA Compliance Disclaimer:

Revize designs and develops all websites to be ADA Compliant according to the WC3 Consortium Web Content Accessibility Guideline at the 2.1 AA Level.
Terms:
1. Five-year agreement. Revize will provide a free redesign beginning in year 4 after 3 completed years of service.
2. Payments: All invoices are due according to the due date on forthcoming invoice. Initial payment will be due net 30 business days from contract execution date.
3. Revize requires payments to be made according to the payment schedule listed on page 2.
4. Additional content migration, if requested, is available for $3 per web page or document.
5. Additional bandwidth is available at $360 per year for each additional 50GB per month.
6. This agreement is the only legal document governing this sale & the proper jurisdiction and venue for any legal action or dispute relating to this Agreement shall be the state of Alaska.
7. Both parties must agree in writing to any changes or additions to this Sales Agreement.
8. The CLIENT understands that project completion date is highly dependent on their timely communication with Revize. CLIENT also agrees and understands that;
   a. The primary communication tool for this project and future tech support is the Revize customer portal found at https://support.revize.com.
   b. During the project, the CLIENT will respond to Revize inquiries within 48 hours of the request to avoid any delay in the project timeline.
   c. The CLIENT understands that project timelines will be delayed if they do not respond to Revize inquiries in a timely manner.
9. The CLIENT owns the design, content, and will receive software updates to the CMS for the life of the contract.
10. Unless otherwise agreed, Revize does not migrate irrelevant records, calendar events, news items, bid results, low quality images, or data that can reasonably be considered non-conforming to new website layout.
11. Revize expects to complete phase 7 (training) of this project within 18-24 weeks from the date of the project kickoff meeting. Upon completion of phase 7 it is the CLIENT’s responsibility to decide when to go live with the website. The CLIENT’s decision to delay go-live for any reason, unrelated to a functional defect making the site inoperable, does not constitute breach of contract on the part of Revize. The CLIENT understands that it is incumbent upon the CLIENT to respond to Revize requests in a timely manner. The CLIENT further understands that any timeline delays due to their lack of timely communication do not constitute a breach of contract on the part of Revize.
Enterprise Revize CMS License

As part of this agreement Revize Software Systems, LLC. will provide to the CLIENT a full Enterprise Revize CMS Software license. This software is a proprietary software built and maintained by Revize Software Systems LLC. and is intended to allow for the CLIENT to easily update the content of their website. CLIENT agrees that this license will only be used to maintain the websites included in this agreement. Sharing of the content management system, by the CLIENT, with other entities not identified in this agreement is prohibited.

Revize will maintain, update, and host the Revize CMS during the contract period. In the event that the contract is terminated, for any reason, Revize will provide the latest version of the Revize CMS to the CLIENT provided all payments for the entire length of the contract is fully paid. This system will then have the ability to be hosted and used by the CLIENT as long as they wish. Revize will provide reasonable support in transferring the CMS system to the CLIENT’s decided upon hosting architecture.

Products CLIENT Owns Include:

- Revize CMS License
- Hosted Website
- Source Files
- All Included Revize Web Applications
- Design & Page Content
The Following Applications & Features will be integrated into Your Website:

In addition to the Government Content Management System that enables non-technical staff to easily and quickly create/update content in the new web site, Revize provides a suite of applications and features specifically designed for government. All of those apps and features are fully described in the following section. The applications and features are grouped into five categories:

- Citizen's Communication Center Apps
- Citizen's Engagement Center Apps
- Staff Productivity Apps
- Site Administration and Security Features
- Mobile Device and Accessibility Features

Citizen’s Communication Center Apps

- Home Page Alert & Announcement Center
- E-Notify App (Email & Text Alert Notifications)
- Searchable Document Center
- Searchable How Do I? (FAQs)
- News Center with Facebook/Twitter Integration
- Online Web Forms
- Photo Gallery
- Quick Link Buttons
- Revize Web Calendar
- “Share This” Social Media Flyout App
- Sliding Feature Bar
- Staff Directory
- Interactive Map
- Language Translator

Citizen’s Engagement Center Apps

- Agenda & Minute Management Center
- Citizen Request Center with re-Captcha
- Online Bill Pay
- RSS Feed
Staff Productivity Apps

- Image Manager
- iCal Integration
- Link Checker
- Menu Manager
- Bid Posting Center
- Website Content Archiving
- Website Content Scheduling

