QUESTIONS FROM THE BOARD MEMBERS

1. John Peet Questions on interest in starting process to build new shelter in a different location, what would it take, and adding more staff to the department.

Answer: City Council has already given permission to start the process of researching the new shelter in the existing location, John Peet was advised to contact Animal Services Dept Head for more details about the process as J. Wheeland did not want to give him incorrect information.

2. Joseph Stout Question on any trends that are affecting the numbers of animals at the shelter. J. Wheeland advised due to the current economy, more people are relinquishing animals due to not being able to afford to care for them, people moving into other living situations that do not allow pets. Increase in population and growth of the city
