Chapter 6

PUBLIC ART REQUIREMENTS

Sections:

10-6.01 Purpose

The purpose of this chapter is to authorize the establishment of guidelines, procedures and standards for the integration of public art into new, eligible private development projects and public capital improvement projects throughout the City of Redondo Beach.

Public art helps create a more livable and visually stimulating city. The presence of and access to public art enlivens the public areas of buildings and their grounds and makes them more welcoming. It creates a deeper interaction with the places where we live, work and visit. A city rich in art encourages cultural tourism which brings in visitor revenues.

The fostering of public art in the City and the establishment of a Public Art Program was due, in part, to the hard work of the late John Parsons, a former Planning Commissioner, Harbor Commissioner and Council Member who dedicated himself to this purpose.

The visual and aesthetic quality of development projects has a significant impact on property values, the local economy and vitality of the city. Public art illuminates the diversity and history of a community, and points to its aspirations for the future. A wealth of art and culture in the public realm will foster the economic development of the community.

To achieve these goals, public art should be integrated into development projects citywide. For best results, consideration of public art should be integrated into project planning at the earliest possible stage, and the selected artist(s) should become a member of the project's design team early in the design process.

10-6.02 Implementation by the Public Art Commission

The Public Art Commission, as established in Section 2-9.1401 of the Redondo Beach Municipal Code, shall implement the duties established in this Chapter.

2. Pay a public art monetary contribution into the City Public Art Fund equal to one percent (1%) of the building valuation above two hundred fifty thousand dollars (\$250,000). The public art contribution shall be paid by the developer at the time of building permit issuance. Projects that would generate a 1% fee on amounts over \$75,000,000.00 and provide a significant benefit to the public may request that their 1% fee be capped at \$750,000.00 if the developer submits

evidence and documentation with the application to the satisfaction of the City Manager that payment of a 1% fee in excess of \$750,000.00 would be prohibitively expensive for project delivery; or

Such proof shall be accompanied by a performance security, in an amount determined by the Director, to be adequate to secure faithful performance of the commission and installation of the required public art.  - a. The public art shall be designed by an artist.
 - b. The public art shall require a low level of maintenance and the proposed maintenance provisions shall be adequate for the long-term integrity and enjoyment of the work. The owner shall enter into a maintenance agreement with the City to be recorded against the property to ensure that proper maintenance is performed as determined by the Director.
 - c. The public art shall be related in terms of scale, material, form and content to immediate and adjacent buildings and architecture, landscaping or other settings to complement the site and its surroundings and shall be consistent with any corresponding action of the reviewing body with final design review authority for the development project as it may relate to any development entitlements.

The City shall engage an artist for the Eligible Capital Improvement Project at the onset of the development process.

10-6.03 Public art requirement

The requirements of this chapter shall apply to the following activities:

- A. Eligible Private Development Projects as defined above.
- B. Eligible Capital Improvement Projects as defined above.

10-6.04 Public art requirement for eligible private development projects

A. The developer of any eligible private development project subject to the requirements of this chapter shall install public art on the project site in a public place as approved by the reviewing body with the authority to approve the development project pursuant to the process identified in this chapter. The cost of the public art shall be equal at least to one percent (1%) of the building valuation. The creator of public art shall be an artist. Public art shall be displayed in a manner that will enhance its enjoyment by the general public. As an alternative to on-site installation of public art, the developer may:

1. Request that the reviewing body with the authority to approve the private development project consider placement of a developer-funded art piece in a public place nearby which is identified in the public art master plan; or

2. Pay a public art monetary contribution into the City Public Art Fund equal to one percent (1%) of the building valuation above two hundred fifty thousand dollars (\$250,000). The public art contribution shall be paid by the developer at the time of building permit issuance. Projects that would generate a 1% fee on the amounts over \$750,000.00 and provide a significant benefit to the public may request that their 1% fee be capped at \$750,000.00 if the developer submits evidence and documentation with the application to the satisfaction of the City Manager that payment of a 1% fee in excess of \$750,000.00 would be prohibitively expensive for project delivery; or

3. Subject to the approval of the reviewing body with the authority to approve the private development project, install public art on the development project site that has a value lower than the public art contribution amount and make an in-lieu monetary contribution for the balance of the public art contribution.