Site Administration and Security Features

- Audit Trail
- Drag and Drop Menu Management
- Drag and Drop Picture Management
- Drag and Drop Document Management
- History Log
- URL Redirect Setup
- Roles and Permission-based Security Mode
- Secure Site Gateway
- SSL Security Certificate
- Unique Login/Password for each Content Editor
- Web Statistics and Analytics

Mobile Device and Accessibility Features

- Font Size Adjustment
- Alt-Tags
- ADA Accessibility Widget
- ADA Compliant Website According to WCAG 2.1 AA Level
- Responsive Website Design (RWD) for mobile friendly viewing and navigation on smart phones and tablets
Service Level Agreement

Maximum Response Times via Severity Level

- 1 hour for crisis issues
- 4-6 hours for critical issues
- 24 hours for normal issues

Crisis issues are defined as when a website error renders the CMS program or website completely unusable or nearly unusable or introduces a high degree of operational risk and no workaround is available. Till this every error is resolved, the website is essentially halted. A large number of users and or core program functionality a severely impacted.

Critical issues are defined as website errors that are an inconvenience or causes an consistent behavior of the website, which does not impede the normal functioning of the website. It could be an error that occurs consistently and affects non-essential functions and is an inconvenience which impacts a small number of users. May also contain visual errors for the graphical display of the website that is not ideal but still functioning correctly.

Normal issues are defined as an error that has a small degree of significance or is a minor cosmetic issue, or is a one-off case. A one-off case occurs when the error occurs and cannot be reproduced easily. These are errors that do not impact the daily use of the website. A low error is something that does not affect normal use, and can be accepted for a period of time, but user would eventually want changed.

Technical Support Escalation:
If an issue cannot be remedied by the Tech Support technician within 3 days, it will be escalated to the CTO, Ray Akshaya. If the problem is not resolved within 3 business days, then the Business Development Director, Joseph Nagrant, will assemble a team to work on the issue and have a conference call with the client explaining the resolution path the company will take to resolve the issue. If additional time is needed, the Business Development Director will contact the client and notify the client with an explanation and a follow up date as agreed by both the client and Revize.

Revize Support

- 8 a.m. – 8 p.m. EST Live Phone Support (Monday thru Friday)
- 24X7X365 Portal & Email Support
- Dedicated support staff to provide assistance and answer all questions
- Training refreshers
- Video tutorials and online training manual

Additional Items

- Employee Survey: No associated cost. Recommend a follow-up 3-month post renewal for year over year comparison. Allow time to analyze and implement with next/future renewals.

- Employee Education:
  - On-Going Employee Communication: Developing monthly calendar with benefit highlights to inform employees year-round of available benefits and services.
  - Benefits Committee: Include employee department members (chair) in regular meetings to provide feedback, bring concerns, and impact change for benefits development.

**New Large Claimant as of 3/2022
See separate report for de-identified claim details.
Legislative Updates

- No Surprises Act – 1/1/22
- ACA Reporting – *Managed through Employer Services via Benefits Administration*
- PCORI Fee (through 2029 Plan Years)
  - *See previous Meritain communication; RISQ Employer Services assists with process*
- OTC COVID-19 Tests (*see previous Meritain communication*)
No Surprises Act

- Passed as part of the Consolidated Appropriations Act, 2021 - signed into law 12/27/2020
- Attempts to resolve the issue of “balance billing” or surprise medical bills
- Protections begin for plan years on or after January 1, 2022:
  - Emergency services
  - Non-emergency services delivered by OON providers at in-network (“INN”) facilities
  - OON air ambulance services
- Patient Perspective
  - Changes to ID cards
  - Many delays due to regulations
No Surprises Act

- ACA required plans to reimburse emergency services at a rate at least as much as INN, regardless of network, but does not stop the OON ER from balance billing
- Member has limited control over selection of forum in emergency scenario
- With non-emergency services, INN facilities frequently use non-negotiated third parties to provide certain services to patients
- Health Insurers and Group Health Plans must provide a notice to individuals about their rights under the No Surprises Act
- Model Notice is available
- Model Notice is available and must be posted on the plan’s website and be included on each explanation of benefits for an item or service covered by the NSA
- The plan sponsor has the ultimate responsibility for compliance
Ways to Solve the Challenge of Providing Health Insurance to Employees:

Less Data and Control Over Member Experience, Claims, and Costs

- Pay or Play Penalty
- Minimum Essential Coverage “MEC” Plan
- Individual Coverage Health Reimbursement Arrangement “ICHRA”
- Group Fully-Insured Health Plan

