

Richland Parks

December 2023

End-of-year

The bathrooms and water at the park and the square were shut down for the season. Any items remaining at the park that are freezable have been moved to the Township Hall basement. Everything went well and normal for shut down procedures with Turf Works.

Square Holiday Decorations

Holiday decorations at the township square were put up throughout mid to late November as the weather permitted. The lights were officially turned on Dec 1st. We have received several positive comments including the tree lighting at the Wassailing event. A special thanks to the Rotary for donating the lights and for the ceremonial tree.