B. Prior to obtaining a building permit for construction of the private development project, the developer shall demonstrate compliance with the requirements of this chapter in one of the following ways:

1. Payment of the full amount of the public art monetary contribution; or
2. Written proof to the appropriate Director, designee of the Director, or City Manager of a contract to commission or purchase and install the required public art previously approved by the review body with authority to approve the development project on the subject development site. Such proof shall be accompanied by a performance security, in an amount determined by the Director, to be adequate to secure faithful performance of the commission and installation of the required public art. It shall be accompanied by a written acknowledgement by the project artist and the developer, in a form approved by the Director that the proposed public artwork complies with the criteria set forth below:

- a. The public art shall be designed by an artist.
- b. The public art shall require a low level of maintenance and the proposed maintenance provisions shall be adequate for the long-term integrity and enjoyment of the work. The owner shall enter into a maintenance agreement with the City to be recorded against the property to ensure that proper maintenance is performed as determined by the Director.
- c. The public art shall be related in terms of scale, material, form and content to immediate and adjacent buildings and architecture, landscaping or other settings to complement the site and its surroundings and shall be consistent with any corresponding action of the reviewing body with final design review authority for the development project as it may relate to any development entitlements.
- d. Public art shall be permanently affixed to the property.
- e. The public art shall be maintained by the owner or his or her successor in interest in a manner acceptable to the City.
- f. The public art shall meet all applicable building code requirements.

C. The developer shall provide the City with proof of installation of the required public art on the development site prior to the issuance of a certificate of occupancy unless the developer has entered into an agreement and submitted a performance security consistent with subsection B2.

D. Title to all public art required by and installed pursuant to this chapter on private property shall be vested in the owner and pass to the successive owners of the development project. Each successive owner shall be responsible for the custody, protection and maintenance of such works of art. Public art installed on public property is owned by the City of Redondo Beach and maintenance, removal or protection is the responsibility of the City.

E. If, for any reason, the current owner or successor in interest shall choose to replace any public art installed pursuant to this chapter, the following requirements shall be met before the art is replaced:

1. The replacement public art must be reviewed and approved by the reviewing body with the authority to approve private the development project.
2. The cost of the replacement art shall be equal to, or greater than, the initial cost of the existing public art to be removed.
3. The location of the replacement public art shall meet the requirement for public visibility in effect at the time of the replacement.
4. The replacement public art shall conform, in every respect, to all standards in effect at the time of the replacement.
5. The replacement public art, location and installation shall violate no other ordinance.
6. The replacement public art shall be installed within 180 days of the removal of the existing public art piece, unless the period is extended by the Director.

10-6.05 Process for approval of the installation of a public art piece

The developer shall submit a narrative proposal and artistic rendering of the proposed public art in satisfaction of the requirements imposed by Section 10-6.04, in conjunction with the submittal of an eligible private development project to the Planning Department. The developer may also indicate an intention to pay an in-lieu public art monetary contribution into the City Public Art Fund. The proposal for the public art shall be considered as an element of the design review permit review by the reviewing body with authority for the approval of the private development project.

10-6.06 Public art requirement for eligible capital improvement projects

As part of the City's annual budget process, the City Manager or a designee of the City Manager shall create a report identifying all capital improvement projects that could incorporate public art and which satisfy the following criteria:

1. Designation as an eligible capital improvement project would not result in detriment to the project.
2. The capital improvement project is a permanent public improvement project with a building valuation in excess of two hundred fifty thousand dollars (\$250,000).
3. The resulting public art would be publicly accessible on the capital improvement project site.
4. Eligible capital improvement projects would include the construction of public facilities such as a library, civic center, public safety facility, green/park space, recreational facility or transportation project. Ineligible capital projects include, but are not limited to, underground

public works projects, street and/or sidewalk repair, tree planting, drainage and sewer projects, roof repairs, utility facilities, non-municipal government construction and emergency operations facilities and equipment.

If a project is determined to be an Eligible Capital Improvement Project, an amount equivalent to one percent (1%) of the building valuation of the project shall be allocated from the Eligible Capital Improvement Project funding towards public art as part of the Project. The City shall engage an artist for the Eligible Capital Improvement Project at the onset of the development process.