More Data and Control Over Member Experience, Claims, and Costs

Types of Self-Funded Plans

- Level–Funded Health Plan
- Coalition / Association Health Plan
- Captive Arrangement
- Administrative Services Only Arrangement “ASO” Platform
- Third-Party Administration Platform

Additional options that are available with some types of self-funding:

- Reference Based Pricing
- Direct Provider Contracting

NOTE: The following benefits don’t “solve” the group health plan, but can be a part of the solution, and therefore not included in the above:

- Executive Compensation
- Worksite benefits
- Retiree Coverage
- HSA/FSA/HRA
Funding Mechanism for Medical/Rx

- All Premium is Paid to the Insurance Carrier
- Claims Data Limited or Unknown
- Fully Insured Premium
- Maximum Liability

- Surplus
- Claims
- Stop Loss Premiums
- Administrative Costs

- Deficit / Loss
- Claims
- Stop Loss Premiums
- Administrative Costs
Current & Renewal Fee Summary

- **Key Findings**
  - In-Network Discounts improved by 11% over previous period.
  - $4,396 was saved by utilizing Out of Network Savings Programs.

**Plan Spend by In vs. Out of Network**

- **Current Period**
  - INN 85.5%
  - OON

- **Previous Period**
  - INN 88.2%

Provided by RISQ Consulting | Confidential
Cost Containment Measures in Place Maintenance Choice – Allow for Opt-Out
Cost Containment Measures in Place
CVS Caremark True Accumulation Program

- Ensures accuracy of all drug costs applied to a member’s deductible and OOPM
  - Example – A member’s benefit design requires a $100 specialty copay. The member applies a manufacturer copay card, reducing the copay by $95. The member pays the amount required after the card was applied, which is $5. The only amount counted towards the member’s accumulator is the true OOP cost of $5 that the member paid.
  - In many cases, manufacturer copay card programs can reduce the cost of a specialty copay to $0.
# Cost Containment Programs in Place–Livongo – Diabetes Management

<table>
<thead>
<tr>
<th>Who is Eligible?</th>
<th>Enrollment Options</th>
<th>Supported Conditions</th>
<th>Included Devices &amp; Services</th>
</tr>
</thead>
</table>
| Employees, Spouses, & Dependents 13+ on the health plan diagnosed with Diabetes | • Targeted outreach from Claims identification  
• Self-enrollment | • Type 1 Diabetes  
• Type 2 Diabetes | • Glucometer  
• Unlimited Testing Strips  
• Unlimited Lancets  
• Livongo App  
• 24/7 coaching support |

**How is this different than Whole Person?**

- Members cannot enroll in programming for other chronic conditions (hypertension, hyperlipidemia, weight management, or mental health)
- Lower PPPM fee
Cost Containment Programs for Consideration – Livongo – Reporting

- Monthly Scorecards are available when there are 5 or more enrolled members

- Scorecards include:
  - Total members enrolled (broken down by type of diabetes)
  - Total amount of glucose checks, including those in the normal range (80-180mg/dL)
  - Engagement levels related to glucometer, Livongo App, and health coaching
  - Member names and enrollment details can be requested as needed
Cost Containment Programs for Consideration – Livongo – Enrollment & Engagement

After analyzing claims, Livongo will perform targeted outreach to qualifying members.

Members will receive an invitation email or mailer 2-4 weeks after being identified for the program.

Members can self enroll at any time via phone, text, or registering online.

HR marketing resources will be provided prior to program launch.

Customer support is available 24/7.

---

Here’s a sneak peek at what the program has to offer:

- **More Than a Standard Meter**: The Livongo meter is connected and provides real-time tips and automatically uploads your blood glucose readings, making log books a thing of the past.
- **Unlimited Strips at No Cost to You**: Get as many strips and lancets as you need with no hidden costs. When you are about to run out, Livongo ships more supplies, right to your door.
- **Coaching Anytime and Anywhere**: The Livongo coaches are Certified Diabetes Educators who are available anytime via phone, text, and our mobile app to give you guidance on your nutrition and lifestyle questions.

More details and how to register coming soon.
Cost Containment Measures in Place – PrudentRx – Copay Optimization Program for Specialty Rx

MEMORANDUM

May 04, 2022

To: Chief Steve Dutra  
CC: North Pole City Council  
From: Alison Trubacz  
Re: Spring 2022 Tuition Reimbursement

Chief Dutra,

This Memo is regarding tuition reimbursement for classes that I took during the Spring 2022 semester at The University of Alaska Fairbanks. My grades for my classes can be seen below, as well as on the attached transcript from UAF.

