APPLICATION FOR HISTORIC VARIANCE

FEES: $2,570

1. PURPOSE:
   There may be practical difficulties, unnecessary hardships, and results inconsistent with the general intent and purpose of the Zoning Ordinance if a strictly literal interpretation is made. A Variance may alleviate these conditions only if the decision-making body finds there are exceptional circumstances applicable to the property such that strict application of the zoning provisions deprives the property of privileges enjoyed by other property in the vicinity in the same zone. A Variance shall not grant special privileges inconsistent with the limitations on other properties in the vicinity in the same zone.

   In order to ascertain whether a proposed development is compatible with other existing and permitted developments, the Planning Commission/Harbor Commission must review a complete application. The Commission is wholly dependent on the applicant to provide all information necessary to enable the Commission to reach an informed decision. An application must contain all information, either written or graphic, necessary for the Commission to determine that the proposed project will be consistent with the Redondo Beach General Plan, the Municipal Code, and the policies of the Commission, and will be generally compatible with the surrounding area and free from unacceptable adverse impacts. Conversely, a vague, sketchy, incomplete or non-specific application will make it difficult for the Commission to approve the request.

2. INSTRUCTIONS FOR FILING:

      1) All information in this application shall be typed or legibly printed.
      2) Give full and complete answers to all questions.