10-6.07 Administrative policies and program guidelines

The City Manager is authorized to establish and maintain written administrative policies as program guidelines, which shall implement the requirements of this chapter. A copy of the program guidelines shall be maintained in the office of the City Clerk. The program guidelines shall be approved by the City Manager, based on the recommendation of the Community Development Director, and subject to the review and approval as to form by the City Attorney. The program guidelines may include, but are not limited to, the following elements: consistency with General Plan Design policies and Specific Plan Design policies, consistency with applicable Design Guidelines adopted by the City Council, standards for eligible public art works, media and materials in public art, standards for placement and site selection of public art, standards for placement of public art on both public and private development sites, role and procedures of the Public Art Commission, art selection process, art selection standards and criteria, maintenance and conservation of public art works, staffing and administration of the public arts program, public art collection review and removal, and catalog and inventory procedures for the collection of art installed under this chapter.

- (2) By mailing a written notice thereof, not less than ten (10) days prior to the date of such hearing to the applicant, the owner of the subject property and to the owners of properties within 300 feet of the exterior boundary of the subject property or properties; such notices shall be sent by first class mail, with postage prepaid, using the addresses from the last adopted tax roll, if available; and
- (3) By posting such notice in at least one prominent place on or about each parcel which is the subject of the proposed action, or upon utility poles or sticks along or about the street line of such parcel. In the event more than one parcel is the subject of such hearing, and such parcels comprise 200 or more feet of street frontage, at least one such notice shall be

posted on or about the street line at intervals of not less than 200 feet, starting at either end of the subject properties where the property line intersects the street line.

10-6.09 City Public Art Master Plan

The City Council shall adopt a public art master plan to govern the acquisition, placement and installation of public art owned by the City using the City Public Art Fund. Prior to the adoption of the Public Art Master Plan, any use of the public art fund shall be subject to a determination by the City Council that the proposed use of revenue is for the acquisition, placement or installation of public art consistent with the purpose of this chapter.

10-6.10 City Public Art Fund

All fees collected under this chapter shall be held in a special fund known as the "City Public Art Fund," maintained, managed and reviewed by the City Treasurer. These funds shall be used solely for purpose of furthering the goals of the City's Public Art Program. The City shall use any unexpended public art monetary contributions for the advancement of the Public Art Master Plan and the ongoing maintenance and repair of all current and future public art in the City.

The City shall maintain a five percent (5%) set aside of the Public Art Fund for the maintenance, repair and potential removal or relocation of all current and future public art in the City. The five percent (5%) maintenance allocation shall be funded by all fees collected for the City Public Art Fund (10-6.04 and 10-6.06).

The City shall routinely solicit alternative public art funding sources, including but not limited to, public art grants, donations and sponsorships.

10-6.11 Fee adjustment

A developer subject to the requirements set forth in this chapter may apply to the City Council for a reduction or adjustment to the fees or waiver of the fees based upon the absence of any reasonable relationship or nexus between the impact of the new development and either the amount of the fees charged or the type of facility to be financed or the portion of the facility attributable to the new development. If appealing fees owed upon issuance of a building permit, the developer shall pay all required fees under protest and concurrently file a written application for a waiver or reduction as an appeal to City Council. Appeals filed under this section shall comply with the requirements set forth in Section 10-1.906 and shall be conducted in accordance with the procedures set forth in that chapter, except that all appeals shall be considered by the City Council. The decision of the Council shall be final.

10-6.12 Authority for additional mitigation

Fees collected pursuant to this chapter do not replace existing development fees, except as the Council may specifically provide, or other charges or limit requirements or conditions to provide additional mitigation of impacts imposed upon development projects as part of normal development review process.

10-6.13 Annual review

The City Public Art Fund authorized by this chapter and the accumulated fee funds and their appropriation and supporting documents, shall be reviewed as part of the budget process.

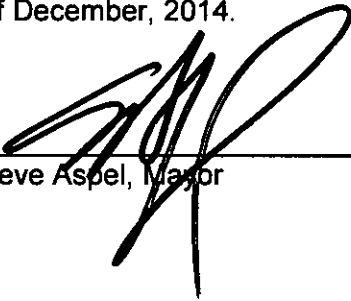

SECTION 2. INCONSISTENT PROVISIONS. Any provisions of the Redondo Beach Municipal Code, or appendices thereto, or any other ordinances of the City inconsistent herewith, to the extent of such inconsistencies and no further, are hereby repealed.

SECTION 3. SEVERENCE. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of the ordinance. The City Council hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid or unconstitutional.

SECTION 4. PUBLICATION AND EFFECTIVE DATE. This ordinance shall be published by one insertion in the official newspaper of the City, and the same shall go into effect and be in full force and operation from and after thirty (30) days after its final passage and adoption.