Financial Management (BA F325) – A-  
Operations Management (BA F360) – A  
Huntology – The Science, Business, Philosophy of Hunting (BA F394) – B  
Corporate Strategy (BA F462) – B+  
Stats for Business (ECON F227) – B-

All these courses were required for my degree in Business Administration. I also believe I learned some valuable things in each class that will help me in my current position.

In financial management, I learned about how to handle a budget for a business, this will be beneficial to me as I often work with you on the city budget. Operations management taught me the overall flow of how a business should be managed. In corporate strategy, I learned how a business should be ran and operated overall, and stats taught me how to work with statistics of all sizes. This class will be particularly beneficial to me as I work with statistics quite often in my position. In business of hunting, I learned things such as how to create a business plan and budget presentation, how to conduct an analysis of a company’s strengths and weaknesses and many other business aspects that will help me in my current position at NPPD.

This will be my last tuition reimbursement request as I have now graduated college. I want to thank you as well as the City Council Members. Without the money received from the city’s tuition reimbursement program that allowed me to pay for a lot of the tuition the last year and a half, I am not sure I would’ve continued on and finished my degree, so thank you!

Sincerely,

[Signature]

Alison Trubacz

Select Another Term
January 3, 2022

To: Chief Steve Dutra  
From: Alison Trubacz  
Re: Spring 2022 Tuition Reimbursement

The purpose of this memorandum is to officially request tuition reimbursement from the City of North Pole for the core coursework required for my Business Administration bachelor's degree offered at the University of Alaska Fairbanks.

I will be taking the following courses:

BA F325 – Financial Management  
BA F360 – Operations Management  
BA F462 – Corporate Strategy  
BA F394 – Science, Business, and Philosophy of Hunting  
ECON F227 – Introductory Statistics for Economics and Business

I would like to request reimbursement for the tuition, which is $4,170.00.

These courses are all required for me to obtain my Business Administration degree through UAF in the Summer of 2022. I truly believe that with every class I have taken throughout my college career, there is something I have been able to apply to my current position as an Executive Assistant. I do not feel that will be any different with the courses I am taking this semester as they are all Business Administration/Statistics courses.

I have attached information regarding the classes I am taking along with the cost. Please let me know if you have any questions.

Sincerely,

[Signature]

Alison Trubacz
City of North Pole
Tuition Reimbursement Agreement

2.36.231 Tuition reimbursements.

A. An employee who registers for course work to be taken on personal time that is considered to be of benefit to the City may be reimbursed up to one hundred percent of the tuition expense. In order to be considered for reimbursement, the employee must, prior to enrollment, receive department head approval and submit a tuition reimbursement agreement obtained by Human Resources that explains how the course will be of mutual benefit to the City and the employee and that funds are available in the department’s budget. Pre-approval by the City Council is required on all tuition reimbursements.

B. Upon completion of the course, the employee shall submit evidence of successful completion and a brief written summary of the outcome of the course to their respective department head who will verify and issue the reimbursement. A copy of the transcript must be attached to the tuition reimbursement request. The employee shall sign an agreement that the tuition will be returned to the City if the employee leaves City employment within twelve months from date of completion of the course. (Ord. 16-07 § 2, 2016; Ord. 02-01 § 2, 2002; Ord. 00-04 § 2, 2000)

Department: Police
Employee Name: Alison Trubacz
Date of request: 11/30/2020
Course Work Desired: BA F335, BA F360, BA F110, F226, F227, BA F394
Education Institution: University of Alaska Fairbanks
Course Dates: 10/03/2022 - 4/30/2023
Cost of Course work: $4,170.00
Departmental Approval

This course is deemed beneficial to the City of North Pole and the employee and funds are available in the department’s budget.

Department Head Signature: 

Date: 1-6-22

City Council Approval

This agreement was approved by the City Council on the ___ day of __________, __________: (Minutes attached)

City Clerk Attest: ___________________________ Seal

The employee agrees that the tuition will be returned to the city if he/she leaves city employment within twelve months from date of completion of the course.

Upon completion of the course, the employee shall furnish evidence of successful completion and a brief written summary of the outcome of the course to their respective department head who will verify and issue the reimbursement. A copy of the transcript must be attached to the Tuition Reimbursement Request.
