Proper Recycling Matters!

Make sure you CLEAN your recyclables and that you check to make sure the items you are recycling are ACCEPTED. Try and separate different material types from the same product. We have many specialty recycling options such as cardboard separation, single stream, scrap metal, electronics and textiles. For example, if you are recycling a 5 gallon bucket, remove the metal handle. If you have any questions about what is or is not recyclable, or how to recycle something, check our website and our "How Do I Get Rid of...?" tab.

It's the Law!

Recycling is required by law in Otsego County. For more information about the requirements for haulers, businesses, landlords, and residents, visit:

https://www.otsegocounty.com/departments/s-y/solid_waste/local_law_3_of_2021.php
